Want an Investigation.

Winnipeg, Aug. 24.—Relatives of the victims of the disaster in which the steamer Premier was burned at Warren's Landing on Lake Winnipeg, and eight of the passengers and crew lost their lives, have sent a memorial to the Minister of Marine and Fisheries demanding a searching investigation and setting forth the charge that there was negligence and lack of discipline among the crew.

A Million Feet Destroyed.

Bancroft, Aug. 24.—David Beal's saw and planing mill, with over a million feet of lumber, was burned Friday. It is supposed there is no insurance. James Hamell's dwelling was burned, but the contents were saved. The loss may reach $25,000.

FIVE CHINAMEN ARE ARRESTED

Said They Could Guarantee Protection Against Raids on Gambling Dens.

Toronto, Aug. 24.—Representing that they had a "stand-in" with the police and could guarantee protection against raids on gambling dens, five Chinamen are accused of systematically "gulling" money to the extent of $1,000 out of certain Chinese shopkeepers.

All five were arrested in various parts of the city yesterday.

The majority of them figured heroically in the Chinese gambling case of last winter, when they furnished the police with information against several places. It was on the strength of this that they have held their brother Celestials up for $5, $10 or $15 a week—whatever they demanded—as a fee to keep the police off and allow the gambling to go on undisturbed.

Made Fatal Error.

New York, Aug. 24.—Daniel Clearly, 60 years old, a dealer in campaign buttons, committed suicide yesterday by hanging himself to the bed post in his room.

He had laid in a large stock of buttons for the coming campaign, but had picked the wrong candidates. All his buttons had pictures of Roosevelt and Johnson.

Clearly had been talking of suicide for several days. He was a friend of "Bim the button man" who died last year.

Suffragettes Released.

London, Aug. 24.—Two unrepentant but attractive criminals came out of Holloway jail Saturday morning into the midst of a crowd of 500 persons who cheered them vociferously.

They were the Misses New and Leigh, who a short time ago broke Prime Minister Asquith's windows with stones.

Veterans Warned.

Ottawa, Aug. 24.—The veterans of the Ottawa Valley, who have received land grants in the Northwest, have been advised by the Imperial and Colonial Service Association with headquarters at Calgary to beware of speculators and not to part with their land.

BOB ROGERS MAY BE CANDIDATE

Manitoba Minister May Contest Winnipeg for Dominion House.

Winnipeg, Aug. 24.—The Conservatives of Manitoba have now practically completed their organization for the Dominion election, and in each of the ten constituencies will have candidates in the field who will put forth every effort to win.

In Winnipeg, Brandon and Dauphin the standard-bearers have not been named, but it is believed that Hon. Robert Rogers will be induced to stand in Winnipeg, while Hon. T. Mayne Daly, formerly Minister of the Interior, will enter the lists against Clifford Sifton in Brandon.

Glen Campbell, the member for Gilbert Plains in the Provincial Legislature, will contest Dauphin against his brother-in-law, Mr. Burrows.

In Portage, Arthur Meghen, a young lawyer, has undertaken to recover for the Conservatives the seat now held by Crawford.

Another heralded as a sure winner is A. C. Lariviere in Provencher.

Dr. Roche, in Marquette; Dr. Schaffner, in Souris, and W. D. Staples, in Macdonald, will contest their present seats, while W. H. Serape, who contests Lisgar, now held by Hon. Thomas Greenway, and Thomas Bradbury, the party nominee in Selkirk hopes to win.

Strathcona's Hope.

London, Aug. 24.—(C. A. P.)—Lord Strathcona stated he is unable to go so far as Hamar Greenwood, but he hopes to see within a quadrennium a service to New Zealand accelerated by six or eight days.

More Indictments Returned.

Springfield, Ill., Aug. 24.—Twenty more indictments, making fifty all told, in connection with the recent race riots were returned by the special grand jury of Sangamon County late Saturday.

Death From Lockjaw.

Chatham, Aug. 24.—Belle the eight-year-old daughter of Dan Ewing, concession 14, Chatham Township, is dead, from lockjaw. Some days ago she injured her foot.

A SENSATIONAL ROUND-UP TAKES PLACE AT OWEN SOUND

Three Hotelkeepers Sentenced to Four Months in Jail—Local Option Town is Excited Over Decision of Magistrate Creasor.

Owen Sound, Aug. 24.—As the result of a round-up by four detectives of the License Department three of the hotelkeepers of this place have been sentenced to four months' imprisonment each, while a number of others have been heavily fined.

In all there were seventeen charges, the alleged offences having taken place in nine hotels. For three days Magistrate Creasor has been hearing evidence in connection with these cases, and his task is not yet done, as four trials have still to take place. The men sentenced to prison were Andrew Fogarty, Albion Hotel; Joshua Warrilow, Royal Hotel, and William Leach, City Hotel. They had each been previously convicted and the magistrate was powerless to do anything but sentence them to imprisonment without the option of a fine.

Considerable excitement amongst the liquor element in the town has been created by the round-up. The other guilty parties had to pay fines ranging from $60 to $100. The police are searching for one man who neglected to pay his fine before leaving town.

Messrs. Fogarty, Leach and Warrilow are three of the best known hotelmen in this section of the province.

The hotelkeepers have succeeded in avoiding conviction time and again, but the amendment to the act passed some months ago made this more difficult. The coup has been successful this time, though it is understood the usual appeals will be taken.

A HORRIBLE CRIME OF 2 N. Y. THUGS

Highwaymen Hurled Woman in Front of Trolley Car and Life Was Crushed Out of Her

Special to the Review

New York, August 24—Two highwaymen bent on robbing a well dressed woman at 91st and Amsterdam avenue, at 12.15 today, became so infuriated when she screamed and tried to fight that they dragged her from the sidewalk and hurled her in the path of a trolley car. As the car crushed the life out of her they escaped.

Sultan Overthrown.

Paris, Aug. 24.—The Government advices received Saturday night confirm the report from Tangier that the forces of Abd-el-Aziz, the recognized Sultan of Morocco, have been defeated by Mulai Hafid, the usurping sultan.

Wants War Office Test.

London, Aug. 24.—Sir Charles Ross is endeavoring to induce the War Office to test the comparative merits of the Ross and Enfield rifles.

Embargo May Go.

Montreal, Aug. 24.—The Scottish agricultural commission, comprising 25 leading land owners of Scotland, who are making a tour of Canada, arrived here Saturday.

Mr. Henderson, secretary of the commission, said the embargo on Canadian cattle in the British market has cost Canada $30,000,000, and that upon the report of the commission largely depends the removal of the embargo.

Engineers on New York Central and New York New Haven and Hartford May go Out

Special to the Review

New York, August 24— Engineers of the New York Central and New York, New Haven and Hartford railway lines are today threatening to strike because of a proposal to submit to a big wage cut and grand Chief Stone and assistant Chief Hurley, of their union are on their way here to attempt to prevent trouble.

They Drew Color Line.

Montreal, Aug. 24.—The promotion of a colored operator named Medley was the cause Saturday of a number of C. P. R. telegraph operators quitting work.

Medley has been 20 years in the employ of the C. P. R. Telegraph Co., and being a good operator and next in line for promotion, was made assistant traffic chief.

Saturday afternoon some American operators showed their protest by failing to come back to work.

Tried Carrie Nation Gamt.

Hamilton, Aug. 24.—Mrs. Dora Chose was arrested Saturday evening, on the charge of wilful damage. She is accused of doing a Carrie Nation stunt in the Genesee Hotel, North James street. She went into the hotel bar in search of her husband, and it is alleged threw a glass at him. He dodged and the tumbler broke a fine mirror. She was locked up and kept in the cells until last evening, when she was released on bail.

W. S. Calvert, MP. has again been nominated for West Middlesex.

Fire did considerable damage at Snow Road village 63 miles north of Kingston and only aid from Kingston prevented a more serious conflagration.

WILL NOT TAKE ANY ACTION TO SETTLE THE C.P.R. STRIKE

Interview With Hon. G. P. Graham Gives This Impression Strikers' Statement Says Company is Trying to Get Men to go Back.

Toronto, Aug. 24.—The Dominion Government will maintain an attitude of aloofness with regard to the C. P. R. strike situation. At least this is the inference to be drawn from the remarks of Hon. G. P. Graham, who arrived in Toronto from Orillia Saturday, and left for the east Sunday night.

As to whether any closer connection than through the conciliation board is probable, Mr. Graham said he was not aware of any intention on the Government's part to attempt mediation.

Montreal, Aug. 24.—"The stories sent out by the company about getting men to run the shops are not borne out. There is no suggestion, either, of classifying the men offering, anyone willing to hire are being considered first-class," said Bell Hardy of the Federated Trades, in a statement given out yesterday.

"One man, arrested and convicted two years ago of stealing looking-glasses from the company, has been sent for and put to work. Men's homes are still visited, although the ultimatum went forth a week ago discharging all men out on strike, and every kind of inducement is offered them to return.

"One man was offered Saturday reinstatement without prejudice, and seniority and pension rights restored, and full pay for the time he has been on strike."

A peculiar feature of the strike is announced to the effect that a good number of the strikers who have purchased building lots from real estate firms, are not able to make their monthly payments, and are threatened with the loss of the land.

Winnipeg, Aug. 24.—"The strike situation is practically unchanged, the company apparently being determined to fight to a finish, although unable to make schedule time with passenger trains, in many cases losing one or two hours on 50-mile runs," said J. H. McVety last night.

"The peaceful policy of the strikers is causing the strike-breakers to become arrogant and insulting, and strikers have turned several over to the city police for attempting to use firearms."

BEFRIENDED STEVENSON

Old Restaurant Keeper Who Helped Author Dying at Monterey

Monterey, Cal., Aug. 24.—Jules Simoneau, an old French restaurant keeper, who befriended Robert Louis Stevenson on his first visit to California, is dying as the result of a fall which injured his back. He is over 80 years old.

Recently one of Stevenson's letters to him was printed and sold by a local publisher to furnish aid for the old man, who had fallen on ill days.

Simoneau found Stevenson ill in a strange hotel at Monterey, had him taken to his own house and nursed him back to health. Stevenson never forgot this kindness, for which Simoneau refused pay, and a copy of every book that he wrote was sent to Simoneau with a note from the author. These books Simoneau has always refused to sell.

No Trick, Says Thaw.

Poughkeepsie, N. Y., Aug. 24.—Harry K. Thaw Saturday night gave out a statement in which he denied a rumor that he had an ulterior motive in instituting bankruptcy proceedings. Thaw says that heavy claims, some of which he believes were gross over-charges, forced him to protect himself and his legitimate creditors by making an application in bankruptcy. The bankruptcy proceeding, he declares, was no subtle scheme of his lawyers.

Soo Lumber For Chicago.

Sault Ste. Marie, Aug. 24.—The veneer mill is expected to start up on or before Sept. 15, and a night shift was started Saturday night at the sawmill. The company has recently made a sale of 7,000,000 feet of lumber to Chicago and Cleveland firms, and boats are busy loading at the lumber docks.

Shah Still Under Dog.

St. Petersburg, Aug. 24.—Further despatches received here Saturday from Persia reiterate the previous report that Ain-ed-dowleh, who was sent to Tabriz to restore the authority of the Shah, has been unsuccessful. Several messages received in St. Petersburg says that Ain-ed-dowleh is a prisoner.

Granite Cutters Strike.

St. George, N.B., Aug. 24.—The Granite Cutters' Union and O'Brien & Baldwin, proprietors of the large granite works here, reached a settlement Saturday.. Some concessions were made by both sides. The men have gained the eight-hour day, two pay days a month, and an increase over the old bill of prices. The firm have an abundance of orders, and all cutters now in town will be put to work.

Chesley Elopers Detained.

Owen Sound, Aug. 24.—A young couple from Chesley decided to make a runaway match on account of the opposition of the girl's parents, and took the Grand Trunk train for Owen Sound. The young man was Jos. Tracy, a butcher, and the young lady Miss Minnie Schumacher, daughter of the proprietor of the Commercial Hotel.

Curtains Fired by Match.

Brockville, Aug. 24.—William McKay, an aged resident, was severely injured Saturday morning, his whole right side being burned.

While lighting his pipe the breeze carried the window curtains against the flame, and the fire communicated from the curtains to his clothing.

Dr. Norton Ill.

Toronto, Aug. 24.—Rev. Dr. Norton, superintendent of Baptist Home Missions, who spent a few weeks recently at Lake of Bays, accompanied by Mrs. Norton, has had to relinquish his duties for the present through serious illness.

Foreigners Fight.

Hamilton, Aug. 24.—There was another stabbing and shooting affray among foreigners last night about 10.30. The victim according to the way the police have it is Squilo Feize, and he is an Italian.

WHAT ARE WORKS OF NECESSITY?

G.T.R. Asks Commission to Decide the Question.

Ottawa, Aug. 24.—What constitute "Works of Necessity" under the Lord's Day Act is an important question which the Railway Commission has been asked to decide. The Grand Trunk Railway makes the application.

The act restricts very considerably the operation of local and excursion trains on Sunday, and is calculated to minimize operations generally on that day, but works of necessity are permitted. What these are the commission is now asked to determine.

The application refers in the main to the handling of trains and cars in railway yards on Sunday. A number of other applications with this one will be considered by the board on Sept. 1. The Pere Marquette Railway seeks permission to run its International Car Ferry from Port Stanley on Sundays.

THIS MONSTER GET DESERTS

Chatham Negro Given Prison and Lashes for Enslaving Girl.

Chatham, Aug. 24.—Pete Harris, colored, was sentenced to five years in Kingston penitentiary with 20 lashes within one month of commencing of sentence, and 20 more within one month of expiry of sentence.

The case concerned a 13-year-old girl. Harris went to Detroit some time ago, where the girl was living with her grandmother, and representing himself to be her father and with promise of securing her a place as domestic here induced her to cross the line with him.

Then he kept her with him by threats in the vicinity of Charing Cross, living a shameful and nomadic life, sleeping in barns and straw stacks. Finally the girl escaped. Harris pleaded guilty.

Killed by Train.

Montreal, Aug. 24.—David Parent, while walking along the G. T. R. tracks at Lachine yesterday afternoon, was struck by a train and instantly killed.

His wife, who was with him, was slightly injured.

Medals of Two Patterns.

Ottawa, Aug. 24.—The revised statutes governing the imperial service order have been promulgated.

The principal change is that the imperial badge and service medal are to be of different pattern for men and women.

Arrested For Fraud.

Berlin, Aug. 24.—T. J. Pishion, who has been in Berlin for about a week or ten days, was arrested Saturday in Detroit on a charge of issuing two alleged worthless checks in Berlin.

It is alleged that he secured $100 from the Dominion Bank on one occasion, and $125 on the following day from the Dominion Bank.

Collision Near Woodstock.

Innerkip, Aug. 24.—A rear-end collision between two freights occurred on the C. P. R. about half-way between here and Woodstock about 6 o'clock Saturday morning.

It is learned that the van of one of the trains was telescoped, but that the train crew escaped serious injury.

Croker a Dublin Freeman.

Dublin, Aug. 24.—The freedom of the City of Dublin is to be conferred upon Richard Croker, former Boss of Tammany Hall, New York.

Among previous recipients of the honor were Isaac Butt, Wm. E. Gladstone, Ulysses S. Grant, Charles Stewart Parnell and John Dillon.

Discovered by Reporter.

Detroit, Aug. 24.—E. C. Harding of Cincinnati, wanted for embezzlement, was located here by a newspaper reporter. He declared that he was willing to return to Cincinnati. Last week he was in Toronto.

THE EXAMINER AND THE G. T. P.

In a column article of Saturday our junior contemporary waves right into us respecting our G.T.P. essay competition, the subject of which is "How the G.T.P. will affect farm values in Ontario." The Examiner presumes at once and quite rightly, that Ontario farm values will be affected adversely, although there is not event a hint of it in the subject as stated. Then our contemporary sarcastically remarks that "the Review evidently thinks Canada is flat." It is pretty flat just now, isn't it? For a government and a journal that have had twelve years to boost in the result has been about as flat as last year's soda water. However, let us proceed. The Examiner finds fault with the 800-word limit to the essay. Any child, let alone a man who can't squelch the Winnipeg to Moncton part of the G.T.P. in 300 words should put up his pencil and withdraw. We are being blandly told that we will have a third transcontinental railway, the C.N.R. in a short time. It is to cost us nothing. Why, then, were $200,000,000 made a present of to the G.T.P. directorate. Explain that. But the closing paragraph of that journal's attack betrays it's true feelings:—

> "The Review may know its own business but it strikes the casual observer that $10 spent in the Colchester style might yield more effective political results."—Examiner.

No doubt it strikes the Examiner so. It has struck it so for many a long year. It is the Colchester style that it knows best, and therefore approves. Thanks! We do not care for it. Colchester is reported to have been debauched by Tories. Then we disown it and deplore it. Has the like ever been done in a similar case by the Examiner? Not by the proverbial jugful. To do so would bring it to mourning. Its advice to adopt the Colchester methods, no doubt is sincere, but whilst that style suits the Examiner it does not suit us. Regarding the C.P.R., we acknowledge at once that Ontario lands went down nearly fifty per cent. in value when it was built. The C.P.R. cost the eastern farmer what he paid for it in cash and what he lost off the value of his farm as well. It had to be built, because it was part of the pact of Federation with British Columbia. As a speculation for the Ontario farmer it was nearly as bad as putting Sir Wilfrid Laurier in power. The guileless defence put up by the Examiner when the charge was made is rich—much richer than the Ontario farmer will be after the G.T.P. is built. The race for the west reminds us of the little boy who held a pie in one hand and reached out for more with the other. It is true that the prize is only ten dollars. But then real literature is never fully recompensed, and by the time this competition is finished the Examiner will think it dear at any price. The distinction of winning the competition is in itself a very great reward much more than the ten dollars. A well-thought-out essay of practical value will attract the attention of a wide range of grateful people. The competition is wholly under the control of Mr. Dawson Kennedy, who will alone judge the essays. The best essay, whether for or against, will get the prize. There need be no fear of that. And we beg leave to thank our contemporary for advertising it. We would also remind our contemporary that ten dollars is a mighty sight more than the farmers here will ever get out of the G.T.P. That enterprise was conceived in the spirit of intoxication and extravagance. Like Cooke immigration, it was intended to make the rich still richer. Like the immigration scheme from first to last it was intended to fill the coffers of those who thrive on cheap labour, and for the enrichment of the great horde of middlemen and timber-stealers.

FORGETTING THINGS

Halifax, Aug. 20.—The lifting of the lid in the trial for bribery of A.R. Bayne, "the Yankee mining man," who seems to have been the chief operator in the "purity" election of John Stanfield, M.P., for Colchester, today continued to furnish startling revelations of corruption practices on behalf of the Opposition candidate in the famous by-election on last November. Witness after witness testified in the distribution with a lavish hand of rum and money by Bayne. The sensational feature of the case is that all the witnesses of the prosecution assembled and the distribution of liquor and money took place there. They were treated to drinks and in some cases asked to "forget some things."—Hamilton Times (Liberal.)

Where did the expression about forgetting things come from? Wherever it came from one thing is certain. Such means of carrying on an election must be put a stop to no matter which side it is on. We have had too much of that sort of thing right here in Peterborough. This city is actually famous for political crookedness. No matter where one goes in his little travels round about, it is continually thrown in his face—"Oh! you come from Peterborough. That's a dandy place for boodle."

Can it be that we know about these things and are yet not trying to stop them? To what extent are the churches themselves under these influences? All the same there is a force yet remaining to be reckoned with and when it wakes up, look out. The seed of western land scandals is sown in places like Peterborough. What a man sows that shall he also reap. He sows money and expects a crop of the same. What else is he handling it for? Fun! Charity! Hardly.

A SIGN OF THE TIMES

Frederick Villeneuve of Montreal, advocate is the Liberal protectionist candidate in Maisonneuve, Montreal. A Liberal protectionist! The rebellion has begun. It began some time ago. But it has begun, nevertheless. A muddled mixture of protection, preference, free trade and what not, as Sir Wilfrid's policy is has resulted in the balance of trade's being against Canada to the tune of several hundred millions. Of course that must stop and as soon as possible. We can't have cash capital in the country and out of it too. Without cash, capital, since our system of payment depends upon it, we are stranded. Until we have "saved" up enough more to go on we cannot go on. To tell us to "save" is absurd. Saving is not promoting trade or for that matter business of any sort. With us in Canada money is made out of a business by first putting it in like priming a pump. Saving everything is refusing to prime the pump. But where was the water all gone to anyhow? Ask Yorkshire, Germany, United States, etc. Don't stop to argue. Just look squarely at the facts. Until our industries are protected they will be subject to ruin by those industries abroad which employ cheaper labour. Do you want this? If not come out and vote against it. Sir Wilfrid's whole policy has been a dismal failure. There was never such an expenditure of our resources as at present and yet we starve in the midst of plenty because the capitalist—financier "wants it all." The money-lender, the holder of cash always prospers. Sir Wilfrid's policy is for the benefit of the already rich. The facts prove it.

PRETTY SLICK

The serious errors in the Chinese Immigration Act, noted in yesterday's issue are likely to prove fatal blunders on the part of the Dominion Government which has before caused so much trouble in its inexperience in treaty-making. It appears that under this act as promulgated all students under 17 years of age are exempt from the head tax of $500. Parliament understood that students in the universities only should be exempt. By the law as it is a Chinese lad who goes to any school is admitted to the country free. Hence we may look for a deluge of young Chinamen who will earn admission by a period of school attendance.

It will be remembered that this was the cause of the anti-Japanese demonstration in San Francisco not long since. The local school authorities attempted to draw the line, but under the federal law the young Japs were found entitled to an educational course, as the alternative of the head tax.

The Canadian Parliament in dealing with this question of Chinese immigration was lead to believe that the Government intended to admit those under 17 as students only in the higher colleges. The act as promulgated in the official gazette makes no limitation on this head, consequently all Chinese children under the age of 17 years are free to come to Canada as students in general. A merchant and his wife are exempt from taxation and all their minor children are exempt if they attend a common school.

In the opinion of the London Free Press in discussing the question it is an interesting question whether this departure from the understanding of Parliament was deliberate or done in error. This question concerns the whole subject of Asiatic immigration.

By this act the Chinese nation is put on practically the same footing as the Japanese under the treaty made two years ago by Sir Wilfrid Laurier. The terms of that treaty give every citizen of Japan free entry into Canada without distinction. The immediate consequence was the arrival of laborers by shiploads. Many of them are skilled workmen. They are applying to be taken on as strike breakers. The effect will be to paralyze the efforts of union men to maintain the present standard of living.

Under protest of dealers in merchandise the Chinese are by this law passed at last session granted the same liberty. They may come as merchants with their families, and escape the head tax on condition that the children are sent to some school.

What is a merchant? He is a dealer in any kind of merchandise, from garden truck upwards. In a few years then, Canada may find itself in the position that Natal is in with the Hindoos. The Hindoo has invaded every trade and calling in that colony. He is there in such numbers and so active in everything of business that the Caucasian or native is all but excluded.

Was this the intention of Parliament in passing the act of last session? Was it the purpose of the Laurier Government to open the door as freely to the Chinese nation as to the Japanese under the treaty? If so, we shall soon have the Asiatic more acute than heretofore. It will be impossible in a few years for any Canadian to say that this is the white man's country.

MR. FINLAY AND MR. STRATTON

We have received a letter from Mr. Finlay, M.P., (not for publication) making a strong protest against the treatment being meted out to him by Mr. Stratton. Whether true or not we do not know, but it is reported that a statement of some sort emanated from Mr. Stratton to the effect that Sir Wilfrid Laurier wanted Mr. Finlay to step aside for Mr. Stratton in the coming contest. Mr. Finlay characterizes this as absolutely untrue and we must say it looks improbable. Mr. Finlay states, that the hope was expressed at Ottawa that he himself would return again as the Liberal M.P., for East Peterborough. He denies positively that there is the slightest particle of truth in the report. Mr. Finlay begins to be just a little bit harshly treated by Mr. Stratton, who, it seems, does not send him notices of the various meetings now being held throughout this riding by Mr. Stratton, for the purpose of "organization." Mr. Finlay offers to retire if an open public meeting of Liberals says so. He is very fair in that respect. He does not wish to force himself upon his party. But he declines to go before a packed convention. Naturally he resents the interference of outsiders. This running of the riding by an outsider at his own sweet will Mr. Finlay resents. He is not to be imposed upon in that respect. This we believe is the "state of affairs" amongst our friends in the east. Whether it be Mr. Finlay or another, the riding seems to be at the mercy of a band of men within it, who want a spender and one who knows how to provide tit-bits either here or in the west for his political "friends." It will be a "carnival of corruption." Will the East Riding's breast heave with pride when it is represented by Mr. Stratton? We pause for a reply. Moreover governments do not turn against supporters who have been faithful under trying circumstances. It may be put down as settled that Sir Wilfrid Laurier is not undermining either Mr. Hall or Mr. Finlay. Such interference would be both ungrateful and unprecedented. However, we must not intrude our opinions in this matter as we are really opening our columns to the Liberal party of the east riding, which can, we think, better serve its own interests by open letters to the columns of the Review, which if so desired, we will allow to pass without comment. We have no desire to take unfair advantage of anybody at any time.

YOUNG MOTHERS

A mother who is in good physical condition transmits to her child the blessing of a good constitution; sickly, ailing mothers, the reverse. The tiny babe brings to her a living responsibility. At such a time too great care cannot be taken to build up the mother's general constitution, and restore her feminine system to a healthy, normal condition. The greatest assistance that any woman can have in accomplishing this all-important work is

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Mrs. M. Gilmer, of West Union, S. C., writes to Mrs. Pinkham, Lynn, Mass.

"I was greatly run down in health, suffering from a weakness peculiar to my sex. I began to take Lydia E. Pinkham's Vegetable Compound, and I was not only restored to health but am the proud mother of a fine baby girl. I wish every sick and ailing woman would give Lydia E. Pinkham's Vegetable Compound a trial."

Mrs. Paul Oliver, of St. Martinville, La., writes to Mrs. Pinkham: "For years I suffered from the worst form of female troubles, and the doctor said I could not get well without an operation. Lydia E. Pinkham's Vegetable Compound restored me to perfect health, and I have the sweetest little baby girl. I will never cease to praise Lydia E. Pinkham's medicine."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with the worst forms. Why don't you try it?

JAPANESE DOCTORS.

New Ways to Pay Old Debts in Far Japan.

A Japanese doctor, it seems, never even dreams of asking any patient, but a poor one especially, for a fee, however legitimately the money may have been deserved, for this proverb is the motto of all Japanese physicians:

"When the twin enemies, poverty and disease, invade a home, then he who takes aught from that home, even though it be given him, is a robber."

"Often," says Dr. Matsumoto, "a doctor will not only give his time and his medicine freely to the sufferer, but he will also give him money to tide him over his dire necessity. Every physician has his own dispensary, and there are very few chemists' shops in the empire. When a rich man calls in a physician he does not expect to be presented with a bill for medical services. In fact, no such thing as a doctor's bill is known in Japan, although nearly all the other modern appliances are in vogue there. The doctor never asks for his fee. The strict honesty of the people makes this unnecessary. When he has finished with a patient a present is made to him of whatever sum the patient or his friends may deem to be just compensation. The doctor is supposed to smile, take his fee, bow and thank his patron."

Fad For Perfumed Silken Roses.

Queen Victoria of Spain is credited with having set this rose fashion, as she has adopted the rose for her favorite flower, and the popular scent is therefore the delicious attar of roses.

There are hundreds of girls in Paris now making up silken roses, which will afterward be perfumed and worn by the woman of fashion.

One kind of rose almost approaches silver in tone and is made of sheeny pale pink satin stuffed in its heart with a soft sachet powder.

Wreaths of white roses are worn by the debutante, consisting of a dozen little button roses wired together and made of chiffon or silk. These are only scented by lying in a box in which a sachet has been placed.

The scented pink rose is pinned at the side of the throat. It should nestle in a bed of silver tulle or of silver chiffon and is sprinkled with real attar on its petals.

A SURPRISED SWORDSMAN.

Judge Goffe's Play With a Bragging Fencing Master.

A fencing master appeared in Boston one winter in the seventeenth century and had erected a stage on which he strutted up and down at certain hours, defying any and all to engage in sword play with him.

After this had gone on for several days and the man's boasts had become insufferable Judge William Goffe and Edward Whalley, the famous English political refugees, disguised themselves in rustic costume and appeared before the alleged master. Goffe held in one hand a cheese wrapped in a napkin, which he used for a shield, and carried a mop which he had soaked in muddy water as he passed a puddle.

Thus equipped, the judge mounted the stage. The fencer railed at him for his impudence, asked him what business he had there and ordered him to begone. The judge stood his ground. Then the gladiator made a pass at him with his sword to drive him off. The judge received the sword in his cheese and held it there till he had drawn the mop over the professor's face and smeared him with mud. Another plunge by the enraged maitre d'armes resulted similarly, this time the judge poking the mop into his eyes. This operation was repeated a third time.

Then the maddened fencing master dropped his ordinary sword and grabbed up a huge broadsword. Thereupon the judge said:

"Stop, sir! Hitherto, you see, I have only played with you and not attempted to do you harm, but if you come at me now with the broadsword know that I will certainly take your life!"

The master was impressed by the firmness with which the judge spoke, for he dropped the point of his weapon and exclaimed: "Who can you be? You must be either Goffe, Whalley or the devil, for there was no other man in England that could beat me!"

HE GOT THE TICKET.

A Simple Little Errand That Made a Lot of Commotion.

One of the most amusing accidents imaginable happened to an old gentleman in one of our large eastern cities. He was asked to buy a ticket to a fireman's ball and good naturedly complied. The next question was what to do with it. He had two servants, either of whom would be glad to use it, but he did not wish to show favoritism.

Then it occurred to him that he might buy another ticket and give both his servants a pleasure. Not knowing where the tickets were sold, he inquired of a policeman, and the officer suggested that he go to the engine house. So the old gentleman went to the engine house that evening, but there was no one in sight. He had never been in such a place before and stood for a moment or so uncertain how to make his presence known.

Presently he saw an electric button on the side of the room, and he put his thumb on it.

The effect was electrical in every sense of the word. Through the ceiling, down the stairs and from every other direction firemen came running and falling, the horses rushed out of their stalls, and, in short, all the machinery of a modern engine house was instantly in motion.

Amid all this uproar stood the innocent old gentleman, who did not suspect that he had touched the fire alarm until the men clamored around him for information as to the locality of the fire.

Then he said mildly, "I should like to buy another ticket for the ball, if you please."

The situation was so ludicrous that there was a general shout of laughter, and the old gentleman bought his ticket, and the engine house resumed its former state of quiet.—Exchange.

Smells In Great Cities.

The man with a nose always recognizes the smell of the place, and he has only to land at Calais to smell garlic. London's smell—when the Londoner returns—is just soot and fried fish. Paris always smells of chocolate and wood smoke. Florence is violets and sewage. But so soon as you get to Russia the smell is quite different. Moscow, the city of fruit that comes from the Crimea, has a special smell of the cranberry (which has various names) in late summer. And you cannot land in St. Petersburg without noticing instantly the smell of the place.—London Chronicle.

Pyramids.

The largest of the Mexican pyramids, that of Cholula, has a base measurement of 1,423 feet and a height of 173 feet. The Great pyramid of Egypt, sometimes called the pyramid of Cheops, stands on a base each side of which was originally 764 feet long; but, owing to the removal of the coating, it is now only 746 feet. Its height, according to Wilkenson, was originally 480 feet 9 inches, its present height being 460 feet.

Feminine Intuition.

Hattie—I'm positive George loves me and wants me to be his wife. Ella—Has he told you so? Hattie—No, but he has taken such a strong dislike to mamma.

The Uselessness of Worry.

Sympathy is loving understanding, and the expression of it helps a lot. Worry is sympathy run to seed—and that doesn't help in the least.—London Sketch.

It's mighty hard for a girl to get sentimental with a man who has just lost his job.—Atlanta Journal.

Two thugs entered the home of Mrs. Israel Cardinal at Montreal and while one held her the other stole $100 and some silverware.

THE NEW STENOGRAPHER.

She Showed a Sample of Her Work on the Typewriter.

Mr. Spotz was running his hands through his hair shampoo wise because his stenographress had suddenly left.

"Ten dozen letters to get out today and no chauffeur lady to run the typewriter! What shall I do?" he exclaimed.

Just then a young miss, with calcimined hair, in a fluffy-ruff-house costume, entered the office.

"Need a key puncher?" was her inquiry.

Mr. Spotz bade her have a chair. Upon investigation he learned that she has escaped from Taffy's big school, where she had learned to talk stenography ($7.50 puts you through).

The young lady was lined up in front of the typewriter, and Mr. Spotz began to dictate. She did not take down what he said in shorthand, for he doubted if she could transcribe her own hieroglyphics. In dictating he made an effort to assist her in punctuation. When the letter was finished it read as follows:

Mr. B. A. Goodthing,
Hotel Dubb, City:

Dear Sir — Looking over our leadger comma I notice that in your account don't abbreviate their is an outstanding system of $14.34 in figures comma witch I thrust you will remit by return male parenthesis as we wish to clothes out all old outstanding accounts period new paragraph.

Her Best Wishes.

"Well, I must go now, auntie. Do take good care of yourself. I am so uneasy about that cold of yours!"

"It's nothing, Claribel. I'll be over it in a day or two."

"If it should grow any worse you'll let me know, won't you?"

"Nonsense, child! If I write to you it will only make you more uneasy. If you don't get any letters from me you will understand that I'm well again. How will that do? In case you don't hear from me I'm all right."

"Yes; that will be better. And, oh, auntie, I shall be so anxious not to hear from you!"—Chicago Tribune.

TEN DOLLARS FOR FERNIE B. C.

Collection at St. James Church Last Evening

The collection last evening at St. James' church was donated to the relief of the Fernie fire sufferers. The congregation was a large one and as a result, Rev. Mr. Manning is able to send ten dollars to Dr. Briggs, who is treasurer of the relief fund. The Methodist minister at Fernie lost everything. His church and house were completely destroyed.

WALLS OF THE NEW R. C. CHURCH

Have Been Completed --- Work Progressing Rapidly

The walls of the new Roman Catholic church, known as the church of the Sacred Heart, at Romaine and Aylmer streets, are now up. Work on the new building is rapidly progressing and when it is completed it will no doubt be the finest in the city. It is expected that it will be ready for occupation by Christmas or the beginning of the New Year. It will be an exceedingly large church and will seat several hundred people.

It is built of brown stone, brought here from the Dummer quarry near Clear Lake. Mr. Richard Sheehy has the contract for the building and when finished it will be a very handsome edifice.

STRATHCONA A FINE TOWN

Mr. Jas. O'Connor Home on a Visit From Alberta

Mr. James O'Connor is home on a visit to his mother after a year's absence in Strathcona, Alta. Mr. O'Connor conducted a livery business in the western town, but disposed of it to come back to Peterborough. Strathcona is a town of about four thousand inhabitants and, according to Mr. O'Connor, is a very fine place. Situated as it is across the river from Edmonton it is in easy access to one of the finest cities in Western Canada. It is a thriving town, steadily growing and business is brisk.

The land around Strathcona is admirably suited for farming. When Mr. O'Connor left the farmers in the southern part of Alberta and Saskatchewan had finished cutting the grain but in the northern part and in Manitoba he said that they had just nicely got started.

Mr. O'Connor expects to return to the West in a couple of months.

A PERIODICAL OF REAL WORTH

Busy Man's Magazine--Oversight on Part of Review

The Busy Man's Magazine has become a very bright and useful publication and each issue contains many articles of an interesting and useful character. In the issue of the Review of a week ago Saturday there appeared a lengthy and well written account of philanthropic endeavor in Canada. The article told of the splendid work in the interests of agriculture that had been accomplished by Sir William Macdonald, one of the most generous benefactors the Dominion has known. It was written by Mr. C. D. Cliffe, an able editorial writer of the "Busy Man's" staff. In reprinting the matter the Review neglected to give credit to the journal from which it was taken and offers its apologies to the "Busy Man's Magazine" for its oversight.

THE WM. HAMILTON COMPANY BUSINESS

It is reported that the Williams Co., representatives of Toronto, are in the city with a view to closing out the Wm. Hamilton Co. foundry deal. This unfortunate concern came to grief at a time when the financial market was distinctly bad. Despite the most varied efforts and no little sacrifice of local men, it seems probable that the outcome will be the removal of the machinery from this city to Toronto. It is possible as hinted in these columns before that other measures to revive the business may be instituted, but it is hardly possible unless it be revived, merely as a repairing foundry or something of that sort. An up-to-date foundry, we are informed, would demand a million dollars of new expenditure.

DEATH OF CAPT. THOS. DONNELLY

Well Known Marine Expert of Kingston Succumbs to Cancer of the Stomach

Special to the Review

Kingston, Ont., August 24.—Capt. Thomas Donnelly, widely known as a marine expert, died of cancer of the stomach this morning after a very distressing illness. The disease developed as the result of an injury three months ago when Capt. Donnelly fell upon a stone.

Capt. Donnelly was 52 years old and was born on Garden Island. He had been Inspector of Hulls, examiner of Masters and Mates, Inspector of Lloyds, and Bureau Veritas, and head of the Donnelly Salvage and Wrecking Company.

The funeral will take place tomorrow afternoon at 2.30 o'clock to the Little Lake cemetery.

GRAHAM PLAYING THE CANAL CARD

He Promises a Speedy Construction of the Trent Waterway

Orillia, Ont, August 23— The Hon. Geo. P. Graham, Minister of Railways and Canals, with an official party, including Mr. M. J. Butler, the Deputy Minister, Mr. Grant, the chief engineer of the canal, Mr. J. H. McClennan, of Peterborough and others, visited Orillia yesterday, completing an inspection of the Trent Valley Canal, from Hastings to this place.

On their arrival on the Government steamer they were entertained to luncheon at Orchard Point Inn by the Board of Trade. In the course of his brief address, Mr. Graham promised that the canal would be pushed to completion with as little delay as possible.

PERSONAL

Miss Edna B. Lee, Albert street, is leaving in the morning for Barrie, where she intends to take a course at the Royal Victoria Hospital.

Messrs. Curtis, Kendry, Wilson, Parnell, McMillan, Weatherstone, and Belleghem, of the Strathcona ball club, spent the week end at Bobcaygeon.

Miss Mary Sawers, Lady Superintendent of the Orthopedic Hospital, Toronto, is in the city on a short visit to her parents, Mr. and Mrs. A. Sawers, Brock street. Miss Sawers has sent in her resignation to the hospital board and her wedding at the first of the year to Dr. Brown.

Ven. Archdeacon Casey and Rev. Father Collins have returned from Peterborough, where they were in retreat with others of the diocesan clergy. Mr. G. Thurston and Mr. Wm. Handidge, of Peterborough, left for Thurstonia Park this morning. Mr. John Powers, of Fenelon Falls, passed through town last evening to resume his employment at Peterborough, after an absence of three months through illness. Mr. Robt Bell, of Peterborough, has accepted a position as miller in Mr. John Maunder's mill.—Lindsay Free Press.

While attempting to carry a pot of tar, Mrs. James Mann, three miles from Havelock, had her hair burned off.

DESKS ARE NOW ALL IN POSITION

The desks have all be placed in the new Collegiate Institute which will be already for occupation on September the first. The desks are of the most modern style. They were placed in position by Mr. D. Belleghem. The complete work of placing them was done in one week.

CHATTEN WAS ALLOWED TO GO

Richard Chatten who was arrested here on Friday and taken to Campbellford on a serious charge, appeared before the magistrate of that town on Saturday. He pleaded not guilty and the evidence was not sufficient to make a conviction and Chatten returned to the city on Saturday evening.

PIPERS RESENTED THE PAN BEATER

Were Playing Some Scottish Airs Down the River Yesterday---A Tin Pan Specialty

Yesterday afternoon some enthusiastic bagpipers were "blowing" some shrill airs of the land of cakes on their pipes at their camp near Crawford's Grove, when a young man who lived in a nearby farmhouse made up his mind to impress them with the superior sweetness of Canadian music.

After the pipers had ceased for a short time, after playing some Highland selections, the young man in question paddled out into the river opposite the camp and beat discordantly on a tin pan. The Scotchman became very wrath at the boisterous opposition offered to their music.

TRIED TO DRIVE OVER RAILING

Young Man Had Narrow Escape on Brock St. the Other Evening

On Friday evening a young man driving along Brock street, in company with a lady had a narrow escape from meeting with a serious accident. The driver was considerably under the influence of liquor and insisted upon driving his horse right into the deep open street which has been torn up in building the new bridge at Brock and Aylmer streets. A board railing has been built around the opening and at night a red light warns people of the danger. However, the young man tried to make his horse jump the railing and had it not been for the timely action of some bowlers who were playing on the green, and could see the man beating the horse, the occupants of the buggy and the horse would have met a horrible accident.

BAD RUNAWAY IN OTONABEE

Mr. David Crowley Had Buggy Badly Smashed Yesterday

A fine buggy was badly smashed as a result of a bad runaway in Otonabee yesterday afternoon. Mr David Crowley was driving in the direction of Keene when the accident occurred. The horse became frightened and started to run. He did not get far before the buggy was thrown into the ditch and the occupants of it were left lying on the side of the road while the horse ran on, pulling the buggy along on its side. When the animal was stopped, it was found that the buggy was damaged beyond repair.

Extraordinary Dress Goods Specials

IN a Dress Goods Department as popular as ours, broken lines and short pieces will necessarily accumulate. Then, too, in a range of fabrics so complete there must be some backward sellers. Therefore, periodical "clean-ups" are necessary in this department. To-day's news—rich with the savor of savings—features one of these semi-occasional "clean-ups."

We've gone through the Dress Goods Stock with a fine-tooth comb, so to speak, and have collected together all the pieces to which we wish to bid a brief farewell. These will now be marshalled out to the tune of very little prices.

This is your chance to secure good-quality, perfectly desirable fabrics for very much less than they are worth, and the earlier you get here to-morrow the bigger bargains you can secure.

ASHBURNHAM MAN WAS HELD UP ON C.P.R. BRIDGE

F. Smith who resides on Concession street, on the south side of the C.P.R. track, was the victim of a hold-up while returning from the city a few nights ago. He was crossing the C.P.R. bridge about midnight. At the east end he was accosted by three men. Two of them held him while the third one went through his pockets. Mr. Smith informed them that he would give them all the valuables he had on him although they did not amount to much. He handed them over one dollar and twenty cents and was then allowed to proceed on his way.

Mr. Smith of the opinion the fellows were tramps who live around Burnham's Point. As he came across the bridge he noticed them coming across the field.

THE VISION OF BEAUTIFUL ROSES CRUELLY SHATTERED

A couple of Chicago young ladies are visiting a local young lady on Elm street and incidentally doing a little heart breaking on the side. This morning a beautiful box, elaborately appointed and tied up with cute baby ribbon appeared at the door accompanied by an innocent little youth of eleven summers.

Fifteen cents was the tariff demanded by the wise kiddie and the two damsels with visions of nothing less than a couple dozen roses occupying their suspicious minds, beat it to the upper flat to secure the requisite coin from their chateleines. The juvenile was duly reimbursed for his share in the awful transaction, the gorgeous box immediately opened and neatly packed therein was found a bunch of the loveliest cabbage leaves lying on a perfect background of cucumber and tomato vine. It is estimated that Peterborough flora has dropped about nine hundred per cent in the west end since the event. One of the young ladies was dreadfully put out by the affair. The other was heard to utter philosophically. "Oh, shoot, and the door was slammed.

THE ELECTRIC DREAM REALIZED HYDRO POWER FOR ONTARIO

The contract for the erection of the first series of transmission lines for the hydro-electric power system to cover Western Ontario was signed on Thursday evening of last week, between the successful tenderer, F. H. McGuigan and Hon. Adam Beck, the Minister of Power for Ontario.

The realization of this power policy, which has been the subject of Mr. Beck's labours for the past five years, marks a new era in electrical development as nothing of anything like comparative magnitude has ever been thought of before. The power line will be 293 miles in length. The power will first be carried to Dundas near Hamilton where will be situated the power switching station. From there it will be carried in one great one-circuit line from Dundas straight to Guelph and from Guelph to Stratford, embracing in its path the towns of Galt, Preston, and Hespeler, Berlin, Waterloo, Baden, and New Hamburg. From Stratford it will run to London through St. Mary's and will return from London to Dundas straight through Woodstock and Brantford and including Ingersoll and other towns on the route. A power line will also be extended from Dundas straight to Toronto and another from London to St. Thomas.

AT GREATLY REDUCED COST.

Owing to closer competition and to the reduction in the prices of much of the construction material, the original estimated cost of this transmission line has been reduced about $500 000. These lines will cover Western Ontario alone.

CONSTRUCTION MATERIAL.

The wire to be used will be aluminum, and about [illegible] tons will be needed. There will be required 2,176 steel towers, and their height will be 66 feet. They will consume 6 554 tons of steel, costing about $621,000

ALL OF CANADIAN MANUFACTURE.

The towers will be manufactured by the Canadian Bridge Company, of Walkerville Ont., and the Ontario Iron and Steel Co., of Welland, Ont., and the aluminum wire will be made by the Northern Aluminum Company, at Shawinigan Falls P.Q.

CHEAPER POWER.

As a result of the low price at which the contract has been let Mr. Beck has announced that should Hamilton, through litigation, or Brantford from any other reason be unable to sign the contract at the present time it would not in any way increase the liabilities of the other municipalities. The fact also, that the Commission has been able to so much decrease the cost of construction makes for so much cheaper power, especially should the cost of installing transformers be equal lower in cost.

F. H. McGUIGAN, THE CONTRACTOR.

The contractor, who was successful in landing the great contract, F. H. McGuigan, is a native of Cleveland, Ohio, of Scottish parentage, who was born in 1850. He worked side by side with Andrew Carnegie when the two were workmen for the Pennsylvania Company. His father got into contracting, and, among other things, built the Grand Trunk from Hamilton to Port Credit. From that time, McGuigan has worked his way up in the railroad and contracting line.

REV. RIDDIFORD UPHOLDS THE OLYMPIC ATHLETES

Rev. W. C. Riddiford, the new pastor of the Park street Baptist church does not agree with those preachers who give their unqualified condemnation of Olympic games. "Some preachers make it their duty," he said, "to decry the athletes who went to the Olympic games. I just take the opposite view of it."

Mr. Riddiford said he believed God had intended us to make our bodies strong. He wanted us to keep up our physical strength. He said he intended to take physical exercise himself to keep up his bodily strength.

"Of course I don't intend to play on the Peterborough rugby team or anything like that, except in a pinch,' he added lightly.

But the man who only cultivated the physical and mental without the spiritual was lopsided.

FRITZ MOHL AND GOTCH IN A SPECTACULAR MATCH

There is no man in the wrestling game who has more solid friends amongst the members of the grappling profession than has the big German giant, Fritz Mohl, who is due here to-morrow to finish his preparation for his match with Yankee Rogers at the Brock street rink on Friday evening next.

He came over to this country just four years ago, with the late world's champion, George Hackenschmidt, acting as wrestling partner, and since then has practically beaten every man in this country at his own particular style, Greco-Roman.

Of course he cannot find this class of men on the American continent wrestling the older style as on the other side, and so Mohl has devoted the last three years to the catch-as-can style and when ever possible uses his great weight and strength to help him put in his Greco-Roman holds. Mohl has a splendid record in this country and looks with pride upon his match with Frank Gotch in Watertown, N.Y., last May. Mr. Christ Graham had offered Fritz a match in Peterborough, but he could not come owing to his bout with Gotch. Mohl got the big Iowan very angry during the struggle by picking him up and throwing him bodily into the spectators. This he did with a well-known Greco-Roman trick. Immediately Gotch sat down during a period in which the big German was behind the champion, Mohl seized him around the waist and falling quickly back, forced Frank to fly through space to the delight of the crowd.

Mohl went 27 minutes and 19 minutes with the champion.

There can be no question that the sporting public here are going to see a real match between men with reputations second to none.

Mohl held the German championship for the four years previous to visiting America with Hack.

EFFUSIVE ITALY GIVES WARM WELCOME TO HER DORANDO

Milan, Aug. 22.—Dorando has had his surfeit of popularity. He says he yearns to return to the comparative peace of his native Capri. Though he will continue to take an interest in sporting life he declares his own active career is ended. "No more Marathons for me," he exclaimed resolutely while beneath his window at the Hotel Nazionale Turin, a vast throng surged with uncontrollable enthusiasm.

Dorando speaks in the highest terms of England and the English and the English people. He indignantly refused to be influenced by a section of the Italian press which has lately lavished scathing criticisms on the Olympic judges.

"No, it's altogether out of the question my cherishing the slightest rancour against the English," retorted Dorando. "They recognised me unanimously as the moral victor. The judges themselves were absolutely impartial in their decision. One thing my countrymen should know. It is a gross traditional fiction among us that the English people are undemonstrative. They lose their heads in the outflow of their hearts' emotions every whit as much as we fiery Latins."

Asked about the English girls Dorando threw up his hands and made gestures with his eyes in adoring admiration. "Ah, the darlings! They are lovely. Scores of them wanted me. I had such tempting offers but before accepting I should have to obtain the consent of the girl I left behind at Carpi."

The popular hero has been feted throughout Turin. Wherever he goes the passage is strewn with frehs flowers.

ONLY LACROSSE FOR OLYMPIC

Central Olympic Committee Won't Send Football, Hockey or Skating Team to Englis Games

Montreal, Auf. 22.—The Central Olympic committee has definitely decided not to send any athletes other than the lacrosse team over to the winter series of the English Olympic games.

Of late there has been an agitation in the west in favor of sending a soccer football team, and if possible a Rugby squad. Two well-known Canadian skaters were also anxious to take in a trip to the Old Country at the expense of the Olympic Committee, but they will not be sent.

The Olympic funds have been holding out well, but there has been a constant heavy drain upon them, and now that the labors of the energetic committee will soon be brought to a close, the members have been carefully guarding their appropriations. The committee has something like twenty thousand dollars in the first place, including the Government grant of $15,000. The preliminary and final trials in Canada were big disappointments as far as revenue was concerned, and the cost of sending the athletic team, the oarsmen, trapshooters, tennis and golf representatives to London was far greater than many would estimate. Now the committee has something like $3,000 on hand. The lacrosse team will need every cent of this, and it has been laid aside for the exclusive use of Ald. Foran's aggregation. It will cost over $3,000 to send the lacrosse team over, but the amateurs expect to make money on their exhibition games in Toronto, Montreal, Quebec, Cornwall, and Ottawa.

There is absolutely no possibility of a football, hockey or skating team going.

WHERE BOXERS GET BEATEN

Bob Fitzsimmons, fighter and actor, is under a doctor's care as a result of a fight with a stage manager out west, says a writer in a New York paper. Why is it that professional pugilists usually come out second best when they face the ordinary citizen in street or bar room or any other place?

Charley Mitchell, as brave a man as ever stepped into a ring, encountered the master of ceremonies in a restaurant in Cleveland once and was beaten all around the place. John L. Sullivan astonished Boston by running down one of the principal streets with a ferocious barber in hot pursuit.

Abe Attell has had several street fights, and he and Norman Selby, who fought under the name of Kid McCoy, are the only fighters who always win impromptu battles. McCoy had a run-in with three tall young college men near Seventh avenue and Forty-second street, New York, some time ago. The students did not know who he was and all three rushed at him at once. The kid stretched two of them before you could count three and then turned his attention to the third, a heavy-weight, who had a big cane with which he struck at McCoy. The fighter dodged and smashed the college man with great fury in the mouth. That ended the fight and McCoy went into the Metropole to remove the evidences of the strife. When he began to wash his hands he discovered two front teeth sticking in the knuckles of his right hand. They had come from the mouth of the man who owned the cane.

A bartender who serves drinks in a Bottle Row saloon in Main street, near the old Central police station, in Kansas City, and who bore the martial name of Hogan, was a monomaniac on the the subject of whipping prize fighters. He hated the professional pugilist and never overlooked an opportunity to "take a crack," as he expressed it, at one of the fraternity. If a fighter ever came into the saloon Hogan always whipped him before he got out, and if he heard of a pugilist going round the streets he'd take a day off, hunt him up and assault him. He met Paddy Ryan one near the Junction, and it took the combined efforts of two policemen to protect Paddy. When William Muldoon and John L. Sullivan were showing themselves in "classic poses" in a Kansas City theatre Hogan arose in the first gallery and offered to back himself to "lick Sullivan rough and tumble."

YANKEE ROGERS
Who is regarded as second only to Frank Gotch, the champion of the World—Wrestles here with Mohl on August 28th.

CROUGH AND FITZGERALD ARE MATCHED FOR PRELIMINARY

The curtain raiser to the Mohl-Rogers bout at Brock street rink on August 28th will be a bout between Jack Crough of Peterborough, and Ned Fitzpatrick of Rochester, formerly of this city. The go between the two boys should provide an unusually interesting preliminary. Since he has been away from Peterborough Fitz has done considerable at the catch as catch can game and is said to have developed into a wrestler of ability.

He will have a hard man to handle in Crough who has improved greatly since he wrestled in the Canadian championship bouts at Toronto a year or two ago and is now regarded as the best welterweight in this part of the province. He is very strong and has a good knowledge of the game. In Fitzpatrick he is stacking up against an unknown quantity, and the match between the two is creating quite a lot of talk.

It will be at catch weights, best two out of three, catch as catch can, for a purse of $25.

WILL DEFEND HALL TROPHY

Quakers Prepared to Accept Challenges From Peterboro' County Teams—Games at Fair

The Quaker football team is ready to defend the R. R. Hall trophy, against any teams of the county, the games to be played during the fall fair.

Challenges should be sent to the Secretary of the Quakers, Mr. Ray Jest, care of the Best Stove Co.

The Quakers have held the cup for the last two years and if they win this year it will be theirs permanently.

MAT HAS BEEN LAID FOR BIG BOUT ON 28th

The mat for the wrestling bout between Mohl and Rogers at the Brock street rink has been laid in the elevated ring. It is sawdust filled twenty feet square, has a top covering of duck. In the opinion of Mr. Naylor, Roger's manager, it is the fastest mat he has seen and the big fellows will be able to battle at their best on it. Anyone desiring to use the mat may work out on it.

THE RING

Jack Johnson will likely have several ring engagements on the other side before he returns to this country. Among the American scrappers who have expressed a willingness to meet the black terror in England are Mike Schreck and Marvin Hart. Each of these fighters believes that he can lower the colors of the formidable negro man and is not at all afraid of tackling the terror as is Tommy Burns, in the opinion of many ring observers. Hart, in fact, has a victory over Johnson to his credit. The former Louisville plumber and the dusky champion met in San Francisco, March 28, 1905, and Marvin received the referee's decision at the end of the 20-round go. Hart has not been seen in the ring in some time and it is well nigh impossible to get a line on his condition. Johnson has improved since he met Hart before, while the latter, to all appearance, has retrograded. A few years ago Hart was picked as the coming champion of the world. When he whipped Jack Root at Reno in 1905, Jim Jeffries, who refereed the bout, announced his retirement from the ring and gave the championship to Hart, then considered the best of the heavies outside of the unbeatable Jeff. Hart, however, lost to Tommy Burns at Los Angeles, February 23, 1906. Some time later he was defeated by Mike Schreck at Tonopah.

Johnson now claims the world's championship because of Burns' refusal to meet him and stands ready to defend the title against all comers.

Sydney, Australia, August 24—Tommy Burns, heavyweight champion, to-night, defeated Bill Squires, ex-champion of Australia, in the 13th round, this being his third win over Squires.

Before the fight Squires asserted he stood a very good chance of winning, the training conditions being to his liking.

An enormous crowd of sailors and others saw the bout.

By the terms of the engagement, Burns secured $10,000, win or lose, plus $2500 for training purposes; and Squires $4350.

For his fight with Lang, present champion of Australia, at Melbourne, Burns will receive $5000, win or lose.

KERR BREAKS ANOTHER ONE

Got Record for 220 Yards on Saturday---Longboat Turns Tables on Sellen

Hamilton, Aug. 22.—The largest crowd which ever witnessed an athletic meet in Hamilton was at the Jockey Club on Saturday afternoon to enjoy the programme of sports which Miss Jeanette Lewis had arranged. The proceeds of this most successful meet will go to the credit of the fund of the Sick Children's Hospital. In spite of many handicaps and unbelievable opposition, this energetic young woman carried her programme out to the letter, and kept faith with the public in every way. She was rewarded by finding that the public generally is behind her in her philanthropic efforts. The most celebrated athletes of the country were present, the list including, among others, Bobby Kerr, Tom Longboat, Percy Sellen, Billy Woods, the first Canadian to finish in the London Marathon, Jockey Martin, Geo. Goulding, Canadian walking champion, and Jack Caffery. Kerr, with a strong wind at his back, ran the 220-yards in 21 flat, establishing a record. In the five-mile race, Tom Longboat turned the tables on Percy Sellen, who beat him at the Toronto Police games.

EDMUNDS IN FAST COMPANY

Pocket Hercules Will Take on Work as Champion Featherweight Pugilist

Artie Edmunds the wrestler boxer of Toronto, who has appeared before Peterborough audiences is going to make a sudden jump for big honors. He intends to take on the world's featherweight champion now and will go six rounds with the winner of the bout between Abe Attell, the present holder of the title and Owen Moran, of England.

"I have just agreed to meet the winner of the Abe Attell —Owen Moran fight in a six-round go in New York before the National Sporting Club at 122 pounds," said Edmunds. "Harry Smith of New York came up to Meaford to sign me up. He leaves for New York today to complete arrangements. I will train at Meaford. And say, just by the way you can say for me that I think Jameson of Hamilton has his nerve to mix me in with his challengers to wrestlers. What did he ever win in an amateur line that entitles him to meet me. However if he has anybody who will put up a hundred dollar purse, I will wrestle him, winner to take all at any time and at any place."

TELLS OF SONG PUBLISHING AND THEATRICAL SITUATION

Representative of Publishing House of Jos. W. Stern and Company on Visit to Peterborough—No Big Song Hits Being Issued—Better Season for Musical Shows Looked for.

Mr. George Hermiker, of the publishing house of Jos. W. Stern and Company, New York, is in the city today and paid a call on a member of the Review staff whom he knew by the latter having corresponded with the firm he represents. Mr. Hermiker has been on business in Toronto and passed through Peterborough on his way to Montreal.

Mr. Hermiker in discussing the song publishing situation says the past year has been and exceptionally poor one for the big song houses of New York.

"There have been only a few hits issued," he said "by the publishers and those have by no means been popular streams like some that have gone forth in other seasons. I don't know what's the matter. The lyric writers are not at all prolific and the composers seemed to have lost their ability to compose melodies that make the public whistle. Any anyway, the places of amusement have not been given as large a patronage as they usually are, owing to the hard times and the new compositions have not been heard by so many people as in years when the theatres had large audiences."

"What do you think of the coming season from the standpoint of musical comedy" Mr. Hermiker was asked

"Some good musical productions are being rehearsed now," he said, "and should have a good metropolitan run and a successful season on the road also, but one can never tell how a musical show will take. I have seen productions for which the best people have been secured and on which the producers have lavished thousands on the scenic in vesture, prove a flat failure while other pieces that look nearly so good when being rehearsed have enjoyed long runs to crowded houses. One of the most uncertain businesses in the world is the show business."

"I think it should be much better this year than last year though," he said. Things are picking up across the border now and we should have a good winter. The song publishers are hoping that some writers will get out something that will be a popular take this year, for last season was not a good one for them financially."

The representative of the Stein firm on being asked was there much money in song writing, replied, "Well I should say so. The quickest returns on earth. To the writers of a really big continental hit, the money simply rolls in. We have composers and writers supplying us who have made fortunes up in the thousands in four or five years. Why, often one song alone brings the writer the earnings of a giant of finance. It is a great business, but while many make a brilliant success of it there are thousands whose works never becomes known to any extent."

A TUTTI FRUTTI JAR.

Different Kinds of Fruits Are Added as They Ripen.

A most delicious preserve is tutti frutti jar. It is easily put up. All that is necessary is to have a gallon or larger jar, if one wishes, clean and dry. Put into it a quart of best French brandy or fine alcohol and a pound of sugar. Pick and look over carefully a quart of large berries, discarding all that are soft or imperfect. They should not be washed unless gritty and must then be placed in a colander and held under running water a moment, drained and allowed to dry.

To the berries add two sliced lemons, two oranges, first washing and wiping dry, but not peeling. Remove the seeds and slice rather thin.

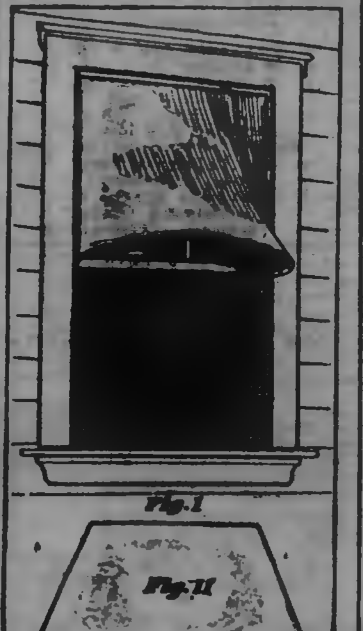
As other small fruits ripen add a cupful or a pint, with a cup of sugar each time. The lemons need two cups. Keep the jar covered and when peaches come pare, stone and slice a dozen; also plums, cherries, crab apples, currants. Almost every known fruit may be added except bananas, which are too soft, and only pears that are firm and good. No more alcohol will be needed, only sugar according to the acidity of the fruit added.

As the fruit goes in the strength of the spirits is so diffused that none of the fruit gets too much, and by next winter one has a jar of delicious, rich sweetmeat to serve with ices as well as with meats that are good with spiced sauce.

WINDOW AWNINGS.

A Homemade Invention to Keep Out Summer Heat.

A simple way to make awnings for windows to keep out the heat of summer is shown in Fig. 1. All the frame that is used is a stout hoop of wood or iron attached to each side of the window casing on the outside, with a piece of cloth, cut in the shape as shown in Fig. 2, tacked to the edges of the window casing, as shown, and to the hoop. If the hoop is iron the edge of the cloth can be sewed about it.



AWNING IN STAGES OF CONSTRUCTION.

A Case of False Pride.

How many girls are prevented from earning their own living by that false pride of either themselves or families!

It is astonishing how many girls will be "stay at homes" and grow stupid on account of this foolish fancy, which no one respects them for nor admires.

Once a young lady wanted to be a trained nurse, but her uncle objected to her being a "wage earner." She was a girl well adapted to take up this line of work, and how much good she might have done in the world if she had only listened to herself instead of this uncle no one knows.

He meant well in not wanting his niece to go out into the world, but she had no brothers, none too much money, and so she failed to marry well, was left on her own resources, not knowing how to do anything well, and her struggles were pitiful.

Sometimes it is the girl's duty to stay at home with her parents if they wish her and need her, but when there is no real excuse for her to stay home and she is anxious to learn how to work don't stop her.

A Novel Prize.

An odd little prize, which may easily be made, is a hanging pincushion formed of gilded mussel shells in which have been pasted small pincushions covered with bits of soft, bright silk flowered ribbon or velvet.

Each of these tiny shells is then attached to a ribbon cut in different lengths and the lot of them fastened together at top with a gay rosette, with crocheted or gilt ring for hanger.

These make attractive little prizes for hostesses who wish to entertain at cards or game parties at seashore hotels or cottages.

To Remove Ink Stains.

Hot tartaric acid will take ink stains out of white cloth.

It is not generally known, but to prevent cakes from burning place a little bran at the bottom of the tins. This will save a lot of grumbling and vexation.

A thin coating made of three parts lard melted with one part resin and applied to stoves and grates will prevent their rusting when not in use.

Hot sunshine will remove scorch.

A TENDERFOOT'S REVENGE.

Bully of New Mexico Town Had the Tables Turned on Him.

The average tenderfoot is not a coward. He simply lacks ranch experience. An illustration of this fact occurred down in New Mexico several years ago. One day a pale looking, thin and sickly young man alighted from the train and put up at the little adobe hotel at Bernal Springs. The tenderfoot walked up to the bar and called for a bottle of soda pop. "'Tain't allowed to drink that sort o' stuff out here," said a toughy. "What you want is a stiff drink o' red liquor. Mr. Barkeeper, set out the pison for this young feller." "You have the best of me," replied the tenderfoot, "and I'll have to drink the stuff, but I hope the time may come when I can make you drink my choice of liquid."

The tenderfoot raised the glass and gulped down the whisky. Sandy had had his way about it, and he made no effort to comprehend the vague remark of the stranger. The tenderfoot left for a ranch down the Pecos the next day after the incident in the saloon, and he was forgotten until one afternoon more than a year afterward a strong, healthy looking young man rode up to the hotel on a broncho, dropped the bridle reins upon the ground and dismounted. He had the appearance of a typical young man of the range. His face was bronzed and his eyes clear and penetrating. "I owe a fellow a debt which I believe I will pay right now," the stranger said.

No sooner had he made the remark than he walked off in the direction of Sandy, who had his gun in his right hand and was firing it into the air every few steps. The stranger approached Sandy, pulled his gun and unceremoniously dragged the bully up to the saloon and led him in that fashion up to the bar. "Get me a pan of water and set it upon the floor," he said to the barkeeper.

The order was complied with, Sandy standing there meekly, wondering what was going to happen to him. "Now, get down on the floor and drink water out of that pan like a dog," the former tenderfoot ordered. Sandy at first refused, but when the stranger began twirling his gun around on his forefinger and said the order must be obeyed the cowed fellow unlimbered and lay down upon the floor and began drinking water out of the pan.

WATERLOO.

The Immutability of the Famous Old Battlefield.

One of the most striking features of a visit to the battlefield of Waterloo today is the immutability of the entire scene in which one of the greatest battles of history took place. Notwithstanding the many years that have passed since the memorable day of June 18, 1815, the entire scene of the battle remains practically unchanged and untouched, and the very buildings around which the tide of battle surged the fiercest, save for the necessary restorations of the damage they sustained in the conflict, remain exactly as they were, nor has any encroachment of building or progress marred the historic field.

The battlefield of Waterloo is an open, undulating stretch of good farming land. On the day of the battle the greater part of it was covered with crops of rye, wheat, barley and oats, and the same crops are still grown there each season. The field is intersected by two highroads branching at Mont St. Jean, the one on the right leading to Nivelles, while that on the left, which lay in the center of both armies, led south to Genappe, Charleroi and Namur. Upon the crest of the ridge which formed the first of the allied positions a crossroad runs east and west. This road, on approaching the spot where the "Lion of Waterloo" now stands, ran through a cut in the crest some twelve to fourteen feet deep, and it was this point that was known after the battle as the Hollow Road. Some 500 yards to the southeast of the "Lion" is the farm of La Haye Sainte, while about 900 yards to the southwest stands Hougoumont, the old chateau, farmhouse, outbuildings, walled garden and orchard, which played such an important part in the fate of the day. These buildings are nearly 300 years old and were built with a view to their defense, as many old stone loopholes still to be found testify. — Robert Howard Russell in Metropolitan Magazine.

Insomnia.

Insomnia is the not uncommon fate of the brain worker who after years of continuous mental strain retires from active life. The reason is that mental activity demands a large supply of blood for the brain, and the blood vessels gradually accommodate themselves to this large supply. But when the hard work is over the brain does not always realize that it needs less nourishment, and hence the condition of excessive mental activity which is what insomnia is.—London Mail.

Suspicious.

The Warden—I think the members of the choir are going to ask for more money. The Sidesman—Why? The Warden—For the last two Sundays they have been listening to the sermon.

A Striking Misapprehension.

Officer—Excuse me, madam; there goes eight bells. It's my watch on deck. Mrs. Lansman—Well, I don't blame you for keeping your watch on deck if it strikes as loudly as that.

The favor of great men and the praise of the world are not much to be railed on.—French Proverb.

for young married couples to have both lives well insured. It is something to depend upon in case anything should happen to either. In fact it is now generally admitted that every man, woman and child ought to be insured for the benefit of their families. The cost is little—the benefit great. There is really no excuse for not insuring now-a-days, while the company we represent is offering such excellent terms. Let us tell you more about it.

DOES THE DUCK HUNTING SEASON OPEN TOO EARLY?

A duck hunter from this city is of the opinion that the duck hunting season should not commence until the middle of September. He says that the ducks are not fat enough for shooting on September 1st, the date on which the season opens.

"They don't get time enough to fatten up on the wild rice," he said, "and the birds would be much choicer eating by the middle of September than they are on the first of the month."

There is an impression among some that the ducks go away shortly after the season opens, but the Review's informant denies this and says they stay until the end of October.

PITTSBURGER ENTHUSED OVER BEAUTY OF LAKES

Spent Holiday at Buckhorn—His First Vist to Kawartha Lakes—Will Return Again Next Summer.

Mr. Chas. Lindstrom, of Pittsburg Pa., was in the city over Sunday at the Snowden House on his way home from Buckhorn where he has spent the past ten days fishing. Mr. Lindstrom is a member of a party of Americans who have been holidaying at Buckhorn but Mr. Lindstrom received a telegram telling him to come home at once as he was wanted in Pittsburg on urgent business. The other members are remaining for some days. They are Messrs Harry Hunter, Manager of the Pneumatic Tool Co. Chicago; T. Burns, Supt. Carnegie Steel Co.; Duquesne; C M Diell, Supt. of Furnaces of the Carnegie Steel Co., Duquesne; Wm. Fennetty, Vice President Alliance Machine Co. Pittsburg; and J J Brooks, Jr., of the Farmers' Bank, Pittsburg. Mr. Lindstrom is Chief Engineer of the Press Steel Car Co.

This is his first visit to the Kawartha lakes and he has been so impressed with their beauty and the good fishing that he is coming back next summer with his wife and family. Last summer Mr. Lindstrom holidayed at French River but he prefers Buckhorn lake for fishing. He says that although the fish in French river are much larger than the ones caught at Buckhorn they are not as plentiful. Mr. Lindstrom returned home with between twenty-five and thirty pounds of fish.

YOUNG LADY GOT BEYOND DEPTH

Had Narrow Escape From Being Drowned at Stony Lake

A young lady holidaying at 'Bellchateau' cottage Stony Lake, had a narrow escape a few days ago from drowning. A number of persons were in bathing. The young lady got out beyond her depth and although able to swim, she had been in the water some time and was somewhat exhausted. She yelled for help but her friends knowing that she could swim though she was joking. Finally realizing that she was in danger, a man went to her assistance and brought her to shore.

A PICTURE THAT IS REVOLTING

Chicago Man Writes Sensational Book—Rottenness of Society

Chicago, August 24— Joseph Medill Patterson, the son of the editor of the Chicago Tribune related to a dozen of the richest and most socially prominent families in the United States has written a book called, "'A Little Brother of the Rich.' It is sensational to a degree in its theme daring in its treatment, and brutally frank in its language, lashing society and its alleged practices as it was never scourged before.

Summed up in a sentence Mr. Patterson's book presents a picture of New York society and incidentally of the stage, which it is were true, is too vile and revolting for words.

According to "A Little Brother of the Rich,' every fashonable woman drinks to excess is untrue to her marriage vows, is animated by absolutely no thought except vulgar display, the insatiate greed for money, and cares nothing for the means by which this money is obtained.

COLLISION ON WATER ST.

Bicyclist Ran into Horse and Buggy This Morning

A bad accident was narrowly averted on Water street this morning As Mr. R. H. Leary was turning into the driveway next to the feed store, Nagle Phelan on his bicycle, collided with the buggy. Mr. Leary quickly stopped his horse before it had time to trample the bicyclist. The boy was soon on his feet again and the only damage done was the breaking of a few spokes in the front wheel.

OBITUARY

JAMES POWERS.

The death occurred on Saturday evening at his late residence, 474 Driscoll Terrace, Ashburnham, of Jas. Powers, after an illness of about a week's duration. The deceased was 80 years of age. He was a blacksmith by trade and came to this city from Mount Pleasant, where he had resided for thirty years. He was married twice. His first wife was Mary McBain and his second one, who survives him, was Rosanne Primeau.

Besides his wife, two sons and three daughters are left to mourn his loss. The sons and one daughter reside in Seattle. Two daughters, Mrs. Wm. McCarroll and Miss Mabel, reside in this city.

The funeral took place from the residence of his son-in-law, Mr. Wm. McCarroll, 474 Sherbrooke street, this morning, interment taking place in Mount Pleasant cemetery.

HELEN GRISDALE.

The death occurred on Friday of the seven months old daughter of Mr. and Mrs. James Grisdale, 132 Dufferin street.

The funeral took place on Friday afternoon at 3 o'clock to the Roman Catholic cemetery.

INFANT EXPIRES.

The many friends of Mr. and Mrs. F. Sauvea, 372 Water street, will sympathise with them in the loss they have sustained by the death of their infant daughter. Ethel. The child was five months old.

The funeral took place on Saturday at three o'clock to the Roman Catholic cemetery.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

DAYS OF DIZZINESS

Come to Many Peterborough People.

There are days of dizziness, spells of drowsiness, headache, sideache, backache.

Sometimes rheumatic pain after urinary trouble.

You are plainly told that the Kidneys are sick.

Booth's Kidney Pills cure all Kidney ills.

Mrs. M. Chittick of 593 Aylmer St. Peterborough, Ont., writes: — "My back was very tender and heavy, bearing down pains would catch me across the small of it. I was weak and languid and could neither stoop or straighten up without much suffering. Headaches were very frequent and usually accompanied by spells of dizziness. I had often to support myself to keep from falling. My eyes were weak and felt heavy as though they were filled with particles of sand. Nothing benefitted my condition until I procured Booth's Kidney Pills at the Market Drug Store. One box of this remedy cured me of each and every symptom of kidney trouble and I am stronger and better than in years previous.'

SUDDEN DEATH FROM HEART FAILURE OF DR. DENIKE

Havelock, Aug. 24.—The citizens of town were indeed startled this morning by the news of the sudden death of Dr. Denike, of this place, who had practised dentistry here for the past seven years and was well-known in this vicinity.

His death which was due to heart failure, was indeed a shock to his many friends. He had been feeling well of late and worked quite late on Saturday night.

Before retiring for the night he went downstairs and he was found at the bottom of the stairs this morning by his wife, who retired last night earlier than he did. Dr Denike took a warm bath immediately before he died. Dr. Crawford was called in but when he arrived life was extinct.

The deceased is survived by a wife and two small children who have the entire sympathy of the community. A. C. Denike, druggist, of Havelock, is a brother.

Dr. Crawford telephoned Dr. Gray, Coroner, of this city, asking him what procedure should be taken. Dr. Gray, after being told of the circumstances in connection with Dr. Denike's death decided that there were no grounds for holding an inquest.

LAST CONCERT OF SEASON BY THE SALVATION ARMY BAND

The last musical festival to be given in Victoria park by the band of the Salvation Army will take place tomorrow night. A programme containing some excellent numbers will be presented and as it will be the last of the year, Bandmaster Greene has selected the numbers with a view of having the programme the best one yet presented by the band at Victoria park.

One number worthy of special mention is "All Nations," in which the different national anthems will be played and during its rendition flags of the nations will be carried by little girls.

The programme will be as follows:

March, Melbourne.

Selection, Old Times.

March, Prize March, No. 1. This is one of the finest marches in the Army Journals.

Song, with band accompaniment, "The Glory Song," by R. Brown, by request.

Quartette, Village Chimes.

Selection, All Nations. This is a very choice arrangement.

Trombone solo, "I have pleasure," by Bandsman Moyns.

March, "Plymouth." One of the most popular marches of the day.

Cornet and Trombone Duet, 'Larboard Watch,'" by Deputy Bandmaster Ford and Bandsman Moyns.

Selection, "Guide me, Great Jehovah," with variations for cornet, baritone and euphonium.

God Save the King.

NEW PASTOR ADMONISHES FLOCK TO BE PROGRESSIVE IN DOING CHRIST'S WORK

Rev. W. C. Riddiford, late of Mount Forest, entered upon his duties as pastor of Park street Baptist church yesterday, officiating at both morning and evening services. He is an earnest and lucid speaker, and his every sentence impresses one as being his personal conviction.

In the evening he took for his subject the necessity of being progressive in the work of the church and of ever striving onward in the interests of Christ's cause on earth.

He chose for his text Exodus 14, 15: "Speak unto the children of Israel as they go forward. What I want to talk of, said the preacher, is God's marching orders to the church. The passage used as the text were the words God had spoken to the children of Israel as they stood perplexed confronted by the Red Sea. The sea was before them and the hosts of Pharoah behind them. The church has had to deal with many such dangers, the Red Sea before them and the chariots of Pharaoh rumbling in the rear. But as in the case of the children of Israel God has always come to the rescue.

The Church of God was not established to be a stationary thing but a moving, sweeping force. God desires His children to go forward and that is His express command to the church "Speak unto the children of Israel that they go forward."

The members of the church must not live an A.B.C. religion but a high-minded, progressive religion.

"Jesus, the carpenter, with His toil-hardened hands, said to the work a day populace of this world: "I want you to be progressive; I want you to go on."

History is but the progressive biography of progressive man. God intended that we should move forward. In this progressiveness in His cause God will give us the aid we require of Him. "My grace is sufficient for thee," said the Lord.

We should use use our talents in doing God's work. If we have but one talent, we should employ it in His cause. If God is with us He is more than all that can be against us.

The text was considered from the sinner's hope. "Sinner to-night," the preacher said, "you have not moved forward."

And in His progress God does not look to us to walk or run before we can creep. "Christian in Bunyan's Pilgrim's Progress, when he was getting away from the City of Destruction struggled on with his burden on his back, but at length the straps broke, the burden rolled off his back and he was able to run.

We must fight against Satan. Satan was a living tangible being, and not a mere myth. We must push forward and be progressive in winning souls following the blood-stained banner of Jesus Christ.

During the evening the Park street quartette rendered admirably "Onward and Upward."

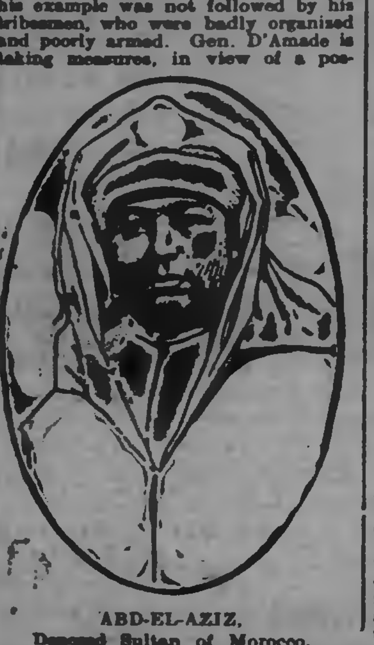
SULTAN IS OVERTHROWN ABD-EL-AZIZ QUITS THRONE

Ill-Fated Ruler's Tribesmen Played Him False and Mulai Hafid is Expected to Take Country Without Further Protest—Poor Artillery Cause.

Paris, Aug. 25.—News of the proclamation as Sultan of Mulai Hafid is taken here to mark the complete triumph of the usurping Sultan and the downfall of Abd-el-Aziz, the Sultan of record, who, according to the latest reports, has definitely given up the struggle and announced his intention of retiring to Damascus, where he will await the turn of the tide of fortune before he raises his standard again.

Gen. D'Amade, commander of the French forces in Morocco, telegraphs to the Government here that Abd-el-Aziz showed the greatest personal courage during the battle, but that his example was not followed by his tribesmen, who were badly organized and poorly armed. Gen. D'Amade is taking measures, in view of a possible revolution in the Chouia region.



ABD-EL-AZIZ,
Deposed Sultan of Morocco.

Reports indicate that the defeat of Abd-el-Aziz had an army numerically betrayal of his own tribesmen. Mulai Hafid has been proclaimed Sultan of Morocco at Tangier, and announcement of the proclamation has been telegraphed to all parts of the country. All the officers who previously have been under the rule of Abd-el-Aziz in this city declare that they have accepted Mulai Hafid as their leader, thereby making him supreme in all the large cities in Morocco.

Details of the battle show that Abd-el-Aziz had an army numerically the superior to the enemy, but that his artillery either failed to work or was deliberately tampered with. Some of the guns exploded, throwing the tribesmen into a panic. The vast majority of these seized the opportunity to flee during the engagement and general pillage broke out, many of the tribes seeking to carry off as much booty as possible.

Abd-el-Aziz and his escort retreated in an orderly manner to Settat, his army scattered in all directions, being pursued by the victorious troops of Mulai Hafid. Abd-el-Aziz was accompanied in his flight by the Grand Vizier, Abd-el-Krim ben Sliman, and the Minister of Foreign Affairs, Mohammed Sidi-el-Mokhiri, the French military mission and two British officers.

A Tangier newspaper states that the British officers and several French officers are missing.

Firebugs at Hamilton.

Hamilton, Aug. 25.—Two cases of incendiarism were reported yesterday afternoon. At 5 o'clock the firemen were called to the old Kampf Brewery building, which is vacant, and found the floor on fire. They say there was no doubt that it was set on fire. The loss was small. A stable near the corner of Barton and James streets was also set on fire earlier in the afternoon.

REVIEW'S CORRESPONDENT WRITES OF GOLDEN WEST

From Our Special Western Correspondent.

Winnipeg, Man., August 25.—Your correspondent has just returned from an extensive tour of the three provinces, the trip covering a distance of [illegible] miles.

Starting out with the intention of learning more about the cities, towns and country with which Winnipeg and Eastern Canada has so much to do with in the way of trade, I visited Regina, Moose Jaw, Medicine Hat, Calgary, Red Deer, Strathcona, Edmonton, Vegreville, Vermillion, Saskatoon, Prince Albert, Melfort and Dauphin. It was a business trip and at every point the publicity commissioners and board of trade members showed unbounded hospitality, and through these offices I was able to get a wonderful lot of valuable commercial, industrial and agricultural facts. And what a country this west is. People wonder why this Western Canada has gone ahead so fast, but there's no reason to wonder when you see the land and learn of the resources of the country. Millions of acres of grain, other millions of grazing land, timber that stretches over miles and miles of the northern section, coal mines, natural gas and promise of other mineral wealth that cannot be estimated.

I saw towns that have today half a million in new buildings where only three years ago there was nothing more than a homesteader's shack here and there on the prairie; cities that have great hotels, magnificent public buildings and beautiful private residences upon finely boulevarded streets which were no more than frontier towns and trading posts within the past ten years.

The province of Alberta is a wonderful one. The wealth of the extreme north is not fully known yet, and certainly not appreciated. The richness of that country, particularly in oil and asphaltum, is beyond doubt, enormous.

In every part of the province there are large areas of coal, and it is more than probable in the mountains there are large deposits of iron. The province is truly a wonderful one.

The interest of the citizen in his home town and community and the activity which he displays in promoting, by every honorable means, the welfare of the country marks the true quality of western patriotism, a quality which is a chief element in the character of the average board of trade member of Western Canada, and in no other manner is the truth of the statement, "A city is just what its commercial organizations make it," than is shown by the untiring efforts of the many members I met on this trip. Furthermore, what interested me most was the success already attained by these young cities of Western Canada in their advertising campaigns, which clearly demonstrate a that to the community that wishes to increase its financial, commercial and industrial businesses, advertising is the quickest and most economical route to be taken.

Yes, the possibilities, the absolute certainties of manufacture and trade which must follow in the track of such partial development of the resources of Western Canada are too manifold and marvelous for one to make any calculations upon now, certain it is though that the many cities and towns visited will grow and flourish and this whole land will be made populous with millions of prosperous people, and with Winnipeg—the gateway through which practically all of the great traffic will pass—and from which as is now the case, the greater part of the trade of the country radiates will in the very nature of things, continue and become one of the great cities of the continent.

The Grand Trunk Pacific railway has now 675 miles completed west of Winnipeg. This new road will share in the moving of the crop now being harvested.

The first car of wheat of the 1908 crop was received in Winnipeg on Wednesday last. It was grown on the farm of Mr. Scammell of Rathwell, Man., and is a choice sample of the Red Fife variety.

AN OLD PIONEER VISITS LINDSAY

One of Cavan's Oldest Settlers is Over Ninety Years of Age

Lindsay is being visited by an old Cavan township pioneer. Mr. Hugh Copeland who is the guest of Mr. Isaac Perrin, Simcoe street. Mrs. Edwin Bryans is a daughter.

Mr. Copeland was born in the county of Down, Ireland, in the year 1818, on July 7, and despite the fact that he is in his nineteith year he is still hale and hearty and enjoying life. He came to Canada with his parents in the year 1829. From Cavan he moved into the township of Mariposa in the month of February and his parents and his father-in-law, Mr. John Black, being among the first settlers.

Mr. Copeland and his wife made the journey together across the ocean. The were married in 1839, in the month of April. They lived happily together until December 1906, when Mrs. Copeland was called.—Lindsay Warder.

Matches Cause Fire.

Weston, Aug 25.—The barn and stables of Frank Lister, on the Weston road, Etobicoke, were completely burned late on Saturday afternoon. All his crops in the barn, together with a number of pigs and calves, were destroyed; loss about $5,000; with no insurance. The fire is supposed to have been caused through children playing with matches.

Fatal Factional Politics.

Ironton, Ohio, Aug. 25.—Factional politics are claimed to be directly responsible for the killing yesterday of Henry Frecka by Robert Frowine, his rival candidate for representative and Republic central committeeman.

The two men met on the street and Frowine was seen to draw his gun and commence shooting.

Sbarretti Off to Rome.

Ottawa, Aug. 25.—Mgr. Sbarretti, apostolic delegate, accompanied by Rev. Dr. McNally, has left for Europe on a trip which will extend over two months.

Both will attend Eucharistic Congress in London and afterwards visit Rome.

TWINS ARE KIDNAPPED

Little Sons of Milton Man Are Stolen Back From Father by Mother.

Hagersville, Ont., Aug. 25.—About 8 o'clock yesterday morning the twin sons of Sylvans Dixon of Milton, Ont., were kidnapped from the home of their grandfather, Dr. Peter E. Jones, on the New Credit Reserve, about three miles from Hagersville.

The children were on the road in front of the doctor's house when two women in a buggy drove up and put the children in the buggy and hurried away.

It is supposed that one of the women was their mother, who resides in Toledo, Ohio. A few months ago the father secured the children from their mother in a similar manner, bringing them to the home of his parents.

Danced on Sunday.

Belleville, Aug. 25.—Christian citizens are shocked at the incidents which attended a Jewish wedding held in Symon's dancing academy, in this city, Sunday night. Harry Yanover and Rebecca Solomons were married by Rabbi Benkogan of Toronto. After the ceremony dinner was served, at which beer, wine and spirits were supplied in abundance. A large number of young men were present, also an orchestra. Dancing went on from 7 till 1 o'clock and people, as they went home from church, stood on the sidewalk and listened.

Son Killed Father.

Baltimore, Md., Aug. 25.—According to the detective authorities of this city, Mrs. Bonnie Rosenbloom and her daughter, Eva, confessed yesterday that the body found in the trunk at Belle-Mawr, near Camden, N. J., on Aug. 16, was that of Samuel J. Rosenbloom of Windber, Pa., husband of the elder woman, and that he was killed by her son, Alexander Rosenbloom, at their home in Windber, Pa., last November.

The woman said her husband had been killed because he had beaten them.

PEACE CENTENARY IS NOW PROPOSED

Earl Grey Suggests That One be Held in 1914.

Windsor, Aug. 25.—Flushed with the success attained by the Quebec Tercentenary, Earl Grey, who paid on informal visit to Windsor yesterday, has evolved a new idea along the same lines.

His Excellency thinks there should be a centenary in 1914 of the peace relations between Canada and the United States.

"It is a gratifying thing to know that for nearly a hundred years, a long unprotected frontier of 3,000 miles, there has been no war waged," said His Excellency. "Yes, I think preparations should be made shortly to celebrate the anniversary."

The Governor-General was taken for an auto ride around Windsor, Walkerville, Sandwich and Belle Isle. In the afternoon he was tendered a river outing and luncheon on board a ferry steamer, after which he was entertained by Hiram Walker & Sons of Walkerville.

Two Thousand Buildings Burn.

Constantinople, Aug. 25.—The fire which broke out in the Stamboul quarter of Constantinople Sunday was extinguished at midnight.

The houses in the quarter were mostly built of wood and proved an easy prey for the flames, carried by the high wind.

It is estimated that more than 2,000 buildings were destroyed. A number of firemen and women and children are reported to have been burned to death. The homeless probably will number 7,000.

Too Vigorous Initiation.

Golden City, Mo., Aug. 25.—Alleging that four of his ribs were broken and that he was otherwise injured when he resisted efforts to "brand" him, John A. Creisel, editor of The Golden City Register, has brought suit against eight members of the Modern Woodmen of America here, asking $10,000 damages.

The attack occurred, Mr. Greisel says, while he was taking the second degree in the Woodmen initiation ceremony.

HAS MILLIONS FOR NAVY AUSTRALIA'S FIRST STEP

To Repel Possible Invasion of Oriental Races and to Ease Britain's Burdens Commonwealth Starts a Fund to Buy Ships—Wants White Man's Country.

Sydney, N. S. W., Aug. 25.—The influence of the American fleet's visit to Australia is being felt in many ways.

The Sydney Herald, one of the foremost journals of the country, says that the cruise quickens the imagination of Australia, Canada and South Africa to the sense of their part in the sea power of the empire. A million dollar trust fund has already been created toward the beginning of an Australian navy.

Commenting upon the London reports that financiers have offered a loan of a hundred millions sterling for the royal navy increase, The Herald says: "This is undesirable, but it shows that the elasticity of the British financial system has been strained, and it is now necessary for Australia to lend a stronger hand to the Empire's defence."

The public gives a good reception to such arguments because of the fear of trouble from Asiatic immigration. The vast vacant fertile areas of Queensland, and the northern territory are a constant temptation to overcrowded Asiatic countries. The sentiment for a "white man's country" recently caused the deportation of the South Sea blacks formerly imported into Queensland. White men can live and work in tropical Queensland, but the health of the women is often broken. Settlement, therefore, is difficult, and Australia is the only remaining habitable land in the eyes of nearby Asiatic countries.

President Roosevelt's "cruise of peace and of justice" telegram has been most heartily welcomed.

Dundurn Rammed Launch.

Brockville, Aug. 25.—The propeller Dundurn of the Hamilton-Montreal line, in making the wharf here Saturday night, rammed the launch Leta of the local ferry service, practically demolishing it. It was with great difficulty the launch was beached before it sank.

Confession Refused.

Hamilton, Aug. 25.—James Claws, an Indian, who was in the Police Court yesterday morning, volunteered to tell the magistrate where he got his liquor on condition that he was allowed to go. The magistrate inflicted a fine and did not encourage the confession.

Suicide Girl Leaves Child.

Brantford, Aug. 25.—It develops from police investigation that Annie Day, the girl, 19 years of age, who committed suicide by taking carbolic acid Sunday, leaves a child about 3 years old, now in care of the girl's parents, who reside near Port Rowan.

$1,050 In Fines.

London, Ont., Aug. 25.—The twenty hotelkeepers charged with selling liquor after hours during the Old Boys' reunion, appeared before Police Magistrate Love and pleaded guilty yesterday morning. Their fines aggregated $1,050, without costs.

Stole Father's Cash.

Windsor, Aug. 25.—Jos. Ouellette, 20 years old, was arrested yesterday. Some few days ago Ouellette's father, who is Grand Trunk agent at Stony Point, reported that he had been robbed of $6,000, which had been sent him from Montreal to pay the wages of the sectionmen.

Ouellette's own son has confessed the theft and says that he has lately fallen a victim to the gambling craze. With the money he stole, he purchased a locket and chain in Detroit for his sweetheart and paid $50 on a typewriter. The sum of $420 was recovered in his boarding-house here. The prisoner spent his birthday in jail, having been remanded for sentence.

Implement Combine in Russia.

London, Aug. 25.—(C. A. P.)—Consul Medhurst states that four American agricultural machine makers have established a combine at Rostov, on the Don, in Russia. If Canada is to maintain the slight foothold obtained she must reduce prices, which are from two to five per cent. higher than her competitors, and also display considerable energy.

Censured the Captain.

Montreal, Aug. 25.—Commander Spain, wreck commissioner, was severe yesterday in his judgment in the Imperial Quebec collision of July 5. On Captain Jean of the Imperial, not only declaring that he caused a menace to navigation as well as to his passengers in allowing an apprentice pilot to run his vessel, but suspended his certificate for one year.

Say Killed In Self-Defence.

Dover, N. H., Aug. 25.—Officer Walter H. Sterling, one of the oldest and best known members of the local police department, was shot and instantly killed Sunday in his home by his son-in-law, former Councilman J. Edward Dame. Dame, after acknowledging the shooting, which he claims was done in self-defence, was arrested.

Bitten by Mad Dog.

Hamilton, Aug. 25.—While visiting at Villa Nova on Sunday, the two-year-old son of Rev. Hugh McDiarmid, pastor of the Herkimer Baptist Church, was bitten on the jugular vein by a dog. The dog was in the first stages of rabies and the boy was hurried to the Pasteur Institute, New York.

Von Sternberg Dead.

Heidelberg, Germany, Aug. 25.—Baron Speck von Sternberg, the German ambassador to the United States, died quietly in the Hotel Victoria, this city, about midnight Sunday. The baroness, who was Miss Lillian May Langham of Louisville, Ky., was with her husband at the end.

Unfortunate Burglar Sentenced.

Guelph, Aug. 25.—Ben Tryon, the most persistent and also the least successful burglar who has operated in Guelph for some time, was sentenced yesterday to two months with hard labor, in the county jail.

He broke into Cray's coal office at least six times in two months and once into Goldie's mill office, but on all his visits he failed to realize more than a total of $12.15.

GENERAL'S WIFE IS SLAIN BODY FOUND NEAR A WOOD

Rings and Valuables Are Stolen by Unknown Man Who Succeeded in Making His Escape—Husband Was Well Known in Canada.

London, Aug. 25.—The wife of Major-Gen. Charles Edward Luard was mysteriously murdered yesterday afternoon in a desolate wood near Sevenoaks, which is a short distance outside London.

No trace of the murderer has been found, but the motive apparently was robbery, valuable rings having been taken from the woman's fingers.

Major-Gen. Luard is a retired officer of the Royal Engineers. He entered the army in 1857 and was executive officer in London during the Fenian disturbance in 1867. He devised the scheme for re-armament of Gibraltar. He founded the Society of Miniature Rifle Club in 1907 and the Patriotic Society in 1907. In 1875 he was married to the youngest daughter of Thomas Hartley of Gillfoot, Cumberland.

Mrs. Luard had been shot with a revolver, one bullet entering her temple and another striking her behind the ear. The second shot seemingly was fired and the woman fell on her face. Her hand had been pulled back and the rings wrenched from her fingers.

Her dress also was torn almost from her body.

Mrs. Luard was about 58 years of age.

THEY REFUSED TO STRIKE TRAINMEN WILL NOT GO OUT

Proposition to go Out in Sympathy With Machinists is Voted Down by Trainmen at Fort William.

Fort William, Aug. 25.—Reports that have come from the general meeting of trainmen held here Sunday to take some action relative to the strike of C. P. R. mechanics state that the men of the operating department voted by a large majority not to strike in sympathy with the mechanical trades.

Montreal, Aug. 25.—"Monday has passed off without the defections from the strikers' ranks prophesied by the company, and the men are waiting expectantly and with some amusement for the next ultimatum," said Bell Hardy last night.

"Pickets on duty at the Glen roundhouse were driven off the street yesterday by the Westmount police."

An interview with the mayor, however, elicited a promise that the men would not be molested as long as they were quiet.

The company's statement differs radically from that of the men. It is as follows: "The strike situation shows a gradual weakening on the part of the men. To-day 30 of the striking mechanics, returned to work, and about 100 others were engaged to take strikers' places. The men are beginning to feel that they are playing a losing game, and are also disappointed with the way the strike is being managed."

TELEGRAPHIC BRIEFS.

William Brooks, aged 60 years, drowned himself in the Rideau Canal at Ottawa.

Mrs. Sophia Ludeke, a wealthy Cincinnati lady, member of a party of about 150 Americans who were touring Muskoka, fell dead Sunday at Hamill's Point, north of Port Carling.

Plenty of Help.

Frankford, Aug. 25.—At 10 o'clock Sunday night the Trent River Paper Co. sounded a fire alarm which was responded to by the townsmen, while crowds flocked in from the country, until fully one thousand people were on hand ready to assist.

In less than half an hour all the mill pumps were working, connected with seven hundred feet of hose and throwing a good stream of water, which, with the buckets, kept the fire confined to one stack and storehouse.

The fire was surrounded by thousands of tons of straw, and a great quantity of wood.

Shake-Up In Sight.

Toronto, Aug. 25.—A complete reorganization of the clerical staff of the civic waterworks department is promised by the mayor, as a result of the loose practices in bookkeeping and handling funds, commented upon in the special auditors' report.

Appointed Prof. Stone.

Fredericton, N. B., Aug. 25.—Prof. E. A Stone, late of Dalhousie University, has been appointed dean of the Engineering School. Prof. Stone is a graduate of McGill, and was at one time on the staff of the Canada Foundry Co., Toronto.

Murder at Vancouver.

Vancouver, Aug. 25.—Mrs. Jenkins, a colored boarding-housekeeper, was murdered at her home in the east end shortly after noon yesterday, by a negro roomer, who escaped by a rear door. The murderer used a butcher knife.

Diplomas Stolen.

Vancouver, B. C., Aug. 25.—Thieves stole four diplomas from the office of Dr. Mackenzie Sunday night, where it was evident that thieves were after nothing else, for the papers were carefully stripped from the cardboards in the frames and will probably be used for fraudulent purposes with the name erased.

Wireless to Canada.

London, Aug. 25.—Valdemar Poulsens has started new interesting experiments with his wireless system in connection with the forthcoming opening service between West Ireland and Canada.

Poulsens thinks he can easily send 150 words a minute by the new apparatus.

Drowned In Shallow Water.

Montreal, Aug. 25.—A story of a drowning accident reached here yesterday from St. Agathe, by which a young Dominion Express messenger named J A. Mills lost his life in two feet of water. He had evidently been overcome by cramps. His body was taken to his old home at Prescott.

Town Destroyed by Fire.

Reno, Nev., Aug. 25.—The railroad town of Hazen, 40 miles east of Reno, was destroyed by fire Sunday. Loss $125,000. The homeless were taken to Fallon.

Petawawa a Fever Camp.

Ottawa, Aug. 25.—Ten soldiers of the military camp at Petawawa are ill at the cottage hospital, Pembroke, with typhoid fever.

WAS STRUCK BY A STREET CAR

Seven Year Old Son of Mr. J. Miller Met With Accident

What might have been a fatal accident occurred yesterday evening near the cornerr of McDonnell and George streets, when little Trevors Miller, the seven year old son of Mr. J. Miller, Harvey street, was struck by street car number seven and badly injured.

The little fellow evidently did not see the car coming. He was dragged some distance before the car was stopped. The unfortunate little fellow was carried into Dr. McGrath's, where upon examination it was found that he was badly cut about the head. His injuries were dressed after which he was removed to his home.

Sailors Are Delighted.

Sydney, N. S. W., Aug. 25.—The United States marines have addressed a letter of thanks to the people of Sydney, in which they say: "If other places think they can surpass Sydney's welcome they must take the ships ashore."

There was a grand review at noon yesterday in Centennial Park, in which 600 men of the royal navy, 3,000 men of the American fleet, 7,000 of the naval and military forces of New South Wales, and 4,000 cadets took part. It was the largest ceremonial parade ever witnessed in Sydney.

Hardie Not Coming West.

Montreal, Aug. 25.—J. Keir Hardie, M. P., in an interview here yesterday, announced he would attend the convention of the Trades and Labor Congress of Canada at Halifax Sept. 22, and would visit Ottawa, but would not go farther west.

Discussing the old age pension law he said it was a good measure but did not go far enough.

The St. Ann's Protest.

Montreal, Aug. 25.—Sitting in practice court yesterday, Justice Dunlop dismissed the preliminary objections raised by Denis Tansey in the action taken against him by M. J. Walsh in the St. Ann's election protest. By this judgment the case will now be placed on its merits.

Chinese Smuggling at Brockville.

Brockville, Aug. 25.—Six Chinamen are in custody at Ogdensburg, N. Y., having been arrested after being smuggled across the river in a rowboat between here and that city.

A large number of strange "Chinks" have been making their headquarters in Brockville lately.

Drowned In Sight of Bride.

Scituate, R. I., Aug. 25.—In sight of his bride of four weeks, who was powerless to aid him, John Colon, was drowned in Spencer's mill pond here.

Colon was superintendent of Irving Spencer's farm and had lived here about two years. He formerly lived in Montreal.

Money's Gone.

Berlin, Aug. 25.—John Becker, who boarded at the home of Carl J. Wagner, Charles street, left $400 with his landlord "for safe keeping." Now there's a warrant out for Wagner. He is a Russian Pole, aged 35 years.

Another Brute.

Winnipeg, Aug. 25.—Yesterday morning Gottlieb Rossol, 50 years of age, married, was committed for trial on a charge of having abused six-year-old Beulah Palmer.

THE HAINS CASE

Another of these disgusting exhibitions of animalism is about to be presented in every possible form of applied pruriency, to the world. The soil in which they take root is vanity—a vain and morbid show of alleged affections, a fondness for the display—that money can give a false sentiment and the craving for notoriety which has become part and parcel of our democracy in America. We seem to have no standards of decency. We are in danger of being borne down by a flood of filth. Weakness in high places sets us the bad example. Human frailty unfortunately dogs the footsteps of us all. Is the race therefore to be at the mercy of the wolf and the preening peacock, or are we capable of better things? Animalism is not expressed alone in terms of fleshly lust. Make no mistake about that. The "grafter" does not exist only at Ottawa. Money carries no taint with it in public estimation nowadays it seems. We may like the lowest of the low live freely and openly on the products of shame. "The people who are looking for hand-outs of money would surprise you," exclaimed a man the other day. It does surprise us. The question to be answered is, "Does the Supreme Being view with indifference the sources of our supplies so long as the supplies are forthcoming?" Is there any Christian blind enough to think that he can, with impunity, derive his support or part of it from a moral charnel-house? But after all, is the world quite so bad? We leave that to the "gentle reader."

THE LIQUOR LAW

If there was any doubt of the intentions of Hon. Mr. Hanna, with regard to enforcing the liquor law, that doubt is being removed. Three Owen Sound hotel-keepers got four months each in jail and others were heavily fined. Whatever we may think of the permitted lawlessness of the harvesters' excursions, the liquor law is being enforced. Convictions are numerous and costly. This last one is said to have excited Owen Sounders. No doubt it has done so. The law is going to be enforced. That is the statute law. As for the moral law we leave that to aspiring politicians. They know how to handle that.

A TREMENDOUS SLUMP

Canada's trade for the last four months has decreased in volume by fifty millions of dollars. At that rate our year's trade will be enough to bring the blush of shame to any elector who supported Sir Wilfrid. It is true that Sir Wilfrid set off a number of glittering fireworks that doubtless unknown to the Premier himself, deceived many and placed the Dominion in greater darkness than before. If the wonderful administration at Ottawa is going lame it is surely time for a change. On no pretence can they ask for an endorsation of the present management of Canadian public affairs. But there is another slump even more serious than the slump in trade. We refer to the slump in public confidence and it is by such things as the following that it is brought about.

Judge Cassels is due to resume his inquiry into Marine Department scandals early in September. When his court adjourned, the commissioner explained that if the Government had carried out its undertaking and provided a substitute judge for the Exchequer Court he would have had the investigation completed. But as things were going, the Government had no desire that the enquiry should be finished while Parliament was in session. Nor is it likely that the two Government counsel prosecuting the inquiry will conclude it so that a report may be made public before the elections. One of them has done good service to the machine in Ontario, and the other was a law partner of the Minister of Marine, under whose rule many of the scandals began. They will not get the Government into more trouble than is necessary.

It will be remembered that proceedings in Judge Cassels's court were adjourned in the midst of an investigation of the Willson buoys and the Canadian fog signal contracts. Concerning Mr. T. L. Willson, and his acetylene buoys, and his carbide, it has already been found that the Government paid him and his companies $1,054,215 down to three months ago. These further statements were made:

By contractor Willson himself, that he gave to a minister of the crown $10,000 of stock in his carbide company in consideration of the services of that Minister in getting other capitalists to take stock. Mr. Willson did not need to say that the prospect of Government contracts was the strongest inducement which a Minister could offer to these other capitalists.

Col. Anderson, Chief Engineer of the Marine Department, testified that he opposed the Willson contract.

He believed that the Willson influence brought about the appointment over his head of the Commissioner of Lights by whom the Willson inventions were purchased.

Mr. Noble, Assistant Commissioner of Lights, testified that he was ordered by his superiors to certify to accounts of which he had no knowledge, and that when on the advice of the Auditor-General instead of certifying prices "fair and just" he certified "prices arranged by the Department at Ottawa," he brought down on himself official wrath and found a junior promoted over his head.

The Auditor-General testified that he had refused to regard certificates from certain officers of the Marine Department as having any value. Among such worthless certificates which he mentioned as leading him to that conclusion were those of the highest officials of the Department.

LOOTING THE PUBLIC DOMAIN

"The sales of public lands of the Dominion should be to actual settlers only and not to speculators."—Liberal Platform, 1893.

A SASKATCHEWAN LAND DEAL.

About 1900 the rush of immigrants and the demand for lands had set in with great force. Buyers were plenty and prices were advancing rapidly. Along the line of railway running from Regina to Prince Albert extended for 115 miles a tract of arable homestead lands. These had been favourably reported upon by the Government agent in 1901. Lands owned by railway companies of no better quality were selling in less eligible districts for $3.50 to $5.00 per acre in large blocks. Three months after the agent's report the Government, without public notice, or competition, sold in May, 1902, 250,000 acres of these lands to a company of which A. J. Adamson, a political adherent and now M.P. for Humboldt, and other party friends were the promoters. The price was made $1.00 per acre—payable one-half in scrip (worth probably 25c. to 50c. on the dollar) with five years to complete payments and the Company had a range of 750,000 acres out of which to select. The Company was to settle 12 homesteaders on their twelve sections in each township of their agent. As these would at once become buyers of other land from the Company, the condition entailed no hardship.

The Company possessed the great advantage of giving prospective purchasers a selection from 750,000 acres, or one homestead out of three.

Though no lands were to be patented to the company until all the conditions were fulfilled, yet J. G. Turriff—a brother-in-law of Adamson, and then land commissioner at Ottawa—issued patents for 150,000 acres without warrant and before the Company was entitled to them. Within a year or so the Company—the speculators—had sold these lands for from $6 to $12 per acre and made a probable average of $8 per acre. This shows the transaction:

The Government—trustees for the People—receive from the speculators ... $ 250,000
The settlers buy from the speculators and pay them 2,000,000
The speculators divide as profits ... 1,750,000
(See Hansard 1909, page 890—1078.)

GRAZING LEASE DEALS—A SLICK GAME.

When the Laurier Government took office they found the policy carried out by their predecessors as follows:

Grazing leases were granted by order in council for a term of years at 2c. per acre yearly rental.

They were revocable (after two years' notice, and no part of the lands leased were sold to the lessees.

Mr. Sifton as minister made significant changes.

The power to grant leases was transferred from council and given to the minister.

The Minister took power to grant leases irrevocable for 21 years and to give holders of leases absolute grants of one-tenth of the acreage leased at $1.00 per acre, the lands to be selected out of the whole area leased.

One such piece was granted to A. T. Mackie, of Pembroke, son of a Liberal member of Parliament, on Aug. 1st, 1902, comprising 41,288 acres. The practice was then discontinued for two years. Suddenly between April and August, 1905, the bars were thrown down and the following 21year leases were given: (Hansard page 4,174).

THE LUCKY GROUP

	Area Acres.	Guarantee
April 9, 1905	55,747	Brown, Bedingfield & Co.
April 25, 1905	42,777	George Lane
April 28, 1905	60,0000	C. E. Hall.
May 3, 1905	13,794	Glengarry Ranch Co.
May 5, 1905	47,615	Jas. D. McGregor
May 9, 1905	48,867	A. Hitchcock.
July 17, 1905	1,280	Duncan Cameron
March 10, 1906	60,381	H. P. Brown

These with the Mackie lease comprise 371,488 acres or 580 4-5 square miles. Immediately after the granting of the above leases the bars were put up and no more irrevocable leases were issued.

THE DAY HAS COME

While, of course, the real value of the Whitney administration lies in its power to rescue the Province from the arms of shame it is of no inconsiderable importance that the electric age as the Sun calls it, has at last dawned here as well. Its importance is admirably foreshadowed in the following article:

After several months of discussion a tender has at last been accepted for the construction of a line, to be owned by the province, through which electrical power, generated at Niagara, is to be distributed over a large part of Ontario. The arrangements made provide for carrying the power line through the principal cities and towns as far east as Toronto and west to London. It is further provided that the length of the line may be doubled and a corresponding addition made to the territory to be served.

The steps which have been taken are of the most profound importance to the towns on the list for service. They are indirectly of great importance to the farmers of the Province as well. If the power line does all that is expected it will place a score of centres on a practical equality as regards manufacturing facilities, and this will have a tendency to diffuse industrial enterprise over a larger area, and thereby bring what is called the home market, so much nearer the farmers' door. In another respect what has been done should be the means of securing a further advantage to agriculture. Cheap power, convenient of access, will cause the building of a network of electric lines that will greatly facilitate the marketing of the produce of the soil. In some cases the power line should prove a very direct advantage to farmers. Those living alongside the line ought to find it possible to obtain light and power for their own use at less cost than these services can be obtained in any other way.—Weekly (Farmers') Sun.

PARTY IN SMALL BOATS GOT LOST ON STONY LAKE

Bewildered by Maze of Islands They Lost Their Way Returning From Divine Service and Wandered Far From Proper Course.

To be adrift on Stony Lake and victims of the depressing sense of being lost was the experience of a party of young people on Sunday night. While returning to Viamede after attending service at Juniper Island, they lost their way and were not rescued from their unhappy plight for several hours. The lights were out in nearly all the cottages when they left Juniper for home and this was largely responsible for their getting out of the course. It was exceedingly dark and once out of the course it was not long before the maze of islands completely bewildered the paddlers and they floated about almost aimlessly. On the party not returning to Viamede, where they were staying, a force of searchers was formed and a patrol of the lake was started. By means of shouting and covering a large portion of the lake the persons who were lost were located about 11.30 and guided home. They had wandered over five miles from the proper course.

LIEUT.-COL. E. B. EDWARDS RETURNS FOR A MONTH

Browned by the western sun and in the best of spirits an old friend, Lieut.-Col. E. B. Edwards K.C., looked in on the Review this morning. He will be brigadier of Kingston camp this year again and has come down for that purpose. Litigation is rife in Edmonton and district. People there have more business of a litigious character than here apparently. The crops are magnificent. Lieut.-Col. Edwards has got into his new house and altogether is happy and comfortable. Mrs. Edwards also enjoys the best of health in this remote but "glorious" country.

LARGE NUMBER IMMIGRANTS WILL BE DEPORTED FROM CITY IN THE NEAR FUTURE

There will be a large number of English families and unattached persons, from a family scene, depart from Peterborough in a short time. Doing nothing all winter, and having done nothing since, they are without money, and the outlook for the coming winter is a hopeless one.

Last year they were kept up by the Charity Board and have been quite a care for the city. Probably is they were questioned on the subject they would admit that they were quite willing that their deportation take place.

The railways and steamboat companies will have to bear the expense of their transportation back home, as this is law, and the city will not be put to any expense in the matter.

The misdirected immigration to Canada during the past year or so has proved most disastrous for the immigrants and it is to be sincerely hoped that for the sake of those who would come here to have their prospects blighted, and the municipalities on which they have been a charge, that it will not be repeated.

No Charge in Connection With Brigade's Trip to Stirling

His Worship Mayor Rush has received word from Mr. F. Sandy, Grand Trunk stationmaster here, to be effect that Superintendent Tiffin has given an order that there will be no charge in connection with the fire brigade going to Stirling to assist in fighting the fire there. The expense would have had to be borne by the municipality of Stirling and the generous action of the Grand Trunk in this matter is greatly appreciated. The company went to considerable trouble and expense to get the Peterborough firemen to Campbellford in quick time.

CAPTURED A 23 POUNDER

Mr. George Gauthier Lands a Big One at Lakefield

The other day at Lakefield, Mr. George Gauthier of this city hooked and landed one of the biggest 'lunge caught in local waters this season. The monster tipped the beam at 23 pounds.

Mr. Gauthier had quite a time landing it. The fish made a desperate resistance but the ex-wrestler finally got the strangle hold on it and secured the fall in short order.

OBITUARY

INFANT EXPIRES.

The many friends of Mr. and Mrs. Albert Tomblin, 622 Donegal St. will sympathize with them in the loss they have sustained by the death of their infant daughter, Zenephine Madeline, which occurred today. She was four months old.

The funeral will take place tomorrow afternoon at 2 o'clock to the Little Lake cemetery.

LOCAL NEWS

PRESIDED AT ORGAN.

During the absence of the organist, Mr. George Schneider, Miss Bessie Elcome has most acceptably presided at the organ at the Murray Street Baptist church.

ATTRACTING ATTENTION.

Quite a large number of people came in to see the head of the big fish that is on view in the editorial room of the Review.

LAID TO REST.

The funeral of the late Miss Eva Curry who passed away on Friday, took place yesterday to the Lakefield cemetery. It was largely attended. The service was conducted by Rev. J. G. Potter of St. Andrew's church. The pall bearers were Messrs. E. Reid, R. Reid, T. Donaldson, G. McDonald, H. McCulloch, and R. Patterson. The floral tributes were beautiful and numerous.

PERSONAL

Mr. A. F. T. Armstrong, New York, is registered at the Oriental.

Messrs. J. and C. Quarrington, of Toronto, are in the city from Stony Lake.

Mr. David Moore, of Port Hope, a graduate of Toronto University, now studying at Chicago University, is in the city studying records in the archives branch for the preparation of a treatise on the international relations between Canada and the United States, with a view to proceeding to the degree of Ph.D. He holds the position of teacher in one of the Chicago high schools and is studying political science at Chicago University.—Ottawa Citizen.

SUCCESSFUL AT THE UNIVERSITY

Another list of successful students at Toronto University is published in to-day's Toronto papers. Among those who passed the junior matriculation scholarship examination is Miss M. C. Dela Fosse, a daughter of Mr. F. M. Dela Fosse of this city. Miss Dela Fosse took honors in moderns.

CABINET COUNCIL MEETS AT OTTAWA

Ottawa, August 24.—Sir Wilfrid Laurier returns to the capital to-night. Hon. R. W. Scott, Hon. Frank Oliver, Hon. G. P. Graham, Hon. William Paterson, Hon. Sydney Fisher, Hon. L. P. Brodeur and Hon. Mr. Lemieux are in the city, and most of the other members of the Government will be back this afternoon or to-morrow in time to attend a meeting of the Cabinet called for to-morrow morning at 11 o'clock. There is a good deal of business to attend to, including the appointment of commissioners for the purpose of administering the new civil service act and the appointment of three additional members of the Board of Railway Commissioners. There is the question of an election to be decided, and if it is determined to go to the country the date of election may be settled. It is probable that with the accumulation of routine business there will be meetings of the Government every day for a week or more.—The Globe.

The British Drama.

It is absolutely true that the British public goes to the theater to be amused, not to be instructed. It considers that it pays its money to be amused, and it sullenly resents the presence of any powder in the jam. It is when this attitude changes that the great renaissance of the British drama will arrive.—London Graphic.

Hospitality.

"Use one teaspoonful of this cocoa in hot water every day. The can will last thirty days."

"But suppose there's company, missis?"

"Why, then, of course, use more hot water."—Fliegende Blatter.

Advantage of Position.

"Where have you been all afternoon?"

"Music hall—piano recital."

"Infernally tiresome, wasn't it?"

"Not at all. I was the pianist."

Looking For Work.

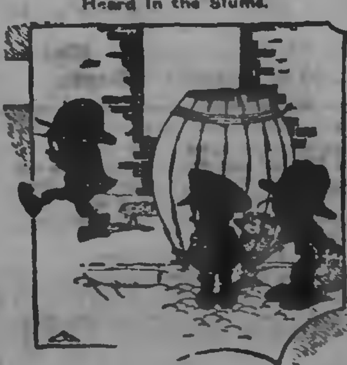
"Why don't you go to work instead of begging and boozing?"

"I will, boss, as soon as there's an openin' in my trade. An' I ain't got long to wait now, nuther."

"What is your trade?"

"I'm a track walker for aeroplane lines."—New York Press.

Heard In the Slums.



"He's a regular philanthro—what do you call it?"

"Wot's he did?"

"Why, in de last week he's give away two dozen 'Deadwood Dick' an' a dozen 'Nickel' libraries!"—New York World.

Inconsistency.

"My physician is a very inconsistent man," said the heat sufferer.

"In what way?"

"He advised me to keep perfectly quiet and avoid all excitement and then invited me to go with him to the baseball game."—Houston Post.

Failed to See the Connection.

"What did that man say when you told him you had seen a sea serpent?"

"His conversation became suddenly irrelevant. He began to talk about local option and prohibition."—Boston Post.

THE REAL CITY OF CALAMITIES

For its size the city of London, Ontario, is probably the most unfortunate municipality on the continent. During the past 27 years disasters of various sorts have caused the loss of 246 killed and about 300 wounded. There was the terrible wreck of the river steamer Victoria in 1881, resulting in the loss of 187 lives; two years later 22 lives were lost by a flood on the Thames and 3 were killed and 250 injured by a powder explosion in a hardware store. Five years later 23 were killed by the collapse of the floor of the city hall during a municipal nomination, while last year the collapse of a building caused 7 deaths. In addition to that there have been several notable railway disasters in its vicinity, such as the burning of a carload of passengers near Komoka, a station just west of London, on the Sarnia branch.

WERE SORRY TO SEE HIM GO

Presentation to Mr. Geo. Evans on Leaving Hamilton for This City

Last night in the boys' parlors of the Y.M.C.A. the boys met to say farewell to George Evans, who is leaving Hamilton to take charge of the boys' work in Peterborough. The boys were all sorry to see him go, as he has been one of the most active members of the boys' department. The boys wished George every success in his new work in the boys' department at Peterborough.

During the evening an address was read by Fred Meyers and Alvin Wilson presented Mr Evans with a suitcase. The recipient made a suitable reply.—Hamilton Spectator.

ENTERED STORE OF LANG AND MAHER

Lindsay Branch of Local Firm the Object of a Thief's Attack

Lindsay Free Press says;

Yesterday afternoon Mr. W. J. Lang being about to go for a drive into the country, entered his store to secure his overcoat. What he saw on opening the door induced him to delay his journey.

He found one of the narrow boards composing the floor partly pried up and on descending into the basement the object of the worker was made plain. For some days the cellar had been extremely damp, and the front windows and rear door had been left open in order to let in the dry air. No goods are kept in the cellar, and the trapdoor leading from above is tightly nailed, while as an added precaution a table of heavy clothing stands thereon. The intruder pried the loose board up thinking to gain entrance that way, and when his efforts proved fruitless he strained and yanked on the well protected trap, but without any better success.

Mr Maher thinks his visitor was either an inexperienced fellow or a "regular" who was frightened away by some passerby.

LINDSAY BOARD NO CHEESE SOLD

12 3-16 cents Was the Highest Bid at Yesterday's Meeting

At the Lindsay Cheese Board yesterday, 1097 boxes were boarded but there were no sales. The highest bid was 12 3-16c but the salesmen did not think that was high enough. The board adjourned for a week. Mr. G. A. Gillespie of Peterborough was in attendance.

ANNUAL MEETING OF RUGBY CLUB

Will be Held Next Week—Informal Meeting Held Last Night

The annual meeting of the Peterborough Rugby Club will be held some evening next week, the exact date not yet being known. A meeting of those chiefly interested was held last night when the situation was discussed informally and some preliminary arrangements made. It was decided to hold the annual meeting of the club next week when reports for last season will be received and officers elected. The cool weather of the past few days is stirring the blood of the rugbyists again and they are looking forward with pleasure to the days when they will be performing on the sod again.

AUGUST IS A CHILLY MONTH

Extra Blankets on the Bed are the Rule These Nights—Days and Nights Chilly

"August is as much warmer than March as Asia is better than Africa," says a Russian proverb, but citizens of Peterborough who have spent the last week at near-by summer resorts, or who have stayed in town and put another blanket on the bed, don't consider that any compliments are coming the way of August on its warmth.

Certainly it has felt recently as if August hasn't been lingering in the lap of 90 in the shade but the provoking fact is that this month to date is a little warmer than the average of the first two dozen days of August in past years.

The mean temperature for the first 24 days of Augusts of 59 years is 66.9 whereas the mean temperature of the present month's first 24 days is 67.2.

Another way of looking at it is that although the mean temperature of the first 15 days of this month was two degrees above average the mean temperature of the nine days ending today is 2.5 below average. Nearly every day recently has been below average.

And so it appears that recent days have been comparatively chilly and certainly they have felt that after the warmer than usual days of the first part of the month.

This month's rainfall to date is 2.78 inches or just about as much as the average for the whole month of August.

This fine cool weather according to the latest weather dope is to stay with us tonight and tomorrow but there's a chance of Thursday being a little warmer.

All Canada had fine weather on Sunday and nearly all of this big country had it fine again today.

CRESSMANS—The HOME OF THE LADIES' HOME JOURNAL PATTERNS.

THIS WAS NICE BLACK BASS

Just four pounds and fifteen ounces is what the fish weighed said Mr. J. W. Barrington to a Free Press reporter this morning. It was a small mouthed black bass and was a dandy.

Mr. Barrington was spending a few weeks at Cameron Lake where he caught the fish. "Did you have any trouble landing him?" asked the reporter. "Well I guess I did," answered the fisherman "I played him for twenty minutes."

The fish was sent to Peterborough to be set up. This is one of the best catches reported from the north lakes this year and should be reported to the Star.

Mr. Barrington says there is better fishing in the Kawartha Lakes in his estimation than any other waters in Ontario.—Lindsay Free Press.

Don't forget the Ice Cream Social, at Brayley's School House, on Wednesday, August 26th, under the auspices of Duke of Manchester L. O. L. No. 50. Supper served from 6 to 8 p.m. 57th band in attendance. Busses leave P.O. at 6.30 and 6.45. Admission 25c. God Save the King.

VOLUNTEERS WANT DAMAGES

Hamilton Soldiers at Quebec Nearly all Suffered From Illness.

Hamilton, August 24—Several of the militia who made the trip to Quebec are suffering from a legacy they were bequeathed by the unsanitary conditions of the camp there. Bugler A. Skinner, of the Ninety-First regiment, has been suffering from dysentery, but is now out of danger. He made a claim on the regiment for damages for loss of time, which was allowed. Private Schultz, of the Ninety-First, was also attacked with dysentery but was able to fight it off when he got back to the healthy living conditions of Hamilton.

All the men and officers suffered more or less from similar sickness, but the majority were only troubled temporarily.

BOARD FOR NORMAL SCHOOL STUDENTS

The new Normal School will open on September 15th. Householders who can provide rooms and board for the students, should at as early a date as possible, send their names and address to the principal, Mr. D Walker, 271 Brock street, Peterborough.

THE COURSE AT NORMAL SCHOOLS

How the Teachers Will be Trained---Legible Writing to be Emphasized

The syllabus of studies for the normal schools at Hamilton, London, Ottawa, Peterborough, Stratford and Toronto, for the session of 1908-9, directs that the teachers in training are themselves to be trained in writing rapidly and legibly, and having to submit to the master from time to time exercises for criticism until their handwriting is satisfactory.

The course in literature includes the literary study of portions of the Bible, except for those who may have conscientious objections.

Especial care is directed to be taken that the teachers in training shall while in attendance observe the rule of courtesy and social etiquette.

The normal section for those training to be kindergarten directresses is to open in the third Thursday of September instead of at the beginning of the month as heretofore.

Beginning next April there is to be a three months' course, optional at the Ontario Agricultural College, Guelph, in agriculture, horticulture, and elementary industrial training to provide qualified teachers for these subjects for the public schools.

LOGS A NUISANCE TO THE BOATMEN

Boathouse Owners in East City Complaining

The boathouse owners in Ashburnham are complaining about the logs of the Peterborough Lumber Company being altogether too numerous in Little Lake, and they are a great nuisance. The logs simply surround the three boathouses nearest to the canal. This morning, when an Ashburnham resident, who was going down the river, went to take his boat out, he found that he had to shove it out through a drive of logs before he got it out to the open waters.

The boat owners don't mind the company having their logs in the lake, but they do resent the action of them in blockading the channel.

THIS WILL BE A CONVENIENCE

Special Chamber for Gasoline Launches in New Locks at Lindsay

Lindsay August 24th.—The new locks to be built at Lindsay and at which the engineers are now busy getting levels that they may prepare plans will contain a pair of gates that are to give a chamber about thirty-five feet long for the convenience of gasoline launches as well as the main gate of the lock. The engineers in this way expect to save a lot of water as well as to afford a great accommodation for launch owners.

The lockage of gasoline launches on the canals throughout Canada has become one to which the government is giving some consideration as during the summer months in many places the greater number of lockages are made for launches with pleasure parties who are visiting Canada's great recreation grounds.

NEW GATEMAN AT BROCK ST.

Mr. John Mallock of Omemee Commenced His Duties Yesterday

Mr. John Mallock, of Omemee, is the new G.T.R. gateman at Brock street, having commenced his duties there yesterday. Mr. Mallock is an old railway man, having been in the Grand Trunk Railway's service for over forty years. He started in the capacity of section foreman for many years. Mr. Mallock's father was one of the first foremen on the Grand Trunk. He comes of a family of railway men, he having three brothers who were all engaged in the railway business.

Mr. Barker, who has been gateman at Brock street since the retirement of Mr. John Landry, has taken a position as brakeman.

Extraordinary Dress Goods Specials

IN a Dress Goods Department as popular as ours, broken lines and short pieces will necessarily accumulate. Then, too, in a range of fabrics so complete there must be some backward sellers. Therefore, periodical "clean-ups" are necessary in this department. To-day's news—rich with the savor of savings—features one of these semi-occasional "clean-ups."

We've gone through the Dress Goods Stock with a fine-tooth comb, so to speak, and have collected together all the pieces to which we wish to bid a brief farewell. These will now be marshalled out to the tune of very little prices.

This is your chance to secure good-quality, perfectly desirable fabrics for very much less than they are worth, and the earlier you get here to-morrow the bigger bargains you can secure.

FINNIE AND GORDON GET CONTRACT FOR NEW CHURCH

The first sod for the new St. James' Methodist church was turned this morning. The building committee met last evening and opened the tenders, awarding the contract to Finnie and Gordon. The amount of the contract is $9,765, and the tender calls for the completion of the building by the first of January next.

Rev. H. M. Manning, the new pastor of the church, presided at the meeting last evening. The congregation of St. James' is rapidly increasing and everything denotes progress and prosperity.

The new church will, when completed, have a seating capacity of four hundred and fifty. It will have a gallery extending all around the church. It will be built of red brick. As the congregation grows a new building will be put up and the one at present under construction will be utilized as a Sunday school.

THE "SARAH MARGARET" IS AN ELABORATE GASOLINE LAUNCH

The most magnificent gasoline launch ever seen on these waters took a run to Peterborough yesterday from Rice Lake. It is the "Sarah Margaret," and is built on a pretentious scale. The boat is owned by Mr. Rowe, of Pittsburg, who has bought an island just below Gore's Landing Rice Lake, and has been staying there the latter part of the summer.

It is 45 feet in length, with a nine foot beam, mahogany finish and has a splendid cabin and two decks. The mechanical equipment is of a superior order and the boat is fitted up with a view of providing every comfort for its passengers. Its engine is 60 horse power and the craft was manufactured by the Toronto Gasoline and Power Company. A large number of persons admired the "Sarah Margaret" when she was tied to the street car wharf yesterday afternoon.

DEATH OF PROMINENT CITIZEN OF LAKEFIELD

The death occurred yesterday at his residence, Lakefield, of Mr. Henry J. Lefevre, a well-known and highly-respected citizen of that place, in his 73rd year. Mr. Lefevre first came to Canada from the Island of Jersey, in 1862, becoming a farm pupil at Lakefield, of the late Lt. Col. Strickland, with whom he remained for many years. He then returned to Jersey, but after a lapse of ten years, returned to Lakefield, where he acquired considerable property.

He married Miss Tully, of Toronto, the eldest daughter of Mr. Kivas Tully, C.E., by his second marriage. Mrs. Lefevre predeceased her husband 3 years ago. The surviving members of the family are one son, A. G. Lefevre, and three daughters, Mrs. Marling, of Lakefield; Mrs. Evans Atwood, of Peterborough, and Mrs. Wm. Grieve, of Vernon, B.C. The date of the funeral will be announced later. The deceased gentleman was a man of pleasing personality, whose kindly word and no less kindly heart will be much missed in the community of which he was so long a worthy member.

GLOBE'S SPECIAL FROM OTTAWA SAYS ELECTIONS SOON FOR SURE

Ottawa, August 24— Sir Wilfrid Laurier came back to Ottawa this afternoon looking greatly benefitted by his holiday. Many of the other Cabinet Ministers are in the city, and all the rest except Mr. Templeman, will be here tomorrow to attend a meeting of the Council. There is no doubt the question of the election will be tentatively settled. In fact it is settled now, as a majority of the Government favor an appeal to the country this autumn, and the chances are ten to one the appeal will be made. This is well understood by both sides, as the political activity throughout the country indicates. However, there will be no dissolution of Parliament and no definite announcement of an election date immediately. The election will probably take place in October or November and there is ample time still for dissolution.

In view of the coming struggle it may be of interest to point out that the Government has an overwhelming majority in the House, and that it is drawn from every province except Ontario and Prince Edward Island. Nothing short of a political earthquake of which there are no signs, could convert the Governments great majority into a minority. The figures by Provinces are;

Ontario, Liberals 39, Conservatives, 47; Quebec, Liberals 54, Conservatives 11; Nova Scotia, Liberals 17, Conservatives 1; New Brunswick, Liberals 8, Conservatives 5; Manitoba, Liberals 7, Conservatives 3; Saskatchewan, Liberals 6, Conservatives 1; Alberta, Liberals 2, Conservatives 2; British Columbia, Liberals 7, Conservatives 0; Prince Edward Island, Liberals 1, Conservatives 3; Yukon, 1 Conservative. Total, Liberals 140; Conservatives 74; Liberal majority 66.—Globe.

SPORTING NEWS

YANKEE ROGERS WILLBE HERE TO-MORROW NIGHT

Big Wrestler Confident That He Will Down the German—Match Will be Strenuous Affair

The famous American grappler Yankee Rogers, will again renew the acquaintance of his Peterborough friends to-morrow, Wednesday night. In a letter to his manager this morning he conveys the information that he is going to take no chances with the giant German and will get into Peterborough on Wednesday evening, and of course, stay at the Oriental.

He says he is feeling good and "is ready to get out and show the people of Peterborough that he is just as good as his reputation says he is." He thinks he can beat Mohl in fact he says he is going to beat him and as the German in a letter to Mr. Chris Graham, says the same thing, the bout does not look as if it will have the pink tea idea very largely developed.

That the match will be a strenuous affair goes without saying, and a real strong man will be required to referee the match and thus ensure none of those fatal interruptions which have marked one or two bouts which have been held here in the past.

When Rogers does arrive here he will have some good news given to him, news that every sporting man in Peterborough knows. He does not know that he is the chosen one of America to compete in the big International Tournament in Hengler's Hippodrome, London, Eng. to go to England has been his sole ambition for some time and the good news awaits him on his arrival.

A first class bout will be put on before the big match. This will be between Fitzpatrick, of Rochester, and Orough, of Peterborough. The match will be best two out of three falls for a purse of $25. This bout will start at 830 sharp.

FRANK GOTCH MADE DEBUT IN VAUDEVILLE YESTERDAY

Special to the Review

New York Aug. 24.—Frank Gotch is to make his debut as a full fledged actor to-day. He is to open in a vaudeville sketch at Jackson Mich., and will later go to Kalamazoo. His eastern season will start in New York around December.

It was owing to this booking that Gotch could not accept the invitation to go to England which was tendered to Rogers as the next best man in America. The public will watch with interest the progress of the world's champion wrestler on the stage. His friends think he will make good in his new departure.

IS TOMMY BURNS FALLING FROM HIS SUPERIOR FORM?

When Tommy Burns rung in on "Boshter Bill" Squires at Sydney in the thirteenth round of their strenuous battle it made the third decisive victory for the Canadian over the Australian. In each of the successive battles Squires improved his showing and in the last battle worried Burns considerably before the Canadian managed to dispose of his bustling opponent.

It is remarkable that a man of Squires' age, for he is over thirty, should put up such a grand exhibition against a champion of the world after that individual has disposed of him twice before by the knockout route. There is something unexplainable about his marked improvement with each succeeding battle especially when his rank exhibition at the first meeting at the Colma Club in California is taken into consideration.

Here is the record:

At Colma Burns defeated Squires in less than a round.

At Paris, France, Burns defeated Squires in eight rounds.

At Sydney, Australia, Burns defeated Squires in thirteen rounds.

How do you account for it?

Is Tommy Burns going back, or is Squires like old wine, improving with age?

The answer is a difficult one.

When Squires came to the United States first he appeared to be a wonderful boxer and a great hitter. The writer saw him in training for his fourth of July battle with Burns. Then it was that he made Jimmy Britt look like a novice as regards speed and fast work in boxing. Bill would outpoint the clever Joe Thomas in their boxing stunts and the mauling such men as Battling Johnson and Con McVey, the ponderous heavies. And he would do all this in an afternoon and no wonder the California sports made him a 10 to 6 favourite over the slow, doughty, deliberate and not over-clever, though strong Canadian.

And yet Burns licked Bill in exactly two minutes and forty-five seconds at Colma.

But thereby hangs a tale.

One day in the training quarters I asked Bill how he sized up his man after entering the ring.

"H: holds hout me jaw and sez 'ow 'ard 'e 'its. Then hi go's hafter 'im and licks 'im."

This is exactly what Squires did with Burns in his first battle. Throwing discretion to the winds and paying no attention to his advisor, the famous Tim McGrath, Squires walked into the ring with Burns and allowed the Canuck to put one of his prettiest and cleanest right-hand swings to the point of the jaw. That was the beginning of the end and Squires was a licked man right early.

After that Squires got a little sense regarding risky tactics in America and showed in France and at his home how he had profited by the experience.

If it takes "Pueblo Jim" Flynn nine rounds to lick Squires at his best, and Tommy Burns thirteen rounds to turn the trick when Squires is an apparent dead one who should be champion of the world?

GENE HURTUBISE TO BE REFEREE

Will Handle the Rogers—Mohl Match at Brock St. Rink on Friday Night

Gene Hurtubise has been decided upon as referee for the big bout on Friday night between Yankee Rogers and Fritz Mohl.

This was decided by Manager Naylor and Chris Graham last night. Mohl wrote Mr. Graham, who looks after his interests in this match and told him he would agree to the local champion, and when the Rogers party made no demur, the thing was as good a settled. Gene as everybody knows will do the right thing to both men. His reputation here is of the best and above reproach, and both parties can go into the battle knowing that the man with the whistle will be there with the genuine goods.

BOXING MATCH FOR PETERBORO'

One Will Probably be Held in the Brock St. Rink—No Arrangements Made Yet

A boxing match between a couple of good ones will likely be pulled off here in the near future. The promoter of the affair has not made any definite arrangements towards the consummation of the match, but it is his intention to hold one if the men can be secured. It will, if held, take place in the Brock street rink.

The principals in view are not second raters by any means but clever men and the affair should draw well here.

As soon as anything definite is decided in connection with the bout announcement will be made on the sporting page of the Review.

ONLY HAD ELEVEN MEN TO TWELVE

The Ontarios went down to Trenton on Saturday to play their league game with only eleven men. They saw no prospect in the road resembling a lacrosse and they were obliged to play their eleven to Trenton's twelve. Trenton had on their strongest line-up of the season but the Ontarios played rings around them, defeating them by a score of 5—2. This gives the yellow shirts a big lead and if they keep up the good work should be in the championship play-off.—Port Hope Guide.

THE RING

Burns Beats Squires Again.

Sydney, N. S. W., Aug. 25.—Tommy Burns, the champion heavyweight pugilist, again defeated Bill Squires, the Australian, here yesterday, knocking him out in the thirteenth round of a fast battle, which was witessed by 20,000 persons, among them hundreds of sailors from the American battleships now in the harbor. The Canadian earned £2,500 in the battle.

HOPED LONGBOAT WOULD LOSE RACE

Canadian Churchman Made Plea for Downfall of Onondago Runner.

The Canadian Churchman, in an editorial, said before the Marathon:

Many patient and long suffering citizens of Montreal are earnestly hoping that a man by the name of Tom Longboat will be defeated—hopelessly defeated—in a running contest to take place somewhere shortly. Montrealers are not naturally hard-hearted. They do not glory in the downfall of their fellowmen, nor would one of them willingly cause Tom any pain if there was any way out of it, but what can they do, for even the worm will turn. Let not our fellow-Canadians, who live outside the newspaper zone of Montreal judge us too harshly. Human endurance has its limits, and have long since been passed. For months—we had almost said years—we have been fed on a steady diet of Tom Longboat, and his precious contributions to the progress of this Dominion by the sporting editor of one of the city dailies, until flesh and blood can endure it no longer. What Tom has done and what he has not done; what Tom can do, and what he is sure to do, have been prolific topics for the pen of a ready writer. Then it is an off-day in that newspaper office when we are not treated to a carefully photographed illustration of Tom's stride, or Tom's smile, or Tom's pipe, or Tom's breakfast food, or some equally important fact or feature of this great man. The awful thought is now dawning upon the citizens of that fair city, what will become of us if Tom should prove to be the fastest sprinter in the world. Men and women enjoying the blessings of peace in other parts of our favored country cannot appreciate the terrible reality of this situation. Why the festivities at Quebec may be thrown completely into shadow when Tom comes marching home. Who is Champlain anyway! He couldn't begin to run with Tom. Battlefields! what are they to the historic road where Tom kicked up the dust as he proudly galloped past the winning post, the greatest benefactor of his country. Fellow Canadians, give Montreal your hearty sympathy in this trying hour for the blow may fall at any moment. Is it any wonder that at the critical moment something should trip Tom up, or that a distressing pain should attack his insides, for it would save us from—well, we don't like to think of it.

HEADACHES ARE DANGER SIGNALS

They Tell Us Plainly That Something is Wrong Inside.

There are tablets and powders that will stop a headache promptly—but removing a danger signal does not take away the danger.

In nearly every case a headache—of whatever kind—is a symptom of poisoned blood, due to Bowels, Kidneys and Skin failing to thoroughly remove indigestible food and waste, worn-out tissue from the body. Then digestion is poor, causing sick headaches, or uric acid is formed and deposited on the nerves, causing neuralgia.

Not only the danger signal, but the danger itself as well, is quickly removed by "Fruit-a-tives."

"Fruit-a-tives" are tablets made of the combined juices of oranges, apples, figs and prunes, containing all their medicinal properties, concentrated and intensified. They cause the liver to secrete more bile, which moves the bowels freely and regularly, and cures the most obstinate cases of Constipation. They stir up kidneys and skin to throw off all the urea, or dead tissue, which has been poisoning the system. They sweeten the stomach, improve digestion and tone up the whole body. The headaches disappear—because the source is removed. 50c. a box—6 for $2.50. Trial size, 25c. Fruit-a-tives Limited, Ottawa.

School Has Re-opened Again—Visitors From Ottawa

Special to the Review

Bethel Emily, Aug. 23.—Our school has re-opened and Mr. F. Reeds, the energetic teacher, who has been an energetic farmer during the holidays, has again resumed his duties.

Rev. John Garbutt, pastor of Bowmanville Methodist church, and a former pastor of Bethel Circuit spent a few days of his vacation with his many friends in this community. He was present at our Sunday School last Sunday morning and delivered a very able and impressive address to the school.

Mr. Chas. Mills has again hauled out his threshing outfit. He is doing a rushing business and has the outlook of a very successful season.

Rev. C. Carew, pastor of London Baptist church, and Mrs. Carew, are the guests of his parents, Mr. and Mrs. John Carew.

Mr. and Mrs. W. C. Switzer, of Peterborough, spent a few days last week with friends in Emily.

Mrs. Harvey, Master Howard and Miss E. Harvey, of Dauphin, Manitoba, are the guests of Mrs. Harvey's mother.

Mrs C. Mills, Miss Bessie Rush and Mr. Rush, of St. John's, were the guests of Mr. R. McElwain, last week.

Mr. and Mrs. Jacob Reid, of Lakefield, and Miss Emily Drwin, of Warsaw, spent Sunday with Mr. and Mrs. W. Purdy.

Miss Harriet Irwin, of Toronto, is the guest of her parents, Mr. and Mrs. W. Irwin.

A. ROUNTREE - AGENT

A MODERN CULT

The following has been handed to us for publication:

To be invited to write a short article on Christian Science is almost as bewildering an experience as it once was to be asked to a tea party to tell a number of strangers, who probably are not particularly interested in the subject, "all about it." The days of those tea parties are fortunately long since gone by, but the same difficulty confronts the present occasion—where to begin, and, more difficult still, where to leave off. Neither problem is easy of solution in dealing with a subject which is infinite which involves the most sacred experiences of life, and which can necessarily only be touched on very lightly in the columns of a newspaper. But possibly one or two personal reminiscences may serve to interest the readers of The Onlooker, and to indicate the deeper things behind.

I remember distinctly the first time the words "Christian Science" were ever mentioned in my hearing. It the evening of a glorious summer day, on the banks of the great St. Lawrence River. We had returned from a picnic—a real picnic, not an emasculated imitation with a tablecloth, but a meal cooked over a camp fire, and eaten with the full understanding that it had to last till next morning's breakfast. Some letters were awaiting our return and amongst them was one from a girl who had been marvellously healed by Christian Science, recommending one of the friends with whom I was staying and who had been ill for seven years, to try it, and adding some explanations. This letter was handed to me to read and my opinion was asked for, and I remember saying withall the colossal conceit of ignorance, "I think the good lady does not know what she is talking about." And yet, in that letter was the information which would have led me to find the key to all the riddles which had perplexed me for years, had I had eyes to see it.

A few weeks after my return to England I heard that my friend, who had been pronounced incurable, in my hearing, by one of the best physicians in London, had been healed by Christian Science. To say that I was astonished is to put it mildly. Here was a cure which could not be doubted, brought about by a method which secretly I had pronounced "the most awful rot." My confidence in my own opinions received its first rude shock. A pamphlet on the subject was then sent to me, and subsequently a copy of Science and Health was lent to me for a few days by a friend who was passing through London. My first impression of the textbook of Christian Science was one of extreme disappointment. When I saw that it was a religious book, recollections of former struggles to get some spiritual nourishment out of the works of that type, only to find them stuffed with sawdust, came crowding into my thought with a positive sense of nausea, and so I put it down, feeling sure it had nothing to say to me. Three weeks later I was hunting every book shop in London for a copy of it for in the interval I had experienced in my own person, the wonderful healing power of God, and I knew that in that book I should find the secret.

Meanwhile I was treating on air, recognizing that I had touched something outside of ordinary human experience, though I did not know of any one in London who could give me further information. One day, however, I called on a friend, hesitating. I remember, before ringing the bell—for it was very late in the day—and found her alone. After we had discussed the usual list of ailments, I said triumphantly, "I am never going to be ill again."

"Oh," said my hostess, "I know what you've got hold of."

This surprised me considerably, but I told her I was sure she was mistaken.

"Well," she answered, "it is Christian Science."

I was so astonished I could only gasp, having thought I was the only person in the United Kingdom who had heard the name. My friend then told me she knew of some one who was practising Christian Science in London and promised to get me the address. Three weeks later I attended my first Christian Science service, and for the first time in my life heard the Bible read with an understanding of its true meaning. Every word seemed to be alive, to grip one's thought with a power almost startling, and yet the sense of peace and comfort it brought with it was something to be remembered. At that service there were perhaps eighteen or twenty people, representing practically the whole of the movement in Great Britain. Today the number of churches, societies and services to be found all over the country is closely approaching one hundred.

This increase in the comparatively short period of twelve years is a reliable indication that Christian Science has in it something that is true, something that is vital, something that is enduring, that is meeting the common needs of common humanity. The question is, What is it I once saw it described as a system whereby "a lot of old crocks were made to think they could keep themselves young," but I think that even the author of that delightful phrase must have changed his views since he wrote it. Neither is it emotion, nor an intellectual pastime, for though such phrases human thought may hold the individual for a time, they cannot in the nature of things stand the test that Christian Science is called upon to stand, the test of proof. Like everything capable of proof, Christian Science demands for its demonstration, individual effort, attention to detail, and above all, consecration; and only in studying it carefully on these lines can the student find the secret of its power, that it is the "Comforter" who, as was promised, shall lead you "into all truth."

Can any man desire anything more.

MOUNT PLEASANT

Mount Pleasant, August 24— The apple and potato crops promise small returns in this section of the country.

Mr. Bert Fee of the Keene branch of the Bank of Toronto is spending a portion of his vacation with his parents.

Mr. Bryce of Toronto occupied the Presbyterian pulpit on Sabbath evening. His discourse was highly instructive.

The Misses Lyons and Ewing of Toronto are holidaying at the home of Mr. and Mrs. Joseph Fee.

Our public school grounds have been beautified by the erection of an iron fence across the front.

We have just learned the sad news of the death of Mr. James Powers of Peterborough. Mr. Powers was a resident of our village for many years and served in the capacity of blacksmith in the foundry then carried on by Mr. Isiah Best. The funeral took place on Monday to Shields' cemetery where interment took place. The deceased had reached the good old age of more than four score and had not been ill long. He was twice married and leaves a widow and daughter. The sympathy of the deceased's numerous friends and acquaintances, of this part, is extended to the sorrowing relatives.

A very pleasant outing was enjoyed by Mr. Beattie Fee who has just returned from Rochester.

Our baseball team proposes to play a game with the Omemee club next Wednesday, the event being Omemee's civic holiday. The civic fete is to be held in Mr. Magee's wood, just west of the village.

Mr. and Mrs. Wm. McAdoo, are entertaining Mr. McAdoo's sister, Mrs. Ferguson of Trenton.

Mr. and Mrs. C. H Shield have returned after a holiday trip to North Dakota.

The Rev. Mr. Metzler occupied the pulpit of the Methodist church on Sunday morning.

Mrs. Wm. Greig, children and Miss Fanny Rosenberg spent a pleasant time among friends in Whitby and West Toronto.

AND IT WAS A CATFISH TOO

This Will Hold the Anglers in These Parts for a While

Some sensational fish stories have been reported from this vicinity but the following from Port Jarvis, NY., has them all beaten;

While fishing in Lake Henry, in Wayne County, Pa., one week ago, John Ruddy, of Scranton, set his pole in the boat to take lunch. When he turned around his pole was disappearing beneath the surface. He hauled up his anchor and gave chase to the pole, but as the fish had reached deep water, the pole was soon drawn out of sight. Ruddy tried the lake again yesterday and saw his pole floating on the water. He tried to pull it up but thought the line was caught. Then something at the other end of the line towed him around the lake for half an hour. Finally he tired the fish out, hauled it alongside the boat and lifted it out. It was a catfish weighing sixteen and one-quarter pounds. The fish was 32 inches long and measured six inches between the eyes.

CATARRH NOW CURABLE

But Never by Medicine Swallowed, Snuffs, Sprays or Douches

Catarrh is not a blood disease and that is why it cannot be cured by any medicine taken into the stomach. Catarrh is a germ trouble contracted from the germ-laden air you breathe inward. These germs fasten themselves in the tissue and air cells of the breathing organs, multiply by millions, cause sneezing, coughing, raising of mucous, discharge from the nose, difficulty in breathing, hoarseness, dryness, and stoppage of the nose, tickling in the throat and other symptoms that can only be reached by the dry air principal of Hyomei.

It medicates the air you breathe with the curative properties of the Australian Eucalyptus Forests where catarrh is unknown.

The reason you get relief in a minute or two from Hyomei is because it destroys every catarrhal germ in the air you breathe, and its deep penetrating aroma will reach the innermost recesses of the air passages, killing millions of germs a minute. Their destruction means freedom for oppressed respiratory organs. W. Mahill, druggist, corner of Hunter and George streets, Peterborough, sells Hyomei under a guarantee of satisfaction or money back. Price $1.00.

THEATRICAL

THE SALOME DANCE.

And now it's the Salome craze.

Everybody's got it, it seems. Every actress or soubrette who can shake a foot wants to show the short-sighted pleasure-seeking American public how Herodias' daughter danced before the cruel King Herod and won the head of John the Baptist.

In New York there are dozens of them doing it already. What we must suffer during the coming season! Eva Tanguay, Gertrude Hoffman, Norah Bayes, Louis Faust—they're all at it.

The New York papers are poking fun at it now. It seems that the costume worn is more or less a minus quantity, and the Telegraph remarked the other day:—

"Gertrude Hoffman mislaid her court plaster last night and the curtain on the Salome number was held five minutes until William Hammerstein could run across the street to Hegeman's and purchase a new costume."

The gruesome, horrible part of it is that some of the Salome dancers use a papier mache head of John the Baptist in imitation of Maud Allan, the Canadian girl, who began it all in London.

It is not unlikely that the Peterborough public will have an opportunity to see the dance this winter from Oscar Wilde's widely discussed scriptural play. Vaudeville people and specialty performers are using it to the limit.

Montreal Live Stock.

MONTREAL, Aug. 24.—(Special.)—At the Montreal stock yards, west end market, the receipts of live stock for the week ending Aug. 22, were 2500 cattle, 1800 sheep and lambs, 1986 hogs and 238 calves. While the supply for local consumption this morning were 1000 cattle, 800 sheep and lambs, 650 hogs and 150 calves. There was no actual change in the condition of the market for cattle since this day week. The supply was larger by 150 head, but the quality of the stock showed little or no improvement, as the bulk were in poor condition and good to choice heifers were scarce. In fact local butchers who handle nothing but the best beef found it difficult to fill their wants. The supply of common and inferior cattle was ample for all requirements. Cable advices on Saturday from Liverpool reported the weather good, with trade slow, noted a decline in prices for American and Canadian steers of ½c per lb and ranchers ¼c, as compared with those of a week ago, but in spite of the fact there was some inquiry from exporters and a fair trade would have been done in this direction if the proper class of stock could have been obtained. Butchers paid $5 to $5.10 for the best beef, $4 to $4.75 for fairly good, $4 to $4.25 for fair, $3.50 to $3.75 for common, $2.50 to $3.25 for inferior and canning bulls sold at $1.50 to $1.75 and $2 per cwt. Receipts of sheep and lambs were larger than they have been for some time past, for which the demand was good from both local and export buyers, and a fairly active trade was done. The condition of the market was unchanged from a week ago. Prices were well maintained, with sales of sheep for export account at 4c and culls at 3½c to 3¾c per lb. In lambs the feeling was firm and for good to choice stock buyers paid 5¾c to 6c per lb. The demand for calves was good and as the supply was somewhat limited prices ruled firm, with sales of good to choice stock at 4½c to 5½c per lb., and grass-fed at 2½c to 3½c. In spite of the weaker cable advices from Liverpool, London and Bristol on Canadian bacon last week, which noted a decline in prices of 1s to 2s per cwt., a stronger feeling developed in the local market for hogs this morning and prices, as compared with those of a week ago, show an advance of 10c per cwt. This is due to the fact that the supplies coming forward of late have not been more than sufficient to fill actual local requirements, therefore, with the market in this condition this discouraging advices from abroad have lent little effect on buyers' views. The demand was good for all offerings and sales of selected stock were made, $6.90 to $7.10 per cwt, weighed off the cars.

BOARD OF HEALTH HELD SESSION THIS MORNING

A meeting of the Board of Health was held this morning when there were present; Dr. Burnham, chairman, Dr. Young, Dr. McNulty, and Messrs Jas. Edgar and Jas. Murty.

A request was received from Mr. A. S. Elliott for sewer accommodation on Bethune St.

A resolution was passed recommending the construction of a sewer on Bethune street between Hunter and Brock streets.

The Collier-Cunningham Company, wrote regarding sewer accommodation for their building on Simcoe street, near the water front.

The board passed a resolution recommending that they use a septic tank to obtain the accommodation desired.

A resolution was passed requesting the City Trust Commission to have the buildings belonging to the city in Ashburnham connected with the sewer and waterworks. There have been complaints about the sanitary condition of the building referred to.

NOT GUILTY OF POISONING A VALUABLE SHEEP DOG

Samuel Lowry was charged at the police court this morning with poisoning a valuable sheep dog belonging to Mr. U. W. Edwards Chambers street. Mr. W. H. Moore prosecuted and Mr. Albert Dixon appeared for the defendant and pleaded not guilty. Several witnesses were heard and the case took up practically the whole morning.

William W. Edwards 421 George street, the complainant, stated that he kept a butcher shop. He lived over the store and the defendant lives in the rooms over the barber shop next door. He said that his father owned a dog an old English sheep dog. It was very valuable, and was brought here from England. On the 22nd of July it was poisoned in the back yard. The yard is used in common only by Lowry and the witness. The dog was well worth a hundred dollars.

The stomach was sent to Toronto for analysis and on enquiry at the different city drug stores it was found that on the 16th of July S. Lowry purchased strychnine at McDermid & Jury's.

Miss Gwendoline Edwards stated that she remembered the poisoning of the dog. Before the death of the dog witness said that she had heard Mr Lowry say that it was a good dog and she had also heard him say at least a dozen times to the dog, "I'll strangle you, you brute."

Phylis Edwards said that she remembered the day the dog took sick. The dog was with the witness. She was sitting on the verandah. The animal went out of the gate and the witness saw it eat something. About five minutes after the dog began to act strangely, jumping up at her and falling down again.

Mr. R. H. Quinn of McDermid & Jury's drug store stated that he remembered selling strychnine to Mr. Lowry on July 16th. Mr. Quinn showed the entry in the poison book. He sold him 10 grains, sufficient to kill a dog.

Wm. R. Munro, a veterinary surgeon stated that he was called in during July to see a dog belonging to Mr. Edwards. The animal was in convulsions evidently suffering from strychnine poisoning. The stomach was sent to Queen's Medical College. The report received showed that strychnine was present in large quantities in the stomach.

Mr. Lowrey, for the defence, said that he lived at 420 Chambers street adjoining the Edwards home. He did not think the dog was of any great value. He was always on friendly terms with the animal. He denied even threatening to kill the dog. He bought poison to kill rats. He had never put poison outside the house. Several persons have access to the yard. Witness said that the complainant had two cats that were a source of annoyance to him.

At the conclusion of the evidence for the defence His Worship stated that the defendant had not been proven guilty. While many of the circumstances in connection with the case pointed to Mr. Lowry as the poisoner, it had not been directly proven, and the Magistrate dismissed the charge.

DRINK
JOHNS'
TEA

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address, F. J. CHENEY & Co., Toledo, Ohio.

Sold by Druggists, 75c.

FIVE DRUNK AND DISORDERLIES

Appeared Before Magistrate Dumble This Morning---A Heavy Docket

Several drunk and disorderly cases appeared before Magistrate Dumble this morning, there being so many that the prisoners' dock would not accommodate all those who were eligible for seats in the box.

John Braker was the first to answer the roll call. He was charged with vagrancy. Chief Rozzel said that Barker was no good, having been offered work and did not take it. He spent all his money on liquor. Barker stated that he had been getting $32 a month bookkeeping and would go right away if allowed to go. His Worship gave him three hours to leave the city.

Wm. Kelly was charged with being drunk and disorderly yesterday. He promised to behave in the future and was let go.

A young Englishman was fined a like amount for the same offence.

PERJURY CASE ADJOURNED

Jas. Levasseur Jr. Remanded Until Friday Morning

The case of Joseph Levasseur, Jr., charged with perjury in connection with the illicit selling of liquor, came before His Worship Magistrate Dumble at the police court this morning and was again remanded until Friday morning. County Crown Attorney R. E. Wood stated that he had to leave the city to-day, and as the dog poisoning case occupied the whole morning, he asked to have the case adjourned for a few days and Mr. R. F. McWilliams, counsel for the defendant, consented to the adjournment. Bail was renewed and Levasseur was allowed his freedom.

QUIET WEDDING TAKES PLACE

One of the Events of the Week at Warsaw—Other News of Interest

Special to the Review.

Warsaw, Aug. 24.—A quiet but pretty house wedding was celebrated on Monday evening of this week, when Mr. David E. Bell, of this place and Miss Margaret McIlmoyle, of Lakefield, were united by Rev. P. W. Currie in the holy bonds of matrimony at the manse. The groom was attended by his younger brother, Mr. Ernest Bell, and Miss Annie Bell performed the duties of bridesmaid. The bride was handsomely attired in white peau-de-soie.

The happy couple will reside on Main street, where the groom has purchased a home and holds a responsible position with the Selkirk Lumber Company. Our best wishes go with them in their new sphere of life.

Several visitors are in this vicinity at present, among whom are Mrs. Cephas Edwards, of Napanee, at Mr. Mark Edwards, Miss Graham, of Fenelon Falls, at Mr. John Dwart's. Miss Cullen, of Lakefield, at Mr. R. Mills.

Mr James Tucker has about completed the extensive repairs and alterations to his house and will have a comfortable edifice.

Word has been received from Mrs. Donald and Miss Pearl McIntosh, who have safely arrived at Saskatoon.

The Anglican S. S. held their picnic in Tucker's grove on Saturday last and had a pleasant time, notwithstanding the cold weather.

Rev. S. Munro, of Oakwood, who is visiting the village doctor, will preach in the Presbyterian church next Sabbath, morning and evening in an exchange with the pastor, Rev. P. W. Currie, who is visiting at home and in Toronto.

Large congregations attended both services in the Presbyterian church last Sabbath where the pastor is finishing a course of special sermons on the Life of David and Jonathan.

Our new teachers have fairly entered on their duties and expect a pleasant and prosperous year.

BRIGADE MADE VERY QUICK RUN

Just to see what the fire brigade could do, Chief Howard sent in an alarm from box 23, at the corner of George and Hunter streets this morning. Exactly one minute and a half from the time the alarm was rung the brigade, with the equipment, was on the spot. This is excellent time. Afterwards some hose drill was gone through.

UNIFORMITY WANTED IN THE OPENING OF THE SCHOOLS

Agitation to Have Rural Pupils Have Same Holidays as Those in the City—Small Attendance at Country Schools.

The Review is informed that an agitation is on foot in many of the rural districts of the province to have the schools open for the fall term on September 1st, instead of about the middle of August, as at the present time. The city, town and village schools do not open till September 1st, but the rural schools opened last Monday, August 17th. It is said that in Peterborough county the attendance at the country schools is very small as the boys are assisting in the harvesting and will not be able to commence their lessons for ten days or two weeks. Conditions in this respect are much the same as in past years and as a result an agitation has sprung up for a later date for opening the rural schools. The proposition is to have them open at the same time as the city and village schools.

The earlier opening of the rural schools was set to make up for time lost in the winter when it is impossible for the children to attend school on account of bad roads etc. In the older and thickly settled parts of the province at the present time it is seldom that the schools are closed in the winter, and there seems no reason why the country children should not have the same amount of holidays as their city cousins. It is said that this matter will be taken up at the next session of the Ontario Legislature.

CRISIS WILL BE REACHED AT EXECUTIVE'S MEETING

If Labor Leaders Decide That Strike Should go on Steps May be Taken to Tie up the System—Keir Hardie Says Men Must Hold Together.

Toronto, Aug. 26.—The crisis in the C. P. R. strike is expected before the end of the present week. Authoritative word has been received from Montreal that executive officers representing the Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen, Order of Railway Conductors, Brotherhood of Railway Trainmen, and the Order of Telegraphers have assembled in Montreal to hold a conference respecting the machinists' strike.

If the representatives of these five executives consider that the strike should be continued, supported and fought to a finish, steps are to be immediately taken with a view to tying up the C. P. R. system.

Each of the five orders has grievances which, if deemed advisable, can be forwarded to Ottawa early next week with formal applications for the appointment of arbitration boards.

Montreal, Aug. 26.—Warrants for the arrest of five strikers were issued yesterday as the result of a disorderly demonstration, by which a gang of 200 men set upon four employes of the company who were leaving the Angus shops. One of the four had his leg broken and the others were roughly handled.

The leaders of the strikers disavow the act and say few strikers were among the assailant. They point out they have advised the men all along to refrain from acts of violence. The mob was of all nationalities, and, armed with sticks and stones, stationed itself in the vicinity of the C P. R. tracks on Papineau road, at the spot where the train usually stops for the convenience of the workers living in that neighborhood.

The open air meeting held within the enclosure back of picket headquarters on Rachel street, was attended by over 2,000 of the strikers. Everybody appeared satisfied at the progress made and are looking for a break in the ranks of the company's officers. It is generally known that the company's officers are not a unit on the matter of policy, and early developments are looked for.

Speaking last night in the Monument National, on the C. P. R. strike, Keir Hardie, M.P., advised the men to hold together.

"A strike is war," he said, "and in the field of battle the man who flees and deserts his comrades is a coward and traitor. The same is true of the striker who goes back."

During an address of an hour Mr. Hardie defined socialism as a movement by which law and the industrial affairs of the country were to be acquired by the public and used for common good and not private ends.

"Socialism," said the speaker, "is the only remedy for the present poverty and hunger of the world."

Mr. Hardie leaves to-day on a visit to western cities.

MILLIONS OF DOLLARS DAMAGE DONE BY FLOODS IN THE SOUTH

Many Lives Lost in North Carolina—Cotton Mills in Great Danger—Washouts on Railways.

Special to the Review.

Columbia, N.C., Aug. 26.—Many lives have been lost and property worth several millions has been destroyed by floods. At Camden nineteen persons lost their lives. Cotton mills along the Pacolete River, near Spartanburg, are in great danger. It is reported, though unconfirmed, that Pacolete mill No. 1 is destroyed. The camperdown [illegible] at Greenville stands in water five feet deep and may go at any moment.

Greensboro, N.C., Aug. 26.—Great damage is being done to property by heavy rains. There are serious washouts on the railways and the public highways are almost impassable. Many trains are abandoned and none are making schedule time.

PROPOSED NEW DOUBLE TRACK

From Midland to Port Hope—G. T.R. Surveyors Busy at Work

Lindsay, August 24.—The Grand Trunk surveyors are busy on the proposed new double track from Midland to Port Hope. At present they are at work around Woodville. The object is to secure a more efficient grain route. In order to accomplish this, besides having the double track will be necessary to cut off some of the heavy grades which at present retard heavy traffic. So the surveyors are up against the question of running an entirely new line or cutting down grades on the old one. To carry out the latter scheme and make it a success would almost entail as much work as to run a new line. As to what the engineers are going to do it is not definitely known. In fact it is not likely that they are certain themselves. However, that something will be doing in the near future is almost assured. The double track will no doubt be soon in the course of construction, but whether it will be along the old road or along a new one is the question at issue.

Ex-Pastor Kills Himself.

New York, Aug. 26.—Ill, half blind, criticising the church on the score of untruthfulness and insincerity and declaring that he could not worship "America's trinity—success, pleasure and gold," Rev. Albert H. Trick shot and killed himself in a room in Mills' Hotel yesterday.

He was once pastor of a Presbyterian church in Chicago, and later had a charge at Saratoga, N. Y., but had no regular pastorate for several years.

Killed by Horse.

Cornwall, Aug. 26.—Miss Lennie MacNamara, cook at the Cornwall General Hospital, was injured Monday night and died yesterday afternoon in the hospital. She was crossing Pitt street, when a farmer's horse bolted and she was knocked down. She was about 30 years of age and a daughter of Richard MacNamara of Apple Hill.

Arrested For Forgery.

Kingston, Aug. 26.—Just as he got aboard the steamer Kingston yesterday afternoon, Frank Hall, aged 30, giving Cornwall as his home, was arrested on a charge of cashing a forged check for $20 at McLeod's drug store.

Loop Claims Couple.

Rochester, N.Y., Aug. 26.—A special from Hornell, N.Y., says Thomas Hurley, a trick bicyclist, was fatally injured there yesterday morning. Hurley was at the top of a 60-foot ladder, making ready for a loop-the-loop act, when he fell to the ground. At the hospital it was found that both of Hurley's legs were broken and he is injured internally.

Hurley had just returned from Albany to see his wife who is dying from the effects of a similar accident.

British Sailors Win.

Sydney, N. S. W., Aug. 26.—The athletic program in connection with the visit of the United States battleship fleet, was increased yesterday by the addition of contests between the United States and British sailors and the native Australians. In the tug-of-war the team from the British warships defeated the American sailors.

In the 300 yards foot race, Brown of the British cruiser Pioneer was first.

C. P. R. Orders Rails.

Sault Ste. Marie, Aug. 26.—The Canadian Pacific has placed an order with the Lake Superior Corporation for 85,000 tons of 85-pound rails for delivery soon. The company has also been assured of big contracts from the Grand Trunk Pacific, the first of the month, when the plant will probably resume operations.

Fifteen hundred men will go back to work.

Babe Deserted In Woods.

Guelph, Aug. 26.—A baby boy, about a week old, was found alive and well, apparently very hungry, in the thick of a cedar swamp near Riverside Park, yesterday afternoon.

Fred Smith, bartender of the Priory Hotel, found the child, wrapped in a long flannel nightdress, lying face downwards in the heart of the swamp.

The underbrush where the child was lying was considerably trodden down and a woman's footprints could be discerned quite distinctly.

Two Men Shocked.

Welland, Aug. 26.—In rigging the wire up to connect with the motor on the main street swing bridge, John Rocket of Thorold received a 12,000 volt shock yesterday. He was up the pole at the time. The shock knocked him senseless and he fell back on his safety belt. John Valley of Port Dalhousie was also shocked, but not so seriously.

Cadets For Ottawa.

Ottawa, Aug. 26.—In the Canadian Rifle League the school cadets who got positions during the summer shooting were: First, Dundas High School; second, Ottawa public school; third, Halifax County Academy. Ten of each of these schools will shoot at the D. R. A. this year, and the league will pay their expenses.

Safe-Blowers Arrested.

Winnipeg, Aug. 26.—The police have arrested four men, William Duffy, Pat Murphy, John McDonald and Robert Scott, suspected of being concerned in safe-blowing exploits lately.

Safe-blowers have apparently been working all the towns within easy reach of Winnipeg.

Smothered to Death.

Dorchester, Ont., Aug. 26.—Frank Hunter, who lives on the farm adjoining the village of Dorchester, was working in a gravel pit on his own farm, when the earth caved in and smothered him.

Schools Closed; Smallpox.

Christiana, Aug. 26.—All the schools in this city have been closed, owing to a serious outbreak of smallpox.

PUGSLEY BUYS NEWSPAPERS

St. John Liberal Hopes to Deprive Conservatives of Organ.

St. John, N. B., Aug. 26.—The Telegraph and Times newspapers have again changed hands, this time from Conservative to Liberal interests. The deal which has been hanging for some time, was consummated yesterday. Those figuring in the purchase are Dr. Pugsley, Minister of Public Works; Geo. McAvity, John E. Moore and David Russell, former owner of the papers. The price is $150,000. A cash payment made to bind the sale and notes were given for the balance.

The purchase of The Telegraph and Times by the Liberals has been brought about in the hope of depriving Conservatives of newspapers during the Federal campaign.

With the aid of The Telegraph, and Times, Sun and Star, Dr. Pugsley hopes to be able to carry St. John. The Globe, which is not any too friendly to Pugsley, cannot be relied upon to be very enthusiastic over his candidature.

Year For Bigamy.

London, Aug. 26.—George Henderson, from Edinburgh, was sentenced yesterday to one year in the Central Prison, for bigamy. He married a West London girl since coming here, although he left a wife and family in Scotland.

Moose Killed In Street.

St. John, N. B., Aug. 26.—A moose which foolishly wandered into St. John a few days ago was pursued through the principal streets by a crowd of men and boys, until finally it fell dead in the old Loyalist graveyard.

Will Be General Staff Officer.

Ottawa, Aug. 26.—Militia orders state that Lieut.-Col. H. E. Hurstall, R.C.H.A., will act as general staff officer for training as well as umpire for field artillery practice at Petawawa Camp this year.

Anonymous Letters.

Springfield, Ill., Aug. 26.—Employers of negro labor in Springfield are being threatened by a flood of anonymous letters, which has been growing in volume daily since the race riots.

THRICE TRIED TO KILL HIMSELF

Love-Lorn Port Arthur Man Tries to Die But in Vain.

Port Arthur, Aug. 26.—Alfred Halverson, disappointed in love, made three attempts to commit suicide on Monday night.

He tied his hands together and went to jump off the dock, but was caught; later in the hotel he tried to strangle himself, and was taken to gaol, and was about to cut his throat when officers caught him.

Put in a cell, he was later found endeavoring to choke himself.

Loved Stepmother.

Jacksonville, Fla., Aug. 26.—A farmer named Turner residing about ten miles from the city, was shot and killed at a late hour Monday night by his son. Bad blood had existed for some time because, it is alleged, the younger Turner was in love with his stepmother, a young girl whom his father had married a short time ago. Young Turner was arrested and lodged in jail in this city.

Wanted a Longer Term.

Kingston, Aug. 26.—Edward Randall, the Strathcona agent who absconded with Dominion Express orders and funds, pleaded guilty and was sentenced to six months in the Central.

He asked for a longer term. He had no relatives in this country, coming from England a short time ago.

Twenty-Five Carried Away.

Columbia, S. C., Aug. 26.—A telephone message from Camden, S. C., says that the toll bridge over the Wateree river, near that place, was washed away by floods, carrying with it about 25 people. Meagre reports say that the dead number eight. Telegraph lines in that section are down and communication is difficult.

Goes Back to Life In Prison.

Port Huron, Mich., Aug. 26.—Chas. Knisley, a young Englishman, who has been in the county jail for several months while his case was being investigated by the immigration authorities at Washington, was sent back to England Monday where he is to enter a prison and serve a life sentence.

NOT UNTIL LATE IN OCTOBER

Ottawa, August 25.—The Government will not be able to definitely decide on the date of the election for some time yet, pending a report of progress as to the promptness with which the revision and printing of the voters' lists, etc., is carried on. Every effort is being made to facilitate the work of completing the multifarious details involved in getting the machinery of the election law ready, but it is improbable that everything will be in readiness for polling before the last week in October or the first week in November.—Globe.

$125,000 BLAZE IN UNION STOCK YARDS AT TORONTO

Twenty Out of Thirty Acres in Cattle Pens are Wiped Out by Flames That Rage for Several Hours—96 Sheep are Burned—Property Half Insured.

Toronto, Aug. 26.—Fire which swept the stables of the Union Stock Yards at West Toronto early last evening caused a loss roughly estimated at about $125,000. This includes the destruction of a row of eight dwellings on Albany road, just outside the yards, six of the houses being the property of the company.

The insurance will run about half the damage.

The cause of the fire is unknown, but some boys state emphatically that they saw three men on bicycles ride up to the yards at Albany road and throw burning paper in among the straw in one of the pens. They then got on their wheels and rode off westward, so the boys state.

The cattle and sheep pens destroyed covered an area of 500,000 square feet and were completely destroyed.

Luckily it was not a market day and the only stock lost were 96 lambs, 2 steers, and 4 bulls. A day earlier and a great barbecue would have resulted.

Five hundred tons of hay were also burned. This it was that caused the great pall of smoke.

The absence of a strong wind at the beginning gave the firemen a better chance, but it was a hard, hard struggle. At 8.30, however, the flames were under control.

It was about 6.45 when smoke was seen coming from the glass ally by workmen who were stabling their horses preparatory to going home. A moment later, before an alarm could be given, flames burst from every side of the large building, which was used for show purposes. This was a building almost entirely glass, 300x180 feet. The evening breeze carried the fire rapidly to the north.

Before the West Toronto firemen arrived the wind veered to the southeast and the fire was beyond control. The sheds which were of pine 30x300 burned like tinder.

From one to the other the fire jumped until twenty-six were a mass of flames.

The Toronto fire department sent 20 men with 1,800 feet of hose and an engine.

As night came on the scene was spectacular in the extreme. Viewed from Franklin street on the west the sight of 20 odd acres all in flame with the hay barn, in which there was 500 tons of hay, as a background, is beyond description. In all the sheds covered 30 acres. Of these but six acres remain.

The C. P. R. roundhouses were constantly in danger, but the watchfulness and hardwork of the employes held them safe.

Burglar Uses Chloroform.

Chatham, Aug. 26.—Frank Mero and family of Tilbury awoke yesterday morning with racking headaches and odor of chloroform permeating the house. Later Mero discovered he could not find his clothes, which he afterwards found outside the house with his watch, bank passbook and $27 gone.

Cute Beggar Caught.

Ottawa, Aug. 26.—Henry McEvoy whose forte is ringing up clergymen and representing himself as a business man sending a deserving individual for charity or a loan and then going himself and collecting the money, appeared in the Police Court yesterday and was remanded for a week.

Burglars Sentenced.

Simcoe, Aug. 26.—Geo. Snelgrove was yesterday sentenced to three years in Kingston penitentiary and C. Buckley to four years in Victoria School, Toronto, for house-breaking.

Three Killed by Train.

Winnipeg, Man., Aug. 26.—Alexander Milton, chief accountant in the paymaster's office of the C. P. R., with headquarters here, and two section men were run over and killed Monday night at Eagle River.

Milton was distributing pay checks when he met his death.

He was in the act of handing out checks, when the transcontinental came along, and Milton and the two men he was about to pay stepped from the main line track to the sidetrack, the train coming down the latter right-of-way and crushing them.

Killed by Car.

St. Thomas, Aug. 26.—Harry Branton, who formerly owned the Balmoral Hotel here, was killed by one of the big cars belonging to the Southwestern Traction Co. yesterday. He was sitting on the corner when the cars run close to the curb, and he was struck and thrown beneath the wheels.

TORONTO WOMAN DECLARES HUSBAND WANTS TO KILL HER

Mrs. Eugene Cutts Says He Has Made Three Attempts to Murder Her—The Case Has Been Laid Before Attorney-General's Department.

Toronto, Aug. 26.—Alleging that his son-in-law, Eugene Cutts, had made three attempts upon Mrs. Cutts' life, J. G. Croucher, 122 Dupont street, has taken his daughter-in-law under the protection of the parental roof, and has called the attention of the Attorney-General's Department and Louis Monahan, acting county crown attorney, to the affair.

Mrs Cutts, who is 29 years of age, tells of having lived contentedly with her husband for eight years until last November, when Mr. Cutts became infatuated with a young Toronto girl of good family connections.

Mrs. Cutts objected and so did the young woman's father and the matter was taken before Police Inspector Archibald, when a settlement was reached.

The first attempt upon her life was made, Mrs. Cutts affirms, in March, when she was ill and a neighbor who has some knowledge of nursing, had been attending her.

One morning as she was laboring under violent pains in the stomach the neighbor called to see her and the husband locked the door. The woman insisted upon getting in, however, and he opened the door, but did not want her to go upstairs. But she would not be put off, and upon reaching Mrs. Cutts' chamber found the patient suffering from what she suspected was poisoning. Quickly, she asked the husband for milk. He refused. The woman threatened to call the police and he gave her the milk. An emetic was administered and Mrs. Cutts recovered.

In June Mrs. Cutts claims her husband made some tea and gave it to her, but the taste was nauseating and suspecting the tea was poisoned she asked him to taste it. With an oath he threw the tea, cup and all, out of the window.

On the night of July 20th after she had retired, Mrs. Cutts states, she heard a noise in the house and upon calling out who was there, Mr. Cutts' voice answered. A few minutes afterwards a cloth containing chloroform was thrown over her face. Marks of burning are still noticeable on her face.

Mr. Cutts claims that when he came home he found me unconscious on the bed and immediately went for a doctor.

"When the doctor arrived he found all the gas cocks turned on and the windows and doors closed, although," says Mrs. Cutts, "I had opened the windows before retiring. The doctor restored me to consciousness and left a tablet for me to take, but a little later Mr. Cutts threw this out of the window."

The next day Mrs. Cutts went to her father's house with two of her children and has been staying there ever since. Her two other children were left with Mr. Cutts' mother.

The facts as given above have been given to the Attorney-General's Department by Mrs. Cutts' father, J. G. Croucher, superintendent of the Toronto Electric Light Co.

WAS KILLED FOR GROANING

Frank Bryant, 23 Years Old, Confesses to Murder of Aged Clerk.

Chicago, Aug. 26.—Frank Bryant, 23 years old, has confessed that he murdered Thomas Brady, an aged clerk, Sunday night, in Springfield, Ill. Brady and Bryant slept in the store of George L. Forsythe. Bryant said he drank a pint of whisky after he went to bed, and as a result could not go to sleep. After tossing for hours Bryant went into Brady's room, he says, and heard the old man groaning and moaning.

"I was not feeling good," said Bryant, "and told him to shut up. He muttered something and kept on groaning. Then I grabbed an axe lying on the floor and hit him on the head."

Bad Fire at Glencoe.

Glencoe, Ont., Aug. 26.—This village experienced yesterday morning the worst fire which has occurred here in many years. Flames were first seen issuing from a building owned by Geo. Parrott, and occupied by Dan Hurly, machine agent, and J. Buchanan, tailor, near the corner of Main and McKellar streets. The adjoining buildings were occupied by A. E. Archer, jeweler; H. Moore, barber; D. Lamont, harnessmaker; J. A. McLachlan, confectioner, and J. N. Sexsmith, boots and shoes, and all were destroyed, together with the greater portion of the different stock. The total damage is estimated at $17,000.

TELEGRAPHIC BRIEFS.

The population of Kenora is 6,257.

Fritz Knock hanged himself at Rosthern, Sask.

Cattle shipping from Southern Alberta is active.

The stage between Cody and Meeteetse, Mont., was held up and robbed of $1,500.

Building permits at Fort William, $1,230,000 during 1908.

The keel will be laid at once for the seventh "Dreadnaught."

Eight infants have died in London, Ont., in 26 hours of cholera infantum.

The Western Ontario High Court, I. O. F., is in session at London, Ont., with 700 delegates present.

Charles Jones, 35 years of age, a Westminster farmer, fell dead in the yard of his home at Lambeth.

The residence of J. H. C. Leggett, town clerk of Amherstburg, was totally destroyed by fire yesterday.

A meeting called to arrange steps towards securing the provincial university for Regina brought out only a small crowd in that city.

Engine 140, going from Calgary with a wrecking train to the rescue of a train in a ditch near St. Mary's, Crow's Nest Pass, got ditched herself. No one seriously hurt.

No Tips, No Waiters.

Buffalo, N. Y., Aug. 26.—On trip of the steamer Northland, which arrived here yesterday from Chicago, ten of the 25 waiters refused to serve the meals because of the failure of a number of students of a military school among the passengers to tip them. They demanded an increase of wages on the lieu of the tips and on being refused they declined to work.

They were arrested on arrival here and taken before Deputy United States Marshal Conkling and charged with mutiny.

Brick Wall Falls.

Chelsea, Mass., Aug. 26.—A 30-foot brick wall for a building which is being erected in Chelsea to replace one burned in the fire last April, collapsed yesterday and buried more than a score of workmen. Five bodies were taken out in the first half hour and 15 men more or less injured, were removed to the U. S. Marine Hospital, where it was reported that several would die. Nearly all the workmen were foreigners.

CONSERVATIVE NOMINATIONS

Dr. Chabot Chosen at Ottawa—Conventions in Other Towns.

Ottawa, Aug. 26.—The Conservative convention nominated Dr. J. L. Chabot by acclamation and Thomas Birkett on the first ballot by 300 majority yesterday, the vote being Birkett 450, P. D. Ross 150, Fred Cook 130. Mr. Birkett suggested that the other candidates had jumped into the fray while he was on holiday, it having been understood, he said, that he would receive the nomination unanimously. He claimed the nomination as against Mr. Cook on the ground that he himself was a native of Ottawa, while Mr. Cook was an Englishman.

Galt, Aug. 26.—South Waterloo Conservatives nominated George A. Clare, M. P.

Dresden, Aug. 26.—East Kent Conservatives decided to leave the matter of nomination with the executive. No candidate may be named.

Mount Elgin, Aug. 26.—South Oxford Conservatives nominated Donald Sutherland, ex-M.P.P., by acclamation. Mr. Sutherland was defeated in the recent provincial election.

Hensall, Aug. 26.—South Huron Conservatives nominated John Shermitt of Stephen, for the Commons. J. J. Nerner of Zurich and Thomas Hay of Seaforth, contested the nomination.

Adamites at Salt Coats.

Salt Coats, Aug. 26.—James Sharpe, the Adamite leader, and followers passed through here Saturday night, camping on the outskirts of the town. Large crowds listened to their preaching and singing. Two of the company stood on guard with loaded rifles all the time. They are as fanatical as ever, and declare they will die before submitting to arrest. Mounted police are accompanying them.

Seaman Court-Martialled.

London, Aug. 26.—Able Seaman Herbert Capley of H. M. S. Minotaur, struck his superior officer while the ship was lying at Quebec last month, and was court-martialled at Chatham in consequence. He told the court that he was in a passion at the time. He was sentenced to six months' hard labor, to be followed by dismissal from the service.

Dominion Baptist Union.

St. John, N. B., Aug. 26.—The Maritime Baptists, in convention here, have decided to adopt the report that the Baptists of Canada organize into the Dominion Baptists Union.

The first meeting of the union will be held in Ottawa in October, when details of the organization will be worked out.

Fugitive Caught.

St. Thomas, Aug. 26.—Bert Casswell, a fugitive from Michigan, was arrested here last night just as he was leaving the telegraph office, where he had received a message.

Bourassa Is Home.

Montreal, Aug 26.—Henri Bourassa, M.P.P. for St. James' division, Montreal, has returned quietly from his European trip.

Double Drowning.

Owen Sound, Aug. 26.—Donald McDonald, aged 13, and Roy Hall, aged 14, were drowned while in bathing yesterday afternoon.

McDonald, who was on a log fell off and Hall went to his assistance with the result that he was dragged down by the weight of the other boy.

Criminally Negligent.

Winnipeg, Aug. 26.—A jury enquiring into the death of Wm. J. Robinson of Kamsack, after being out forty minutes found S. W. Axtell criminally negligent in assuming responsibility of the case, being "unskilled and unqualified."

IMMIGRATION

> "I have said that Mr. Borden pandered to local prejudices on the question of Japanese immigration. Speaking in this city recently Mr. Borden said 'that the views of the people of the West ought to be accepted with respect to a solution of this question.' But I say that this question is not at all a question for British Columbia alone. It is a question which interests the whole people of Canada, whether in the east, west or centre."—Sir Wilfrid Laurier.

We believe that our premiers should be treated with respect. We have no desire to befoul our own nest or to bespatter our representatives with mud. The proper way to dispose of them when not actually inanimate, is to translate them to a legislative purgatory, the Senate, there with the faded giants of forgotten days to while away the honourable remainder of their time on earth. So let it be with Sir Wilfrid. A man who can institute, create, encourage and develop such a scheme as Japanese and Hindoo immigration ought to retire to the Senate. He is behind the times. But for the mighty conquering protest of Mr. Borden et al. where would the Canadian wage-earner now be?

TAKE AN INSTANCE

The Toronto Star remarks that bad times in the United States show that protection does not produce prosperity that taxing the many for the benefit of the few does not produce it either. It will be noticed that the gist of the article is its attack on Protection. Its little god Free Trade must be bowed down to, and worshipped. Any attempt to criticise or improve on the old god is met by a shudder of horror and resentment. Times are very bad in Great Britain. Hundreds of thousands of men are out of employment. They are emigrating with all speed to protected America, protected Australia, and nominally protected Canada. The condition of the wage earner in Great Britain does not admit of discussion. He can stand competition no farther. Even ship-building on the Clyde is shut down. The masses are going behind in Great Britain. The capitalists are richer than ever. In a free market, free products and above all free labour Capital rejoices. Why? Simply because plenty of capital and labour are the necessary fulfilling conditions of Free Trade. Protection on the other hand starts with high wages and an improved condition of life for the wage-earner. If he did not get higher wages than his Free Trade brethren, Protection would not be necessary. Protection is the equaliser. That is all it is.

Take the instance we spoke of. Matting of all kinds has now merely a tariff of 17 1-2 per cent. to protect it. To equalize the Hindoo and Canadian conditions of life the tariff protection must be just 28 per cent. The direct consequence of this is that our trade goes to India in that respect and our working cash capital, our most valuable asset follows it. We buy our mats there. Until our mat factory hands come down in their wages and therefore of course in their manner of living, they must do without business. The mat business has gone to India. But the Free Trader, who constantly ignores the standard of living, in his argument, says, "Why doesn't the mat man go at something else?" This going at something else would have to happen in every line of manufacture so that in the end unless we chose to use the flail again and spin our own web, make our own clothes, and go back wholly to the simple primitive life, we should have to keep paying out what cash we get for our farm products and natural resources to the manufacturer abroad. Always it will thus be seen we are without our cash capital under those circumstances. Every species of humbug in the produce market would combine to humble us farther. We would not get farther down because we couldn't. We should be down to living in nature's way as nearly as possible, perhaps in caves. But Protection is the great equalizer. Where other countries have an advantage over us we put up our tariff shield against them. We say let us have Fair Trade not free trade. Free Trade in this mercenary and unhappy world means what an open house would mean in the Bowery or in the land of thieves. We wouldn't have a thing left except perhaps the house. Trade cannot be free and fair at the same time. There must be rules to the game. Just as in the case of the mat factory and in that of the woollen mills so in every other. There is some show of tariff existing but the preference which Great Britain laughs at and answers with the embargo spoils. We are slowly starving to death. The country is being pauperized. Now then, who gains by it? The farmer? Not in Great Britain. Not in Canada or the United States where the Home market is the farmers' joy. He feels the effects of free trade sooner than even the wage earner.

But the great crushing answer to the Free Traders in America is the United States. Point to that overwhelming fact. What more need be said. She is sometimes ill from repletion from overfeeding, from greed, from overhasty development of her own resources but she never can go back unless her people lose their energy, their morals and their ambition. Has the Preference made you rich? Has the Laurier Government made you rich? Has it made anybody rich? Yes. All those who have cash capital to begin on are thriving on our vast expenditures. It is madness not government. Everything seems to follow suit, but the speculator. He thrives and as he thrives he mocks the toiler by crying that the country is prosperous. He wants the waste kept going.

SIR WILFRID AND CORPORATIONS

We quote the following amazing advocacy of corporations from Sir Wilfrid's speech delivered in the House of Commons Dec. 5, 1907, and no wbeing scattered throughout the now being scattered throughout the country in the 'Liberal campaign pamphlet. His idea has borne fruit. The country is now in the hands of the great money-lending corporations:—

"The truth is also that corporations have been one of the most potent agencies of modern civilization in the creation and distribution of wealth amongst all classes of the community. It is undeniable even the hon. member for South York, who almost daily declares himself the enemy of corporations and especially of railway corporations, cannot deny that corporate capital, corporate labour, corporate effort, will be more than ever could be accomplished by individual effort. What are corporations after all? Corporations are simply aggregations of economic forces, and it stands to reason that aggregations will always accomplish more than individual effort."—Sir Wilfrid Laurier.

EDITORIAL NOTES

Has the preference made you rich?

The syllabus of instructions in the new Normal schools includes courtesy and good manners. Hooray!

Loss in gross earnings for first week in August of Canadian railways were $1,282,000 or 25 per cent.

The cattle embargo placed by Great Britain on Canadian cattle has caused a loss of $30,000,000 to Canadian cattle-raisers.

"Beer and Pigs' Feet," is the motto of many a man who would climb the ladder of fame. It is the plain Canadian for Excelsior.

Old Country buyers have gone shy on Canadian cheese. They say that Canadian "ubils" have combined to give a pretended or temporary boost to the price in Canada. It must come down here before they will buy there there.

Mr. J. R. Stratton will likely be the Liberal candidate in East Peterborough. It will be either he or the present member, Mr. [illegible]. Either will make a Longboat run. They are probably the best available for the purpose. No one else seems to want the job.

The case of the two highwaymen of New York City, who threw at midday a woman who refused to submit to being robbed in front of a rapidly moving trolley that crushed her to death, shows what we are coming to. It is such things as this that show the underlying rascability of human nature.

"Rural delivery may be good in those places where it can be carried on, but I am here to speak for those places where it cannot."—Wilbur McIntyre, (Liberal M.P.)

Sure! That's the way all Liberals argue. They can't have city delivery in Bobcaygeon, therefore it must not be instituted anywhere!

It is distinctly and plainly laid down by the department that the route must be twenty-four miles long, that there must be one hundred families on that route and that eighty-five of those families must not only put up boxes, but agree to take rural free delivery. Thus the rural free delivery system can only be installed in a district where it can be successfully carried on, and if these requirements are not fulfilled, the system cannot be installed until the population increases."

We shall shortly give an illustrated article on this great boon to the farmer. It is one of Mr. Borden's best planks.

OUR NATIONAL DANGER

Time to Cry a Halt Before Complete Wreck Results

There are thousands both men and women, who do not take time to eat properly. They rush through life and as a result we have an age of indigestion, nervousness, irritability, sleepless nights, and morose disposition. Our national danger is stomach weakness, due to the strenuous life.

Mi-o-na tablets strengthen the walls of the stomach and stimulate secretion of the digestive juices. They make the stomach comfortable and cure indigestion.

Sick headaches, palpitation, yellow skin, and coated tongue are a few of the many distressing results of indigestion that Mi-o-na never fails to cure.

W. Madill, druggist, corner of Hunter and George streets, Peterborough sells Mi-o-na in 50 cent boxes, and guarantees to refund the money if it does not give complete satisfaction.

LOCAL OPTION AND REDUCTION OF LICENSES

A Peterborough man who has been in an Eastern Ontario city, with a view of purchasing a hotel there, returned to the city last night. He has been over much of the country lately and is pretty well informed on the license situation.

"I think a man is taking a chance purchasing a hotel nowadays. In the smaller places local option seems to meet with popular favor, and it is my impression that a number of the licenses of hotels in larger cities will be cut off."

"What about Peterborough?" he was asked.

"I don't think local option would carry here," was the reply.

CONCLUDING PARK CONCERT OF S. A. BAND AN EXCELLENT ONE

The last, decidedly the best weekly concert of the Salvation Army band was given at Victoria park last night. The band has played admirably all season and as a musical organization is a decided credit to Peterborough. The excellent playing of the band is fully appreciated by the citizens and has been the source of favorable comment from visitors to the city and it will be regretted that their concerts in the park for the season have come to a conclusion.

Last night a large crowd assembled to hear the closing band festival and thoroughly enjoyed its presentation. The programme was specially selected and Bandmaster Greene had his men well rehearsed for the different numbers. Every selection took well and the great majority of them were greeted with enthusiastic applause by the listeners but owing to the large number of pieces to be played encores could not be given.

Among the best received numbers were "The Glory Song," "Village Chimes" and "All Nations."

The vocal solo, "Glory Song," was taken by R. Brown, with the chorus by the rest of the band. A splendid band accompaniment was given the song. The quartette "Village Chimes" was a real treat in the descriptive and "All Nations" gave the band a wide scope and as the airs of the different countries were played, little girls waved the flags of the nations.

Taken altogether the programme was most entertaining and the selections were good vehicles to show the ability of the band and its soloists.

The programme was;

March, Melbourne.

Selection, Old Times.

March, Prize March, No. 1. This is one of the finest marches in the Army Journals.

Song, with band accompaniment, "The Glory Song," by R. Brown, by request.

Quartette, Village Chimes.

Selection, All Nations. This is a very choice arrangement.

Trombone solo, "I have pleasure," by Bandsman Moyns.

March, "Plymouth." One of the most popular marches of the day.

Cornet and Trombone Duet, 'Larboard Watch,'" by Deputy Bandmaster Ford and Bandsman Moyns.

Selection, "Guide me, Great Jehovah," with variations for cornet, baritone and euphonium.

God Save the King.

25,000 THIS YEAR FOR THE CANADIAN NORTHWEST

To use the expressive language of the street, Western Canada each year bites off more than she can chew. That is, the west wheat raises far more wheat than she can cut and thresh. Therefore, each summer Eastern Canada hears a cry of "Come over into Manitoba and help us, and even go further than Manitoba and assist in getting the wheat of Saskatchewan and Alberta harvested."

And the east answers the call of the west.

From Eastern Canada, which is that part of our big country lying between Port Arthur and the restless Atlantic, there goes on the harvesters' excursions each year more than enough men and women to make two cities. In 1906 the record number of 23,000 went west, but it is estimated that this year's migration from the old east to the new west will total 25,000.

Of this great array Ontario gives about three-fifths. Toronto sends some 3,000 men and Ontario sends altogether about 15,000.

And about five or ten per cent. of the army which heeds the call to go west are women.

By comparison with the men from down by our east coast, Ontario men are near the wheat fields. Because of this comparative nearness the Ontario men can take with them enough or nearly enough provisions to last them till they get to the wheat. And because they do this the fame of harvesters from this province has spread among the men who run restaurants along the north shore of Lake Superior.

These restaurant men say, on the approach of the Ontario man, "Here comes the self-feeders."

Readers of what section of current literature known as newspapers know that harvesters from the maritime provinces have been making things on the way out west almost as lively as they used to be in western towns across the line.

No, it isn't the nearness of their homes to the sea that makes these fellows raid hotels. It isn't because of the long distances they have to travel that the laborers from down east empty water tanks on the train and fill them with stolen beer, and it isn't because these maritime men are handy to fish food at home that they leave the trains on the way west and make things more than interesting for the farmers.

For half a score of years the Maritime men who go west to tackle the wheat problem have had the reputation of being great hands at terrifying the inhabitants along the iron roads leading to the other half of our fair Canada. But even that is not what makes each succeeding year's way-down easters give performances of melodrama at one day stands on the way west.

It appears that the cause of the thoughtless roughness which assumes such serious proportions is that the maritimers are not familiar with railway travel as are most of Ontario's laborers. It is said that in the case of any of the men from the sea-coast provinces the trip west to help get the upper hand of the wheat is their first experience of railway travelling. And in their wildness in unfamiliar circumstances these fellows cut up in very naughty manner.

The people who go west to flirt with the wheat include nearly all kinds except bank presidents and cabinet ministers. Varsity boys go west with the double purpose of making a little money and getting their first look at the west, but there are said to be few, if any, university boys with this year's crowd heading westward. Many people go out to homesteads and quite a number of harvesters are from farmers' families in which there are several sons. The farmers lads get experience out west and in many cases work for friends.

"Ain't it awful" the distances some men travel to get to the fields of golden grain! For instance from St. John to Moose Jaw is 2,300 miles. And when one thinks of 3 cents a mile it looks as if $28 isn't much to pay to do the round trip of 4,600 miles. The round trip, by the way, takes a total of six days.

What with cutting, threshing and hauling to the elevator, there is about three months' work with the wheat, but the harvesters average about two months' work each.

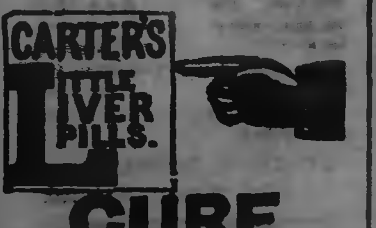
Wages run from $30 to about $75, in each case with board. The big sums go to the men who can take charge of binders and look after the horses or take charge of a thresher and boss the other fellows. Mechanics get $3 a day.

Years ago one used to hear the kick that the men crowded at the nearer points of the wheat district; thus giving too much help at some places and too little at others. That, however, has been done away with.

The harvesters are ticketed to Winnipeg and then the men get free transportation for places as far west as Moose Jaw. Agents appointed by the Government distribute the men so that no crowding need result. As far as possible the men are sent to the places for which they express a preference, it being thus possible for a man to get with somebody he knows.

In order to take advantage of the cheap return rate, the men who go on the harvesters' excursion from the east are required to show a certificate, signed by a farmer, showing that the passenger has done a month's work as a farm laborer. Many tricks are resorted to for getting this signature, but when the west needs so many laborers year after year, the transportation interests must allow a fairly liberal interpretation of the conditions attached to the cheap rates.

Fifteen per cent. of the people who go to the west on the harvesters' excursions stay there, but it is estimated that some two-thirds of the people who don't come back never had any intention of returning, but, in many cases, waited for the excursions so as to get to the west at low rates.



CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

Is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them.

CATTLE MARKETS.

Cables Lower—Hogs Drop Lower at Buffalo Market.

LONDON, Aug. 25.—London cables for cattle are steady at 11½c to 12½c per pound, dressed weight; refrigerator beef is quoted at 10½c to 10¾c per pound.

Toronto Live Stock.

TORONTO, Aug. 25.—Receipts of live stock as reported by the railways were 102 carloads, composed of 1800 cattle, 663 hogs, 1684 sheep and lambs and 138 calves.

Exporters.

There were few on sale—only a few light cattle, weighing around 1200 lbs., which were reported as selling from $4.80 to $5. But there were very few shippers on sale, the market also being easier.

Butchers.

The highest prices quoted by commission salesmen for best lots of butchers' cattle were from $4.70 to $4.80, and then only two at the latter price, with 18 only at $4.70, that is, there were only 20 cattle out of 1800 that were reported as sold at $4.70 or over. The bulk of the butchers' cattle sold for less than $4 per cwt., and a very large number under $3 per cwt.; best butchers, $4.40 to $4.70, and two at $4.80; medium butchers', $4 to $4.35; common, $3.90 to $4, cows, $2.50 to $3.80; canners and bulls, $1.50 to $2.50.

Veal Calves.

Veal calves were scarce in comparison with a few weeks ago, and sold at $3 to $6.50 per cwt. for the bulk, with 10 calves, the pick of the market, at $7 per cwt.

Milkers and Springers.

A moderate supply of milkers and springers sold at $30 to $55 each.

Feeders and Stockers.

Two lots of light feeders, 825 to 870 lbs. each, sold at $3.05 to $3.35 and some common light stockers at as low at $2.50 per cwt.

Sheep and Lambs.

About 1700 sheep and lambs were on sale. The quality of a large number of lambs was far from being good. Export ewes sold at $4.15 to $4.35; rams at $3 to $3.25; lambs, at $5.50 to $5.70 per cwt.

Hogs.

Mr. Harris quoted hog prices unchanged at $6.50 for selects fed and watered at the market and $6.25 for lights.

Drovers report $6.25 f.o.b. cars at country points.

East Buffalo Cattle Market.

EAST BUFFALO, Aug. 25.—Cattle—Receipts, 100 head; slow and steady.

THE STORY OF A BETTING TILT

Local Man Said to Have Acted Unfairly Regarding Wagering of Money

A story is going the rounds about a local man who had been given money, it is stated, by another man to bet on an athletic contest.

According to the rumor, the man who received the money was to have reported whether or not it was put up previous to the contest. It is claimed that the man who entrusted the money with the other, was not apprised of its having been wagered, and that no one to whom it was given as the payment of a bet can be found. The holder, it is said, refuses to return the money, and unless he does, it is pointed out, that legal action will probably be taken against him.

CHILDREN'S AID HAVE RECEIVED

Many Applications for the Adoption of the Little Ones at the Shelter

As a result of a lengthy article in the Canadian Dairyman of August 13th describing the Children's Aid shelter at Peterborough and giving photos of the homeless children several applications have been received from readers of the Dairyman wanting to adopt the little ones.

Not later than five days after the August 12th issue was out seven letters were received asking for some one of these children and one especially urgent long distance telephone call wanting little Harvey "at once." Several letters were also received during this short time by the caretaker, Mr. Henry at the shelter as well as several long distance 'phone messages.

BRAWLERS ARE QUITE BUSY

In the Early Hours in Suburban Sections of the City

The straggling drunks in the more suburban part of the city are causing the residents in those parts to have considerable broken rest. The early morning revels and loud voiced arguments and expostulations of the above class of offenders are very annoying and any measure taken to stop the nuisance would come as a great relief.

Last night, or rather this morning a couple of brawlers waxed hilarious over bottles of lager on Gilmour street, and their loud and disorderly presence did not meet with favorable attention. Such characters are all right training their swords over the cobblestones in some swashbuckling play, but the prosaic ratepayers of 1908 don't appreciate such roystering on the King's highway.

WARM ENOUGH WITHOUT FIRE

As the steamer Water Lily was ploughing her way through Clear Lake last week on a hot morning, three young ladies watched the stoker coal up the furnace so as to keep up his head of steam. One of the girls was heard to say:

"Mamie, just look at that foolish man putting on a fire, as if it were not hot enough without it, now, and who wants a fire in the middle of August, anyway."

DISASTROUS FIRE VISITS HAVELOCK

Over $40,000 Damage Done by Conflagration, Which Started About Four O'clock---Several Stores and Newspaper Office Destroyed.

Special to the Review.

Havelock, Aug. 26.—One of the worst fires in the history of this town started at four o'clock this morning, the supposed cause being a bonfire in the rear of V. A. Coon's general store.

Joyce's boot and shoe store, Barrett's general store, Mackay's tailor shop, Coon's bakeshop and the Havelock "Standard's" Office were destroyed. The Standard is owned by Mr. Lancaster. The loss will reach about $41,000, partly covered by insurance.

The stores destroyed were located on George street, the main thoroughfare of the village. The fire made a big gap in the business section of the village, but it is learned that rebuilding will be commenced at once.

The bucket brigade did good work in checking the flames and preventing the fire from spreading. The conflagration was got under control about 6 30 o'clock.

PETERBOROUGH WOULD HAVE ASSISTED TO FIGHT FIRE

Chief Howard of the local fire brigade received a message from Warden Thompson, reeve of Havelock, early this morning asking for assistance to fight the fire raging there. Havelock asked that the engine and hose waggon be sent as the whole village was threatened by the deadly flames. As soon as permission was secured from the proper authorities and assurance was given by Havelock that they would be responsible for the cost of the trip Chief Howard and his men commenced loading the necessary equipment at the C.P.R. station. Before they started, however, word was received from Mr. Thompson that the fire was under control and that the assistance of the Peterborough fire fighters would not be required.

PROF. LAIRD TO PREACH HERE

Will Occupy Pulpit at St. Andrew's Church at Both Services Sunday

Rev. Robert Laird, M.A., *Professor of Pastoral Theology* in Queen's College, Kingston, will occupy the pulpit at both services in St. Andrew's church on Sunday. Prof. Laird is a talented speaker and will no doubt be heard by large congregations. The special services are being held in connection with the anniversary of Rev. Mr. Potter's induction as pastor. At both services there will be a special collection in aid of the Fernie Presbyterian church which was completely destroyed by fire in that recent disaster.

PORT HOPE MAN KILLED IN OREGON

Crushed to Death by Falling Tree —Was Terribly Mangled

Mrs. Davis, residing on the Town Square, received the sad intelligence on Monday of the death of her son, Harold, in Forest Grove, Oregon. Deceased was felling a tree on the Jennings' farm and the trunk as it fell back crushed Davis against a stump, mangling him terribly. The Coroner made an investigation and decided that an inquest was unnecessary. The remains will be brought here for interment.

Deceased young man was well and favorably known in Port Hope and all will learn with much regret of his sad and untimely death. -- Port Hope Guide.

THE BRIBER TO GET HIS REWARD THE L. C. A. EXECUTIVE DECIDES TO ADOPT SEVERE MEASURES

The Executive Committee of the Liberal-Conservative Association of West Peterborough decided at a meeting held last evening, to offer a substantial reward for information leading to the conviction of those who offer money or its equivalent for the purchase of votes in the coming election in this riding. This measure of protection has worked effectively wherever tried. Every man desirous of gaining a substantial reward can do so, as in all other cases where rewards are offered for the repression or discovery of crime and criminals. It is a plan that stimulates inquiry in all branches of wrong-doing, and a good healthy reward will have a wholesome effect in putting a stop to much of it. A briber who runs up against a chance of going where the fairies won't get him by a sudden arrest, a quick trial and a swift punishment will think twice before giving somebody else an opportunity of earning a large and legitimate reward. Bribery under the circumstances will not be the easy and lucrative employment of former times. A hundred dollars (or so would be a great temptation to a large number of men to keep their eyes open. The one to whom the bribe is offered will not be prosecuted by the committee if he reports and exposes the wrong-doer. The object is to catch the tempter, and if money is such a potent factor in one way, why shouldn't it be in the other?

RIVERDALE CHURCH MAY BE BOUGHT BY NEW CONGREGATION

Methodists in South End of City Have Proposition to Buy Church on Riverbank—Would be Moved to Peterborough.

As the result of the cold weather approaching those comprising St. James congregation in the south end of the city are confronted with the problem of securing a place to worship. Services have been held during the summer in a tent on the church property at the corner of Romaine and Aylmer streets but it will soon be too cold for the canvas "church." It has not yet been decided what to do but there is a possibility that the congregation may purchase the Riverdale church which is located on the shore of the Otonabee a short distance below the locks, and move it to the city to be used as a place of worship till the new Sunday School hall is completed.

The Riverdale church is not used any more and would suit St. James' congregation well as it is in good condition and suitable in every respect. The trustees will sell it to the new congregation for $50. It would cost considerable to have it moved to the city but the scheme is considered feasible. A meeting of the congregation will be held in a few days to consider the proposition.

The services in the tent have been largely attended and the congregation is growing in strength steadily. The tent is fitted up very comfortably but it will soon be too cold to hold services in it.

Work on the new Sunday School hall, the contract for which has been let, to Finnie and Gordon, will be rushed and it is expected that the building will be ready for occupancy about the first of the year.

MANY APPLICATIONS FOR EXHIBITION PRIZE LISTS

Secretary Hall of the Peterborough Fair is being kept busy supplying the multitudinous applications to him for prize lists. Apparently there will be many more exhibits in all the classes this year than there were last year.

The greatest interest is being taken in the exhibition not only from those from the rural community but by the townspeople as well.

The advertising of the exhibition is being carried on on an extensive scale and posters and general publicity literature has been issued.

The directors are assuming a very progressive attitude and a great deal of work is being done at all their business meetings and "out of school" as well.

Among the various attractions of interest are the horse races and the grandstand performances.

The races will be as follows:

Friday, 2.50 and 2.20 classes.

Saturday, 2.28 and 2.17 classes.

$650 will be given in prizes and this should induce some horse owners to enter their good ones.

The grandstand artists have been booked the best of a large number who applied being selected.

The next meeting of the directors will be held on Wednesday, September 2nd, when the judges, gatekeepers caretakers, etc., will be appointed and other matters will be attended to.

LAST OF THE HALF HOLIDAYS

To-morrow is Last—Have Been Much Enjoyed

Tomorrow the merchants and clerks of Peterborough will enjoy the last Thursday half holiday. There has been fine weather for nearly every half holiday and they have been spent very pleasantly. It is apparent that the half holiday rule for the summer months has come to stay in Peterborough and it will likely be in operation again next year.

THE TWO BIG MAT ARTISTS ARRIVE IN CITY TO-NIGHT

Yankee Rogers and Fritz Mohl Coming for Friday Night's Match—Seats are Selling Rapidly.

There was a big rush for ringside seats for the great wrestling match between Yankee Rogers, the American champion, and Fritz Mohl this morning when the advance sale was opened at the Oriental. Many had given their names in to the management yesterday and it will soon be a sold out proposition to any wanting the place of ringside. It should be understood that the stage is built exactly in the centre of the rink, three feet high, and the ringside seats are within a few feet of the men working on the mat. Every movement of the men can be seen quite clearly from any corner of the rink and the large mat, twenty feet square, will enable the two giants to show their skill and science to the best advantage.

Fans wanting ringside seats should telephone or call at once as there are only one hundred seats in all and nearly half are already sold.

Fritz Mohl wired Mr. Chris Graham at noon to-day from Buffalo saying he was leaving Buffalo this aftrenoon, arriving in Peterborough just after midnight.

He will probably stay with Mr. Graham at the Oriental, but that is not definitely settled upon as yet. It is known that there is bad feeling between Rogers and Mohl and it would not be wise to allow them to be too near one another perhaps, but even at that the feeling probably does not exist excepting upon the mat.

As Rogers also arrives to-night, both men will be on view to-morrow. There is great interest taken in the match and everybody wants to have a look at the big German, who is known only by his reputation to the local fans.

YANKEE ROGERS OUT TO WIN AS HIS RECORD PROVES

Everything points to a very big house at the wrestling match on Friday night between Yankee Rogers and Fritz Mohl, which takes place in the Brock street rink. Many scenes of excitement have occurred in the rink, hockey and walking in particular, but it is doubtful if ever Peterborough ever had such an opportunity of being placed in the front rank as an up-to-date sporting town as it has on this occasion. This is a match of giants men with great reputations, and who are known to be always ready to do their best to win and give the public their moneys worth.

"There are men who are continually talking fake in every town," said Mr. Naylor, Manager of Yankee Rogers. Who are these men. Generally men who never took part in any athletic struggle in their lives except to knock, and who are rarely found paying their way in to any sporting event so that they can judge for themselves. Often these men are a life long fake themselves and their mind is so narrow that they cannot understand that the love of winning is even stronger than the love of money.

It is a well known fact that Yankee Rogers is an example to all as a man who always is out to win. Only last season he refused to lay down to Caseaux in Montreal and the Sohmer park management broke his contract. Rogers took his case to the Superior Court claiming damages and with the assistance of J. Walsh the member for St. Annes in the Dominion House, forced the other side to settle. Had this not have come about the public of Montreal and Canada would have heard some startling disclosures.

Why should a man like Rogers lose unfairly. That is, why should he lay down to any man he can beat. There is no man in America who can beat Yankee Rogers but Frank Gotch and he will have to hustle some at that. Whether he lays down or not can be seen by his record. He has not been defeated in a match excepting by Gotch for over two years.

ST. PETERS T.A.S. ATHLETIC ASS'N HAS BEEN FORMED

Athletics in connection with the T.A.S. promise to have a big boom. Last night at a largely attended meeting the St. Peter's T.A.S. Athletic Society was organized, the greatest of interest and enthusiasm being shown by all in attendance. Mr John J. Hanrahan was in the chair. It was decided to go in actively for all branches of amateur athletics. The club will be affiliated with the CAAU. The support of all the members of the T.A.S. is looked for and there is no reason why the newly formed body shouldn't be one of the most flourishing of its kind in the province.

The various teams will be under the management of Mr. W. Meagher who will be assisted by Mr. Joe Dwyer.

The first line of sports to be taken up will be field and track work and tonight some athletes are being worked out with a view of having them entered in the C.L.S. games at Lindsay on Labor Day. They will be coached by Mr. W. Heffernan who was well known here as a fast 100 yard man.

The officers elected at last night's meeting were;

Hon. Pres. Rev. Dr O'Brien
Hon. Vice-Pres., John F. McCarthy
Pres., L J Picard,
Vice Pres., J Deannard.
Secretary Treasurer, John J. Hanrahan.

Executive, Wm Heffernan, Wm. Landry, R J Begley, L. Derocher and the captains of the different teams.

TWO POOR ONES BLAME WINE; KICK OF THE TAILENDERS

Toronto Star.

Art Burn of Calgary and Fred Noseworthy of Montreal, two of the Canadian team of Marathoners, blame a tonic wine given them on the road for their miserable showing in the Olympic Marathon. They say it was doped

Isn't it strange that the two worst runners on the entire team should be the ones to shout the loudest upon their return.

Of all the Tommy Rot, their's is the worst.

The truth is that Burn, a pretty fair five-miler, a chap who might beat Earnie Wood, Jim Corkery, or Charles Neilson, at five miles, was in no shape to run 26 miles and besides killed himself by foolishly following Jack, the Britisher, who ran the first mile in 5 minutes flat. He could not, in shape, run 26 miles under three hours, and on Marathon day simply ran until his stomach gave way and then loafed home in about twenty-first place.

Noseworthy never was, and never will be a runner. He is a snowshoer. In the first place he is 40 years of age, muscle bound, and with a dozen weak places that found him every day in training. He couldn't travel 26 miles as fast as any one of a score of runners in Toronto, who are never reckoned as contenders in a big race. Yet he squeals that a tonic wine Bill Sherring gave him, beat him. Noseworthy too, was always complaining that he got too much work in England.

Tom Flanagan when asked his opinion said, "Some of those fellows are the worst runners in the world. I've got a dining-room girl there in my hotel and I'd match her against any of them. If she couldn't beat them at any distance from five to twenty miles, I'd fire her, for, she would not be fast enough to get from the kitchen to the table before the meat got cold. I'll tell you, a story on some of those runners. When Crocker was picking out the bicycle pacemakers for one of them the pacemaker refused to start without lamps on their wheels. When Crocker asked them why, they said: "Why those fellows won't get in till eight or nine o'clock and we'll be arrested for riding without a light."

Billy Sherring is without doubt the best trainer of Marathon men in Canada. He may have overworked men before, but he surely did not in England. They only made two trials over ten miles, and the most of the time he had them working five, six and seven miles on the track for speed. The wine he gave them is a tonic wine of the lightest description and the runners only got enough to wash their mouths out. Its value has been tried and tested by scores of Hamilton runners. It wasn't the wine, because Longboat, who got none of it, went down too. Harry Lawson, Jack Caffery and all the rest of the boys say the wine was the "pure McCoy" for them.

The truth is that Burn and Noseworthy made such a poor showing over the water even allowing for weather conditions, that they are searching all over for an excuse that will hold water. They don't want to admit the bitter truth, but prefer to shoulder the blame on Bill Sherring, the finest and wisest coach Canada could produce.

Shame on you, Burn and Noseworthy. Why don't you admit the bitter truth

THE RING

The following seems to be a good account of the Burns-Squires bout ;—

The end came in the thirteenth round when Burns put his opponent to sleep with a right to the jaw. Squires had twice previously been sent to the floor in this round and he was groggy when Tommy sent home the final punch.

In the early rounds the Canadian boy seemed to be feeling out his opponent, but there never was any doubt of the champion's superiority, though Squires occasionally landed heavy blows.

Burns seemed to think that international courtesy required that he let Squires make some kind of a respectable showing in the first few sessions so he contented himself with keeping the Australian from landing dangerous wallops until the time came to put an end to the thing.

As they came up for the thirteenth round Burns sprung a right that grazed Bill's chin. They clinched, and as they broke away, Burns planted a hard arm blow on Square's jaw that sent the Kangaroo to the mat. It took Squires nine seconds to get feet, and as soon as he squared away Tommy sent him down again with a short uppercut.

The referee counted eight before Squires was able to rise. The champion cooly awaited a favorable opportunity and then shot over a right that put the finishing touches on his arbored opponent. The referee counted Squires out just as the Australian's seconds threw up the sponge.

Burns was a six to one favorite before the battle opened and there was little Squires money in sight, even at this price.

King Edward officially opened a new croquet lawn at Marienbad, yesterday, and played a game with Mr. Anthony Drexel of Philadelphia.

PETERBORO' AS A SPORTING TOWN

It's Good in One Way and all to the Bad in Another

Is Peterborough a good sporting town? That's a question that arises quite naturally and one that can't be answered in an offhand way. In a sense it isn't.

If the public of Peterborough thinks it is going to see something worth while in the way of a game or athletic contest then the attendance is always large but in the matter of giving support to an amateur organization when things look a little depressing Peterborough is one of the worst sporting towns in the Dominion. Did it ever strike you that way. It's true.

MAY PLAY GAME ON LABOR DAY

Peterborough Baseball Team May Meet Lindsay Ball Tossers

Arrangements are being made for a baseball match between Peterborough and Lindsay at the day of sports to be held at Lindsay on Labour Day. If satisfactory arrangements can be made a picked team will be sent from here with "Prunes" Quinlan doing the heaving. It should be an interesting game.

SPORTING COMMENT

Dan Patch, the world's champion pacer will go a mile at Detroit, Mich September 12th, in an effort to beat his record of 1.55¼ The pacer is in good condition and H. C. Hersey, his driver and trainer thinks that he stands a good chance of lowering his own record.

The Fairbanks, Alaska, baseball team has arrived in Seattle and will start Monday on a tour of the States The first stop will be made in Spokane and the players will then work toward the southern country for the winter, playing along the Atlantic coast next spring and back across the country to Seattle next fall.

Art Burn of Calgary who is in the city and Eddie Williams will likely be competitors in the ten mile Marathon race in connection with the Labor Day sports.—Ottawa Journal.

MOHL COMES TO-NIGHT

Fritz Mohl was expected to arrive here last night but did not come. The big German wrestler wired from Buffalo, however, that he would come tonight on the midnight.

WRESTLING

A splendid reproduction from Yankee Rogers' latest picture is being shown at the Crystal, also a written slide announcing the bout between Rogers and Mohl on Friday. With such crowds attending this popular place of amusement the attraction will be attraction of many who would otherwise not be informed of the match.

RECEIPTS AND EXPENDITURES FOR TWP. NORTH MONAGHAN

Requisitions for School Money's Received—Much Business at Meeting of the North Monaghan Council.

The North Monaghan Council met in the Town Hall on Monday, August 24th, at 2 p.m.

All the members were present, the reeve presiding.

The minutes of the last meeting were read and confirmed.

Accounts were handed in as follows;—

Messrs. Peck & Kerr, account for damages, cost, &c., in the action of Reynolds vs. Cavan and North Monaghan	
Wm. Stevens, labour on culvert at Dobbin's woods on 10th con. line	$27 20
Charles Adamson, labour on same culvert	16 50
E. Turk, labour on same culvert	24 00
Jos Weir, refund of booth license	2 00
Jos. Betton, rod and spikes for repairing culvert on Gravel Road	1 50

On motion of Messrs. Forner and May these accounts were ordered to be paid.

The clerk presented the signed approval of each member of the Council to the authority given to the reeve and clerk to consent to the registration of a plan of sub-division of part of packages Nos. 17, 18, 19 and 20, in lot 15, in concession 11, showing Sherburne street, Albertus street and Murrow street thereon, each of a width of 60 feet.

This was ordered to be entered in the minutes and fyled.

Moved by Messrs. Howden and Dobbin, that the reeve and clerk are hereby directed to employ a solicitor and take action against the Peterborough Radial Railway Company to recover the amount expended by the township in clearing Lock street from snow piled thereon by said Railway Company.

This was carried.

Mr. Peck wrote the Council, enclosing a cheque for $40 being the amount of money assigned to the township for allowance made to defray the expenses of Mr. G. Dundas to the Northwest. This was ordered to be placed to the credit of the township.

Requisitions for school moneys from the several Boards of Public School Trustees and the Roman Catholic Separate school of the city of Peterborough and the County of Peterborough as follows;—

School section No. 1—$600.00.
School section No. 2—$1 200.00.
School section No. 3—$475.00.
School section No. 4—$500.00.
Separate school—$60 00.
County schools—$83.00.

A requisition was also received from the County Treasurer, asking for the sum necessary for county purposes in 1908 as follows;—

General county purposes	$1 616.06
House of Refuge	288.58
	$1 904.64

The annual estimates of receipts and expenditures of the township were then prepared as follows;—

RECEIPTS.

Provincial taxes	$ 40 00
Licenses	28 00
Dog taxes	160 00
Commission of statute labor	1044 00
Miscellaneous	40 00
County rate	1992 64
Trustee rate	1353 00
Township school rate	1253 00
	$5 910.64

EXPENDITURES.

County rate	$1992 64
Township school	1253 00
Trustees	1353 00
Elections	50 00
Board of Health	30 00
Municipal Government	375 00
Law costs	45 00
Interest and discount	40 00
Printing and stationery	60 00
Grading and gravelling	104 40
Charity	50 00
Township purposes	500 00
Miscellaneous	50 00
Deficit, 1907	300 00
	$7 102.64

It therefore leaves the sum of $1 192 to be raised by a general township rate, which on a total assessed value of $670,462 would require a rate of 1.7 mills on the dollar. This estimate was then approved and by-laws Nos. 603 and 604, to levy rate accordingly were then introduced and finally passed.

Council then adjourned until called by the reeve.

MARCHOUT OF THE REGIMENT WAS HELD LAST EVENING

In Preparation for the Annual Trip to Barriefield on Labor Day—Fairly Large Turnout of Men—Orders for the Week.

The first marchout of the 57th regiment that has been held for some time took place last night and was witnessed by a large crowd. In preparation to the annual trip to Barriefield, drills, including marchouts, will be held next Tuesday and the following Thursday. Last evening there was a fairly large turnout of the men and headed by both bands they paraded from the drill hall down George street to Hunter St. and along Hunter street to Aylmer street and then north to Murray St. to Central park where the regiment drilled for about an hour.

The following orders were read;

Headquarters, Peterborough, August 25th, 1908.

Orders by the commanding officer of the 57th Regiment, Peterborough Rangers;

1. Detail of duty for the week ending Tuesday, September 2, 1908;—Captain for the week, Capt. Wilson, next for duty, Capt. Watt; Subaltern for the week, Lieut. Neal, next for duty, Lieut. Carruthers.

2. Leave of absence from parade is hereby granted to Capt. McLean, and Lieut. Hodgson.

3. The regiment will parade for Battalion drill on Tuesday evening next at 8 p.m.

4. It is noted for the information of those concerned that each non-commissioned officer and man who becomes a part of 57th composite city corps at Barriefield camp from September 6th to September 9th, both days inclusive will receive all their pay according to rank.

G. W. BENNETT,
Major, Act. Adjt.

SERGT.-MAJOR FEE PUT 24TH BATTERY THROUGH FACINGS

Big Turnout at Ashburnham Drill Hall Last Night—Gun Drill and Foot Parade—Preparing for Camp at Kingston—Leave on Monday.

There was a rattling good turnout of the members of the 24th F.C.B.A. at the Ashburnham drill hall last night and the boys will be able to make a highly creditable showing at the annual camp at Kingston. Gun drill and a foot parade were gone through, the parade taking place on the street in front of the drill shed. Brigade Sergt. Major Fee put the men through their facings and was much pleased with the way they were up in all the movements. The service roll of the battery is almost filled, but there is still room in the ranks for a few good recruits. Considering the short time they have had the boys are deserving of great praise for the efficiency they have attained in their drill.

The day of departure for camp will be Monday, August 31st. The battery will assemble at the Ashburnham drill hall at seven o'clock in the morning and march from there to the G.T.R. station, where they leave by special train for Kingston. Every man is reminded to be on hand at the drill shed at the time mentioned. They will go into camp for 12 days. The camp will be a large one and will be composed of artillery, infantry and cavalry companies."

The next drill for the 24th and it will in all probability be the last one before going to Kingston, will be held on Thursday evening at 7.30.

C.P.R. SURVEYORS ARE LEAVING PETERBOROUGH TO-MORROW

The party of civil engineers who have been surveying a line through town, are leaving to-morrow morning for Toronto where they will outfit for an expedition into Athabasca to locate a line through the Rockies into the Klondike.

Theirs is a roving life and the majority of the party have covered the greater part of Canada during the last ten years. Therefore they have a fairly good idea of its inhabitants.

They say that Peterborough should be called the "Fairy City" on account of its beautiful girls.

The Review is only repeating their opinion but we believe them to be connoisseurs and therefore in a position to judge what is good.

ON ITS WAY FOR THIRD CROP ALFALFA IN EAST PETERBORO

The following article relative to a crop of alfalfa clover on the farm of Mr. F. Birdsall, Peterborough County, appears in the Canadian Dairyman Farming World:

The piece of ground was seeded to alfalfa in the spring of 1907 at the rate of 20 lbs. to the acre. A nurse crop of oats was also sown at the rate of 1 1-2 bushels to the acre. A heavy crop of oats resulted. The oat crop was preceded by a crop of ensilage corn for which the land had been manured. The alfalfa took nicely. When I cut the oats it was nearly a foot high. After cutting the oats we kept the field clear of stock until the last of October.

Having some pure bred Oxford lambs that I wanted pushed forward for early winter sale, I turned them on the alfalfa. I left them on it until the snow came. They used to run back to the field even after the snow was quite deep. I do not recommend the pasturing of alfalfa the first year. Circumstances, however, alter cases, and by pushing ahead my lambs I was able to make a good sale in the early winter.

In the spring of 1908, the continued hard frosts and cold weather seemed to play "bob" with the alfalfa. After a time, however, it rallied and I got the roller on it as soon as possible. This helped to press the earth around the roots of the clover that was partly heaved out of the grounds. We cut the crop of alfalfa the 16th of June. It yielded well. It lay very thick on the ground, and after tedding it twice, I put the side delivery rake on it. The crop was so heavy that it ripped the cogs out of the driving wheels. We put the alfalfa into small coils. After three days we drew it in. We have a large mow area, so we spread some of it in each mow. Otherwise we should have left it longer in the cock.

After raking the stubble the field was left alone until the 29th of July. At that time about half of it was in bloom again. It stood from 20 to 24 inches high. Then I again set the mower to work. The day after cutting as soon as the dew was off, we raked and cocked it in small coils. The next day we drew it in. The weather was exceedingly dry and we did not ted before racking, which we would have done had the weather not been so favorable. The hay was saved in extremely good condition.

The alfalfa, stimulated by the late rain, is on its way for a third crop.

I intend to pasture one field. After fully twenty years experience with alfalfa, sometimes sown alone, oftener sown in conjunction with other seeds, for permanent pasture, I contend that it can be pastured with profit and without hurting the seeding.

MR. J. H. CROCKER SPEAKS TO-NIGHT

Manager of Canadian Olympic Team to be Principal Speaker at Banquet

The athletic banquet at the Y.M.C.A. to-night promises to be a most successful event. A large number of tickets have been sold and the attendance will be large. The principal speaker will be Mr. J. H. Crocker, who managed the Canadian Olympic team. Mr. Crocker will respond to the toast, "The Canadian Olympic Team," which will be proposed by Mr. J. H. Burnham. He will no doubt have something very interesting to say. The toast list is as follows, the banquet commencing at 8.30 o'clock in the Association Hall:

Chairman—"The King"—Mr. H. R. H. Kenner.

Song—Selected.

"The Young Men's Christian Association" proposed by Rev. Mr. Henderson responded to by Mr. G. F. Hazzard.

SCOTSMAN'S DAY IN BELLEVILLE

Special Train Passed Through the City This Morning

To-day is Scotsman's day in Belleville. A double header train passed through the city this morning from Lindsay to Belleville. The number of passengers on it was very small. No one got on here, but it was expected that large contingents would take the train at Hastings and Campbellford.

All the principal stores, shops and places of business in Campbellford are closed this afternoon and every city are participating in the celebration.

TOOK THEM TO BE INDIANS

Two local young men, one of them a newspaper man, were paddling on Stony Lake a few days ago, two Americans saw them. One remarked, "Say Jim, those look like Indians, don't they." "Why y-a-s," replied the other, an earlier arrival at the lake. "What tribe do they belong to?" was asked. "Oh they are Mohawks I think."

This shows the tanning effect of the sun of the Kawartha Lakes.

CONSERVATORY OF MUSIC

Will Re-open on Tuesday Sept. 1 for Fall Term

The reopening of the October Conservatory of music, after the summer holidays, will take place on Tuesday, September 1st. It will be pleasing information to the many pupils of the Conservatory to learn that the same staff of teachers as last year, will comprise the faculty for the coming season.

The classes of this year promise to be the largest in the history of the institution. Since its establishment the Conservatory has done much for the advancement of music and affairs musical in Peterborough and has attained a provincial reputation for giving thorough and eminently satisfactory instruction in all its departments.

EXHIBITION
AT OTTAWA
Sept. 18th to 26th, '08

Displays will far excel those of any previous year. A Grand Pure Food Exhibit is to be made by Canadian manufacturers.

High class vaudeville programme will be given daily in front of the Grand Stand in addition to the horse races.

The night entertainment will consist of the latest comic opera "What Happened Then?" by the famous De Wolff Hopper and all star company. Popular prices will prevail.

A grand display of paintings and Ladies' Work will be made to signalize the opening of the handsome new fire-proof building, now being erected at a cost of $12,000.

The special attraction in front of the Grand Stand in the afternoon will include the latest European novelty "Del Oro's Performing Cows." This attraction is billed to appear in Ottawa for the first time in America. There will also be a most sensational automobile race on a specially constructed incline, the contesting chauffeurs being two daring young women.

There will be balloon races daily with a double parachute descent from each balloon by the famous Prof. Hutchison and companion.

Get the official programme when issued next month.

CROP OF WILD RICE WILL BE LARGE THIS SEASON

Indians are Getting Ready for the Harvest at Rice Lake —Ducks are Becoming Plentiful.

Special to the Review.

Keene Aug. 24.—Miss Rose Mary O'Brien is the guest of her aunt, Mrs. James Foley.

Messrs. Fred Dickson, Harry Drummond, John Henderson, Jas. McFarlane and Percy Dredge left for the west Thursday. Messrs. John Hore, John Kempt and J. Fletcher left on Saturday's excursion.

Miss Lillian Wilson, Peterborough, is the guest of Miss Laura McFarlane.

Sportsmen are anticipating a good day's sport on September 1st, as the ducks appear to be very plentiful already, and more are coming down from the north every day.

Rev. Dr. Worman conducted service in the Methodist church on Sunday.

Rev. W. D. Andrews who has been visiting in Keene returned to Toronto Wednesday.

There is every indication of a large crop of wild rice on the lake this year, and if there are no high winds during the harvest to blow the rice off the stalks there should be an enormous crop gathered. Harvest will begin in ten days or two weeks. Already there are a number of camps of Indians on Sugar Island ready to commence operations as soon as the rice is fit, and every day one or more new tents goes up. There will probably be thirty or forty camps on the island when the harvest is in full swing.

Mr. Roy Taylor spent Sunday in Campbellford.

Rev. and Mrs. D. D. McDonald and Miss Jean McDonald returned Friday from a visit to Toronto.

Mr. Wallace Wood, Peterborough, was in the village Tuesday.

Miss Margaret Rivard, Hastings, is the guest of Mrs. J. H. Seriver.

Mrs. Rye, Peterborough, spent Thursday in Keene.

Mr. Marshall Weir left Monday to take the position of G.T.R. operator at Northoff.

Mrs. Birdsall and Mrs. Read, Bobcaygeon are the guests of Miss Bessie Read.

Mrs. John Campbell, Mrs. J. Dolby are visiting relatives in the village.

Miss Emmeline Miller is visiting friends in Keene.

Mr. and Mrs. Warner, Asphodel, visited Miss Bessie Read Sunday.

The fishing still is good and almost every angler reports fine catches. One of the best we have heard this summer is the record of a local sportsman, who in a trip from Keene to the mouth of the river and back last week, caught one twenty-four pound fish, one sixteen pound and two weighing about six pounds each.

DRINK JOHNS' TEA

LARGE EARS IN SOUTH MONAGHAN

Corn Crop One of the Largest in Years—Samples of the "Long Green"

The "long green" is coming the way of the Review these days. Unfortunately however it is not the kind that makes a pleasant jingle but it is worth much to the country for all that.

Mr. Edward Slavin of South Monaghan this morning left at the Review office several samples of corn on the ear that are little less than remarkable. The ears are nearly 18 inches in length and the grain is large and evenly set.

Mr. Slavin, like nearly every farmer in the district, has a great crop of corn, one of the largest in years in fact. It looks as if "Corn is King" this year, all right.

POWER COMPANY AND THE RACEWAY

Case Again Enlarged for a Week —Will Likely be Filled in

The Peterborough Hydraulic Power Company, who were remanded charged with neglecting to look after the unused stagnant raceway in Ashburnham after having been notified to do so, appeared before Magistrate Dumble at the Police Court again this morning. Mr. E. A. Peck appeared on behalf of the company. Nothing has so far been done to remedy the evil. Mr. Peck explained that the company had been doing all they could to prevent the stench and had come to the conclusion that the only way to make matters alright was to fill the raceway up. The company has experienced some difficulty in getting the material to fill it in. It is thought that it would be obtained from the high bank on the Dickson Co. property to the east of the raceway, but as Mr. G. M. Rogers, solicitor for the Dickson Co. was out of town, the Hydraulic Co. are waiting until he returns to arrange with him.

Magistrate Dumble enlarged the case another week. "If the matter is not remedied then or some evidence of doing something shown action will be taken at once," said his Worship.

HIT BY PULLEY LIP SPLIT FROM MOUTH TO NOSE

Miss Mary Hall who resides with her mother near Springville met with a bad accident yesterday. She was out in the barn when a pulley that was attached above, fell and striking her on the lip, split her lip from her mouth to her nose, inflicting a wound that bled very profusely.

She had her injury attended to by a Peterborough physician and several stitches were necessary to close the wound.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address, F. J. CHENEY & Co., Toledo, Ohio.

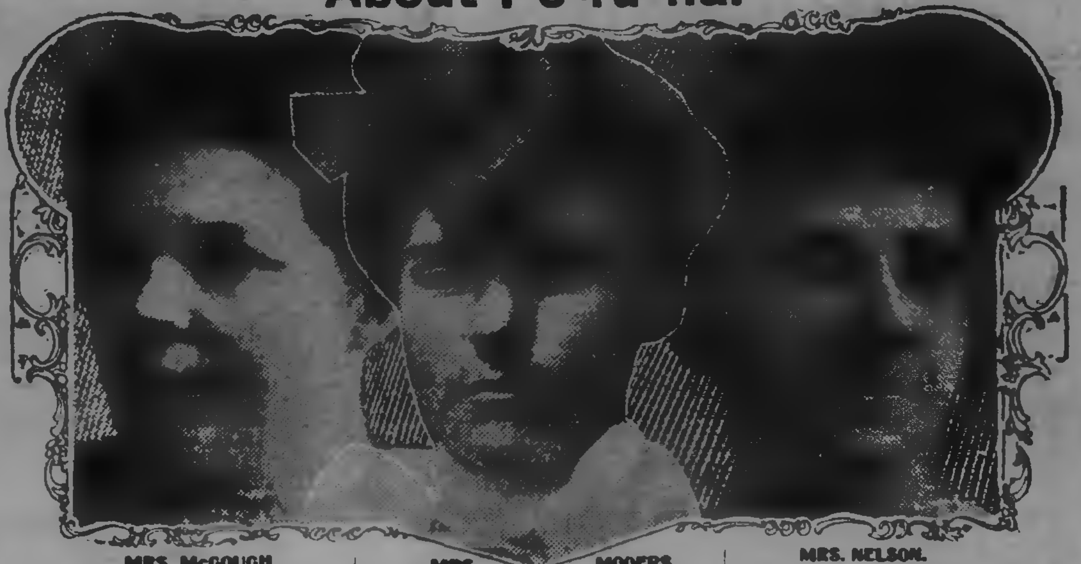
WOMEN TALK TO WOMEN
About Pe-ru-na.



MRS. McGOUGH.

Depressed Feeling.

Mrs. M. McGough, 219 W. 53rd street, New York, N. Y., writes:

"I gladly add my mite of praise to Peruna for what it has done for me. Two years ago a depressed feeling took hold of me. *My back and sides ached continually.* My stomach got out of order so that at times I could not hold a glass of cold water. I didn't like to eat, afraid that my stomach would get sick. I have been using *Peruna for the three past months* and now I feel as well as I ever did. *My stomach is as strong* as ever and my nervous troubles have disappeared. I keep recommending Peruna to my friends who are troubled as I was, and I have been thanked for doing so."

MRS. MOOERS.

Mrs. Wilda Mooers, R. F. D. 1, Lents, Ore., member Order of Washington, writes:

"For the past four years I was a wretched woman suffering with *troubles peculiar to my sex,* causing severe backache and bearing down pains and leaving me so *weak and weary* that it was only with difficulty that I was able to attend to my household duties. I used different remedies and injections, but found no relief until I had tried Peruna. Within two weeks there was a *complete change for the better* and in less than three months I was a well and happy woman and all the *praise is due to Peruna.*"

MRS. NELSON.

Headache and Backache.

Mrs. Tressie Nelson, 609 N. 5th Ave., Nashville, Tenn., writes:

"As Peruna has done me a *world of good,* I feel in duty bound to tell of it, in hopes that it may meet the eye of some woman who has *suffered as I did.* For five years I really did not know what a perfectly well day was, and if I did not have headache, I had backache or a pain somewhere and really life was not worth the effort I made to keep going.

"A good friend *advised me to use Peruna* and I was glad to try anything, and I am very pleased to say that *six bottles made a new woman of me* and I have no more pains and life looks bright again."

The above testimonials represent actual experience of every-day life. They are the truthful utterances of women who have been ill and have found a reliable remedy in Peruna.

It means a great deal to the women of America who have at hand a remedy capable of performing such cures. Nervousness, backache, dyspepsia, headache, melancholy, bearing down pains. All these and a host of other symptoms are relieved by Peruna. At least this is what the women say. They have no object in saying such things, except to render truthful testimony to their suffering sisters.

The reader will note by reading these testimonials that in most cases other remedies were tried, doctors were consulted, and finally Peruna came to their rescue and made them well again.

Peruna is making such cures every day. It is the testimony of the people that has made Peruna so justly famous.

Suffered Thirteen Years.

Mrs. Anna Munden, Hollygrove, Ark., writes:

"I suffered with female troubles for thirteen years.

"I saw an advertisement of your Peruna and bought one bottle and before I had taken it all I could get out of bed and walk about.

"After taking three bottles I was as well and hearty as ever and gained in flesh. I would not be without it."

Headache and Deafness.

Mrs. Mary E. Sampson, Londonderry, N. H., writes:

"I had terrible headaches, both ears run and I was nervous all the time, was deaf in one ear for thirty years. I took six bottles of Peruna and one of Manalin, and am happy to say that it is the best medicine that I ever heard of. I am not so nervous, my appetite is good, everything I eat agrees with me, and I am feeling better in every way."

A Severe Cold.

Miss Marie Calvin, 927 Main street, Cincinnati, Ohio, writes:

"I caught a cold coming home from an evening party and as I did not pay particular attention to it, I quickly became worse and found myself in a serious condition.

"I took Peruna and it brought me immediate relief. Within a week I was cured and now whenever I feel badly Peruna will set things right."

WEDDING BELLS

ARCHER—STAUNTON

A quiet wedding was solemnized at St. John's church this morning at 9.30 o'clock when Miss Sara E. Staunton, daughter of Mr. Wm. A. Staunton, 20 Benson street, was united in marriage to Mr. James P. Archer, of Campbellford. The ceremony was performed by Rev A. J. Reid, rector of Christ church, Campbellford, Rev. Dr. Foster, who is in charge of the parish in Canon Davidson's absence, also being present.

Owing to recent bereavement in the family only the immediate friends and relatives of the contracting parties were present. The bride and groom were unattended.

The bride was beautifully dressed in white silk mulle, in Princess. She wore a white picture hat to match. After the ceremony the bridal party drove to the residence of the bride's father where a dainty wedding breakfast was partaken of.

The bride was the recipient of many beautiful presents the groom's gift to the bride being a pearl ring.

Mr. and Mrs. Archer left on the 11.45 train for a trip to Quebec and Montreal. Mrs. Archer travelled in a navy blue suit and she wore a black hat.

McBAIN—HENTHORNE

A quiet wedding was solemnized on Monday night at 9 o'clock at the Charlotte street church parsonage, when Miss Ethel L. Henthorne, daughter of Mr. John Henthorne, Peterborough, was married to Mr. Alex. McBain, son of John R. McBain, also of Peterborough. The ceremony was performed by Rev. G. W. Henderson, the bride and groom being unattended. Mr. and Mrs. McBain will reside in Brantford.

It was also the fifty-fifth anniversary of the bride's grandmother's wedding, Mr. and Mrs. Wm. Dawson, Concession street, Ashburnham.

MORRISON—BREEZE

A pretty wedding was solemnized yesterday afternoon at the home of Mrs. David Breeze, 665 Bethune st., when her daughter, Miss Maud M., was united in marriage to Mr. Arthur B. Morrison, son of the late W. C. Morrison, of Toronto. The ceremony was performed by Rev. E. A. Pearson, of George street Methodist church. The drawing room was beautifully decorated with white asters and palms.

The bride, who was given away by her mother, looked charming in a gown of all over taffetas. Miss May Jones acted as bridesmaid. She wore a Swiss dress with satin and lace trimmings. They carried white asters and roses. The groom was supported by Mr. Frank Hayes, of this city.

The groom's gift to the bride was a brooch of rock cameo, encircled with pearls; to the bridesmaid he gave a beautiful pearl ring and to the groomsman a stick pin of pearls in the shape of a twig of grapes.

After lunch on Mr. and Mrs. Morrison left on the 4.45 C.P.R. for Toronto where a reception will be tendered them by the groom's relatives.

The bride's going away dress was of navy blue silk, with hat to match.

The young couple will take an extensive tour to the Western States, after which they will return to Chicago, where they will reside.

BIGAMIST ANDERSON DIES IN THE PENITENTIARY

Disgrace of Conviction and Sentence Brings Death of Brockville School Inspector, Who Married Clergyman's Daughter.

Kingston, Aug. 27.—The death occurred at the hospital in the penitentiary last night of John E. Anderson, the Brockville school inspector, who was sentenced three months ago to seven years on a charge of bigamy.

Anderson in April last married the daughter of a clergyman at Renfrew, and by forged certificates secured the position as school inspector. Early in May it was found that he had already a wife, she being located in Toronto. His arrest took place in Renfrew at the home of wife No. 2.

After spending a short time in jail he was sent to the penitentiary. He had been ill ever since he entered the prison. Disgrace broke him down, and he suffered besides from a tumor in the throat and could not be cured.

Deceased was 52 years of age, although at the time of his marriage he claimed to be 39.

After his trial, Queen's official found that his claim of being a graduate of the university was false, and investigation revealed the fact that he had forged documents to make the showing.

Anderson's aged mother died shortly after the trial as a result of her son's disgrace.

RAIN FALLS DO WHEAT GOOD

Reports From West Say Frost Did Wheat Little Harm.

Winnipeg, Aug. 27.—The late wheat and oat crop will be greatly benefitted by the rains of Tuesday.

From Lacombe, Alberta, the director of the experimental farm wires the Department of Agriculture as follows:

"Winter wheat in this district all cut. Crops good.

"Most of spring wheat still standing, but ripening fast. Heads very plump and well filled.

"Weather favorable. Frost of 20th does not appear to have injured wheat much.

"Barley all cut. A large acreage of oats also cut.

"Grain crops on experimental farm very heavy. Winter wheat and early varieties spring wheat cut."

TELEGRAPHIC BRIEFS.

Canada's suicide rate is 147 in a population of over six millions.

Augusta, Ga., and several southern cities are flooded by heavy rains.

At Dauphin, Man., two children of Peter Good were burned to death.

P. Dominico, sectionman, was cut to pieces by a train at Gilbert, Man.

Miss Effie Little of Woodstock, Ont., a nurse, died of fever at St. Louis, Mo., yesterday.

Jack Pestallo, negro, accused of murdering his landlady in Vancouver, has been arrested.

The Dominion Iron and Steel Mills are working to capacity. This month's output will break all records.

Miss Alice Cummerford, a Thorold girl, was drowned at the Soo. The remains were taken to Thorold.

The two-year-old son of E. A. Wood was drowned at the family's summer house, Cedar Island, near Orillia.

A defective track derailed a passenger train near Springfield, Mo., killing the fireman and fatally injuring the engineer and mail clerk.

Laymen Plan Campaign.

Toronto, Aug. 27.—At a meeting of the Canadian Council of the Laymen's Missionary Movement, held in the city yesterday, the plans for the autumn campaign were largely settled.

The council expects to introduce the movement to all parts of the Dominion by holding a series of meetings covering a period of six weeks, and extending from Halifax to Victoria, beginning on September 13.

Meetings will be held in the following important centres: Halifax, St. John, Montreal, Ottawa, Kingston, Toronto, Hamilton, London, Winnipeg, Regina, Moosejaw, Calgary, Edmonton, Vancouver and Victoria.

Miners Entombed.

McAlester, Okla., Aug. 27.—Nearly 30 miners are believed to have perished in Haileyola coal mine No. 1, at Haileyville, 14 miles east of McAlester, last evening, when fire destroyed the hoisting shaft and cut off air from the men below. It is impossible to enter the mine.

Twenty-five dead bodies were removed from the mine last night, following a successful three hours' battle with the flames. It is believed that six or eight more will be brought out.

Train Kills Brothers.

Truro, Aug. 27.—While No. 10 I.C.R. train was approaching Eastville crossing yesterday morning a carriage containing two brothers, sons of William Scott, Lornvale, was struck and the occupants immediately killed. The horse was also killed and the carriage demolished. Their names were Walter and Herbert.

Havelock Fireswept.

Havelock, Aug. 27.—At 4 o'clock yesterday morning fire started in the rear of J. A. Coon's general store and Joyce's boot and shoe store, Barrett's grocery store, Mackay's tailor shop, Coon's bakeshop, and The Havelock Standard office were destroyed. The loss is placed at $40,000.

Church Funds Stolen.

Brockville, Aug. 27.—A warrant is in the hands of the police here for the arrest of Roy Pemberton, a former resident of Smith's Falls, charged with robbing his employer, A. E. Foster of Kitley, of $150. The cash was the property of the Anglican Church, of which Foster was the treasurer.

A Montreal Sensation.

Montreal, Aug. 27.—A civic enquiry will be held into what is said to be a wholesale omission of houses in Ontario from the assessment lists.

MUTINY IN THE CHINESE RANKS

Sixty-five Soldiers Betrayed by Villagers and Imprisoned.

Hong Kong, Aug. 27.—Admiral Li of the Chinese navy, with his flagship and several gunboats, sailed from Wu Chow yesterday for Canton, taking with him as prisoners sixty of the mutinous soldiers from Kong Haw, where a thousand men revolted on Aug. 12, killing their commander and several others, routing a force of loyal soldiers from a nearby town, looting the village of Konawha and finally withdrawing to the mountains of Talking, where they joined forces with the wild tribes of the hills.

Admiral Li's prisoners were betrayed into the hands of the Government forces for twenty-five taels (about $17) a head by villagers at Kong Haw.

Brownlee Promoted.

Montreal, Aug. 27.—L. J. Ferritor, general superintendent of the Wabash Railway at Peru, Ind., has been appointed general superintendent of the Grand Trunk Railway, with headquarters at Montreal.

W. G. Brownlee, the present G.T.R. general superintendent of transportation, is going to the Grand Trunk Pacific to be second in command to General Manager F. W. Morse. Mr. Brownlee's headquarters will be Winnipeg, and he will be the general superintendent of transportation for the new system.

Mr. Ferritor was formerly divisional superintendent for the G. T. R. at St. Thomas.

Must Oust Government.

Victoria, B. C., Aug. 27.—Lieut.-Gen. Sir Reginald Pole-Carew was the guest of the local Canadian Club at luncheon. He scored the treatment of the delegates to the last Imperial Conference by the Home Government, and stated that the present Government of Great Britain must be ousted before the closer union with the colonies can be accomplished.

The great need of the present moment is an imperial council, consisting of representatives from the home land and the colonies, to direct the foreign policy of the Empire.

C. M. A. Wants Protection.

Montreal, Aug 27.—At the meeting here next month of the Canadian Manufacturers' Association, tariff matters will receive considerable attention.

It is said that a definite and strong policy will be taken up and will be advocated by that body demanding adequate protection for all Canadian industries. On Monday, Sept. 14, the day preceding the opening of the convention, an important meeting of the woollen section of the association will be held.

Collier Crew Mutinies.

Brest, Aug. 27.—The crew of the German collier Tomcorpi from Emden for Algiers mutinied Sunday night while the collier was in the channel, and raked out the fires, anchoring for the night off Souquet.

Tuesday morning they forced the pilot to put into Brest. The crew assert that the steamer was leaking and unseaworthy.

Annis Carried Revolver.

New York, Aug. 27.—William E. Annis, who was shot to death by Capt. P. C. Hains, Jr., U.S.A., at the Bayside Yacht Club on August 15, knew that Hains was seeking to kill him, maintained a private detective service to warn him as to Hains' movements and carried ready for quick action a Mannlicher automatic pistol, one of the deadliest types of weapon known, with the avowed intention of shooting Capt. Hains on sight, according to a statement made by a friend of the dead man yesterday.

Lives Lost In Flood.

Atlanta, Ga., Aug. 27.—Reports from Augusta are that the city is entirely flooded. Two negroes have been drowned, but there is no other loss of life. Street car service has been abandoned. The damage in the state may reach $500,000.

A despatch from Camden reports two lives lost and seventeen missing as the result of the washing away of the steel bridge over the Wateree river at that place.

Threatens to Kill Son.

Montreal, Aug. 27.—Edward Lyons of Hibernia street was sent to jail for six months yesterday morning by Recorder Weir on a vagrancy charge preferred by his father. The father, in leaving the witness box, thanked the recorder, and made the statement that if his son bothered him when he came out there would be a man for the grave and a man for the gallows.

TIE-UP RUMORS ARE DENIED

C.P.R. Officials and Men Repudiate Sympathetic Strike.

Montreal, Aug. 27.—Rumors reaching here yesterday as to alleged friction between the C.P.R. officials and its operating staff are given an unqualified denial. C.P.R. officials state that there is not the slightest friction, and their trainmen are perfectly satisfied. At any rate, they point out that the Lemieux Act will prevent them from going on strike in sympathy with the mechanics.

A report from Toronto that the executive officers representing the engineers, firemen, conductors, trainmen and telegraphers have assembled here for the purpose of holding a joint conference with regard to the mechanics' strike, is denied by representatives of all these organizations in the employ of the C.P.R.

Bail was refused yesterday by Judge Lest for Leon Martel, a C.P.R. railway striker, accused of having said to a workman: "Be careful, we are watching you. If you work to-day we will catch you to-night."

Mr. Lavelle declared he would appeal to the Superior Court in the interests of his client.

Fourteen warrants were issued yesterday for the apprehension of Polish strikers.

Fleet Leaves Sydney.

Sydney, Aug. 27.—The American battleship fleet left here to-day for Melbourne.

The public school demonstration took up the morning and in the afternoon Admiral Sir Harry Rawson, the governor of New South Wales, gave a brilliant garden party.

Was Water In the Milk.

Aylmer, Aug. 26.—Judgment was rendered Tuesday by Magistrate Bradley in the case of the Government milk inspector against two well-to-do farmers by the name of James, each defendant being fined $25.

Tony Pastor Dead.

New York, Aug. 27.—Antonio (Tony) Pastor, the theatrical manager, died at his home at Elmhurst, Long Island, last night, after an illness of several weeks, at the age of 71 years.

FINDER GETS THE DIAMONDS

Ten Thousand Dollar Prize for Montreal Man.

Montreal, Aug. 27.—Some time ago $10,000 worth of rings and diamonds were found in the C.P.R. station by a man named Augustus Cooper. He was arrested on a charge of stealing them, but now they will become his property. This is the effect of a communication received from Mr. Ulric Lafontaine, clerk of the crown, who is returning from England, where he was sent as special commissioner to enquire into the case. Mr. Lafontaine in his letter states that Mr. and Mrs. Burrows of London, the supposed owners of the diamonds, refuse to give evidence, and waive all claim to the jewels. The diamonds are at present in the possession of the police, but will be turned over to Mr. Cooper.

Funeral of Col. Evans.

Ottawa, Aug. 27.—The funeral yesterday afternoon of Col. T. D. B. Evans, C.B., A.D.C., late officer commanding No. 1 Military District, was one of the most imposing of recent years in the capital. The whole strength of the Ottawa soldiery was represented and there were many from a distance.

Accidentally Killed by Friend.

St. John, Aug. 27.—Hasen J. Dick, druggist, yesterday, received news from St. George that his second son, Frank, a boy of 16 years of age, had been accidentally shot and killed by a companion named Cameron, with whom he was hunting in the woods.

No Trinidad Exhibit.

Ottawa, Aug. 27.—Edgar Tripp, Canadian commercial agent in Trinidad, reports that on account of its taking part in two exhibitions in London this year, the Island of Trinidad will not participate in the National or any other exhibition this year.

Found Erring Bernardo Boy.

St. Catharines, Aug. 27.—The young Barnardo boy who ran away from Geo. Vanstone's farm in Grantham a month ago, has been located. He was cared for, it appears, by Alvin Russ of Clinton, and, it is said, took $15 belonging to that gentleman.

THE DOMINION ELECTIONS WILL BE HELD IN OCTOBER

End of October Will See Dominion Polling and Date is Given as October 28 or 29—Lists of 1907 Will be Used—Those of 1908 Are Not Prepared.

Ottawa, Aug. 27.—Satisfactory reports as to the progress being made in the work of getting the voters' lists printed and ready for the coming general election are received by the Secretary of State from various points where the lists are now being printed. It is now pretty well assured that everything will be in readiness for polling by the end of October, and, as already foreshadowed, the election date will probably be either October 28 or 29.

The lists to be used will be those of 1907, the lists for 1908 not being yet prepared or ready for printing. In the case of Ontario the lists to be used will be those of the recent provincial elections, and in the cities there will be no new registration of voters under the provision of the election act relating to manhood suffrage in cities. According to the act, the special registration in cities is allowable before a general election only where a year has elapsed since the last registration. The lists for the coming election will contain fully 250,000 more voters than the aggregate of the lists of 1904.

In view of the approach of the elections, R. L. Borden does not expect to be able to travel far west this fall, nor will Sir Wilfrid Laurier be able to find time for a trip west of the great lakes. He will be wanted for a number of meetings in Quebec, and may speak at a couple of places in the Maritime Provinces.

NOBLES HIGH AT COURT TREMBLING IN TERROR

Emperor Franz Joseph Orders an Investigation Into the Fast Set of the Exclusive Viennese "400."

Vienna, Aug. 26.—The fast set of the exclusive Viennese "400" which consists of nobles high in the court, is to-day trembling in terror over threatened exposures that may follow an investigation ordered by Emperor Franz Joseph into the immorality that has disgraced the Austrian nobility for years. Many nobles have fled from the country and many whose positions will not allow them to leave are fearful lest they will be disgraced for life.

The Emperor is lending the weight of his personal influence to aid the criminal court in investigating the the case of Count Marcel Voith, accused of having driven his beautiful daughter to suicide by the life he forced her to lead to support him. It is out of this case that the general investigation has grown.

The count, though of an ancient family, was desperately poor. Despite her youth his daughter held an exceptional position in the group of dissolute aristocrats against whom the emperor is exerting himself. She was still under twenty when 3 months ago her corpse was found in the Danube. A letter she left in her room, declared that she killed herself because the count had been blamed for her faults.

Her father failed to check the prosecution, but the extent of the scandal was not appreciated until the emperor, who unsuspected by the authorities had been following the proceedings closely, indignantly inquired why only coachmen, waiters and other obscure witnesses were called, while the young noblemen, with whom the girl was known to have been friendly, were carefully shielded.

In the storm of excitement which followed the trial was hastily adjourned to permit the court's attaches to look into the charges at which His Majesty had hinted. The investigation now promises to be anything but a whitewash.

Sevenoaks Mystery.

Sevenoaks, Aug. 27.—The inquest over the remains of Major-General Luard's wife, who was assassinated near here on Monday of this week, has been opened, but the evidence thus far has not helped to unravel the mystery surrounding the murder.

To Stop Boxing.

St. John, N. B., Aug. 27.—The Methodist ministers' financial district meeting last night passed a resolution against boxing exhibitions, and appointed a committee to ask Mayor Bullock to grant no more licenses.

Visit Coal Mines.

Sydney, N.S., Aug. 27.—Representatives of the Nova Scotia Mining Society, accompanied by over 150 of the most prominent mining men in Europe visited Glace Bay yesterday.

Flaws In Woman's Story.

Toronto, Aug. 27.—The Government detectives, after a week's search, have picked these flaws in the story of Mrs. Cutts, who charges her husband with trying to kill her.

The woman's accounts varied, it is said; she was very excitable and nervous. No direct evidence was found against the husband. There had been frequent quarrelings between the two, and the home was not a happy one, and she, it is believed, brooded over her lot.

The story about the poisoned cup of tea was dismissed as impossible of corroboration, as all traces of it had naturally long disappeared.

Before the magistrate at Napanee, Edward Randell pleaded guilty to absconding with the funds belonging to the Bay of Quinte Railway and was sentenced to six months.

BIG STORE OF LOOT FOUND ON HUMBER RIVER, TORONTO

Hiding Place for Booty Stolen by River Pirates is Unearthed and Launches, Jewelry, Money, Clothing and Tools Are Recovered.

Toronto, Aug. 27.—Two gasoline launches with a quantity of jewelry, clothing, tools, money and checks, a valuable gramaphone and an awning are the proceeds of the thefts of the men whose cache was discovered on Tuesday by County Constable Simpson on the Humber river.

The launch found has been identified as that stolen from William Sutton of Hamilton some four weeks ago. He came to the city yesterday and will take the craft back to Hamilton.

The city police have been called to work upon the case and yesterday Detectives Murray and Guthrie and P. C. Cronin set out in a gasoline launch at 10 o'clock from Sunnyside. They scoured the lake as far as Port Credit for the men of which Constable Simpson has furnished a description, but no sign of them was found.

Among the goods found in the launch hidden in the bushes on the Humber and in the bush nearby was a gramophone with 100 records, valued at $150. There were also a number of tools which might be used for house-breaking or safe-breaking.

Among the effects found in the "hide" were a number of disjointed memoranda made by the thieves and evidently referring to their thefts. One of these seems to outline their plan and with other papers points to their being Englishmen who have carried on their profession of thieving in the Maritime Provinces. It runs:

"Can sink L (launches) and B (boats) in good places for uplifting, and move to Halifax, then dispose in England and vice-versa. When enough money set up in big."

Other notes seem to point directions to places at the Humber, Mimico, Sunnyside and Balmy Beach. Others seems to refer to proceeds of thefts as one disgustedly sets out "grub, only."

"Instruments" are referred to several times and many want ads. have been clipped from papers of places where such wares could be disposed of. Much of the property has been identified as belonging to summer cottagers living along the lake front.

PRISONERS GET OVER THE WALL

Sensational Escape From Philadelphia Gaol---Gets Leg Broken.

Philadelphia, Pa., Aug. 27.—Two convicts working in the yard of the state penitentiary in this city yesterday afternoon scaled the high stone wall which surrounded the prison and jumped to the sidewalk below.

One of them broke his leg in the fall and was captured after a fight by the prison guards. The other convict John Berger, dashed away, and although pursued by a large crowd he escaped.

Foot Caught In Sewer.

New York, Aug. 27.—Fighting desperately for life in a sewer in East 81st street, into which waters from flooded cellars poured in a furious torrent, John Lynch, a sewer department employe, with one foot wedged beneath a cellar pipe yesterday, watched the swirling waters rise to his waist, to his throat, and then his life was blotted out.

Etruria Sinks Lighter.

Liverpool, Aug. 27.—While the steamer Etruria was proceeding to the landing stage here yesterday to embark her passengers she collided with a lighter, the wreckage of which became entangled in her propellers. Three of the lighter's crew were thrown into the water and one is still missing. He is supposed to have been drowned.

Hotelkeeper Twice Fined.

Belleville, Aug. 27.—William McMahon, keeper of the Temperance Hotel at Frankford, near this city, was tried on two charges of selling liquor without a license. He was found guilty and on the first charge was fined $50 and costs and on the second $75 and costs.

Babe Drowns In Trough.

Hamilton, Aug. 27.—At the Winona Park Hotel, Eva, the two-year-old daughter of the landlord, Archie C. Austin, fell in the horse trough, and was drowned in 18 inches of water. The child's feet were found sticking out a few minutes after.

Drug Stores Closed Sunday.

Sydney, C. B., Aug. 27.—As a result of an energetic campaign on the part of the Lord's Day Alliance, all Sydney drug stores are closed on Sunday. A meeting of physicians and druggists has been called to take action.

No Emigrants to Rhodesia.

London, Aug. 27.—At Cape Town Gen. Booth announced the practical abandonment of the Rhodesian emigration scheme owing to the expense.

Canadian Money In It.

Toledo, O., Aug. 27.—London, Ontario, and Detroit capitalists yesterday closed negotiations for a site in East Toledo, near Presque Isle, for the purpose of the erection of a mammoth rolling mill to be erected within the next few months.

Boy Is Shot.

St. John, N. B., Aug. 27.—Frank B. Dick, son of Hasen J. Dick, a St. John druggist, was accidentally shot and killed by a companion in the woods near St. George, N. B., yesterday.

The Exhibition Medal.

Toronto, Aug. 27.—The National Exhibition medal this year represents the approach of Champlain in a canoe, and below is inscribed 1608-1908.

Beats His Affinity.

Monroe, N. Y., Aug. 27.—The trouble between Ferdinand Pinney Earle and his "soul-mate" wife, Julia Kutner Earle, which landed the artist in jail on a charge of wife-beating, gave promise yesterday of an early adjustment. Both Earle and his wife are said to be desirous of a reconciliation and it is not believed Mrs. Earle will consent to appear in court to press the charge on which he is held. He passed a sleepless night in the jail at Goshen and was constantly watched by guards, who feared he would attempt to end his life.

WERE IMPRESSED BY THE O.A.C.

Scottish Agriculturists Visit Guelph Institution.

Guelph, Aug. 27.—Twenty-two of the foremost agriculturists of Scotland, who comprise a Government-appointed commission that is touring Canada, the guests of the Canadian Government, spent all yesterday visiting the Agricultural College.

"Our agricultural colleges in Scotland are nothing as compared with this" was their verdict. "We only look with longing eyes at what you have here and wish that our Government at home would awake to the importance of the work and give the support that your Government here gives it."

Scaffold Collapses.

Toronto, Aug. 27.—One man is dead and another is seriously but not dangerously injured at the General Hospital, as the result of the collapse of a 14-foot scaffold at the Consumers' Gas Works on Eastern avenue yesterday morning.

The dead man is Frederick Waborton, 18 years, 104 Ontario street. His skull had been fractured and he had suffered internal injuries.

John Walsh, 19 Carr street, is the injured man.

Pursuit of Wounded Farm Hand.

Middletown, N. Y., Aug. 27.—Wm. Monroe, a farm hand, who last Friday assaulted five members of the Deye family, near Paltz, then fired a barn on the premises and fled, was discovered yesterday near Greenwood Lake, badly wounded.

Ever since Monroe made his escape, armed men have persistently followed him, once having the man in custody, but he again eluded his pursuers. His arrest is expected shortly.

Hit Cartridge With Hammer.

Winnipeg, Aug. 27.—Harold, the youngest son of G. D. McKay, president of McKay, Williams & Co., was killed by the accidental discharge of a cartridge. The lad had been in the habit of exploding small calibre cartridges with a hammer from the window of his bedroom at his home, allowing the bullets to strike against an opposite wall.

Butts Brains Out.

Ironton, Ohio, Aug. 27.—Robert J. Frowine, in jail here for the murder of Harry Frecka, attempted suicide yesterday by butting out his brains against a sharp shelf projection in his cell.

He will likely die, as it is believed that his skull is fractured. The man's scalp is literally hacked to pieces.

Wants Crippled Husband.

Hamilton, Aug. 27.—Joseph Erwood, a city employe, is seeking to prevent the marriage of his 19-year-old daughter with a man 45 years of age. Erwood says his prospective son-in-law is a cripple and will be unable to support his daughter.

The girl insists on being married.

Missionaries Coming Out.

Edmonton, Sask., Aug. 27.—There was a notable gathering in the Oblate Mission House preparatory to the departure for France, where a general chapter of the order is to be held, of Father Lacombe, with 56 years' missionary service; Bishop Girouard, 46 years, and Father LaTreste, who has been 26 years in the wilds without coming out.

Father Giroux is preceding the others, to pay a brief visit to his parents before representing his district as the elected representative to the chapter, a distinction he shares with LaTreste.

Canada's Route Cheapest.

New York, Aug. 27.—The Trunk Lines Association has formally refused the petition of the transatlantic steamship companies that a reduction be made in grain rates to New York, Boston, Philadelphia and Baltimore, to meet the competition through the port of Montreal.

The trunk lines say the reduction in rates east of Buffalo necessary to equalize the rates of competitive all-water routes leading to Montreal would result in rates wholly unremunerative.

WHERE SAVAGES BEAT US

The rude, uncultured savage did not sit most of the day in a padded office chair, a carriage or car. His food was not prepared by a chef. He had to hunt for something to eat. And dinner, when he got it, was none too rich.

But the rude, uncultured savage did not suffer from indigestion, constipation, billiousness, headaches, as we civilized beings do. Exercise and the amount of fruit and fresh vegetables in his diet, kept liver, bowels and kidneys working right.

None of us want to go back to the days of wigwams and tomahawks but a lot of us certainly would like to have the digestion of the savages

We can, by taking "Fruit-a-tives."

"Fruit-a-tives" act directly on the stomach, liver, kidneys and skin, and keep these organs in perfect condition. "Fruit-a-tives" bring back lost appetite and sound digestion to the Dyspeptic—regulate the bowels of those who suffer from Constipation — and build up the whole system. Trial size 25c. Regular size 50c, or 6 for $2.50.

THURSDAY, AUG. 27, 1908.

LIBERAL GUILE

The attempt of Liberal journals to make out that Conservative Canada is inclined to persecute French Canada, is not so slow. Ignoring the language of Canadian history which plainly proclaims the actions of Liberal journals themselves in that regard, they hold Conservatives up to reprobation. Why? To give the proper setting to Sir Wilfrid. That is the why. To show him holding back the fanatics of his own race, while supposedly they are snarling at him. To show us that he is, in fact, almost un-French in his broad statesmanlike regard for Liberal principles and to show his own people the reverse. It is to provide this setting for Sir Wilfrid in the eyes of English and French Canada that the general assault is begun. It may be good politics, but it is poor patriotism. Things have come to such a pass now that to depose Sir Wilfrid would appear to be treason; He must have his way or else our French compatriots will be offended these Liberal journals imply. They are just a little new at the business. A few years ago they themselves monopolized habitant-baiting. Now they pretend that we are the sole offenders. This sort of "guff" ought to be stopped. The glory of the French in France and in Canada is an imperishable heritage. The French are the Greeks of modern history. A few journals of either political faith cannot alter that. The craftiness of those who for all we know may have secretly inspired the outbreak, is a matter for reprobation. It is all for Sir Wilfrid's and therefore the party's benefit. It is a grave offence against Canadian solidarity and good feeling.

PERSONALITY IN POLITICS

Sir Wilfrid is a picturesque and attractive figure. We never said he wasn't. But that is not the sort of figure to win an election campaign with just at present, although Liberal journals seem to think it is. It is the figure $ and various multiples in the form of trade that count. The sinuous serpentine form that encircles the pillars of Hercules in the dollar sign is what entwines the drooping heart of the Canadian voter just now. The pathetic, of course, plays a large part in human affairs. If it can be shown that it would be a "darned shame," as the Yankees say, to turn "the old man" down then call the elections off altogether to save expense. Just say to him ("Dear Sir Wilfrid!

In grateful acknowledgement of your efforts to fill Canada with Oriental coolies and in token of our high esteem for your Preference which the silly British laugh at, and in view of your charming personality, we hereby tender you another lease of power. And if by reason of strength you live to see another lot of cabinet ministers such as you have had during the last four years, and of whom you have approved and whom you now again present to your admiring country as men after your own heart and of your own choice, and if, by reason of weakness you bring more appeal to our young and boisterous affections as you do now, we will keep you in power indefinitely, until we get the G.T.P. paid for, that is if you are a centenarian. We are great advocates of "Personality" as an election cry. The "old man" is good "business" in a political sense. Of course it is mighty bad business considered in a real and sensible sense. But we can't help all that. A picturesque old gentleman with flowing hair in a band wagon, accompanied by the soft and sentimental strains of "Put me in my little bed," or "Where's my wandering boy to-night," will win an election at any time. Therefore please go back to Ottawa in that way." Signed on behalf of Canada respectfully by Pugsley, Emmerson, Hyman, Sir F. Borden, Etc., and the Globe, Montreal Herald, Hamilton Times, etc. If on the other hand we are not to burst into tears like Job Potter at the very thought of it, let us discuss Canadian affairs on a business basis. It will save a headache in the morning. As a product of the Liberal policy, what do you think of the present condition of the country? Do you want any more of it? If times are to improve independently of that policy, why go to the expense of having that policy? If as a cure for our troubles it has done no good, then let us change doctors. As it stands we are in sight of our funerals. Our last resting-place looms in the near distance.

FACTS THAT ARE NOT FACTS

> "Turn to the census reports of manufacturers and you will find that our manufacturers in Canada have been producing more and more to an enormous extent, and yet the industrial development of Canada has not reached the point of meeting the consumptive demands of the people of Canada. What are the actual facts with regard to that?" —Sir Sidney Fisher.

Just the opposite of those which Sir Sidney suggests. The mills at the Soo, woollen mills everywhere declining trade and an enormous adverse balance with the U.S. Those are the real facts.

> "Hon. gentlemen opposite are now trying to make out that because in Canada we have a larger value of imports than of exports, the country is being ruined. Let me point out in a few words that the best political economists have for years and years declared emphatically that the theory that a country which imports more than it exports is doing a bad business, is not in consonance with the facts as shown in the history of Canada, of the United States and of most European countries."—Sir Sidney Fisher.

How would it do to adopt as a policy paying out more than we take in? Why then encourage an export trade? Why the bloated All-Red route? The Liberal idea of finance and of trade is confusion worse confounded.

It is a policy of platitudes pampered by extravagance and justified by excuses.

> "I want to say a few words about the rural mail delivery and the extension of postal facilities to Canada. In the first place, let me say that I think this question of rural mail delivery can only be properly considered after a clear statement of facts. The reason that some people in Canada are calling for mail delivery is because the United States have undertaken it." —Sir Sidney Fisher.

There's a reason! Sir Sidney discounts R. M. Delivery by "facts" of this sort.

> "Why has the Williams Sewing Machine Company come into Canada and established a factory at St. Johns, Quebec, employing several hundred hands and likely to employ a thousand hands in a few months? Not only to sell the Williams Sewing Machine in Canada, but as the manager told me himself, to manufacture in Canada for the export trade. I asked him, "Why don't you do that in your old factory in the United States?" His reply was "Because we can manufacture for the open markets of the world better and cheaper in Canada than we can in our own country."—Sir Sidney Fisher.

Sir Sidney seems to think that the words "cheaper in Canada," are the paean of victory. But when he cries "cheaper" can he also cry that the Canadian workman is well paid? If not, his triumph is not a triumph, but a scandal. And that is just what it is. Protection is protection for the wage-earner as well as anybody else. Free Trade is the best thing known for cash capital. The less protected the employment market the better for capital where capital cares to be unscrupulous.

JAPANESE IMMIGRATION

In 1906 the Laurier Government suddenly concluded that Canada would become a party to the treaty. This determination was communicated to the British Government who immediately sent a telegram on the 14th July, 1905, to the Laurier Government, reminding them of the modification insisted on by the Liberal-Conservative Government in 1895, and inquiring whether they proposed to stand by that policy. The British Government repeated this warning on the 6th September, 1905, but on the 25th September, 1905, the Laurier Government passed an Order-in-Council declaring that Canada desired to assent to and be bound by the treaty "absolutely and without reserve," that is, without reserving any control over the immigration of laborers or artizans.

This momentous and unfortunate decision was carried into effect by a new treaty between Great Britain and Japan, dated July 12th, 1906, and in which Canada became bound absolutely by the treaty of 1894 without any modification and thus surrendered all control of the laborers and artizans from Japan.

CANADIAN PARLIAMENT DECEIVED.

When Parliament was asked in 1907 to ratify the treaty of 1906, the Laurier Government pretended to bring down all the papers relating to the subject; but withheld the Order-in-Council passed by the Conservative Government on 3rd August, 1895, which was suppressed until the Opposition forced its production in the session of 1908.

Parliament's consent to this treaty was obtained by assurances of Sir Wilfrid Laurier that Japan had agreed to restrict most effectually the emigration of her subjects to Canada. His words in 1900 were as follows;

"Japan and its Government have themselves taken the initiative in this respect and actually restrict emigration from Japan to Canada. The actual order issued by the Japanese Government restricts the number of emigrants to Canada to ten per month, or one hundred and twenty per year. In face of this condition of things I think my hon. friend, Mr. Morrison, will find that 'it is not necessary to adopt an amendment which, if adopted, might lead to serious international difficulties, and which, if not adopted will not affect in the case as the point is covered already by the action taken by the Japanese Government.'" —Hansard, 1900, page 8207.

He supplemented this in 1907 by making the following declaration;

"At present the Japanese Government do not allow emigration from their own provinces with the exception of a very few from each province, I think not more than four or five from each province. That is all the Japanese permit to leave the Empire of Japan and therefore practically there has been no emigration to British Columbia from that country."—Hansard, 1907, page 1551.

Parliament was thus misled by;

(a) Sir Wilfrid Laurier's assurance in 1900.

(b) Mr. Fisher's assurance in 1903.

(c) Sir Wilfrid Laurier's reiterated assurances in 1907.

The people's representatives were thus led to believe that no considerable immigration from Japan could possibly arise.

RUSH OF JAPANESE LABORERS TO CANADA.

The treaty had not been ratified a month before every one of these assurances was absolutely falsified. Japanese laborers and artisans began to pour into British Columbia by the thousands. From January, to October, 1907, a period of ten months, 8,125 Japanese arrived at the ports of Vancouver and Victoria.

The Canadian Government, having plunged into the treaty without due consideration and against the warning of Great Britain, now sought the aid of the British Government. Even with its powerful aid Mr. Lemieux, who was sent to Japan, accomplished very little. The Japanese Minister for Foreign Affairs addressed to Mr. Lemieux a very polite letter, which has been published in the press.

• • • • •

OPPOSE SECLUSION.

Two remarkable statements were made on this question in the session of 1908 by Mr. Lemieux, Postmaster-General and Minister of Labour, recent Government delegate to Japan, and by Mr. Fisher, Minister of Agriculture. Mr. Lemieux said:

"The policy expressed by the leader of the Opposition during this campaign in Western Canada last fall was a policy of complete exclusion. He argued before the British Columbians that if he were in power he would have a white British Columbia which I understood to mean the exclusion of Oriental labour and which applied to the case in hand means the exclusion of the Japanese.

Mr. R. L. Borden—Might I ask the Hon. Minister whether his policy is not for a white British Columbia.

Mr. Lemieux—No, Sir." (Hansard 1908, page 2145.)

Mr. Fisher in the same discussion and in reference to Japanese immigration:

"Many of them may come in. I am not so much afraid as some people that many of them will come in. There was no allusion made this afternoon to a proposal to take 10 000 acres of land in the Northwest and cultivate it as a Japanese farm. I do not know that there will be any great injury to the people of Canada to take 10 000 acres of the Northwest which is not highly cultivated and which is not highly productive and place it under Japanese method of cultivating. I do not know that it would hurt and I have confidence that if a few thousands or a few tens of thousands or I do not hesitate to say, if a few hundreds of thousands of Japanese came into Canada the present Canadian people will still rule this land........ For these reasons I am not so very much afraid of Japanese immigration." (Hansard 1908 p. 2122.)

"There is always this advantage in knifing one's former political associates: that the weapon can be more unexpectedly inserted beneath the fifth rib than it could be by an entire stranger. Those old Hebrews knew the trick. "And Joab said to Amasa, Art thou in health, my brother? And Joab took Amasa by the beard with the right hand to kiss him but Amasa took no heed to the sword that was in Joab's hand." — Globe.

The man who wrote this must have been thinking of Mr. J. R. Stratton and Mr. Finlay, M.P.

THE JAP IN THE WEST

In another column will be found the Toronto Globe's alarming intelligence regarding the invasion of British Columbia by the yellow man. No words can sufficiently condemn the Laurier Government for their criminal conduct in steering the Japanese into our west. It was done for a purpose and now we see that the purpose is served. There will be no yellow west, however. October is close enough to do away with all chance of that. Mr. Borden will put the bars up. This country is going to be white. Our own good Canadian labour will not be sacrificed to the overpowering unreasoning greed of Mammon.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhœa and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

THE MATTERHORN.

Soon a Railway Will Mount to the Top of the Great Peak.

In about four years' time, when you wish to climb the Matterhorn, instead of engaging a guide and waiting days for fair weather and then risking your neck in a breathless, glorious scramble over the glaciers and cliffs, you will simply press a button and shout, "Going up!" The railway to the top of the mountain, which is to be completed at a cost of $1,250,000, will be the most interesting of the world's great elevators and will carry the "rocking chair climber" to those grand viewpoints which defied all mountaineers until the memorable ascent in 1865 by Mr. Whymper, Lord Douglas and their companions, which ended tragically. The road will pierce its way upward through tunnels in the living rock to a point within sixty feet of the summit, at an altitude of 14,780 feet, where a number of rooms will be cut. The announcement is made that the terminus will be provided with various novel contrivances, not the least of which will be a special chamber filled with compressed oxygen for tourists suffering from mountain sickness. It is needless to say that the true mountain climbers, whose pride and joy it is to conquer the mighty Alpine snow peaks, look upon this prospective intrusion of the railroad and hordes of "trippers" with ill disguised grief. It was bad enough, say they, to have Jungfrau desecrated, but the Matterhorn, that superb peak, pronounced by Ruskin to be the perfect mountain, should have been left alone. On the other hand, thousands of people for whom the climb would be a physical impossibility are fully capable of appreciating the glories of the outlook and the uplift that comes from standing on so renowned a summit. No one has an exclusive property in such a peak as the Matterhorn.—Boston Transcript.

WINNING A COAT.

The Clever Scheme That Was Worked by a French Thief.

A Frenchman had been attending the Comedie Francaise, and after the performance he took a gloomy byway in order to make a short cut to the Boulevard Montmartre. He noticed as he hastened through the dark a slight tug on his coattail, but to this he paid no attention. When he reached the bright boulevard, however, he found, to his great mortification, that one tail of his clawhammer coat had been cut off. He notified a journalist of his loss, and the next morning an account of the odd theft appeared in the Figaro. That afternoon a man in a blue uniform called on him.

"I come, monsieur," the man said, "from the bureau of police. We have captured a suspicious character who had in his pocket a piece of fine black cloth. Let me have your mutilated coat, sir. If the piece fits it, we will know that we have apprehended the man who robbed you."

The other surrendered his coat, and from that day to this he heard no more about it. The pretended official was, of course, the thief, who had adopted that aduacious means of getting the coat in order to atach to it the purloined tail.

Who Knows?

Alice toiled slowly up the stairs, paper and pencil in hand, ready to ask questions of the first person she encountered. Being just six, she was at the inquiring age and endeavored to make everybody's life a burden to them.

The first person she encountered was Bridget, the upstairs girl.

"Pwease, Bwidget," she piped, "gif me ve letters of ve alfabit."

Slowly and impressively Bridget complied.

"An' now, Bwidget," proceeded Alice, "pwease gif me ve letters vat ain't in ve afabit."

Bridget thought. Then she thought again. She was puzzled.

Finally she said:

"I'll tell ye tomorrow," and went down to ask cook.—London Queen.

The Colonies—In English Eyes.

The average Englishman, and it is surprising in what numbers he exists, has a vague conception of colonies generally. He has some hazy notions of Virginian plantations and transportation settlements and crown colonies where a peppery military man of the old school takes up the white man's burden by holding autocratic sway over unclad barbarians. The conceptions are more often than not fifty years behind the times.—Sydney Lone Hand.

The Oldest Jury.

The oldest Greek poet has left us a picture of what the jury was in his time. The primitive court is sitting, and the question is "guilty" or "not guilty." The old men of the community give their opinions in turn. The adjudicating democracy, the commons, standing round about, applaud the opinions which strike them most, and the applause determines the decision. Such was probably the earliest form of jury.

London's One Horse Tram Car.

Bermondsey enjoys the distinction of possessing the last one horse tram car in London. It is a curiosity which should attract "rubber neck" sightseers. From Old Kent road to St. James' church, Bermondsey, this, the only car on the route, runs slowly backward and forward all day long, and the fare is only a halfpenny. It is a pantomimic looking vehicle, low down on the ground and minus top seats.—London Tit-Bits.

WHERE DOGS CARRY MAIL.

Work In Arctic Circle Tells Hardly on Esquimau Canines.

Until the coming of the Americans the leaders in Esquimau dog teams were unknown in the Arctics. The trail was generally broken by an Indian or Esquimau woman running ahead of the team, her tiny mukluks—which are high boots made of the skin of the hair seal or the reindeer—pounding through the snow, while her liege lord snuggled in the sledge's fur-lined bed.

Few pure malamutes (native dogs descended from the Siberian wolf) are now employed in the mail service. Their legs are too short, their feet sink too readily through the snow. Preference is given to a cross between the malamute or McKenzie husky, St. Bernard or Newfoundland with a little hound.

The Esquimau begins to train his dog for sledge work before it is a month old. One of the most interesting features of Esquimau villages are puppies tied to the pole of a tent. They pull on the rope with all their puppy strength in the effort to break away and join the frolics of their elders.

Not until a dog bred for mail service is one year old is it put in training for the trail. It begins by running ten miles with the team, then it is dropped out. Next day it runs the same distance. Gradually the distance is increased until it reaches its fifteenth month of life, when it becomes part of the regular service.

The life of a mail dog is from three to four years. No greater punishment can be inflicted than to lay a dog off from service. When unruly they are often threatened with a layoff, and with almost human intelligence they seem to understand the disgrace it implies to the eyes of their fellow-workers on the trail. All fight to be leaders.

Some dogs are better trail followers than others, as some are better leaders. In a blizzard the best of them lose the trail, but invariably find it.

When on the trail they eat but once a day, then at the end of the journey. After feeding like weary children, they fall asleep and are never quarrelsome; it takes on an average 20 ponuds of food a day for a team of eleven dogs on a hard route.

The dogs of the mail teams consumed last year three tons of bacon and one ton of rice. The rice and bacon are cooked together with frozen fish and eaten hot. The dogs are permitted to eat all they want.

When too hot they cool it in the snow. If near the sea or a river they will cunningly pull the vessel out on the ice and test the temperature of the contents with their long tongues until the mess can be eaten without burning the mouth. Frozen fish is the staple food of the native dog.

CANADA'S LABOR LAWS.

Pan-Anglican Conference Applauded Mr. N. W. Hoyles, K.C.

At the Pan-Anglican Congress when the question of capital and labor came up for discussion, under the presidency of the Bishop of Columbia, Mr. N. W. Hoyles, K.C., told his hearers how far Canada had gone on the labor question, and won rounds of applause when he declared that the state should no longer be content to act as a trustworthy policeman and keep the ring while the various contestants struggled and strove therein.

The Labor Department was responsible for deciding what were in any given place or circumstance fair wages, and conciliation boards, about which public opinion played freely, had proved entirely successful in preventing serious labor disputes, but the evils of unemployment were growing, and the recent practice of despatching unfit English emigrants in large numbers was adding to it.

Canon Walter Williams, New Zealand, said he came home to find "friends among the laity turned protectionists and his friends among the clergy become Socialists." The Socialism of the younger clergy seems especially marked. They loudly applaud every proposition which makes for state control, municipal enterprise and Socialist ideals.

The Bishop of Columbia, summing up the discussion on capitalism, said that the Canadian method of investigating and fixing wages before the letting of a contract was most valuable and a new departure. It was worthy of consideration whether any trade ought to be allowed to continue that did not provide a living for its workers. We were being held back, he said, because people would not retain a calm judgment in dealing with social problems. The mere mention of Socialism frightened many persons. If the other man's remedies seemed to be those of the quack, was there not an injunction to suffer fools gladly?

Truthful and Ingenious.

Among camp stories at Easter-time, says the Australasian, was one brought from London by an "exchange" officer, and it concerned a Canadian colonel of militia, who went to England after distinguished service in the South African war. He and other officers dined at a Guards' mess, and naturally the talk turned for a while on the value of a militia in countries with little or no permanent soldiery. How could officers spare the time?—was one question. The Canadian named their professions; related how they stole certain afternoons from business, merchants leaving their counting-houses, teachers their schools, and so on. A moment came when everybody looked at Col. Blank. What did he do in business hours, and how did he manage to get away? Now, have I mentioned that Blank was not only a good soldier, but also a thriving undertaker?

Well, he was. You see his dilemma. The undertaker is a useful and generally sympathetic member of society, but for all his pride in his calling, he would never be able to commend it to the Grenadier Guards. So the colonel (weakly, if you like) hesitated, boggled a little. Suddenly inspiration came.

"I—I follow the medical profession," he said truthfully.

The Radium Supply.

Mme. Curie possesses 15 milligrams of radium; Professor Bordas, 10; M. Becquerel, 10; Sir William Ramsay, 20; Sir William Crookes, 20; Professor d'Arsonval, 20, and Thomas A. Edison, 20 milligrams. About twenty milligrams more are in the possession of other professors. All this is in the *form of pure or nearly pure* radium and its salts, and the entire amount is 135 milligrams, or about two grains troy.

Commercial low grade radium is distributed among a great many hands, and its strength is very variable; hence exact statistics are not obtainable, but it is estimated that the entire amount of commercial radium contains less pure radium than the quantity in the possession of scientists, as stated above.

To these supplies must be added the comparatively enormous quantity of three grams of radium which Professors Exner and Wien have lately extracted from half a ton of Joachimstal pitchblende, the value of which is estimated at $80,000. One gram of this is to be sent to Sir William Ramsay for experiments on radium emanation.—Scientific American.

Rome as a Seaport.

Rome a seaport! This ideal which has been long under discussion, is, according to a British consul's report, about to be realised. Several schemes have been brought forward, including one for a ship canal something like that which has opened Manchester to the sea. The royal commission appointed to study the question has, however, adopted the project proposed by the Italian board of works, which is to dredge the Tiber sufficiently to allow ordinary steamers to approach Rome from the river's mouth at Fiumicino, where important entrance works are to be undertaken. Thus the transfer of cargoes from steamer to rail at Civita Vecchia, fifty miles off, will be no longer necessary.

The Great Little Pin.

One hundred and thirty-three million gross of pins—nineteen billion pins! The census bureau is the authority for the statement that the output of pins in the United States for the year 1907 alone reached these stupendous figures. It is not strange that mankind has for many years wondered where all the pins go to. Nineteen billion pins supplies 225 pins for every man, woman and child in America. Nor is this all. These figures are for the common pin and do not include hairpins, safety pins nor the importation of an unstated quantity of pins from other countries.—Exchange.

Milton's Cottage.

In this year, the tercentenary of Milton's birth, it is interesting to note that the only one of the several houses in which he is known to have lived still exists. That is the little cottage at Chalfont St. Giles, where he resided for a time when the plague raged in London in 1665.—London Builder.

High Court Eastern Ontario in Session at Kingston

Kingston, Aug. 26—In St. George's hall today the high court of Eastern Ontario Independent Order of Foresters began its annual session with almost three hundred delegates in attendance.

The reports of the high court officers were submitted. High Chief Ranger Dr. Wade, reported the membership at 14,214, increase 268 but 444 fewer than the previous year which he attributed to the uncertainty of the rates.

The court has a surplus of $368 after meeting all indebtedness.

The delegates this afternoon enjoyed a trip among the Thousand Isles as the guests of the Kingston corporation.

RICH. HALL AND SON'S STORE BEING GREATLY ENLARGED

Work Was Commenced This Morning—Upper Storey of E. F. Mason's Grocery Store to be Added—Will Have Largest Show Window Between Toronto and Montreal.

The enterprising firm of Richard Hall & Son, George street, commenced to-day to enlarge their already up-to-date premises. It is the intention of the firm to tear down the wall dividing the hall immediately south of the store, from the store. The wall separating the apartments over Mr. E. F. Mason's store on the second floor from Mr. Hall's store will also be torn down. This will greatly increase the floor space, making ample room for the opening of a new apartment, but Mr. Hall at present is not prepared to say what it will be. The millinery department will be made twice its present size and the mantle room will also be much larger.

The south show window when the alterations have been completed, will be thirty feet in length, making it the largest between Toronto and Montreal.

The work of enlarging the store was commenced to-day and will be done by Mr. Wilson, of Toronto, who is employed by the Toronto Savings & Loan Co., the owners of the property. It is expected that it will all be completed within ten days. Mr. Hall's store will then be one of the finest and most up-to-date to be found in any city in the province the size of Peterborough.

GUEST AT IDYL WYLD GOT 22 POUNDER YESTERDAY

Mr. T. J. Parker, proprietor of the Hotel at Idyl Wyld, tells of a big catch made in Rice Lake yesterday by a Rochester gentleman who is a guest at his house. The fish is one of the largest hooked this season, weighing 21 3-4 pounds. Mr. Parker states it was one of very large measurements and the lucky fisherman is pleased over his success.

There have been a large number of guests summering at Idyl Wyld this year and the attractive Rice Lake resort has enjoyed a season of great popularity. At present there are 18 staying at the hotel, some of whom are Americans.

The fishing is unusually good, Mr. Parker states, and has been all the summer. The duck hunters are anticipating a big festival of shooting and the ducks are seen in large numbers around the lake. The season opens on September 1st.

GEORGE H. YOUNG SUPPOSED TO HAVE BEEN KILLED IN WESTERN CANADA YESTERDAY

Word has reached here of the death of George H. Young, of 493 Aylmer street. At least circumstances point to it being Young. Yesterday a man apparently about 25 years of age was killed, owing to having stepped off a CPR train between Brandon and Winnipeg while the train was in motion. A pass book issued from the Peterborough branch of the Bank of Ottawa was found in his possession and the local office was communicated with by telegraph. The numbers of the book was that of Young's and it is therefore thought that he was the man who was the victim of the fatality, that is unless he had lost his book previously.

Young moved to the city last spring from the 12th concession of Monaghan, coming with his mother who died last July. His father was the late Andrew Young. No particulars of the affray are to hand than those already mentioned. An inquest was held last night but the verdict has not reached here yet.

The deceased, if it should prove to be Young, went west on a pleasure trip. No brothers or sisters survive him. Mr. Graham of S. A. Oke's, George street, is a first cousin.

The body will be sent to Peterborough.

FINE TIME AT LAWN SOCIAL

Duke of Manchester Lodge Scored Distinct Success Last Night

Duke of Manchester L.O.L. No. 50, held a most successful lawn social at Brayley's school house, North Monaghan, last night. A large number were in attendance, nearly every 'bus in Peterborough being chartered to take people out to the function. Many also drove out in single vehicles, and there were also many present from the surrounding country. Refreshments were served between 8 and 8.30 o'clock, and afterwards a platform for dancing was got in shape and an enjoyable hop was held. Splendid music was furnished during the evening by the 57th regiment band.

The officers and members of the lodge desire to thank those who turned out and made the social such a success.

PIECE OF GLASS PIERCED HIS RIGHT EYE

Mr. H. A. Hageman Had Accident at Stony Lake

Mr. H. A. Hagerman, of Niagara Falls, who is spending his holidays at Stony Lake, met with a painful accident on Wednesday. While walking on the rocks, he tripped and fell. He was wearing eye glasses at the time and in falling they broke, a piece of splintered glass pierced his right eye, cutting it badly. He came to the city yesterday and had his eye treated and also purchased a new pair of spectacles.

PERSONAL

Melville Hartley and Norman Gease, of Stony Lake, are in the city to-day.

Mr. W. C. Bensel, of Washington, D.C., returned home to-day after an outing at Buckhorn.

Mr. Edward M. Taylor, of St. Louis, who is holidaying at Young's Point, will return to Peterborough in a few days.

Mr. and Mrs. J. F. Beatty and Miss Florence F. Lenhart of Greensburg, Pa., were registered at the Snowden House to-day. They left this morning for Gore's Landing, where they will spend a month.

Mr. Douglas McKenna is a guest in the city again after spending a few days in Peterborough, Toronto and Niagara Falls.—Belleville Intelligencer.

Mrs. W. H. Bradburn, Homewood Avenue, and son, Herbert, have returned after a visit to Vancouver, B.C. They were accompanied as far as Toronto by Mr. and Mrs. Brignall, who are visiting their daughter, Mrs. Hamilton.

Joseph Ritha, charged with assaulting a Montreal constable, was acquitted on the ground that the constable had used his baton first.

FOR THE PROVINCIAL EXHIBITIONS

All cities over the province are preparing for their exhibition and Peterborough is no exception to the rule. It is the time we meet our old and new friends, and those who are not our friends, it is also the best time for the introduction of the newest and smartest cuts in fall suits, and where they can be shown to the greatest advantage.

The New York Ladies' Tailoring establishment have removed their parlors and workshops from 658 George street to 327 Reid street, opposite St. Peter's Cathedral, for the better accommodation of their patrons and are prepared to take orders in any line of ladies' garments.

THE SCOTSMEN AT BELLEVILLE

Belleville, Aug. 26.—The gathering of the clans and Caledonian games in this city to-day was a big success. Excursions came in from many points and fully six thousand strangers must have been in the city. This afternoon the games took place at the driving park, and a large crowd was in attendance. The 48th Highlanders Band of Toronto, played at the grounds and gave a concert in the opera house at night, which was well attended. The sports were splendidly contested, the most interesting event being the tug of war between Madoc, Campbellford and Belleville camps, Sons of Scotland. Madoc camp won with ease, pulling both their opponents all over the field.

THREE DAYS MORE OF THE SHOE SALE

The New Golfers
Norfolk Style for 1908-09.

For the Outing Woman nothing can take the place of the Knitted Outer Garments. This season the styles are varied but most prominent are the longer jackets in the Norfolk style (with self belt). Our new stock has just arrived and the showing is a creditable one. Visit our Ready-to-wear Department, Second Floor.

Our $4.50 Norfolk—This Jacket is made of the famous Hewson's Wool, and comes in white, red and moss green. The style is the self belted norfolk, finished with stole collar and white pearl buttons. The weave is plain and fancy giving the effect of lengthwise stripes. A very natty garment and warm.

Our $3.75 Double Breasted Golfer—A very warm jacket made of heavy soft wool (Hewson's) in grey and red only with roll collar. This style is very neat comfortable and is particularly suitable for all outing purposes.

And For $1.75 we are showing a very handsome line of Hewson's make, long single breasted golf jackets in grey, black and white—a low priced serviceable garment.

We also have other lines at prices ranging from 1.98 2.25 to 2.75, including popular styles and colors.

WOMAN FINED ON TWO CHARGES

Marjory Burk, of Norwood, has been getting into trouble. She appeared before County Police Magistrate Edmison yesterday on two charges, both laid by Thomas J. Hopples. One was for using abusive language to Pople's wife and the other for maliciously killing a couple of his chickens. She was found guilty on both charges and fined $1 and costs for the first and $5 and costs for the second. She had to make reparation for the chickens as well.

SAID TO HAVE THREATENED TO END WIFE'S LIFE

Sherbrooke St. Man in Police Court To-day—Case Dismissed

A Sherbrooke street resident was charged at the police court this morning with threatening to poison his wife, and with sleeping with a razor under his pillow and thereby causing her to be afraid of him. Mr. E. A. Peck appeared for the defendant and pleaded not guilty. His Worship did not bind the prisoner over to keep the peace as the complainant desired. He did not think that the defendant would harm his wife, he having stated that it was his intention to keep away from her.

The complainant stated that on the 5th of August he threatened to either knock her brains out or give her a dose of poison. He also said that he would take one herself. On Tuesday night he came home, picked up his clothes, and said that he was going away.

The defendant stated that he never threatened his wife. If the razor was under the pillow somebody else put it there. The case was dismissed.

HEAVY FINE FOR ASSAULT ON STEAMBOAT

Purser on the Otonabee Struck the Steward on Tuesday Night

Jas. Henderson, purser on the steamer Otonabee, was fined $10 and costs, amounting to $14.50, at the police court this morning for assaulting Norton Chambers, the steward of the boat. Mr. E. T. Medd appeared for the complainant, and Mr. R. F. McWilliams for the accused, and pleaded not guilty. After the evidence of Chambers the plea was changed to that of guilty.

It appears that the trouble occurred at the Wolfe street wharf at the conclusion of the Oddfellows of Havelock excursion to Mount Julian on Tuesday last. The purser hit the steward several blows, the steward claims without any provocation. One blow was struck in Chambers' eye, necessitating the treating of it by a specialist. Another row, it is said, took place about an hour and a half before the one dealt with this morning.

Extraordinary Dress Goods Specials

IN a Dress Goods Department as popular as ours, broken lines and short pieces will necessarily accumulate. Then, too, in a range of fabrics so complete there must be some backward sellers. Therefore, periodical "clean-ups" are necessary in this department. To-day's news—rich with the savor of savings—features one of these semi-occasional "clean-ups."

We've gone through the Dress Goods Stock with a fine-tooth comb, so to speak, and have collected together all the pieces to which we wish to bid a brief farewell. These will now be marshalled out to the tune of very little prices.

This is your chance to secure good-quality, perfectly desirable fabrics for very much less than they are worth, and the earlier you get here to-morrow the bigger bargains you can secure.

WILL RIVERDALE CHURCH BE BOUGHT FOR CLUB-HOUSE

It is reported that there is a movement on foot to purchase the Riverdale church which is located on the North Monaghan side of the river a short distance below the city and convert it into a club house. Several local gentlemen are interested in the matter and are endeavoring to interest others in the proposition. They propose forming a boating club and the clubhouse would of course be the headquarters.

It is splendidly located for such a purpose and it is believed that the proposition will be carried out. The church is not used for religious services at the present time.

5 TON BOILER NOW SUPPLIES THE HEAT FOR GREENHOUSES

A large steam boiler weighing five tons and with a capacity capable of furnishing sufficient steam for 75,000 feet of inch pipe, has been installed by Messrs. Jordan Bros. in the greenhouses at Argyle street. It replaces the five hot water boilers which up to the present have been supplying the heat required and if the firm finds it necessary to build more greenhouses the boiler will be able to supply the warmth required. At present it supplies the heat for six houses, for which 20,000 square feet of glass are required. The installation of the boiler has just been completed and it has taken five weeks to finish the work.

HON. J. W. GIBSON, K. C., LIEUT.-GOVERNOR OF ONTARIO

A despatch to the Review says that the appointment of Hon. J. M. Gibson to the Lieutenant-Governorship of Ontario has been made. Rumors to this effect have been circulating for some time although it has of late been alleged that Mr. Gibson's private business precluded his acceptance. Today however the news is explicit.

THE GLOBE AND YELLOW MAN ALARMING NEWS FROM WEST

Winnipeg, Aug. 26.—R. Hemphill, Secretary of the Asiatic Exclusion League, is here interviewing Premier Roblin to enlist his sympathy in the struggle for a white Canada. "We are not asking for money," he says "but for the moral support of the Canadian people. Everyone is with us at the coast, excepting the mill men and Railway Cos. There are 95 Orientals to every five white men employed in the lumber and shingle mills on the coast. The Orientals have practically driven the white men out of the canning industry. They just come to this country to get money, and then send or take it home again. They are no good to the country. If they would bring their wives and families with them and adopt our manner of living and spend their money here we could welcome them with outstretched arms.

"You've got them right here in Winnipeg. In one dive on Alexander Avenue there are 79 Chinamen sleeping every night in a place that isn't fit for a dog to live in. There are 2200 Orientals in Winnipeg. They are driving the white people out of British Columbia and if they are not stopped will soon drive them out of Alberta, Saskatchewan and Manitoba. The white population of British Columbia is about 200,000, with 60,000 adult males. There are 40,000 adult Orientals 16,000 Japs, 16,000 Chinese Hindoos in the Province, and not more than 5 per cent. of the number are females. Hindoos start work at 80 cents a day and Japs at 90 cents, and they work up to $1.50. Mill men will discharge a good white man getting $3.50 a day and put three Japs in his place. It costs these Orientals 20 cents a day to live, and a white man's can't live on less than $800 a year, according to the Royal Commission."—The Globe.

MOHL WILL DO DARING STUNT AT P. B. C. ALLEYS TO-NIGHT

To-night at the Peterborough Bowling Alleys Fritz Mohl, the big German heavyweight who is here for his bout with Rogers does a spectacular bowling alley stunt that is a veritable breath-taker and original with the great grappler. Although his daring performance has been witnessed by many bowling experts and professional strong men none have ever attempted to duplicate the feat on account of the great danger involved in doing it.

Just imagine a man standing behind the pins at the end of a bowling alley, and catching the ball as it shot down, and with pins flying in all directions. He does this short-stop act with the regulation size ball and with the full number of pins set up.

Mohl's catching of the ball amid a shower of pins has been the talk of many American cities and no doubt a large number of local persons will be at the alleys to see him do his sensational turn.

MANAGER CROCKER OF OLYMPIC TEAM TELLS ABOUT THE GREAT GAMES

Gave Interesting Address at Banquet Held at Y. M. C. A. Last Night—Says Simpson is Better Man Than Longboat—Some More Light on the Marathon Race.

"Fred Simpson is a better man than Longboat and was a credit to Canada at the Olympic games. I'm not knocking Longboat, for I've been taking his part right along but I firmly believe that Simpson is his superior."

Thus spoke Mr. J. H. Crocker, manager of the Canadian Olympic team at the "athletic banquet" at the Y. M. C. A. last night.

In responding to the toast "The Canadian Olympic team" Mr. Crocker gave a most interesting address, touching on the great games at London, with particular reference to the Marathon race in which the people of Peterborough were most interested. He paid a high tribute to Fred Simpson, Peterborough's representative in the great race and complimented the local YMCA. on having such a man running under its colors. Mr. Crocker gave it as his opinion that any of the Canadian runners entered in the Marathon could beat Hayes, Dorando and Hefferon ten or perhaps twenty minutes in a twenty-five mile race if the weather was anything like it is in Canada. The fastest men did not finish first in the recent Marathon. The winner and the first two or three men were not affected by the prevailing weather conditions as much as the other faster men who came in later.

But to get back to the banquet. It was a most successful affair in every respect. About fifty were in attendance and everything passed off just as was ordered. There were several excellent speeches and much sound advice was given the athletes of Peterborough, a large number of whom were present. One of the features of the evening was the presentation of cups and medals to a large number of local athletes, the trophies having been won on different occasions during the past summer. Mr. T. E. Bradburn, MPP. who was to have made the presentations was unable to be present and Mr. J. H. Burnham took his place.

The banquet was held in the Association hall and the catering was done in a first class manner by Coleman Bros.

A number of young ladies assisted in the services and their services in this connection were greatly appreciated. A good musical programme added to the attractiveness of the gathering.

The chairman was Mr. H. R. H. Kenner and in opening the second part of the banquet he referred to the pleasure of having Mr. Crocker present and how gratified he was, himself, to see such a large turnout of the athletic element of the city.

Mr. Kenner said that some Canadians were disappointed at the showing of the team sent over. This should not be the case. Canadians probably expected too much, hence the disappointment. A little national modesty would not be a bad thing to cultivate. The speaker did not believe that Marathon races were a good thing and might be eliminated without doing any harm. There were no 25 mile races in the Olympic meets held by the early Greeks. He considered that the long grinds were almost tinged with brutality, so great was the strain on the runners.

He then proposed the toast to "The King," which was honored by the singing of the National Anthem.

A song by Mr. Chas. Thorpe came next. Mr. Thorpe is a good vocalist as well as a good runner and his selection was greatly enjoyed. Mr. McCann acted as accompanist for the musical numbers.

The toast to the "Young Men's Christian Association," was proposed by Rev. G. W. Henderson, of Charlotte street Methodist church and responded to by Mr Hassard, secretary of the local association.

Mr. Henderson referred to the splendid work the YMCA was doing not only in the physical development of young men but in looking after their spiritual welfare. It was an association that deserved the heartiest support. Many young men had been brought to the better life as a result of their connection with the YMCA. The first association in Canada was opened in Montreal in 1857. At that time the YMCA was a young organization with only a few members but at the present time its membership numbered over a million and a quarter.

In responding to the toast, Mr. Hassard made an excellent speech and created a highly favorable impression. The YMCA., he said, stood for the making as nearly as possible of the perfect man. To attain this it was necessary to look after his physical, social and spiritual development While the looking after of the physical and social sides were very important, the spiritual development was the greatest of all. If this part of the work had been neglected the YMCA would have gone to the wall long ago. Mr. Hassard enlarged upon the points mentioned above.

A well rendered vocal solo by Mr E. A Frowde enlivened the programme at this juncture.

The toast to "Athletics in Peterborough" was proposed by Mr. W. D. Campbell and responded to by Mr R. F. McWilliams.

Mr Campbell spoke of the long and honorable connection of Peterborough in the world of athletics. He referred to the fact that Peterborough had a splendid record in all branches of sport and today her athletes were winning fame for themselves throughout Canada and the United States. On the lacrosse, hockey, football and rugby fields, Peterborough had won honors and in other branches of sport the record was none the less creditable.

Mr. McWilliams, in responding to the toast, said that Peterborough's record in the athletic world, was one that should stimulate the athletes of the present day. Without boasting it could be said that the record was one to be proud of and it should not be dishonored. It was true that no city in Canada of anything like its size had such a record in athletics as Peterborough. He was sorry that the professional element was creeping in to some extents and made a plea for the young men of the city to keep their play free from commercialism. "Play the game fair," was Mr. McWilliam's text and he enlarged upon in a splendid manner. It was one thing to win but the victory was worth nothing if it was achieved by means for which there would be the slightest shame if the public knew the true story. The standard "play to win but win through honest means," should be set and clung to all the time. It was a well known fact that in the history of Peterborough athletics, the greatest success had been attained, when the above principle was followed. Mr. McWilliams urged the younger boys to get out and do their share in the athletic development of the city. There was nothing that would do athletics in Peterborough so much good as getting the boys out and working hard.

The toast "The Canadian Olympic team," was proposed in a few, appropriate remarks by Mr. J. H. Burnham and Mr. Crocker responded.

After expressing his pleasure at being present, Mr. Crocker said that he had intended talking about some other matters besides the Olympic games but apparently his auditors were anxious to hear about the games in the Old Country and particulary about the Marathon. The Olympic games of 1908 were different from those of the past. There were more countries represented and more competitors by a large margin than at any meet held in the past. Twenty-one nations were represented and there were over 2500 competitors. Athletes gathered from the four ends of the earth to contest for supremacy and there was no doubt about the winners being world's champions. As to the Marathon it was the greatest race of its kind ever held. At the starting line were the best long distance runners the world could produce and they were trained as never men had been trained before. The Canadians were in the best of shape. They had not been overworked as had been reported in certain quarters. The 20 mile trial which was spoken of had taken place two weeks before the Marathon and it was only a trial not a race. Fred Simpson made the distance that day in 1 hour 58 minutes and was like a whirlwind. He couldn't be kept back. When the day of the great race came the Canadians were so anxious to get into it that they found fault with the clock for going so slowly. The day became intensely hot—about 84 in the shade—and the humidity was tremendous. It took all the snap out of the runners and killed off those who should have won in fast time. Fred Simpson's excuse was perhaps the most novel of all. "Legs simply wouldn't go" he said and that about summed up the whole matter. With weather such as prevails in Canada at the present time the Canadians would have romped home. The Englishmen, Mr. Crocker said, were confident of winning the Marathon and it was a hard blow to them when Lord, Appleby and Duncan made such a poor showing. They were great runners and with another kind of a day would have made it hot for them all. The course was an excellent one and the games were splendidly conducted all the time. The officials were competent, patient and treated every competitor with a similar courtesy.

In the middle distance events the Englishmen could not be touched. They won the three and five mile events handily and should have won the 1500 metres. Lack of team work had lost them the latter but they profited by the experience.

Mr. Crocker said that Voight would no doubt lower some of the great records set by Shrubb.

Speaking of Fred Simpson, Mr. Crocker said that he had been one of the model members of the Canadian team. He was in bed when he should be and behaved himself modestly. He was a better man than Tom Longboat, although the speaker was not knocking the Toronto Indian.

In England, Mr. Crocker said, Dorando was looked upon as the real winner of the Marathon.

Mr. Crocker spoke for a short time about the physical work of the YMCA the important part it had with the work of the association. He showed the important part physical development had in the life of man and emphasized the old axiom that a strong mind dwells in a strong body.

Afterwards the cups and medals were presented by Mr. J. H. Burnham, Mr. Bradburn, MPP, being unavoidbaly absent. Those who received trophies were;

Chieftain baseball club, silver cup, presented by T. E. Bradburn, MPP. The Chieftains are; Messrs M. Turner, H Kirn, K Crane, H Burritt, H Munro, G Minorgan, H Brown, H. Lees, Geo Hogan, W English, W. Dixby, R Howden, A Hall, H Wallis.

Mr J E. Crough, silver cup, presented by Mr J J Howden.

Mr Harold Munro, silver cup, presented by Mr V. Eastwood.

Mr. Chas. Thorpe, gold medal won at Belleville, 24th May, first in five mile road race.

Mr. Peter Wallace, silver medal, won at Toronto at Boys' championship games, June 16th running third in the mile run.

Silver medal won at Howden trophy competitions, Mr D Evans, Mr. F O'Connor, Mr F McGrath, Mr P. Wallace, Mr E Wilson.

The boys who won medals in the Otonabee road race on Civic holiday also received them.

After "God Save the King" had been sung a flashlight picture of the gathering was taken by Mr. Louis Mendel.

T.A.S. WILL BE REPRESENTED

At Labor Day Games at Lindsay--A strong Ball Team.

Rev. Father Collins received a telephone message from St. Peter's Total Abstinence Society, of Peterborough, asking permission for that organization to place a team of athletes in the field for competition in the different events in connection with the the Catholic Literary Society athletic tournament to be held on Labor Day.

They further asked to be allowed to enter their ball team in competition with a Lindsay nine. They have on their line-up such players as Quinlan Callaghan, Flaherty, Connors Mulhall and Shea.

This estimable organization has a membership of over 800, and in case there are any entries under the red and black colors there should be a large number of supporters accompany them.—Lindsay Post.

RUNNING

LUCKY BOY.

The New York Herald says:

Just a decade ago Richard Pearson Hobson was making a triumphal tour of the country, greeted everywhere with kisses from the fairest maidens for his heroic feat in the Spanish-American war. Yesterday history repeated itself, not that there was a warrior of international fame to welcome for his deed of sinking the Merrimac in Santiago Harbor but "Little Johnny" Hayes the victor of the hardest Marathon run race since the original centuries ago made his first appearance in running togs since his return from Europe and he was received with a demonstration which was practically parallel to Hobson's. He ran a half mile exhibition at the annual games of the Eccentric Firemen at Celtic Park, and when he finished pretty girls, throwing all discretion to the winds, thronged around him vying with one another to hug and kiss him.

SPORTING COMMENT

They are playing "The Devil" at two New York theatres. They say the plot for this play was taken from a hockey match played in Peterborough.

The above is from "On the Side" column in the Lindsay Free Press. As a joke it is a serious mistake, and though it is hard to believe it, the entire column is just as bad.

Mohl and Rogers, the two heavyweight grapplers who meet at the rink on Friday night are at present the "big noise" in local sporting circles

---

There will no doubt be a great many on hand to see Mohl do his specialty of catching the bowling ball. The feat will be performed at the alleys of the Peterborough Bowling Club.

Jimmie O'Brien writes from Peterborough asking for information about the Labor Day sports to be held here. Jimmie says he will be on hand and will surely carry off one of the prizes. Walk along James.—Lindsay Warder

---

Peterborough is wrestling crazy this fall. Mohl and Yankee Rogers are scheduled for a bout in the near future. Mohl recently lasted 27 minutes with Gotch.—Hamilton Spectator

Peterborough, Toronto, Hamilton, Dundas and London would make a pretty nice intermediate series if it would pay. London and Peterborough are oldtime rivals and used to draw well in the old days when Hal Burnham, Doc Scott, Ben Simpson and MacPherson formed the Quaker line.—Hamilton Spectator.

This woman says Lydia E. Pinkham's Vegetable Compound cured her. Read her letter.

Mrs. J. A. Laliberte, of 34 Artillerie St., Quebec, writes to Mrs. Pinkham:

"For six years I have been doctoring for female weakness, heart and nerves, liver and kidney trouble, but in Lydia E. Pinkham's Vegetable Compound I can safely say I have found a cure.

"I was continually bothered with the most distressing backaches, headaches, and bearing-down pains, and I kept growing more and more nervous.

"Lydia E. Pinkham's Vegetable Compound relieved me of all these distressing symptoms and made me a well woman. I would advise all suffering women, young or old, to use Lydia E. Pinkham's Vegetable Compound."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

CHALLENGES HURTUBISE

Charlie Conkle Will Undertake to Throw Local Boy Twice in an Hour

Charlie Conkle, of Hamilton, has challenged Gene Hurtubuise to a handicap match and the bout may come off in Hamilton on Labor Day. Conkle who is the welterweight champion of the world, will undertake to throw the local boy twice in an hour. The challenge is being considered by Gene and his manager, Mr. Chris Graham.

Conkle refereed the Rogers-Hurtubuise match here.

BIG TEAM FROM THIS PROVINCE

Will Represent Ontario at Halifax—Nine Selected.

A neat team of athletes to represent the Ontario section of the CAAU has been chosen to go to Halifax by the officers of the Union. James G. Merrick, vice-president, has been delegated as the manager and representative of the executive body. To-night part of them will start and the others will follow in the morning on the CPR.

The team consists of athletes, and includes nine men, the best men available in this locality and they should make things hum down the Maritime way. Five of the nine were Olympic competitors.

Bobby Kerr, the Hamilton world's champion is going to look after the 100, 220 and 440 yards runs, and Lou Sebert, Toronto, his team mate in England is going in the same events.

Percy Sellen and Tom Longboat are entered in both the one and five mile runs and Haligonians will see the two rivals break the tie now existing through each one having recently won a race from each other.

Chuck Skene, Toronto, the well-known walker and runner is ready for the half and mile runs and mile walk.

George Goulding of Toronto, will also compete in the mile walk.

The weights will see T. O'Rourke there in his kickers, his entry being in for the shot, hammer, discus and 56 pound.

Ed Archibald is going after the special all-round championship, being entered in the shot, hammer, discus, 56 pound, hurdles, pole vault and high and broad jumps.

The only Montreal representative will be Abbie Woods, of the Gordon Harriers. He is entered in the half and one mile runs.

Sitting by the side of the track, Henry Branton, St. Thomas, was struck on the head by the steps of a train and probably fatally injured.

At the American Health Association at Winnipeg Dr. C. A. Hodgetts said there had been only 147 suicides in Canada in a decade—a remarkably low figure.

BIG INDOOR ATHLETIC MEET TO BE HELD HERE, SEPT. 17th

Bobby Kerr, Champion Sprinter, and Several Other Members of the Canadian Olympic Team Will be Present—Great Programme Being Prepared—Meet Will be Record-breaker.

The biggest athletic meet in the history of Peterborough will be held on Thursday night, September 17th, in the Brock street rink. It will be under the auspices of the Harriers club of the local YMCA. and its success is already assured. The first meet held last fall was a great success, and the coming one will far eclipse it. Many of the best athletes in Canada will be in attendance and every event should be of the kind worth writing home about. Work will be started at once to put the track in condition in order that local athletes may commence training as they will have to be in the best of shape if they hope to make a showing against the crack outsiders who will be here for the meet. Among those who are already certain of coming are Bobby Kerr, of Hamilton, champion sprinter of the British Empire, and holder of the world's championship for 220 yards; Ed. Archibald, Toronto, who holds the pole vaulting championship of Britain; Jack Tait, who ran a sensational race here last fall; Tom Longboat and our own Fred Simpson. The latter pair will meet in a five mile invitation race. It is almost assured that Lou Seibert, of Toronto, who is hard to beat in the quarter mile, George Barber, the high jumper, Mike Creed, who can clear the bar at six feet and several other good ones. Mr. J. H. Crocker, manager of the Canadian Olympic team, will also be present and will be here a day or so before the meet to assist in the arrangements.

The programme has not yet been drafted but already it has been decided to have 60 and 200 yard dashes, one mile, three miles, five miles and also a 220 yards dash and mile run for boys under eighteen years.

Handsome medals will be given as prizes.

Among the local boys who are expected to compete are Ernie Wilson, Fred McGrath, Pete Wallace, Chas. Thorpe and a score of others.

The 57th regiment band will be in attendance and the committee is already at work on the arrangements. Watch for further announcements.

THEY BOTH ARE CONFIDENT; BUT SOMEBODY MUST WIN

Rogers and Mohl Arrived in City for Bout To-morrow Night—Review Has Interview With Both Men—German is a Man of Marvellous Physique.

Both of them are here and are the centre of much attraction to local sports and in fact to the Peterborough public in general. Rogers came in yesterday afternoon and Mohl arrived last night on the midnight. A Review representative had a chat with both of the celebrated wrestlers and in spite of their immense bulwarks of muscle and Goliathlike physiques, they were quite easy of approach, affable and willing to talk.

Rogers, who, as mentioned, was the first to arrive and looked in the pink of condition and says he never felt better in his life. He was accompanied by Mrs. Rogers.

"I am in much better trim than when I wrestled Hurtubuise here," he said, "and expect to win. That man Mohl is an awful proposition though, and I have got into the best of shape for the battle. I don't want to take any chances and if he beats me it means that I will not be eligible to go to England to wrestle there in the big international tournament. It is my ambition to win that tournament if possible and if I do it will put me up at the top of the ladder among the worlds' best heavyweights. But I realize I have a big task before me and the man that fights through the big array of world beaters will have to go through some hard encounters."

Asked as to what he thought his chances of winning were Rogers stated he preferred not to say anything on that point. "I will do my best," he remarked, "and will strive hard to win the honors for this side of the pond."

FRITZ MOHL.

If Rogers is a giant Mohl is a big giant. The sturdy German champion arrived on the C.P.R. midnight last night and was met at the station by a representative from the Review and another man. He gave the reporter a hand shake that had a squeeze from a vice away back on the stretch. It was only the natural handshake of a phenomenally strong man, but nevertheless was given with the intensity of a grape press.

Mohl has about thirty pounds in weight on his big opponent and shows it in his stripped attire. When one strips he is a mountain of muscle, it is said, but steps around with the agility of a panther.

Like Rogers, he says he expects to win, and as both can't come out on top, it looks as though a great bout will take place.

Mohl, who although a German, speaks English very fluently, was like Rogers, somewhat reserved, concerning what he thought of the outcome of the match.

"I am in tip top shape," he said, "and have been training hard for the contest in my training quarters at the Buffalo gymnasium. I expect to win."

Other than this the mammoth Teuton wrestler and strong man did not want to say much for newspaper publication. He looks the picture of health and appears quite capable of giving Rogers a contest that will cause him to do some tall struggling to win. Both men are now putting on the finishing touches to their training.

SMITH COUNCIL HELD MEETING

Accounts Ordered Paid and Other Business Transacted

The Municipal Council of the Township of Smith met at the County Council Chamber on Monday, 24th inst., all the members being present and the Reeve in the chair. The minutes of the last meeting were read and confirmed.

A by-law to levy the rates and assessments of the township passed its several readings and also a by-law to levy the amounts required by the trustees of the several school sections in the township.

The following payments were ordered:

Sawyer Massey Co, repairs for grader, $8 50.

Wm. Brown, work on road, $42.

Wm. E. McIlmoyle, work on road, $1/50.

W. Braden, work on road, $4.50.

James Stothart, work on road, $18.

J. G. Armstrong, work on road, $5.75.

James Crapp, work on road $4.

Money paid by Reeve to W. Leslie, $3.

The Council then adjourned.

THE CANADIAN ENSIGN TO FLY?

Vancouver, August 26—The Vancouver school board, will, for a time at least ignore the request of the provincial minister of education who has ordered that on and after Monday next, the Union Jack must wave proudly in the breeze above every school house in the province during school hours.

The South Vancouver school board has absolutely, though gracefully refused to fly the Union Jack over South Vancouver schools, firmly believing that the Canadian ensign, although stated by the minister of education to have no official status is the proper thing for Canadian schools.

A joint meeting of delegations from the South Vancouver, Richmond, Point Grey and Burnaby school board met a couple of days ago and a resolution was passed recommending the various boards —other than South Vancouver which had already taken action —recommending the flying of the Canadian ensign in preference to the Union Jack.

The South Vancouver board made its intention known to the minister, whose reply was significant, stating that the department had no objection to any school board using the Canadian ensign if it so desired.

WOMEN WITH ECZEMA

Read This Cure by Zam-Buk.

Why continue to suffer from Eczema when nature has provided a certain cure! Zam-Buk is a combination of vegetable essences and juices so refined, so purified and yet so powerful that the diseased or injured skin absorbs it greedily and reubilds from it new healthy tissue.

Miss Susan Park, 1 Edward street, Toronto, says: "My arms and face broke out with Eczema, which was both very painful, and very unsightly. I used various kinds of salves and ointments, but received no benefit until I began with Zam-Buk. The first application proved it different to other ointments used; it relieved the terrible itching, and also soothed the pain. In a very short time after commencing with Zam-Buk I was cured entirely of Eczema, and my arms and face are now as smooth and clear from any pimples and sores as they ever were."

Zam-Buk also cures Ulcers, Abrasions, Itch, Insect Stings, Blood Poisoning, Scalding Sores, and all Skin Diseases and Injuries. For Piles also it is fine! All druggists and stores at 50c box or post free from Zam-Buk Co., Toronto, for price. 3 boxes for $1.50.

THANKOFFERING OF ST. LUKE'S W.A.

The annual thankoffering of the W. A. of St. Luke's church will be received next Sunday. The members of the W.A. and others interested in missions are requested to place their offering in marked envelopes on the offertory plate next Sunday at either service. The object of the thankoffering is an acknowledgement of God's mercies and to give opportunity, to help in supplying the trained and tested workers for the church.

Enquiry is to be held into the death of Mary Carriere, a pretty girl aged 20, who died suddenly at Espanola.

Four river drivers were upset from their canoe near Port Alexander, north of Winnipeg, and J. Houston and A. B. Knight were drowned.

EXHIBITION
AT OTTAWA

Sept. 18th to 26th, '08

Displays will far excel those of any previous year. A Grand Pure Food Exhibit is to be made by Canadian manufacturers.

High class vaudeville programme will be given daily in front of the Grand Stand in addition to the horse races.

The night entertainment will consist of the latest comic opera "What Happened Then?" by the famous De Wolff Hopper and all star company. Popular prices will prevail.

A grand display of paintings and Ladies' Work will be made to signalize the opening of the handsome new fire-proof building, now being erected at a cost of $12,000.

The special attraction in front of the Grand Stand in the afternoon will include the latest European novelty "Del Oro's Performing Cows." This attraction is billed to appear in Ottawa for the first time in America. There will also be a most sensational automobile race on a specially constructed incline, the contesting chauffeurs being two daring young women.

There will be balloon races daily with a double parachute descent from each balloon by the famous Prof. Hutchison and companion.

Get the official programme when issued next month.

HUNDREDS OF HARVESTERS LIVE ON CHARITY IN WEST

Special to the Review

Winnipeg, August 26—The response of Eastern Canada to the West's appeal for harvesters has exceeded expectations and thousands who have come have caused a congestion of labor that is now an extremely serious problem. There are hundreds of men who cannot get work, and who will not be able to get sufficient to keep them from starving, until the spring season affords employment for a large number of them.

The unemployed are getting desperate and last night at Brandon a number of men held up and robbed a Galician laborer with considerable violence just outside of the city. The victim is in the hospital and the men are fugitives from posses of police.

There are 300 idle Easterners in Brandon alone for whom no work can be found and who are absolutely dependent upon charity for existence. The city gave them a meal yesterday and the day before and Mayor Clement has asked the CPR. to remove them, as the labor markets is supplied twice over there. The police fear the men may get desperate and are anticipating trouble.

The situation is even more serious at Regina, where congestion has occurred almost from the time of the first arrival of harvest excursionists, and the city is being compelled to feed starving men. The Provincial Government has taken the matter up with the CPR and requested the company to abrogate the rule requiring men to work at least thirty days with a farmer before being given the privilege of the cheap return fare. It is sincerely hoped the company will comply with the request, as the men are actually in desperate straits, and through no fault of their own. Otherwise there is going to be much hardship and suffering.

Another trainload of men arrived last night and what will be done with them is a conundrum. The authorities here know of no place where men are wanted at present.

Failure of Brown & Co. in New York Hits Many Firms

New York, August 26—The work of clearing up the tangled affairs of the stock exchange firm of A O Brown and Company whose suspension was announced yesterday after one of the most extraordinary bursts of speculation ever known on the New York exchange began today. It was expected also that the appointment of a special investigating committee of five members of the board of governors of the exchange to inquire into the remarkable transaction on the floor of the exchange Saturday will be announced today. The governors of the stock exchange plan to make this investigation thorough. So involved are the accounts of the suspended firm, that it is believed several days' work will be required before the assignee can estimate its liabilities and assets. These accounts were greatly complicated by the buying for the account of the suspended firm of stock which they had sold to other brokers and were unable to deliver. The losses which the firm suffered under this process which is in accordance with rules of the exchange, will swell its total liabilities and add greatly to the work of the assignee. The failure of A O Brown & Co., had much less effect of uneasiness among the traders today back of the Brown suspension and the transactions of Saturday are yet to be ascertained.

THE TRINITY OF AMERICA

U. S. Clergyman Couldn't Worship That—Commits Suicide

New York Aug. 26.—Declaring that he could not worship "America's trinity success, pleasure and gold," Rev. Albert H. Trick, formerly pastor of a Presbyterian charge in Chicago and later in Saratoga shot and killed himself in a room at a hotel there yesterday. In a letter which he left to Charles N. Dowd, of this city, he declared that the modern church more nearly follows the example of Robert Ingersoll than that of Jesus. The former minister had of late years obtained an insecure living as an insurance agent.

NOT SURPRISED TO HEAR THIS

Oranges Grow in Place Where Lemons Always Flourished

The Lindsay Post says:

There are not many people in this town who would believe that real oranges would grow in Lindsay and if you were to tell some that you had an orange tree that was bearing real oranges they would be inclined to think that you were joking or qualifying for the dippy house.

Mr. E. E. Sparling who resides at the corner of Colborne and St. Paul streets, has, however, a fine orange tree which has all told, about ten oranges on it. He has it growing right in the centre of the garden and it is growing just as fast as any of the other trees. Mr. Sparling before coming to town lived out in North Dakota, and when he moved to this country he thought he would bring some southern tree and see if it would grow in this climate. While in New York he purchased an orange sprout and brought it along with him. On account of it being out of the ground so long, however, it wilted away, but as soon after a young slip grew up, a branch of the old tree. Mr. and Mrs. Sparling cared for the young tree and as Mrs. Sparling is a lover of nature the plant was carefully nursed. Today they have a nice orange bush with a quantity of fruit on it. A reporter was shown two of the oranges and he found it easy to imagine he was in the Southern fruit belt. A curious thing about the tree is that it blooms, has green fruit and has ripe fruit all at the same time. The plant blooms seven or eight times a year and therefore a large quantity of fruit would be gathered off one tree. For the winter the plant sits on the window sill and basks in the sunshine.

CHINESE CHOP SUEY

Chop Suey is a comparatively new dish to the people of Peterborough, having only been used here since the establishment of Chinese cafes in the city. It has not met with a very wide popular favor here and is more a favorite among travellers, especially theatrical people, than among local citizens.

Chop Suey is without doubt the best known Chinese dish in America. Most of us approach oriental concoctions with suspicion, if not reluctance. But no one need be scared of chop suey, for a good American steward of a fashionable New York hotel says it is the American equivalent of chicken stew with celery, mushrooms and bitter oranges. "Chow mein" is another of their favorite dishes familiar to the American visitor to Chinatown. It is made practically of fried noodles mixed with fried chicken, cut up in making the noodles, has been introduced in China comparatively recently.

BOBS MAY VISIT CANADA AGAIN

Hamilton Man Receives Word From Him to This Effect

Hamilton, Aug. 26.—Hamilton has not lost its chance of having a visit from Lord Roberts. A letter recently received by Col. Hendrie indicates that the gallant Bobs may be here "in the near future," and that his greatest regret was that he was unable to meet his comrades of the South African veldt. The letter also intimates that Bobs, if he does come, will arrange so that Our Lady of the Snows will not have a chance to scorch him as she did this year. A copy of the letter follows:

Canadian Pacific Railway Atlantic service, R.M.S. Empress of Britain, Aug 13, 1908.—Dear Colonel Hendrie, Many thanks for your letter of the 6th instant, which reached me at Quebec. I cannot tell you how much I regret not having been able to visit Hamilton. I had been looking forward with so much pleasure to the trave with you to Niagara. My hope is that I may be able to pay Canada another visit in the near future, at a more reasonable time of the year.

Will you please give my best thanks to the author of the poem enclosed in your letter, and let all the old soldiers know how much I regret not having seen them. Believe, me, yours very truly,

(Signed) ROBERTS.

FAILURES

August 15 — Commercial failures this week in the United States as reported by R. G. Dun & Co. are 248, against 262 last week, 275 the preceding week and 183 the corresponding week last year. Failures in Canada number 33, against 25 last week, 23 the preceding week and 33 last year.

This comparison is out of all proportion, bad for Canada.

PRESENTIMENT OF HER DEATH

Aged Woman had Forebodings in Her Dreams.

Cleveland, Aug. 26.—William J. Eccles, well known to thousands of Cleveland people, at least by sight, as "the horse-radish man" at the Central market house, was instantly killed by a Lake Shore electric car at Dover Centre, when he was making a heroic but vain attempt to save his aged mother from death under the wheels. Both were struck and their bodies were buried many feet.

For days a presentiment that she would go soon to the side of her husband had been in the mind of Eccles' mother. In the morning this feeling, which had been strengthened by dreams that had come to her grandchild and to herself, became so strong that Mrs. Eccles delayed her departure for the country in order to attend mass for the last time. She told members of her family that they might not see her again before she bade them good-bye.

HE CARRIED STOLEN GEMS

Jewelry Taken by Wife Found on Former Baseball Star

Philadelphia, August 26.—One hour after Mrs. Alice Henry, a servant thief, was arraigned by Magistrate Scott and held to await requisition papers from Buffalo, where she is wanted for stealing $10,000 worth of jewellery, her husband, Geo. Henry, was arrested when about to leave the city with about $7,000 worth of the plunder.

Henry was a baseball star at one time. He was charged with being a fugitive from Buffalo. His wife is directly charged with the larceny of the gems.

The jewels, some of which were in a small hand satchel and others in two new suit cases, included bracelets, rings, watches, snuff bottles, silver purses, necklaces and other trinkets studded with diamonds, rubies and other gems. Many of the articles bore the initials "W. R.," which correspond to the name of Wm. Rowland, in whose name Mrs. Henry was employed as a servant, and from whose house the jewels disappeared.

According to the police the woman was the second wife of "Jack" O'Neil, who at one time kept a saloon at Thirteenth street and Snyder avenue, and was known by many persons during the days of the Gloucester race track. O'Neil ran many horses on the track, and, it is said, it was through his betting he lost his money. His wife then ran away from him and where he died she married Henry, who was at that time one of the stars of the Eastern baseball league.

Sheriff David Maclean is dead at Portage la Prairie.

WAS CHARGED WITH DRAWING A REVOLVER

Young Men Had Fracas on Geo. St. Last Night—One Was Arrested

Bert McMullen, was charged at the police court this morning with carrying a revolver. McMullen was arrested last evening by Special Constable Lytle. Mr. R. F. McWilliams appeared for the prisoner and pleaded not guilty. His Worship dismissed the case.

Special Constable Lytle said that he arrested McMullen on the information of Harvey Thompson, who said that the prisoner drew a revolver on him. The unloaded firearm was found in his pocket. McMullen said that he was being followed and had the revolver for his protection.

Peter Thompson said that he saw McMullen pull the revolver. When the prisoner came up to him, the witness said "shoot," but McMullen did not shoot. Another young man said he saw the prisoner first at Simcoe and George streets. He saw him pull the revolver.

The prisoner went into the box. He said that he was in the bar at the New Oxford hotel.

Denny Sullivan said he could "lick" anybody in the house. Witness said, "You can't beat me." Sullivan picked up a salt cellar, but the bartender interferred. At the corner of Simcoe street the prisoner met Sullivan and Thompson. He told them to leave him alone or he would pull the revolver. He ran to the police station for protection and was arrested.

Elton Yorke, the bartender, at the New Oxford, was called and corroborated McMullen's evidence.

FIFTEEN DIE IN THE FLOODS WHICH RAGED AT GAVESTON

Waters Are Now Receding in Stricken City and Communication With Outside is Restored—Damage Will Reach Nearly a Million Dollars.

Victoria, B. C., Aug. 28.—One hundred Indians at Salmon Arm, just south of Kamloops, are threatening to go on the warpath, fearing that they are about to have their fishing rights taken away from them. Superintendent Hussey of the provincial police left last evening for the scene, the local authorities stating that it has got beyond their control. The situation is a serious one.

On Wednesday two Indian chiefs were summoned by the Dominion Government fishery authorities for setting fish traps illegally. They were convicted and sentenced to pay a small fine. A band of fifty Indians swept down on the court house, rescued the chiefs, and made off with them.

Constable Fernie at Kamloops was despatched to the scene, but he reported that the Indians were very uneasy. Chief Hussey has received instructions to assuage the passions of the red men by peaceful measures if possible, but to bring them to terms if they will not prove amenable.

HOTELKEEPER IS KILLED BY MASKED DESPERADOES

Entered Hotel at Midway, B. C. and Killed Owner—Bloodhounds on Their Trail.

Phoenix, B. C., Aug. 28.—The town of Midway, 12 miles from here, was the scene of a sensational hold-up on Wednesday night, when Charles Thomet of the Midway Hotel was shot and instantly killed by highwaymen.

Two masked men entered the hotel at 9 o'clock, and at the point of a gun, four men, including Thomet, were told to throw up their hands. Thomet being behind the bar, put his hand on a revolver and opened fire on the intruders, wounding one. The strangers retaliated, Thomet receiving a bullet in the shoulder and abdomen, after which he staggered through a side door into a room.

The desperadoes got into the room through another entrance and shot three more bullets into the body of the dying man. Then they made their escape.

Blood hounds are being brought from Spokane to trail the criminals. One of the desperadoes is thought to be seriously wounded.

WOMAN RIOTER KILLS HERSELF

Mrs. Kate Howard Arrested at Springfield Ends Life With Acid.

Springfield, Ill., Aug. 28.—Mrs. Kate Howard, one of the leaders in the recent riot in this city, committed suicide by swallowing acid soon after being placed under arrest. She died as she was being led to the jail. She was the first person indicted and was held on several counts in the sum of $[illegible],000. When she was released she said she would never be arrested again.

After another indictment was returned against her charging murder in connection with the recent lynchings, Deputy Sheriff Kramer was sent to Mrs. Howard's rooms. She secretly swallowed a large dose of poison, then said: "I'm ready to go now."

Just as she was entering the door of the jail she fell dead.

Emetic Proves Fatal.

Espanola, Ont., Aug. 28.—Smothered with mustard and water is the verdict of the coroner's jury empanelled to investigate the mysterious death of Mary Carriera, caused by mustard and water administered by a member of the household under the belief that the unfortunate girl had taken poison. The jury held all persons blameless.

It appeared that the girl had been brooding over disagreeable circumstances through which she had passed not long ago, and this was what prompted the belief that she had taken poison, when she was discovered in an unconscious state by a member of the priest's household in which she was employed.

Arrested Across Border.

Brockville, Aug. 28.—The local police were notified yesterday morning that John Ross and Morris Foley, the two men wanted on a charge of burglary at Athens Tuesday night, had been arrested at Watertown, N. Y.

Cushing In the Wilds.

Edmonton, Aug. 28.—Hon. W. H. Cushing has returned from a trip to the Peace River district, being the first Cabinet Minister to make the trip.

Boys Caused $15,000 Blaze.

Port Arthur, Aug. 28.—Two boys named White and Hansen, aged about 12 years, confessed to starting a fire yesterday morning which did damage to the extent of nearly $15,000.

The burned building was that on Cumberland street known as the old Toronto House.

Police Saved Her.

Worcester, Mass., Aug. 28.—Mrs. Mildred Holdridge of Brampton, Ont., was saved from death by poison by the quick action of the police in battering down the doors of the house where she was stopping.

Kingston as Grain Port.

Kingston, Aug. 28.—The Daily Standard announced yesterday that a group of influential capitalists, headed by J. H. Plummer of Montreal, has purchased the Moore elevator here and purposes to make Kingston an important transhipping point for grain.

It is understood that a number of large steel grain-carrying barges will be built, with capacities ranging from 48,000 to 60,000 bushels each to ply between Kingston and Montreal.

"The Yellow Peril."

Winnipeg, Aug. 28.—R. Hemphill, secretary of the Asiatic Exclusion League, is here to see Premier Roblin and enlist his sympathy in the struggle for a "white Canada."

At the coast, he states, there are 25 Orientals employed to every five white men.

A mill man will discharge a white man getting $3.50 a day and take on three Japs. It costs the Orientals 20 cents a day to live.

Governor to Choose Judge.

New York, Aug. 29.—Governor C. E. Hughes in a letter received yesterday by District Attorney *Darrin of* Queen's County, stated that he would empanel a special grand jury to hear evidence in the case of the Hains brothers, accused of the murder of William E. Annis.

The governor also said that he would select a judge to preside.

Convict Tries to Die.

Kingston, Aug. 27.—John Troy, in the insane asylum at the penitentiary, was frustrated in an attempt to hang himself.

He is the man who 13 years ago murdered Angus McLeod in Napanee.

Says Annis Boasted.

New York, Aug. 28.—The name of a hitherto mysterious witness who had represented himself as ready to testify to having heard W. B. Annis boast of his conquest of Mrs. Peter C. Hains, wife of Capt. Hains, was revealed last night. He is C. A. Curtis of Princetown, N. J., and Washington, D. C.

Game Was Failure.

Vancouver, B. C., Aug. 28.—John Miller was arrested yesterday charged with having written a letter to John Bain, a grocer, in "Black Hand" style. Main was told to place $200 at the corner of his barn, or he and the store would be blown up. With a policeman Main waited until Miller came along Wednesday night after dark and commenced looking over the ground with the aid of a match.

Thrown From "Jigger."

Winnipeg, Aug. 28.—Theodore A. Burrows, M.P., was injured by being thrown from a gasoline railway velocipede at Valley River, Man.

STRIKE BREAKERS VICTIMS OF MOB

Four at North Bay Hustled by Citizens and One is Injured.

North Bay, Aug. 28.—Strike-breakers at North Bay are becoming weary of being hived up in the boarding cars, and some of the more adventurous are daily testing the hospitality of the townspeople. Wednesday two were hustled out of a hotel bar and driven back to the cars, retaliating by throwing stones, one of which struck Dr. Brandon, a local physician, on the ankle, inflicting a painful wound. Two strike-breakers visited a barroom again yesterday afternoon, and became abusive. A fight resulted, and one of them was badly injured, the other seeking safety in flight.

Ottawa, Aug. 28.—A gravel plow of the C. P. R. was sent to the Ottawa & New York shops to be repared. The men refused to work on it.

Winnipeg, Aug. 28.—Nothing new has developed in the C. P. R strike situation, although it is understood that a number of the union leaders have gone to Montreal for some purpose not made public here.

Treaty May Fall Through.

Ottawa, Aug. 28.—Strong influences are at work against the ratification of the new Franco-Canadian Treaty of Commerce by the French Senate, and it is extremely doubtful under the circumstances whether the treaty will pass into law in its present form.

It is most distasteful to those who are endeavoring to arrange a reciprocity treaty between France and the United States.

Child Crushed to Death.

St. John, N. B., Aug. 28.—The three-year-old daughter of B. H. Kerr of Milltown, had hold of the reins of a horse which was used in hoisting hay into the barn when some gearing gave way and the horse was jerked backwards with such force that it fell on the child, causing instant death.

BAYNE CASE IS UP AGAIN

Evidence Shows That Whisky Came in Labelled "Tomatoes"

Truro, N. S., Aug. 28.—The Bayne trial in connection with alleged bribery in the bye-election in Colchester re-opened yesterday. A large number of new witnesses were summoned, including many active Conservative workers in and around Truro. The courthouse was crowded.

The town has now joined in the prosecution of Bayne, and is represented by J. J. Power, K.C., and S. D. McMillan. The accused takes his situation very lightly.

C. R. Coleman, agent for the Dominion Express Co., swore that on Nov. 26 he received a consignment of ten cases marked "Choice Tomatoes," consigned to a man unknown to him in Truro.

P. W. Clinton, agent of the Canadian Express Co., when asked to refresh his memory from his books said he had been instructed by his superior officers not to produce his books. He was ordered to refresh his memory and return to give evidence.

Tortured by Ants.

Los Angeles, Aug. 28.—After lying helpless under a tree near the ostrich farm east of this city, for two days and nights his life slowly ebbing away, while red ants swarmed over his body and literally ate him alive, Burton B. Jarvis, aged 26, a contracting teamster of Terre Haute, Ind., died yesterday at the County Hospital.

Occasional passersby thought the man under the influence of liquor.

Endorsed John Redmond.

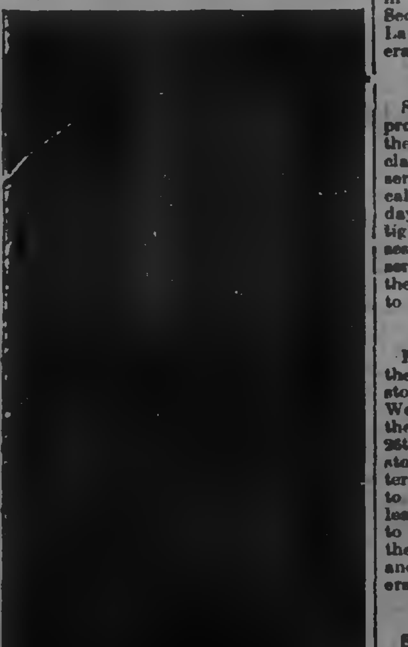
St. John, N. B., Aug. 28.—The Ancient Order of Hibernians, in session here, passed resolutions endorsing John Redmond, M. P., and the Irish party, favoring abstinence and turning down the insurance scheme proposed.

COL. GIBSON IS CHOSEN NEW LIEUT.-GOVERNOR

Hamilton Man Will Not Discuss Appointment Because it is Not Made Official, But Report is Verified on Best Authority.

Hamilton, Aug. 28.—The rumor of the appointment of Col. J. M. Gibson as Lieutenant-Governor of Ontario has been confirmed. When asked last evening about the report Col. Gibson said he could not discuss the matter, because he had not yet received official notification of his appointment. His colleagues, however, make no secret of the fact that the colonel is preparing to sever his official connections with the company.

Col Gibson was born on a farm in the Township of Toronto on New Year's Day, 1842; had an excellent career at the university and the law school and entered the practice of law in Hamilton. From 1860-1895 he was an active member of the militia, retiring as colonel of the 13th Regiment. His connection with rifle shooting has been very prominent. As a young man he was secretary of the Hamilton Reform Association; and was elected to the Legislature in 1879. He was in various Cabinets as Provincial Secretary, Commissioner of Crown Lands, and finally as Attorney-General. He is a good entertainer.



COL. J. M. GIBSON.

Brave Boy Saves Two.

Ingersoll, Ont., Aug. 28.—Harry Cline, the 13-year-old son of W. A. Cline of this town, is a hero.

While swimming across the Thames river, east of here, with his 8-year-old son, Melvin, on his back, Harry's father was seized with a cramp.

Harry, who was on the bank, stripped off his clothing, and diving, rescued both father and brother from fifteen feet of water.

Russell Sage's Fortune.

New York, Aug. 28.—Russell Sage's estate is valued at nearly $64,153,800.

This fact became known yesterday for the first time through the signing of the order for the transfer tax payable to the state.

Of this amount Mrs. Sage's share under the terms of the will left by her husband, who died July 22, 1906, is $63,000,000.

Tackled Wrong Man.

Woodstock, Aug. 28.—Harry Schriber tried to get Chief Thompson of Woodstock to subscribe for a magazine. When he got through propounding his arguments, the chief informed Schriber that he was under arrest, at the request of the Stratford police, on a charge of theft.

Troops to Keep "Lid" On.

Seagirt, N. J., Aug. 28.—In a public proclamation issued yesterday from the summer capital, Governor Ford declares that unless the excise law is observed in Atlantic City, which he calls a "saturnalia of vice," next Sunday, and all saloons and cafes closed tightly he will call an extraordinary session of the grand jury and may send the New Jersey state troops to the famous resort, declaring the city to be under martial law.

Slept With the Dead.

New York, Aug. 28.—Driven from the city parks and streets by the storm, 200 homeless men and women Wednesday night sought shelter in the city morgue, at the foot of East 26th street. During the height of the storm such numbers applied for shelter that officials opened the morgue to the homeless. Some, when they learned that they would be obliged to sleep in the same building with the dead, turned back into the night and the storm, but others, not so superstitious, slept soundly.

Big Fire at Soo.

Sault Ste. Marie, Aug. 28.—Fire at Lake Superior Corporation yards yesterday afternoon resulted in loss of about $100,000. It started in the lumber yards near the saw mill and destroyed about 3,500,000 feet, estimated to cost $30 per thousand. The lumber was owned by Miller & McCool, the Algoma Commercial Co., and the Saginaw Lumber Co.

Victim of Black Hand.

New York, Aug. 28.—Ciro Bivono, who conducts a grocery store on First avenue, was shot and fatally wounded on his doorstep after talking with alleged Black Hand men. At Bellevue Hospital Bivono identified an Italian as one of the men who had fired upon him, but later said he had never seen him before. His wife, however, said he was the man who had shot her husband.

Shot on Board Walk.

Atlantic City, N. J., Aug. 28.—Chas. Roberts, said to be a prominent resident of Baltimore, was shot and seriously injured early yesterday while in a rolling chair on the board walk.

His assailant, whose identity is unknown to the police, escaped.

The injured man informed a hospital physician that a robbery had been attempted.

Will Build a Navy.

Buenos Ayres, Aug. 28.—At a secret sitting the Chamber of Deputies approved the scheme for the proposed new armaments, which includes the building of two powerful battleships, a flotilla of torpedo boats and destroyers and the purchase of a reserve of guns.

RED MEN ON THE WARPATH FEAR LOSS OF FISHING RIGHTS

One Hundred Indians Are Threatening Trouble and Are Already Beyond Control of Local Constables—Have Rescued Two Chiefs.

Augusta, Ga., Aug. 28.—The flood waters at Augusta began receding yesterday afternoon. They reached the height of forty feet, probably as high as the flood of 1888, which caused damages amounting to one million dollars.

Rain has ceased in the upper valley, and there is no danger of further losses. The damage is approximately $750,000 to $1,000,000.

The loss to farms, farm lands, crops and live stock in the valley is not included in this estimate. The bottom, cotton and swamp corn, an immense annual production, is ruined.

Thousands of mill operatives will be idle for several months.

While the flood was at its height five fires broke out, adding to a night of terror.

There have been ten to fifteen drownings, mostly of negro laborers.

Last night was a night of tension. Reports of whole families being missing are being repeated from mouth to mouth. The Chronicle (morning) got out its Thursday edition in a breviated form at 9 p. m.

The Herald (afternoon) could not publish Wednesday or Thursday.

From 4 to 6 feet of water was the guage on the principal streets. In different sections of the city it is reported that many spent the night in trees, as they could not find their way through the torrent of water, which has been estimated as rushing through the city at the rate of twenty miles an hour.

Boat owners, quick to see their opportunity, have charged exorbitant prices for moving those unfortunate enough to be caught.

PERJURY CASE HEARD IN THE POLICE COURT THIS MORNING

Witnesses Swore They Bought Lager From Lavasseur at His Booth Down the River—Will Come up Again on September 1st.—Present Bail Still Holds Good.

The case of Jos. Lavasseur, jr., who is charged with perjury, came up at this morning's police court.

James Drain, secretary of the Calcutt B. and M. Co., told of selling lager in considerable quantities to the accused.

Robert Lingard driver for Calcutt's testified to delivering lager to Lavasseur on four occasions. He was present at court when prisoner gave evidence to the effect that he only got it for men going down the river and campers.

Joseph Stewart, License Inspector for West Peterborough, said he laid the information against the accused for selling liquor without a license. He laid it on the 11th of August and the case came up for trial on the 14th. He heard Lavasseur swear that he got all this lager from the Calcutt Brewing Company and also that he didn't sell any of it simply getting it for those who hired boats from him.

Chief Roszel said that Lavasseur had sworn in court that he had purchased lager from the Calcutt B. and M. Co. He had stated that the lager was all ordered for parties who had paid for it in advance at $1.40 per case.

A local man said that he had obtained lager from Lavasseur ger from Lavasseur at his booth down the river. This was on Sunday, August 22nd. A friend corroborated his evidence.

A couple of other witnesses testified to buying lager from Lavasseur at his place down the river.

"That's your case" said Mr Wood

"Where is the perjury" asked the court.

"He swore he didn't sell liquor at at profit," the Crown Attorney replied

"Well, it hasn't been proved that he did."

The Magistrate then read the deposition containing the evidence the prisoner gave when he was being tried for illegal traffic in liquor.

Mr. Wood said Lavasseur swore he didn't sell at a profit and that it had been proved that he did by the evidence of those who sold it and by those who bought it.

Mr. McWilliams, counsel for Lavasseur, asked that the court reserve his decision in the matter as the judge was out of town and in case his client was committed application for renewed bail would have to be made to the judge.

The Magistrate granted an enlargement until September 1st.

CHEMICAL EXPLOSION SERIOUSLY INJURED ASSISTANT FIRE CHIEF

Assistant Fire Chief Taylor was the victim of a somewhat serious accident and narrowly escaped fatal injuries yesterday afternoon, while engaged in fighting a fire at the residence of Mr. W. Thompson, 446 Albert st.

The fire originated from a defective chimney; it was put out by means of chemicals and it was while operating one of the chemical tanks that Mr. Taylor was hurt. It is thought that the passage in the tank became blocked, and the four hundred pounds of pressure blew the thick copper top off and it went right up through the roof. Had Mr. Taylor been leaning over the tank, his head would have been blown off. As it was, his left hand was badly hurt. Dr. Greer attended the injured man who will be unable to work for several days.

The damage done to the house, amounting to about ten dollars. The house is owned by the C.G.E. Co.

TELEGRAPHIC BRIEFS.

A dozen C. P. R. telegraphers who quit at Montreal because a negro received promotion, have been paid off.

Baby Run Over.

Toronto, Aug. 28.—Rosa Williams, aged 19 months, died yesterday as the result of injuries received by being run over by a junk wagon while playing in front of her home with her 12-year-old sister, Lola.

The driver, Joseph Turner, swerved his horse to avoid running over the older girl and the horse placed its foot on the little one's spine.

She was attended by Dr. Conboy and removed to the hospital by the police ambulance, where she died 20 minutes after her entry.

Teacher Starts Run on Bank.

Berlin, Aug. 28.—There were most exciting scenes around the Friedrichberger Bank in the eastern district of Berlin in consequence of rumors that the institution was in difficulties.

The rumor of the bank's difficulties was set on foot by a school teacher who, during lessons, advised his pupils to inform their parents that the bank was insolvent.

A warrant is out for his arrest.

Neepawah Abandoned.

Collingwood, Aug. 28.—The steamer Neepawah has been abandoned to the underwriters. She grounded recently on the shoal near Otter Head, Lake Superior.

The steamer Neepawah was practically a new boat, having been on the lakes but a few years, and was one of the Suez Canal freighters brought to this country from England. Her value was about $100,000.

Komura Needed at Home.

Tokio, Japan, Aug. 28.—Count Komura has been appointed Minister of Foreign Affairs.

It is believed that the successor to Count Komura as Japanese Ambassador at London will be Baron Makino Nobuaki, former Minister of Education.

FRIDAY, AUG. 28, 1908.

A STARTLING COMPARISON

In the eighteen years of Conservative rule prior to 1896, when Sir Wilfrid came into power, the Conservative administrations collected a grand total of $481,105,977 from all sources. This was at the rate of $26,728,000 a year. The Liberal administrations have been in power but 12 years, yet the grand total of its tax collections is $555,620,000, or at the rate of $46,300,000 a year. If we compare twelve years with twelve, Sir Wilfrid's administration excelled that of the Conservatives by $237,000,000. This looks like increasing the expenditure, doesn't it? The Liberal administration paid more out of income than the Conservatives did but we are unable to see now, that it is all over, that we are any better off on that account. We as a Dominion have lived at the most extravagant pace possible during Sir Wilfrid's regime, with "lashings" more of it in sight. Contractors, capitalists and all those who do big work are entirely of opinion that Sir Wilfrid's policy is a right one. Has it made anybody rich? Not exactly, except the contractors and money men. But it has laid a burden upon us that can only be escaped by shouldering it upon someone else. This awful burden must be borne by the masses. Who else is to bear it? What ever induced Sir Wilfrid to pursue such a policy it would be difficult to imagine. Of course he had grand ideas that were entirely mistaken. The result has been disastrous. We gambled with fortune and got beaten. This is the sum and substance of Sir Wilfrid's trade policy.

NORTH ATLANTIC TRADING CO.

No less than $367,245 was paid in bonuses to a single concern called the North Atlantic Trading Company with which a contract was made in 1899 by Deputy Minister Smart and W. T. R. Preston, then Commissioner of Immigration. No one is allowed to know who were the responsible persons in this company. The Government refused to disclose their names. The company was not incorporated for more than five years, after the contract was made and meanwhile used a bogus corporate seal. Its charter was secured in the Isle of Guernsey, while the headquarters of the company was in Amsterdam. The solicitors for the incorporators were A. E. Alexander, son-in-law of Commissioner Preston, and the formal incorporators were relatives, clerks and friends of the solicitor. To this mysterious corporation the Government at first agreed to pay a bonus on all agricultural immigrants over 12 years of age from Continental Europe, a few countries excepted, of 17 shillings and 6 pence, per head up to the number of 10,000; 20 shillings per head from 10,000 to 15,000 and 25 shillings for all over 15,000 all in sterling money.

This agreement was interpreted to make the bonus payable on all agricultural immigrants of all ages. Questioned by Mr. Barker in Committee Deputy Minister Smart gave the following testimony:

Q.—Would you call an infant on the breast one that came within these words "coming here as an agricultural immigrant."

A.—Yes.

Q.—With the intention of settling in Canada.

A.—Yes.

Public Accounts Committee Report, 1906, page 87.

This Company was paid its bonus on all immigrants of the alleged agricultural class whether it had any connection with their coming or not. It was paid on independent settlers who came of their own accord, on hundreds of Hebrews brought out by the Hirsch Association and undoubtedly on thousands every year who never came at all and on thousands who came manifested to Canada and proceeded to the United States. The following are payments made to this Company:

1901-2	33,482
1902-3	84,553
1903-4	88,933
1904-5	77,482
1905-6	56,287
1906-7	24,333

In addition payments were made to the Company for advertising and other purposes, bringing the total up to $367,245. After all these payments had been made, and after the whole transaction had been exposed in the committees, so far as the Government policy of concealment allowed, the Minister of the Interior found himself forced to cancel the contract, which he did on the alleged ground that the company did not carry out the agreement in good faith.

But the policy of bonuses has been continued. In January 1906 the bonus on immigrants from the European continent, which had been 10 shillings for adults and 5 for children, was doubled. The same bonus is now paid on these foreigners as on immigrants from Great Britain and Ireland. Government agents are paid $3 for each man, $2 for each woman and $1 on each child of the farming class brought from the United States.

The Opposition challenges the Government policy and practice respecting immigration on the following and other grounds:

Immense sums are wasted on the maintenance of officials and employees, many of whom give little or no value.

There is enormous waste and corruption involved in subsidies to the party press.

The time has come to abolish altogether or to restrict to very narrow limits the payment of bonuses. The best and most desirable immigrants are those who come to Canada without inducement of any sort and who settle upon the land whereas those who are persuaded by agents or procured by the payment of bounties are usually the least independent the least capable, and the most likely to gather in the cities and become a burden upon public charity. The United States get all the immigrants they want, not only without paying bonus but in the face of a tax on all immigrants of $4 per head, and of the most rigid medical examination and inquiry into their character, capacity and means of support.

The Government has been entirely too lax in the admission of undesirable immigrants. It has admitted and even paid for immigrants who could not maintain themselves and were physically and morally unsuitable. It has allowed agents to send to Canada artisans and mechanics for whom there is no work and who will not farm. For instance it brought to this country 7,500 Doukhobors, who have cost the Dominion about $75,000 and have been and still are a cause of anxiety and trouble to the community.

The Government has miserably failed to deal in any adequate or consistent way with the problem of Oriental immigration.

EDITORIAL NOTES

At Dayton, Ohio, a recent rain-storm plowed up the asphalt pavement and occasioned heavy loss.

Mr. Crocker thinks evidently that runners should wait on form. He ought to know better than this by this time. Results count. He must revise his philosophy.

Decrease of bank clearings at Toronto compared with corresponding week last year, is 11.7 per cent., at Winnipeg 24.8 per cent., at Hamilton 23.7 per cent, at London 24.5 per cent, being all round a much greater decrease than in the United States.

A great deal of interest is being aroused in the farming community concerning the three prize G.T.P. essay competition of the Review. The subject is "How the G.T.P. will affect farm values in Ontario." The conditions, etc., will be found in the advertising columns. The prizes are $10, $5 and $3.

Some people have an idea that the Marathon was too long because some of the participants in the race became exhausted. It wasn't the length, but the pace that killed. It must therefore be the pace that should be "regulated." Men can easily run much farther than 26 miles.

Mr. J. R. Stratton is reported to have subscribed half the stock of the new Bell telephone line to Apsley. This will help them out greatly in the coming political contest and keep them in constant touch with the outside world. Delicate and disinterested attentions are always appreciated. Why is it that we can't get into Heaven that way? It works well here.

The Liberal convention or mass meeting is called for September 5th at 2 p.m. When choosing a candidate we hope the necessity of providing more wharves for the residents of Stony Lake will not be overlooked. It will be impossible to accommodate the canal tourist traffic, which Hon. George Graham referred to without them. There is standing room also for a few more men on the fence. If you don't see what you want now is your time to ask for it.

A new form of torture for newly-married couples was perpetrated a few days ago in Pennsylvania, when Edward Sanders and his bride were forced to stand in an ash wagon, decorated by numerous highly ornamental placards, while they were drawn through the streets of the city for an hour or two by their shouting and joking friends. It is ungerstandable that people should altogether forget that a marriage should be an impressive religious service, but when it is turned into such a fool show as this it becomes nothing short of a crime.—Christian Guardian.

This is only another variety of harvester hoodlumism. Lawlessness lurks ready to start forth in all branches of human thought and action. Corruption in high and low places is merely a form of hoodlumism.

This is said of the rich corporations; "You live uselessly. The world were better without you. You should be swept away, you and those like you. You add not one jot of knowledge, wisdom, and happiness, or wealth or health, or virtue to the world and yet, by the skilful, crooked tricks of your vicious trade you have filched from it ease, emolument, respect, luxury and power, and you sit above the rest of us drawing away in your hideous pride that you may not be contaminated by our touch."

There is another reference to social position; "To whom does society owe position. To me, who give it education and recreation and thought and happiness, or to you who take from it everything you can swindle it out of and return it to sneers, corruption, evil example, depraved tastes and debased amusement."

These are quotations from the book of the hour, "The Little Brother of the Rich."

THE LOST SOULS OF ANECDOTES

Interesting Article in Canadian Magazine for September

"'The Souls of Anecdotes,' is a rather old title for an article. Under that caption Mr. A. Wylie Mahon contributes an article to the September Canadian Magazine. He calls to count those who misuse anecdotes to serve their own ends, and writes, in part as follows:

"Some difficulty has been experienced in answering the question,—Where do the lost souls of anecdotes go. Good anecdotes seldom lose their souls, but when they do shuffle off this mortal coil it is a reasonable presumption that they haunt the people who killed them by telling them too often, or murdered them by the way they told them.

"I know a clergyman who, in a dream found himself in a strange land where every worn and wasted form had a laughable suggestion about it of better days, where every tearful voice had a faint, far-off echo of mirth and merriment, and every groan was the ghost of a laugh. Some of these strange forms cast reproachful looks at the dreamer. At length he discovered that he was in a weird ghostland of anecdotage, and that the weary, wasted ones who looked upon him were the ghosts of the stories he had worn the life out of by telling them too often, in his sermons."

NEW VOLUME OF POEMS BY DR. DRUMMOND

Will be Entitled "The Great Fight" and is Now in Press

Great interest has been aroused by the announcement that a collection of poems and sketches by the late Dr. W. H. Drummond is shortly to be published and is at present in press. It will be called "The Great Fight," the title of one of the poems, and will consist of a collection of poems and sketches. It will also contain a biography prepared by his wife, Mrs. W. H. Drummond, and the illustrations will be by F. S. Coburn. The book will be about the size of "The Habitant," and the publishers, G. P. Putnam's Sons, Montreal, announce that already there is a very large demand for it.

WOMAN WITH ROLL OF BILLS PLAYS ROLE OF DEAD BEAT

Incident on C.P.R. Train Which Passed Through Peterborough Yesterday—Only Paid When Threatened With Arrest.

On the C.P.R. train, which passed through Peterborough yesterday at noon, the trainman had a difficult task with a woman who boarded the train at Toronto. She had no ticket and when the conductor came around told him a hard luck story. In pathetic accents she informed the conductor that she was entirely without funds, and, therefore, was unable to buy a ticket.

"I am very sorry, madame," said the conductor, "but the regulations are imperative. As you have no ticket and no means of paying for one you must leave the train."

The woman began to plead, and in support of her plea tears flowed copiously. She would pay the fare, she said, when she got home, if they let her remain on the train. The conductor finally consented and wired Montreal to have a man at the station to accompany the woman to her home on St. Denis street. Upon this understanding she was allowed to remain in the train until the Windsor station was reached. There the agent had a man waiting as requested. The woman then said her husband was not at home, and as she had no money in the house it was useless for the man to go with her to her residence. Better leave the matter over, and she would pay to-morrow, she said.

Upon threatening her with arrest she pulled a large purse out of the pocket of her skirt, with a roll of bills in it, and paid her fare. The roll was so big that it seemed to undergo no perceptible diminution. After paying her fare and getting her baggage she drove away in a cab.

GEO. YOUNG DECAPITATED IN ACCIDENT AT BRANDON

Messrs. Comstock & Sons, have received the following telegram from Campbell & Campbell, undertakers, of Brandon, Man., regarding the body of the late George Young, who was accidently killed:

Brandon, Man., Aug. 28.

A. Comstock.

Geo. Young, decapitated beyond recognition, embalmed, awaiting word from Miss Besley, who may accompany remains, failing which will ship tomorrow.

CAMPBELL & CAMPBELL,

FIVE YOUNG LADIES WILL GRADUATE NEXT THURSDAY

The graduating exercises of Nicholls hospital will be held on Thursday evening of next week. They will take place in the Conservatory music hall and five young ladies who have finished their training will graduate. They are Miss Hay, Miss Allen, Miss Boswell, Miss Dockerill and Miss Glendenning. The complete arrangements for the graduating exercises have not yet been made but they will be of a very interesting nature. The bandaging contest will of course be one of the features.

THE END OF THE SEASON

Sam Hunter, the Toronto World's cartoonist, who is summering at Stony Lake, writes to the Millbrook Mirror as follows:—

The summer is at an end.

The birds are taking wing.

We hear them overhead these bright, cool August nights calling to each other as they fly southward.

They are the early migrants from the far north flycatchers, thrushes, Vireos, wood warblers. From Hudson Bay to South America is a far flight—and the northern lights have been flashing the signal "It is time to go!" So the summer hosts in muskeg and tundra have been abandoned, gay feather exchanged for sober ones of brown or grey or olive, and with untried fledglings they are once more hurrying southward for winter.

They go also by boat some of these northern summer "birds" the bathing costumes and summer gowns mounted for dull tweeds or quiet travelling dresses. The shutters of summer cottages are shut to autumn sun and marauding chipmunk. The tea kettle family tempted, wiped and put away, the boat was shoved under the boathouse. Back to offices, to schools, to the cares of home and gadding. The owl hoots derisively to-night over many a camp fire grown suddenly cold and grey. No one is there to answer when he peers downward suddenly cold and grey. No one is there to answer when he peers downward suddenly demanding 'Whoo' 'Whoo'

Though there have been many on the lakes this summer, this season started late and has not been one of great profits to boarding houses and summer hotels. The fishing has been fairly good and the weather all that could be desired from a camper's view point. It has been unusually dry however, and trees and plant life in the woods and fields give evidence of the long continued draught.

Of the five thousand or more people who have camped, cottaged or boarded on these lakes this season the steamers will have probably taken up the return tickets of four thousand nine hundred before next week closes. Then shall the girlies and their summer swains in white ducks and variegated hats finally disappear, and the camp fires which knew them them shall know them no more for another year. Their place shall be taken by the man with the duck-gun and the decoys. He too, shall have his brief day, and be followed by the man in search of deer and b'ar. He in turn shall be succeeded, like as in "the seven ages of man" by the bewhiskered trapper of pelts who shall 'stay with the game' till the lakes and streams are frozen over. And the settler as he draws in his marsh hay will musingly mark the spot of the old camp fire and finally remark with the preacher "Vanity of vanities" what a 'durn' lot of fools.'

Stony Lake, 24th August.

COUNTING THE STARS.

Use Made of the Microscope and of Photographic Plates.

The gigantic but fascinating task which J. Franklin-Adams, F. R. A. S., has undertaken of counting the myriad stars in the heavens and assigning to each its proper magnitude is one which demands the quality of almost infinite patience.

Mr. Franklin-Adams has already secured photographic plates covering the whole of the southern hemisphere, and these, with the series dealing with the northern hemisphere, will number more than 200. Each plate, which is fifteen inches square, records from 20,000 to 250,000 starry images, and on a rough calculation the total number of stars photographed will prove to be about 28,000,000.

The task of counting the stars on the plates has already been commenced, and that work, together with the cataloguing, will take another ten years. The method of counting the stars on the plates was explained by R. J. Mitchell, Mr. Franklin-Adams' chief assistant.

"First taking one of the plates," said Mr. Mitchell, "we move it across a graduated grating contained in the field of a high powered microscope. A horizontal strip in the grating is then examined, and the stars in this small area are then counted from left to right. Of course it is impossible to insure absolute accuracy, for there is the possibility that a star may be counted twice or missed altogether.

"Then there is the difficulty presented by mechanical specks on the plates, which may at first be taken for stars, but Mr. Franklin-Adams has a method by means of which all stars above the tenth magnitude can be differentiated from dust specks. Mr. Franklin-Adams and his assistants check one another in the counting, but there is always a slight difference in the totals, due, of course, to the personal equation as represented by the operator.

"Merely to count the stars on an average plate apart from noting their photographic magnitude occupies the time of two men for more than a fortnight if they work seven hours a day. In taking the plates Mr. Franklin-Adams used a triple achromatic ten inch lens working at F4. In the northern hemisphere the minimum exposure was two hours twenty minutes and in the southern, with its clear atmosphere, two hours."—London Mail.

An Ingenious Swindle.

A large number of chemists in Paris have just been the victims of an ingenious swindle. About 200 of them one other day received a visit from an individual who handed in a prescription to be made up. Among the ingredients was one which was quite unknown to them, and a note was added to the effect that it was to be obtained only at a certain wholesale depot. The chemists almost to a man sent off to the depot for the special ingredient and paid 12 francs for a bottle of stuff. The prescriptions were duly made up, but were never claimed, and it now transpires that a couple of men had temporarily hired the depot and sold bottles of colored water to the unsuspecting chemists at 12 francs apiece. The Paris police are anxiously inquiring for them as well as for their confederates who visited the chemists' shops.

Barrels of Money.

As the dot of his bride, Grand Duchess Maria Paulowna of Russia, 2,500,000 rubles have been deposited to the credit of Prince Wilhelm of Sweden. The money was shipped from St. Petersburg in thirty-five barrels, each containing 100,000 rubles in gold. The Swedish royal mint will recast the gold into Swedish values free of charge, and the young couple will then be enabled to establish their royal menage on a fitting scale. While this sum is a free gift of the bride to her husband, the grand duchess retains the income from her landed estates in Russia for her own pin money, and in addition to this the czar is having built at his own expense a castle for the royal "honeymooners" near the capital.—Argonaut.

Wonderful Surgery.

Among recent wonderful surgical operations is one of the most daring and unusual nature. An idiot six years old, the daughter of a resident of Berlin, has been converted into an intelligent being by the process of grafting part of the mother's thyroid gland upon the child's pancreas. In more popular language, this means that part of the mother's throat has been transferred by the grafting process to a gland, or tissue, lying directly at the back of the stomach. The operation was carried out by Dr. Carl Garre, a German surgeon, whose success in the transplanting of organs from one animal to another and even from the lower animals to human beings has attracted wide attention.

How Far We Are Behind.

Over 1,000 years ago Switzerland possessed a forest system and had developed a scientific forestry by the fifteenth century, says the American Magazine. As early as Louis XIV. France awoke to the fact that her forests and her life were draining away together. But it was too late. Today she is spending $34 an acre to reforest her watersheds. The same experience is costing Italy $20 an acre.

Ambrose Channel.

Ambrose channel, leading from New York bay into deep sea water, is the most important waterway to the city. Since its improvement was started, about seven years ago, more than $3,000,000 has been spent on it, and an equal sum will be required before the work that is planned will be completed, about four years from now.—New York Herald.

Leaving a wife and nine children Fritz Knack committed suicide at Rosthern, Sask.

PENSIONS PROLONG LIFE.

An Important Factor in the Promotion of Longevity.

An important and noteworthy fact which is to be taken into account by English economists in the administration of their old age pension system is that pensioners live long. That fact, often stated in a satiric vein, is to be taken seriously, as demonstrated by statistics and as having an essential bearing on both the amount of pensions to be paid and the effect of them upon society.

A striking demonstration of this is to be observed in the records of the Friendly Society of Iron Founders in England. That organization has for many years been paying pensions to its superannuated members. In 1883-5 it was found that the average age of these pensioners at death was sixty-eight years and six months. In 1906-7 it was seventy-one years and three months. Thus the average life of a pensioner had been lengthened by two years and nine months.

It does not appear that the general average of human life in England has been lengthened to so great an extent, wherefore we must conclude that the pensions are an important factor in the promotion of longevity. That is quite natural, of course, for the enjoyment of a pension means better food and generally better conditions of life than the superannuated worker would have without it, as well as greater freedom from anxiety, and those improved circumstances prolong life.

If the same rule operates under the national pension system, as it probably will, though perhaps not to so marked an extent, the national treasury will have more to pay on that account than is estimated under the present expectancy of life.

This increase in the length of life of pensioners, while it will add to the cost of the system, is of course to be regarded with gratification as a beneficent and desirable result and as an argument in favor of the system.—New York Tribune.

What Becomes of the Coins?

What becomes of all the metal money? We know that paper money is worn out or destroyed from time to time, but what happens to the coins which Uncle Sam turns out yearly by the tens and tens of millions?

The Philadelphia mint in the fiscal year ended June 30 made 137,133,777 separate pieces of money. These coins are worth $126,755,848. Now, it happens that this same mint has been converting gold and silver bullion or metal alloys into coins for many years, and several other mints in the country have also been working steadily.

If the nation's population increased 1,000,000 in the past year the Philadelphia mint made for each person 137 coins. Who has that money in his possession? More than 81,000,000 pieces of the new money were pennies, so that every citizen of the United States got a new cent since last June.—Philadelphia Press.

New Use For Gum.

A member of the firm of Romandka Bros. received an order one day last week that he could not fill.

A woman came into his place of business and handed him a card, on which was a chewing gum model.

"I have lost the key to my trunk," she said, "and I pushed that gum into the lock and got a model of it. I suppose you can make me a key that will unlock my trunk with that model to go by, can you not?"

Mr. Romandka owned that he could not. The gum was in a rather pliable condition, he told the customer, from the best, and he would fit a key by another method. The woman was satisfied, and Mr. Romandka dispatched a man with a bunch of trunk keys to try the lock till he found one which fitted.—Milwaukee Free Press.

CHURCH UNION COMMENTED ON

In Current Issue of St. Luke's Parish Magazine

The following appear among the editorials in the current issue of St. Luke's Parish Magazine:

At the Lambeth Conference recently held in London, England, and attended by about 250 Bishops of the church throughout the world, much attention was given to the subject of "Church union." The decision arrived at was that every effort should be made to unite the Church of England, the Presbyterian Church, the Norwegian Lutheran Church and the Moravian Church. There is more in common with us, as far as these Christian bodies are concerned, than, for instance there is between the Methodists, Congregationalists and the Baptists. The former have at any rate some claim to antiquity and apostolic characteristics, the latter have not.

WILL SAIL FOR HOME IN SEPTEMBER

Rev. Canon Davidson Leaves for Canada on 17th—Some Other Interesting News

St. Luke's Parish Magazine says;

We congratulate Miss Edna Rogers very heartily upon having passed the examinations which entitle her to accept a position as a duly qualified Kindergarten Directress.

Rev. Canon Davidson is expected to sail for home on September 17th, from Liverpool, per S.S. Kensington.

The 3rd Prince of Wales Dragoons of which Rev. Dr. Langfeldt is Chaplain will go into camp on August 31, at Barriefield. Rev. Dr. Langfeldt expects to spend a few days with his regiment while in camp.

We are indebted to Mr. Frank Burnham for donating to our Sunday School library several useful and interesting books.

The Ven. Archdeacon Batty, of Tennessee, who most acceptably supplied the pulpit at St. John's church during Canon Davidson's absence has returned to his home in the United States. Mr. Batty endeared himself to all by his courteous and winning manners and a host of friends regret his leaving. We were privileged with having him twice at St. Luke's during his two months' stay with us.

It is to be hoped that our citizens in city and country, will do their best to support the forthcoming exhibition at Peterborough and help to make it a success. The President, Mr. R. H. Leary is a most energetic and enthusiastic member of the Society under the auspices of which the exhibition is to be held. He should be encouraged in his good work. Besides the educational and entertaining aspect, the exhibition is a great advertisement in our city.

Rev. Christopher Lord, Incumbent of Apsley, who for the past year has been on leave of absence in England, sailed from Liverpool, August 20, and will resume charge of the Mission of Apsley upon his return.

Master Harry Smith, grandson of Mrs. H. Denne, sr., has distinguished himself to a considerable degree, in the recent Matriculation Examinations, obtaining first place, with honors. He is entering the Royal Military College, Kingston, to pursue his studies. Such achievement is worthy of the highest commendation.

NEW YORK PARTY RETURNED HOME

Enjoyed Two Weeks Outing at Rice Lake on Houseboat "Lotus"

The party of New York and Toronto people, who have been spending two weeks on a pleasure trip down the Otonabee River and Rice Lake on the houseboat "Lotus," were in the city last night, remaining at the Snowden House until this morning, when they left for their homes. The party consisted of Misses L. Ashcroft, E. and K. Dalgeish, M. Nelson, of New York, and Misses E. McLean, D. Clark and Mrs. McPherson (chaperone) of Toronto, and Messrs. R. W. Ashcroft, of New York, and Fred Robson, of Toronto, and G. G. Beall, of Lindsay.

The party reported having had a splendid outing, one of the best ever enjoyed by them. Several fine fish were caught, some of which were taken to New York.

The houseboat was towed by the steam yacht "Victoria" in charge of Mr. Geo. Rogers.

WAS AWARDED $5 IN WAGES

Spectator Approves of Magistrate's Remarks

W. Heal was awarded $5 by Magistrate Dumble in an action brought by him at the police court this morning to recover $10 wages from W. Succee.

Heal is a young lad and had been engaged by Mr. Succee to work for $2 a week. He left without giving notice, Succee said, and that's why he refused to pay him.

"I think he earned the $5 all right," said the court.

To which an enthusiastic spectator remarked, "Hear, hear."

FELL OFF THE VERANDAH AND BROKE HIS ARM

Arthur McFarlane, a little boy whose home is in Fort William, and who is visiting his grandmother, Mrs. Best, Donegal street, had the misfortune to break his arm this afternoon. "SLATS" RIELLY'S IN PREDICAMENT

And in the Bath-tub When Fire Alarm Was Rang

"Slats" Rielly was caught in a funny predicament when the fire bell rang last evening. Rielly had just stripped and was in the bath tub when clang! clang! went the bell. It didn't take George half an hour to make up his mind and he pulled out his trousers and came down the brass pole with his coat in his hand. A tug did service for a pair of braces and rubber boots were donned without stockings. The rubber coat covered any deficiencies in dress and George was on the fire-wagon.—Lindsay Warder.

WEDDING BELLS

BATESON—BRADSHAW

A very pretty wedding was solemnized yesterday afternoon at the home of Mr. and Mrs. Archibald Bradshaw, when their daughter, Miss Alice, was united by Rev. A. G. Collier to Mr. George Bateson, of New York.

The bride entered the drawing-room on the arm of her father, to the strains of Mendelssohn's wedding march played by Miss D. Roenigk and was attended by Miss Mabel Adams as flower girl. The bride was attired in a gown of white silk mull, and carried a beautiful bouquet of lilies. The flower girl was attired in point d'esprit over white silk and carried a basket of sweet peas. The decorations of the house were beautiful arrangements of green and golden glow.

A sumptuous wedding repast was served, and the happy couple left on the 6.30 train for Toronto and other points before going to New York.

The going away costume of the bride was of new tan and blue cloth, with hat and gloves to match.

The many gifts received by the bride was a high tribute to the esteem in which she was held.

The following were among the guests present;—Mrs. A. Gillies, Toronto; Miss Jennie Browne, Peterborough; Mr. A. H. Seymour, Kinmount.

The bride is a niece of Mrs. John Browne, 525 George street, and has frequently visited in Peterborough.

IMPROVEMENTS TO SCHOOLS WILL REOPEN ON SEPT. 1ST

Public School and Collegiate Institute Have Received Attention of the Board—The Work That Has Been Done—New Principals for Four Schools.

On Tuesday, September 1st, when the schools reopen it will be found that the Public schools of the city have received careful attention by the Board, as well as the Collegiate Institute.

The Central School has been thoroughly cleaned, and the two basement rooms have been converted into playrooms, the classes formerly occupying these having been transferred into the old Collegiate building where excellent accommodation has been provided for them.

At the South Central the space between the front of the building and the fence has been covered with concrete. This will afford space for the pupils to line up on and facilitate fire drill. A permanent partition has been placed between the Kindergarten and the primary forms which will be appreciated by both the pupils and teachers.

The Queen Alexandra school will be occupied by public school pupils exclusively for the first time. All the rooms have been fitted up and there will be classes from the kindergarten to the Entrance class. Parents in the northern section of the city are reminded that a kindergarten class will be organized in this school when it reopens. The class will be in charge of Miss Warner and Miss Gillespie.

The only change in the King Edward school has been the fitting up of another room. This makes the school one of eight rooms and a fourth book class will be organized.

The West Ward school has undergone extensive repairs. A much-needed system of heating and ventilating has been installed and care has been taken to improve the sanitary condition of the building.

It was found difficult to do much with the East City school. Improved seats have been put into the principal's room and other minor changes have been made.

The staffs of the various schools have been considerably strengthened. Four of the schools will be in charge of new principals. Mr Downey takes charge of the Central, Mr. Dunlop of the Queen Alexandra, Mr. Richardson of the King Edward and Mr. Rossel of the West Ward school.

Several assistant teachers have been added to the staffs and will be found in their places on the reopening on Tuesday.

The term begins under most encouraging conditions and there is every prospect of a most successful school year.

RULES FOR DUCK HUNTERS

As the duck hunting season opens on Monday, the following excerpts from the Ontario game regulations will be of interest:

WATER FOWL

1—No wild ducks, geese or other water fowl shall be hunted, taken or killed from sail boats, yachts, or launches propelled by steam or other power.

2—No swivel gun, or guns of any kind of a larger bore or guage than 8 and none of the contrivances for taking or killing wild swans, geese or ducks, which are described or known as sunken punts or batteries shall be used at any time.

3—No blinds or decoys for use in hunting duck or other water fowl shall be placed at a greater distance than two hundred yards from the shore of a natural rush bed, thick enough to conceal a boat, or water line bounding private property.

POISONS, TRAPS AND CONTRIVANCES

16—1—No person shall kill or take any game by the use of poison, or poisonous substances, or expose poison, poisoned bait or other poisoned substances in any place or locality where any game or any dogs or cattle may usually have access to the same.

2—None of the said hereinbefore mentioned animals or birds other than those mentioned in section 12, shall be trapped or taken by means of traps, nets, snares, gins, baited lines or other such contrivances be set for them; and such traps, nets, snares, gins, baited lines or contrivances may be destroyed by any person without incurring any liability therefore, if he finds them so set.

17—No person shall discharge any gun or other fire-arm at any game between half an hour after sunset and half an hour after sunrise, according to the times given for sunset and sunrise in the publication known as the Canadian Almanac.

18—No person shall for hire, gain or hope of reward, hunt, kill or shoot any game, or employ, hire or for valuable consideration induce any other person so to do. Provided that this shall not be held to apply to the bona fide employment of any person as guide to accompany any person lawfully hunting or shooting in this province.

EGGS.

19—No eggs of any game bird shall be taken, destroyed or had in possession by any person at any time.

MASKS AND DISGUISE.

20—Any person being masked or disguised and carrying or having in his possession any gun or other fire-arm near any preserve or shooting ground—or, close season, near any place where game is usually found — shall be guilty of an offence under this Act

AUTOMATIC GUNS.

21—No gun of the description known as "automatic" in which the recoil is utilized to reload the gun, shall be used in this Province in the killing of game.

22—No person employed in connection with the construction of any railway or public work in this Province shall carry or have in possession in the vicinity of such railway or other work, any gun, rifle or other fire-arm except as may be authorized by special license, which special license may be subject to such terms as the Lieutenant-Governor in Council may direct, and the ordinary hunting license provided for in this Act shall not be deemed to be a license under this section.

EIGHT FAMILIES WERE DEPORTED

Deseronto Refuses to be Burdened by Shiftless Folk

Eight English families were deported from Deseronto lately, and sent back to England. The men were shiftless and would not work, and the town authorities declined to be burdened with them next winter. The eight families numbered 48 people in all. Immigration Inspector Devlin went to Deseronto on a visit of inspection, and the deportations were made as a result of his visit.

FOR THE PROVINCIAL EXHIBITIONS

All cities over the province are preparing for their exhibition and Peterborough is no exception to the rule.

It is the time we meet our old and new friends, and those who are not our friends, it is also the best time for the introduction of the newest and smartest cuts in fall suits, and where they can be shown to the greatest advantage.

RUGBY CLUB TO HOLD ANNUAL MEETING WEDNESDAY NIGHT

The annual meeting of the Peterborough Rugby Club will be held on Wednesday evening next in the Oriental hotel. Officers will be elected, reports for the past year received and other business transacted. The club, it is understood, is in better shape than it has been for years. There is no deficit to start the season with and this is something that is worth a good deal. Last year's success will also be a stimulant and the players are already starting to get into shape. In addition to nearly all last year's men there will be a bunch of new material to draw from and there will be no difficulty in getting a strong lineup. This annual meeting on Wednesday evening should be largely attended.

HOW MOHL AND ROGERS CAME TO AGREE UPON PETERBORO

The big bout tonight between Rogers and Mohl is causing more talk in the city than any athletic contest ever scheduled to take place here. The people in the last few days have begun to realize its great importance. The mere mention a year ago of having men with such world wide reputations appear here would have been scoffed at but since Rogers met Hertubuise at the Grand Opera House and was greeted by so large an audience he figured out that if such a big crowd would turn out to see a handicap match a much larger gathering would assemble to witness a contest between two of the foremost heavyweights like Mohl and himself. So when the articles for a bout between the two were signed he suggested that it be pulled off here and Mohl although reluctant at first to come to such a comparatively small place was finally persuaded to do so upon being assured that it was one of the best sporting towns in America.

FRITZ MOHL'S GREAT FEAT OF STRENGTH AT MATCH TO-NIGHT

An exhibition of strength and skill will be given by Fritz Mohl tonight during the program of the match between Fitzpatrick and Crough. Mohl has a terrible grip, as everybody who shakes hands with him know only too well. He will take in his bare hands a number of six inch spikes and bend them into staple form with the greatest of ease. These spikes will be purchased from one of the hardware stores in the city and there will be no special preparation given to them as is generally the case with the "strong men" acts often seen.

Not content with this playful, to him, amusement, he will drive one of these spokes into a piece of floor boarding over one inch in thickness, using nothing but a pocket handkerchief to protect the palm of his hand. After his really great exhibition of pluck last night in the bowling alleys when pitted against Peterborough's fastest bowlers, there is no telling what this big German can do, and Yankee Rogers will have to hustle some tonight to keep out of those deadly grips.

This morning Mohl went down to the Peterborough Hardware Company's store and in the presence of Mr. Jas Squires and others of the store bent double a big six inch spike with the ease that a small boy would bend a pin when he goes fishing. The spikes he will use tonight are on exhibition in the window of the store.

CHAMPION FRITZ MOHL'S STUNT ASTONISHES THE NATIVES

Toyed With the Swiftest Balls Hurled Down the Alleys of the Peterboro' Bowling Club—Caught Them With and Without the Pins Set up—Large Crowd Showed Their Appreciation.

The biggest crowd that ever assembled at the Peterborough Bowling Club at one time, saw Fritz Mohl, the German wrestling champion, do his sensational catching of the bowling ball stunt last night. He was to have been on hand at eight o'clock but owing to being inadvertently delayed didn't show up until about a quarter to nine.

They were waiting for him on the pavement at the front door and on the stairs and immediately the crowd trailed after him as if he were Capt. Hains or Lord Roberts. When he made his appearance at the alleys the audience, among whom were several ladies, gave him generous applause.

Taking off his coat and vest and rolling up his sleeves, Mohl went down to the foot of the alleys and the thrilling feature commenced. With the pins set up Proprietor Hay trundled one down the line. The pins sprayed around and after the ball had shot through them there was Mr. Mohl solid as a rock and the ball in his hand. The applause that broke out was the greatest that ever has been heard in the building since the time it was an opera house and Danny Simons did his great tumbling act.

All the different sizes of bowling balls were used with and without the pins set up and the mighty Fritz gathered them in like a crack shortstop eating up so many sizzling liners. Everybody expected one of the pins to take a dab at him while they were jumping around but he managed to stay with it fifteen or twenty minutes and dodged them all. He could have performed for an hour or more had he desired to do so. The most dangerous part of it all lay in the long chance Mohl took of getting his fingers in the holes in the ball where the bowlers take hold of it to set it speeding down the alley. If his fingers got caught in these holes they would be wrenched off, and they cannot be noticed as the ball spins around as it shoots along the boards.

One of the interesting accessories to Mohl's performance was the rapid manner in which he set up the pins after they had been knocked over. He placed them in position very quickly and used to hold the record for spotting them up when he was doing that kind of work in competition with other experts and formerly held the world's record, 7 seconds.

After seeing the phenomenal exhibition of Mohl the crowd went away realizing that they had witnessed a startling feat of skill and strength and expressed the opinion that Yankee Rogers would be called upon to handle a formidable opponent when he closed in with Mohl tonight in their battle at Brock street rink.

ELEVEN BULLS'-EYES.

Elmett of Ottawa Does Phenomenal Work at O. R. A. Matches.

Long Branch, Aug. 28.—Corporal C. Copping of the 3rd Victoria Rifles, Montreal, won the gold medal in the City of Toronto match, at the Ontario Rifle Association matches yesterday, which was fought out in two series, the first stage of which was shot Tuesday with seven rounds each at 500 and 600 yards, and the second stage yesterday with 10 rounds each at 800 yards.

It is notable that in the last stage yesterday afternoon, Lieut. T. F. Elmett, 43rd Regiment, Ottawa, made 11 straight bulls-eyes at 800 yards, but it didn't get him anything better than second place on account of the tremendous lead which Corpl. Copping came over with from last Tuesday.

Major W. C. King, 46th Regiment, won the silver medallion and $25 in the Duke of Cornwall and York match by the close margin of 1 point with five men close upon his heels with 67 points each.

The shooting throughout the day was better than ever in the history of the association.

Milan, Aug 27.—Citizens of Dorando Pietri's native town have presented him with a beautiful crest of gold, bearing this inscription: "The citizens of Carpi to their Dorando Pietri, after the triumph of London, which confirms him as the world's champion pedist, July, 1908." Pietri is at his old post in the bakery of a local confectioner's, preparing sweetmeats for the public. There, too, reside his sweetheart, Teresina Dondi, the pastry cook's daughter, a girl of twenty, with captivating eyes, to whom Dorando Pietri has been betrothed five years.

KICKING MUST BE CONTAGIOUS

Funny Protest From Lindsay Regarding Decision of Lacrosse Executive

A meeting of the executive of the Peterborough Lacrosse Club was held on Tuesday evening.

It was decided that Lindsay was to play the first of two home and home games at Peterborough to decide the championship of this district but no date was set for the games.

That decision on the part of the executive is a decidedly raw one, and the local team would be justified in refusing to abide by this ruling. The two teams have already met in home and home games and there remains the rubber to be played off. There is an Ethiopian on the fence somewhere—Lindsay Post.

What in thunder does the Post want? If two home and home games have to be played one will have to be played in Peterborough and where there is any reason in the executive's decision is hard to see. What does Lindsay want? Probably they would have been suited if one game had been ordered for Lindsay and the second one in Lindsay too. The executive has favored Lindsay in giving them the first game. If there is an Ethiopian in the fence, there sure must be a mote in the eye of the Post man.

CANTERS IN A RUNNER AGAIN

Tom Longboat Put it Over Percy Sellen in 5 Mile Run at Aajala

The features of the big field day held at Adjala yesterday was the five mile race, with some of the best men in the country facing the starter. Great interest was taken in the meeting of Tom Longboat and Percy Sellen, this being the third time they have met in the past two weeks. Sellen beat the Indian at the police games, and Longboat took his measure at Hamilton. As the day was decidedly hot, the majority of the people looked for Sellen to lift the Indian's scalp. Eight men faced the starter, Longboat, Sellen, Hilton Green, Claude Pearce, Neilson, Ernie Wood, Harold Smith and Wilson. The course was five times around a one mile block, and was very rough. The time made was good, considering the conditions. At the crack of the pistol Woods shot to the front closely followed by Longboat and Pearce, with Sellen close up. These positions were maintained till the third mile when Longboat took the lead, with Sellen right on his heels and Woods third. Longboat let Sellen take the pace till within half a mile of the finish, when he made one of his old-time sprints which sent the crowd wild with enthusiasm. Longboat beat Sellen to the tape by 100 yards. Woods just lasted long enough to stall off Pearce, who closed strong and would have beaten him in another 50 yards.

EXHIBITION

AT OTTAWA

Sept. 18th to 26th, '08

Displays will far excel those of any previous year. A Grand Pure Food Exhibit is to be made by Canadian manufacturers.

High class vaudeville programme will be given daily in front of the Grand Stand in addition to the horse races.

The night entertainment will consist of the latest comic opera "What Happened Then?" by the famous De Wolff Hopper and all star company. Popular prices will prevail.

A grand display of paintings and Ladies' Work will be made to signalize the opening of the handsome new fire-proof building, now being erected at a cost of $12,000.

The special attraction in front of the Grand Stand in the afternoon will include the latest European novelty "Del Oro's Performing Cows." This attraction is billed to appear in Ottawa for the first time in America. There will also be a most sensational automobile race on a specially constructed incline, the contesting chauffeurs being two daring young women.

There will be balloon races daily with a double parachute descent from each balloon by the famous Prof. Hutchison and companion.

OTTAWA LIKES THE OUTLOOK

In the Interprovincial Union—Favor Argos as Toronto Team

Ottawa, Aug. 27.—"Will there be any change in the affairs of the Interprovincial Football Union this fall?" was the question asked of a prominent officer of the Ottawa Football Club to-day.

"I do not think so," he replied. "The Ottawas are satisfied with the manner in which the league was managed last year."

"Are the Ottawas in favour of affiliation with the C.A.A.U.?"

"No. We have no objections whatever to the C.A.A.U., but we managed to keep the league free of professionals last season, and we see no reason why we should join the governing body."

MIXED MEN.

"Will the Interprovincial allow men who competed in the Eastern Canada Hockey League, the Federal Hockey League or the Canadian Canoe Association to play in it again?"

"That is hard to say. We have no objections to the paddlers, for we know that they are all strict amateurs, but it may be different with the men who played in the professional hockey leagues. Every man, however, will be asked to take out an affidavit, swearing to his amateur standing."

ARGOS HOLD GOOD.

Secretary Tom Carney of the Interprovincial expects that President Percy Molson will call the annual meeting of the Interprovincial in a few days. There is some talk of the Toronto Rugby Club stepping in and claiming the franchise of the Argos, but the Argos will remain in it.

Walter Smaill, cover point for the Wanderers, is also a half back on the Montreal fourteen, and it will be interesting to see what action the Big Four will take should Montreal attempt to play Russell Smaill and Ernie Hamilton, who has been playing lacrosse with Montreal.

Jack Ryan, of the Ottawas, played in the Federal League last year, also figuring with the Victorias of Ottawa when they played Wanderers for the Stanley Cup, and states that he received no money for his services.

In His Street Attire—The Story of a Bet

Fritz Mohl weighs 248 pounds in his street attire. That is exactly what he tipped the scales at this afternoon in Jas. R. Bell's grocery store on Hunter street. An argument to his weight took place this afternoon between two local men and so a wager was made.

One said he would strip at at 230 pounds while the other held that he would not weigh over 223 pounds in all his clothes. The sporting editor of the Review went to the Oriental and requested him to go to Mr. Bell's store and get weighed. He did so and in the presence of Mr. Bell, the Review man and another the balanced the beam clearly at 248 pounds. Mohl says he strips at about 232. The money was paid over to the winner.

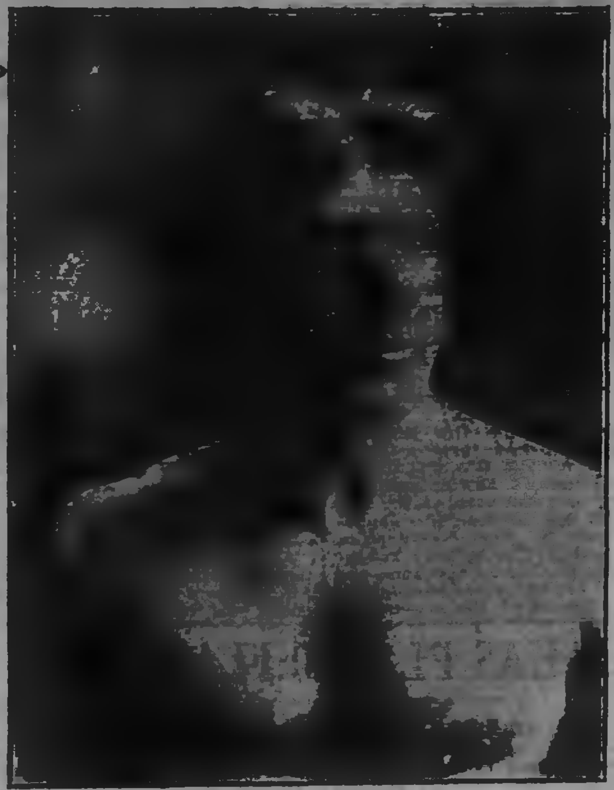
PEOPLE EAGER TO SEE THE MOHL-ROGERS BATTLE TO-NIGHT

The people of Peterborough are on edge over the wrestling bout at the Brock street rink tonight between Fritz Mohl, champion of Germany, Yankee Rogers, who, outside of Frank Gotch, the world's champion, is regarded as the best man in America. Whether or not he will be able to claim this distinction after the match tonight is yet to be seen. The opinion on this point is about evenly divided. Many of the close followers of the game picking Mohl who is in the pink of condition, and as is proven by his feats of strength, an unusually muscular man. He is also quick as a flash and knows the game thoroughly. While he is without doubt one of the strongest men in the world today and one of the biggest heavyweights in the business, there are many who think Rogers can beat him, or any other man on earth with the exception of Frank Gotch, the holder of the world's title.

THE OTHER MATCH.

The bout that will be put on preliminary to the main affair, should be a most interesting one. It will be a go at catch weights, best two out of three falls between J. Crough, of Peterborough, and Fitzpatrick, of Rochester, and formerly of this place.

Crough has yet to lose a match and Fritz has improved wonderfully since he left here. He has been doing much at the game since he left here and made a good impression on those who saw him working out with Yankee Rogers at the Brock street rink last night. The boys will grapple for a purse of $25. Gene Hurtubise will referee both bouts.



YANKEE ROGERS

Has only been defeated once in two years and then by Frank Gotch who snatched the World's Championship from the hitherto invincible Hackenschmidt.

GAME AT WELLINGTON.

Wellington, August 27.—The fastest game of baseball that ever was played in Wellington was played here on Thursday between Bloomfield and the home team. Hickey, of the Eastern League, pitched for Bloomfield, and Hawkins, of Peterborough, for Wellington. Owing to a dispute over a decision given by the Bloomfield umpire, the game was not finished. The score was 5—5. As Wellington had one inning to play they were almost sure of a victory. The umpires were J. McMahon, Wellington, and M. Smith, Bloomfield.

Of late he has managed a farm to the west of the village. For the past months gangrene in his feet has caused him intense pain until death relieved on Friday evening. The late Edward Sargent was 78 years of age, a member of the Westwood Methodist church and in politics a Liberal. The funeral on Sunday to the Westwood cemetery was largely attended, services being conducted by Rev. H. A. Frost, of Westwood, at the house and grave. His aged widow, formerly Miss Annie Wilson, together with one son, Mr. John Sargent of the village survive, also one brother, Mr. Samuel Sargent of Otonabee.

STOCK MARKET QUOTATIONS

Furnished by J. N. Barber.

New York, August 28—The market opened with a rush of buying orders throughout the list with a good deal of short covering with commission houses more active on the long side for a long time. The opening quotations among the railway stocks were as a rule fractionally above yesterday's close. The market being very strong during the first hour. Later on there was reaction from time to time and many of the leading issues got to yesterday's close but on the reactions business fell off and traders were disposed to buy in the stock that had been disposed of earlier. The copper and smelting securities were helped by a stronger tendency in the metal market although the London market was soft. While the market may observe further reaction before the close of business tomorrow. We do not believe, however, that the bull movement has culminated by any means, especially as outsiders are betraying more interest than for weeks. We favor the Harriman stocks and Reading and think they will lead in another upward movement next week to higher levels than they have yet attained.

WORK ON NORMAL SCHOOL IS NEARING COMPLETION

Blackboards and Desks Will be Placed in Position Next Week—Will Likely be Ready for Opening on Sept. 15th—150 Pupils Will Attend.

The Peterborough Normal School is fast nearing completion and when the desks and blackboards have been placed in position the building will be ready for the one hundred and fifty or more scholars who will attend. The men are placing the blackboards at the present time and next week they will begin to instal the seats. Everything promises to be in readiness for the opening, which has been announced to take place on September the 15th.

In the matter of public buildings, Peterborough now possesses some beautiful ones and foremost among them is the Normal school. It is a handsomely and splendidly constructed building and situated on a hill on Benson street, from the south window it commands an excellent view of the town. The main entrance faces west. When the grounds are graded and put into shape the surroundings of the school will be greatly beautified. The building is three storeys high. The halls and rooms are well laid out and are very spacious. They are well lighted and ventilated and nothing conducive to good work on the part of the pupils has been left undone.

On the ground floor is situated the principal's room, one class room, the library and reading apartment, in addition to several cloak rooms. Two large teachers' rooms are on the first floor, also the chemical laboratory, two class rooms, a lecture and an apparatus room.

The assembly hall is a splendid room situated on the second floor. The seats have not been installed yet. It will have a seating capacity of between three and four hundred persons. A fine platform has been erected at the east end of the hall. Off the auditorium is situated the art room and class room.

The gymnasium, which of course, has not yet been fitted up, is in the basement. Three rooms downstairs will also be set aside for the teaching of Manual Training.

The heating and ventilating system is the most modern and complete of anything that has ever been installed in Peterborough. There are twelve hundred pipes in the boiler room. The air is drawn in through these and sent out through the whole school, giving a uniform heat all the time. The plumbing throughout is up-to-date and good work has been done.

Peterborough citizens should feel proud of the new building, which will be the means of well advertising the city, as many will attend from outside points. Principal Walker expects in the neighborhood of one hundred and fifty pupils at the opening, which will likely be on September 15th.

"OLD MOORE" PREDICTS DISASTERS

Something Doing in the Calamity Line During Every Month—Cheerful Outlook

London, Aug. 28.—There is no falling off in the number of disasters predicted by "Old Moore" in his almanac for 1909.

The sudden striking down of a statesman, a very destructive city fire, a most terrible railway accident, and a "violent storm in the offices of a city newspaper," are some cheerful happenings predicted for January, but no hint is given as to the nature of the last-mentioned eruption.

February is earmarked for a dreadful theatre or public building catastrophe in the Manchester district. March will be a bad month for rulers. April will bring disgrace and death to a prominent financier, a tube accident in New York is predicted for May, and the discovery of mountains of silver ore in Mexico will upset the bullion market in June, a month which will witness alarming riots in Liverpool.

In July an earth tremor will shake Birmingham, there will be a railway disaster and an excursion boat calamity in the Irish Sea.

Many members of Parliament will pass away in August, "causing much election excitement," and there will be a terrible disaster in Hull or Grimsby, and "fashions will run very eccentric this month with the ladies."

An awful earthquake in the West Indies is promised for September, and explosions may be expected in the north during the month.

The American eagle is expected to scream loudly in November, but otherwise this month will be comparatively quiet, and the year will end with hard times on the east coast.

LAST CONCERT OF THE YEAR BY 57th BAND

Collier-Cunningham Company Has Secured Space for Displaying Goods Manufactured

The Collier-Cunningham Company is making an exhibit of their goods at the Toronto exhibition. Mr. H. B. Collier was in Toronto yesterday making the necessary arrangements and has secured a good space. The exhibit will include electric irons, electric toasters, etc. The electric toaster which is now being manufactured by the company is one of the latest inventions and is said to be highly satisfactory. An electric radiator is also being manufactured now.

The Diamond Calk Horseshoe Co. of this city is also making a display at the big exhibition their exhibit being included in that of the Collier-Cunningham Co.

MANY NEW NAMES ARE ON THE DOMINION VOTERS LISTS

It is estimated that the 1907 voters' lists, which will be employed for the purposes of the approaching general election contain the names of fully 250,000 more voters than were entitled to take part in the election of 1904. The printing of the lists is now under way and with a full staff at work in the Government Printing Bureau at Ottawa, excellent progress is being made. It is announced that the Liberal tour of Nova Scotia will begin on the 3rd of September at Sydney. Hon. Mr. Fielding will have with him for his tour through Nova Scotia, Hon. William Paterson, Hon. Charles Marcil and Hon. Charles R. Devlin.

FIRE DESTROYED STABLE AT REAR OF DYE WORKS

Yesterday was the fire brigade's busy day. They had three calls last evening. About 9.45 fire was discovered by Messrs. R. Fowler and H. Wolstenholm in the barn at the rear of Parker's dye works. The conflagration made a fine illumination while it lasted. The brigade had one line of hose playing on the blaze and soon had it extinguished. Through the presence of mind of the above mentioned gentlemen a barrel of gasoline was hurriedly removed from the stable and thus a serious explosion was averted.

It is thought that the fire was started by some loafers. The amount of damage will not exceed $100.

About 10.50 the brigade received their third call to box 16, at the corner of Perry and Bethune streets, but it was only a false alarm.

G.T.R. HAS PLACED FLAGMAN AT THE REID-ST. CROSSING

The Grand Trunk railway company have placed a man at the crossing on Reid street. This step has been agitated for by the city for a long time and was dealt with by the railway commissioners. This is a dangerous corssing and a man was badly needed there.

Mr. John Landry who for several years was gateman at Simcoe street and who a few months ago retired from the service of the company is flagman at Reid street. Mr. Landry's position is only temporary, until such time as another man can be obtained.

It is now up to the CPR to put a man at Aylmer street as the crossing is an exceedingly dangerous one.

SALVATION ARMY FESTIVAL AT BARRACKS LAST NIGHT

The Salvation Army festival of music, praise and ice cream was a great success. The large auditorium was filled with an interested audience. A large number of children accompanied by relatives or friends were present to enjoy the display piece "The Flags of All Nations," which was splendidly played by the fine band and incidentally to partake of the ice cream. They were very good and quiet. They seemed to be interested in everything and evidently feel deeply at an early age something of the seriousness and sense of responsibility which underlies all the Army's work. Those who make light of religious work in general must admit that were it not for the relief and rescue work of religious bodies especially the Army, many a poor creature would suffer untold privation and misery. It may not be that all such work proceeds from these sources but certainly most of it does. The debt of humanity to the Salvation Army can never be repaid. The festival opened with a splendid selection by the band which played at frequent intervals throughout the evening.

Staff-Captain Goodwin expressed her pleasure at seeing such a large audience and for the evening would hand over her office to the Rev. J. G. Potter who would act as chairman. Rev. J. G. Potter on coming forward was greeted with a volley. He said he was much in sympathy with the work of the Salvation Army, which had nothing but the winning of souls and the doing of good for its aim and object. It was impossible to estimate the amount of good done by this earnest and God-fearing body. It had the great advantage in its quasi-military make-up of discipline, which was so necessary to prevent division and disorder. Mr. J. H. Burnham was then called upon. He declared amid applause that he was peculiarly susceptible to the influence of a good woman and it was one of the best features of the Salvation Army that it knew how to appreciate and utilize the inestimable services of its women. He thanked Staff-Captain Goodwin for inviting him to be present upon such a pleasant occasion.

While it is not customary to particularize in a programme of a religious or "Army" character, particular mention must be made of a recitation "My Old Cornet," in character, by an apparently aged soldier, who thus relates a soldier's experiences.

The Songsters also contributed largely to the pleasure of the evening.

The programme was as follows:

Opening Song.
Prayer.
March—Melborne; by band.
Vocal solo—Beautiful Christ; by Bandsman French; band accompaniment.
Euphonium solo—Scenes that are Brightest; Bandsman Boorman; piano accompaniment.
Recitation—Miss Elsie Northcott.

DID THE CONSTABLE SHOOT ? TAKES SENSATIONAL TURN

Evidence at Inquest Into Death of J. B. German, Shows That Grand Trunk Watchman Fired Two Shots to Scare off Trespassers.

Toronto, Aug. 29.—A sinister aspect was imparted to the mystery surrounding the death of James B. German, whose mangled remains were found on the railway track at the foot of Tecumseh street early on Sunday morning last by the statement made in the Police Court yesterday and repeated at the inquest in the evening that the deceased was fired at by a Grand Trunk Railway detective on Saturday night. In the course of the proceedings in the Police Court arising out of a charge if trespass against a young brakeman named Chester Grey, who was in company with German on Saturday night, the defendant's counsel, Mr. John Godfrey, startled the court with the statement that the Grand Trunk Railway Co. permitted their employes to shoot at trespassers and that German had been so shot at. At the inquest conducted in the City Hall last night by Coroner Cotten, Chester Grey gave evidence to the effect that two shots were fired at German while he was crossing the track with witness to get a Queen street car, and a Grand Trunk constable named W. O'Brien admitted that, finding the two men in the vicinity of some cars under what he regarded as suspicious circumstances, he fired in the air two shots from a loaded revolver, one as a signal to two other detectives to render assistance, and the other to scare German while he was making his escape from custody. O'Brien stated that it was the custom of the Grand Trunk constables to carry loaded revolvers and to fire them off when assistance was required. The inquest was adjourned for a week, when it is understood evidence will be tendered to the effect that one of the wounds found on German's body might have been caused by a bullet.

The accusation made by Mr. Godfrey in the Police Court against the Grand Trunk Co. followed a long discussion between the court and Mr. Pope, counsel for the railway company, as to what the charge against Chester Grey, German's companion, should be.

JAMES B. GERMAN.

HE ABANDONED THE CHILDREN

Cincinnati Man Adopts Little Canadians and Tires of Them.

Cincinnati, O., Aug. 29.—The next time Robert Spolney takes a notion to adopt a family, he probably will think twice before acting in the matter.

He was sent to the workhouse for six months yesterday on a charge of abandonment. After he had been sentenced it developed that the two children, Rachel and Tom Garrowit, abandoned in the street by Spolney, are his sister's children, whom he brought here from Canada. He offered to adopt them shortly after his sister died at her home in Englehart, Ont. The father of the children is in a hospital [illegible] Liskeard, Ont., and unable to care for them.

Spolney says he simply got tired of having "the kids" around, so he "lost" them in the down-town street.

Arrested For Forgery.

Toronto, Aug. 29—Charged with forgery of Canadian Express Co. orders by which he realized $550. Richard Ford, 8 Henderson avenue, was arrested yesterday.

A Deliberate Suicide.

Woodstock, N. B., Aug. 29.—Thomas Shields, a man about 45 years of age, walked out on the river bridge, took off his coat, and leapt into the swift current.

Eight Killed.

Wilkes-Barre, Pa., Aug. 29.—It is reported that eight men were killed and seven injured at Warrier Rub, eight miles from here, in a mine explosion.

Steamship Neepawah Released.

Port Arthur, Aug. 29.—The lighthouse supply boat Neepawah was released after a week on the rocks near Otter Head. She is badly damaged.

Fewer Homesteaders.

Ottawa, Aug. 29.—For the six months of the calendar year 405 fewer homestead entries were received than were registered during the corresponding period in 1907.

The figures were 13,749 as against 14,154. Americans head the list with 908, English comes next with 461 and Canadians from Ontario hold third place with 384 entries.

Fortune In One Crop.

Winnipeg, Aug. 29.—Rev. Mr. Hall of Otterburne, Man., a town 30 miles south of Winnipeg, had 1,000 acres in wheat. He has just completed threshing 30,000 bushels, which he sells at $1.10 delivered at Port William. It grades No. 1 northern.

An Inundated City.

Fayetteville, N.C., Aug. 29.—This city, with a population of 12,000, and located on the Cape Fear river, is almost entirely submerged. Three thousand persons are homeless.

Two Killed on Warship.

Copenhagen, Aug. 29.—Two men were killed and six others dangerously wounded on board the Danish cruiser Hekla yesterday by the premature explosion of a shell.

Sues For $50,000.

Vancouver, B. C., Aug. 29.—The World newspaper yesterday issued a writ for $50,000 damages against The Province for alleged libelous statements in The Province of Thursday, respecting the financial affairs of The World.

Two Galicians Killed.

Kenora, Aug. 29.—The remains of two Galicians, whose names are unknown, were brought here from Deception, Thursday night, where they were run over by an engine while crossing the track just outside the station.

Extends Into Vancouver.

Vancouver, B.C., Aug. 29.—The Chicago, Milwaukee & St. Paul Railway has obtained an option on the site of E. H. Heaps & Co.'s mill. It is supposed the property will be used for terminals for the American line.

SHOWS FAITH IN HIS INVENTION

Throws Himself in Front of Car at Winnipeg.

Winnipeg, Aug. 29.—The City Council will ask the street railway to use the Jenkins fender on all cars in the city. This was the result of a sensational test Thursday in which the inventor flung himself in front of a swiftly moving car, without warning, to prove is effectiveness. The spectators were horrified at the sight, but the fender demonstrated its success by picking him up. Mr. Jenkins came here from Toronto.

Dr. Chadwick Bankrupt.

Cleveland, Ohio, Aug. 29.—Dr. Leroy S. Chadwick, husband of Cassie Chadwick who died in the penitentiary to which she was sentenced for colossal frauds, filed a petition in bankruptcy yesterday. He places his personal debts at $1,750. Debts contracted through endorsing notes and checks for his wife he places at about $650,000.

Will Reveal a Murderer.

Hamilton, Aug. 29.—Dissatisfied because the local and provincial police have failed to discover the murderer of Constable Barron, who was shot near his residence, J. Bidwell Miss has issued an ultimatum, and says that unless the authorities proceed against the man he suspects he will lay the information himself.

Preference In Leewards.

Ottawa, Aug. 29.—The probability of Canada being given a preference in the markets of the Leeward Islands is mentioned in a report to the Department of Trade and Commerce, made by E. H. S. Flood, Canadian trade agent in Barbadoes.

Mr. Flood says that a strong Canadian feeling prevails on the islands.

The best openings are for manufactured articles, provisions and breadstuffs.

Fifty-One Sailors Drown.

Tokio, Aug. 29.—News of the sinking of the British steamer Duncarn and the loss of all but two of the fifty-three members of her crew in the typhoon which raged on Aug. 26 off the port of Coto, on the Island of Kiuhiu, has reached here in a report received from Moji, a town on the same island.

The Duncarn was a steel screw steamer of 2,200 tons.

Governor In Earnest.

Seagirt, N.J., Aug. 29.—Governor Fort made the following statement yesterday concerning his proclamation regarding the enforcement of the Sunday closing law in Atlantic City:

"I will stand on my proclamation unequivocally. I mean every word. The people will learn that I am not attempting to intimidate by threats."

One Hundred Years Old.

Niagara Falls, Aug. 29.—A hundred years ago yesterday the Niagara District Grammar School was founded and has been open ever since, except during the war of 1812. It is now known as the high school, and its centenary was celebrated yesterday at Niagara-on-the-Lake. It is the fourth oldest high school in Ontario.

ALVENA GERMOTTE COMMITTS SUICIDE

Drowns Herself Because She Cannot Take the Veil.

Grand Bend, Ont., Aug. 29.—Brooding because she could not become a nun is given as the reason for the suicide of Alvena Germotte, daughter of Benjamin Germotte, whose body was found floating in the river here yesterday. She had attended the convent and greatly desired to take the veil, but was refused by reason of ill-health. At a second application she was again refused.

She had been acting strangely for two days previous to his disappearance. The body was wrapped in a sheet and a Bible tied to the wrist.

Money Returned.

Windsor, Aug. 29.—Joseph Ouellette, son of the Grand Trunk agent at Stony Point, pleaded guilty yesterday to the theft of $600 of the company's money from his father, and was sentenced to six months.

This will defere his wedding, which was to have taken place next month. A part of the money he took was spent in purchasing jewelry for his sweetheart. Most of the stolen money was recovered and restitution for the balance was made by the prisoner's father.

Kingston's New Hotel.

Kingston, Aug. 29.—Dr. Rupert Dupuis, St. Louis, and J. Henderson, Chicogo, had a conference at the Board of Trade regarding a new hotel.

They were of the opinion that Kingston was prepared to give a bonus of $100,000, but this is not the case.

The plan proposed is that prominent citizens build a $150,000 hotel and ask people to vote a guarantee of $100,000.

This meets with favor on the Board of Trade.

SOME FEDERAL APPOINTMENTS

Changes in Various Services Announced in The Gazette.

Ottawa, Aug. 29.—The following appointments are gazetted:

Rear-Admiral C. E. Kingsmill to be commander of marine service of Canada.

Commander O. G. V. Spain to be commissioner of wrecks.

J. B. Hunter to be Deputy Minister of Public Works.

Arthur St. Laurent to be assistant chief engineer of Public Works Department.

Napoleon Tessier to be secretary of Public Works Department.

Samuel T. Bastedo to be superintendent of Canadian Government annuities.

Whereabouts of Cabinet.

Ottawa, Aug. 29.—The only Cabinet Ministers now remaining in town are Sir Wilfrid Laurier, Hon. R. W. Scott, Sir Richard Cartwright and Hon. Frank Oliver.

Mr. Brodeur and Mr. Lemieux left last night for Rouville County, Quebec, where they will speak to-day. Mr. Lemieux will also speak in Kamouraska County Sunday. Mr. Lemieux has been renominated by acclamation in Gaspe.

Hon. A. B. Aylesworth is expected to reach Vienna to-day.

Dr. Harrison In Halton.

Milton, Aug. 29.—John D. McGregor, having declined the nomination for the Commons, offered him this year by the Liberals of Halton in July, another convention was held here yesterday, when Controller Harrison of Toronto was the unanimous choice.

From the votes polled in the last Dominion and Provincial elections Dr. Harrison said he figured that Halton had 2,300 Liberal votes — enough to elect him.

FOUR AMERICAN TOURISTS BEATEN BY " BREAKERS "

Being Unfamiliar With Strike Conditions They Wandered Into the Danger Zone.

North Bay, Aug. 28.—Four Americans, Wm. Kaupbach, E. P. Schlumann, E. W. Miller and J. F. Rinsey, had an exciting experience here on Thursday night on their return from Temagami.

While waiting train connection they crossed the C.P.R. tracks to the lake shore about eight in the evening. Being unfamiliar with strike conditions, they wandered into the danger zone between the strike-breakers boarding car and west end strike pickets.

Suddenly a volley of stones and cinders aroused them to a sense of danger and they found themselves surrounded in the gloom by a crowd of men, armed with clubs, which were used indiscriminately, despite the angry protests of the strangers.

Finding explanations of no avail, the Americans hustled to cover and all reported at the hotel, but one, who was rescued and brought in later by strikers, minus his hat and considerably bruised.

The strike-breakers mistook the Americans for strikers and it is supposed sought revenge for treatment received at their hands earlier in the day. The Americans left for Toronto soon after the assault.

At noon yesterday a demonstration was made by strike-breakers at the station, the pickets being threatened with an armed sortie at any time. The threats were accompanied by shots from a revolver in the hands of a strike-breaker, who was arrested later and let off on a $5 fine with costs, on condition of leaving the town. The prisoner gave his name as Wm. Jackson of Ottawa, foreman of the blacksmith department.

A proposition has been made the town by the C.P.R. officials to police the town with company policemen, but this is not likely to be seriously considered, as it would invite trouble. As long as strike-breakers remain on the property of the company no trouble will result, but when they visit the town barrooms and liquor up, fighting always follows, and some of them have been badly beaten.

CUSTOMS DUTIES ON ALL SMALL ARTICLES ARE CUT

New regulations have been announced by the Canadian, National and American Express Companies, in regard to outward customs brokerage, which will prove a boon to the Canadian merchants shipping articles of small value across the frontier.

Heretofore, entries have been required on all shipments made to the United States without regard to value but under the new rule, no formal entry is required on articles of any description under $10.

A new schedule has been drawn up through the efforts of Mr. R. Murphy, the general manager of the National and American companies, who has been working on the matter for the past three months in conjunction with Mr. James Bryce general manager of the Canadian Express Co.

The charges show the following reductions:

"On all dutiable shipments, where the value does not exceed the charge for Customs brokerage will be 25c plus 20 cents where formal entry is required.

On all shipments where the value is above ten dollars and does not exceed twenty dollars the charge for Customs brokerage, including entry at frontier port will be 50c.

On all shipments where the value is above twenty-five dollars and does not exceed one hundred dollars the charge for Customs brokerage including be 75c.

On all shipments where the value exceeds one hundred dollars the charge for Customs brokerage, including entry at frontier port will be $100."

GUN WAS LOADED GIRL WAS SHOT

Sixteen-Year-Old Lad Shoots His Cousin.

Toronto, Aug. 29.—Adrena Irwin, 11 years old, of Cambray, was shot in the face yesterday by her cousin, Fred Chappel, 16 years old, who did not know the gun was loaded.

The youngsters were playing with a gun, which the boy's father had loaded the previous night to shoot night-hawks.

The boy pointed the gun at the girl and said, "I'll shoot you." She asked, "Is it loaded?" and just then the gun went off. The result is not yet known, as she is in a critical state.

Start Fire Ousting Bees.

Montreal, Aug. 29.—Bees were the cause of a fire yesterday in the Hotel Dieu.

The bees had made a hive under the roof of the chapel attached to the main building, and in order to rout them out a lighted match was used yesterday morning.

The flame caught the roof, and the firemen of the eastern division had to be called out. Their prompt work confined the fire to very narrow limits.

TELEGRAPHIC BRIEFS.

Trade disputes in Canada during July show a marked decrease.

The Eastern Ontario High Court of the I. O. F. will meet next year at Smith's Falls.

Tramps caused $30,000 damage by fire to the Strathcona Coal Co. at Moncton, N. B.

Robert Turner of Upton, P. E. I., aged 56, hanged himself a barn. His brother found him.

Flood conditions throughout Virginia and the Carolinas are reported much improved by the railroads.

It is announced that the battle for the Fair millions is won, and that a settlement will be made at once. A kitchen maid of Iowa receives over $80,000.

Fowler's Opponent.

Sussex, N.B., Aug. 29.—Dr. D. H. McAllister was nominated by the Liberal convention here yesterday for the Federal House, to oppose George W. Fowler, M. P., in King Albert.

McAllister was a candidate for the local Legislature last March and was badly beaten.

Big Mining Company.

Ottawa, Aug. 29.—The Lake Superior Gold & Copper Co. has been formed with a capital of eight million dollars, and headquarters in Toronto.

THE CROPS ARE ONLY FAIR LIGHT YIELD IN MANY STAPLES

Barley Crop is Large and Rye is of Good Quality—Corn Crop May be Record-Breaker—Grapes Yield an Immense Quantity—Potatoes Plentiful.

Toronto, Aug. 29.—The August crop report of the Ontario Department of Agriculture was completed yesterday.

Fall wheat yielded well, but owing to the wet harvest there was some sprouting in the stocks. Injury by sparrows is specially reported.

Spring wheat is not so good as fall variety. Harvesting was late.

The yield of barley was large, and the crop is regarded as satisfactory.

Except in the St. Lawrence and Ottawa Counties and in the northern districts the yield of oats will be fully up to the average.

Bruce County reports some of the largest yields ever received by the Department.

Rye yielded from 10 to 22 bushels an acre of good quality.

A weevil akin to the turnip louse was injurious in peafields adjoining Lake Ontario.

Field beans were still growing when returns were made, but prospects were for an average yield.

The poor catch of grass seed last year and close cropping of meadows in the fall made the outlook discouraging, but the fields came through the winter in good shape. There will be a fair quantity of good hay in the barns this winter.

Favorable reports concerning corn come from every district in the province, more especially in the case of corn grown for fodder and the silo. Should frost hold back till the corn is cut it will be the best crop of the year and the best for many years.

The acreage of flax is not so large as formerly, but the quality of both seed and stock is classed as good.

There has not been so much tobacco planted, and at best only a fair return of medium quality is looked for.

Potatoes promise better than for the last three years.

All classes of roots were backward, sugar beets being most favorably mentioned.

Considerable disappointment has occurred in the case of apples and peaches as the varieties most in demand will be scarce, while there are more than enough of less valuable sorts. Duchess apples are going abegging in some districts, but spies and standard winter kinds are very scarce. Pears have had a fair yield, and plums also. Crawford peaches are scarce. Cherries were a good yield.

WOMAN PREFERS DEATH TO JAIL

Hamilton Woman Shoots Herself While Leaving Court.

Hamilton, Aug. 29.—Della Clayton, a notorious woman, when sentenced to three months in jail yesterday morning by Magistrate Jelfs, shot herself before she could be taken to jail.

She had been allowed to go into a room adjoining the court-room, with a girl who had been fined $50 for being an inmate. She handed over a roll of bills to the girl, then drew a revolver and shot herself in the right temple, exclaiming: "This sentence is too much for me, and I hope God will be more merciful to me than the judges of earth."

She tried to send two bullets into her head, but the revolver missed fire and the one bullet that did take effect was turned upwards and was extracted.

The house had been raided because of the complaint of a citizen that his daughters, well known in society, had been surreptitiously frequenting the place.

Sultan Receives Brother.

Constantinople, Aug. 29.—A significant incident in the new regime is the meeting which occurred at the palace of the Sultan and his brother, Mahommed Rechad Effendi, heir-apparent to the throne, on the Sultan's invitation the Sultan received his brother most cordially for the first time in his reign.

Deporting Helpless English.

Kingston, Aug. 29.—Peter Devlin, immigration agent, has just deported an English couple and seven children at Oshawa. The husband refused to work, and the family had to be assisted by charitable people.

The inspector will also deport four families at Belleville.

To Make a New Start.

Montreal, Aug. 29.—D. M. Stewart, ex-manager of the Sovereign Bank, left Montreal Monday morning, and before going said to a friend that he would not return. He is going into business in the United States.

Agent's Fatal Blunder.

Fort Smith, Ark., Aug. 29.—Southbound passenger train No. 1 on the St. Louis and San Francisco Railroad collided head-on with a work train near Hardina, Okla., yesterday. The engineer and conductor of the work train were killed. The agent at Antlers, Okla., failed to hold the passenger train as ordered.

Transcontinental Contracts.

Ottawa, Aug. 29.—Owing to the absence from the city of two of the National Transcontinental Railway commissioners, no report has yet been prepared upon the tenders recently received for the remaining sections of the line between Winnipeg and Moncton.

The contracts before being awarded must be approved by the Governor-in-Council.

Bank Dividends.

Ottawa, Aug. 29.—The following bank dividends have been declared for the current quarter: Royal Bank, 2 1-2 per cent; Bank of New Brunswick, 3 per cent.; Metropolitan Bank, 2 per cent.; Dominion Bank, 3 per cent.; Traders' Bank, 1 3-4 per cent.; Molsons Bank, 2 1-2 per cent.

Wife Refuses to Harvest.

Belleville, Aug. 29.—John Bradbone of Faraday has been brought to the county jail here to serve a month. He choked and beat his wife because she refused to work in the harvest field.

Toledo-Chicago Canal.

Chicago, Aug. 29.—The project of a canal from Chicago to Toledo, Ohio, cutting 500 miles from the present lake route, has been taken up by the Chicago Association of Commerce.

Technical School at Ottawa.

Ottawa, Aug. 29.—Preliminary steps have been taken for the establishment of a technical school for Ottawa.

THE MAILS ARE ROBBED

Rifled Sacks Found on Road by Pickets Near Montreal.

Montreal, Aug. 29.—Two mail sacks were found ripped open yesterday on the roadside, by pickets connected with the C.P.R. strikers, at a point near Montreal West.

With them were a number of opened letters and torn papers, among which were found checks to the value of close upon $7,000.

Assistant Postmaster Gaboury declared last night there was every reason to believe the robbers had been foiled as no registered mail had been carried on the train. It would not be known for a few days how much money had been secured, but it must be a small amount, such as might go through in ordinary letters.

It is supposed the mail bags were stolen from the Soo train before leaving Montreal Wednesday evening.

One Man's Death.

Vancouver, B. C., Aug. 29.—Rolf Johnson, aged 20, of Minneapolis, was the victim of a drowning accident in Ingenika River in Northern British Columbia. He fell off a log, his body being carried over the falls and crushed to pieces.

Took Acid In Error.

Seaforth, Ot., Aug. 29.—Miss Bona Case, youngest daughter of Mrs. S. Case of Maple Hill, is dead as the result of taking carbolic acid in mistake for medicine.

Bail Is Denied.

New York, Aug. 29.—Capt. Peter C. Hains, Jr., and his brother, T. Jenkins Hains, were held without bail for the action of the grand jury yesterday on the charge of murder of William E. Annis.

Six Were Drowned.

Trinidad, Col., Aug. 29.—A local undertaking firm yesterday received a message from Folsom, N.M., ordering six coffins for persons drowned there in a flood. Wires are down and details lacking.

Rebellion In Persia.

Teheran, Aug. 29.—The latest news here confirms the report that the revolution is in full swing in the western and southern parts of Persia.

ADVANCE PARTIES LEAVE FOR CAMP

Battery and Dragoons go to Barriefield on Monday—Activity in the Militia

Advance Guards from the 24th Field Battery and the 3rd Prince of Wales Dragoon Guards left for Barriefield Camp, Kingston, this morning to prepare for the coming of these corps on Monday. The advance of the battery consisted of Lt. Shaw and Gunners Donnelly, Pilling, Wilson and Callaghan while Lieut. Cleghorne and Donnelly and Mitchell comprised the advance party from the Dragoons.

The battery will parade at the Ashburnham drill hall at 8 o'clock Monday morning, and both corps will entrain at the Grand Trunk station.

They will remain in camp two weeks. Both the Battery and Dragoons are going to camp full strength.

WILL ARRIVE HERE MONDAY

Funeral of the Late Geo. Young Will Take Place on Tuesday

The remains of the late George Young who met such a horrible death at Brandon, Manitoba, a few days ago will arrive in the city on Monday evening. The funeral will most likely take place on Tuesday afternoon from Mr. A. Comstock's undertaking establishment to the Little Lake cemetery.

THE OUTSIDE SERVICE

The Royal Commission was commissioned amongst other things to "extend their inquiry to any portion of the outside service that may come under their observation." Here is a paragraph from their report: "As a rule your commissioners found in the outside service that politics enter into every appointment." This is the beautiful non-partisan administration to which Liberals refer with such relish and frequency. Then again the report says "in the outside service the politics of the party is of greater importance in making appointments and promotions than the public interests of the Dominion." This then is the real truth concerning the vaunted looking after the public interests which our friends so frequently boast of. But the last quotation from this memorable report is the tit-bit. It offers so little opportunity for discussion; it is of that highly descriptive character too that interests the reader, especially the reader who does not happen to be "in it." It is as follows:—"In the outside service, those who have the political pull use it for all it is worth." So say the commissioners appointed by the Laurier Government respecting its own way of conducting the country's affairs. The strings hang loose beyond all precedent in our public business. The Laurier Government is really worse than the Ross Government and that is wholly needless, surely.

THE ERA OF SLUMPS

It is usual for the factory-killers to fall back on the farmer as the standing and impregnable evidence of the success of the Liberal policy. Let us examine into this claim. If the farmer has prospered or rather is prospering, what is the value of farms at the present time as compared with some years ago. They are declining in value. The G. T. P. threatens them with a still heavier falling-off. Farms are of value accordingly as they produce. In many ways although the art of farming has improved very greatly the production has not kept pace with the productiveness. The latest comparative table shows that horses under three years old, have decreased forty per cent in number, sheep 25 per cent., a falling off of three-quarters of a million, two-thirds of which is in Ontario alone. Consequently, in wool there has been a heavy slump. Many will be surprised to know that butter shows a material decrease. Cheese likewise, while honey shows an immense shrinkage. Evidently our management at headquarters has been bad. Rushing to spend and to borrow has failed to draw attention off the wholesale backward movement. Agriculture and most of that which it includes, is falling away. The Laurier policy has failed. In minerals on the contrary there has been a considerable increase, but then minerals are not a satisfactory thing to rely upon or boast of. In wood there has been a falling-away from 26 millions cub. ft. to two millions. Square timber has declined one-half. In pulpwood there has been a 30 per cent. decrease. The record is not satisfactory. We must have a change and must keep on changing until we get a capable manager of our Government affairs.

SIR JAMES P. WHITNEY

Not since the late Oliver Mowat was knighted in 1892 has a Premier of the banner province of Canada been similarly honoured until a few weeks ago. Until 1896 the people of Ontario prefixed the name of their Prime Minister with "Sir," but that pleasure has been denied them for several years. Once more the old order of things has been restored with a knighted statesman at the head of Provincial affairs. The new distinction, Sir James Pliny Whitney, rolls easily from the tongue, and the circumstances under which the title was conferred upon him and upon Hon. Lomer Gouin, Premier of Quebec, are particularly happy. Sir James regards the investure of his insignia not so much in the light of an honour to him personally, as to the great Province of Ontario arising out of the grand tercentenary celebration last month at old Quebec. The title Knight Bachelor bestowed at the hands of His Royal Highness the Prince of Wales has brought additional lustre to the Province, and Ontario's much beloved premier.

Sir James Pliny Whitney, so far as politicians and political leaders of the present and past are concerned, may be styled "somewhat different." He possesses not the suavity, the sunny disposition, the unction, diplomacy or tact of a Macdonald or a Laurier and yet who will say that Sir James has not proved an unparalleled success. In him the people repose unbounded confidence and believe that if he has ever erred in his twenty years of legislative life the mistake has been of the head and not of the heart. He has established a new order of things in the way of receiving deputations, listening to divergent interests of interviewers, implementing election promises and standing steadfastly by public rights. He resorts to no subterfuges, practices no trickery, sets no traps. He is blunt, frank, outspoken, gruff, and even dictatorial at times but herein lies, perhaps, his greatest source of strength. The people believe in him they have a champion of their interests a man who stands by his word and when occasion requires strikes straight from the shoulder, regardless of who falls or how hard they drop.—Busy Man's Magazine.

THE MALCOLM MacKENZIE DEAL

The Blairmore Townsite transaction is startling in its way. This townsite was situated on the C.P.R. near Frank, B.C. with a growing and flourishing village upon it and was valued at from one to two hundred thousand dollars. This property is now owned by Malcolm Mackenzie a defeated Liberal candidate. In 1904 it was sold to Mackenzie for $460.00 on the basis of an assignment by an Italian who claimed to have squatter's rights. A man named Lyon made the same claim as the Italian. J. G. Turiff the Laurier favourite and land commissioner issued the patent to Mackenzie who based his titles on the Italian's claim. Lyon got a fiat from the Minister of Justice and attacked the patent to Mackenzie showing that the Italian's claim was utterly bogus and fraudulent. Here Sifton stepped in and stopped the process of law. Mackenzie got the land. Who divided the enormous profit with him? That is the question. We always like to give our authority for statements of this character and it will be found in the pages of Hansard, 1907, pages 6522-6617. It cannot be disputed. The records of parliament reveal it and the records of the courts of law so far as they were allowed to go, do likewise.

THE STEWARD'S ACCOUNT

No government will long be tolerated that does not give a satisfactory account of its stewardship. The Laurier government has to face a country that is awaiting many explanations. The first and most patent question that rises to the lips of Canadians is "Are things in good shape in Canada?" Manifestly they are not. As a matter of fact they are in an alarming condition. Sir Wilfrid Laurier was returned to power in 1896 not because the trade and commerce of Canada was in a condition of decrepitude, but because of side-issues of a character which it will not be necessary for us to discuss here. Trade was good. The credit of the country had not been drawn upon. The foundation of prosperity laid years before in the N.P. had proved solid and lasting. Canada was emerging from obscurity. The balance of trade was in her favor. She was on the highway to a permanent condition of prosperity. Sir Wilfrid Laurier, however, promised a more abounding prosperity. With rhetorical flourish and much gesticulation, he assured us that we had been misgoverned that a Preference was what the British and ourselves both were in need of that the west must be opened up at no matter what expense that the more we spent the richer we would be, that money taken out of our pockets was not the same as money borrowed, that to spend our revenues was far better than husbanding them that a "progressive" railway policy was the mightiest maker of trade and good fortune known that a policy of general expenditure was the one thing needful to make Canada prosperous. All this has unfortunately been disproved by sad experience. We have spent all our revenue and have been misled into still further and wider extravagance. We have run deeply and hopelessly into debt. We have expended all our own resources and since our revenue has ceased, nay, is falling behind, we must borrow quickly and extensively to prevent a collapse. How is this to be explained on the ground of good statesmanship. It is plunging and plunging of a criminally reckless character. Everything has gone wrong. Ill fortune has dogged the footsteps of Sir Wilfrid. Economy must be instituted without delay. All expenditure that can be curtailed must be cut down at once. That step may not please everybody but it alone will save the country. Then the whole system of immigration must be revised and much of it obliterated. It was a senseless thing from the first and gradually became a cruel attempt to "bear" the labour market which it succeeded at last in doing. And all this in the face of Liberal claims. We have had a cruel awakening to the fact that we cannot thrive on Liberal theories nor can we live by pleasant words and "statesmanlike" assurances alone. An ounce of common everyday fact is worth a pound of false promises. The country demands the retirement from office of those who have failed to make good. What do they say?

MEAT INSPECTION

> "McDonald & Halligan sold one load of heifers 968 lbs. each, the property of R. Mandeca to Park and Blackwell, at $4.55 per cwt. In this lot there were three heifers fed by John Blain, of Warwick Township that were condemned by the inspector as unfit for food on account of being affected with tuberculosis. These cattle were sold one week ago at the Union Stock Yards."

This item of news appears in the Toronto World of Wednesday morning last. It is a terrible indictment in a few words of the lax system of meat inspection that now prevails. Who can say how much disease of a tuberculous character is in Peterborough directly due to the backward state of our ideas of the necessity of looking closely to our food supply. The City Council may well appoint a deputation to visit Montreal and other cities to find out what really ought to be done in this matter. The case in a nutshell is "Have we in Peterborough now any proper means of finding out if our meat is diseased?" If not, can there be the slightest excuse for disregarding the multitude of warnings such as the one appearing at the head of this article. We are assured on the best of authority that diseased meat is a common article of diet especially in the cheaper grades. Have not our people a right to be protected by those who assume representative positions? It is an admitted fact that much of the sickness to which people fall victims is due to unfit food. Countless instances prove it. Surely it is a sufficiently important matter for immediate and effective consideration. What is being done about it?

Sir Wilfrid Laurier holds the great mass meeting for the opening of the campaign at Sorel, Quebec, on September 5th.

LAST RITES OF THE CHURCH ADMINISTERED

Miraculous Escape From Death of Mme. Lirette, of Sorel, Que.

"I look upon my recovery from approaching death as a miracle and it was "Fruit-a-tives" alone that cured me. I suffered from severe womb disease for seven years, and I suffered from severe constipation, great weakness and constant pain all the time. I was treated by six different physicians without any benefit and took every medicine I heard of, but nothing gave me any relief. My suffering was so intense that for a year I was unable to get out of bed—and I became so ill that my friends did not expect me to recover and the last rites of the Church were administered to me. At this time I was induced to try "Fruit-a-tives" and at once I began to improve. These tablets cured the constipation and relieved the dreadful womb pains. I began to improve and "Fruit-a-tives" entirely cured me. Nothing did me any good but "Fruit-a-tives." I took in all 18 boxes and I am quite as well as ever I was, entirely due to the use of this great medicine."

"Fruit-a-tives" is put up in a new 25c trial size as well as the regular 50c boxes, in order to enable everyone to try these wonderful fruit juice tablets. Sent on receipt of price if your dealer does not have them.

HIBERNIANS WANT GAELIC TAUGHT IN THE COLLEGES

The following were among the resolutions passed at the Hibernian convention at Ottawa at which Peterborough was represented;

"That Irish history be taught in the Separate schools of Ontario."

"That a vote of thanks be extended to the mayor, controllers and city council as well as other citizens for the splendid reception extended the delegates during the convention."

"That a Gaelic chair be established in St. Michael's college, Toronto, and also in Ottawa university."

"That the members of the Order assist in the revival of Irish industry by purchasing when possible, goods of Irish manufacture."

"That the members of the Order strive as much as possible for the spread of the Gaelic language as well as the study of Irish music."

"That a vote be recorded of confidence in John E. Redmond, and the Irish Parliamentary party to which is pledged the support of the Order for home rule for Ireland."

"That better representation be favored in the Federal and Provincial cabinets."

"That the caricaturing of the Irish race, on the stage, in the press, and otherwise be condemned and that every member assist as much as possible in discountenancing it."

"That the provincial board be authorized to donate a prize for the best essay on Irish history, the competition to be open to pupils of Ontario schools where it is taught."

A vote of thanks was passed to Rev. Father Harkin of Almonte for his assistance during the convention and also to the retiring officers for their good service in the past.

THE BOARD OF WORKS HAD A BUSY SESSION LAST EVENING

Information to be Secured Regarding Proposed Outfall Sewer on Park-st.—Many Requests for Sidewalks.

A meeting of the Board of Works was held last night when considerable business was transacted. There were present Ald. Phelan, chairman; Mayor Rush, Ald. Elliott, Morgan, McIntyre, Buller, Bradburn and Tovey.

Mr. Morrison asked for a sidewalk on south side of Townsend street, from Stewart street to Park street.

Ald. Buller moved seconded by Ald. Elliott,—That if possible this sidewalk be built this year on south side of Townsend street, from Bethune street to Park street.—Carried.

Mr. Collier asked for sewer accommodation from Collier-Cunningham Co. on end of Simcoe street. Mr. R. B. Hall supported this application.

Ald. Morgan moved, seconded by Ald. Elliott,—That this matter be referred to the city engineer to report.—Carried.

Mr. J. Thompson asked for sewer accommodation on Dublin street, east of Water street.

The Board will interview Dr. Burnham re this and the Bethune street proposition.

Mr. F. A. Taylor was heard in regard to a proposition to extend Wescott street from George to Lock street.

Ald. Bradburn moved seconded by Ald. McIntyre,—That proceedings be taken at once to expropriate the land of the Halpin estate needed for the extension of Wescott street.—Carried.

Mr. W. H. G. Armstrong asked for a sidewalk on north side of King street from Pearl to Margaret Avenue.

Ald. Elliott moved seconded by Ald. Morgan,—That, if at all possible the sidewalk be built this year.—Carried.

Ald. Morgan moved, seconded by Ald. Elliott,—That a temporary sidewalk of old plank be built on east side of Park street, at Mr. English's terrace.

Ald. Elliott moved seconded by Ald. Bradburn,—That if the Township of Douro will assume the maintenance of the boundary from the corner of Smith and Concession streets east, the city will assume the portion of the boundary from that corner north.—Carried.

Mr. Thomas Barrie asked for protection from flooding, he would be obliged to sue the city for damages by reason of surface overflow into his premises.

The board will install improved gratings to remedy this grievance.

Ald. Buller moved seconded by Ald. Elliott,—That the Chairman write to Mr. Chipman as to the cost of a proposed outfall sewer via Park street.—Carried.

This proposition will, it is estimated, overcome the present difficulty in connection with the Romaine street sewer, which is all but out of business.

A communication from J. J. Turner & Sons for permission to erect a canopy entrance to the opera house was received.

Ald. Buller moved seconded by Ald. Tovey,—That the request of J. J. Turner & Sons for permission to connect carriage house on Water street with catch basin of drain leading to overflow pipe at the corner of Water and King streets be granted, if the work is done to the satisfaction of the city engineer.

MORE MONEY WANTED.

The Board of Works need an increase of $2,500 to their appropriation in order to carry out needed work.

Ald. Buller moved seconded by Ald. Elliott,—That this Board recommends that their appropriation be increased to the tune of $2,500.—Carried.

JOHN GREER BADLY BURNED IN FIRE AT "MY VALET'S"

Blaze Started in Cleaning Room and Caused Unknown Injuries—Man taken to Nicholl's Hospital—Room and Contents Destroyed

Mr. John Greer, temporarily taking the place of his father in the cleaning room of "My Valet," Charlotte street, was seriously burned this afternoon at 12.30 as the result of a fire, which broke out in the room, which is situated at the rear of Gemmell's store. How the fire started is a mystery. Mr. Greer, who is a nephew of Mr. Bruce Rickey, who is proprietor of "My Valet," was cleaning a shawl at the time of the fire, and it is thought that perhaps a match was in the shawl and caught fire, igniting the gasoline used for cleaning purposes. Greer ran out of the building a blazing mass and a man who was standing nearby ran into Gemmell's store and securing a tablecloth, smothered the flames. Between this method and rolling him on the ground the flames were extinguished. The clothing was cut off the injured man and he was carried into Gemmell's while Drs. Amys, McClelland and McCulloch were summoned. They dressed his burns and he was taken to the Nicholls Hospital in the Dan. Spence ambulance at about 25 minutes to 2 o'clock.

He was badly burned about the upper part of the body and the lower part to quite an extent, but the physicians in attendance think he will recover.

The building used for the cleaning room is a small one, and it was completely gutted by fire, the cleaning plant being destroyed and large quantities of ladies' clothing also. The loss to the building and plant will probably be met by the insurance, but there is no insurance on the clothing. The fire brigade received the call to put out the fire at about 12.35.

PLANT OF WM. HAMILTON CO. TO BE OPERATED AS IN PAST

It is understood that the report that the machinery of the Wm. Hamilton Co. plant would be dismantled and taken to Toronto is not true. On the contrary, it was learned to-day that the A. R. Williams Co. of Toronto, are working on a scheme for re-organization which will be completed shortly. The plant will be operated here and there is a probability that some new lines of manufacture will be commenced.

TEAM SCARED BY AUTOMOBILE AND A BAD MIX-UP OCCURS

An automobile, team of horses, a milk waggon, several cans containing whey and a boy who was driving the team, figured in a mixup that occurred on a road near the House of Refuge at Lakefield yesterday. The team, waggon and boy were returning from the cheese factory when the horses took fright at the auto and commenced to run away. They swerved into the ditch, the waggon upset and the horses wound up by landing on their backs in the trench. The milk cans had tumbled off and some of them were badly smashed. The boy escaped without injury but the harness on the horses had to be cut before they could be got on their feet again. The waggon was smashed pretty badly and had to be taken to the repair shop. The team and waggon belonged to Mr. Newton.

Fortunately the automobile escaped without injury.

WALLS OF WELL CAVED IN; A VERY NARROW ESCAPE

While repairing a pump and putting in tile at the bottom of a 54 foot well on the farm of Messrs. Arnott Bros., in North Monaghan, Mr. Robert Elliott, 139 Sherbrooke street, had a very narrow escape. He went down to the bottom for the purpose of loosening the windlass chain when the stone walls of the well commenced to give way, several feet at the bottom filling in. Mr. Elliott managed to climb about half way out of the well on the stone and his assistants lowered a rope and pulled him out of danger. A few minutes afterwards he started down to the bottom again and once more the well began to cave in with the result that he had to cut the rope half down and thus lost a new rope and two chains.

MR. HARRY LONG NEARLY DROWNED IN CHEMONG LAKE

A drowning fatality was narrowly averted in Chemong Lake on Thursday afternoon owing to the timely action of an Ennismore man, who came to the rescue.

Mr. Harry Long of this city was out in his canoe and was over near the Ennismore shore, when his boat became unbalanced and upset, throwing Mr. Long into the lake. Although unable to swim, and alone, he hung onto the boat and yelled for assistance. His cries were heard by a man who paddled out and brought Mr. Long to shore. He was pretty well exhausted but after a quiet rest was finally brought to his cottage at the park.

MANY WEDDINGS IN SEPTEMBER

Several Events Will Take Place During First Month of Autumn

September is to be a busy month in Peterborough for Dan Cupid. In fact it is understood that the coming month will be a close rival of June as far as the number of marriages is concerned. Several pretty weddings will take place in the city next Wednesday and a large number are booked for the month.

CONVENTION CALLED FOR SEPT. 15th

A Liberal convention for the selection of a candidate to represent the Liberals of the East Riding of Peterborough in the coming contest has been called for Tuesday, September 15th, at Norwood. Mr. J. R. Stratton is the probable choice, with Mr. Finlay, M.P., a close second, and Mr. Johnston an "also ran." It is probable that the East Riding will furnish a variety of entertainments this time and the electors are looking forward to lively times.

The Examiner has no hesitation in asserting the desirability of choosing a resident of the Riding as a candidate, if one can be united upon with a guarantee of unanimity and heartiness that can insure success. But if there be found no such person in the Riding there should be no hesitancy in looking elsewhere as has been done repeatedly when the better element of a constituency feels in duty bound to send a representative to Parliament who will carry out their wishes and feelings in regard to the issues of the time. The selection of a candidate should not be influenced by sentiment but by the sole desire of securing a man who will carry out the wishes of the electors, through his possession of the confidence of the people to a sufficient degree to win the day—to carry the constituency."—Examiner.

SAW MILL AT YOUNG'S POINT

Was Destroyed by Fire Early Thursday Morning

On Thursday morning the saw mill at Young's Point was again destroyed by fire. The conflagration started from a small blaze in the mill. Mr. Webb, one of the employees, noticed it first and ran to the village for assistance, but when he returned the flames had gained such headway that it was impossible to save it. The mill belonged to Messrs. A. Dunn and Ed. Young, and was partly insured. The tools were saved.

HARRY ADAMS

FORGAVE THE PRISONER

P. C. McGinty Did Not Press the Charge Against Man for Biting Him

Wm. Brandt pleaded guilty to trespassing on the premises of Marino on George street. He was in the shed and refused to leave it when told. The prisoner came in from Otonabee yesterday, where he had been working for a farmer and came here looking for work in the woods.

His Worship fined him two dollars or four days in gaol, but when he found that the man had the money to pay his fine he changed his judgment and allowed him to go, stating that he did not wish to take the last cent from him.

Another charge, that of biting P. C. McGinty's finger on Saturday last, while being arrested, was dismissed.

"You are willing to forgive him, aren't you, McGinty?" asked His Worship.

'Yes, I'll forgive him,' said the policeman and the prisoner walked out of the court room.

MAKE PAINTINGS OF SOME INDIANS

New Yorker Going into Northern Canada to Portray Unknown Types

New York, August 28— Types of Indians which have never been portrayed will be painted by Edward W. Deming who tomorrow night will start for the home of the Ojibways in Northern Canada. He will travel light and his studio will be a small birch bark canoe which can be easily taken across portages.

Deming is to be accompanied by Dr. Harlow Brooks, a physician who is interested in ethnology and by two Indian guides. The real leader of the expedition is Swell Cat, an Ojibway chief, who knows all the paths of the wilderness.

SMOKE TO RUN IN LINDSAY

Chemong Indian Boy Will Enter 10 Mile C. L. S. Race

Mr, Dan Whetting, of Chemong, today showed the Review the handsome silver medal which was presented to Albert Smoke, of Chemong, for the excellent time he made in running over the Otonabee road race course. Smoke takes part in the ten mile run at the C.L.S. sports at Lindsay on Labor Day.

Mr. Whetting says he is in good shape and thinks the boy should make a creditable showing.

HOUSE WAS DELAYED.

The moving of the house down Water street was delayed several hours this morning, just out in front of the police station. One of the props supporting it broke and gave way and the house went down on the road. This necessitated the procuring of a new one before the house could proceed on its journey.

A NEW RAILWAY.

A train load of construction material was landed at Udney on Monday for the purpose of commencing the line to Orillia. The plant includes steam shovels, heavy waggons horses, camp outfit for the men and other necessary paraphernalia needed for construction work. The contractors say the work will be pushed with the utmost dispatch, and the line put through to Orillia this year.

EMPLOYEE OF EXPRESS CO. ARRESTED

Alleged to Have Stolen $46 of the Funds

An employee of the Canadian Express Company pleaded not guilty to stealing $46 of the Company's funds at the police court this morning. The case was enlarged until next Friday. The prisoner elected summary trial and the case will be heard by the Magistrate next Friday.

BOIL THE WATER IT MAY BE BAD

This is the Advice of Peterboro's Medical Health Officer

Editor of the Review

Dear Sir.—As there has been an extensive traffic during the summer on the lakes which supply the city water, and as there has been a numerous population of tourists on the islands, the city water can hardly be free from a certain amount of contamination. Therefore as a precautious measure it is advisable to boil the water for family use, until the cold weather sets in.

HAVE PASSED BY THE MAIL-BAG

Complaints From Springville Regarding Mail Service at Kendry

Complaint is made from Springville that several times the C.P.R. express going west in the evening has missed the mail-bag at Kendry. The mail for Springville is always thrown off but the trouble is with the outgoing mail. The failure to secure the mail-bag is said to be the result of the lack of a proper appliance for the purpose. It is understood that the railway company is liable to a fine of $100 for failure to take on the mail.

BOOSTING THE TRENT CANAL

Belleville Paper Comments on the Work Being Done

Speaking of the Trent Canal, the Belleville Ontario says: "There are only fifty-eight miles of canalized streams to be made navigable, and upon thirty miles of this, from Campbellford to Trenton, work is being rapidly pushed ahead, and surveys have been made of the northern missing link, which, when completed, will open up continuous barge navigation from Fort William to Port Arthur, the present distributing point of Northwest wheat, to Liverpool, the chief ultimate market. This will give a route for our wheat, and for an expenditure of ten of twelve millions, four hundred or five hundred miles shorter than the Erie Canal, which will require the expenditure by the United States of $101,000,000 to make it of even inferior carrying capacity to the Trent waterway."

A FARMER WAS THOUGHTLESS

Left Horse in Shed Without Food or Water, While He Went to Lindsay

Bobcaygeon Independent: Friday morning a horse and buggy was seen in the Presbyterian shed, and as the animal appeared to be uneasy, Mr. Brooks went over. He notified the constable and as McMullen had a card of a stolen horse and buggy, this outfit appeared to be the one. The horse was evidently ill and the veterinary was sent for, and he at once took the animal to his stable. In the evening the owner turned up, a young farm lad who had driven in for the morning train, and expected to be back from Lindsay at noon. Leaving animals in unfrequented sheds, and not in charge of anyone, is bad enough for half a day but for a whole day it is a cruel shame. There are too many young lads on farms who are never taught anything about animals, beyond shovelling manure form the stable, and naturally their treatment of the animals, so far from being governed by scientific knowledge, is not even humane.

MOVING HOUSE LONG DISTANCE

Small Home of Mr. John Sullivan Being Moved Down Water St.

The moving of a house down Water street during the past few days has attracted the attention of a large number of people, as it is not very often now that houses are moved from one part of the city to another. Mr. Allan McCarthy, Ashburnham, is moving a small white plastered house for Mr. John Sullivan, from London street to the corner of Parry and Bethune streets. He expects to have the building firmly placed on its new site in ten days. The moving was started on Monday last and by next Thursday it will be at its destination. Last night the house was on Water street, a little below Hunter street.

Hot weather comfort can be obtained by drinking iced "Salada" Tea. Nothing to equal it for a cooling and refreshing drink.

OBITUARY

INFANT EXPIRES.

The many friends of Mr. and Mrs. Patrick E. Murphy, 454 Park street, will sympathise with them in the loss they have sustained by the death of their infant daughter, Madeline Alberta. The child was four months old.

ELEVEN TEACHERS ON STAFF OF NEW COLLEGIATE INSTITUTE

Which Will Open on Tuesday—The Most Up-to-date Collegiate in the Province—The Teachers and Their Subjects.

With a staff of eleven teachers, the Peterborough Collegiate Institute will open on Tuesday. The handsome new building in Central park has been completed and is one of the largest and best equipped institutions of its kind in the province. There will be ten forms but as a form is frequently split into two classes, it is necessary to have eleven teachers. Two new teachers have been added to the staff, Mr. T. J. Pettit, BA., late of St. Thomas Collegiate Institute and Mr. J. H. Adams, BA, of Toronto. Mr. Pettit will have charge of history and reading and Mr. Adams, junior English and gymnastics. The latter is a young man, twenty-three years of age, and as he is an athlete of considerable ability he will take a prominent part in the athletic affairs of the Institute.

The complete staff, with the subjects assigned each teacher, is as follows:

Principal H. R. H. Kenner, BA, teacher of Latin

C. Fessenden, MA., Senior Mathematical master.

F. C. Serigley, Chartered Accountant, Commercial Master.

Miss A. Weir, French and German,

J. E. Hodgson, BA. Science Master

R. N. Merritt, BA., Mathematical Master.

Miss B. Bauer, BA., Art and Physical Culture

S. J. Stubbs, BA., English Master

W. Harvey, Junior Mathematical, and English.

L. J. Pettit, BA., late of St Thomas Collegiate, History and Reading.

J. H. Adams, of Toronto, Junior English and Gymnastics.

It is expected that there will be a large attendance of pupils.

ONLY ONE WET FRIDAY NIGHT DURING PAST THREE MONTHS

57th Regiment Band Concert Had Only to be Postponed Once on Account of Bad Weather—Programmes Have Been Popular.

The largest crowd of the season heard the 57th regiment band play in Victoria park last evening. It was the last concert of the season and the park was literally a mass of people. An excellent programme was given in fine style and every number was greeted by hearty applause.

Citizens will regret that the weekly concerts are over as everyone of them have been enjoyed to the utmost. Under the direction of Mr. Gliddon, the band has never been heard to better advantage than this season and great credit is due for the high class programmes that have been given. The selections have included a great variety, ranging from the standard overture down to the latest popular hits. The old favorites do not grow less in favor as was evidenced by the enthusiastic manner in which they were received when played.

Twelve concerts were given during the summer and there was only one Friday night when it was necessary to postpone a concert on account of unfavorable weather. This is a record that has not been surpassed.

WILL BE GREAT ENTERTAINMENT

Prominent Citizen as Defendant in Breach of Promise Suit

For some time the Entertainment Committee of the Boy's Department of the Y.M.C.A. have been looking for an entertainment that would be refined, instructive, exciting and fun-provoking, and at length have found it in the form of one of the great mock court trials which has created such a sensation in very many of the larger cities of the United States as well as a number in Canada.

Crowded houses and delighted audiences have been the rule wherever they have been given, while the leading newspapers have given them more frequent, extended and favorable reports than any entertainments of a local nature have received in years.

The entertainment will be given in the Conservatory of Music Hall, on Friday evening, September 11th, under the personal supervision of its originator, Col. A. V. Newton, of Worcester, Mass.

It will be assumed that one of our prominent citizens has paid more or less attention to a young and beautiful widow of this city, but at length as he has seemed to lose interest in the matter she brought suit with a view to obtaining damages for her fractured affections. In other words, he is charged with breach of promise.

A large number of our well-known people will take part in the proceedings and there will be fun without limit. Let all remember the date of the great mock court trial.

Panorumi Domenico, an Italian, sectionman in the employ of the C. P.R., was run over and killed at Gilbert, Mass.

A CORRECTION

In the advertisement of F. C. Cubitt in last evening's Review, it read that a handsome gift would be given free with every $5.00 purchase of school supplies. This should have read $1.00 instead of $5.00 and makes the offer appear much more liberal.

ROGERS ADDS ANOTHER LINK TO LONG CHAIN OF VICTORIES

Beat Fritz Mohl Twice in 38 1-2 and 17 Minutes--First Fall on Leg Full Nelson and Second on a Lightning Double.

The Match Was Great Exhibition---800 Persons in the Audience--The Story of the Bout---Fitzpatrick Defeated Crough in Preliminary.

First fall, won by Rogers with a leg full Nelson in 38 1-2 minutes.

Second fall won by Rogers with a body lock in 17 minutes.

That tells the tale of the bout between Yankee Rogers and Fritz Mohl at the Brock street rink last night. About 800 people were in the rink to see the battle and the magnificent contest held their attention every minute it lasted. Wrestling matches have been seen in Petreborough before but it would be almost impossible for one to recognise that exponents of the same game had been at work after seeing the one of last night. It was a dazzling demonstration of speed, strength and science.

The pace set by the wrestlers was terrific. It was first Mohl in danger and then Rogers, but throughout the bout the American was generally on the aggressive, with Mohl doubling and breaking when in positions in which a fall looked absolutely certain. "He's got him now," said the crowd as in one long half suppressed breath on a score of occasions and then a cheer that would make the building shake would tell that Mohl had managed by a superhuman effort to free himself from the powerful clutches of his opponent.

Rogers wrestles to a great extent with his legs and has the phase of the game down to a science. He had his powerful legs wrapped around Mohl with the gentle cordiality of boa constrictor times innumerable and the way the man from Kaiserland would free himself fairly set the crowd crazy.

In the art of defence wrestling Mohl gave a beautiful exposition and mixed it well with scintillating aggressiveness. But Rogers is too much for him at the catch as catch can style of grappling. His shoulders have an aversion to the mat that can't be overcome and he managed to get through the mill without having a fall registered against him. Several times, however, it looked as though he were going to be pinned but he always seemed to have his strength in reserve to spin out of the clutches of his antagonist.

The style of the men seemed radically different. Mohl who won the Greco-Roman championship of Germany before he came to this country with Hackenschmidt, as the latter's partner was given more to working on the upper body, that Rogers was and when he had the latter on the mat, he quite often had a body hold of some kind on him as though he would throw his man by suddenly heaving him. Rogers on the contrary worked at his man from head to foot and brought into play that wonderful leg work of his. He is particularly expert at that branch of the mat art and the speed and effectiveness with which he used his legs proved a revelation to the spectators. There is probably no man in the business who can use his legs to better advantage than Rogers and in the matter of trying to secure a fall he fancies this way to any other.

No two such men as the big gladiators who were opposed to each other in last night's match ever stripped before a Peterborough audience. And except from the fact that they both were of unusually strong build, their lines of physical construction were quite different. Rogers is taller than Mohl by probably over an inch and tipped the scales at 209. He has a chest, back and arms that show exceptional development and tapers from the shoulders down. His legs are not bulky, but judging from the leverage they give him are proportionately strong.

Mohl is of quite a different type. He is solid from the neck down and has a massive body and legs. His muscles are less knotty and smoother than Rogers. It is a pretty difficult matter to say which is the stronger man as they appeared about even up in the struggling but Yankee is quicker on the attack and a very resourceful and well scienced man.

Mohl's speed was greatly evident in his spinning and doubling, although very active at all stages. He weighs 235 as he wrestles and, although defeated in two straight falls by the almost unbeatable Yankee, can lay just claim to being one of the best heavyweights in the arena. Of Rogers' standing little need be said. His long string of victories over famous opponents gives him a place in the catch as catch can world right after Campion Frank Gotch.

Mohl was advertised to do a turn in which he was to bend a six inch wire nail but did not perform this feat owing to the fact that he deemed it most advisable not to exert or excite himself before his bout with Rogers. He was given counsel to this effect and upon consideration decided it was probably the best course to pursue.

About the most strenuously fought preliminary wrestling match that has ever been seen in this city was the one that preceded the big bout of last night.

The principals were J. Crough of this city and Ned Fitzpatrick, formerly of Peterborough but now of Spencerpoint, NY. It was for $25 a side and both boys made a vigorous try for the money. The pair were very evenly matched and furnished an interesting go.

"Geno" Hurtubuise acted as referee for this bout and the main one also.

From the time the men shook hands until the expiration of the half hour limit there was no let up and it was no parlor affair either.

Fitz assumed the aggressive at the start and seemed to have Crough in serious positions a couple of times within the first ten minutes but the latter was always equal to the occasion and after the time mentioned had his husky adversary on the defensive. Fitzpatrick soon took a hand in forcing matters however, and on a scissors hold and bar Nelson got the first fall in 18 minutes.

A rest of five minutes was given and the sturdy young grapplers went at it again. Crough worked hard to even things up by getting a fall for himself but could not turn the trick and announcer George Lynch proclaimed Fitzpatrick was the winner.

Shortly before 9.30 Yankee Rogers made his appearance from the dressing room and walked to the mat. He was given a hearty reception. He mounted the elevated platform and gave the ropes a tug to see how they were strung. He decided that they weren't tight enough and were then pulled up. Mohl arrived on the scene and was also heartily greeted. He stepped on the mat and he and Rogers shook hands. He tested one of the posts by giving it a pull and smash went the post. It was then decided to take away the ropes and posts altogether and the bout went on without them.

At 27 minutes to 10 Referee Hurtubuise called time and the big fellows were at it. They exchanged jolts facing each other for a couple of minutes then Rogers suddenly drove behind Mohl and spun him off his balance. He put a leg Nelson on the German in a flash but the latter got from it and both were on their feet again.

Mohl brought Rogers down and getting a waist lock on him threw him off the platform onto the floor of the rink. The crowd liked this and applauded. Rogers retaliated a little latter by making Mohl feel his footing on the rink bottom. Yankee got his opponent in a dangerous position and a fall for him looked sure. Reaching up his own hand Mohl slapped him on the back and Rogers released him thinking it was the referee's hand that touched him and thus the resourceful saved himself.

Yankee went hard and fast using toe holds, leg Nelson and other favorites of his, but Mohl put up a grand defence and kept getting away repeatedly.

The audience kept yelling their heads off when either man did clever work and were thoroughly enthusiastic and appreciative.

Mohl took a turn at the aggressive himself and Yankee had a couple of close calls. Rogers nearly got a fall on an arm hold and scissors and again on a leg Nelson. He secure a locked half Nelson and had the German pretty well turned over when Mohl scrambled out of it and was up on his feet. Rogers got him in his grasp again and carried him off the mat. Twice it appeared as though Mohl were going to get a fall but he failed to get the points down. After some sensational aggressive and defensive work by both wrestlers Rogers obtained the first fall in 38 1-2 minutes on a leg full Nelson.

There was ten minutes intermission between the falls.

Before the second fall was got some sensational sport was provided. Mohl went after his man and all but had him. In fact it looked as though he had him for sure and the referee was ready to slap him on the back at any moment when Rogers pulled away from his dilemma.

The greatest excitement was caused by Mohl securing a body lock on Rogers and slowly pressing him over. When a fall looked imminent Rogers suddenly grasped Mohl about the body and rolling quick as lightning held him beneath him with both shoulders down flat and the victory was won. Time 17 minutes.

WILL SHOOT AT THE D.R.A. ANNUAL MEET

Peterborough will be well represented at the Dominion Rifle Association matches which open at Ottawa on Monday. The local men have always made a good showing and no doubt will be well up again this season. The following will comprise the Peterborough contingent;—Corp. J. Gibson, Sergt. A. H. Watson, Col. Sergt. , W. H. Moore, George W. Fitzgerald, Staff-Sergt. F. Bartlett and Duncan Cameron. They will leave for Ottawa to-night.

SPORTING COMMENT

Bobcaygeon Independent.—A game of baseball in a neighboring town had to be stopped on account of a free for all fight between the supporters of the players. Of all games baseball seems to excite the most rowdyism. After baseball comes hockey, and the cause of the rowdyism is the custom of what is called "rooting." So long as the onlookers are permitted to howl encouragement or condemnation to the players, so long will these games be the scenes of hoodlum pandemonia, in a class with dog fighting.

BARRY IS SOLD

Manager Duffy, of the Providence Grays has sold Pitchers Frock and Barry to the Pittsburg club of the National League; and the Boston American League club has exercised its option on Glaze, the former Dartmouth man going back to the Red Sox at the end of the Eastern League season. When Duffy secured Glaze from Boston as a part of the McConnell deal he told President Taylor that if the Boston club wanted to buy back the pitcher he would give Taylor first chance. A telegram came from Taylor stating that he wanted the player. The price was satisfactory and Duffy wired back that the sale was on. Frock and Barry will join the Pirates at the end of the season. Duffy is trying to buy Pitcher Wicker from the Montreal club and has offered in exchange a pitcher and some cash.

DIFFERENCE IN WRESTLER AND BOXER

The recent articles on why it is that professional boxers usually get walloped by rough and tumble fighters, roused Yankee Rogers to give an explanation of it to a Review reporter today. "You see," he remarked "no matter how good the boxer, it is almost always possible for the other man to run into clinch and then where is the man who knows nothing about wrestling. Under such circumstances the wrestler has the rough-and-tumble man in his power no matter how much the latter may wish to kick, etc. But he usually knows more about wrestling than the boxer although less about boxing. Coming to close quarters or getting within reach is the wrestler's constant object and besides he is usually able to hand out a knock or two if circumstances demand it. Mohl can drive a spike through a two-inch pine plank for I've seen him do it. Where would your rough and tumble man be with him? As for the boxers when in a clinch they are usually thinking of the rules and are no good in clinches anyhow."

SMITH WINS AGGREGATE

Most Spectacular Meet of O.R.A. Comes to an End.

Grenadiers Win Tait-Brassey Match With Kilties Close Behind—Sergt. W. A. Smith of Ottawa Champion of Volunteers — Battershill Wins "All Comers" Match, and Ferguson Leads in the Macdonald Match.

Long Branch Rifle Ranges, Aug. 29.—Spectacular features and sensational shooting galore brought the most successful Ontario Rifle Association meet that has ever been held on these limits to a grand finale last evening.

Interest in yesterday's matches was naturally great, because the day had to decide so many coveted things. The grand militia aggregate, the all-comers' aggregate, the Macdonald match, the revolver matches, four extra series matches and the extra series aggregate, in addition to two important ties and the previously-mentioned contests.

F Company of the Royal Grenadiers won the Tait-Brassey Company match with 336 points; but they hadn't enough leeway to brag about, for A Company of the 48th Highlanders tied their score. The award went to the Grens for having made the best average targets, judged on the principle of "fewest misses, fewest outers, etc."

In the Tait-Brassey team match "A" team of the 48th Highlanders took the Sir Peter Tait Challenge Cup with 562 points, and an undisputable margin of six points.

Q. M. Sergt. W. D. Davidson of the 48th Highlanders carried off the Tait-Brassey individual honors with 101 points, out of 105. He made four bulls and an outer at 200, five straight bulls at 500 and three bulls and two inners at 600 yards.

For, yet another year the Queen's Own boys will hold the famous Gzowski Challenge Cup for skirmishing, and again the trick was done by "A" team.

Sergt. W. A. Smith of the G.G.F.G., Ottawa, took the militia aggregate with 354 points out of 370. He, too, had to do some scraping, and if it hadn't been for his phenomenal run of "possibles" early in the game, it would have been all up. He fell down badly in the finish, while Pte. J. A. Steele, 90th Regiment, finished strong yesterday and tied the erstwhile indomitable Smith's score. Smith gets $15 and the O.R.A. silver medal and badge.

Pte. Steele gets $10 and the Governor-General's silver medal and badge.

Q. M. Sergt. W. D. Davidson, 48th., gets third place with 353 points, winning $8 and the Governor-General's bronze medal and badge.

Lieut. T. F. Elmett, 43rd Regiment, gets $7 and the D. R. A. silver medal for fourth place with 352 points.

In the "All Comers" aggregate, Sergt. J. W. Battershill, 90th Victoria Regiment, topped the heap with 258 points, winning the O. R. A. silver medal and $12 cash.

Sergt. W. R. Ferguson, 48th Highlanders, sailed into the Macdonald match at a "possible" clip and finished with a free run, carrying $15 of the prize money with him.

MATCH TO BE MADE BETWEEN GENE AND TERRIBLE SYRIAN

W. B. Naylor, manager for Yankee Rogers, issued a challenge to Gene Hurtubuise last night for a match with the big wrestler who has lately came under his control, Hassan Abdallah. He is known as the Terrible Syrian and strips at 203 pounds.

Mr. Naylor's challenge was a verbal one and was made in the rink at the conclusion of the Mohl-Rogers bout. He still feels put out over Rogers being disqualified when he met Hurtubuise here and apparently wants to get back at him through his new grappler. If this were not his reason why would he want to have his olive importation meet Gene when there are so many other catch as catch can men in America who would be willing and eager to take him on.

In making his announcement of the match Mr. Naylor said the match would either be held in Boston or Peterborough and the go may be held here although that point is under consideration yet.

Mr. Chris Graham, Hurtubuise's manager, has accepted the challenge on behalf of his man.

A KENNEL CLUB WILL BE FORMED IN PETERBOROUGH

A Kennel Club is to be organized in Peterborough in the near future. A number of local enthusiasts have been behind the movement for some time, and as a result of their efforts a meeting will be held at an early date, at which the officers will be elected and other business transacted.

One of those prominently identified with the affair informed the Review this morning that much activity was being shown in the formation of the club, and from all indications it will be a flourishing organization.

A kennel show will in all probability be held here in the fall or early winter. All interested are requested are requested to be at the first meeting of the club, the date of which will be published shortly.

MOHL SAYS HE WILL HAVE PURSE OR QUIT WRESTLING

Rogers Took up His Challenge to Meet Him at Greco-Roman Style and Bout Will Take Place at Brock-st. Rink on Friday Night—German is Very Confident of Winning.

"When a man gets defeated he generally has an excuse," said Mohl after his bout with Rogers last night, "but I have none to offer. I was beaten by a man who is better than I am at his style of wrestling. I wrestled catch as catch can with Mr. Rogers before at the Theatre Royal, Montreal, and this makes twice I have come to him at his own game, and I would now like to meet him at my style."

He challenged Rogers to a Greco-Roman match and Manager Naylor, who looks after Rogers' interests, picked up the gauntlet on behalf of the American champion.

Mohl was ready to meet Rogers at any time and articles for the match have been signed. The men are both in as good condition as they possibly can get and it was decided to pull the bout off here at the Brock street rink on Friday night.

Mohl won the Greco-Roman championship of Germany, and is much more familiar with this style of wrestling than with the catch as catch can. The challenge came as quite a surprise to Rogers, who is essentially a catch as catch can man, but he wouldn't think of withdrawing and instructed his manager to announce that he would take on the German champion.

Mohl left Peterborough this morning for Buffalo where he is in business and had quite a nice reception at the depot. He appeared very pleased with Peterborough and with the very generous treatment the fans had accorded to him and he was confident he would be more so after he has beaten Yankee Rogers at Greco-Roman. That was the way he talked to the Review reporter who saw him off.

"I will win or die in the attempt. What do I fare for a catch as can defeat," said the German. "I am champion of Germany at my own style, Greco-Roman, and have only once been defeated in Amcirea. When the big Yankee has his leg work cut out you will see another state of affairs. It will crush him as he never was before. I can assure you I am the happiest loser that ever left your city. I have tried for this match for over a year but Manager Naylor is foxy and takes no chances with his man. I got nothing out of the match last night but my transportation and have now signed articles to wrestle for a purse of $250 winner take all and I will have that little roll in my pocket next Friday night or quit wrestling. That is all I want to say. Good-bye until Friday."

And the Review reporter said good-bye, but did not shake hands.

He thought of the old adage, "Once bit, twice shy."

He had one of those handshakes just once. Quite sufficient for any man who is anxious to write for a living.

The Greco-Roman style of wrestling is that style in which the contestants are confined to holds above the waist line. The legs cannot be used to secure a fall at any time, either standing or on the mat. While very scientific it is more a matter of strength than the catch as catch can style.

No reason is given for his leaving home.

HOT WEATHER AILMENTS

A medicine that will keep children well is a great boon to every mother. This is just what Baby's Own Tablets do. An occasional dose keeps the little stomach and bowels right, and prevents sickness. During the hot weather months stomach troubles speedily turn to fatal diarrhoea or cholera infantum and if a medicine like Baby's Own Tablets is not at hand the child may die in a few hours. The wise mother will always keep a box of Tablets in the house and give them to her children occasionally to clear out the stomach and bowels and keep them well. Don't wait until the child is sick—the delay may cost a precious little life. Get the Tablets now and you may feel reasonably safe. Every mother who uses these Tablets praises them and that is the best evidence that there is no other medicine for children so good. And the mother has the guarantee of a government analyst that the Tablets contain no opiate or harmful drug. Dealers sell the Tablets at 25c a box or you can get them from The Dr. Williams' Medicine Co., Brockville, Ont.

Agricultural, Horticultural and Vegetable Growers to Gather at National Exhibition

During the second week of the Toronto Exhibition there will be a number of practical and interesting meetings held in the tent of the Ontario Department of Agriculture located directly opposite the Cattle judging ring. These meetings will be in connection with the Agricultural and Horticultural Societies and the Ontario Vegetable Growers' Association. The Executive of the Agricultural Societies Association will convene on Tuesday, September 8th, that of the Horticultural Societies' Association, on Wednesday, September 9th and that of the Ontario Vegetable Growers' Association, on Thursday, September 10th, the meeting each day being at 2 p.m. sharp. Short addresses on live subjects will be given each day by those present and all officers and members of the three Associations named will be cordially welcomed at these meetings. Programmes will be arranged for the annual conventions of the above named Associations.

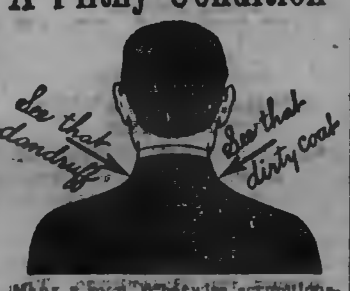
An official of the Fairs and Exhibitions Branch of the Department of Agriculture will be present in the tent each day from 9 a.m. to 6 p.m. from Friday, September 4th to Friday, September 11th, and all members of the above Associations are invited to make the tent their headquarters while on the grounds.

HAD TRIP OVER THE LIFT LOCK

Mr. T. H. Hooper, Entertained Yankee Rogers in His Launch the "Maybelle"

Mr. Thos. Hooper entertained Yankee Rogers and his wife, and Mr. W. B. Naylor, his wife and little son to a trip down the river and up over the lift lock in his handsome launch the "Maybelle" yesterday afternoon. The outing was a very pleasant one and was much enjoyed by the visitors who had their first trip over the famous lock. Mr. Hooper's kind hospitality being greatly appreciated by them.

A Filthy Condition



Many a man, otherwise scrupulously clean is dandruff dirty. The small persistent germs of dandruff working all day as well as night are constantly throwing off the small white dandruff scales which falling on the shoulders of a coat gives it a filthy appearance, which is repulsive to the friends of the victim.

Many men allow this condition to exist because they believe there is no cure for dandruff; they have tried various so-called cures with unsatisfactory results and naturally condemn all.

The famous prescription called Parisian Sage now put up in America, but only by the Giroux Mfg. Co., of Buffalo, N.Y. It is for sale in Peterborough by Wm. Madill druggist, who guarantees it to cure dandruff in two weeks or money back.

Parisian Sage is guaranteed to do more; it will make short, thin hair, grow long, lustrous and luxuriant; it will stop hair from falling out; it will cure all diseases of the scalp. W. Madill guarantees it—every bottle of it. The price is only 50 cents and if you want to stop the filthy dandruff flakes from lodging on your coat and disgusting your friends, get a bottle at once.

GOOD NEWS FOR BOYS AND GIRLS

Schools of the City Will Re-open for Fall Term on Tuesday

The Review is glad to impart the joyful information to the children of Peterborough that the schools will re-open on Tuesday. Many of the pupils are going back to enter higher forms, while others who were not successful in passing their examinations, will not receive promotion. Many improvements have been made to the schools during the summer and the pupils should find them bright and cheerful.

WHO WILL BE THE NEW RECTOR?

Successor to Rev. Wm. Major Will be Appointed in Near Future

Considerable speculation as to who will succeed Rev. Wm. Major as rector of All Saints' church. Mr. Major leaves at the end of September to become rector of St. George's church, Montreal, and the church officials are busy looking for a successor. Several prominent clergymen are mentioned in connection with the rectorship of the local church.

VOL. LVII., No. 51. PETERBOROUGH, ONT., CANADA, MONDAY, AUGUST 31, 1908 TEN CENTS PER WEEK

VIOLATING THE ALIEN ACT CANADIAN PACIFIC ACCUSED

Strikers Are Now Collecting Evidence and Say They Will Proceed Against Company—Voluntary Contribution Made by Engineers and Firemen.

Winnipeg, Aug. 31.—The western strike executive allege that the provisions of the alien labor act are being regularly broken by the C. P. R. Co. in engaging men across the line as strike-breakers, and state that action is to be taken as soon as the evidence they are now collecting is completed, which will be in a few days. Affidavits are being gathered from all quarters. One is from Charles Curtiss Close, stationary engineer, who swears that he was engaged in Spokane to come to Canada to work for the C.P.R., but finding that the strike was on, he refused to do so. He was offered 40 cents an hour from the time he left Spokane, as well as transportation. It is also alleged by the men that William Cross' trip to the old country is for the purpose of bringing back mechanics, and a whole shipload may be expected soon. Keir Hardie has cabled the English papers warning the trades unionists to look out for Mr. Cross on landing.

The Engineers and Firemen's Union are making a contribution of $5 per man to the strike funds this month as a voluntary contribution. Assistance has also been offered from the British Coachmakers' Society, the Amalgamated Society of Engineers, the Amalgamated Society of Carpenters and Joiners, and the Dockers' Union of Great Britain, all of whom will forward contributions.

North Bay, Aug. 31.—Seventy-five coal-handlers at Jackfish, Lake Superior, unloading boats for the C. P. R. struck for higher wages on Saturday.

Engine 1,613, on the eastbound Winnipeg express, leaving North Bay on Saturday evening at 9 o'clock, broke her driving rod twenty miles east of North Bay, smashing the entire side of the engine.

BAYNE PLEADS "NOT GUILTY"

Absolutely Denies all Charges of Corruption in Colchester.

Truro, N.S., Aug. 30.—"I never gave any money or liquor in the interest of John Stanfield, and I had no connection or relation with him in any manner or form whatever, and I am not guilty of the charge preferred against me."

Such was the statement to the court of Alonso R. Bayne, whose preliminary examination before the stipendiary magistrate, L. G. Crowe, was concluded Saturday evening, and the statement was made shortly before the court adjourned for one week. Judgment will be given next Friday morning at 10 o'clock, when it is generally believed that Bayne will be committed for trial.

Much Wanted Man.

Berlin, Ont., Aug. 31.—T. J. Pishon, in custody here charged with obtaining money under false pretences, by issuing a fraudulent check, appears to be a much-wanted man. The chief of police here has received word from Richmond, Va., that he is badly wanted there for like offences; also a warrant has come to hand from Rochester, saying he is wanted for issuing false checks.

Drowned While Fishing.

Deseronto, Aug. 31.—Patrick Culhane was out fishing with his two sons. They were in the act of pulling the anchor when the boat upset. Before assistance reached them, Culhane, who was about 50 years old, was drowned, and one of his sons was so far gone that it took over an hour to bring him to.

To Equip Big Elevator.

Kingston, Aug. 31.—An independent company has been organized by the Frontenac Cereal Co., Limited, to operate Moore's elevator. Work will be commenced at once, and arrangements are being made for barge accommodations. The elevator has a capacity for 500,000 bushels.

Brothers-in-Law Arrested.

Toronto, Aug. 31.—For a long time Puddy Bros. have had a suspicion that someone was supplying his table from their abattoir. Yesterday morning James Bray and Archibald Anthony, were arrested as they were walking off with a quantity of supplies.

Bray and Anthony are brothers-in-law, the former has been employed for some years as night watchman of the Puddy abattoir.

Burglar Under Bed.

Toronto, Aug. 31.—Before retiring last night Irving Law of 75 Dundas street, heard a noise and took a peek under the bed. A man lay tucked away back against the wall. Law ran to call aid and the burglar jumped from the second storey window, taking his host's gold watch and chain with him. Mr. Law got down stairs in time to see two men running away.

Afraid of Matteawan.

New York, Aug. 31.—Capt. P. C. Hains, Jr., who shot William E. Annis, was quoted yesterday as saying that he wanted to be fully exonerated of killing Annis, or to go to the electric chair; that he was willing to accept punishment if he were wrong but that he did not want to go to the Matteawan Insane Asylum.

Fire at the Falls.

Niagara Falls, Ont., Aug. 31.—At six o'clock Saturday morning fire was discovered in the Garner Block, Main street, at the south, occupied on the upper floors by the Niagara Club and on the ground floor by the postoffice.

The damage to the building was principally to the roof and the upper floor.

Liberal Candidate Retires.

Fredericton, N.B., Aug. 31.—W. T. Whitehead, nominated as the Liberal candidate at the convention here some months ago, has been compelled, on account of ill-health, to retire from the contest.

BIG PLANT IS BADLY GUTTED

Canadian Packing Co's Place at Pottersburg Destroyed by Fire.

London, Ont., 31.—Fire broke out in the east sheds of the Canadian Packing Co.'s plant at Pottersburg Saturday afternoon at 1.30 and by 3 o'clock the whole plant was practically destroyed.

The Canadian Packing Co. was established here about 20 years ago, at the instance of Sir John Carling, who was then Minister of Agriculture. Danish and English capital was largely interested in the venture. The company prospered, and the plant just destroyed was one of the most up-to-date in Canada.

The loss on the plant is estimated at $150,000. The insurance on the building and plant amounts to about $150,000.

All the live stock in the adjoining sheds was gotten out safely.

Blacksmith Stabbed.

Toronto, Aug. 31.—William Gray, blacksmith, 35 years of age, living at 5 Beverley street, was stabbed twice in the body and once in the neck by John Malone, 65 years, a lather, living at 7 Beverley street, at 6 o'clock Saturday afternoon.

Gray declares that Malone was assaulting Catharine Smith, who also rooms at 7 Beverley street, and had ordered Malone out of the house because he had been drinking.

Gleason Sues Thaw.

Poughkeepsie, N.Y., Aug. 31.—John C. Gleason, the New York lawyer, has sued Harry K. Thaw for $60,000 counsel fees.

Gleason, in the papers, accuses Thaw of fraud and misrepresentation, alleging that the defendant made statements to him to the effect that he owned interests in his father's estate more than enough to pay all expenses of the trial.

Voted for Street Railway.

Edmonton, Aug. 31.—A bylaw authorizing the council in the purchase of the Strathcona Radial Tramway for ten thousand and raising $135,000 by debentures to put the system in operation was endorsed by a vote of 716 against 7, though the lack of interest displayed was considered a strong evidence of citizen's approval.

Servian Shot.

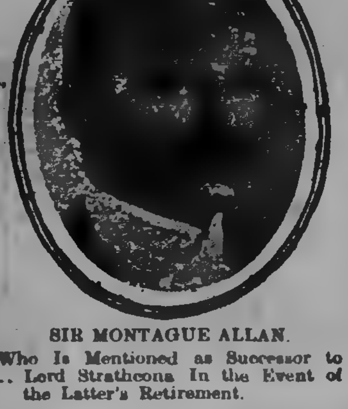
Belleville, Aug. 31.—As a result of a cartridge that hung fire while two men were shooting at a target at Point Ann, near this city, Paoco Bogdan, a Servian, is in the hospital here with a bullet wound through his bowels, and Vasa Miolskoi, another Servian, is in the county jail.

STRATHCONA MAY RETIRE

Montreal Rumor Says He is in Line for Earldom---Sir Montague Allen is Mentioned.

Montreal, Aug. 31.—A story is current here that Lord Strathcona is anxious to retire from the cares of the office of High Commissioner for Canada in London. It is further said that His Majesty the King is desirous of recognizing the veteran's distinguished public services by a further advance in the peerage.

Lord Strathcona will be offered an earldom in a reasonable period of time.



SIR MONTAGUE ALLAN.
Who Is Mentioned as Successor to Lord Strathcona In the Event of the Latter's Retirement.

It is further stated that Sir Wilfrid Laurier has made up his mind to appoint Sir Montague Allan as Lord Strathcona's successor. If this should take place it will be added confirmation of the report that Hon. C. Sifton is to re-enter the Cabinet.

Fire at Arthur.

Arthur, Ont., Aug. 31.—Fire broke out in W. G. Gorvetts' factory and planing mill here Saturday night at 11.30, completely destroying the factory, all contents and a large stock of lumber.

The whole town turned out with buckets, and in two hours had the flames under control. Though the night was calm it was with great difficulty the residence of George Stephenson and the Church of England parsonage were saved. The loss is about $6,000, with insurance of $1,200. The cause of the fire is unknown.

WHISKEY FLOWED LIKE WATER TO HELP WIN SASKATCHEWAN

Cupar, Aug. 23.—The Standard correspondent from Balcarres of August 20 has given you some idea of how the Scott-Motherwell gang attempted to debauch this constituency, but he has not given you all. In this end we know some of their dastardly tricks. Whiskey flowed like water at McDonald Hills Cupar and Le Bret, and at the latter poll it was handled freely by Industrial school employees. Evidently nobody cares in the government's service whether they steal their country's time and give it to a candidate as these people spent days working for Motherwell, and are paid by the country. In addition to those Government employees mentioned in your issue of Aug. 20 there were working in North Qu'Appelle for Holy Willie: E. W. Miller, fishery inspector of Fort Qu'Appelle; W. Peltier and Chas. Comneau, employees of the Le Bret Industrial school.

What about the bribe offered to a resident of Katepwa at the regatta near there on August 10, and can be proved to even Motherwell's satisfaction for the documentary evidence exists for it. These hirelings at Regina who will write and say anything Scott or his crowd tell them to, accuse Haultain of corporation influence and favoritism, being shown him by the C.P.R., but any one who has followed Scott and the Leader for years knows that they always play their game to throw the people off the scent, and they are now doing the same with the C.P.R. Look up Premier Rutherford's speech on February 25, page 9, last item but one:—"Revenues for Treasury Department;" C.P.R. tax $121,460.00. Can the Saskatchewan grafters point to anything like this? No, sir.—It is more than likely that anything C.P.R. paid went to a campaign fund. It certainly did not go to the Provincial Treasury. When we come to actual local occurrences we take the action of the C.P.R. agent at Balcarres who held up Provincial Rights telegrams and who on election night refused admittance to the waiting room to Provincial Righters to hear the returns they had joined in paying for; and then the Regina Leader says the C.P.R. helped Haultain after Scott giving both C.P.R. and C.N.R. exemption from all taxes due.—Regina Standard.

No Mark of Bullet.

Toronto, Aug. 31.—Coroner Cotton said Saturday that neither bullet nor any mark which could be called that of a bullet, has been found on the body of James B. German, killed at North Parkdale station a week ago. The remains will not be exhumed.

Not a Money-Maker.

St. John, N.B., Aug. 31.—In a letter to The Globe, John Y. McKane, the North Shore magnate, asserts that he lost just $130,000 in The Telegraph-Times deal. He had them about one year.

Two Cobalt Restaurants Burned.

Cobalt, Aug. 31.—Fire destroyed two restaurants here on the Haileybury road. They were owned by Emil Kelg and Harry Jones.

Flourished Revolver.

Toronto, Aug. 31.—Because he refused to go with Charles C. Nelson, who thought he was on the verge of obtaining a reward for the discovery of a certain "Billie Bliss," advertising a Toronto paper, W. L. Stoneburn of the Oldsmobile Co. was held up at the point of a revolver on Saturday and ordered to "come along." The excited captor was promptly arrested for carrying arms.

I. C. R. Employes Restless.

Ottawa, Aug. 31.—The Intercolonial Railway freight handlers and station clerks have formally called for a conciliation board to be appointed to look into their grievances and the Ottawa authorities are, under the Lemieux Act, compelled to grant it. The complaints are based on the treatment of employes at Halifax and St. John.

Kills Himself in Jail.

Dover, Me., Aug. 31.—Herbert Woodbury, an hotelkeeper, confined in the county jail awaiting trial for the alleged murder of his wife, No. 4, 1907, committed suicide by cutting his throat with a razor Saturday, while being shaved. He died within two minutes.

Worth Twenty Millions; Dead.

Binghamton, N.Y., Aug. 31.—Frederick C. Hewitt, the wealthiest resident of Oswego, died in that village yesterday.

He was a retired banker. He was 96 years of age and a bachelor, and leaves an estate valued at $20,000,000.

Incendiary Fire.

St. Thomas, Aug. 31.—A fire which is believed to have been of incendiary origin occurred in the Pere Marquette yards last night. Five cars were burned, and the loss was about $3,000.

MASKED MEN LOOT A BANK ROBBERY AT STE. EUSTACHE

Helpless Citizens Stand by and See Five Men Loot Banque Provinciale But Are Unable to do Anything—Threatened to Shoot.

Montreal, Aug. 31.—At the point of revolvers, a band of masked men early Saturday morning held up the caretaker of the Banque Provinciale at Ste. Eustache, dynamited the safe of the bank, and took from it $12,000.

They have not yet been caught. They have been traced as far as St. Rose and it is supposed they are heading for Montreal so as to get across the boundary as quickly as possible.

They got away on the C.P.R. tracks in the direction of Montreal. Chief McCaskill, and a strong force of provincial detectives with some members of the city force, left for Ste. Eustache on the first train to endeavor to round up the criminals.

It is plain from the story of their exploits that they are professional bank robbers of the nerviest kind and their tracks are believed to be well covered.

Two men entered the bank and covered the caretaker with their weapons, while they operated on the safe. Three others meanwhile kept watch outside. Several citizens of Ste. Eustache saw the men shortly before they finished their job, but where unable to do anything.

Owing to the darkness the Ste. Eustache people have been unable to give any valuable description of the men at work, who were so heavily masked that nothing could be seen of their features.

The caretaker is Joseph Binette, who is also postmaster of the town, the postoffice, town hall and bank being all in the same building.

The booty was all in the form of cash and promptly negotiable securities, the robbers making no effort to take away checks and other assets.

When they left the bank a number of citizens attempted to follow them, but they threatened to shoot anyone who came within range and none of the citizens being armed no attempt was made to interfere with them.

Two men have been arrested on suspicion in the woods of St. Martin, and are being held until Binette can identify them. The caretaker had a good opportunity of observing the men as they kept him under cover of their guns for nearly 20 minutes.

affair and police and detectives were put on the trail.

Manager Brenvenu of the Banque Provinciale states that the bank was insured against burglary, and that business was resumed as usual Saturday morning, funds being forwarded from Montreal.

BAILIEBORO CHURCH HAS BEEN DECORATED

Rev. Mr. Weatherill, of Bethany conducted the services at Springville Presbyterian church yesterday. Rev. Dr. Marsh was at Bailieboro where he preached at the re-opening services of the Methodist church. The church has been closed for some time undergoing repairs and is now a very handsome edifice.

An Italian's Suicide.

Montreal, Aug. 31.—The body of a well-dressed Italian was found Saturday in Mount Royal Park. There was a bullet-hole in the right temple, and a revolver lying close by. The body was in a decomposed state and appears to have been lying for about eight or ten days. Two letters were found in the dead man's possession, and these, it is stated, clearly point to the case being one of suicide.

Halifax Man Burned.

Halifax, N.S., Aug. 31.—By the upsetting of a lighted lamp in his room in the Florence Hotel, North street, Saturday night, Stephen White, aged 91 years; was seriously and probably fatally burned. He was alone at the time, and, a fellow-boarder came to his assistance. Owing to his advanced age but slight hopes are held out for his recovery.

Young Man Pardoned.

Winnipeg, Aug. 31.—James Sanderson, a young man who was sent to the penitentiary by a provincial magistrate for taking a horse while drunk, and who was tried and convicted before he had even became sober, within four hours after the crime was committed, has been pardoned and was released yesterday.

Ashes Cast Into River.

Windsor, Aug. 31.—In accordance with the expressed wish of David J. Dauroche, whose body was found in the river last Friday, the members of the Knights of Pythias, took charge of the remains, had them cremated and the ashes scattered on the river. The ceremony took place on one of the ferry boats.

Burglar Identified.

St. Thomas, Aug. 31.—Edward Roberts, who was arrested here for burglarizing a house, has been identified as the man who broke into a number of houses recently in London, Ont., while Detective Minehan of the Michigan Central says that Roberts was also active around Niagara Falls.

C. B. Roberts May Die.

Atlantic City, N.J., Aug. 31.—Little or no progress was made yesterday in solving the mysterious boardwalk shooting of last Wednesday night. Charles B. Roberts, Jr., of Baltimore, the victim, still lies in the city hospital hovering between life and death.

Shortage Nearly $25,000.

Toronto, Aug. 31.—The city auditors announce that the amount of the shortage paid in by Col. Leslie, the former treasurer of the exhibition, before the auditors could balance the books of the association was just under the $25,000 mark.

Drowning Near Gananoque.

Gananoque, Aug. 31.—Jas. E. Birmingham, aged 25, of Gananoque, was drowned at Brewer's Mills yesterday while in bathing. He went beyond his depth of water.

D. R. A. Opens.

Ottawa, Aug. 31.—The D. R. A. opened to-day with an attendance of some 500 riflemen from all over Canada. The range has been considerably improved, and fourteen new targets have been added, giving much needed room for the extra series matches.

Several thousand Egyptian quail, worth about $6,5500, were burned to death in a fire at an aviary at Wood Green.

HIRED MAN WAS VICTIM OF THIEF

Young Englishman in Ops Lost Over $100 as Result of Friend Turning Judas

Lindsay, Aug. 29.—A young Englishman, George Seldon, employed with Mr. Sam Wright, of Ops, was robbed of $113 in cold cash on Thursday last. Last evening he made complaint to Chief of Police Vincent and the thief, who is another Englishman, is a fugitive from justice.

The supposed thief was employed on the same farm as Seldon and had been working there for the past 3 months. The young fellow he afterwards robbed, made a chum of his fellow-worker, and thought he was a good fellow, till Friday, when he found his valise broken into and his hoardings gone. Ninety-five dollars in bills and eighteen dollars in English gold was the amount Seldon had in his valise and the chum had found this out. Greed of money caused him to turn Judas and with a razor he slit the leather of the valise and decamped on the morning of the 28th at daybreak.

The thief is temperate in his habits and has never been known to touch liquor. He is a stranger to these parts, but knows Orillia and Toronto well, having lived at both these places.

Fire-Bugs Blamed.

Toronto, Aug. 31.—The police are after somebody who is supposed to have set fire to the butcher and grocery store of J. A. Drover, 247 Lippincott street, about 4 o'clock Sunday morning.

The entire contents of the shop were destroyed, and two families had to tumble out in neglige to escape with their lives.

Clifford Windsor, a street car conductor, and his wife and Mrs. James Phillips did the shoot the chutes off the store awning from the front second floor window.

Peerage For Astor?

London, Aug. 31.—The issue of The Throne contains an article headed, Lord Astor, which discusses the probability of William Waldorf Astor being raised to the peerage in the not distant future.

There has, however, been no sign of a change in the King's strong antipathy to the elder Astor, which dates back three or four years.

Attempt to Wreck Train.

Montreal, Aug. 31.—It is believed that an attempt was made early yesterday morning at Jacques Cartier Junction to wreck a C. P. R. freight train. Signals were set for a clear line when the train was sudenly turned into a siding.

Fortunately no cars were in the way or serious damage would have resulted.

Foundation Stone Robbed.

Ischl, Aug. 31.—Emperor Francis Joseph on Saturday laid the foundation stone of a hospital in memory of the late Empress Elizabeth.

During the night the foundation stone was removed from its setting, and the casket containing the imperial-signed record and the customary coins were stolen.

Mount Temple Sails Again.

Montreal, Aug. 31.—The Mount Temple, the C. P. R. liner, which went on the rocks at Ironbound Island, to remain there seven months, has returned to Montreal, practically a new ship, after the repairs received at Newport News.

She will sail early in the week for London.

Bridge Engineers Meet.

Ottawa, Aug. 31.—Maurice Fitzmaurice, the British engineer who has a place on the new Quebec Bridge Commission, arrived yesterday. Engineer Modjeska of Chicago is expected to-day and Engineer Vautelet of Montreal, the third member of the commission, is coming. A conference will be held with J. M. Butler, Deputy Minister of Railways and Canals, and preliminary steps will be taken without delay in the direction of having a new set of plans prepared.

DR. BINGHAM'S WARNING

Dr. Bingham's warning to the people of Peterborough to boil the water adds about 25 per cent to the water rate for fuel. There is no doubt that the warning is necessary, but how many people will have to drink it unboiled! When we see the evidences of luxury on all sides it does seem a little selfish for people of means to neglect the imperative needs of the poor and the young. Are we really an enlightened and cultivated people after all? City water in Toronto is cheap in comparison with the price here. It is to be hoped that our commissioners will be able to suggest a way out of this disgusting and dangerous situation. How would a septic tank do instead of filtration?

THE WRESTLING MATCH

The wrestling match on Friday evening last between Yankee Rogers and "Fritz Mohl was a superb exhibition of the human form in action. Such a bout well repays the attendance of anyone at all interested in the development of the human frame. That some raw youths kept interjecting barks at frequent intervals no doubt interfered with the full enjoyment of the evening, but the referee can stop that at any time, and no doubt will do so on the next occasion. There was an entire absence of roughness of the really rough sort. The lightning speed and the extraordinary strength of these two masters of the art of wrestling were a matter of wonder while their skill was of the highest class. The sports and pastimes of a people show largely what that people are made of. The match of last night was far superior as an exhibition in every way to the hockey, lacrosse and football matches so often turned into scenes of bloodshed and unfairness. Mr. Hurtubise was a model referee.

THE COLCHESTER ELECTION FRAUD

The hideous carnival of whiskey and corruption perpetrated in Colchester, N.S., under the name of a Conservative victory we are glad to find Conservatives are not responsible for. Perhaps some Conservatives were mixed up with it, but the evidence now all in shows that the chief fool was neither the direct nor indirect agent of the Conservative candidate. It is a relief to find it so and contrasts strongly with the society of artists which Sir Wilfrid cultivates at Ottawa. In any event the heads of the Conservative party in Canada would not have been held responsible, because they repudiated it with all possible emphasis, and the repudiation is fully corroborated and proved. In another week the magistrate's finding will be out when we shall know the best and worst. However, let it be said once and for all that no party is devoid of rascals. Jackals hover on the outskirts of the army. The real contest is between right-thinking men of both parties united on one side against the sharks sharpers and fly-by-nights on the other. The struggle for a high level in our daily life is a hard one. Frequently it is removed by but very little from crime. Yet people must have honest men, and they continue to seek them against even the most callous fortune.

IMMIGRATION FRAUDS

An illustration is afforded by a return of farm labourers and their families represented as having been placed in West Kent by immigration agent James S. Waugh. The number returned as so placed with farmers was 828, representing 265 single persons or families for whom he received $2 per head, or $1,256. It was charge in Parliament by the Member for the riding that these returns were incorrect or fraudulent, and the Immigration Commissioner sent out inquiries to the farmers with whom these agricultural immigrants were supposed to be located. Replies concerning 117 of the 265 were received. It was found that 44 of the 177 were never heard of by the men returned as having employed them, and that 17 others were not farm labourers but sought work in some trade, and 13 either did not go to work at all or quit within two or three days. This small return had been stuffed by at least 40 or 50 per cent or about the same proportion as that of the Western settlers. —See Return to the House.

It may be safely stated that the number of immigrants who have settled in Canada, in the last ten years and who are annually settling here is not more than 60 per cent. of the number claimed by the Immigration Department, while a large proportion of those who come are unsatisfactory and dissatisfied immigrants, some of them allured by false pretences, some incapable of making a living anywhere, and far too small a proportion able and willing to go upon the land and assist in the development of the country.

BUYING VOTES

The action of the Conservative Executive in deciding to offer a substantial reward for information leading to the conviction of anyone buying or offering to buy votes with money in the coming election contest is generally commended. All other forms of corruption are insignificant in comparison with the purchase of votes for cash. Four hundred men on the keen look-out for the first cases of vote-buying is a modest estimate of the situation that will be created. The punishment is heavy. It is immediate. It will be effective. Few bribers will care to run the imminent risk of arrest and punishment. The game will not be worth the candle. It would be impossible to offer a large reward in a number of cases, so it is probable that a large reward will be offered for the first case, and subsequent rewards from time to time immediately thereafter.

THE BANKS! A COMPARISON

The mysteries of finance are greater than those of the law or physic, yet money is the most manageable of commodities. It affords the greatest facilities for manipulation. The commercial world is at the mercy of the managers of money, hence when they fail in their trust the people suffer. As a rule they do not exceed the bounds of legitimate business but dealing in money is dealing with that which the farmer, manufacturer, etc., gain only after hard trying and not always then. Dealing in money is a monopoly. It is the monopoly of a combination which necessarily and naturally looks after its own welfare first. If by chance it gets, in quantities, into the hands of the unscrupulous as it frequently does, it exacts where possible a usurious return. Nothing gets such a high return as money, skilfully handled. Money must be served though the heavens fall. Being the sole and exclusive medium of exchange all roads lead to it. Everything goes to it. It is the god before which humans cringe. The man who discovers a way out of this monopoly will be greater than Napoleon, greater even as a man of genius. It is the stake to which humanity is tied. It is the chain that binds Prometheus. The first question always is "How is the money market?" Wheat and all other means of subsistence, manufactures, in fact everything else, less or greater are, strange to say, merely secondary considerations. The condition of the money market is made known by the statements of the banks. This year does not compare well with last. Prosperity cannot return until the banks get enough money back to enable them to begin letting it out again. They have run out of money and therefore the country is stalled up waiting a supply. Labour is paralysed meanwhile. In making cash the basis of redemption or of the liquidation of liabilities we have sacrificed liberty for convenience. There could be no starvation if barter could be made the subject of contract and trade but as a legal basis it holds no place therefore it cannot be made much real use of. That a country big enough and fertile enough for 250,000,000 of people cannot support in comfort six millions is ridiculous. It is not true yet it is a fact. The monopoly of money however, is what makes it possible. When shall we be free—to live and move and have our being. Meanwhile, through no fault of their own men with money rule.

In the last six months demand deposits increased, in Canada, by seven millions, deposits withdrawable on notice by a few hundred thousand, while deposits out of Canada, in New York, etc., increased by twenty-one millions. That twenty-one millions did commercial Canada no good whatever. Our money simply went out of the country, though only perhaps for the time being. Notes in circulation fell away by eleven millions while the highwater mark of 1907 in that respect was fifteen millions below that of six months before. This is a gloomy showing. We are kicking against the pricks. During the seven lean years we are saving up for the grand burst of activity during the next seven. When money is plentiful as they say the banks are letting people have their own deposits to work with. Times are then "good" for both banks and people. The banks get gross returns of from seventeen to twenty per cent on their money and the people get the material to work with. Then when the money is all out and the banks wait for it to begin to flow in again they hold it until it reaches a certain mark, by a high rate of discount. The rate is so high that we prefer to leave the money where it is, in fact we have to do so. After all, said and done, what is, then, this matter? Circulation. There is money enough in the country although the adverse balance of trade has greatly curtailed it but money like water, must be in a certain potential position to flow. Circulation is the great desideratum. Not a it up and in due time they let it water at another but a steady, even flow. The banks like the clouds, take it up and in due time they let it fall by means of frequent showers, throughout the year. Man has manacled the Creator. The artificiality of our system has undone us. Frenzied finance is an economic crime. Sir Wilfrid has plunged Canada into an economic debauch. He thought no doubt that money borrowed was the same as money earned. That in addition to a further frenzy of free-trade that clips off the tariff whenever possible has put us in a well-nigh hopeless position. Both misfortunes can be remedied by a policy of wise administration. If Mr. Borden is the wise administrator as we think he is we shall be able to get on our feet again almost at once. Sir James Whitney did wonders for the finances of Ontario, why shouldn't Mr. Borden be able to do the same? Sir Wilfrid, like Mr. Ross, has failed to keep the dinner pail full but the moneyed men have no complaints to make.

ANOTHER EFFORT TO END STRIKE

Move to Have Prof. Shortt Appointed to Try and Settle Dispute

Toronto, August 29—It is now rumored that a third and this time a disinterested party is about to step in with a view to bringing to halt the strike between the carmen and machinists and the Canadian Pacific Railway Company. A move is being made by outside parties to induce the Dominion government to call on Prof. Adam Shortt, of Queen's university, to endeavor to bring the CPR strike to an end. The strikers maintain that the company will have to open negotiations if it desires to meet the men. Officials of the company remain silent as to future movements along the line of a settlement. They say that they will have sufficient motive power to take care of the exhibit or travel.

PEACHES AND PLUMS ARE PLENTIFUL

Enormous Crop of These Fruits in Niagara District This Year

A Peterborough man who has just returned from St. Catharines, says that plums are an enormous crop this year throughout the Niagara fruit belt, just about on a par with peaches. So loaded down are the plum trees that the growers express gratification in the fact that rot has set in which will relieve the trees. Otherwise the weight of the fruit when it becomes full grown would injure the trees by breaking down limbs. Peaches are probably more abundant than in any previous year but growers say the price will keep up pretty well on account of large demands of canning factories and so many being shipped to Winnipeg. This year, of course, will beat previous records for shipment to the West in all kinds of fruit.

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

FELL BENEATH MOVING TRAIN; INSTANTLY KILLED

Horrible Fate of George Young, of This City, at Brandon, Man., Last Wednesday—Head Completely Severed From His Body—Funeral Here To-morrow

The Brandon Daily Sun gives the following detailed account of the horrible death of Mr. Geo. Young, of this city, who was killed there on Wednesday last:—

A horrible accident occurred at the C.P.R. depot this afternoon, just as the Miniota train was pulling out. An easterner, George H. Young, in attempting to board the train as it was pulling out, slipped, fell beneath the wheels and was instantly killed. The horrible accident occurred in full sight of three or four hundred people, mostly harvesters, who were standing around on all sides.

So quickly did the accident happen and so sudden the fatal termination, that not one of the onlookers had time to assist the unfortunate man in any way.

The train was in the act of pulling out when Young was seen to run from the C.P.R. driveway, leading to the depot from Ninth street, and make for the front end of the back coach. His progress was impeded by several bundles, including a valise and fur coat, that he was carrying. The poor fellow was in plenty of time, and but for the goods in his arms would likely have been successful in his attempt. Making a grab for the iron railing on the side of the car he attempted to swing himself clear of the platform. He missed his footing, and fell down between the car and the platform. He was dragged for about ten yards when he released his hold and rolled under the car, the hind wheel of which passed over his neck and chin, completely severing the head from the body, and leaving but a few shreds of flesh holding the two together.

A dense crowd of onlookers immediately surrounded the scene of the ghastly tragedy, but Sergt. Currie and Constable Rowe at once covered the body with the unfortunate victim's blanket and hastily summoned Coroner More and the undertaker's conveyance.

Dr. More was quickly on the scene, and after examining the body ordered its removal to the undertaking parlors. It is now lying at Campbell & Campbell's awaiting instructions.

Young arrived in Brandon Saturday last, and put up at the Beaubier hotel. He informed the clerk that he was out here on a trip to see the country and that he hailed from Peterborough, Ont. Three other young men accompanied him. Their names are Mitchell, Dundas and Fowler. The first two are at present at Wawanesa where they went this morning. Fowler also left the city this morning, going to Carberry.

From facts gathered by the police it has been ascertained that the deceased has no relatives living in the west. Three weeks ago his mother died, and it seems now that he had no other relatives living in the vicinity of Peterborough. A few minutes before the accident he hired two men to go to Birtle, where he informed them he had been engaged to run a threshing outfit. He intended to leave this morning but, missing the train, arranged to travel as far as Hamiota, and drive across country.

He was evidently fairly well fixed financially. In his pocket book he had $156.00 and carried a bank book showing $2,000.00 deposited in his name in the Peterborough branch of the Bank of Ottawa. The harvesters whom he had hired said that he was perfectly sober.

The remains of the late Geo. Young will arrive here tonight and the funeral will take place from the residence of his uncle, Park street, to the Little Lake cemetery.

LETTERS TO THE EDITOR

The Review Does Not Hold Itself Responsible for Opinions Expressed by Correspondents

EAST RIDING NOMINATION

To the Editor of the Review.

Dear Sir,—That the Liberals of East Peterborough are placed in an extremely awkward position with respect to the approaching election, is my only excuse for addressing this letter to you, instead of to the editor of the Liberal organ.

Mr. Finlay, M.P., no doubt, secured the party nomination, through the assistance of a gang of sore heads plus "long green," from over the river. In justice to Mr. Finlay, I add that he knew nothing of the "gang" or the "green." Their presence at the nomination was not for the purpose of electing him, but solely to defeat Mr. J. Lang, because he would not fall down and worship the "golden calf." To quote the words of one of the "gang," "He would not do as he was told."

This same "gang", managed and directed by the great "I" from over the river, NOW assail Mr. Finlay, not for anything he has done or has failed to do, but because the "millionaire" from the west has an uncontrollable desire to be a member of Parliament, somewhere, somehow, anyhow. No sooner than Mr. Thos. Johnston's name was mentioned as a probable candidate, the "gang," aided by a big henchman of the great "I" took up the cry and all means honorable and dishonorable were used to defame and destroy his character for the purpose of lessening his chance of securing the party nomination.

Mr. Finlay had not commenced to warm the seat before plans were laid to secure, for the great "I" the Liberal nomination. This will no doubt, be denied, but I will quote a portion of a letter written by a true and tried friend of the "rich man" from over the river, written in April, 1906, from Norwood, to dear, ———, Toronto, which says, among other funny and mysterious things, "I have a number of demands which should be adjusted, and which I reported to ——— as worth caring if he had his eye on the East."

We will call the writer of this letter Alexander The Great, just for fun, especially as it is not yet necessary to know his identity.

I would like to know what the Liberals of East Peterborough had or have against either Mr. Lang or Mr. Finlay or for that matter, against Mr. Thomas Johnston. Have we no one here fit to represent us properly in the Dominion Parliament? Must we go outside for a fit man? If this is so, should we be represented at all? More again.

Collier-Cunningham Company Has Secured Space for Displaying Goods Manufactured

The Collier-Cunningham Company is making an exhibit of their goods at the Toronto exhibition. Mr. H. R. Collier was in Toronto yesterday making the necessary arrangements and has secured a good space. The exhibit will include electric irons, electric toasters, etc. The electric toaster which is now being manufactured by the company is one of the latest inventions and is said to be highly satisfactory. An electric radiator is also being manufactured now.

The Diamond Calk Horseshoe Co. of this city is also making a display at the big exhibition their exhibit being included in that of the Collier-Cunningham Co.

WEDDING BELLS

ARCHER—STAUNTON

A very pretty but quiet wedding was solemnized by Rev. Mr. Reed at St. John's church at nine o'clock, Aug. 20th, when Sarah Elizabeth, daughter of Mr. W. M. Staunton, 20 Benson street, was married to Mr. James P. Archer, of Campbellford.

The bride, who was unattended, wore a handsome semi-princess gown of white silk mull, elaborately trimmed with lace and insertion and carried a bouquet of asters.

On their return from Montreal and Quebec, Mr. and Mrs. Archer will reside in Campbellford, where Mr. Archer is a prominent business man.

An unusually large number of gifts was received, many coming from a distance.

The bride's going away gown was of dark blue chiffon broadcloth with trimmings of black and large black hat with touches of white. Owing to recent bereavement, relatives only were invited.

Old Resident of Otonabee Passed to Reward Yesterday

Special to the Review.

Keene, August 31—The death occurred on Saturday of Mrs. William Macdougall, one of the oldest residents of the township at her late residence at Mather's Corners. The deceased was a Presbyterian and was of Scotch parentage but came to this country at an early age and has been a resident of Otonabee for many years. Her husband predeceased her by almost twenty years. She is survived by two daughters, Miss Katie who lived with her mother and Mrs. J. M. Drummond. The funeral will leave her late residence at two o'clock on Monday afternoon and will proceed to Keene cemetery. Rev. D. D. McDonald will conduct the services.

New Dam at Buckhorn Will Then be Completed

The cement work on the new bridge at Buckhorn has been completed, and the new dam, it is expected, will be finished by the 1st of October. The men are at present working hard on it, and the work, under the superintendence of Mr. David Conroy, Ashburnham, has been rapidly pushed forward to completion. The number of men at present working on the dam is not as large as it is earlier in the season, a number of the men having left last week. The dam, when finished, will be a fine one, and a great improvement on the old conditions.

BATTERY AND DRAGOONS OFF FOR CAMP THIS MORNING

Both Corps Had Large Turnout and Presented Fine Appearance—Will be Away Two Weeks.

The 24th Field Battery and the local squadron of the 3rd Prince of Wales Dragoons left for Barriefield camp today. The Dragoons entrained about nine o'clock and the Battery left a little later, both going by way of Millbrook and Port Hope, entraining at the Grand Trunk station. The Dragoons will be commanded by Major Byers, of Millbrook in the absence of Col. Brown who is in the west. The officers of the local squadron were Lieuts. Cleghorne and Duffus, and Anderson and Veterinary Captain Poole. The squadron was about sixty strong and 61 horses were taken along.

The Battery presented a fine appearance as they marched from the Ashburnham drill hall to the station. Major Young was in command and the corps presented a fine appearance. The long line of horses and the big guns attracted much attention.

Both corps will remain in camp two weeks.

Major Langfeldt, chaplain of the Dragoons, will join his regiment in camp on Thursday.

FOURTEEN LUNGE CAUGHT IN THREE DAYS AT RICE LAKE

Fourteen 'lunge in three days. That's going some, as they say on the street. And to think that some people fish for weeks and never get anything but a mudcat, a sunfish, a perch or something else of an equally insignificant nature.

Ex-Ald. George Duncan and party who have been at Rice Lake caught fourteen 'lunge in three days. Mr. Duncan pulled in most of them. They were all over seven pounds and three of them were caught inside an hour. The largest was a sixteen pounder, which was pulled in on Saturday. It grabbed the two hooks and broke one of them in attempting to get away.

Nearly all the lunge were caught near Jubilee. Several bass were also caught by the party. Mr. Duncan returned to the city on Saturday night and is greatly pleased with the sport that was enjoyed. Ducks are reported plentiful at the lake.

DUMMER BUSH FIRE DESTROYS TWENTY-FIVE CORDS OF WOOD

The bush fire near upper Stony Lake that has been raging for the past six weeks, is now dying out, but the last few days it has been much worse. Nothing is being done for it, simply letting it burn itself out. The conflagration is causing some anxiety to some of the cottagers, fearing that it might spread to Crowe's Landing.

The property is on the east shore of the township of Dummer. It started about six weeks ago and this is the second time that fire raged on this land. It has been very destructive in its course and some serious damage has been done. Twenty-five cords of wood belonging to Mr. Pat Young, of Young's Point, has been cleaned out completely. Mr. R. Hicks, of Peterborough, also has a large quantity of wood on the property but the fire, while burning all around it, has been successfully fought back by a number of men.

The conflagration is nearer the lake now and the house of Mrs. Wm. Hall is in great danger of being wiped out. It is feared that valuable lands will be destroyed if the fire is soon not got under control.

BUSY SEASON AT SOUTH BEACH OVER FIFTY GUESTS THERE

Special to the Review.

South Beach, Aug. 31.—This has been a season of unusual activity at the South Beach Hotel. There has been a full quota of guests during the entire season and September promises to be as busy as the summer months. Mr. Brooks is the host of about fifty guests at the present time and they are loud in their praise of South Beach. The resort is a favorite with Americans, a large party of Rochester people being there at the present time. Among recent registrations are the following:—M. W. Bowerave, H. Erwan Bumm, P. A. Kearney, R. C. Hall, Brockport, N. Y.; Jno. Kearns, Montreal; John M. Davison, Pittsford; H. Likely, Rochester; Louis Hollafoster, Florence Bausch, Carl Bausch, Mr. and Mrs. G. R. Bauch, E. J. O'Brien; Jacob Klein, M. A. Stein and wife, Alex. Keller, Harold Keller, Clifford J. M. Keller, Rochester; W. T. Connor and wife, H. B. Alpden, Pittsburg; Morris Galvin, Mr. and Mrs. Corcoran, Peterborough; Miss Tweeda and Master Redvers Jobe, James Jobe and wife, Chemong; S. W. Green, Rochester; F. Call, Toronto; Arnold Meldola, Rochester; Mrs. H. Lemon and son, Mrs. R. C. Hull, Brockport; W. D. Hull, Brockport, N.Y.; J. P. Cookson, R. Parker, A. R. Burns, Toronto; J. C. Geralstter and wife, Louyis Lang and wife, Chicago, Harold Halpenny, Philadelphia; G. O. Dower, Toronto; A. L. Amys, L. E. Amys, Peeston.

SOME SENSATIONAL CATCHES MADE AT BURLEIGH FALLS

Pete McCue an Indian Gets a 6 Pound Black Bass—Mrs. Darcy Wife of Proprietor of Park Hotel Manages to Land 13 Pound Eel—Bass for Star Prize.

A fish that looks good to come pretty nearly at the head of the class for the prize given by the Toronto Star for the largest black bass caught under specified conditions this season, got the hook in Lovesick Lake a short time ago. Peter McCue, an Indian, was responsible for so remorselessly spoiling the big one's anticipation of an easy mouthful. He landed it after quite a battle, and it is now mounted and in the office of the Park Hotel, Burleigh. It certainly looks the part as far as the weight is concerned. A six-pounder, it is said, was caught near Bobcaygeon earlier in the summer, a lady being the successful angler, and a bid was made for the Star's prize on the strength of its weight.

The one caught by Mr. McCue is the biggest ever hooked in Lovesick.

Another sensational and less gratifying catch was made by Mrs. Darcy, wife of the proprietor of the Park Hotel, when she pulled in a 13 pound eel. The eel is a fish of great tenacity, as is generally known, and puts up a big resistance before it will leave its natural element. With the assistance of Miss Goodwin, of Rochester, who was in the boat at the time, Mrs. Darcy managed to beat but the eel, and returned with the capture to the hotel, where it was photographed.

STOLE HORSE AND BUGGY AND DROVE TO PETERBORO'

John Leauer a youth of seventeen years was arrested on Saturday evening charged with stealing a horse and buggy from the Balmoral hotel sheds at Cobourg, on Friday evening, the property of W. J. Johnston of Grafton.

Chief Ruse of Cobourg arrived in the city this morning and drove the prisoner in the outfit to the Lakeside town where he will stand his trial.

Another charge, that of breaking open the trunk of the hostler at the hotel and stealing a pair of opera glasses, a razor and a shirt is also against him.

It appears that Leauer stole a bicycle from Fred Burlett, here on Friday and rode it to Cobourg where he left it in the sheds taking the horse and buggy.

His trial will likely be heard tomorrow.

SHOCK OF BURNS PROVED FATAL TO YOUNG MAN INJURED IN FIRE SATURDAY

The shock from the terrible burns received in the fire at the fire at "My Valeta," on Saturday afternoon, proved too much for John Greer, the young man, who was the victim of the accident, he passed away yesterday morning at Nicholls Hospital. His death occurred about 11 o'clock.

Hope was held out for his recovery at first, but he gradually grew weaker, until he succumbed. The physicians in attendance worked unceasingly to save his life.

Deceased was 17 years and 10 months of age and was popular and respected.

Until a year ago last March the late young man lived with his parents, Mr. and Mrs. James Greer, in South Monaghan, residing on a farm about half a mile east of Bailieboro.

He was a member of St. Andrew's choir and secretary of the Bible Class of St. Andrew's Sunday school. He was also a member of the 57th regiment.

Living are his father and mother and a three year old brother Bruce.

Although the deceased belonged to the 57th, no military funeral will be held as the burial will take place in Bailieboro, the funeral leaving the residence of his grandmother, Mrs. Blokey, 108 Aylmer street, tomorrow afternoon at 1.30 o'clock.

Mr. James Mearns, of Aberdeen, made a gallant but unsuccessful attempt to swim the Channel on August 10th.

The embarking and disembarking of 40,000 passengers at the Isle of Man the other day was a record for the island.

MR. W. A. BAILEY WRITES AGAIN

Complains About the Dust Nuisance---Also the "Pirates" on the Otonabee

The Don River, Toronto, is not the only place where there are "river pirates." According to Mr. W. A. Bailey the Otonabee also has them. He again writes to the Chief of Police, this time complaining about certain "pirates" who he says have taken his canoe and hidden it. He also speaks on the dust nuisance. The communication is as follows:

Sunday, August 30.

Sir,—Yesterday evening I found my canoe in the river full of water. They were trying to hide it. You should try to get after these pirates. I wish to draw your attention to the state of George street south. If it was intended to make as much dust as possible they could not have done worse. The first thing to do in making a street is the foot path and then to light it. The pedestrian is the main consideration and not all for show and for an exhibition of questionable benefit to the town.

W. A. BAILEY.

EVENING EXCURSION TO BOBCAYGEON

Steamer Otonabee will run a special evening trip to Bobcaygeon on Monday evening, August 31st, leaving Chemong park at 7.30 sharp, calling at Indian village and Gannon's Narrows and returning will leave Bobcaygeon at 10.30 p.m. Auto 'bus will leave Snowden House at 6.15 sharp, and will meet the boat on her return to Chemong park. AN INQUEST BEING HELD

To Look into the Death of John Greer Who Died in Hospital as Result of Burns Received Saturday

An inquest is being held into the death of John Greer, the young man who was so badly burned at the premises of "My Valet," on Charlotte street on Saturday that death followed. Coroner Dr. Gray empanelled a jury on Saturday and viewed the body at the undertaking establishment of Mr. A. Comstock. No evidence was taken, adjournment being made till eight o'clock on Wednesday evening when the inquest will be resumed in the city council chamber. The jurymen sworn in were: Messrs. F. W. Miller, foreman; W. Morrow, W. Metheral, W. Merrill, George E. Elliott, W. J. Devine, Jas. Browne, C. Clancy, W. Mein, R. Stewart, J. Embury, G. Brault, F. Kelly and R. Glover.

FOR THE PROVINCIAL EXHIBITIONS

All cities over the province are preparing for their exhibition and Peterborough is no exception to the rule. GRUESOME STORY FROM FRANKLIN

Report That Tramp Was Discovered Dead in a Hayloft—Odor From Barn Gave Indication of Presence of Body—Story Not Confirmed.

A gruesome story is reported from Franklin, Manvers township, Durham county. Franklin is a small post office, about 15 miles from Peterborough, with no local telephone or telegraph connection, and definite particulars of the matter could not be learned.

The story is to the effect that about ten days ago a tramp went to a farmhouse near Franklin and asked for lodging. He could not be accommodated however. A few days later there was a bad odor coming from the barn, and the horses would hardly enter the stable. On investigation it was found that a man's body was in the hay loft, and had apparently been there for some time.

Mr. Alex. Hannah, postmaster for Glen Morgan was the Review's informant in the matter, but what he heard of the affair was very vague, and knew nothing more of it than what is stated above. The people of Bethany, which is not far from Franklin, were unable to throw any light on the matter.

SHOWERS OF RAIN WOULD BE OF IMMENSE BENEFIT

Rain is badly needed in the country, none having fallen for three weeks. The pastures are dried up worse than at any time during the season, and the milk supply at the cheese factories is falling off rapidly. Driving is made very unpleasant as a result of the dust on the roads. It is two and three inches deep and every vehicle literally stirs up a great cloud. Farmers are praying for rain, as it never was needed more. In Peterborough county harvesting is practically over, and a few good showers would do an immense amount of good to the pastures and corn and root crops. Persons from the city who went driving yesterday found the dust very annoying.

SUN SPOT OF IMMENSE SIZE; AURORAL DISPLAY LIKELY

The sun has been an interesting study this year, and to-day there are four solar disturbances on it, one the largest that has appeared for some time. Rev. Dr. Marsh informed the Review to-day of the condition of Old Sol, and said the biggest of the sun spots was 130,000 in length by 88,000 miles in breadth, and covers a disturbed area of about 5,000,000,000 miles. This part can be easily seen through a smoked glass with the naked eye.

As the large spot is nearly central on the solar disc there should be marked auroral displays to-night.

LAMENTED DEATH AT KEENE VILLAGE

Popular Lady Passed Away Suddenly on Sunday

Special to the Review.

Keene, August 31— The death occurred at the family residence on Sunday morning at eleven o'clock of Miss Margaret McIntyre. The news of her death came as a great shock to her friends as it was thought that she was getting nicely over her attack of typhoid fever from which she had been suffering for almost two weeks. But Saturday evening she took worse and sank rapidly. The deceased was thirty-one years of age. She was very well known and very popular and much sympathy is felt for the bereaved family.

She leaves besides her mother Mrs. R. McIntyre, two sisters, Annie and Bella and three brothers, John, Robert and George, all of Keene.

The funeral service will be held at the family residence at three o'clock on Tuesday afternoon after which interment will take place in Keene cemetery. Rev. D. D. McDonald will conduct the services.

AUTOMOBILE HAD ACCIDENT

While driving in from Baltimore on Monday in his automobile, something went wrong with the steering gear of Dr. Field's automobile, and the auto ran into a fence, and turned turtle. One of the occupants, Dr. Alloway, of Montreal, a brother-in-law of Dr. Field, had his arm broken.—Cobourg Sentinel Star.

THE HURTUBISE—CONKLE GO

The Hamilton Spectator says:—Gene Hurtubise, the rugby player and wrestler from Peterborough, has accepted the defi thrown at him by Charlie Conkle and in a letter received yesterday from Chris Graham, the well known hockey and rugby player, who is acting as the big fellow's manager, Gene in only too eager to hook up with the Hamilton man especially under the conditons named by Conkle, who agrees to throw the former twice in one hour, an undertaking which will tax Conkle's best ability. Hurtubise is no mean performer, with victories over Yankee Rogers and others to his credit and his ability to rough it makes him a mat artist of more than ordinary ability. He is prepared to meet Conkle at any time, and it is very likely that the bout will be pulled off in the near future. The big French-Canadian is out for a big season of it and believes that he will get away to a good start by putting it over Conkle. In his acceptance of the challenge Chris Graham says:—"Gene is hard at work, and I think he will be in shape to give the Hamilton man a good go. In fact, I doubt if Conkle will be able to throw him once even, although he has done it before. The big fellow is much improved and a pretty tough customer. Conkle has a big contract on his hands."

ROGERS TALKS OF HIS CHANCES WITH MOHL AT GRAECO-ROMAN

It seems to be the general impression around town that the redoubtable Yankee Rogers will be defeated by Fritz Mohl when the two meet Friday night in a Graeco-Roman match. The reason for this is because he won the Graeco-Roman championship of Germany and is looked upon as invincible in that style of grappling. Rogers doesn't think so however and says he is of the opinion he can win although he knows he will have a much harder task than he did at the last match.

"I am taking a big chance," he said to the Review. "And no one knows it more than I do. To be frank I must say that I agreed something of a difficult character when I signed articles to meet the German champion at his own particular style of wrestling. If it is possible for me to win I will and if Mohl beats me he'll have gone through an awful contract. I don't think he can though, and I can't afford to lose that match. My reputation and my drawing powers would be considerably hurt. But it's Graeco-Roman and catch as catch can is my game. I realize however, that Mohl's immense strength and thorough Graeco-Roman are pretty hard obstacles to overcome.

INVITED TO OLD COUNTRY

Canadian Curlers May Take Trip Across the Ocean

Montreal, August 31—By the English mail Saturday, Secretary W. D. Aird of the Canadian branch of the Royal Caledonia Curling club received the formal invitation of the big Scottish association to send a team of Canadian curlers to the mother country this winter.

The communication refers to the resolution passed at the last annual meeting of the RCC, and adds that the committee to which the resolution was referred has decided to invite a team of seven rinks from Canada to visit Scotland during Lord Strathcona's presidency two rinks to be from the Canadian branch, two rinks from the Ontario branch, two from Manitoba branch and one from Nova Scotia. The most suitable time for the visit is suggested to be January or February. The secretary adds that with the invitation to the Royal Canadian branch he is also forwarding invitations to the other branches invited to take part in the tourney.

RUNNING

Boston, August 31—Alfred Shrubb the world's distance champions will quit the cinder path after this year. Shrubb feels that he has done his share of racing and believes that, while he is comparatively young, he should settle down to business.

When asked if his age was the reason for his quitting the game, the little Briton said; "I am a comparatively young man and have as my recent performances show, not slowed down any, but I believe that a man should get down to business before it is too late. I would like to secure a position as trainer of a college track team, but if I am not successful, then I would like to purchase a saloon right here in Boston."

If Shrubb cannot get either he intends to return to Haywood, Heath, England, where his father-in-law conducts a hotel. Among the cities in which he expects to arrange races, are Toronto, Buffalo, Providence, St. Louis, Chicago, Cleveland, Denver, Los Angeles and San Francisco.

LINDSAY WILL HAVE GOOD ONES

Tom Longboat, five, and ten-miler and Marathon runner.

Sellen, five-miler.

Chas. Skene, walker.

Tim O'Rourke, for weights.

Meed, Flynn, Thompson, Smith, athletes and runners.

Tom Flanagan, king of the I.C.A.C., Toronto.

The above are the men who will represent the Irish Canadian Athletic Association, of Toronto, at the C.L.S. Labor Day sports in Lindsay on Monday next.

The T.A.S., of Peterborough, are not going to see all the prizes carried off under their noses. Not much, Joe Dwyer, formerly of Lindsay, has got something to say down in that burg about athletics. Wherever Joe is, there there is a team or an athlete fighting for some place.

Then lone athletes from all over will compete for individual honors. These dark horses sometimes spring a surprise even against the best brawn and muscle in the country. Witness how Simpson and even Longboat sprung into the limelight.

Simpson is a man Lindsay folks want to see in his running togs. The Mississauga man ran in this town some years ago and won.—Lindsay Warder.

CALLS JIMMY'S FEAT SUICIDAL

Cobourg Paper Gets After Port Hope's Walking Barber

Jimmy Reynolds, the Port Hope barber, is again to come before the public. He is to attempt to make the trip from Port Hope to Toronto and return in 33 hours on September 14, and the wager is $300 to Reynold's $200. Sport is sport, but we do not wish to see Jimmy, who is an old Cobourg boy, kill himself by making attempts to do something beyond his strength or the capabilities of younger men. There should be a law to prevent this kind of suicide.—Cobourg Sentinel-Star.

SPORTING COMMENT

In all probability the Interprovincial will take steps this year to look after their juniors and build up a good junior series. It has been suggested that the junior and intermediate sections would be handled by a couple of officials appointed at the annual meeting especially for the purpose. It is up to the senior clubs to look after their juniors and a move in this line would be one in the right direction.—Hamilton Spectator.

WALKING

JIMMY PREPARING

Jimmy Reynolds has nothing to do now but walk and he is at it every day in preparation for his big undertaking to Toronto and return in 33 hours on Monday, September 14. He leaves here at six o'clock Monday morning and he feels confident that on this occasion he will establish a record.—Port Hope Guide.

LACROSSE

A league lacrosse match between Belleville and Trenton was scheduled to be played here yester day but the visiting team failed to put in an appearance. The local team lined up scored a goal and claimed the match.—Belleville Intelligencer.

BASEBALL

CLEMENTS WON HIS GAME.

Toronto, Aug. 31.—A large crowd attended the City Amateur League games, and witnessed two of the most stubbornly contested games ever played in amateur baseballdom. The first game brought together the Park Nine and Wellingtons, and it was a battle royal from the start. Both Clements and Lee were in rare form, but Clements received better support than his opponent in tight places, the result being that Park Nine won by a score of 2 to 1. The second game between the Royal Oaks and St. Mary's, will go down in history as one of the best games played since the league's inception. Both teams battled for thirteen long innings, but all in vain, and it was finally called on account of darkness. The outstanding features were the marvellous fielding of Dunmore, A. Clarke and O'Reilly, of the Oaks, and Byrne, Murphy and Baldwin, of the Saints, the final score being 3 to 3.

HOW THE BATTLE WAS FINALLY WON

"It was in hopes there would be no ballot-box episodes this election," says Senator W. D. Perley, of Wolseley, Saskatchewan, referring to the recent contest in that province, in a letter to the Mail and Empire. He comments, however, on the fact that the ballot-boxes were burned at Maple Creek in such a way as to disfigure the ballots, but not to damage the house. The incident, was, he says, a fair sample of the way in which the elections were conducted. That Haultain was himself elected was a marvel to those who know the influences brought against him in every riding. Government officials, including homestead inspectors, Senators from Manitoba and professional "organizers," were employed on behalf of the Scott Administration. The election was sprung on Mr. Haultain and his party had no outside assistance, except the valuable services rendered by Mr. R. T. Richardson. Yet they were able to come within a few votes of defeating the Government for several Haultain men were beaten by less than 100, and had Mr. Scott remained in his former seat, he, too, would have suffered defeat.

"Eastern Canadians do not be deceived, because in a gerrymandered province Scott has been sustained. Haultain has the patriotic and intelligent electors with him. Let the Dominion elections come, we shall be ready for it," says Senator Perley, who predicts a majority of the seats in Saskatchewan and Alberta for Mr. Borden. If it were not for the foreign vote under the bane of Government officials, the leader of the Opposition would win by two to one in the two provinces. "Everyone knows," says the letter, "by what means the Scott Government was sustained, and it will help Mr. Borden and his party very much.—The Mail and Empire.

EQUIPMENT FOR FIRE BRIGADE

Tenders for More Hose and Rubber Coats and Boots to be Opened To-night

The Fire, Water and Light Committee will meet tonight when tenders will be opened for some further equipment for the fire brigade. Five hundred feet of hose and rubber coats and boots for the firemen are the principal items. Tenders for the same were asked for some time ago and it is understood that nearly all the local hardware firms have sent in estimates.

The brigade is being put in first class shape in every respect and citizens are well satisfied with the work that is being done under the new regime.

LINDSAY BOYS PASSED THROUGH

On Way to Camp at Kingston---"The Fighting 45th"

The 45th regiment of Lindsay, passed through the city on a special train at 12.30 today. They appeared to be having a lively time. When the train stopped here several of the red coats got off to have a look around and a few of them had to do some tall sprinting to catch the train. They will be in camp two weeks.

ANNUAL MEETING OF MEN'S ASS'N. OF ALL SAINT'S

The annual meeting of the Men's Association of All Saints church will be held tomorrow night at 8 o'clock. The election of officers will take place and many other matters will be dealt with.

On account of the importance of the meeting a full attendance is requested.

ONLY CAUSED TEN MINUTES OF A DELAY

There was a slight delay in the street car service on George street at noon today on account of the house, which is being moved. The house was taken across George st. at King street and it only took ten minutes to get it across the street car tracks. This was remarkably fast work and those in charge deserve credit.

SOMETHING ABOUT THE FALL HATS

It is time to be thinking of fall hats. Most of us go at the business in a rather hit and miss style,—that is, sometimes we hit, and then again we miss—to our sorrow, if we must be content with one hat a season. How delightful if we might find the true secret of the becoming hat. Try this, for example. It is from Harper's Bazar, and may fit some case or help to solve someone's hat problem.

To be satisfactory a hat should be built on the head, for while its utilitarian purpose is a protection against the weather, its artistic function is to frame the entire head; to be correct, it must frame the full face, side face and suit the back of the head as well. This is a far more difficult problem than finding a moulding of a certain width and color to make a flat surface like a picture effective. In choosing a hat we are framing an object "in the round," and all sides have to be considered.

In order to make this quite clear, let us take the matter of line in its relation to the full face and profile. The line of the hat, front view, should depend on the shape of the face, and while the following rules are not to be rigidly observed, they will, I think, prove a fairly accurate guide.

A square face calls for a "broken" hat line. By "broken" I mean irregualr. A straight line emphasising the angularity of the face would not be so becoming or artistic.

A round face on the other hand, requires just the opposite treatment. A straight brim line, like that of a sailor hat would be correct or a severe standing line, but the line may be rather hand if the hair is done properly.

An oval face needs to be surmounted by a hat with a curving line, irregualr, but gracefully so; rather long curves will be most suitable, and the longer the oval face, and the more it inclines to look gaunt, the more waving the line should be. All these suggestions, to be practicable, however, necessitate that the hair be done to suit the face.

At present more than 10,000 women are engaged in factories and workshops in London, 8000 of them in the clothing and allied trades.

EXHIBITION
AT OTTAWA

Sept. 18th to 26th, '08

Displays will far excel those of any previous year. A Grand Pure Food Exhibit is to be made by Canadian manufacturers.

High class vaudeville programme will be given daily in front of the Grand Stand in addition to the horse races.

The night entertainment will consist of the latest comic opera "What Happened Then!" by the famous De Wolff Hopper and all star company. Popular prices will prevail.

A grand display of paintings and Ladies' Work will be made to signalize the opening of the handsome new fire-proof building, now being erected at a cost of $12,000.

The special attraction in front of the Grand Stand in the afternoon will include the latest European novelty "Del Oro's Performing Cows." This attraction is billed to appear in Ottawa for the first time in America. There will also be a most sensational automobile race on a specially constructed incline, the contesting chauffeurs being two daring young women.

There will be balloon races daily with a double parachute descent from each balloon by the famous Prof. Hutchison and companion.

FISHING FOR OIL.

Curious Spectacle on the Coast of California.

In the neighborhood of Summerland, on the coast of California, ten miles south of Santa Barbara, the visitor may behold at the present time a strange and interesting spectacle the like of which was never seen in the world before. It is nothing more or less than a fishery for petroleum.

Out from the smooth, sandy beach and extending at right angles therewith into the ocean are many long decks or piers supporting old derricks. The latter are like any other derricks constructed for such a purpose, but instead of being used to bring up oil from the dry land they are made to serve for fetching the fluid from beneath the waters of the sea.

The piers described are, many of them, of great length, stretching a quarter of a mile or more out into the Pacific, in order to tap the oil bearing strata under the sea. Derricks are set all along the beach itself, upheld by piles, in order that the breakers may flow back and forth beneath them.

One might imagine that the discovery of the oil under the sea came about through observation of petroleum floating on the waves. Such does not seem, however, to have been the case. Prospectors for the precious fluid, having come upon a productive oil field on terra firma in the neighborhood of Summerland, were naturally led down to the ocean beach by the circumstance that the oil producing area appeared to extend in that direction. Finding that there was oil beneath the very breakers, it occurred to them to seek it farther out.

The petroleum obtained from under the sea is remarkable, like all the oil in the neighborhood, for containing a great deal of asphalt. It is, in fact, very impure and thick owing to this admixture of an extraneous substance. But the asphalt itself is decidedly valuable when separated and is being utilized for paving and other such purposes.—Saturday Evening Post.

A Bored Floor.

Mr. Reeder of Kansas told a story to the house of representatives about a Kansas settler and a trick he played. "I think we sent him on to the state of Wyoming," he said.

"We have a lot of bad people in our state from Kansas," suggested Mr. Wendell of Wyoming.

"This was a pretty smart fellow, and I wonder they did not send him to congress," answered Mr. Reeder. "The law required the settler to build a house with a board floor and a board roof. So he dug into the bank a space of three feet wide and six feet long and put poles across the top for a roof. Then he sharpened a stick and bored holes in the ground of the dugout. Next he bored holes through the roof and made an affidavit that he had a bored floor and a bored roof."—Detroit Free Press.

Many Names of Hingham's Hall.

Hingham has one hall with three names, the largest in the town and the one where all the town business is transacted, where Company K, Fifth regiment, M. V. M., has its armory and where the Hingham Agricultural society holds its deliberations.

The hall has the distinction of having three names—Hingham town hall, the armory and agricultural hall. If it is a public performance or town meeting, then the notices read, "At the town hall;" if it is a rose and strawberry show or an agricultural meeting, then they read, "At agricultural hall," and if Company K is drilling or entertaining its friends the invitations say, "At the armory." No other hall in Plymouth county has so many official titles.—Boston Herald.

A GOOD TENANT.

Never Stick Nails In the Wall or Strike Matches on Woodwork.

If you rent the house in which you live, see that you are a good tenant. Thus you will not have to waste breath railing at your landlord.

The good tenant is as careful of others' property as if it were her own.

She takes pride in preserving the freshness of the paint and wall paper. She does not stick nails in the walls or strike matches on the woodwork.

She sees to it that none of the drains become clogged from neglect and if there is a leak either has it repaired at once or notifies the landlord of the trouble.

She won't allow the children to skate on polished floors or scratch the window glass for amusement just because the house is rented.

Explosives such as gasoline, coal oil and other things that make fire probable are as carefully watched as if the house were her own.

She will not make exorbitant demands for things that are more or less in the line of luxuries.

On the other hand, she will insist firmly but agreeably on the landlord's making all necessary repairs. If he prove obdurate or shortsighted about keeping his house in livable condition, she will not quarrel with him or talk about his stinginess to every one who will listen, but will quietly hunt another house.

She won't allow the yard to look unkempt just because she is a renter who may move out in a year or two. If she is not unselfish enough to leave flowers for the next tenant, there are always annuals to be planted whose beauty is short lived enough to suit even a chronic mover.

She will not plant vines on a house without consulting the landlord. Some men have the bad taste to disapprove of them and think growing plants injure the walls. They don't. But it is the owner's opinion; also it is his house, and both should be respected.

When any but trifling changes are to be made by the tenant, consult the landlord first. One woman not long ago preferred white paint in her dining room and without asking the owner of the house put four or five coats of paint over fine old mahogany woodwork.

Remember, too, that in most cities permanent repairs belong to the landlord, no matter who pays for them, and cannot be removed on leaving without his consent.

NEEDLEWORK NOTES.

Cushions or doilies can be embroidered with loops of linen braid stitched with white floss to the cover. Dahlias are very handsome made in this style; also fall roses and chrysanthemums. The narrower braid is used for daisies and slender petal flowers.

The latest corset covers are cut exactly to the shape of the stays, so that the lines of the tight princess gowns will not be altered by superfluous fullness. The most elaborate of these covers are fashioned of soft silk and lace, with shoulder straps of lace edged ribbon. Just as dainty, however, are those made of fine nainsook, with crisp valenciennes insertion and embroidered shoulder bands.

A fancy little sewing apron lately struck the keynote of newness, while it could be easily copied by the clever fingers of any one so inclined. It was made of a fine scrim in a deep cream shade, and the lower end was turned up about four inches for a pocket in which to slip fancy work and accessories. An inch wide hem at the top of this pocket and another at the top of the apron were run with leaf green ribbons and tied at the ends in soft rosettes. The pocket that extended across the apron and two tiny "hand" pockets above were decorated with brilliant cretonne roses and a leaf or two and appliqued to the material by buttonholing in green embroidery silk.

HEALTH AND BEAUTY.

Very often the irritation in the throat can be relieved by taking the juice of a lemon.

A piece of chiffon or veiling twisted is a much better rat for a pompadour than one made of hair.

Turpentine applied to a bruise will quickly relieve pain. Applications of hot witch hazel are also excellent.

An excellent remedy for bruises is a mixture made of equal parts camphor, alcohol, water and ammonia.

A simple remedy to cure a wart is to bathe it several times every day with a strong solution of bicarbonate of soda.

As spring approaches rhubarb should be eaten at least once a day, as it tends to keep the system in good working order.

Never arrange your hair without a hand glass. Remember that the side and back view of a coiffure is as important as the front.

Scenting the hair, which so many people affect nowadays, must be looked upon as a delicate art in itself, and only with experience can the happy mean be defined, most amateurs committing the fatal error of overdoing it.

Avoiding greasy food and wiping over the skin with an astringent daily will do much to shrink large pores. It would not be a bad thing to scrub your face twice a week at night, using a complexion brush and liquid green soap. Afterward massage with astringent lotion.

Mere man stands ever open mouthed before the mystery of woman's dress. He may wonder, but when he has learned wisdom he wonders in silence. Now and again a rash male makes a remark upon this subject and is duly immolated.

Methodist ministers at St. John, N.B., have taken steps to put a stop to boxing bouts.

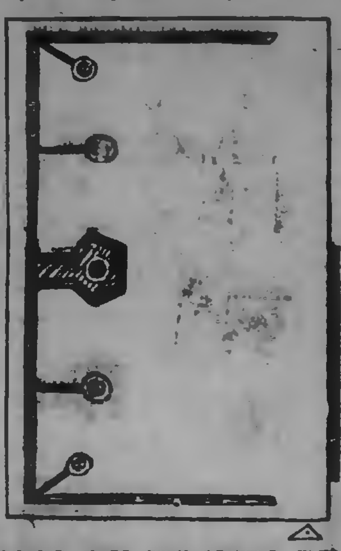
ARTISTIC CURTAINS.

Furnishings That Add to the Success of the Home.

SCOTCH NET A NEW FABRIC.

India Prints Are Favorite Materials For Bungalow Draperies—English Crash One of the Most Expensive Summer Fabrics.

Curtains contribute in no small degree to the success of the artistic furnishing of a home either in the town or country, and at this season attention is particularly centered upon the decorative accessories for the out of town residence. Simple curtains are most in demand, as they stand the exposure to air and sunlight better than the more expensive draperies of the city home.

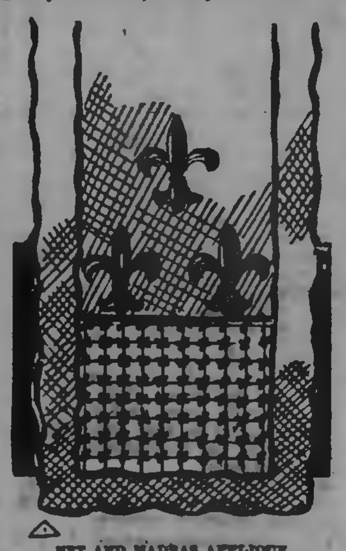


ENGLISH CRASH WITH LEATHER TRIMMINGS.

India prints are among the favorites for summer use, and a slightly heavier drapery is fashioned from Turkish canvas with Madagascar striped borders. Cushions and curtains with stenciled decorations enjoy an especial vogue this season, the color being a cinnamon brown with the stenciling in orange or darker hues of brown than the foundation. For a bungalow or den these furnishings are exceedingly effective.

An absolute novelty is a curtain fashioned from deep red Scotch lace, the color being the wine hue that is so modish for dress accessories. English crash is one of the most expensive of the summer fabrics, and a noticeably handsome curtain combines niagara blue crash and ivory cloth outlined with leather in a tone to match the blue of the crash.

Net curtains call for more than ordinary comment, as they come this season in colors and combinations more artistic than heretofore. In the above sketch is shown one of the newest patterns, a cream net with applique of fleur-de-lis and trellis design in hunter green hue.



NET AND MADRAS APPLIQUE.

Advice For Mothers.

The limb bones of a very young child are too weak to support the body. A child allowed to sprawl on the warm grass or a soft rug, allowed to struggle to his feet and to fall where falling cannot injure, has the best teacher—nature. On the instant of his feeling weakness or pain he collapses. If you hold his hand and encourage him to walk, you work harm and may be responsible for your child acquiring bowlegs. The spinal column of a young babe is weak, too weak to support the body in a sitting position. If you carry the babe upright, the result may be spinal curvature.

The blood vessels of the child's brain are very delicate. If you shake the child by way of punishment, you may lay the foundation of some nervous disease.

The eyes of a child are sensitive. If you expose him to the glare of the sun, his vision may become impaired.

She Knew, of Course.

"Professor," said Mrs. Gaswell to the distinguished musician who had been engaged at a high price to entertain her guests, "what was that lovely selection you played just now?"

"That, madam," he answered, glaring at her, "was an improvisation."

"Ah, yes; I remember now. I knew it was an old favorite, but I couldn't think of the name of it to save me."—Tit-Bits.

PRESERVING HINTS.

What to Do With the Luscious Summer Fruits.

In jelly making season it is a good idea to procure some of the tiniest tumblers that are on the market for sale and fill for the children's school luncheons next winter.

While preserving, any of the fruit juice that is left over after filling the cans may be put in the icebox and used up in the fresh apple pies or poured over the baked apples or pears.

Flannel jelly bags are of course the best, and when making them make two or three for use in case of accident. They should be fresh each year, for in one season they grow hard and too close and thick for use.

All preserve skimmings may be saved and thrown into the vinegar barrel or demijohn, as they make "mother," the so to speak parent of the finest vinegar.

Do not forget that apricots make delicious jam, which, if not made too stiff, is fine for the filling of fruit tarts for early fall pastry. Their season in market is short, and if we do not make a note of it the season is apt to slip by before we realize it and our chance is gone.

Blackberries have grown somewhat into disfavor recently by the unpleasant discovery of the prevalence of bugs on them, which breed in the wood and from which they crawl into the interstices of the berries, and no ordinary washing seems to dislodge them. If the berries are to be used for jelly, throw them into a cheesecloth bag and lightly squeeze them cold. Then there is no danger from the odor of the bug. Nearly all the juicy fruits make good shortcakes, with the adding of whipped cream; also roly poly puddings served with brandy sauce, while blueberries are excellent in cake as well as pie.

For the ever popular "tutti frutti" jar start with one pint of French brandy, one cup of sherry and a half cup of rum. Then to each cup of fresh fruit add a cup of sugar. Proceed in this way with each fruit in its season. At the end add a half pint more of brandy and keep in a dry, cool place, carefully covered, and stir with a wooden spoon once or twice a month.

Pineapple sliced thin, with the hard centers cut out, rolled in raw egg and cracker dust, then fried in hot lard, drained and olive put in the center of each slice, is excellent served with broiled cod or halibut steaks.

The cucumber cutters that scallop the edges of the slices make them look very dainty. With white lettuce leaves, chopped walnut meats, grated pineapple and heavy mayonnaise they make a delicious salad.

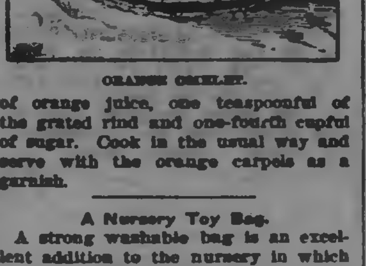
Take out the inside of a ripe watermelon, free it from seeds and cut it in cubes or balls, place in a dish and pour over it a pint bottle of champagne and chill it. When ready to serve put it back into the hollowed out half rind that has also been chilled and place on a bed of grape leaves.

Archery Popular With Women.

Only three of the competitions at the approaching Olympic games in London will be open to women. They are tennis, skating and archery, and of the three probably the greatest interest will go to the last. Archery is spreading as a sport for women in Europe, and it is expected there will be about 100 contestants for the Olympic prizes. Women of the king's household in England have taken up the bow and arrow and it is also more popular in exclusive circles in France than tennis. Thirty Frenchwomen will enter the Olympic shoot. Entries have been solicited from America, but so far none has been forthcoming. The women competitors will shoot forty-eight arrows at fifty yards and forty-eight arrows at sixty yards for two days in succession, the three finishing in the lead to receive gold, silver and bronze medals respectively. Many Englishwomen have organized a national archery association, and it is likely that, following the lead of pingpong and diabolo, archery will become a pastime of women in this country.

Orange Omelet.

For a simple dessert or luncheon dish the orange omelet provides a way to use fruit which is too dry to cut in the usual state. To an omelet made with four eggs add four tablespoonfuls of orange juice, one teaspoonful of the grated rind and one-fourth cupful of sugar. Cook in the usual way and serve with the orange carpels as a garnish.



ORANGE OMELET.

A Nursery Toy Bag.

A strong washable bag is an excellent addition to the nursery in which to store balls, marbles and such like small odds and ends of the toy cupboard.

Half a yard of good stout gray or blue linen, about a yard wide, will make a good bag. A draw string must be placed about four inches from the top, and one of the sides should be left open halfway down to allow the toys to be easily slipped into it.

If hung by a draw tape on a nail or peg inside the nursery toy cupboard it will be found a useful and welcome addition and one which will help to keep the shelves neat and tidy.

Dressmaking Announcement

For Autumn 1908.

WE take pleasure in intimating that our **Ladies' Tailoring and Dressmaking Departments** will re-open on **Tuesday, Sept. 1st.** and that it will be presided over for the coming season by MISS E. MARION WATSON, of Toronto a young lady of exceptional ability and taste and who for some years has occupied important positions in one of King Streets largest Dry Goods Establishments in that city.

She is an honor graduate of the London Designing and Cutting School and comes to Peterboro with the most flattering recommendations from former patrons.

Miss Watson is in New York at present in the interests of our Dressmaking Department, where she will enjoy special advantage in studying the **Correct Fall and Winter Styles.**

On and after Tuesday, September 1st she will be pleased to confer with Ladies desiring a personal interview regarding the new Autumn Fashions in **Ladies' Tailored Suits, House and Street Costumes and Evening Gowns.**

¶ Orders for this department should be placed early and appointments secured so that execution can be made promptly.

SEASON AT LAKES ABOUT OVER COTTAGERS RETURNING HOME

Latest News From the Summer Resorts—Upset in Stony Lake—Concert at Crowe's Landing—Water Low.

The season at the lakes is practically ended. The evenings are becoming too cool and many of the all summer visitors will have to devote their time from now on extensively to their business affairs. These chilly nights and the turning of the leaves marks the end of the summer which has been one of the busiest and most thoroughly enjoyable in the history of Kawarthadom. The different places on the lakes are gaining an international reputation as summer resorts and many Americans and Canadians regard them as among the foremost on the continent.

Besides the lovely weather the social and other functions have been most successful and the Stony Lake, Chemong and Sturgeon Point regattas have been the best ever held. Altogether the year has been a delightful one and it is not without much regret that the cottagers are forced to forsake their summer homes with the pleasant and healthful surroundings for the prosaic environment of the city.

AN UPSET.

Albert Alexander porter at the Park hotel, narrowly escaped being drowned the other day in Stony Lake about a mile and a half from the falls. He was standing up in his canoe when he suddenly lost his balance and fell forward into the water. A friend who was with him rescued him after considerable difficulty.

BURLEIGH FALLS

Burleigh Falls has met with great favor this year from the summerers at the lakes and the Park hotel has enjoyed the patronage of a large number of guests. The American visitors who had not been there until this year have voted it the finest summer place they have visited yet, while the army of regular guests has been as numerous as in previous summers.

But at Burleigh as at other places at the lake the visitors are leaving owing to the approach of fall, although there are quite a number at the hotel yet.

The following are the registrations for the past week:

A Luebeck, John Lynch, Rochester.

Misses Mayme B Witzel, Alice E. Fogels and Howard A. Maplis, A. A. Shearer, Rochester.

Charles C. Comanys, New York City

C F Trotter, St. John's, NB.

Lieut-Col. Rogers and Miss Emily Rogers, Grafton.

Misses MaNabb and M. Rogers, of Chicago

J O W McCarthy, and wife; Misses Pearl and V. McCarthy, and Josephine Corcoran, Misses Daisy and Jessie I. Webb, Mr A Watson, Toronto.

George Fearn, jr., and wife, Leslie K. Irwin, A M Marshall, Mobile, Ala.

W Beird, George C Stone, and Harmen Buyer, Pittsburg.

L Stevenson, Oshawa.

J. M. Watson, Morrisburg.

A J Longland, J W Stewart, Alex Stewart, A F Williams Jas. Davidson and Percy Blade, of Peterborough

CONCERT AT CROWE'S LANDING

The East End Cottagers' Association held their last concert of the season last Wednesday evening. A large number from all parts of the lake was present and a delightful programme was rendered. Mr. H. G. Buck, of Norwood, acted as chairman, and the following numbers were given:—

Banjo and violin duet—Mr. Walter Crowe and Miss Robb.
Solo—Mrs. Jas. Davidson.
Vocal Duet—Mr. and Mrs. Ralph.
Solo—Miss B. Harkett.
Piano Solo—Mrs. W. J. Morrow.
Piano Solo—Miss Norma Mitchell.
Vocal Solo—Mr. R. Shaw.
Violin Solo—Miss Julia Choate.
Recitation—Miss Craig.

After the concert a dance was held and a thoroughly enjoyable time was spent.

WATER VERY LOW.

The steamboat men are complaining of the low water prevailing at the present time. Capt. Stollard of the steamer Stony Lake, stated that at the present time it is lower than at any time this year, and in some places considerable difficulty is experienced in landing passengers. The cause of the low water is attributed to the scarcity of rain. The captain states that they haven't had any rain for a month.

WEEK END VISITORS.

The Saturday night dance at the Juniper Island Pavilion was largely attended, it likely being the last to take place at this popular point this season.

Yesterday morning Mr. James Acton conducted the service at the pavilion. There was the usual large attendance.

The Saturday night boat carried a large number of people to spend the week end at the lakes many taking advantage of probably the last real warm weather to enjoy a few days at their cottages. Many of the cottagers returned home this morning and have closed up their summer homes for the year.

Mr. H. LeBrun spent the week end at his cottage.

Mr. John King was the guest of Mr. H. LeBrun at Bellechasse over Sunday.

Mr. Alex. Gibson came up the lakes Saturday evening.

Messrs. J. D. Craig and F. D. Craig were at the lake over Sunday.

Owing to the Majestic discontinuing her regular trips there will be no boat connect with the noon train at Lakefield, the steamers Stony Lake and Empress meeting the morning and evening trains.

Miss Lottie Davidson returned to the city to-day after a two weeks' holiday at "Woodside."

Mr. H. C. Strickland returned to-day after spending a delightful holiday at the lake.

Mr. Bobby Parker returned to the city to-day from Lovesick Lake, where he spent his vacation.

Mr. "Bob" Eason spent the week end at the lakes.

Miss Eva Irwin returned to Peterborough to-day after spending a most delightful vacation at the lakes.

Mr. Harry Thompson returned to the city to-day after spending the week end at the lake.

Mr. John Bowers returned to the city to-day after spending the summer at his cottage.

The Misses and Master Herb Rogers returned to the city to-day after spending the summer at Clear Lake.

Mr. John Carlisle and family returned to the city to-day after spending the summer at their cottage, "Upsidedown," on Clear Lake.

Miss Seward, of the Bell Telephone Company, spent the week end at the lakes, the guest of Mrs. R. B. Rogers.

Mr. J. D. Collins returned to the city to-day after spending the week end at his cottage.

DRIVE HAD SOMEWHAT SAD ENDING

Young Ladies Tried to Turn Around on Road and Upset Occurred

Three young ladies who hired a horse and buggy and went for a drive yesterday are of the opinion that an equine without a tail would be an improvement to the ordinary species. They went out the Chemong road and when about two miles from the city attempted to turn around. The horse, however, had his tail over one of the reins and the turning process proved disastrous. The buggy was upset and the ladies thrown out, but fortunately, they escaped without injury. The back was broken off the buggy, but the horse did not get away as he fell in the ditch. Some persons from a nearby house rendered assistance.

THE TIMES ARE GETTING BETTER

An Improvement Reported From Ottawa—Better Conditions Also Prevail in States

Ottawa, Aug. 29.—Industrial conditions continue to grow brighter according to the reports from all parts of the Dominion that have been received at the department of labor during August. Apart from the disturbance of the C.P.R. strike, railway shop employes were taken on in large numbers, and there was an increase in the output of manufacturing establishments and in the general demand for labor.

Railway construction operations were giving employment to several thousand of men, and building and civic improvement work increased in volume. The cause of the improved tone was in large part the continued favorable reports received with regard to the agricultural outlook. Crops in every province gave promise of yields exceeding those of 1907.

A surplus of unskilled labor was reported at certain points, but the amount was less than in previous months, and in some localities a scarcity of men were encountered after the beginning of harvesting.

DUN'S REPORT IMPROVEMENT.

New York, Aug. 29.—Despatches to R. G. Dun & Company indicate further gradual gains in the actual volume of business, and much improvement in sentiment. Bank clearings continue to reflect some reduction in the volume of trade, which is usual in the last week of August, though sentiment through the banks are now considerably restricted compared with former years, total exchanges this week at all leading cities in the United States, being $1,949,198,774, 2.5 per cent. less than a year ago, and 30.3 per cent. under the corresponding week of 1906.

KEEP THE KIDNEYS WELL

Health Saving Explained by a Peterborough Citizen Who Knows From Experience.

Many Peterborough people take their lives in their hands by neglecting the kidneys when they know these organs need help.

Sick kidneys are responsible for a great amount of suffering and ill health.

The reason so many use Booth's Kidney Pills is their quick relief for all kidney weakness. Here is what a Peterborough citizen says:

Mrs. George Hawes, of 857 Water St. Peterborough, says:

"I had suffered for some time with many painful and annoying symptoms of kidney trouble and although I had tried many remedies and doctors I found little or no relief. My back was weak and a dull, bearing down pain settled across the small of it and extended into my shoulders and around my sides. I was weak and languid and the least exertion would tire me out. Dizzy spells were frequent and often I would awake with a severe headache. I tried Booth's Kidney Pills through an advertisement at McDermid and Jury's pharmacy. I soon found them to benefit me and continued their use. In a comparatively short time I was as well and strong as ever and without a symptom of the painful and long-standing disease."

Sold by all dealers. Price 50 cents. The R. T. Booth Co., Ltd, Fort Erie, Ont., Sole Canadian agents.

BROTHER OF LOCAL MAN PASSES AWAY

Brother of Mr. Wm. Stacey of This City Dead at Lindsay

Lindsay, Aug. 29.—After an illness of nearly two years Owen Rutherford Stacey passed away last evening at his late home on Durham street. Deceased was forty years of age and leaves a mourning widow.

For many years the late Mr. Stacey conducted a general store in Lifford, but illness caused him to retire to Lindsay. He has been residing in town for the past two years most of which time he was an invalid.

The brothers of the deceased are Ben, Lorneville; Thomas, of Yelverton; William, of Peterborough, and Dr. Stacey, of Toronto.

Deceased was a Methodist in religion and was a member of the Masonic Order and of the Independent Order of Foresters. The funeral will take place on Monday at three o'clock, from his late residence, and proceed to the Riverside cemetery. The funeral will be conducted under Masonic auspices.

General Booth says he is going to South Africa in search of a new Canaan, in which the unemployed of this country can receive a welcome and a home.

OBITUARY

MRS. GEO. H. COLLINS.

The death occurred at Nicholls yesterday of the wife of George H. Collins, Brown street. The deceased was thirty-two years of age and had suffered for some time from a complication of diseases. Her death is unusually sad, as besides her husband she is survived by five young children. Mrs. Collins was highly respected and beloved by a large number of friends.

The funeral will take place on Tuesday afternoon at 2.30 o'clock, from the residence of her father in law, Mr. Wm. Collins, to Little Lake Cemetery.

PRESENTATION TO MR. KEYS

Normal School Teacher Coming to Peterboro' Honored by Cornwall Orangemen

The Cornwall Freeholder says:

The Sir Knights of Stormont Royal Scarlet Chapter and the members of Monroe Loyal Orange Lodge No. 980 held an open meeting in their hall, Liddell Block, on Tuesday evening August 25th, to say farewell to Sir Knight S. J. Keys, B.A., and to present with a P.W.C. in C. gold jewel on the eve of his departure for Peterborough where he has been appointed to an important position on the staff of the new Normal School, lately erected in that city. The hall was well filled with members of the Order, with their lady friends and a few privileged outsiders. The chair in the absence of A. F. Birchard, was taken by D. Monroe. After an overture on the piano by Frank Ross White of New York, the chairman made a few remarks setting forth the objects of the Loyal Orange Association, and proved by reading extracts from the constitution that the Order was a defensive, and not an offensive association and that Orangemen were bound to protect all classes and creeds in the enjoyment of their just rights. He then referred to the main object of the meeting, which was to do honor to an active member of the Order who was about to remove to a wider sphere of usefulness and to bid him speed.

Miss Atchison, Miss Georgia Ross and F. Wood sang songs, each having to respond to encores. Miss Mulhern also played some of the accompaniments.

Mr. Broder, M.P. for Dundas, gave a short address in his own inimitable style, holding the audience spellbound for about half an hour during which, at his will, they were convulsed with laughter, or made to think seriously of their responsibilities as citizens of this great empire.

Excellent and interesting addresses were also delivered by John C. Milligan, H. B. Fetterly and C. B. Bouck, who were classmates of Mr. Keys.

W. V. Boyd then read an address from Stormont Chapter and Monroe Lodge, and D. J. Jamieson pinned on his breast a beautiful gold jewel, suitably engraved.

Mr. Keys made a very happy reply. He referred to the good work done by his predecessor, Mr Connolly, to the excellent staff of teachers he had to assist him in his work to the aid given by the Board of Trustees to make the school an up-to-date institution in every respect, to his friendly neighbors and the kindness of the citizens of Cornwall generally.

Light refreshments were served and the meeting broke up after singing Auld Lang Syne and God Save the King. All pronounced the open meeting an unqualified success.

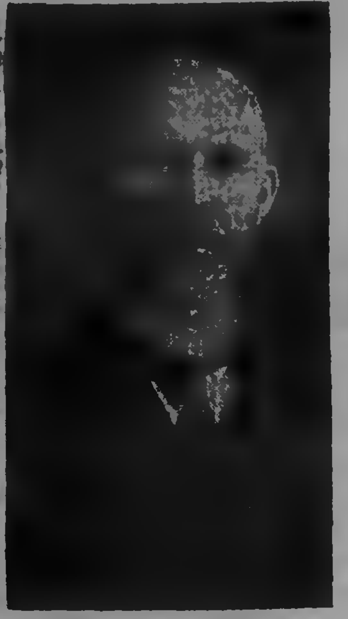
NESBITT IS CONCILIATOR WILL REPRESENT COMPANY

John G. O'Donohue is Unionists' Man and He and Nesbitt Have Five Days to Choose Third Member—Men Start Work at North Bay.

Toronto, Sept. 1.—The C.P.R. has nominated its representative in the conciliation board called for under the Lemieux Act by the Brotherhood of Locomotive Enginemen and Firemen. The company's representative will be Hon. Wallace Nesbitt, K.C., who has accepted the appointment. The brotherhood will be represented by J. G. O'Donoghue.

Messrs. O'Donoghue and Nesbitt have five days in which to agree upon the third member of the board. As the two arbitrators have in the past secured Prof. Adam Shortt as their chairman when acting together, it is quite probable that they will invite that conciliator to preside over the arbitration of the Brotherhood of Locomotive Enginemen and Firemen's grievances.



PROF. ADAM SHORTT,
Who May Be Chairman of Conciliation Board.

The board will sit at Montreal, right in the midst of the C.P.R. strike headquarters. Those urging the appointment of Prof. Shortt by the Dominion Government as a special official to endeavor to bring the C.P.R. strike to an amicable end regard the choice of Hon. Wallace Nesbitt by the company as a favorable sign.

North Bay, Sept. 1.—About twenty-five men arrived Sunday and went to work in the C.P.R. shops. Some are skilled mechanics, and the company officials feel that things are going their way.

James Hughes, a resident of the town, employed about C.P.R. passenger cars, who did not join the strikers, was attacked yesterday morning and badly beaten while going to work.

Montreal, Sept. 1.—Another meeting of the C.P.R. strikers was held yesterday. The leaders were there and made a strong appeal to the men to hold together, declaring if they did so they could not fail to win.

C.P.R. officials announce they took on yesterday 86 more mechanics.

Winnipeg, Sept. 1.—Apparently nothing remains for the farmers and railway employes but to urge strongly for Government ownership of railways," said Machinists' Organizer McVity last night, "and it is the intention of our membership to make this an issue in the coming campaign."

Toronto, Sept. 1.—It is understood that the Grand Trunk has granted an increase of 5 per cent. to some of the trainmen in its employ. The men admit that they did not get all they wanted, but say they were contented with what they were given because of he prevalent depression of trade and the scarcity of money.

Three Boats Aground.

Toronto, Sept. 1.—During a fog on Lake Superior Saturday night, the steamer Rosemount grounded at Round Island, and the passenger steamer Caribou struck bottom in the Soo Canal. Both were released.

The steamer Westcott is reported ashore at Little Current.

MYSTERY IS MADE CLEAR SLEUTH AFTER DYNAMITER

After Clever Investigation Provincial Detective Finds That Explosive Was Placed on W. McClellan's Door by Disappointed Blackmailer.

St. Thomas, Sept. 1.—Through the clever work of Provincial Detective Reburn, the mystery of the bomb outrage has been cleared, and the police are now on the trail of the guilty party, who has escaped across the border. He will be extradited when taken into custody.

On Aug. 8 an attempt was made to blow up the private residence of W. McClellan by exploding a pail filled with powder attached to the knob of the door. McClellan had received threatening letters demanding money. Detective Reburn got these letters and worked very quietly. He discovered that twenty-three years ago the barn of Orlando Fordyce had been burned with a loss of $5,000.

He also had received threatening letters demanding money. Here the detective found his first clue which led to the culprit's identity.

There is a woman in the case, and the motive was partly jealousy. The man wanted is well known in St. Thomas, and news of his capture across the line may be expected at any time.

ATHLETE CHOKED BY BETTER HALF

One of the Dangers of Marrying a Husky Chorus Girl

Chattanooga, Tenn., Aug. 31.—Chas. B. Aldrich, favorite nephew of Senator Nelson W. Aldrich, an athlete of intercollegiate fame, and hero of many a football game at the University of Chattanooga, made a naive confession in a divorce petition filed last week in the local courts.

Mr. Aldrich declares that the former chorus girl, Mona Ridgeway, of the "Fallen by the Wayside" Company, frightened him nearly to death by trying to strangle him in their handsome apartments in this city, and that she had him so badly scared that when a policeman burst in their door he was afraid to do else than substantiate her report that they were practising a vaudeville act for the summer gardens and that no personal violence was contemplated.

Groom Didn't Show Up.

Toronto, Sept. 1.—Samuel Harkness of Kingston is suing Oliver McAdoo of Pittsburg Township for $5,000 damages for breach of promise of marriage with his daughter, Rhea. The day was set, the wedding festivities on, but McAdoo failed to turn up.

Tons of Herrings Driven Ashore.

St. John, N.B., Sept. 1.—The shore of Courtenay Bay is covered with thousands of dead herring and silver hake. These fish were brought up by the tide on Saturday evening, and in some places they are nearly one foot deep.

Escaped Lunatic Caught.

Bowmanville, Sept. 1.—James McCheaney, who escaped from Kingston Asylum in June and had been hiding in the woods around Bowmanville ever since, was recaptured by Constable Jarvis. He had $50 on him.

Cadets Will Visit Canada.

London, Sept. 1.—The cruiser Cornwall sails for St. John's and Halifax on Sept. 9 with naval cadets.

TELEGRAPHIC BRIEFS.

Word received yesterday from the West says that the rush for free land grants to-day will break all records.

The City of Melbourne, Australia, tendered an enthusiastic welcome to the U. S. fleet yesterday. The crush was so great that several were injured.

William Curtis, a farmer near Frankville, ejected a tramp who was sleeping in his barn, and in revenge the fellow set fire to the building, and Mr. Curtis lost all his outbuildings.

Cecil B. Smith's firm of electrical engineers—Smith, Kerry & Chance—will have charge of the construction of the Government's power transmission line, under the McGuigan contract.

In a statement issued yesterday J. Stanfield, M.P. for Colchester, N.S., says he will resign his seat if any connection can be proven between him and Bayne, the organizer on trial for bribery.

Grey at Parry Sound.

Parry Sound, Sept. 1.—Earl Grey in his tour of the Georgian Bay and the upper lakes arrived in Parry Sound yesterday morning.

Since leaving Collingwood and Owen Sound, His Excellency and the members of his suite have been having a quiet cruise.

Fatal Auto Accident.

Philadelphia, Sept. 1.—Out for a day's run to Atlantic City, just after leaving a hospital, H. Walker, a contractor of Gloucester, N.J., was fatally injured when his big touring car turned turtle. His wife, mother and his little daughter were severely hurt.

Customs Receipts Decrease.

Ottawa, Sept. 1.—Custom receipts for August are $4,376,046, a million and a quarter less than August, 1907, but $500,000 better than July last. The decrease for five months since April 1 is $7,374,306.

No Malice In Shooting.

Toronto, Sept. 1.—Coroner Singer's jury, enquiring into the shooting of Max Magnus, last evening returned a verdict to the effect that the affair was an accident and no malice was intended.

MEN DRAGGED IN THE LAKE

Aeronaut Bennett of Winnipeg, Had Thrilling Escape From Death.

Buffalo, Sept. 1.—Weather-beaten, chilled almost through to the marrow and exceedingly glad to get on land again, Lieut. J. G. Bennett of Winnipeg and Tom L. Sample of Columbus, Ohio, pilot and assistant pilot of the balloon Queen Louise, arrived in the city yesterday afternoon. They immediately sought a telegraph office to send word to friends that they and their balloon were in Buffalo to rest up after one of the most exciting and most strenuous balloon flight experiences which fall to the lot of young men. The balloon descended into Lake Erie, and the daring aeronauts were rescued from drowning yesterday by the crew of the steamer Mohegan, which brought them to Buffalo yesterday.

Lieut. Bennett is a member of the Canadian balloon corps, which operates experimental stations and makes an especial study of aeronautic problems. Sample is a special correspondent for The Columbus Press-Post.

Jumps From Train.

Dunnville, Ont., Sept. 1.—Mrs. Frederick Bier of Buffalo was killed at Canfield Junction yesterday morning. She had been visiting friends at Nelles' Corners, and was returning home with her husband. They got on the wrong train and discovering their mistake when the train was moving, jumped off. Mrs. Bier fell on her head.

Clerks Appointed.

Ottawa, Sept. 1.—Hon. R. F. Sutherland, Speaker of the House of Commons, has appointed A. H. O'Brien to be law clerk of the House of Commons, to succeed the late F. F. McCord.

J. K. Foran, secretary of the law branch, becomes assistant law clerk, and A. J. Troop becomes secretary.

Drowns In Six Inches of Water.

Windsor, Sept. 1.—Robert, the 18-months-old son of R. T. Fitzpatrick of Detroit, wandered away from the summer home of his parents on the side of Lake St. Clair, above Walkerville, and was found drowned. He was lying face downward in about six inches of water.

Laurier's Chauffeur Fined.

Ottawa, Sept. 1.—On Saturday morning Henry Birks was fined $22 in the Police Court for speeding an automobile.

It transpires that Birks is Sir Wilfrid Laurier's chauffeur, and that Lady Laurier was in the machine at the time.

BIGAMIST GETS HEAVY SENTENCE

Man Who Had Two Wives Gets Five Years in Penitentiary.

Windsor, Sept. 1.—Nathaniel Self, alias George Ferguson, who deserted his wife and children in London and contracted another marriage with a woman named Lillian Norish, with whom he was living at a local hotel when arrested, was yesterday sentenced to five years in Kingston, having previously pleaded guilty to a charge of bigamy.

The sentence was the heaviest administered for some years on this charge, but Magistrate Bartlett found no extenuating circumstances for Self.

The prisoner is said to have left wives in Port Huron and Woodstock. His London wife and the Norish woman went to see him in the Sandwich Jail and both left with tears in their eyes.

There is no personal attraction about Self, and the authorities are at a loss to know how he possesses such a fascination for the feminine sex.

Cancelled Night Trains.

Winnipeg, Sept. 1.—Owing to heavy rains Sunday, the C.P.R., as a precautionary measure, cancelled all trains from the east. They did not care to have trains venture over certain places in the dark.

Intended For Japan.

Leghorn, Sept. 1.—It is reported that the armored cruiser of 10,000 tons, a sister ship of the Italian cruisers Pisa and Amal, being built by the Orlando Dockyard here, is intended for the Japanese Government.

Gave Wrong Whisky.

Guelph, Sept. 1.—Six local hotelmen were yesterday up on charges of refilling Imperial whisky bottles with barrel goods. They were fined $20 and costs each.

Dies on Operating Table.

Toronto, Sept. 1.—While undergoing an operation at the General Hospital yesterday noon Miss A. Thompson of Brampton collapsed and died.

The woman had been suffering with goitre for years and was sent to the hospital five days ago.

Kato London Ambassador.

Tokio, Sept. 1.—It was definitely decided yesterday that K. Kato, Minister of Foreign Affairs under a former Cabinet, will be the next Japanese ambassador to London.

The selection came as a complete surprise.

Duties Begin Early.

London, Sept. 1.—Hon. Col. J. M. Gibson, the prospective new Lieutenant-Governor of Ontario, will be invited to open the London fair.

New Queen's Professor.

Kingston, Sept. 1.—Archibald Young Campbell, B. A., has been appointed assistant classical professor in Queen's.

FIVE BURNED BY MOLTEN METAL

John Southam, of Hamilton, May Die as Result of Ladle Bursting.

Hamilton, Sept. 1.—There was a serious accident at the east end plant of the Hamilton Steel & Iron Co. yesterday afternoon, as the result of which five men were seriously burned, one probable fatally. A ten-ton ladle of molten steel burst, allowing the bottom to drop out and the contents to scatter among the workmen beneath. One of the workmen, John Southam, 19 Sydney street, was burned all over the body, and his life is despaired of.

Robert Connelly, Fred Voltermen, John Beveridge and Charles Whitfield were badly burned.

Fire In Storage Plant.

Montreal, Sept. 1.—The cold storage establishment of Gunn, Langlois & Co., St. Amable street, situated in the heart of the business district, was damaged last night by fire to the extent of $50,000.

Over half a million dollars' worth of cheese, butter and eggs were in the warehouse. Most of the damage was caused by water.

Took Poison by Mistake.

Listowel, Sept. 1.—When the men returned to work at the woolen mills yesterday morning they found Arthur Brook, son of the proprietor, about 24 years of age, lying on the floor very ill.

It was learned later that he had taken sulphuric acid in mistake for medicine. He died three hours later.

Criminal With Bad Record.

Ottawa, Sept. 1.—James Jenkins, an English immigrant, who was recently arrested by the Ottawa police on a charge of theft, was sentenced by Deputy Magistrate Askwith yesterday to five years' imprisonment in Kingston Penitentiary.

There were no less than 19 previous convictions against him for theft.

Tunnel Long Delayed.

Windsor, Sept. 1.—Owing to the innumerable delays which have retarded the progress of the new Michigan Central tunnel, it is not regarded as probable that the giant undertaking will be completed by July of next year, as planned.

The work will likely take two years more.

Burglars at St. Thomas.

St. Thomas, Sept. 1.—The men's furnishing store of G. E. Norman, Shedden, was broken into by burglars early yesterday morning and $12 stolen from the till. While trying to break into Mr. Edy's general store, the latter fired several revolver shots at them.

MAY BECOME C.P.R. SOLICITOR

Mayor Darcy Scott of Ottawa, For Railway Commission.

Ottawa, Sept. 1.—The rumor is revived that Mayor Darcy Scott of Ottawa will receive an appointment to the Railway Commission. If he goes on the board it is said that W. L. Scott, local master and deputy registrar of the high court, will resign to accept the solicitorship of the Canadian Pacific Railway.

Year For Forgery.

Toronto, Sept. 1.—For forgery of a check for $1,000, which he sought to cash at the King Edward Hotel a week ago, W. L. Douglas was sent to the Central for one year from the Police Court yesterday morning. He is wanted under the name of Douglas Dearing in Columbus, Ohio, on two similar charges.

Want to Shorten Sentence.

Kingston, Sept. 1.—An effort is being made by the friends of Charles Shaw, former street car conductor, given a year in the Central for bigamy, to have him released. He has four months yet to serve.

To Go to Australia.

Ottawa, Sept. 1.—R. M. Coulter, Deputy Postmaster-General, has been appointed a Canadian envoy to go to Australia in the interests of the allred project.

Constitution For China.

Pekin, Sept. 1.—An edict has been issued setting forth in detail the stages that will be reached each year in the conversion in the form of government in China to the foreign system and assuring the people in the name of the Emperor that a constitution will be granted nine years hence.

Recently there has been a formidable movement in the provinces looking to the securing of a constitution.

Two Men Killed.

North Bay, Sept. 1.—A man supposed, from papers found on him, to be Norman McGee of Fernie, B.C., was cut to pieces by a C.P.R. train at Ridout, west of Cartier, on Sunday.

At Woman river another man was caught on the bridge and killed by a C.P.R. train. Letters and papers found on him indicate that his name is James McLean of Fort William, formerly of Dundee, Scotland.

Negro Beats Policeman.

Chatham, Sept. 1.—Nelson Parker, a negro with a long police court record, was brought before Mayor Scullard yesterday morning, charged with resisting arrest and assaulting Officer Groves. He pleaded guilty and will be sentenced by Judge Bell on Wednesday.

Parker blackened one of Groves' eyes and tried to gouge out the other.

RESURRECTIONISTS BUSY BODY REPORTED STOLEN

Strange Tale of Grave Robbing is Told by Men Set to Guard Remains—When Watchmen Were Away Vehicle With Rubber Wheels Was Seen.

Chatham, Sept. 1.—A sensational case of grave robbing at Maple Leaf cemetery has leaked out, the particulars of which show to what trouble the medical fraternity will go to in order to secure a "rare specimen."

Recently a young girl in Chatham Township died of Addison's disease, a malady which for years has baffled all medical skill. The girl's body, previous to death, became covered with dark stripes, and her case attracted the attention of physicians and surgeons all through this district and farther east.

Fearing that her body might be stolen, the parents engaged two men to watch the grave at nights. The men faithfully kept up their lonely vigil for several nights, but Sunday night they neglected to get out to the cemetery till midnight, when they were startled to see a rubber-tired carriage bearing two men drive away from the vicinity of the grave. The horses feet were padded so as to make as little noise as possible.

As the grave was newly-made, it was impossible for the men to make sure whether the earth had been disturbed or not, but the relatives of the girl feel sure that the body was stolen, and they intend to re-open the grave and make an investigation.

THE COLCHESTER ELECTION MR. STANFIELD M. P. WILL RESIGN IF BAYNE GUILTY

A Manly But Logical View of the Situation—A Signed Statement—Men Cannot Profit by Corruption and Have Clean Record Thinks Mr. Stanfield M. P. —A Determined Fight in Canada Against Political Decline—Both Sides Combine.

Special to the Review

Truro, N.S., August 31—Tomorrow John Stanfield, MP, will issue the following statement to the electors of Colchester;

"Gentlemen electors of the County of Colchester: In view of the arrest and examination of Alonzo B. Bayne, charged with violation of the Dominion Election Act in connection with my election on the 28th of November last, I feel that, in justice to my constituents a public statement is due from me. I, therefore, now declare that I did not before, at the time, or since the election of myself, or through anyone else, have any dealings in any way with the said A. B. Bayne, in respect to politics or any other matter.

"In regard to the election, I say that I went into it, passed through it and came out of it with clean hands. I in no way, violated the law I instructed my friends and supporters to strictly observe the law in every particular and they have since assure me they did so.

"It is true that after the election I heard rumors of wrongdoings, both in respect to myself and friends and my opponent and his friends. I looked upon these rumors as the usual aftermath of sharply contested elections. My opponents have started investigations. I welcome them, and we shall see how clean or how besmirched are the hands of both parties and their principals before these investigations close.

"In the examination of Mr Bayne no stone has been left unturned in the frantic efforts of my opponents to connect me with his doings which has resulted in entire failure. Should the justice before whom the case has been tried find sufficient evidence to send Bayne up for trial and a jury of my fellow countrymen find him guilty of the charges preferred against him and that I in any way profited by his operations in my election I will immediately thereafter forward my resignation to the Speaker of the House of Commons at Ottawa.

"To be consistent and true to my constituents. I owe the above statement and proposal. My declaration for clean politics a cleaner political life for Canada stands for yesterday, today and for the days to come.

Signed—
JOHN STANFIELD."

PROPRIETOR OF "BLIND PIG" FINED $50 AND COSTS

Jos. Levasseur, jr., was fined $50 and costs, amounting to $58.82, for selling liquor without a license, or in other words for running a "blind pig" at the foot of Park street, near the Otonabee river. Mr. G. N. Gordon appeared on behalf of Levasseur. Judgment was reserved at the request of Mr. Gordon, until this morning. It will be remembered that Levasseur's place was raided by Inspector Stewart and P. C. McHarry about three weeks ago and considerable lager found on the premises.

Blast Proves Fatal.

Cornwall, Sept. 1.—Alexander Adams, son of John Adams of Cornwall, Ont., arrived home yesterday from Nominingue, Que., where has was badly burned and his eyes are closed, but it is believed that the sight is uninjured.

A. Girard of Lachute was killed outright. A. Sloan, colored, of Boston, Mass., was badly hurt and is in a Montreal hospital. An Oshawa man named Simmons escaped unhurt.

Assassinated In Cell.

Calcutta, Sept. 1.—Gossans, a native, who was arrested with 30 others for complicity in the recent bomb outrages, and who turned King's evidence, was killed by two fellow-prisoners in a cell of the Alipur Jail, yesterday.

The evidence given by Cossans revealed a widespread rebellious conspiracy, which included plans to assassinate the viceroy, Lord Minto, and other high officials.

Plead Guilty.

Brockville, Sept. 1.—In court yesterday M. Foley and D. Ross pleaded guilty to three burglaries in the village of Athens. The robbery of the B. W. & N. W. R. station and toolhouse was not pressed by the crown attorney. Judge McDonald will impose sentence on Sept. 6, when Willie McGuire comes up for trial, charged with robbing with violence a pal named Hughes.

Work For Harvesters.

Regina, Sask., Sept. 1.—Unemployed harvesters were all shipped out of here last evening, word having been received from Wm. Whyte that the C. P. R. would provide free transportation and free meals en route and work east of Winnipeg to these men. After they work 30 days at $1.75 they will be allowed to return east at ordinary harvester rate.

Burned to Death.

Brighton, Sept. 1.—Mrs. William Caldwell has received news of the death of her son, W. Bedal. He was fireman with the San Pedro, Los Angeles & Salt Lake Road. It is supposed that he fell asleep in his cabin with the lamp burning and accidentally knocked it over.

BAND WILL GO WITH REGIMENT

The 57th Regiment Band won't play at the Toronto exhibition this year. The band is billed to play at the fair on dates on which it will be away with the regiment.

The band has to leave on Saturday the 5th and it is on the 5th and 7th that the directors of the Toronto fair are desirous of securing the services of Peterborough's crack musical organization.

Owing to the conflicting of dates it was decided to give up the Fair outing in favor of the regiment.

Fall School of Musketry.

Ottawa, Sept. 1.—Militia orders announce that a fall school of musketry will open at Rockliffe ranges on Sept. 8, immediately after the close of the D. R. A. matches. Major R. A. Helmer will be in charge.

Killed by Pitched Ball.

Chicago, Sept. 1.—Morgan Cunningham, 15 years old, while at bat in a baseball game, was struck over the heart with a pitched ball and instantly killed.

Girl Mother Confesses.

Guelph, Sept. 1.—Emma Walker, a 19-year-old dining-room girl in a Fergus Hotel, has admitted to Chief Constable Crandall that she is the mother of the three-weeks-old child found in a swamp near here last Tuesday. The girl is remanded to jail for a week.

New Adjutant.

Kingston, Sept. 1.—It is understood that Capt. H. A. Kaulbach, a graduate of the college, will be the new adjutant at the Royal Military College. He is now with the Royal Lancaster Regiment at Belfast, Ireland. His home is at Halifax.

A story is current in Montreal to the effect that Lord Strathcona is to retire and become an earl, and Sir Montague Allan, is to become High Commissioner.

St. Thomas police arrested two men on a charge of chloroforming Thomas Meyro at Tilbury and then found they had two tourists, one a wealthy man from St. Louis and the other his servant.

PRESS SUBSIDIES

The public of Canada must watch with more than a casual glance the payments made out of the public treasury to the press. A subsidized press is a danger to any country. It smacks of Castro or some petty tyrant of equal calibre. As in almost every other case the charge made by the Liberals in this respect looks ridiculous alongside of what they themselves have done. In 1896 the Government spent in advertising $42,713, and in Government printing ouside the Government bureau $189,330, or a total for the last year of Conservative rule of $232,833. In 1908, the twelfth year of Liberal rule the Liberals spent $871,707, or an increase of $634,674, being in the neighborhood of 300 per cent. The Winnipeg Free Press in one year, 1906, pulled out no less a sum than $57,012. It is a staunch supporter of the Laurier Government in consequence. Good old Free Press! The Montreal Herald, as good a supporter as Sir Wilfrid ever had, got $217,000 in twelve years which is assuredly a high average. How Sir Richard used to shout in loud superlatives about the extravagance of Conservatives; He is out of it all now. Sir Wilfrid had to let him go. No doubt Sir Richard will vent his anger on his former chief, but it will be of little use. Conservatives pay no attention to Sir Richard Cartwright and never did.

THE DECLINE CONTINUES

Ottawa.—The trade returns of the Dominion for July show a continued decline in imports and exports, and a considerable shrinkage as well in the Customs revenue. The imports of $22,967,040 represent a reduction of $11,959,904 from last year. The exports of domestic produce of $23,116,234 represented a decline of $4,607,365 but the exports of foreign produce of $2,596,729 recorded a gain of $861,860. Among the domestic exports there is a slight increase in minerals, fish and manufactures, but a falling off in lumber, agricultural produce, animals and animal produce. The Customs revenue of $3,614,210 for July was $1,914,257 less than one year ago.

In four months of the current fiscal year there was a decrease of $39,915,809 in the imports, and of $6,485,346 in the domestic exports.—Trade Review.

Canada presents a contrast to the United States in this respect. In almost every branch of industry the forward movement has begun again in that country, while with us there is but a poor prospect. As a matter of fact until our trade and financial management is wholly and completely changed there is no prospect of permanent improvement. The Land of the Maple appears to be unequal to sustaining six millions of people. What is the reason? The returns of agriculture, manufacture and all other forms of industry are being held back from the people. The people of Canada starve in the midst plenty. The money-lender alone prospers. He always prospers. He monopolizes prosperity. Something is wrong somewhere. If we expend eternally, how can we have anything laid by. If we borrow eternally how can we retain the profit of our work. Sir Wilfrid Laurier is responsible for an extraordinary condition of decline.

THE HONOUR ROLL

The honour roll is a long one but, notwithstanding we must give some of the names of those who did dirty work for the Laurier government, and were rewarded for it afterwards.

The character of a government may be judged by its appointments to important and responsible public positions. An administration which appoints disreputable or dishonest men to the public service or retains and promotes officials who have been proved unworthy cannot be credited with good intentions. The Laurier administration has appointed, kept in office and promoted a large number of persons who should never have been placed in any public position, and whose only qualification for appointment or reward was a kind of party service which reflected discredit upon themselves, and upon the party to which it was rendered. The following is a list, by no means complete and a brief sketch of the public record of officials who have been rewarded and protected by the Government.

JOSEPH NIXON

For party services Nixon was made land agent and caretaker at Macleod. It was found on investigation in 1905 that in four years preceding Nixon had retained for long periods, various sums of public money, that his accounts were missing or mutilated, dates of payment falsified, and cash receipts not accounted for. The investigation was held by R. E. A. Leach, of "thin red line" fame, and was not severe. Nixon threw part of of the blame on his son, who was fifteen years old when the offences began while it was shown that cash payments not accounted for had been made to the father personally Neither Nixon nor his son were prosecuted, and Nixon was allowed to resign on making good the amounts traced to him. Twelve days after Nixon's malfeasance was established and reported at Ottawa, Mr. Oliver appointed him to another office in the Immigration Department at $55 per month, and a fortnight later raised his pay to $75 or the same salary that he had before the investigation.

PHILIP WAGNER

As a reward for party service, Hon Frank Oliver, then a private member, caused Wagner to be made an migration interpreter, in which capacity he victimized confiding foreigners who fell into his hands. One immigrant handed him money to pay freight on his luggage. Wagner pocketed the amount and the Galician went without his clothes until the Government paid the freight. Afterwards Wagner was charged with keeping for himself money which trusting Galicians had given him to put in the bank or to remit to Europe or to pay for land. Immigration officials suspended Wagner and stopped his pay, but Mr. Oliver interposed and had the payments restored and Wagner's salary increased. Finally several criminal informations were laid against Wagner, of which two for fraud, and theft, were carried to a conclusion. Wagner was convicted and served out two terms of imprisonment, at hard labor. When he was released Mr. Oliver had him reappointed, at a higher salary than before. Wagner is now receiving $1200 a year. It was established by sworn statements that while in receipt of that salary he assisted in the last Alberta election by distributing beer and other articles among the Galician electors. These affidavits were sent to Mr. Oliver, as head of the department, but he refused to take action or to make investigation and retains Wagner in office.

W. J. DOBEY.

Shortly before the elections of 1904 the Post Office Inspector reported a shortage in the accounts of W. J. Dobey, Postmaster of Thessalon. Investigation revealed a default of over $1,100 which sums the officer was reported to have applied to his own use. The Inspector's recommendation of instant dismissal was carried out, but the member for the county got in his work and the record was changed to one of resignation. Dobey worked hard for the Government in the Federal and Provincial campaigns following and was then restored to his office, the pay of which he had drawn during the whole period of resignation. The salary of his office is $1070.

W. T. R. PRESTON

He needs no introduction. Mr. Preston is known as the constructor and operator of the Ontario campaign machine, the character of which has been revealed by the evidence of Pritchett in the London conspiracy case, by the West Elgin confession, by the Brockville and Huron revelations, by the bogus ballot box episode, and many similar events. After the West Elgin crime Sir Wilfrid sent Preston to England as Chief Immigration Commissioner, salary $3000, a free house, and other perquisites. There Preston evolved the North Atlantic Trading Company, whose operations constitute one of the greatest swindles of modern times and cost the country $367,245. After Preston's activities had involved the Government in endless disgrace and trouble, and when he was wanted at Toronto, to give evidence in the London conspiracy plot he was sent off to Asia at $3600 a year salary, with expenses of an Oriental scale.

J. B. JACKSON.

This Ingersoll lawyer sought evidence against a Conservative member and was proved to have offered $2,000 to one man to procure such evidence "true or false." He paid $10 to one man and $10 to another who used the money to suborn perjury. The conspiracy was exposed before Mr. Justice Street who from the bench reprobated Jackson's conduct in some strong terms. Shortly after this certificate was given, Sir Wilfrid appointed Jackson to the position of Commercial Agent at Leeds and Hull, England, salary $3000 a year.

R. E. A. LEACH

He was Liberal organizer at Manitoba in the general election of 1904. Under instructions from Ottawa the officia voters' lists, printed at the Government bureau were handed to him by the Manitoba returning officers. Leach sent them back with a red line drawn through 9,399 names, as persons improperly on the list. Leach had no more authority to touch these official lists than any man on the street. Of course all the red line names were those of Conservatives. By this means Sir Wilfrid carried at least three seats in Manitoba which would otherwise have gone Conservative. Less than two months after the elections Leach was appointed Inspector of Dominion Lands Agencies at $4,000 a year. This same Leach was in 1908 made chief officer for the distribution of Government seed grain with headquarters at Regina. The seed grain scheme so managed was chiefly intended to assist the Government party in Saskatchewan and Alberta at the election.

SUTHERLAND, NEILSON, MOBERLEY

The first was a Government farm instructor, the second a Dominion fishery inspector and the third performed various Government functions. In 1905 these three were sent out to hold polls several days journey north of Prince Albert. They went a short distance, and then sat down, wrote 151 imaginary names in a poll book marked 151 ballots all for the Government candidate, and returned without going within hundreds of miels of their district. This bogus vote gave the Government candidate his majority. The crime was discovered and the perpetrators arrested. They were represented by the Dominion crown prosecutor, pleaded guilty, were fined, and their fines were paid by a clerk in the Crown Prosecutor's office, presumably out of campaign funds. Moberly, who was represented by the Minister of the Interior as the instigator of the crime, was shortly afterwards in the pay of the Dominion Government.

H. A. LEMIEUX

This gentleman was in 1896 a customs officer at Montreal, salary $1,000. His son was the Liberal candidate in Gaspe and the father obtained leave of absence went to a Magdalen Island poll where under the assumed name of Lamirande he acted as the sworn representative of his son, signing the documents and taking the oath and receiving the power of attorney in the above false name. Formal complaint was made to the Minister of Customs of this officer, who refused to take action for two years and then declined to investigate because the matter was old. In the House, Sir Wilfrid Laurier pleaded that Mr. Lemieux "travelled incognito like the Prince of Wales," and that the indiscretion might be viewed with leniency as due to paternal affection. It was so leniently viewed that H. A. Lemieux was made assistant inspector in 1901, and his salary was raised in the next five years to $1500, $2000, $2,250 and finally to $2400.

SOME OTHERS.

Zacheus Hall, a postmaster in Annapolis was found guilty of bribing voters in elections. He was convicted and fined, but retained in office until the matter had been repeatedly brought up in Parliament.

W. Z. Nichols, who was returning officer polled the votes of the forty passengers of the famous Minnie M., got the office of Indian Agent at the Sault at $1000 a year.

D. F. McDonald, one of Mr. Preston's assistants, got the position of Indian agent at Parry Sound, salary $9 00.

W. H. Hopkins, who had a share in the West Elgin machine operations was made a customs officer at Parry Sound at $700.

WHERE SAVAGES BEAT US

The rude, uncultured savage did not sit most of the day in a padded office chair, a carriage or car. His food was not prepared by a chef. He had to hunt for something to eat. And dinner, when he got it, was none too rich.

But the rude, uncultured savage did not suffer from indigestion, constipation, billiousness, headaches, as we civilized beings do. Exercise and the amount of fruit and fresh vegetables in his diet, kept liver, bowels and kidneys working right.

None of us want to go back to the days of wigwams and tomahawks but a lot of us certainly would like to have the digestion of the savages

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher: and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

OVER TWO THOUSAND PUBLIC PUPILS FACE THE TEACHERS

Record Attendance at the Opening of Fall Term To-day—Congestion in Some Lower Forms—Many Separate School Students

Roughly speaking there were 2000 pupils in attendance at the public schools when they re-opened this morning. It was the largest attendance in the history of the city far surpassing the expectations of Inspector Mowatt and his staff of teachers. It had been figured out that there would be about forty pupils for each teacher but in many of the lower forms there will be over fifty in each form. However it is hoped to improve conditions by changing the boundaries slightly and making a few other changes.

The lower forms in the Central and South Central schools are congested and steps are being taken to relieve the situation and the teachers.

The children were only kept in school for a couple of hours but tomorrow the work will start in earnest. There have been several changes among the teachers since the schools closed in June and the changes among the pupils are a great many more.

There was also a large attendance at the Separate schools and at the convent.

OVER 1,600 THRESHING MILLS AT WORK IN CANADIAN WEST

Local Man Gives Estimate of What Harvesting the Crop Really Means—Some Interesting Statistics.

It will take about 1600 big threshing machines working steadily for forty days to thresh the grain in the Canadian West.

This is the estimate of Mr. Wm. Eyres of this city who is familiar with conditions in the wheat country. The wheat crop in the west is estimated at one hundred million bushels. The ordinary threshing outfit will put through about 3000 bushels of wheat per day if the crop is good. The period for threshing consists of about forty days so that one thresher will thresh approximately 120,000 bushels during the season. At this rate it would take about 850 mills to thresh the wheat in the West.

But the oat and barley crops have still to be reckoned with. The yield of these cereals is estimated at one hundred thousand bushels, so that it will take almost the same number of threshing machines to get the oats and barley off the straw, which means that it will take 1600 threshing machines working steadily for forty days to convert the millions of acres of wheat, oats and barley into grain.

"That's something for the people to think about," said Mr. Eyres. "It gives an idea of what harvesting the crop in the west really means.

ANNUAL MEETING OF C.G.E. BENEFIT SOCIETY

Enthusiastic Gathering Last Night—Officers Were Elected—Gratifying Reports Were Presented.

The sixth annual meeting of the C.G.E. Benefit Society was held in the Y.M.C.A. assembly hall last evening. President John Trombly was in the chair and in his opening remarks, congratulated the members on the most successful year in the history of the society and expressed himself as delighted at the splendid turnout of members present over 200 being present at the meeting.

The Treasurer, R. E. Harding, read the following financial report and it was adopted by the members with applause:

Secretary's Report

The Secretary's report was read and adopted. It showed a membership of 720 members in good standing.

The following were elected officers for the next annual term:

Robt. Morrison, President.
Robt. Anson, Vice-Pres.
F. A. Shannon, Sec.
R. E. Harding, Treas.
R. W. Carson, Auditor.
Wm. Henchliffe, Auditor.
Dr. G. E. Marshall, Physician.

All the elections were close and a good deal of good natured rivalry took place.

The new doctor is well known among the members. His address is 280 Hunter street. Phone, Bell 514k.

The members have completed arrangements to have an excursion on Saturday afternoon, September 12th, the steamer Stoney Lake being engaged for the occasion.

THE SCOTTISH AGRICULTURISTS

May Get Invitation to Visit This City

Ald. G. A. Gillespie has suggested that the Scottish Agriculturists be asked to visit Peterborough in the course of their extensive Canadian tour. Their route list does not show Peterborough, and Mr Gillespie informed the Review today that he was not aware whether they were themselves selecting all the places they visited or whether they were visiting them on civic invitation.

He spoke of the matter to Mayor Rush on Saturday night, but does not yet know what steps have been taken to get them to come here. Peterborough is the centre of a thriving farming community and it would be most desirable that the farmers from the heather land should not overlook this city in their travels through Ontario.

Mayor Rush on being communicated with said he was looking into the matter but no definite steps had been taken.

OBITUARY

JOHN McCANNON

Word has been received in Peterborough of the death of John McCannon of Montana and formerly of this city. He passed away at his home on August the fourteenth. He left Peterborough 26 years ago. He was 68 years of age. He leaves a wife and six children to mourn his loss, besides two brothers and two sisters. The brothers are George of Kenora, and Daniel of West Brant, Mich. The sisters are Mrs. Jane Osborne, Dunedin, and Mrs. Doherty of Saginaw, Michigan.

WEDDING BELLS

SULLIVAN—MOLONEY

The marriage took place at St. Martin's church, Ennismore, this morning of Miss Gertrude Maloney, daughter of Mr. Eugene Moloney, of that township to Mr. Dennis Sullivan of Emily. Rev. Father Fitzpatrick performed the ceremony at 7 o'clock. Mr. Ed. Hickey was groomsman and Miss Lottie Crough acted as bridesmaid.

The happy couple left for Peterborough and had a wedding breakfast at Long and Hooper's. They have gone to Rochester on a wedding trip and on their return will reside in Emily.

SCOTT—TRAYNOR

Miss Mary Traynor of Harvey was quietly married this morning at nine o'clock to Mr. Scott of Chandos. The ceremony was performed in St. Martin's church Ennismore, by Rev. Father Fitzpatrick.

Mr. and Mrs. Scott will reside in Harvey.

THE SYRIAN IS GOOD ONE

The following telegram was received in Peterborough this morning by Mr. W. B. Naylor, the well known manager of Yankee Rogers and Hassan Abdallah the newly arrived Syrian who made his debut at the Columbia Theatre, Boston, last night.

W. B. Naylor,
Oriental Hotel,
Peterborough, Ont.,

Your man had great reception last night. He beat Jim Karlsen the Swede in 6 min. 40 seconds and Ov de Auvrey the big Belgian, in 3 min. Big house. Abdallah meets Karakanof the Turk on Wednesday night.

FARRAN, Manager.

Mr. Naylor informed the Review this morning that Hassan Abdallah was meeting all comers at the Theatre and Karakanof wanted to have a crack at the man who was supposed to be after his laurels. Abdallah evidently is ready for anybody.

Gene Hurtubuise had better get right into shape at once if he intends to put up a good argument with this son of the Orient. It is not decided if this bout is to take place in Boston or Buffalo. The local people want it here but they will have to show a big purse before such a thing can be pulled off in Peterborough.

Jim Karlsen is a clever Swede, weighing about 190 pounds whilst Auvrey is a ponderous man who weighs around 275 pounds. He has frequently appeared at Sohmer park, Montreal. Abdallah evidently found them easy picking.

While returning from his daily trips through the farm, James Stapleton, aged 64, dropped dead at his home near Newcastle.

300 PUPILS AT THE NEW COLLEGIATE

The new Collegiate Institute building was thrown open today to its pupils and nearly three hundred were in attendance. The school is a beautiful one and many were the expressions of delight and satisfaction on the part of the scholars when they took their places this morning. The rooms are bright and airy and the new environment ought to be conducive to good work on the part of the pupils. The lower forms had exceedingly large numbers today, the attendance in the three first forms averaging about fifty-five. There are two second and two third forms and one forth form, all with large attendance.

Messrs. Robt. Fair and W. G. Morrow, of the School Board, were present at the opening this morning.

BOARD FOR NORMAL SCHOOL STUDENTS

The new Normal School will open on September 15th. Householders who can provide rooms and board for the students, should at as early a date as possible, send their names and address to the principal, Mr. D Walker, 271 Brock street, Peterborough. eodtf

CLOUDBURSTS SWEPT TRACKS

15 Passenger Trains Stopped Between Winnipeg and Thunder Bay

Special to J. N. Barber.

Winnipeg, Sept. 8.—Thousands of passengers are held up on the Canadian Pacific Railway between Winnipeg and Thunder Bay on account of the stopping of fifteen passenger trains on account of cloudbursts, which swept the tracks into the ditches. The passengers are being fed and cared for by the company and are mostly from New York, Boston, Montreal and Toronto.

STEAMER DISABLED

And Two are Drowned in English Channel—Over Two Hundred Were Rescued

Special to the Review.

London, Sept. 9.—Four persons were drowned and two hundred passengers, mostly women and children, were rescued today from the excursion steamship Queen, which became disabled off Selsey in a terrific storm that swept the English Channel. Two steamships and six sail boats are known to be stranded on the coast and the safety of their crews is in doubt.

By the upsetting of his boat Eddie Rowley, aged 12, was drowned in Red River, at Selkirk, Man.

ARRESTED FOR STABBING FENELON FALLS YOUNG MAN

Two Youths From Detroit Said to Have Indulged in Sensational Knife Play— 28 Stitches to Close Wounds of one of Victims--Taken Into Custody at Boarding House.

Special to the Review.

Fenelon Falls, Ont, August 1—Two Detroit youths are in custody here, charged with stabbing two Fenelon Falls young men, S. Nicholas and J. Barry. The stabbing is alleged to have been the result of a fight with fists which took place while the Detroiters were out walking with a couple of girls.

The Fenelon Falls youths were stabbed four or five times each and 28 stitches had to be put in Nicolas' wounds. The Detroiters escaped after the affair but were arrested later while in bed at their boarding house.

RESTAURANT KEEPERS FINED FOR SELLING ICE CREAM ON THE LORD'S DAY

Magistrate Dumble Gave Judgment at the Police Court This Morning—John Fowler, C. Q. Woo and Geo. Thomas Fined—His Worship's Judgment.

His Worship Magistrate Dumble gave judgment this morning in the cases of the three restaurant keepers, John Fowler, George Thomas and C. J. Woo, who were charged with selling on the Lord's Day lemon sour and other drinks and ice cream. Mr. G. N. Gordon appeared on behalf of the accused. It will be remembered that the cases were heard about two weeks ago, and at the request of Mr. Gordon, judgment was reserved until to-day. Each was fined five dollars and costs amounting to $8.05 in Fowler's case and in the other two, to $2.60.

The judgment of Magistrate Dumble in the Fowler case is as follows;

The defendant is charged with selling on the Lord's Day Lemon sour and other drinks and ice cream, contrary to the statute. The statute relied on is Ch. 104, Con. stat. Upper Canada.

The defendant held an eating house license and kept a restaurant on George street. On Sunday, Aug. 9th he sold several persons a temperance drink called lemon sour. No other food or refreshment was sold but some little boys were noticed at seats drinking what appeared to be ginger beer, but no evidence of a sale of ginger beer is offered.

The question to be determined is whether a keeper of a restaurant may keep his doors open and sell to all comers ice cream, temperance drinks etc.

In the Queen vs Alberti, 8 Can. court cases 856, a very able counties' court judge (McDougall) in an elaborate judgment, held that a sale of ice cream by an eating house keeper was not a breach of the law, on the ground that ice cream was a food that such people are entitled to sell food or give meals under the exception in the original Act, 29th chap. II. ch. 7, which excepted, "The dressing of meat in families or dressing or selling of meat in inns; cook shops or victualling houses, for such as otherwise cannot be provided," and although this exception is not inserted in the act of W.C. chap. 104, nor in any Lord's Day Act since passed in Canada, he held that he should construe the words of our act, "Work of "necessity" which is excepted by our act by reference to the old English Acts and as it is a work of necessity that men should eat, and it was lawful for restaurants to furnish meals on Sunday, it was lawful to furnish to a hungry man food in the form of a dish of ice cream. That no one is at liberty to say what a man shall eat.

This judgment has never been reversed, though it has been received with very qualified approval, amounting to dissent.

Since that case there have been a number of others and where the Sunday sale was by any confectioners or others than licensed keepers of eating houses a distinction has been made, and the parties were convicted as carrying on their usual work day business on Sunday. Whatever excuse there was for licensed eating house keepers or restaurant keepers there was none for those who could not claim the right under the claim that they were furnishing meals.

I think it is not the spirit of the law that eating house keepers should keep their places of business open for the purpose of selling lemon sour, or other drinks of that kind. There can be no honest claim that to furnish such in either a work of necessity or a work of mercy.

I adjudge that the defendant is guilty and that he do pay a fine of $5 and costs, $3.05 to be paid in ten days and in default of payment, distress, and in default of distress, imprisonment for 30 days.

D. W. DUMBLE.

The judgment in the other cases is similar to the above.

"SHOW ME" PROOF

That is What Hyomei Will do in All Forms of Catarrah and Troubles of the Breathing Organs

It's not a question of Hyomei having cured someone else, but will it reach your own particular case. If its Cold in the head, Catarrh, Bronchitis, Pneumonia, Croup or any affection of the breathing organs, W. Madill, druggist, corner of Hunter and George street, Peterborough, says yes, and will refund the money if it fails. No other preparation for the same purpose can successfully do this, because the Hyomei system of treatment is different from anything else.

You simply breathe and inhale its medication in dry air from which destroys the germ life that causes oppressed breathing. Nasal Catarrh, Throat Irritation and Lung Troubles. It brings to these suffering organs the balsam laden air they would get in the Pine and Eucalyptus forests. The air that stamps out Bronchial troubles.

The prince of entertainers Marshal P. Wilder, says:—Hyomei is easy to Pose, and swift to cure. It insures you pure air and kills the germ of disease. It helps the voice.

FAIR DIRECTORS UNTIRING EFFORTS WILL BEAR FRUIT

Peterboro' Exhibition to be Greatest Success in History of Agricultural Society—Secretary Hall in Toronto To-day on Official Business—Much Work Being Done in All Departments.

The greatest industry and system is being employed by the directors of the Peterborough Fair in connection with making arrangements for the exhibition. The fair will undoubtedly be the biggest success of any ever held here and this is not simply publicity talk but a real matter of fact statement. Last year the exhibition was the best in the history of the West Peterborough Agricultural Society and this year it promises to far surpass that of last season.

The prize list is a prosperous looking booklet and many specials have been contributed.

The horse races will be a feature and on account of the substantial purses a large number of horses will start.

The grandstand performers have been selected with a view to securing artists of real merit and the different classes of exhibits from fancy work to live stock promise to be splendidly represented.

Mr. F. J. A Hall, the energetic secretary, is keeping very busy in the interests of the fair and distributing the advertising literature far and wide. He is in Toronto today attending the Exhibition there and is having the big bills posted and giving out prize lists to exhibitors.

A COPY OF THE LETTER THAT GOT R. J. KIDD HIS DISMISSAL

The following letter is a copy of a letter written from Norwood to R. J. Kidd of Peterborough at the time holding a position in the Civil Service at Toronto, in the parliament buildings.

The wrong Mr. Kidd it will be remembered got the letter. He handed it to the government which considered that it showed offensive partizanship on Mr. R. J. Kidd's part. As a consequence the latter lost his position. The wrong Mr. Kidd who was an MPP, was sued by Mr R. J. Kidd, the action ultimately lapsing by reason of the former's death.

Norwood, April, 6, '05

My Dear R. J.—Monday morning I was in receipt of a letter from J.R.S. of P. with rather unseemly imputations and insinuations particularly as I reported in a general way, after the conclusion of the war.

Three times I have called at Ex Office P. but without advantage of seeing J.R. also telephoned twice to arrange appointment but without avail since which time through sickness and death in my house I have not been able to devote a Saturday to the matter and at present with my wife ill I cannot either this present week. I however shall be pleased to write.

It would be most easy for me to give a statement etc., but I must have something to say on the subject I am not to be under suspicion. 300 is not a curiosity to me. I have been accustomed to handling considerable of that kind of thing all my life and probably might make it go farther but I can prove to your perfect satisfaction the certainty and I hope the wisdom of the disposition.

There was much difficulty present in carrying the district as we did the sentiment general was enough in itself but with a dozen promised supporters going in opposition or sulking 20 majority for Norwood was good evidence. There was not a division in the whole riding showed up as well and the Tories were relying upon 25 majority. I'll give details when you are here, as that is not the purpose of my writing.

I want you to come here for a day if not longer and I'll get a horse and rig and we will drive out to Dummer and Asphodel and get the information with positiveness which is evidently desired or least I desire you to be able to give regarding the operations here. When you come I'll give you some surprises, side-splitting and heart breaking experiences with my infant as you call him. May I give you one now. He went through the factory and promiscuously promised $2 and that I would see them each. I had to make him repudiate the whole thing and I saw them again in another manner such as I could arrange with propriety, I'll call it.

I would not have done this thing for anyone but J.R. believing he would hold my case up should it need support, you will understand. And I gave everything minute and personal care and when you come you will not find one complaining voice or neglected point. I say this only of my own territory for as Secy of the Riding Association I have a number of demands which should be adjusted and which I reported to J. R. as worth care if he had his eye on the East.

Write me at once I pray and say when you can favor me.

With best regards,

Yours faithfully.

You may if you think prudent show my letter to J.R. he will then understand the whole intention as I do not care to write any details to P.

My letter from him reached me open —42—not being sealed.

Kindly destroy my entire writing, sure please.

When you were home between 20th and 26th would I presume suit all parties interested in your investigation.

"A.J.R."

DIED.

SPORTING NEWS

RUGBY ENTHUSIASTS WILL GATHER TO-MORROW NIGHT

The annual meeting of the Peterborough rugby club will be held at the Oriental hotel tomorrow night at eight o'clock. It is expected that there will be a big turnout of the players and supporters of the team as a rousing annual meeting will do much towards starting the season with plenty of enthusiasm. Officers will be elected and prospects for the coming season discussed. It is likely that the annual meeting of the Interprovincial League will be held on Saturday and the local club will be represented. It is hoped that the Peterboroughs will get into the intermediate series which section promises to be very strong this season.

After the annual meeting the locals will get down to work at once. Some of the players are already getting into shape and are waiting anxiously for the first real workout. There is considerable new material in the city and there should be no difficulty in getting a strong line-up.

HEFFRON WAS ENTITLED TO MARATHON SAYS MR. TAIT

Father of Jack Tait in City Last Night--Was in Stadium at Finish of Race--Jack will Probably be Here for Harrier's Meet.

Mr. George Tait, representative for the Gutta Percha Rubber and Manufacturing Company, of Toronto, was in the city last night in connection with securing the contract for supplying hose for the local fire brigade. While here he was seen by the sporting editor of the Review, with whom he had a short talk.

Mr. Tait is the father of Jack Tait, the brilliant West End Y.M.C.A. runner, and he says the latter will in all probability be here for the Harriers' meet at Brock street rink on September 18th. He says the boy is feeling well and developing more speed and form.

Mr. Tait was only a short distance from Dorando when he was overcome in the Marathon race at the Olympic games in England. He said it was a most painful thing to see the plucky Italian stagger into the Stadium with an expression on his face as though he were in great distress and then collapse on the track.

"Heffron, of South Africa, was the winner of that race. Hayes was helped to the finish and was no more entitled to the honors than Dorando. Tait simply entered with the intention of forging ahead if he saw things were favorable to him having a chance, and was quite strong when he quit. His training for short distances put him in no condition to grind through 26 miles. The pace set in the earlier stages of the run was killing, and the men were racked to pieces before the distance had been covered."

While in England Mr. Tait saw quite a lot of Simpson and dined with the Peterborough Indian in company with some English friends.

SHOWING OF PETERBORO' RIFLEMEN AT D.R.A. MEET

Special to the Review

Rockliffe Ranges, Ottawa, Ont, August 31—The DRA. meet opened today with about five hundred competitors. There was but a light head wind and the weather conditions were very favorable.

The School Cadet match was made open to boys under 18 years of age instead of 21 years as the regulations required.

The chief winners in the Tyro match, seven shots at 500 yards, possible 35., were; $9.80 each —Corp. J. C. Dengman, 3rd VRC, 35: Mr. W. Pearce, Edmonton RC., 35; Corp. E. Taylor, 3rd VRC. 35; Capt G. H. Ralston 46th RCR. 35; Pte A Taylor, 77th. 35: $6—Pte H W Porter, 8th R.R 34.

Ottawa, August 31— The first match of tyros today had 149 entries, Corp McInnis opened with the first possible on the range.

Major Delaronde, camp quartermaster was removed home yesterday afternoon suffering from typhoid, supposed to be contracted at Quebec, where he had charge of the CASC.

The prize of $100 given by Major F. Richardson, of the British Palma trophy team, has been used to purchase a gold watch to be given as first prize in the Bisley aggregate.

After considerable difficulty with the cadets match, owing to most of the boys being over the 16 years, the rules called for, the Match Committee decided that the team prizes be added to the individual list, and that all boys entered should shoot.

Ottawa Public School Cadets had the only team under 16 and waived any protest. Col. Sam Hughes, and Lieut.-Col. S. M. Rogers. gave cups for the two first teams of four boys under 16 years of age.

Owing to the recent death of her father, Mrs. Sam Hughes, wife of the president, will not hold the usual reception this year.

Among the winners in the 500 yards match were;

5—Pte. Storer, 48th; Pte. G. Walker, 68th.

$4—Pte. P. Owen 68th; A Campbell, 10th RG.; Pte. Keatings, 10th R.G.

The team prize of $20 was won by the 3rd VRC with 160 points.

The 91st Highlanders won $15 and scored 157.

Next in order were the 48th with 154, 43rd with 153; 50th RH., 149.

Team prizes, open to 5 men, went thus: $20, 3rd Vics, 160; $15, 91st CH., 157. Next in order were the 48th with 154, 43rd with 153, 5th, RH with 149.

Peterborough Men

The showing of the Peterborough men is summarized in the following:

Bankers Match

7 shots at 600 yards, possible number of points 35.

G Fitzgerald, 32; 33rd prize.

Sergt. W H. Moore, 31; took 57th prize

Sergt. F Bartlett, 30; took 96th prize.

Pte. D. Cameron had 30 points, but was counted out.

President's Match

7 shots at a disappearing target, 200 yards distant.

G Fitzgerald, 24 points. 18th prize.

A H Watson. 17 points, 79th prize.

MacDougall Match

Ranges 200 and 600 yards. 7 shots at each.

Sergt. W H. Moore, 67 points.

Possible number of points 70.

The above match not posted at time of writing.

PROGRAMME DRAFTED FOR BIG MEET

A programme has been drafted for the big athletic meet to be held at Brock street rink on September 17, under the auspices of the Y.M.C.A. Harriers' Club. It should provide splendid sport as a number of the best men in Canada will be competing. Among them will be Bobby Kerr, Ed. Archibald, Tom Longboat, Fred Simpson, Lou Sebert and a bevy of other good ones. The programme is as follows;—

220 yards dash for boys under eighteen.

Half mile handicap.

50 yards dash handicap, Bobby Kerr on scratch.

One mile race for boys under eighteen.

One mile walk, open.

220 yards handicap, Bobby Kerr on scratch.

Exhibition of pole vaulting by Ed. Archibald, champion of Britain and Canada.

Mile race, open.

Special three mile race for Longboat and Simpson.

All entries must be made to the secretary of the Harriers Club, R. M Glover, at the Examiner Office, before September 12th.

57th BAND WILL BE AT THE BOUT

Between Rogers and Mohl on Friday Night

Mr. R. Glddon, leader of the 57th Regimental band, was so taken up with the last wrestling match that he will have his entire band at the Greeco-Roman bout between Mohl and Rogers on Friday night.

The band will give half an hour's concert previous to the commencement of proceedings and will play during the intervals.

BOWLING

Mr. Smyth, proprietor of the Majestic Bowling Alleys, says that everything points to a busy bowling season. Much interest is being shown in the game now by the local bowlers.

Several clubs are being formed and will play on the Majestic alleys.

HAMILTON TEAM STARTING EARLY

Tigers Will Practise This Week ---Will Boost Intermediate and Junior Series

In reporting the annual meeting of the Hamilton Tigers, the Spectator says:

The prospects of the team for the coming season, are very keen, and the end of the week will see them down to real business. The first practice will likely be called for Thursday evening, with a full turnout on Saturday afternoon, after which the players will go into active training. Several new faces will be seen at the cricket grounds this year, and with the old brigade as good as ever. Dr. Thompson is confident of turning out a championship team. The intermediates and juniors this year will receive much more attention than has been their lot in the past, and the local officers will endeavor to have the interprovincial at the annual meeting take up the matter of intermediate and junior sections in real earnest.

It has been suggested that the big four form a strong junoir series in addition to continuing the intermediate section of last year, which this season promises to be largely augmented. It has been suggested that both series be divided up into eastern and western groups, in charge of a secretary for each group, who will handle both series, thus taking a great deal of the work off the big four executive. The Hamilton delegates will make this suggestion to the delegates at the annual meeting, in Montreal.

SPORTING COMMENT

Longboat having won another race, the country press is notified that their rude jibes anent the Indian's speed are as much out of season as a straw hat in January.—Toronto Telegram.

Some folks prophesied that New Westminster, tired by their long journey east after viceregal silverware, would have trouble holding the championship of their town league this season. But we trow not. Their victory over Vancouver of 12 to 1 shows that they are still going at about the pace they showed when they made Jack Miller's barnstormers look like a bad joke and our own Island Indians bear a marked resemblance to a party of eastern tenderfeet touring the western province for health and recreation.—Toronto Telegram.

Tom Longboat's five-mile performance should prove decisively that he is fast rounding to his real form and that he will be the Longboat of old this fall. Billy Sherring takes it for proof that the cold weather will see a remarkable improvement in the Indian, as the ex-Olympic coach claims that neither Longboat nor Simpson are warm weather artists.—Hamilton Spectator.

Yankee Rogers and Gene Hurtubise expect to meet on the mat in the near future. Hurtubise is fast gaining a rep. for himself, and before long will be up the main pike in Peterborough to the tune of the Fifty-seventh band, which organization is at least some improvement on the Ramblers Bicycle club's German concert troupe.—Hamilton Spectator.

Secretary Primeau, of the C.L.S. celebration committee, has received the following additional entries for the Labor Day meet;—Vernon Runnels, Peterborough; M. P. Longstaff, Toronto; Percy Picard, of Orillia. The Central Y.M.C.A. and the British United Association will also send representatives.—Lind. Post.

President Harry Pulliam, of the National League, has his hammer out for the "spit" ball. He has talked with various club managers and owners on the subject, and says he finds a majority of them opposed to the damp thing. Therefore, an attempt will be made this winter to legislate the "spitters" out of baseball in the big leagues. Several American League magnates, including President Hedges of the Browns, Taylor, of Boston, and Navin, of Detroit, are also "agin" the moist delivery. The chances are that the matter will receive careful consideration from the Rules Committee next winter.

BASEBALL

A meeting of the City League will be held in the Y.M.C.A. on Thursday night at eight o'clock.

In trying to smoke out a hive of bees the Hotel Dieu Chapel, at Montreal, caught fire and a serious outbreak was narrowly averted.

TENDERS ACCEPTED FOR HOSE AND RUBBER COATS

Meeting of Fire, Water and Light Committee Held Last Evening—Peterboro' Hardware Co. and Higgins Co. the Successful Tenders.

A meeting of the Fire, Water and Light Committee was held last night. There were present Ald. W. J. Johnston, (chairman), A. McIntyre, J. J. Turner, jr., Wm. Buller, Mayor Rush and Chief Howard. Tenders for the new rubber hose, nozzles and rubber coats for the fire department were considered and awarded. The session was a long one and each tender was thoroughly gone into and discussed.

Brown & Higgins presented a tender, submitting quotations for hose manufactured by the Durham Rubber Company Limited, of Toronto.

The Gutta Percha and Rubber Co. manufactory, whose local agents is the Peterborough Hardware Co., was represented at the meeting last evening by Mr. George Tate, of Toronto.

Mr. Kingan, of the Kingan Hardware Company, represented the Canadian Rubber Company.

The Dunlop Tire and Rubber Co. also tendered.

Mr. Tate stated that large contracts for the "Parragon" hose had been closed with Hamilton and London.

After considerable discussion on the purchasing of the hose it was moved by Ald. McIntyre, seconded by Ald. Turner, that the tender of the Gutta Percha Co. for 500 feet of Parragon hose, at $1.00 a foot, be accepted.—Carried.

Upon motion of Ald. McIntyre and Turner that the tender of the Peterborough Hardware Co. for 1 flexible play pipe, complete with controlling nozzle at $26.25 and three controlling nozzles at $10 each be accepted.

On motion of Messrs. Turner and McIntyre, Higgins and Brown's tender for one rubber coat at $9.00; 7 black rubber coats with overshoe snaps at $5 and 7 pair of rubber boots at $3.40 and two terpaulins, 10 oz. duck at 9 1-2 cents per square foot and 6 cotton ladder straps at $9 a dozen was accepted.

Upon motion of Ald. Buller and McIntyre, Adam Hall's tender for a gas heater was accepted, the heater to be a number Lawson at $25.

The City Clerk was instructed to write Mr. Larmonth and tell him that he must have globes on lamps and the lights must be kept burning steadily.

The meeting then adjourned.

POLITICAL NEWS FROM S. VICTORIA

It is Believed That the Liberals Will Not Put Candidate Against Col. Hughes

The Lindsay Warder says;—A persistent rumor around town during the last few days stated that Mr. James Dickson O.L.S., of Fenelon Falls had been approached by a representative committee of the Liberals of the constituency on Friday last, and requested to contest the riding during the coming fall elections against Col. Sam Hughes.

Mr. R. Kennedy, a prominent Liberal, was called up on the 'phone this morning by the Warder. In reply to an enquiry as to the authenticity of the truth of it Mr. Kennedy said as far as he knew there was no truth in it.

"Do you know of any man likely to be 'chosen?'" he was asked, "or will you run yourself?"

"I have been asked twenty times to organize the Liberals in the coming Dominion elections but I cannot give you much information. I do not think that I can see my way clear to accept the nomination. One will be chosen at the convention on Thursday."

From the above it is to be inferred that Col. Hughes will be elected by acclamation.

Other followers of the Liberal party were also called up by 'phone.

FELL OVER THE BROCK ST. BRIDGE

Six Year Old Daughter of Mr. E. McCall Met With Accident

Daisy McCall, the six-year-old daughter of Mr. Ernest McCall, 472 Aylmer street, while playing on the new bridge under construction at Brock street, fell over into the excavated part. The child although not cut about the head was greatly stunned and vomited up blood. Dr. Eastwood was called and attended the little girl who is now progressing favourably.

200 FEET OF LUMBER BURNED

Brigade Had Call to Brock Street Early This Morning

At 3.10 o'clock this morning the brigade had a call to put out a fire on a lumber pile on Brock street. About two hundred feet of lumber was burned. It was the property of Mr. P. J. Hickey.

The brigade was on hand in short order.

REGIMENT WILL DRILL TO-NIGHT

The 57th regiment will drill to-night in preparation for their trip to Kingston. A large turnout of the boys is wanted as it is highly desirable that the corps should present a good appearance in the big camp at Barriefield. Both bands will accompany the corps and it should be a splendid outing.

FOR RECOGNITION OF A BRAVE DEED

Application has been made to the Royal Canadian Humane Society, of Hamilton for recognition of the action of Jesse Aireas who jumped into the river and rescued a little boy near Rogers' dam about two weeks ago.

LAID TO REST

The funeral of the late Mrs. John Frise took place from the family residence, 168 McDonnel street, at 2 o'clock on Monday afternoon to Little Lake cemetery. A short service at the house was conducted by Rev. E A Pearson, pastor of George street Methodist church, with the congregation of which the deceased was identified having been a member for the long period of twenty-four years. The pallbearers were the sons-in-law of the deceased. Many kind evidences of sympathy so much appreciated by the family, were made manifest in the beautiful floral display. Mrs. Frise was a resident of Peterborough for nearly half a century and she formed friendships in early life which were dear to her in later years. She possessed a happy disposition, was always hopeful, and placed confidence in the guiding hand of Divine Providence throughout a long and devoted christian life.

IMPORTANT NOTICE

For the Canadian National Exhibition at Toronto, the Canadian Pacific Railway has arranged the following train services: August 31st to Sept. 14th inclusive, extra trains daily, except Sunday.

Returning from Toronto, leave Toronto at 9 a.m., 9.30 a.m., local, Sept. 1st to Sept. 12th, inclusive, at 6 p.m., 10 p.m. and 10.30 p.m.

Avoid the rush at Depot and secure tickets at your leisure at City Ticket Office, W. McIlroy, agent, 343 George street. 7d

A QUICK RUN

To the Editor of the Review.

Dear Sir,—I desire to call the attention of the citizens in general to a quick run made last Thursday evening by Chief Howard and his brigade, when the home of Mr. W. Thompson, Albert street, got on fire. I sent the alarm in and in exactly three minutes after the brigade was on the scene of the conflagration. I think this is remarkably good time and Peterborough people ought to feel proud of its fire brigade.

Thanking you for the space.

Yours truly,
R. C. BRAUND.

Not Much Business Doing on the Lindsay Cheese Board

Lindsay, Aug. 31.—A meeting of the Cheese Board was held this morning in the Council chamber, buyers Flavelle, Gillespie and Brown being present. The president, Mr. Robson, occupied the chair. It will be remembered that the factories refused to sell last week at 12 3-16c., and were willing to do a little speculating and holding their cheese another week, so the following prices will show how much they made on the speculation!

Mr. Flavelle started bidding at 11 1-4c., Gillespie 11 3-8c., Brown 11 5-8c., Gillespie 11 3-4c.

The factories did not want to sell at this price, and asked for an adjournment till one o'clock, which carried.

The Board met in the afternoon again, but the prospects did not seem any better than they did in the morning. Mr. Gillespie renewed his old bid of 11 3-4c. Mr. Flavelle then bid 11 7-8c. and called North Ops, which was the only factory that would sell at that price.

The Board adjourned for a week.

$100 REWARD, $100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

THE BARREL WAS AN EMPTY ONE

Mistake in Report of Fire at Parker's Dye Works

In the report of Thursday night's fire in the stable of Parker's Dye Works it was stated that a barrel of gasoline had been taken out of the burning building. This was a mistake as the firm kept no gasoline in the stable. All their gasoline is kept in a pit made for the purpose, where it is perfectly safe in case of fire, the firm's twenty-four year's experience in the business having taught them to take good care of their gasoline and even in case of a big fire there could be no danger from that source.

It is true a barrel was rolled from the stable on the night of the fire, but it was empty and did not contain gasoline as stated.

FOR THE PROVINCIAL EXHIBITIONS

All cities over the province are preparing for their exhibition and Peterborough is no exception to the rule.

It is the time we meet our old and new friends, and those who are not our friends, it is also the best time for the introduction of the newest and smartest cuts in fall suits, and where they can be shown to the greatest advantage.

The New York Ladies' Tailoring establishment have removed their parlors and workshops from 658 George street to 327 Reid street, opposite St. Peter's Cathedral, for the better accommodation of their patrons and are prepared to take orders in any line of ladies' garments.

WEDDING BELLS

BLEWETT—IVY

The marriage took place at the George street church parsonage this afternoon at 2.30 o'clock of Miss Eva Ivy, daughter of the late Sampson Ivy, of Peterborough, to Mr. Wilson Blewett, merchant, of Buckhorn. The ceremony was performed by Rev. E. A. Pearson. The bride was attired in a pretty suit of cream San Toy silk over taffeta, with lace bertha. Her going away gown was of blue silk cloth with silk blouse and Battenburg lace yoke, and hat to match. She was attended by her sister, Miss E. Blanche Ivy, who wore a jumper suit of champagne voile with lace blouse. Miss Rose Blewett, sister of the groom, was costumed in white. The groom was supported by his brother, Mr. Milson Blewett, of Peterborough.

After a wedding repast Mr. and Mrs. Blewett left on a wedding trip to Toronto and other points west. On their return they will reside at Buckhorn.

The bride received many beautiful presents from friends at various points. Mr. and Mrs. Blewett will have the best wishes of a host of friends.

INSPECTION OF CERTAIN PLACES IS RECOMMENDED

At the meeting of the Fire, Water and Light Committee last evening, Mayor Rush brought up the matter of the two fires that have occurred recently at "My Valet."

Chief Howard was of the opinion that regular trips of inspection should be made to places where gasoline is kept. If the fire chief called at these places and reminded the people frequently of the danger, employees in such places would have protection. The Chief explained that until he was provided with a horse and buggy he could not attempt to make any tour of inspection. He wanted a vehicle wide enough to seat three men.

No steps were taken by the committee.

PICKPOCKETS STILL CHARGES ON HANDS OF LOCAL GAOLER

The three pickpockets, Graney, Adams and Hamilton, who were sentenced to terms in the Central Prison by Judge Weller, are still confined in the county jail.

They are a desperate class of crooks and their removal to the Central Prison, Toronto, as soon as possible would be advisable procedure. The judge in passing sentence remarked that in his opinion the jail was no place for such men.

The local authorities, of course, have no jurisdiction in the matter of their transfer and have to wait until they are taken in charge by the custodian from the Central Prison, Toronto. Short notice of his coming is always given generally by telegram, but the jailer sometimes does not know he is here until he receives a 'phone message from the station announcing his arrival. So no definite idea can be formed as to when the prisoners will be taken to Toronto.

SOMERVILLE CHARGED WITH INTIMIDATING "BREAKERS"

Man Whose Minority Report Was Responsible for C.P.R. Machinists' Strike is Arrested at Ottawa for Trespassing on Company's Grounds.

Ottawa, Sept. 2.—James Somerville second vice-president of the Machinists' Union, was arrested last night, charged with intimidation of strike-breakers. He was let out on bail.

It was Somerville who prepared the minority report in the arbitration.

Montreal, Sept. 2.—The arrest in Ottawa of James Somerville, the Canadian vice-president of the International Association of Machinists, on the charge of trespassing on the C.P.R. Co.'s property at Ottawa, is regarded here as important.

Officials in charge of the strike were much surprised to hear of the arrest.

James Oborne, superintendent of the Ontario division of the C.P.R., was in town yesterday. Mr. Oborne said the Ontario lines were running almost as well as if there was no strike on.

An important statement was made yesterday by Bell Hardy, leader of the strikers' executive, to the effect that they were not gathering evidence for the purpose of prosecuting the company under the alien law.

"We know of over a hundred different cases," said Mr. Hardy yesterday, "where men have been brought into the country and employed by the C. P. R. contrary to the spirit of the Labor Act. I could point out one man to you right away who paid $5 in Chicago at an agency for a job and was hustled across the line and put to work in the Angus shops here.

"But we have no intention of bringing any action. It would be a waste of time and money with us, for we have the very best legal advice in Canada which tells us that we could never win under the present wording of the law."

Sixty-five men, three of whom are returning strikers, were taken in the pay rolls by the company's employment agency here yesterday.

CHEMICAL PLANT BLOWS UP THE MANAGER WAS KILLED

Jas. G. Clifford of United Oxygen Co., is Torn to Shreds in Disaster Which Wrecks His Factory—Pressure Proves Too Great for Cylinder

Niagara Falls, Ont., Sept. 2.—A fatal explosion occurred in the United Oxygen & Chemical Co.'s plant, a two-storey frame building, situated on the corner of Monteagle and McKoon streets, at the north end of the city, Niagara Falls, N.Y., yesterday. A cylinder about 4 feet long and 18 inches in circumference in some way exploded.

Jas. G. Clifford, the manager, was standing in front of the cylinder drawing off the oxygen gas filling small cylinders for medical use, when the explosion took place. The large cylinder with terrific force struck the man full in front, passing through him, tearing his body into shreds. His head and shoulders struck the north partition, lodging there, while his lower limbs passed out through the east window, falling on the street.

The cylinder passed through heavy wooded partition and north window across Monteagle street, and dropped in a vacant lot, alongside of the unfortunate man's residence, where his wife and two children were. Dozens of shreds of flesh clung to the wooden stringers in the room, where the explosion occurred.

Clifford's 20-year-old son was in the room where the explosion took place, but escaped with a few scratches, being behind the force of the explosion.

The factory was an electro chemical concern and hydrogen gases at commercial low expense out of water by chemical and electrical process, the inventor being Fred Clifford of New York, a brother of the man killed.

Not the Man.

Springfield, Ills., Sept. 2.—Mrs. Earl Hallam yesterday signed a statement that George Richardson is not the negro who assaulted her on the night of Aug. 14. It was this assault that caused the recent riots.

TRAIN ROBBERY ATTEMPTED

Montreal City Detectives Say Train Was Held up in City

Montreal, Sept. 2.—According to the city detectives, a most daring train robbery was attempted in the heart of the city on Thursday of last week.

Owing to the crowded condition of the Bonaventure station, trains are frequently stopped in the two-mile stretch between the station and St. Henry.

This happened on Thursday to the Ottawa train. When the train slackened speed three masked men jumped aboard, and with flourishing revolvers proceeded to go through the pullman passengers. They were just nicely started on the job when the engineer got the signal to go ahead. The train robbers then hurriedly jumped off.

The passengers were too dumbfounded to do anything. The officials of the Grand Trunk say there is nothing in the story, but the city detectives say it is true.

Brilliant Military Review.

Berlin, Sept. 2.—The autumn review by Emperor William of the troops quartered in Berlin and Potsdam took place yesterday and was a brilliant spectacle. There were 25,000 infantrymen in line, as well as 800 cavalrymen of the household regiment.

Child Drowned In Cistern.

St. Thomas, Sept. 2.—The two and a half year old son of Duncan McLean, Rodney, fell into a cistern at home while his mother was calling on a neighbor, and was drowned.

New Ocean Leviathans.

London, Sept. 2.—The Times states that the two new steamships of the White Star line, just laid down at Belfast, will be bigger but not speedier than the Lusitania.

Thaw Demoralizes Asylum.

Albany, N.Y., Sept. 2.—A protest is made in a report submitted to the State Commission of Prisons yesterday by Secretary George McLaughlin against the further confinement in the Duchess County jail at Poughkeepsie of Harry K. Thaw, acquitted on the charge of murder on the ground of insanity.

Mr. McLaughlin's report says among other things, that Thaw's presence in the jail "demoralizes the discipline of the institution."

Camper Is Blinded.

Fredericton, N. B., Sept. 2.—Arthur Robinson, a wealthy New York stock broker, who owns sporting camps at Holmes Lake in the woods of Miramichi, was seriously injured at that place on Saturday by the explosion of a gasoline tank on a motor boat.

The accident happened fifty miles from civilization. Robinson was blinded by the explosion, and it is feared that his sight cannot be restored.

COMMISSIONERS ARE CHOSEN

Prof. Shortt and Michel Larochelle Will Direct Civil Servants.

Ottawa, Sept. 2.—At the meeting of the Cabinet held yesterday the men who will administer the new civil service act were decided on, but that no formal announcement will be made until Earl Grey returns to Ottawa.

The English-speaking commissioner will be Prof. Shortt of Queen's University, who has achieved success as chairman of boards of conciliation under the Lemieux Act, and the French commissioner will be Michel Larochelle, recorder of St. Henri, Que.

The latter was private secretary to Sir Wilfrid Laurier in his Opposition days.

True Bill Against Clinch.

St. John, N.B., Sept. 2.—D. Clinch, a prominent broker here and well known as a sportsman throughout Eastern Canada, was indicted yesterday by the grand jury in circuit court on a charge of embezzlement.

The complainant is Capt. Charles Morrissey of Liverpool, who claims that some time ago he sent $9,000 to Mr. Clinch to be invested in United States Steel preferred. The money, he says, was not so invested.

Fell 80 Feet to Pavement.

Toronto, Sept. 2.—Percy Demarcado, bookkeeper for W. B. Stewart and T. Mortimer, Empire Building, was killed yesterday morning by falling 80 feet from the office window.

He struck the pavement upon his head and shoulders. The skull was terribly crushed.

A strange feature of the case is the fact that in one of the man's hands was found a large tuft of his own hair.

He had been leaning out the window and lost his balance.

Falls 85 Feet and Lives.

Glace Bay, N.S., Sept. 2.—A young man named McNeil of Bridgeport fell 85 feet down a shaft of the International Mine and sustained a broken leg and bruises. When he reached the bottom of the shaft he imagined he was at home. He had disrobed and started to look for his bed when found.

Editors Fight a Duel.

Mananillo, Sept. 2.—In a street duel, which was the outcome of a political quarrel, Manuel Elias, editor of The Conservative El Vigilante, was shot and killed by Manuel Estrada, editor of the Liberal paper El Reporter, and also Liberal candidate for congressman.

Director of Music.

Belleville, Sept. 2.—W. Phelps of London has been engaged as successor to Prof. V. P. Hunt, as director of music at Albert College, and organist of Bridge street Church in this city. Phelps is 26 years old. The salary is said to be about $1,400 per year.

SILVER NUGGET GIVEN "BOBS"

Whitney Presents Him With Present Designed for Toronto Visit.

London, Sept. 2.—(C.A.P.)—"Bobs" attended a luncheon with Premier Whitney, Dr. Pyne and Dr. A. E. Pyne yesterday, when, much to his lordship's surprise, the Premier presented him with a silver nugget. Its base was of copper and nickel matte, and was enclosed in a birdseye maple casket. Lord Roberts' sudden departure from Canada prevented the veteran from receiving it in Ontario. "Bobs" expressed his extreme pleasure and regretted his inability to visit Ontario. The nugget bore the inscription:

"Presented by the Department of Lands, Forests and Mines of Ontario, on the occasion of Field Marshal Lord Roberts' visit to Toronto, in August, 1908."

Wives Sorry For Him.

Windsor, Sept. 2.—Since being sentenced to five years in Kingston for bigamy by Magistrate Bartlett, Nathaniel Self was visited and condoled with by two of the three women he acknowledged he had married.

His last wife, the Windsor girl, declares that she would never have brought the prosecution had she known it would have meant five years for the faithless one.

Restore Temporal Power.

Milan, Sept. 2.—The Secolo and other Italian Liberal newspapers print a rumor which, it is alleged, emanated from a Vatican source, to the effect that the Duke of Norfolk intends to provoke a vote at the Eucharistic Congress in London, next month, in favor of the restoration of the temporal power of the papacy.

Hotelmen Fined.

Niagara Falls, Sept. 2.—Following the work of Chief Inspector Ayearst and his staff, instituted about a month in the town of Niagara Falls, among the local hotelmen, no less than nine of them yesterday morning pleaded guilty before Police Magistrate Alex. Fraser, and were fined in sums ranging from $50 to $150.

SIR LOUIS JETTE OPENS THE FAIR

Quebec's Lieut.-Governor Starts Wheels at National Exhibition.

Toronto, Sept. 2.—There was much simple dignity about the opening of the Canadian National Exhibition at the formal ceremony in the dairy amphitheatre.

With Sir Louis Jette in the box, from which the ceremonies were conducted, were His Grace Archbishop Sweatman, President W. K. George and Mayor Oliver. The amphitheatre was crowded with a gaily-dressed throng of ladies.

After a brief speech President George read the address to Sir Louis in which the directors in behalf of Toronto, thanked him for his presence at the fair.

Sir Louis replied, reciprocating the felicitations of the management, after which he pressed the button which set the wheels in motion and the fair was officially opened. A record crowd attended the opening day and the hotels are already rapidly filling up with visitors.

W. F. Nickle Hurt.

Kingston, Sept. 2.—W. F. Nickle, M. P. P., is suffering from injuries received in accident on the Kingston & Pembroke Railway at Mississippi. He was riding on a gasoline lorry with Engineer Hare and Roadmaster Irwin when they ran into a handcar. All were thrown into the air and injured, but luckily the injuries are not of a serious nature. Mr. Nickle's shoulder was injured.

Doctors Fined.

Toronto, Sept. 2.—Drs. Bobairo and Atkins were each fined $25 and costs, in the Police Court yesterday morning, for practicing medicine without a license.

The "doctors" style themselves "psycopathic physicians" and apply vibratory massage for dyspepsia and other ills.

Won't Increase Duty.

Wellington, N. Z., Sept. 2.—The Government has declined to accede to the request of the Builders' Federations for an increase in the import duty on Oregon pine.

WAS MISTAKEN FOR A RACOON

Daniel Mewhort of Mt. Dennis is Riddled With Shot.

Toronto, Sept. 2.—Daniel Mewhort, 35 years, of Mt. Dennis, two and a half miles northwest of the city, lies in a critical condition at the Western Hospital.

His face, neck and chest are riddled with shot from a 12-bore shotgun in the hands of Thomas Armstrong, who shot him in mistake for a raccoon which he was hunting, yesterday morning.

Mewhort had gone out into the bushes behind his house and in the dawn the rustling was mistaken for that of a 'coon, two of which Armstrong had been following. Mewhort will lose an eye.

Steamer Aground.

Owen Sound, Sept. 2.—The steamer Telegram of the Dominion Transportation Co. ran aground on Jackson's shoal, near Lion's Head, about midnight Monday, and is still hard aground.

The passengers were all taken to Lion's Head.

Injuries Fatal.

London, Sept. 2.—James Noble, a young man who sustained a concussion of the brain in a street collision of two street cars on the night of Aug. 8 died last night.

Miss Felney, who was hurt at the same time, is in a serious condition.

Crysler Station Burns.

Ottawa, Sept. 2.—Crysler, a station on the Ottawa & New York Railway, has been burned down. The agent and his family escaped. The loss is estimated at $2,000.

Hochelaga Candidate.

Montreal, Sept. 2.—Louis Coderre, advocate, was selected last night by the Conservatives as their candidate in Hochelaga division for the Federal House.

THEY DASHED INTO SWAMP

Italians Near Guelph Lead Officers of Merry Chase

Toronto, Sept. 2.—After seeking refuge in a swamp near Guelph over night, and after attempting a daring escape at daylight, Frank Pezzano, an Italian, was arrested by Provincial Constable MacRae yesterday morning and lodged in the police cells on Court street, this city, last night. The chase and capture were exciting in the extreme, since the provincial officer, assisted by local constables, surrounded the swamp all night, and were only rewarded at daylight by the sight of their quarry breaking for the open field.

The prisoner is wanted on a charge of robbing the store of Mrs. Eno at Key Harbor two months ago and obtaining some $300.

Stamps a Nuisance.

Ottawa, Sept. 2.—The two heads on the special tercentenary issue or one-cent stamps have caused a great deal of trouble to the Postoffice Department. The first fad of the public was to cut the two-cent stamps in half and use one-half on each letter, and the second, which is now in vogue, is that of using one-cent stamps on two-cent mail matter.

Fire at Cornwall.

Cornwall, Sept. 2.—A lively fire in a gale of wind yesterday gave the Cornwall firemen a busy afternoon, but they succeeded in confining the flames to the old stone building in which it started, and the neighboring tenement house in which the families of Joseph Jarve, P. Marsolais and Albert Silmser resided. The damage is $2,400.

Barns Burned.

Brantford, Sept. 2.—A disastrous fire occurred on the old Ash farm near the White School House in Brant County, in which two large barns and several outer buildings were totally destroyed. The loss is $5,600.

JUSTICE MAYBEE HEARS PLEA FOR MORE LIBERAL SUNDAY

Grand Trunk and Pere Marquette's Requests for Permission to Break up Trains in Transit on Sabbath in Order to Get Out Perishable Freight.

Ottawa, Sept. 2.—Justice Mabee, chairman of the Dominion Railway Board, announced yesterday that an order will be issued defining the rights of railways as to Sunday traffic. The statement was made at the conclusion of an all-day hearing of arguments for and against the application by the Grand Trunk and Pere Marquette Railways to allow, under certain conditions, the making up and movement of freight trains on the Sabbath.

Judge Mabee said that full information should be before the commission as to how the Lord's Day Act had handicapped the railways. Each case would have to be dealt with on its own merits. To grant general orders would be to wipe the Lord's Day Act off the statute book and make the railways masters of situation.

M. H. Cowan, for the G.T.R., said that if the traffic was to be held up one day in seven it would be diverted to American railways. He objected to rural magistrates being the interpreters of the law.

Among the other parties who took part in the proceedings were the Labor Department of Canada, the Railway Department, and the National Sunday League of Toronto.

The Grand Trunk applied for an order allowing it to break up and remake trains which may be in transit when the Lord's Day begins, and continue them to their destination. The Lord's Day Alliance is opposed to this. The act now allows trains which are in transit Saturday to continue Sunday to their destination.

Mr. Cowan argued that the railway act gave the board power to make an order allowing any work to be done by a railway on Sunday which the commission regarded as a work of necessity. He argued that this was a case of necessity. It was frequently the case that cars of cattle were mixed with cars of other freight to form a train, and it was necessary to break up the trains to forward cattle to their destination as early as possible.

R. E. MacPherson, for the Lord's Day Alliance, opposed this, and said that the act and intention of Parliament was only that trains should continue to their destination on Sunday, and there was no intention to allow shunting.

Justice Mabee to Mr. MacPherson: "Then you would have the cattle held over Sunday at intermediate points, or have the furniture and lumber taken on to Montreal with the cattle, and then taken back again?"

Mr. MacPherson said that was what he held the act to propose. That was the position he took.

COMPOSITE ARMY CORPS IN CAMP AT BARRIEFIELD

The artillery and cavalry from Peterborough, now at Barriefield, near Kingston, will be followed into camp by the 57th Regiment, which leaves the city on Saturday night for its destination. These three branches of the service localized at Peterborough, will form part of the composite army corps from No. 3 district. The infantry force in camp will be composed of two brigades one under Lt.-Col. John Hughes, with Lt.-Col. Ponton, as brigade-major, and the other under Lt.-Col. E. B. Edwards, with Major A. B. Cunningham, brigade major. There will be all told at Barriefield, 3,600 men, composed as follows:

Seven regiments of infantry.
Two regiments of cavalry.
One brigade of field artillery.
One ordnance stores corps.
One army service corps.
One hospital corps.
One corps of guides.
One signal corps.

On reaching camp, which has already been arranged, by an advance party, the men will prepare for routine of drill and duties leading up to the tactical manoeuvres or field movements. While the more onerous duties of outpost and advance guard, as well as the never-to-be forgotten fatigue form a somewhat prosy feature of camp work, divine service, promenades in Kingston, the Y.M.C.A., the military tattoo, the grand excursion through the Thousand Islands, etc., form an interesting contrast. There can be no question that as a school of discipline and camaraderie the intermediate and annual drills are of great benefit to young men, while their physique is vastly improved thereby. A citizen soldiery able to shoot and ride is a matter of perhaps vital necessity in a country like Canada, in lieu of the more expensive and probably not more effective or desirable schemes of defence adopted and maintained in countries like Germany and France. A militia maintained as a framework ready to be filled in with capable men at any time in case of need is a most desirable part of the administration of public affairs.

YOUNG WOMAN IS FIRED AT

Narrowly Escaped Being Assassinated Near Port Robinson.

Port Robinson, Sept. 2.—Miss Margaret Young of Niagara Falls South, while driving north of here came near losing her life.

A man jumped out of a nearby woods and when opposite the horse pulled a revolver and fired. The moment Miss Young saw the revolver she bent down her head.

It is fortunate she did so. The bullet went through the back of the buggy top, just under the glass.

Miss Young had the whip in her hand and at once lashed the horse and got away.

The man was a complete stranger to her and appeared to be a foreigner. He was of medium size and dressed in brown.

Steele Wins Trophy.

Ottawa, Sept. 2.—Only one match was finished at the D. R. A. meeting yesterday, but there was a lot of difficult shooting under rather adverse weather conditions.

Pte. J. A. Steele of Guelph won the Dominion of Canada match and Patterson cup. Lieut. Spittal of Ottawa tied him in the match with 67 points each.

His Life For a Fish.

Milford, Conn., Sept. 2.—Refusing to give up a big fish which he had hooked on the end of his tiny line, little Maurice F. Miller was dragged into the Weapawug river and drowned. Still clinging to his pole, at the other end of which was the big fish, the youngster vainly tried to swim into shore.

Fire at Sayabec.

Quebec, Sept. 2.—The town of Sayabec, county of Rimouski was the scene of a serious conflagration on Saturday last which entailed a loss of thirty thousand dollars. The fire originated in a barn, raging for three hours before being got under control. Eight families are homeless.

Shah Is Defeated.

St. Petersburg, Sept. 2.—A special despatch received here from Teheran says it is reported from Tabriz that Satar Khan has inflicted a decisive defeat upon the troops of the Shah, in which the Government soldiers lost 800 men in killed and wounded.

Emperor Supervised Rehearsal.

Berlin, Sept. 2.—Emperor William supervised a dress rehearsal at the Royal Opera House of the revival of Byron's "Sardanapalus," which was given with much splendor last night.

TELEGRAPHIC BRIEFS.

John Miller, foreman, was killed in the yards at Ottawa while inspecting cars.

Three thousand of the striking tailors in New York have gone back to work under improved conditions.

An Italian has been arrested at Guelph in connection with a recent attack on Constable Knight of Bying Inlet.

Tow Lawson will not appear before the committee of the New York Stock Exchange investigating the recent "wash" day.

Killed For a Quarter.

New York, Sept. 2.—To be knocked down and killed was the fate of Geo. Cross, 19 years old, on East Sixth street.

The lad was standing with a group on the sidewalk when a heavily-built man walked up to Gross and struck him twice in the face.

"Why don't you pay me that quarter you owe me?" the stranger asked. Gross fell to the pavement unconscious.

Was Mean and She Killed Him.

Jonesboro, Ark., Sept. 2.—Mrs. Arch Pickett shot and killed her husband, a well-known resident of Jonesboro, because he was "mean to her and abused her."

Counterfeit Quarters.

Brockville, Sept. 2.—Counterfeit 25-cent Canadian coins are in circulation here. The police are endeavoring to ferret the source from which they eminated.

Walked Off the Wharf.

Barrie, Sept. 2.—William J. Cunningham of Orillia walked off the Bayfield wharf here Monday night. The body was found some 25 minutes later.

Seamen Suffocated.

Boston, Sept. 2.—Succumbing to the deadly fumes of burning pitch and oakum deep down in the forepeak of the British bark Puritan, as she lay at anchor in President Roads, yesterday, four seamen were suffocated and a fifth was partly overcome before he was rescued by shipmates.

The dead are Harry E. Olsen, Carl Morsen, Peterson Brecks and George Sunblade.

Balloonists Escape Death.

Niagara Falls, N.Y., Sept. 2.—Fearing a storm on Lake Ontario, the crew on board the racing balloon Ville Dieppe, tried to descend at Niagara Falls yesterday.

The rip cord failed to work properly resulting in a poor landing. The three men in the basket got a bad shaking up and narrowly escaped death in the whirlpool rapids.

SCANDALS

The air is rife with political and social scandals. When private individuals are robbed it is usual for them to get such satisfaction as the occasion provides from "the authorities" but when the authorities themselves have permitted or instigated the theft, what hope is there for the nation? With the "authorities" themselves corrupt the fountain of fair play and common honesty is polluted. Justice and fair treatment are out of the question. The poor and weak suffer first, then the well-to-do, and last if ever, the men of money. It is the tragedy of corruption. What can be said of people who will seek such a type and such a record as a representative in parliament! That a man's qualification should be his ability to "get things" is simply infamous. The "friends" stand about waiting for the fall of good things. What a world of lies and meanness it involves! It is impossible that such people believe in God. It is the Devil in all his leering crookedness that they worship. Such things as these cannot have more than a temporary triumph, however. The robbed themselves will rebel. It is impossible for all to become rich at each other's expense. Only the few can live by stripping the others. Even if morality never existed or an instinctive sense of decency, the "whole business" must come some day back to a state of balance (or nearly so. The human mind is of such a character that it will not long rest under severe injustice. But what a reflection this must be on the noble qualities of the human soul! Is the Moral or the Upright powerless then? Are we the victims always and forever of our own inherent desire to get a living or gain a competence unfairly?

THE ALL RED ROUTE

At the imperial conference held in London last spring a resolution was passed to improve the lines of communication between Great Britain, Canada, Australia and New Zealand. The resolution provided for the bonusing of lines by the several countries interested so as to furnish the best possible means of mail communication. Sir Wilfrid Laurier moved in the Canadian parliament that the project be endorsed and that Canada should assume her "fair share" of the expense. In the course of the discussion which followed it appeared from the remarks of the prime minister that he considered that the best possible speed would be 20 or 21 knots. As a matter of fact, Canada is now getting an 18 knot service, and it is likely before the All Red route could come into existence we will have a knot service without any necessity of extensive bonusing. Last month the warship Indomitable went across at over 25 knots.

It will be recalled that for many years past the present administration has been coquetting with a proposal to secure a 20 knot service on the Atlantic. While they were talking the Canadian Pacific put on 18 knot ships. It is more than likely that the same thing will happen in connection with the All Red route, and that before the state-aided line reaches the 20-knot mark private enterprise will have anticipated the government.

But the serious part of the matter is that the resolution passed commits Canada to an expenditure of $1,500,000 to bonus the All Red route. As to what the country was to get for its money, this was very vaguely defined in course of the debate in the House. The prime minister did not anticipate anything better than a 20 knot service, whereas Hon. Clifford Sifton was not disposed to be satisfied with anything less than a 25 knot service and New Zealand has made its contribution of $500,000 per annum contingent upon 24 knots on the Atlantic and 22 knots on the Pacific. Mr. R. L. Borden pointed out at the time that though the member for Brandon used as an argument that the best and quickest passenger and freight service from here to Great Britain goes through the United States and from Australia and New Zealand goes across the continent to Europe no allusion is made in connection with the All Red route to the transportation of freight. He could see no advantage to Canada pledging itself to an enterprise so exceptional and at the same time so vague that those who are advocating it did not know what speed the vessels were to attain nor whether they would carry freight. In fact the attitude of New Zealand was that the Atlantic liners should not carry cargoes, only mails and passengers. Mr. Borden moved an amendment to the effect that favorable freight rates and a thoroughly efficient system of cold storage were essential to any such transportation project so far as Canada is concerned; and also that the government should not commit the Dominion to such a large expenditure of public money until something more definite in the way of information as to the service to be secured should be secured. This amendment was voted down by the government and the original resolution went through which practically means that $1,500,000 a year may be taken out of the Dominion treasury in the shape of a subsidy for the establishment of a service regarding which even the prime minister has no definite information.—Ottawa Citizen.

WHEN THE DEVIL WAS SICK THE DEVIL A SAINT WOULD BE

When in opposition the Liberals strongly condemned the appointment of members of Parliament to positions of emolument. The seeking of office by members and the promise of office to them by Ministers constituted, they declared, a menace to Parliamentary independence, and a means for easy and widespread political corruption.

A resolution was introduced by Mr. Mulock prohibiting the appointment of M.P's. during the term for which they were elected or for three years thereafter.

Such were their professions; what was their practice?

Since assuming office the Laurier Government has bestowed fat offices upon at least 75 members and ex-members of Parliament and provided salaries therefore involving the sum of $560,000 annually.

Here follows a list:

Name and Constituency	Office	Salary
F G Forbes Queens NS	Judge County Court	3,000
C R Devlin Wright	Immigration Agent	3000
J B Fiset Rimouski	Senator	2500

THE FARMERS' FRIEND

When Sir Wilfrid came into power in 1896 he declared that new markets should be opened up throughout the world for Canadian farm products. Such was to be the immediate aim and object of the Liberal party. That party has failed. The British market is partly shut by the cattle embargo which has been a source of immense loss to the farmers of this country. The United States duty on all agricultural products is still prohibitive. The German market is almost wholly closed to us, thanks to the surtax. The West Indies have raised their tariff still higher than before. The French treaty with the huge steamship subsidy for Canada to pay went "off", thanks to the French. Canadians were to get no lower duty into France under it but our farmers were to pay $18 to $27 duty on cattle, $30 on horses, 2 to 3 cents a lb. on fresh meat, and 2 to 3 cents a lb. on butter and cheese. Such was to have been the brilliant achievement of Sir Wilfrid in this direction. His Preference is the laughing stock of the whole civilized world, Great Britain included. There is not a single branch of Canadian industry from agriculture to transportation that Sir Wilfrid has not injured. His failures have been so monumental as to be extraordinary. Notwithstanding the borrowing of tremendous sums of foreign money we are not enjoying even temporary prosperity. At first, apart with promises and a buoyant condition of business due to the N.P., and good crops, all seemed to go well. The full fruition of the Laurier policy is now apparent. The country is like a turtle on its back. What hope does Sir Wilfrid give us? Does he expect people beguiled by promises yet out of work to vote for him? All his favors have gone to the men with money. It's the Man with the Money for him.

EDITORIAL NOTES

The Wall street panic is ended in the U.S. and prosperity is allowed to pursue its wonted way there.

La Patrie says that Mr. Brodeur is not disposed to yield in the contest with his adversaries in the Cabinet.

It is to be hoped that Sir Chas Tupper will not get drawn into estimating the chances of his party in the coming election.

The fining of hotel keepers and others for infractions of the Liquor Act goes on apace. In law enforcement as in most other things where there's a will there's a way.

The Globe's arithmetic is one-sided. It saw a Tory majority of 35 go back to a Liberal majority of nearly seventy, but to save its journalistic soul it can't see how the reverse could be mathematically possible.

The Liberal campaign literature does not attempt an excuse of its immigration policies, but gives what it assumes to be a justification instead. It reads in the light of facts pretty much the same as the Grit idea of the N.P.

ESSAY COMPETITION

Editor of the Review:

Sir—Will you please tell some of us who have just heard of the Review's GTP. Essay Competition what the rules are governing it,

Yours, &c.
INQUIRER

The subject of the Review Essay Competition is "How the G.T.P. will affect farm values in Ontario." There are three prizes, the first prize, ten dollars, the second, five dollars and the third, three dollars. Only those living on farms in West Peterborough are eligible. Essays to be not more than three hundred words in length and to be signed with assumed names only, then to be marked on the outside "G.T.P. Essay Competition." and forwarded to the Review. For purposes of identification when Mr. Kennedy has awarded the prize Mr. Kennedy has awarded the prizes it will be necessary for each competitor to put in an envelope his or her assumed and real names, mailing them to the Review. The competition ends Sept. 30th. 1908.

THE EAST RIDING

Editor of the Review:

Dear Sir,—The people of East Peterborough—both parties—are proud of the fact that we have conducted our elections without the assistance of the "Boodle Brigade." It is also true that the "millionaire" over the river gave it out to the faithful that about $4500. was spent in each of the two elections when he handled the cash.

We Liberals do not believe it. None of it reached Otonabee. Only insignificant sums went to Dummer and Norwood. Where did it go.

George Washington says that William the Conqueror took $500 to the back townships and it is further said that he kept only fifty per cent. of it. This was generous on his part. The "Beloved John" of Norwood is now blamed for letting $150 quietly and gently melt into "wine, beer and other spirituous and fermented liquors," much to the satisfaction of the said "John" and to the hilarity of the thirsty multitude; but was wholly lost when the counting of votes was taken into consideration.

Even Alexander the Great from the same quiet hamlet is reviled for the way he handled a paltry $300—notwithstanding the fact that turkeys, geese, chickens, washing machines and stoves were bought at a premium and given to the faithful, or rather to those who were not too faithful. When he was accused by the "Great I" over the river with not giving satisfactory account of the shekels, he says: "It would be most easy for me to give a statement, etc., but I must have something to say on the subject. I am not to be under suspicion. 300 is not a curiosity to me. I have been accustomed to handling considerable of that kind of thing all my life, and probably might make it go farther."

This is pathetic when Alexander the Great actually did all that any reasonable dictator might require. The vote showed the "wisdom of the disposition."

Even Doubting Thomas is accused of keeping the whole $25 for himself and boys. Daniel kept to his den, and handled none of the big man's boodle and yet blame rests on him as being a "spy."

A certain prominent citizen of Havelock did not satisfy "His Worshipful I" with the "Wisdom of the disposition" of a few more dollars.

These instances are given to show that very little of the said $4500.00 ever reached our constituency, and that in all probability three-quarters of this sum stuck to the ample paws of the great "I."

Yours, etc.
OTONABEE LIBERAL.

LIBERALS KICKING

Editor of the Review:

Dear Sir.—Allow me a little space in your paper wherein to pass our opinions, concerning the coming election in East Peterborough. Let any good thinking man, either Liberal, Conservative or Independent, think this matter over if a farming district like East Peterborough should not have a farmer to represent them in parliament. Who should they have, is it a tinsmith or a cobbler or a doctor or a liar or an editor, or a carriagemaker. Why not send a good carriagemaker Why not send a good thinking man like Thos. J. Johnston, that has proved himself honorable to his fellowmen in the county by carrying the head of the poll in each municipal election during the long term of over twenty-one years. Why not these few lines be taken into consideration in such a riding as East Peterborough.

$100 REWARD, $100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

WORKS STRUCK BY LIGHTNING

Bad Fire at Deseronto---Smelting Works Totally Destroyed

Special to the Review.

Deseronto, Ont., Sept. 2.—During an electric storm last night the smelting works owned by the Deseronto Iron Company was struck by lightning and totally destroyed. The fire broke out in a shed which was being built for the purpose of storing a large supply of charcoal. The Iron Works which had been closed down for five months past, were being fitted out and were expected to start again very soon. Their destruction is a great loss for the town of Deseronto, as they were the busy works which were operated to run steadily the year round. It is not known whether the works will be rebuilt but it is thought to be doubtful.

Correct Modes For Autumn
Visit Our Women's Ready-to-wear Department
.... Both Interesting and Educational ....
A MOST GORGEOUS ARRAY

To a woman of refined taste—an educated woman, there is a great attraction in the modes of dress—something most fascinating about the many varieties, [some freaks, many extremely stylish and numbers of the conservative order] that appear each season. Yes, there is more than mere curiosity. there is an education that every woman can derive from the viewing of the displays found in this place of merchandise. You may not be an intending purchaser, but no matter, you are free to become acquainted with the prevailing styles of the season and be an authority on them. Our showing is already the most extensive and the most authorative versions of the modes of New York and the Continent. Our buyer keeps in touch with the first class makers of Europe and America—the garments found here are reproductions of the original Parisian models and the assortment is the most creditable one found outside the largest cities of America. We do not say this with any doubt in our minds whatever, we are prepared to prove it by the most convincing argument—the goods themselves. We have our statemens verified every day by persons who are held up as authorities on proper dress—people of taste and refinement. This Autumn we feel prouder than ever of our unprecedented exhibit of women's Suits, Coats and Skirts; we know that our efforts have not been in vain, and already the results are begining to show themselves in the largest response and sale of Fall and Winter Garments that we have ever experienced at so early a stage of the season. Come and meet the new styles, get acquainted with the ideas of the best fashion creators in the world. We meet you just the same whether you buy or not—you depart with a feeling that you are as welcome to look as to buy. Watch for a formal announcement of our Ready-to-wear opening later.

ROMAINE-ST. SEWER AGAIN CAUSING SERIOUS TROUBLE

At the Board of Education meeting last evening a communication was read from City Engineer Hay, stating that upon instruction from the Board of Works, Mr. Evans had inspected the sewer on Romaine and Aylmer sts. with which the King Edward school is connected. Mr. Evans attempted to clear out the accumulation of sand, but it came back as fast as he could remove it. The Board adopted a resolution recommending immediate action to provide other means of draining the district. This will be decided at the next meeting on Sept. 8th.

Mr. W. S. Robinson urged that immediate action should be taken to put the Romaine street sewer in a working condition. A workman had had informed him that in all probability if the sewer was opened the pipes would be found to be disjointed in several places. He would not be surprised if citizens having property fronting on the sewer would refuse to pay frontage tax. The city might just as well have buried the money expended on that sewer.

Upon motion of Dr. Burnham, seconded by W. H. Hill, the secretary was authorized to send a communication to the Board of Works urging immediate action and that the Property Committee wait on the Council in reference to the matter.

COURSE OF LECTURES TO BE HELD AT THE COLLEGIATE

At the meeting of the Board of Education last evening Mr. W. S. Robinson said that now as the scholars of the Collegiate Institute had a fine assembly hall he thought that it would be a splendid idea during the coming fall and winter months to have a course of lectures. Lindsay Collegiate Institute has long been ahead of Peterborough in this respect.

Mr. Crane stated that Mr. Kenner had spoken to him on the subject and said that Mr. Hodgson and he would arrange for a course of lectures if the Board agreed to it.

Mr. Robinson moved, seconded by Mr. Dumble, that steps be taken to provide these lectures and that the matter be left in the hands of Messrs Kenner and Hodgson.

BIG DISPLAY OF LIVE STOCK LOOKED FOR AT LOCAL FAIR

Farmers of County are Asked to Make Exhibits—The Educational Value of the Exhibition.

The directors of the Peterborough fair want to make the show of live stock at the annual exhibition on September 17th, 18th and 19th the best seen here and with this end in view are appealing to the farmers of the county to bring out their stock.

Peterborough county has many fine horses, cattle, sheep, swine, etc. and the owners of them should exhibit them at the local fair.

A good display will have a stimulating effect upon the live stock industry and besides the prizes are well worth trying for. If the farmers would allow their sons to make exhibits at the fairs it would increase the interest of the young folk in the farm work and do considerable to keep them from migrating to the cities. The same applies to the daughters. They should be encouraged to make exhibits of home manufacture.

If the exhibition was given hearty support it would be of great educational value and this is what the people of the county should strive to make it.

It is hoped that there will be a fine display of live stock and home manufactures at the coming show. The merchants and manufacturers of the city intend doing their share and it remains with the rural residents to give their hearty support.

HUNDREDS SHOW THEIR RESPECT

Of Late John W. Greer---Funeral Very Largely Attended

The funeral of the late John W. Greer, the young man who met such a shocking death as the result of burns sustained in the fire at "My Valet" took place yesterday afternoon from the residence of the grandmother of the deceased, Mrs. Rickey 108 Aylmer street to the Baptist cemetery, Bailieboro.

Rev. J. G. Potter, pastor of St. Andrew's with which church the late Mr. Greer was actively identified and Revs. Keith of Knox church and McKenzie, of the Baptist church, Bailieboro, made eulogistic references to the late young man.

Six of his former school chums acted as pallbearers and the funeral was the largest held in the vicinity in years, over one hundred vehicles being in the funeral procession, friends from all the countryside paying tribute to the memory of one who had been held in the highest esteem. The floral tributes were beautiful and very numerous. Rev. Mr. McKenzie officiated at the graveside.

A GREAT RURAL PLAY

Any play that can attract an audience of intelligent people of a size to tax the capacity of the big New York Academy of Music that can play upon the heart-strings of humanity without a discordant note, that can compel the tribute of tears and again of the heartiest and healthiest of laughter, certainly must possess merits in abundance, and, when it is clean, surely is deserving of praise and words of commendation put into type where those who run may read as well as those who read and take more time to think.

"Quincy Adams Sawyer" succeeds upon the stage because it is full of heart touches because it possesses the power to grip us with hooks of steel, upon the affections and when the play does there is small use in hunting for technical flaws.

"Quincy Adams Sawyer" fills its mission completely. That work seems to be the entertaining of big audiences judging by its record of last season and by indications at the Academy. The houses have been crowded in every city, and that those present are mightily pleased is clearly evident from the enthusiasm frequently shown, amounting in every instance to several curtain calls. The spectators' pleasure is manifested in other ways than by enthusiasm, in the form of hand-clapping, and after all, by the strongest kind of approval—that quiet, intense satisfaction that finds solace, contentment and approbation in simply keeping still and permitting the act or speech to sink deeply into one's very nature—an effect not so often reached in the theatre as to be very familiar.

The piece is handsomely produced. The scenery is new and bright, the properties abundant and appropriate, and the company as large and competent as could be wished.

"Quincy Adams Sawyer" comes to the Grand for one night only, Tuesday, September 8th.

The graduating exercises in connection with The Nicholl's Hospital Training School for Nurses will be held in the Conservatory Music Hall on Thursday evening of this week at 8 o'clock. An interesting programme will be presented and the public are cordiall invited to attend. d2.

CAPTURED 15 POUND LUNGE

Mr. J. E. McIllmoyle Make Big Catch at Chemong

Mr. J. E. McIlmoyle of 497 Gilmour street who is spending a holiday at his cottage, Cedarmere, Chemong park landed a fine 15 pound lunge in Lake Chemong the other day. On account of the size of the fish Mr. McIlmoyle had great difficulty in getting it out of the water but finally managed to haul in his capture.

It is one of the largest caught in the lake this year.

FOR THE PROVINCIAL EXHIBITIONS

All cities over the province are preparing for their exhibition and Peterborough is no exception to the rule

It is the time we meet our old and new friends, and those who are not our friends, it is also the best time for the introduction of the newest and smartest cuts in fall suits, and where they can be shown to the greatest advantage.

BUYERS WANTED THE CHEESE AND THE BIDDING WAS LIVELY

All But One Factory Sold on To-day's Board—12¼c Was the Best Price Paid—Large Number of Cheese Boarded.

Bidding was brisk at today's meeting of the Peterborough Cheese Board and everything was cleared up except one factory. The market has taken a turn for the better and the prices paid to-day were highly satisfactory, considering what has been offered on the other boards in the country. Mr. Gillespie took the bulk of the factories at 12 1-4c. and 12 3-16c., and Mr. Weir took about 700 at 12 1-4c. The total registration of cheese was 3985 boxes, as compared with 3,878 two weeks ago, when 12 5-16c. was the highest price paid. The bidding to-day was very brisk.

Mr. Cook started it at 11 7-16c. and it went with a jump till Mr. Gunn offered 12 3-16c. Mr. Gillespie came along with 12 1-4c. and no one offered any higher.

At 12 1-4c. Mr. Gillespie got the first call and bought Central Smith, Bensfort, Westwood and Villiers.

Mr. Gillespie offered 12 3-16c. for further selections and called Keene, Shearer, Selwyn, Warsaw, Warminster, Oakdale, Daisy D., Ormonde, Norwood, Otonabee Union, King Edward, Cedardale, Treewern, East Emily, Lakefield, Pine Grove, Maple Leaf, Lang, Fleetwood, Cavanville and Crown. All accepted but Warsaw.

Mr. Weir offered 12 1-4c. for the balance of the board after Mr. Cook had offered 12 1-4c. for selections. Mr. Weir secured the following:—Warsaw, Fraserville, North Dummer, Oak Leaf, South Burleigh, Brickley, Shamrock and Killarney.

Stony Lake was called by Mr. Weir, but did not sell.

The boarding in detail was as follows:—

A SOUR SONNET OF A SORE HEAD

(With Apologies to Mr. Haverson.)

"Last week I went down camping wid de bunch.
They kept a-blowin' 'bout the blooming air;
Dick Baker's cookin' and the fun' it wer'
To rise at six and ate an early lunch,
With lots of corn to munch and munch and munch.
Henceforth I'll hug my home sweet home for fair,
I'll never leave my nice, soft, juicy, Morris chair;
I'm cured for always of this camping hunch.
My dinky bed was mighty short of clothes,
For electric lights—one smelly farmer's lamp.
The floor was grass and it was full of damp.
Gee whiz—I was so cold my feet was froozed
All night the festive cows rang bells around the camp.
And that much boosted air. Say, hold your nose!

"I aint no knocker, from old Knockerville,
But I just wants to say it was a shame
To drag me into that there campin' game,
I was so cold I got an awful chill,
I feel that lumpy bed a stickin' in me still.
And when the night had went and morning came,
A book which was intended for to maim,
My neighbor in the bed, poor Bloody Bill,
That book it left a mark upon my nose,
That will not heal for years or I'm mistook.
When Uncle Pike exposed his nameless toe,
All hands for cover fled except the cook,
Who, suffering in his sleep, groaned, "Get de 'ook."

SPORTING NEWS

THE FINE PERFORMANCES OF BOBBY KERR AND LONGBOAT

Bobby Kerr the Hamilton flyer, beaten in 100 yards in 10 flat by an unknown sprinter!

Tom Longboat, the "down and outer," wins five mile race, and establishes a new Canadian five mile track record.

"Chuck" Skene, of the Irish-Canadians, beaten in the mile on 4.36, by Hans Homer, a Halifax boy, with a sore toe.

Tim O'Rourke, the veteran weight juggler, of the Irish-Canadians, climbs into his uniform for the first time this season, and without a day's training cleans up three championships, and ties for second place in the all-around championship.

Every Toronto and Hamilton man who went down, except Irving Parkes and Percy Sellen, won a championship.

Ed. Archibald, of the West Ends, beat Tim O'Rourke with the 16-pound hammer.

What do you know about that!

Those are the surprises of the C.A.A.U. championships, held down in J. C. Lithgow's domain—Halifax—Saturday.

There were plenty of features at the meet but those were the surprises of the day.

Ed. Archibald, who was expected to just everlastingly knock the daylights out of the Canadian, and even the world's, pole-vaulting record of 12 ft 5 inches, didn't get 12 feet, but the crowd forgave him, because of his brilliant all-round performances. He won the individual championship, getting a slice of the melon in every event he competed in. Archibald won the pole-vault, 16 pound hammer throw, was second in the 120 yard hurdles, discus, broad jump, 56 pound weight, and third in the high jump.

Dr. J. Garfield Macdonald's performance in cleaning up all the jumps, too, was a feature. Macdonald is the New Glasgow man who made the Canadian Olympic team, and was second in the running hop step and jump to Ahearn of the United Kingdom, both beating world's record figures. Macdonald cleared 6 feet in the running high jump, did 46 feet 11 inches, a wonderful record, in the hop, step and jump, and got 20 feet 7 3-4 inches in the running broad jump.

Tim O'Rourke won the shot, discus, and 56 pound weight events, and was third in the hammer, a pretty good performance for the genial giant, who "fathers" the I.C.A.C. bunch.

HOW KERR WAS BEATEN.

So much for the features—let's get back to the surprises.

Bobby Kerr's defeat in the hundred was the surprise. Most anything, from abject defeat to brilliant victory is expected from the erratic Indian, but it was considered that Kerr could fall down and pick himself up and beat any sprinter in Canada, yet he was beaten by F. O. Schaefer, a Halifax unknown. Lou Sebert beat Schaefer in 10 2-5 in his heat, but in the final Schaefer beat the gun by four yards. Kerr set sail after him, and was only beaten by inches at the tape, 10 flat. The starter, when Kerr protested, admitted that Schaefer beat the gun, but said that he forgot to fire a recall signal. Kerr's 220 in 22 flat is an excellent performance.

TOM LONGBOAT'S VICTORY.

That Longboat had royal opposition is shown by the fact that he had to step 20.05 3-5 to win, and that Percy Sellen, who beat him so badly only 10 days ago at the police games here, was only third. The Indian had to step out in front the whole way, yet he did the truck horse work and then trimmed A. C. Woods, the Montreal man, good and plenty, in the last mile. The time by miles—5.03, 10.12, 15.32, 21.59, 26.05 3-5. Longboat had a 300 yard lead on end.

In the mile "Chuck" Skene, of the Irish, made the pace all the way, as the way, as is his wont, and was beaten out by inches by Hans Homer, the Halifax soldier, in 4.36. Skene has done 4.35 against a strong wind. H. O. Pryor, of Halifax was third. Skene won the mile walk in easy style. The time was 7.27 3-5. Corporal Hawley, of Halifax, was second, beaten off 100 yards. "The best mile I ever saw," remarked Tim O'Rourke.

Lou Sebert, as was predicted, won the quarter-mile championship handily, but the time was poor—52 seconds. Sebert was second to Kerr in the 220 yards.

Irving Parkes' defeat in the half mile, proves conclusively that the West Ender is away off color, and should hang up his shoes till the spring. Ross, of Halifax, the winner, only did 2.01. A. C. Wood, the Montreal Harrier, was second, and Parkes third.

Outside of the hundred in 10 flat, the 220 in 22 flat, and Longboat's five miles in 26.05 3-4, the time was slow. For instance, the 120 yard hurdles was won by F. O. Schaefer, of Halifax, a brother of the conqueror of Kerr, in 18 2-5. The mile was 4.36.

This W. C. Ross, of Halifax, the new half-mile champion, must be a pretty fair runner. He was second to Sebert in the 440.

HAMILTON MAN AFTER REYNOLDS

Chap Named Melody Who is Some Walker Wants to go up Against Port Hope Man

The Hamilton Herald says:

W. J. Melody, of this city, is out with a sweeping challenge to Jimmy Reynolds, the walking barber, of Port Hope. Melody offers to walk Reynolds any distance for any amount of money the Port Hope shears juggler wants to name, and just to show how easy he thinks it would be he offers to give James a handicap. Melody has done considerable walking of late and only recently walked from here to Toronto in time that was very close to the record. He is a cousin to Billy Melody, the distance runner and would rather walk than eat. Jimmy Reynolds has never been known to take back water and it is likely that he will accommodate Mr Melody in the near future. The walk will likely be from here to Port Hope, a distance of 100 miles.

PROGRAMME FOR FRIDAY NIGHT

Three Bouts and Mohl's Feats of Strength---Full Band of 57th Regiment Will be in Attendance

The programme for Friday at the Brock street rink has been prepared. The full 57th Regimental band will be in attendance and will give half an hour's bright programme from 7.30 to 8 o'clock, and during the intervals.

The programme will be as follows:—

7.30 to 8—Band concert.
8 o'clock—Ten minute wrestling bout—A. C. Yokome vs. Bobby Long.
8.15—Fritz Mohl will drive spike through two inch pine plank and do nail bending act.
8.30—15 minute wrestling bout, Ted Crowe vs. Jack Watson.
Main bout—Fritz Mohl vs. Yankee Rogers best two out of three falls, for Graeco-Roman championship of America.

Ned Fitzpatrick will referee all the bouts.

TICKETS ON SALE.

The plan for the sale of $1 and 75 cent tickets is now open at the Oriental. Those wishing to secure tickets would be well advised in getting them at once as there promises to be a much larger attendance than at the last match, as a big attendance from outside points is expected.

THE RING

New York, September 1— After several delays the monument for Geo Dixon, the late negro boxer and one-time champion featherweight of the world, has been erected and now stands on the corner of Thompson and Broome streets.

It was first suggested by the committee to erect a tombstone over his grave, but later a watering place was decided on, and after much delay the permit was finally granted by the city and the job has been completed.

Joe Humphries, the local announcer, Terry McGovern and Young Corbett were the principal factors in collecting the bulk of the money, donated to the memorial fund. When Terry and Corbett were on the road doing their little skit under the management of Humphreys, they canvassed all the cities in which they played and the result was that after 13 weeks on the road, a tidy little sum was brought back for the fund.

At the time all the boxing clubs were running in full blast in New York and collections were taken at each club and over five hundred dollars was donated in this manner.

The fountain recently finished is one of the most beautiful of its kind in New York, one side facing the street for horses and the other facing the sidewalk with a fountain for public use.

On the inside wall, surmounted by a wreath, are the words: "In memory of George Dixon, Erected by his friends, 1908."

David Black, diver, had a narrow escape from drowning while working 500 feet under water by a stoppage of the air supply.

YANKEE ROGERS WILL QUIT WRESTLING FOR VAUDEVILLE

To Forsake the Mat for the Footlights—Sketch by Author of "The Dagger and the Cross"—Wrestler Will Crimp up Bully.

Sportsmen in Peterborough will be surprised at the latest news that has just emanated from the Yankee Rogers camp.

It is to the effect that this will probably be the last season this clever wrestler will be in the business.

Some time ago one of the best dramatists in America, Mr. W. A. Tremayne, was deputed to write a sketch for vaudeville purposes that would bring into display the well known qualities of Yankee in the rough-house business. Mr. Treymane is the author of a half dozen well known plays "The Secret Warrant," "Triumph of Betty," and "The Dagger and the Cross," in which Robert Mantell starred, being probably the best known.

The sketch in question is already written and is run upon the usual melodramatic lines. In his role as the amateur wrestling champion of the world, training for a match with the professional champion, he is left, at the close of the sketch to eject a bully, a wife-beater, from the hotel, after a stirring scene between the bully, a woman and a cripple.

One can readily see the excitement that will be aroused when Yankee gets working in approved rough-house style. Up and down the two men go (by the way the bully will be a well known heavyweight wrestler) Yank throws his adversary through the front of the hotel bar and finally picks him up and slams him through the verandah window, breaking the bully's heart and assuring the cripple and his lady that they will be no longer oppressed.

Yankee will try again to beat Frank Gotch, and after his English tour, which should get him even more honors, he will at once step right out of the match wrestling business and get right into line for the sketch.

ALL SUPPORTERS OF RUGBY ASKED TO BE ON HAND FOR ANNUAL MEETING TO-NIGHT

The annual meeting of any club is the important occasion of the season, and practically marks the opening of the season. The annual meeting of the Peterborough Rugby Club will be held tonight at eight o'clock at the Oriental hotel and everyone who takes an interest in the promotion of the game in Peterborough is asked to be on hand.

The prospects for the coming season look exceedingly bright and if the proper interest in the team's welfare and the support it deserves is given there is no reason why Peterborough should not make a big bid for intermediate interprovincial honors.

That is at least if Peterborough plays in the interprovincial league this year and there is every reason to believe they will. They have been promised the support of Ottawa and Hamilton in making application and the league officials will probably be quite favorable.

At tonight's meeting the annual reports will be presented, the election of officers will take place and a general discussion of the prospects for the season will be held.

All the supporters of the game are requested to be on hand in good time and do what they can towards giving things an encouraging start.

MOHL WRENCHED LIGAMENTS OF WRIST IN SPIKE DRIVE

Fritz Mohl, in a letter to the sporting editor of the Review, says he is going through a vigorous course of training at the Buffalo gymnasium, [illegible] Washington street, and will be in perfect condition for his Graeco-Roman match with Rogers at the Brock street rink on Friday night. Mohl assumes a very confident tone and is ready to back his chances to win.

"On two occasions Rogers by his superior knowledge and skill, to say nothing of his rough work when he had me in positions in which he could get in his punishing tactics, has beaten me at catch as catch can and at that game I must acknowledge he is the better man. But at my own particular style, Graeco-Roman, I think I can beat him. For pure struggling strength I think I have it on him as shown by the almost impossible holds I broke away from in the last match and feel that I am just as much his master at Graeco-Roman as he is mine at catch as catch can."

Mohl says that on the occasion of his last bout he had the ligaments of his wrist wrenched when doing his spike driving stunt. Some one gave him a piece of hard-seasoned oak, and in driving the nail into the wood it bent and his wrist was wrenched. It puffed up considerably and was very painful when he was wrestling Rogers. His wrist will be all right for the next match, however, and he will do his celebrated act of driving a nail through a two inch pine plank.

SPORTING COMMENT

It is not likely, it is stated, that Kingston will have a senior O.R.F.U. team this year. It is felt that the union itself is not progressing, as it has been practically killed by the Big Four League. The Limestones are disorganized, several of their men having promised to turn out with other teams, and apparently no one wishes to take the responsibility of reorganization. Charlie Moxley organized and captained the team last year successfully, but does not wish to take the work again. Only one league game was played here last year, and it was played in a heavy rain, so that the Limestones went considerably behind in their finances. Reports from the Montreal Westmounts are discouraging also.—Kingston Standard.

The Hamilton Spectator says:—The report that Joe Hay, the secretary of the Ontario Rugby Football Union, was through with that organization, and that President Slee had called a meeting to appoint a new secretary was received here yesterday, and it was regarded as meaning the end of the old union. Secretary Hay was always a hard worker, and he alone kept the union going last year. Without him the prospects this season are in an even more wretched state than they were last fall, through the formation of the Big Four. In Toronto, the feeling yesterday was that, with proper encouragement, the Toronto teams would have no hesitation in joining the Interprovincial junior, and intermediate ranks. There is no doubt in the minds of the Toronto enthusiasts, but that the Toronto A. C. team will replace the Argos, for the reason that it will be T.A.A.C. or nothing in Toronto, and the latter are prepared not only to put a strong senior team in the field, but they also come along with an intermediate team and perhaps a junior aggregation. In addition to this, the West End Y.M.C.A. and the Parkdale Canoe Club will in all probability be on hand with teams for the junior series at least, so that Toronto would be well represented.

In the minds of the C.A.A.U. officials, or at least one of them, who aired his feelings to the Spectator yesterday, there is a great chance for the Interprovincial to become the whole thing in Rugby in the country, and he looked for this to happen this fall. "There is no doubt but that the teams all over the province will join the Interprovincial if given proper encouragement," he said, "and it would prove a great stimulant to the game as long as the league was run under proper amateur laws."

The body of Edward Crawford, Thorold, was found on the G.T.R. tracks at Bridgeburg in a horribly mangled condition.

Displays will far excel those of any previous year. A Grand Pure Food Exhibit is to be made by Canadian manufacturers.

High class vaudeville programme will be given daily in front of the Grand Stand in addition to the horse races.

The night entertainment will consist of the latest comic opera "What Happened Then?" by the famous De Wolff Hopper and all star company. Popular prices will prevail.

A grand display of paintings and Ladies' Work will be made to signalise the opening of the handsome new fire-proof building, now being erected at a cost of $12,000.

The special attraction in front of the Grand Stand in the afternoon will include the latest European novelty "Del Oro's Performing Cows." This attraction is billed to appear in Ottawa for the first time in America. There will also be a most sensational automobile race on a specially constructed incline, the contesting chauffeurs being two daring young women.

There will be balloon races daily with a double parachute descent from each balloon by the famous Prof. Hutchison and companion.

BIG WHEAT CROP IN NORTHWEST

Special to the Review.

Winnipeg, Aug. 31.—Received reports on the wheat production of Western Canada already show that the 110,000,000 bush is estimated will be realized. The Alberta Railway and Irrigation Co. says.—

"The indications are that all fall wheat in this district will grade high, mostly No. 1, and the yield will be very heavy. We do not think any of it will thresh out at less than 30 bushels to the acre, and the majority of it will run very much more. One field already threshed has turned out over 40 bushels to the acre, and the majority of it will run very much more. One field already threshed has turned out over 40 bushels and was sold on cars at 74 cents per bushel. A 160 acre field threshed out 4,800 bushels. Another field turned out a shade over 5,000 bushels from 100 acres. This yield is 46 bushels to the acre. It graded No. 1, and was sold for 80 cents on cars at Lethbridge. These figures are not guesswork, but very careful measurements of land and outturn made to get accurate results."

The Calgary correspondent of the Ogilvie Flour Mill Co. writes of the large field of fall wheat on the Stettler branch has been cut and threshed, with a yield of 32 bushels to the acre, and that a field of 1,200 acres in the vicinity of Gourin has been cut and threshed, running about 40 bushels to the acre.

FORTUNE IN WHEAT.

Rev. Mr. Hall, of Otterburne, Man., a town thirty miles south of Winnipeg, had 1,000 acres in wheat. He has just completed threshing 30,000 bushels, which he sold at $1.1? delivered at Fort William. It grades No. 1 northern.

AMERICAN INVASION.

That the American invasion of Western Canada is still in full swing was indicated this week by the arrival at the C.P.R. depot from the Twin Cities of the largest individual party of American land buyers that has ever come to this city. The travellers were accommodated in five sleeping cars, with diner, which constituted a special train. Almost all the members of the American party were successful American farmers who have been engaged in cultivating either their own or rented farms.

H. H. Holmes, sales manager of the Canadian Pacific Irrigation and Colonization Company, reports a party of fifteen land seekers from Illinois and Iowa looking over the irrigated lands north of Strathmore.

DISTRIBUTING INCOMING HARVEST HANDS.

A good deal of trouble has been caused in the week past by so many of the harvest hands determining to ride as far as their tickets would carry them, even though they passed many points where help was greatly needed in the fields. The congestion at Regina and Brandon on the main line has been such that might have been avoided had all tickets been assigned to Winnipeg. The facilities for quickly distributing the men and placing them where needed could be far better handled at the "Gateway City."

EAT WHAT YOU WANT

But Find the Way to Digest What You Do Eat.

The first thing to do in the case of indigestion or stomach weakness is to strengthen the muscular walls of the stomach and intestines, so that they will care for the food that is eaten. In no other way can this be done as well as by taking a Mi-o-na tablet before each meal. This restores strength to the stomach, muscles and stimulates the pouring out of gastric juices, then the food digests readily and you begin to get the full benefit from what you eat.

Use Mi-o-na whenever you have sick headache, heartburn, bad taste in the mouth, coated tongue, spots before the eyes, sleeplessness and the many other symptoms that are the direct result of indigestion.

W. Medill, druggist, corner of Hunter and George streets, Peterborough gives with every 50 cent box of Mi-o-na guarantee to refund the money unless the remedy cures.

WITHOUT CENT IN POCKETS MEN PRACTICALLY STARVING

Letter From the West Tells of Alarming Conditions—"Surely This is not True" Says the Globe.

Under the caption "Surely this is not True," the following appears in Tuesday's Globe:

The Globe is in receipt of many letters from Ontario men who left the Province two or three weeks ago to work in the western harvest fields. The letters are for the most part appeals to let the people of Ontario know that the labor market in the west is very badly overstocked, and that much of the harvest work is being done by the farmers themselves while the harvesters from the east are in many cases hanging around the railway stations penniless and hungry.

One letter in yesterday's batch, however, makes a specific complaint that should at once be inquired into by the high officials of the railway that sent out harvest excursions. Writing from Saskatoon on August 27th, a harvester says:

"In every town and village in the country dozens of men are walking around without a cent to their names, and practically starving. They are all willing to work, but there is no work to do. These same railways that enticed them to come out here by their false representations now refuse to carry them back to the east at the reduced rate, taking refuge behind and basing their argument upon the fact that the men must first put in one month on the farm, a condition that the railway companies knew when they were flooding the country with these men would not, and could not, be fulfilled."

It is, of course, absurd to say that the railways knew the men would not be needed when the call was sent out for them. The whole west was crying for harvest hands a month ago, and the premature ripening of the grain because of hot winds was the real cause of the great falling off in the demand. But the railways, having carried the men out under these unfortunate conditions, are, we believe, too far-seeing to abandon them on the plains if they cannot find work of any sort to do.

The west will need harvest hands next year, and the railways will seek to carry them. The railway managers at Montreal cannot too soon issue orders to carry home at the reduced rate all men who have honestly tried to find work and have failed.

THE 57TH'S TRIP TO KINGSTON ORDERS HAVE BEEN ISSUED

Regiment Leaves Peterborough Saturday Evening, Parading at Drill Hall at 9.30 O'clock—Information for the Members of the Corps.

At the drill of the 57th regiment last night the following orders concerning the Kingston trip were read.

1 By authority from the OCEO command the 57th regiment will supply six companies to form a "composite city corps," to go to camp at Barriefield from Sept 5th to 9th inst.

2 In accordance with the above order the regiment with both bands, signalling and S.B. section will parade in drill order with helmets, ball bags and water bottles in the drill hall on Saturday the 5th inst a 9.30 pm, and thence march to the G.T.R. station where they will take special train at 10.15 pm, for Kingston there to go into camp for four days, September 6th, 7th, 8th and 9th.

3 No person will be allowed to remain on the special train except regularly enlisted members of the 57th regiment in uniform or such as have a proper pass signed by the adjutant. Officers commanding companies will post guards on the doors of their cars immediately on entraining and company officers will remain with their companies for 15 minutes after the train leaves and rejoin them 15 minutes before arriving at the destination.

An advance party consisting of Majors Bennett and Hayes, Captain MacLean, the regimental quartermaster, the quartermaster, sergeant and two men per company will proceed to camp on Thursday, the 3rd instant, to make the necessary camp and other arrangements for the reception, messing, etc. of the regiment. Officers of companies will therefore detail two men from their respective companies who will report to the quartermaster Sergeant at 7.30 pm. at the drill hall on Thursday, the 3rd inst.

5 OC companies will detail one man from their respective companies and from the bugle band and one from the bearer section who will report at the close of the drill hall on on Thursday next to Lieut. Higgins who is hereby appointed to take charge of baggage.

6 NCO and men will provide themselves with towels, brushes, soap and other toilet necessaries and for the cleaning of clothing, boots and accoutrements.

7 Company kit boxes and all other baggage must be at the drill hall and ready for shipment not later than 8 pm. on Saturday, the 5th inst.

8 OC. companies will see that each NCO and man is provided with a tunic to be worn at divine service and on Sunday the 6th inst. These may be packed in the company kit boxes.

9 By permission of the camp commandant the 57th regiment will parade and embark per steamer Aletha on Monday, September, 7th. for a Labor Day trip through the Thousand Islands in the St. Lawrence river to Alexandria Bay, returning at 7 pm.

G W BENNETT,
Major. Acting Adjutant.

THE REGULAR MONTHLY MEETING OF THE BOARD OF EDUCATION

The regular monthly meeting of the Board of Education was held last evening when the following members were present; Messrs. Robert Fair, chairman; D W Dumble, W H Hill, Dr Burnham, W F Nelson, W H Robinson, John Crane, and Dr Morrison.

COMMUNICATIONS

From M. J. Dobbin, business manager of the Collegiate "Echoes" asking for assistance to the extent of $15. The board assured the communication that their funds would be supplemented in case the receipts fell short, up to the amount of $25. A balance of $15 is required to close up the accounts and the business manager of the "Echoes" asked that that amount be granted.

On motion of Messrs. Robinson and Crane the amount was granted.

From T. Williams, scavenger, asking for $3 for a trip made from South Monaghan to Ashburnham, doing work for the board.—Property committee.

From Higgins and Brown, tendering for the heating and ventilation of the West Ward school.—Received.

From A H U Colquhoun, Deputy Minister, on behalf of the Minister of Education, stating that he approves of the recent appointments in the Domestic Training, Manual Training, Art and Music Departments.—Received.

From Mr J H. Adams, accepting position on the Collegiate Institute staff and from Mr A W Sparrow, and Misses J C McRae and Steinhoff accepting their respective appointments.—Received.

From Miss Olive McQuade, of Omemee applying for a position on the public school staff of the city.—Committee on appointment.

Form Miss E. Marsaere, tendering her resignation as teacher on the staff of the Queen Alexandra school.—On motion her resignation was accepted.

REPORT OF BOILER INSPECTION.

The Boiler Inspection and Insurance Co. of Canada, presented the following report of the condition of the steam boiler in the Central school inspected on July 14th, 1908.

Boiler was open and was fully inspected internally and externally.

Internally—There was no scale or deposit of any kind.

Connections to steam and water gauges were clear and in order.

Stays were all sound and tight.

No internal corrosion or pitting.

Externally—No evidence of overheating of plates or tubes, or of leaking at riveted joints, tube ends or hand holes.

The blow off cock has been leaking and should be ground in and made tight, or a new cock put on.

Assistant Chief Engineer.

HAVE PURCHASED PIANOS

Chairmen and members Board of Education,

Gentlemen,—Your special committee, appointed to purchase pianos for the assembly hall of the Collegiate Institute and Kindergarten of the King Edward and Queen Alexandra schools, beg to report that they have secured the necessary three pianos at a total cost of $520 and that the treasurer be authorized to pay these accounts on the certificate of the chairman.

JOHN CRANE,
Chairman.

Upon motion of Messrs. Robinson and Nelson, the report was adopted.

MISCELLANEOUS BUSINESS

Mr. W. H. Hill moved, seconded by Mr. Robinson, that the matter of placing a machine telephone in the new Collegiate be left to the Supervision Committee.

Mr. Dumble brought up the matter of something that ought to be done to prevent the water every time it rains from coming in on the floor. The matter could be remedied at very little expense. Upon motion, the matter was referred to the chairman of the Queen Alexandra Building Committee and to the chairman of the Property Committee.

Mr. Dumble stated that the men working on the Armouries persisted in coming on the grounds of the Collegiate Institute and prevented them being cleaned up. The chairman stated that he would speak to the foreman on the Armouries in reference to the matter.

Upon motion of Mr. Robinson and Dr Morrison, the Supervision Committee was instructed to purchase brooms, shovels, glasses and other such supplies as were necessary for the new Collegiate Institute.

The meeting then adjourned.

COAL WILL BE $7.50 NEXT MONTH AND WON'T ADVANCE

Coal is now $7.40 a ton. Next month it will be $7.50, the highest price reached last year.

"Will it go any higher than $7.50," the *Review* asked one of Peterborough's prominent coal dealers today."

"No, I don't think it will," he said, "I think when it reaches that mark the price will remain stationary for the rest of the season."

"No trouble of any kind at the mines is anticipated?"

"No, none at present. There was some talk of trouble in the spring, but it has been adjusted. The dealers are having no difficulty in getting all the coal they want."

CHARGED WITH UNLAWFUL PRACTICE OF MEDICINE

Mr. Chas. Rose of Toronto, representing the Ontario Medical Council was the informant in the case against A. Taggart at the police court this morning who was charged with practising medicine in Peterborough, not being registered. Taggart pleaded not guilty. Mr. Herbert Wood, son of Mr. R. E. Wood, Crown Attorney, conducted the prosecution in the absence of his father.

After hearing the evidence, His Worship enlarged the case until the first of October, stating that he wanted plenty of time to consider the case and to look up authorities on the matter.

Bolton Cunningham, Perry street, said that he knew the defendant by sight. He never got any medicine from Taggart only a small tablet for a headache. Witness' youngest daughter took medicine procured from Mr Taggart. Witness never paid for the tablet.

Edward Walton, McDonnell street, said that he had known the defendant for the past ten years.

The witness was suffering from indigestion and had got a bottle of pellets from him.

Mr. Taggart was called into the box. Witness refused to answer the question, 'Have you ever given Bolton Cunningham any medicine.' His Worship ruled that the defendant was bound to answer but his answer could not be used against him.

Witness gave medicine to Cunningham's wife. He charged her $1 for the medicine.

SEPTEMBER CLAIMS BEVY OF BEAUTIFUL BRIDES

SPRY—BRADBURN

One of the most fashionable society weddings of the season took place at the home of the bride's mother, "The Oaks," 293 London street, this afternoon, when Miss Mabel Bradburn, daughter of the late Mr. Thomas Bradburn and Mrs Bradburn, was wedded to Mr Frank McLean Spry, of Toronto, son of the late Daniel Spry, of Barrie. The ceremony took place at 2.30 o'clock and was performed by Rev. Dr. Langfeldt, rector of St. Luke's church. The bridal pair stood under a canopy of ferns in the handsome drawing room which was prettily decorated with pink and white carnations and ferns and about 125 guests were in attendance, many of them from out of town points. The bride was given away by her brother, Ald W. H. Bradburn, and Mendelsohn's wedding march was played by Miss Mabel Harrison, Keene, as the wedding party entered the drawing room.

The bride was attired in a sheath gown of white satin, trimmed with sea pearls and carrickmacross lace, with veil and orange blossom, and carried a shower bouquet of lilies carried a shower bouquet of lillies of the valley and white roses. The matron of honor was Mrs. F. D. Hewson who wore a lace gown over white satin and gold trimmings. She carried a bouquet of pink asters. The bridesmaids, Miss Clara Spry, of Barrie, sister of the groom, and Miss Edith Hewson, of Barrie, were costumed in gowns of mulle lace over pink silk with pink Persian sashes, and carried bouquets of pink asters. The flower girls, Dorothy Hill and Marjorie Huston were attired in mulle lace over pink silk and carried shepherd's crooks. The groom was supported by Mr. Arthur P. Fortier, of Toronto.

After the ceremony Miss Mabel Harrison sang "O Fair, O Sweet, O Holy" very acceptably.

Mrs. Bradburn, mother of the bride, wwore a handsome gown of black lace over white silk

Mrs. Spry, another of the groom, wore a costume of black silk lace.

Mrs. W. Ross Cameron sister of the groom, was attired in a gown of figured mulle

The wedding repast was served in a large marque on the lawn, the catering being done by Coles', Toronto.

Among the out of town guests were Mr and Mrs D W. B Spry, of Toronto. Mr W Ross Cameron, Erin; Mrs A E H Creswick of Barrie; Mr and Mrs. H C Fortier of Toronto; Mr and Mrs W E Rundle, Toronto; Mr and Mrs R O Mackay of Hamilton; Mr F S Hobbs, of Toronto; Mr H S Sirey, of Campbellford; Mr and Mrs John Helm and Mr and Mrs Henry Helm of Port Hope; Miss Bowes, of Paris, France; Miss Ruby Eakins, of Toronto. Miss McLaren of St. Catharines; Mr and Mrs Baughan Wright of Hamilton; Dr. and Mrs. A S Vogt, of Toronto; Mr E A Runnels, of Toronto; Mr and Mrs. Macintosh, of Vancouver, and many others.

Mr. T. E. Bradburn, MPP. for West Peterborough, was among the guests.

The bride received many beautiful presents—an evidence of her popularity among a large number of friends both in Peterborough and outside points. Mr. and Mrs. Spry will have the best wishes of a legion of friends.

Mr. and Mrs. Spry left on the CPR, afternoon train on a wedding trip to New York and Atlantic City, and on their return will reside at 11 Oakland's street, Toronto.

The bride's going away gown was of blue cheviot trimmed with gold and black satin with hat to match.

MAHON—SMITH

A very quiet wedding was solemnized at 90 Aberdeen Avenue at ten o'clock this morning when Miss Georgina Lavina Smith third eldest daughter of Mr. and Mrs. Wm. Smith, was united in marriage to Mr. Edward K. Mahon youngest son of Mr and Mrs. Thomas Mahon of Woodstock, Ont. The ceremony was performed by the Rev. Robert Pogue, of St. Paul's church, in the presence of only the immediate relatives of the contracting parties.

The bride was attended by her sister, Miss Edith Smith, and the groom was assisted by Dr. King. During the ceremony the bride's sister, Mrs. Gourd, of North Bay, played the wedding march.

Immediately after the tying of the nuptial knot Mr. and Mrs. Mahon left on the 11.45 train for Nelson, B.C., where Mr. Mahon has accepted a position and where they will live in future.

Both the contracting parties are well and favourably known in Peterborough. The bride's father has been principal of a school here for many years and the groom, who has been connected with the drug business formerly carried on by Ormond & Walsh and latterly by McDermid & Curry, has made a very large number of friends who will unite in wishing the young couple every success while at the same time regretting their departure from the city.

Among the numerous presents to the bride was a handsome cabinet presented by the employees of R. Hall & Son.

MELLEN—WILSON

The marriage took place at the residence of Mrs. Wm. Mellen, North Monaghan last evening of her son, Mr. William Arthur Mellen, to Miss Jean Ellen Wilson, daughter of Mr. Robert Wilson, of Glasgow, Scotland. The ceremony was performed by Rev J. G. Potter at 8.30 o'clock in the presence of a number of intimate friends. Miss Lizzie Wilson, sister of the bride, was bridesmaid and the groom was supported by his brother, Mr. Caleb Mellen.

A dainty wedding supper was partaken of after the ceremony. Mr. and Mrs. Mellen will reside in North Monaghan. The bride has been connected with the local YWCA for the past two years and is popular with a large number of friends as was evidenced by the many handsome gifts she received.

VALLERY—PEARSON

The wedding took place this morning at 10 o'clock at the Charlotte street parsonage of Miss Ada Pearson daughter of Mr. John Pearson, Pearl avenue, to Mr James Vallery, formerly of Kingston, but now with the Peterborough branch of Perkins Ince and Co. The ceremony was performed by Rev W G Henderson, pastor of the Charlotte street Methodist church and the contracting parties were unattended. The bride received several presents and the groom was given a handsome dinner set by the staff of the Perkins, Ince and Company.

After the ceremony a dainty wedding breakfast was partaken of at the residence of the bride's father.

Mr. and Mrs. Vallery left for Toronto, Niagara Falls and other points, on a honeymoon trip. They will reside at 299 Sherbrooke street on their return to the city.

KENNEDY—WELLER

The wedding took place in Monaghan yesterday of Miss Etta Weller and Mr. Frank Kennedy. The ceremony was performed at the residence of the bride's father, Mr. Henry Weller. Many guests were in attendance.

BATH—ARMITAGE

A quiet wedding was solemnized last evening at the George street Methodist Parsonage, when Miss Gertrude Armitage, of this city, was united in marriage to Mr. James Lloyd Bath, also of Peterborough. The young couple were unattended.

They left on the midnight train for Perth where they will visit the groom's parents.

MEN ARE FILLING IN THE RACEWAY

Commenced This Morning---Case Enlarged for Another Week

The Peterborough Hydraulic Power Co and the Calcutt Brewing and Malting Co. were in the Police Court this morning, the raceway trouble in Ashburnham being again brought up. Mr. E. A. Peck appeared for the defendants. He stated that work had been commenced on the filling in of the raceway. The brush and trees along the banks were cut down yesterday and this morning about a dozen men commenced filling in.

His Worship enlarged the case for another week and it is to be hoped that the conclusion will be reached then. The witnesses will not have to attend next week.

INQUEST WILL BE RESUMED

The inquest into the death of the late John Greer who died as a result of burns received in the fire at "My Valet" on Saturday afternoon will be resumed at the city council chamber tonight at eight o'clock, before Coroner Dr. Gray.

Miss Madge Patterson left on Tuesday for Souris, where she intends going to school.

Miss Minnie E, and Annie Howson, who have been visiting for the past few weeks at the home of their parents, Mr. and Mrs. W. R. Howson, of this place, left last week for Calgary, Alberta, to resume their duties in the schools of that city.

The Public Library has been removed to its new quarters in the town hall basement, the front portion of which has been fitted up for the purpose. On account of the confusion in moving and arranging the books, no books were given out until Tuesday, Sept. 1st.

When everything is put in order the new premises will be pleasant and inviting in appearance, as well as comfortable and convenient.

Two charges, laid by Thos. Peoples, against his neighbor, Mrs. Buck, Buck, were heard on Wednesday afternoon in the village Council Chamber by County Magistrate Edmison of Peterborough. Mrs. Buck was charged with killing chickens belonging to Mr. Peoples and also for using insulting and abusive language towards Mrs. Peoples. After hearing the evidence the Magistrate found that the accused was guilty of killing two chickens and also ordered defendant to pay a fine of $5 and costs. The fine amounted in all to $15.25, which was paid forthwith.

Mrs. Jetty Thompson has returned to her home in Campbellford.

Miss Hetherington is visiting Mrs. A. B. Greenbank.

Miss Mae Bavis, of Hastings, has been visiting her cousin, Miss Mabel Laing, Peterborough street.

The grim reaper has been among us again and removed from our midst one of our most estimable young men in the person of Mr. Charlie McLaughlin, of town.

Twenty-eight years ago Charlie first saw the light of day and up to a few months ago appeared to a bright future before him. For the past few years he has been employed as time keeper on construction work on the C.P.R., and to his intimate friends expressed the thought that he hoped some day to enter the medical profession. But sickness lurked in his path and from a cold contracted some months ago, tuberculosis of the throat set in with the results recorded above.

Through his illness Mr. McLaughlin manifested a very cheerful and resigned spirit until on Monday afternoon he was called away. Deceased was a brother of Mr. John McLaughlin and Mrs. Thos. McNeeley and Mrs. Philip O. Carrol, of Norwood. The funeral will take place on Wednesday morning to the St. Paul's Catholic church, where service will be held, from whence the remains will be interred in the R. C. cemetery, Asphodel.

The sympathy of the entire community is extended to the bereaved family.

A bus load of Norwood youths dressed in red coats and looking very much like soldiers, drove to Hastings on Monday to take train for Kingston to join the volunteers in drill at the ancient military city.

Mr. C. J. Blake, of Norwood Lodge, I.O.F., attended the High Court convention at Kingston last week.

The High and Public schools were opened for the fall term this (Tuesday) morning. On account of the High School having a complete staff of new teachers, the members of the School Board, together with a few of our most influential citizens, met at the school this morning to gain the acquaintance of the teachers and to give a few expressions of encouragement. Among those who attended were the clergymen of the village.

KAISER BREAKS AWAY FROM THE MOROCCAN AGREEMENT

Germany Wants Mulai Hafid Recognized by Powers Before He Guarantees to Keep to Agreements of Algeciras Conference.

Paris, Sept. 3.—The action of Germany in breaking up the concert of the powers with regard to Morocco by notifying the signatories of the Algeciras Act that she considered the actual situation demanded the immediate recognition of Mulai Hafid, the usurping Sultan of Morocco, has fallen like a bombshell in Paris.

Onlq Tuesday the French press was refraining from impugning political motives in Germany in the despatch of Dr. Vassel, the German consul at Tangier to Fez. Yesterday, however, with the arrival of Germany's official notification regarding the recognition of Mulai Hafid a feeling approaching consternation is manifested in official circles. This notification, which was made verbally, is not accompanied by any explanation of "Germany's brutal change of front," as it is termed here and in Government circles the action of Germany and the despatch of Dr. Vassel can no longer be disassociated.

As if in answer to Germany's call for recognition of Mulai Hafid before he has entered into any engagements with Europe, fanatical Arabs who had been gathering on the Algerian frontier attacked Tuesday the French post at Boudfib.

The Associated Press is in a position to present the following official French view of the situation:

"Germany's notification came as a complete surprise to France and Germany, who are engaged in elaborating a program of demands, to be presented to Mulai Hafid, for the safeguarding of the common interests of Europe and America in Morocco.

"There was no longer any question of upholding Abd-el-Aziz. Both France and Spain recognized that he had disappeared definitely from the horizon. What we proposed to do was to force Mulai Hafid to ratify the engagements of his brother, Abd-el-Aziz, toward Europe before recognizing him. Now Germany comes forward with a proposition to recognize Mulai Hafid before he has given any guaranty. It amounts to undoing the work of the Algeciras conference.

MONTREAL DETECTIVES HAVE FIGHT WITH DESPERADOES

Four Men Thought to be Those Who Broke Into Ste. Eustache Bank While Pursued Turn on Officers—Wounds One of the Fugitives.

Montreal, Sept. 3.—A revolver duel took place yesterday near St. Constant between Montreal detectives and four desperadoes, who are supposed to be the robbers who broke into the St. Eustache Bank.

All bridges and highways have been carefully watched since the robbery, and it is a source of wonder to the police how the men got so far south, if they are the same.

When the four men were discovered Detectives Pusie, Samson and Brosseau decided to intercept them. They separated, and Detective Pusie got closest. Three of the men started off and the detective made a grab for the last one. Just as he did so the man drew a revolver and aimed it full in the face of Pusie. The weapon was held so close that Pusie was blinded for a few moments, but he managed to use his own revolver and succeeded in wounding the tramp or burglar in the arm. The man made off with his pals.

It was at first thought that Pusie had been hit in the head, but upon closer examination it was seen his face bore no more dangerous marks than the powder charge. The bullet just missed him.

Later in the afternoon, however, Brosseau succeeded in capturing the wounded man not far from the scene of the morning's conflict. The man was weak with pain and loss of blood, and was left to his fate by his three companions.

A hurry-up call for reinforcements was sent into Montreal, and Chief Detective Carpenter and a number of city detectives left to render assistance. There are large forests in the neighborhood of St. Constant, and it is thought the robbers are in hiding. The police have offered $500 reward per head for their capture, and have notified all people living in the district, and are hopeful of rounding them up in twenty-four hours. If the party are the same who robbed the bank they have wandered about forty miles from St. Eustache.

YESTERDAY WAS CHILDREN'S DAY

Forty Youngsters Lost at Toronto Exhibition.

Toronto, Sept. 3.—Children's Day was a success in spite of cloudy skies and an unexpected chill wind. It was late autumn weather. But the youngsters enjoyed themselves nevertheless.

The paid admissions were ten per cent. heavier than a year ago, and 17,000 children were in the stand and enclosures at night. There were 7,000 on the stand in the afternoon. Before noon 30,000 children were at the fair.

About 40 lost children were picked up by policemen and cared for at the station. All were claimed in due time except one, a 12-year-old girl from Todmorden, who was sent to the Bellamy Home.

Florence McDonald, an 8-year-old girl, whose home is at 114 Grace street, cut her knee severely on the way to the exhibition, but not daunted, continued the journey. However, she fainted on reaching the grounds and had to be taken to the emergency tent were three stitches were found necessary.

A little girl, Mildrid McLennan, 412 Euclid avenue, was knocked down by an express wagon in front of the manufacturers' building, the wheels passing over both legs. No bones were broken, but she was badly shaken up and was taken home in the ambulance.

Broom Corn in Essex.

Windsor, Sept. 3.—J. Doan, a Windsor broom manufacturer, has discovered that the soil of Essex County is especially adapted to the raising of broom corn. Doan says he has been making experiments and has found that it can be raised almost any place in the county at almost one-quarter of the cost of raising it in Ohio, where most of it is grown at present.

Will Have His Reward.

Ottawa, Sept. 3.—It is expected that in the course of a few days Fred M. Journeaux, president of the Ottawa Liberal Association, will be appointed Dominion collector of customs.

Yorkshire Woollen Men Mad.

London, Sept. 3.—(C.A.P.)—The Dewsbury Chamber of Commerce has declared that the Canadian Manufacturers' Association's allegations that Yorkshire woollens are worthless are libelous and has ordered a protest sent to the British consul at Montreal.

MAN BLOWN TO PIECES

Aed Several Injured in Premature Explosion of Dynamite at Luminque, Quebec

Special to the Review.

Ottawa, Sept. 2.—James Simonds, of Oshawa, had a narrow escape in a premature explosion of dynamite at Luminique, Quebec. Alfred Gerrard, of La Chute, Quebec, was blown to pieces. Alexander Adams, of Cornwall, had his eyesight badly affected and is now in a hospital at Cornwall, and Samuel Sloan, a negro, of Boston, Mass., was also so badly hurt that he is in a Montreal hospital.

Defaulter Arrested.

Havana, Sept. 3.—Ricardo Rodriguez, chief of the bureau of supplies and vouchers in the Havana postoffice, who disappeared after the discovery of a shortage in that department amounting to $53,135, was arrested by the police Tuesday night.

May Be a Bad Wreck.

Winnipeg, Sept. 3.—There is a C. P. R. wreck near St. Ignace. It is rumored to be a bad smash, but uo details are yet to hand.

Not Yet.

Ottawa, Sept. 3.—The appointment of three new railway commissioners will not be made until next week, and perhaps not until after dissolution.

Condemns Power Scheme.

London, Sept. 3.—(C.A.P.)—"Finance" writes strongly to The Standard of Empire respecting the Ontario Government's action in signing the contract for the "construction of the Government plant transmission line, duplicating Ontario Electric Development Co.'s plant throughout, though the company is scarcely earning bonded interest and still has a large quantity of power unsold." The writer says this type of action must check the flow of British capital to Canada.

Penniless Woman Deported.

Chatham, Sept. 3.—Mrs. Mary Rigley of Chicago, who has spent all her savings looking for a runaway husband, supposed to be in Canada, was deported to Detroit by the Chatham police yesterday.

The deserted wife was penniless, and was sent here from London on a pass.

Great Trees on Fire.

Stockton, Calif., Sept. 3.—A forest fire has gotten into the Calaveras Big Tree Grove and the big tree known as the mother of the forest, a monster sequoia, 327 feet high and 78 feet in circumference, has been burning all night.

UNITED STATES WILL GET TRADE

American Shippers Will Carry Wheat Under Present Lord's Day Act.

Ottawa, Sept. 3.—Mablon Cowan, K.C., for the G.T.R., yesterday asked the Board of Railway Commissioners to grant them the following Sunday privileges:

1. To break up through trains on Sunday, where this is necessary, and to forward such shipments to their destination.
2. To allow of the furniture of a through service to cattle shippers.
3. To allow the company to deliver empty cars on Sundays to points along their lines for shipments of cattle on Monday.
4. To allow the company to load and unload grain at the lake ports and to forward grain trains to their destination on Sundays, where the traffic would otherwise be subjected to undue delay.

Mr. Tiffin, superintendent of the northern division of the Grand Trunk Railway, declared that if the Canadian ports of Midland, Meaford, and Collingwood were to hold their own in the grain trade against American competitors, the grain carriers must be allowed to handle this traffic without any undue delay. Otherwise the grain would be carried to American ports.

Magistrates Bribers.

Halifax, N. S., Sept. 3.—The Herald (Conservative) to-day editorially calls on the Attorney-General to take action against two magistrates (Liberals) for alleged bribery in Annapolis County elections.

Doctors Want Enquiry.

Chatham, Sept. 3.—The Chatham Medical Society has become so exercised over the story of a grave robbery at Maple Leaf cemetery, that the doctors say they want an investigation.

Killed While Hunting.

Killarney, Man., Sept. 3.—James Coghland of Drogheda, Ireland, was accidentally shot and killed while out on a hunting expedition near here yesterday.

THE LESSON OF THE FLEET

Deakin Says Australia Must Get Ships of Her Own.

Melbourne, Sept. 3.—Speaking at the dinner tendered to Rear-Admiral Sperry and the senior officers of the American battleship fleet at the Royal Yacht Club last night, Alfred Deakin, the Prime Minister, said:

"The appearance of the American fleet indicates that it is on no holiday cruise. Its visit marks for us no casual adventure, for the invitation was given in a spirit of deepest earnestness after mature consideration and the concession made by the American Government in sending the fleet here is perhaps the most generous made in recent times by one nation to another.

"The lesson to Australians is that as America was unable to take a first place in the world until the country had a first-class navy, because it was until then, only able to protect verbally against outside injustice and injury; so Australia cannot be content to ultimately accept defence at any other hands than its own, and should begin provision for its own navy in a modest way."

Tampered With Brakes.

Montreal, Sept. 3.—A criminal attempt to interfere with a railway train was made Tuesday night by parties unknown. As a train of freight cars was pulling out of the C. P. R. yard in Hochelaga it was noticed that the pneumatic brakes were not working properly. The train was stopped, and it was found that about 50 rubber air tubes had been maliciously cut under the cars. If this had not been noticed in time it would have been the cause of a serious wreck.

Offer For Montreal Power.

Montreal, Sept. 3.—Hon. Leslie M. Shaw's offer to the Montreal Power Co. was received yesterday. While the full details are not made known, it is understood that it embraces a 99-year lease. The Shaw Co. will deposit $6,000,000 as dividend guarantee. The dividend for the first three years is to be 7 per cent., then 8 per cent. for an indefinite period. They offer 110 for the stock. It is thought the offer will be turned down.

Nova Scotia Exhibition.

Halifax, Sept. 3.—Under most auspicious circumstances, the twelfth annual Nova Scotia Exhibition was formally opened yesterday afternoon. For the first time in the history of the Exhibition, there were no opening ceremonies in front of the grand stand. The fair was declared open at a luncheon given by the Exhibition Commissioners.

Perhaps Fatal Affray.

Lindsay, Sept. 3.—There has been another stabbing affray at Fenelon Falls as a result of which one Italian is now at death's door, while another is in the lock-up.

A number of Italians came to the village from Rosedale yesterday and began to drink freely. A quarrel ensued and one was stabbed in the abdomen.

Big Hotel Sold.

Port Arthur, Sept. 3.—The Mariaggi Hotel, owned by William Hogan, was sold last evening to Abe Bronfman for $175,000.

The hotel was purchased a year ago for $125,000. Bronfman is largely experienced in the hotel business in Brandon, Winnipeg and other cities.

WERE ARRESTED AND DEPORTED

Toronto Police Make Quick Work of White Slave Dealers.

Toronto, Sept. 3.—Charged with engaging in the "white slave" trade, two Jews, by name Ulman and Keller, were arrested in Toronto last night.

Immediately after the arrest, they were bundled into an auto and taken to Niagara Falls, for deportation. There they will be re-arrested by U.S. secret service men, who are in the party.

The arrests were made at 181 West Richmond street, Keller being taken at 10 p. m. and Ulman at midnight. In the interval the whole house was "pinched." Detectives Sockett and Moffitt made the arrests, and the secret service men and two Dominion immigration officers were with them.

To save the delays of extradition, deportation papers were arranged for at Ottawa some days ago.

The men are accused of bringing women from Europe, and are liable to five years' imprisonment and a $5,000 fine. Two companions are now serving sentences in Chicago.

Keller is about 30 years old and Ulman 45.

Barge Collides With Pier.

St. Catharines, Sept. 3.—The barge Winnipeg, owned by the M. T. Co., Kingston, while entering Port Dalhousie harbor yesterday evening, in tow of the tug Bartlett, struck the east pier and stove in several planks below the water line. She is leaking badly and will have to be docked.

Almost Asphyxiated.

Providence, R. I., Sept. 3.—Miss Carrie Capen of Milton, Ont., visiting Mrs. Nanton of Providence, turned on the gas and then leaned over the gas stove.

She was nearly dead when found, and hospital doctors say she may not recover.

Twenty-Eight Drown.

Victoria, B.C., Sept. 3.—News was brought by the steamer Tango Maru yesterday of the sinking of the Japanese steamer Bankoku Maru off Chiba Prefecture on Aug. 30 with the loss of 28 lives. The steamer, a vessel of 2,369 tons was loaded with coal.

VICE-PRESIDENT GETS A FINE

Assessed $5 on Charge of Calling man a "Scab"

Ottawa, Sept. 3.—James Somerville, Montreal, second vice-president of the International Association of Machinists, was fined $3 and $2 costs.

It was sworn that he had called one of the present employes a "scab." Somerville denied the charge.

Montreal, Sept. 3.—The C. P. R. announce they have, during August, overhauled 51 locomotives in the Angus shops, while some 25 cars are turned out daily.

Officials in Winnipeg have wired they are ready for the present crop, and anticipate no difficulty in handling it.

Seventy more mechanics were taken on yesterday and will be sent west.

West Toronto, Sept. 3.—A serious fight, resulting in bloodshed, occurred in the paint shop Tuesday night between the strike breakers and some special constables, which resulted in three of the latter being discharged yesterday morning.

Ireland Benefits.

Dublin, Sept. 3.—At a meeting of the central branch of the United Irish League John Redmond, who presided, dilated upon the importance of the late Parliamentary session so far as Ireland was concerned.

Ireland, he said, would receive nearly four million dollars a year under the old-age pensions bill, which would benefit seventy thousand people in Ireland.

Sent For Trial.

St. Catharines, Sept. 3.—Conductor Phillips of the Niagara Central Railway was held for trial in $200 bail by Magistrate Campbell, yesterday afternoon on a charge of assaulting James Groggen. Evidence supported complainant's claim that he was thrown off the car while it was in motion, as a result of which two ribs were fractured.

Treaty With West Indies.

London, Sept. 3.—(C.A.P.)—An official announcement in connection with reciprocity negotiations of Canada and the West Indies is expected. It is thought here that unless some general tariff with the whole West Indies is arranged complications arising from separate treatment of the islands will imperil the success of negotiations.

Tired of Life.

Orillia, Sept. 3.—Richard Hudson, 75 years old, committed suicide at Dartmor, 18 miles from here Tuesday.

He had been living with Robert Fleming and was subjected to fits of despondency. He was missed from the house Tuesday morning and on search being made the body was found in two feet of water in an old well. His month was burnt white, showing that he had taken carbolic acid, and a small empty bottle was found beside the well.

Deluded Woman's Attempt.

Sarnia, Sept. 3.—Mrs. David Turner, 50 years old, who attempted suicide last Monday evening by severing an artery in her left arm and then cut a deep gash in her throat, may not recover.

Mrs. Turner is the widow of a former jeweler and although possessed of $40,000, has for several weeks labored under the delusion that she was facing poverty.

AERONAUT FALLS 500 FEET BEFORE HORRIFIED CROWD

Charles Oliver Jones, Inventor of the Famous "June Bug" is Killed While Performing at Maine Fair, While 25,000 Persons Look On.

Waterville, Me., Sept. 3.—In full view of 25,000 horrified spectators on the Central Maine Fair grounds here, late yesterday, Charles Oliver Jones, the well-known aeronaut of Hammondsport, N. Y., fell a distance of 500 feet to his death. Among the witnesses of the frightful plunge were the man's wife and child, and they were almost the first to reach his side after the accident. The aeronaut expired last evening, about an hour and a half after the tragic event.

Jones had been at the fair grounds with his dirigible balloon Boomerang.

Yesterday when the aeronaut reached a height of more than 500 feet in his flight the spectators were amazed to see small tongues of flame issuing from under the gas bag.

Many persons in the great crowd endeavored to apprise Jones of his danger, but several minutes elapsed before he noticed the fire. Then he grasped the rip cord and endeavored to reach the earth. The machine had descended but a short distance when a sudden burst of flames enveloped the gas bag, the framework immediately separating from the bag.

Jones fell with the frame of his motor, and when the spectators reached him he was lying under it about a quarter of a mile from the fair grounds.

Jones was numbered among the younger aeronauts, but his work in the field had already marked him as one of the most successful exponents of aerial navigation.

It was Jones who evolved the famous June Bug, which made several record flights for short distances which won The Scientific American trophy for heavier-than-air machines.

It had been Jones' intention to go to the experiment station in Nova Scotia with Lieut. Safridge of the United States signal corps to work on a new aeroplane.

STAFF REORGANIZATION ST. MICHAEL'S HOSPITAL

Toronto, Sept. 2.—A complete reorganization of the medical staff of St. Michael's Hospital, Toronto, has been announced. There are a number of reasons for the changes, chief among which may be mentioned the fact that when the General Hospital was reorganized, a rule was passed allowing no medical man on the special or department staffs of that institution who was connected with those of another hospital. This rule, however, does not apply to consulting staffs. Another reason is that St. Michael's has a great amount of clinical work, of which Toronto University wished to have the benefit.

A system which will work in with these conditions has been adopted. There will now be two services in surgery, of which the chiefs are Dr. I. H. Cameron and Dr. Walter McKeown, and two services in medicine, with Dr. R. J. Dwyer and Dr. H.B. Anderson presiding. The heads of the department of obstetrics and gynaecology are Dr. F. Fenton, Dr. A. H. Garrett and Dr. M. Crawford, while Dr. G. H. Burnham is chief of the department, having to do with diseases of the eye. A list of the complete staff will shortly be announced. Doctors who are debarred, by the new rule referred to, from acting on department staffs, are still retained upon the consulting staff.

Plans are partly ready for a large addition to St. Michael's Hospital to be built on the property directly to the north of the present building.

POLITICAL NEWS FROM CAPITAL

Trouble Regarding Hours and Wages on Cobalt Central Has Been Settled

Special to the Review.

Ottawa, Sept. 3.—Sir Richard Cartwright, Minister of Trade and Commerce, has gone to Kingston for a few days holidays.

The Labour Department is notified that the trouble re wages and hours affecting the Cobalt Central has been settled, the Board of Conciliation, comprised of Messrs. McLean, of Toronto University, C. Fraick and Duke, of Cobalt, coming to a unanimous agreement within four days.

Theft and Incendiarism.

Hamilton, Sept. 3.—The barns of Byron Beamer of Silverdale were burned down this morning with their season's crops, horses cattle and implements, as the result it is thought, of the efforts of a man who stole Beamer's horse and buggy, to cover up his tracks. The stranger enquired in St. Anns Tuesday where the Cranboro road was, and about 1 o'clock yesterday morning he called at Mr. Beamer's house and made the same enquiry. Two hours later the barn was discovered in flames and when the fire had burned itself out the horse and buggy were missed.

Bullets on Exchange.

London, Sept. 3.—A man giving the name of Edward Harrison, who apparently was not responsible for his actions, caused a commotion on the floor of the stock exchange yesterday by firing three shots from a revolver. When the reports were heard the members made a rush for the exits and business was stopped for some time.

Chester Grey Accused.

Toronto, Sept. 3.—A new charge was laid in the Police Court yesterday against Chester Gray, the companion of James Gorman, killed on the G.T.R. tracks at North Parkdale. Gray is now charged with breaking into a sealed G. T. R. car with intent to commit an indictable offence.

Cut to Pieces on Track.

Chaham, Sept. 3.—Frank Arnold, aged 27, a former employe of the Wm. Gray & Sons Co., was killed on the C.P.R. tracks within the city limits early yesterday morning.

It is supposed that he went up the tracks to sleep. His body was literally cut to pieces.

Shoots Himself.

Chesley, Ont., Sept. 3.—William J. Crow, a prominent young cattle dealer, committed suicide some time yesterday afternoon, by blowing his brains out in his own barn. The last seen of Crow in Chesley was last Friday, he was seen at different neighboring towns since them, and it is supposed he returned home sometime Tuesday night.

Crow leaves a wife and two children.

Marconi Coming to Canada.

Glace Bay, Sept. 3.—Signor Marconi left Liverpool yesterday morning for Cape Breton. He will land in New York and proceed to Montreal in connection with the resignation of Mr. Oppe. Mr. Davies, a heavy shareholder in the company, will accompany Marconi, to make an inspection of the stations on this side of the water.

WORKING OVERTIME

Getting Voters' Lists Prepared at Ottawa—More About the Friction in the Cabinet

Special to the Review.

Ottawa, September 2—There will be a meeting of the Cabinet this afternoon when the civil service commission will probably be announced. It is expected that the announcement of Mayor Scott being made one of the Board of Railway Commissioners will also be made then or soon.

There are rumors that Earl Grey is to get back sooner than expected and this is thought to presage dissolution of the House and something definite as to an early election.

Voters' lists are being rushed out, both at the Printing Bureau and the Free Press, the Liberal organ here, where the men are working overtime on them and both sides are preparing actively for an immediate contest.

Of course denials that there is not the best of feeling between Sir Richard Cartwright and the Premier are in order but it is wellknown and beyond a doubt that many Liberals think now and have long thought that it would be wise of Messrs Cartwright and Paterson of the Customs Department, and Hon. R. W. Scott, Secretary of State to drop out and make room for younger men.

TELEGRAPHIC BRIEFS.

The D. L. & W. Railway switchmen will not strike.

A horse fell on Pte. Johnson, 3rd Dragoons, at Barriefield Camp. His leg was broken.

Two barns and the whole season's crop of Wm. Cook, River road, Dover Township, were destroyed by fire.

Lightning caused the destruction by fire of the smelter at Deseronto, for which the Standard Chemical Co. of Toronto had been negotiating. Loss $100,000. The Chemical Co. loses a few cars of charcoal.

J. S. Larke, Canadian trade commissioner at Sydney, Australia, strongly advises Canadians not to go to Australia with the idea of settling unless they have sufficient means to keep them a considerable time.

Better to Stand Clear.

London, Sept. (C.A.P.)—The News remarks that if Australia's safety is ever threatened, the battle would be lost or won on high seas long before the enemy reached Australian waters, and says: "Laurier is wiser when he congratulated Canadians on standing outside the vortex of European militarism."

Gompers For Bryan.

Fort Worth, Texas Sept. 3.—Samuel Gompers, president of the American Federation of Labor, has opened his campaign for the Democratic national ticket.

He closed with an appeal for every man present, regardless of party affiliations, to vote for Bryan.

Land Bounty Applications.

Ottawa, Sept. 3.—The Militia Department has issued the forms of application for the land bounties under the act of last session. The forms can be obtained from the Militia Department or from any district officer commanding.

THE PRICE OF CLOTHES

The cost of clothing to the wage-earner has risen, making all due allowances for increase in cost of production, from $6 and $7 50 a suit in 1896 to $10 50, $15 and $18 for the same suits in 1908. About the same price has prevailed on the regular market ever since. This is not a question of guessing or of seeking out obscure authorities. Every man who buys what is known as an ordinary suit of clothes, such as the great mass of men buy, knows that clothing under a Laurier tariff, has very nearly doubled in cost to the consumer. The reason is plain. The supplying of the Canadian market has passed out of the hands of Canadians. The home woollen market has gone with the decline and fall of the woollen business. Ladies' woollens have risen in price on the same scale as men's, children's ditto. Carpets, knitting wool, etc., have all gone skyward as well. No amount of Liberal talk can explain away the facts. Seeing is believing. We must restore Canada and Canadians to their own. In 1878 there was a complete collapse of Liberal theories. 1908 witnesses a repetition of the collapse of those theorists when padded by preference or sustained by subsidies. Yorkshire and Germany are doing the work which we should do. That seems to afford Sir Wilfrid satisfaction.

INTERESTING INFORMATION

The Canadian year book furnishes some very interesting information. The imports of Canada by values entered for consumption from British Empire and foreign countries under the general, preferential and surtax tariffs from and including 1904 to 1907 is for the four years as follows; From Britain $95,553,600, and from U.S. $324,245,300, which includes the boasted "preference" and shows how useless an instrument it is for the encouragement of trade with Britain as against the U.S. Nine-tenths of our trade with Britain comes under the Preferential Tariff. The benefit conferred upon Britain by the P.T. has injured our manufactories accordingly, while the British Cattle Embargo has done our farmers enormous damage, although our exports to Britain declined by $12 millions of dollars in 1907, as compared with 1906, yet our exports are nearly double to Britain those to U.S. Our exports to "other countries" have declined from $9 138,000 in 1905 to $6 987,000 in 1907.

MR. BORDEN ON IMMIGRATION

Nearly one year ago, on September 24th 1907, Mr. Borden delivered a notable warning in his great speech at Vancouver on the question of Immigration. He began his remarks by quoting the policy of the Conservative party as laid down at the conference at Halifax, N.S., viz., "Careful Selection and abolition of the bonus system" In this article we shall quote that part of the Conservative leader's remarks upon "Oriental Influx."

It is as follows;

'No reasonable or effective effort has been made to bring settlers from European countries to British Columbia. But immigration has poured in from Asia in large volume. It had begun from China before 1896. In the campaign of that year Sir Wilfrid Laurier announced his policy with respect to Chinese immigration in a telegram published as a campaign document. In this he said; "The views of the Liberals of the West will prevail with me." Note well the expression: he proposed to be governed not by the will of the people, but by the will of the Liberals of the province. I adhere to the view which I expressed in 1902, that on this great question the views of the people of the great province as a whole should prevail.

After the present government attained power the matter drifted for years until the report of the Commission on Immigration. That report made by men selected by Sir Wilfrid Laurier, one of whom he has since appointed to a position on the judicial bench, contained the following;

"That there is probability of a great disturbance in the economic conditions in the province, and grave injury being caused to the working classes by the large influx of laborers from China, as the standard of living of the masses of the people in that country differs so widely from the standard prevailing in the province, thus enabling them to work for a much less wage.

"That it is in the interests of the Empire that the Pacific Province of the Dominion should be occupied by a large and thoroughly British population rather than by one in which the number of aliens would form a large proportion."

With respect to the Japanese the report contained the following pronouncement;

"Their presence in large numbers delays the settlement of the country and keeps out intending settlers; and all that has been said in this regard with reference to the Chinese applies with equal if not greater force to the Japanese'.'

In 1903 the Government carried out the Commission's recommendation with regard to the Chinese, but explicitly refused to take action with regard to the Japanese. Sir Wilfrid Laurier declared that as to those the problem had been solved.

THE GOVERNMENT AND THE JAPANESE.

The resulting sequence of events has been very curious and gives rise to reasonable suspicion. In the same year, 1903, a Conservative member moved to insert in the Grand Trunk Pacific charter, the following clause;

"That no contractor or sub-contractor on the said railway shall employ any Asiatic labor or workmen in the construction of the said railway."

The Government voted down this motion and rejected the clause.

During the last session of Parliament the Government made Canada a party to the treaty of 1894 between Great Britain and Japan which contained the following provision;

"The subjects of each of the two high contracting parties shall have full liberty to enter, travel or reside in any part of the dominion and possessions of the other contracting party, and shall enjoy full and perfect protection for their persons and property"

This treaty by its terms permits the unrestricted immigration into Canada of the entire population of Japan But it was ratified by Parliament upon the most positive and explicit assurance by the Government as to the character and extent of that immigration

HON. SIDNEY FISHER'S VISIT TO JAPAN

Mr. Fisher, the Minister of Agriculture visited Japan in 1903, and upon his return gave in Parliament an account of his mission. After he had dwelt upon the importance of his presence at special audiences with the Emperor and Empress of that great country, and the impression which he had created upon the people, and after he had emphasised the important trade advantages which would accrue to Canada by reason of his visit;

I interposed this question;

"Before the honorable gentleman sits down, I would like to ask if he was able to make such observations of the social and economic conditions as would justify him in coming to a conclusion with respect to the effect that extensive emigration from Japan might have upon our conditions in Canada.

I should say here that before I brought up this matter, the House had already been warned by Mr. Justice Morrison, then a member of Parliament that Japanese immigration was beginning to invade British Columbia.

THE MINISTER OF AGRICULTURE REPLIED

"I am satisfied in the first place that there will be no such immigration from Japan. The Japanese are a home-loving people, and they have abundant opportunity for progress and industry in their own country. The Japanese Government itself forbids the emigration of anybody from the country without a permit, and for several years past they have refused to issue a permit to any Japanese to come to Canada who is a laborer or of the ordinary, laboring class. Permits are issued only to merchants, students and travelers."

Mr. Clancy, M.P., asked, 'Did that extend to emigration to any other country than Canada'.'

And the honorable Mr. Fisher continued;

"The system extends to every country. No Japanese can leave his own country without a permit from the Government. The Government there in accordance with negotiations with our Government, have issued orders I think about two years ago, that for the future no permit should be given to a Japanese except the classes I have mentioned, to go to Canada, and that has been strictly maintained to the present time. I had the assurance of the Government there, personally and in writing, that that policy would be maintained. My honorable friend spoke about the possibilities of industrial invasion. I consider that there is no prospect of that.'

After reciting the foregoing discussion from Hansard, Mr. Borden resumed;

"I cannot emphasise too much the importance of the statement thus made to Parliament. Mr. Fisher declared that as a minister of the Crown, and virtually an ambassador from Canada to Japan he had the assurance of the Japanese Government that their policy restricting emigration to Canada to a mere nominal number, and to an entirely limited class, would be maintained. This declaration was before Parliament when the treaty of 1906 came up for ratification. Sir Wilfrid Laurier repeated in effect the assurance given by Mr. Fisher. The treaty was in fact accepted by Parliament upon the explicit representation of Sir Wilfrid Laurier that the Japanese Government had restricted emigration of its subjects to Canada to not more than four or five from each province annually. As Prime Minister, he gave Parliament and the country clearly to understand that the arrangement in this respect made years ago between Canada and Japan would continue, and would not be altered or interfered with by the ratification of that treaty.

THE POSITION TODAY.

How is it that we hear nothing today of the assurances "personally and in writing" given by the Japanese Government and relied upon by Parliament in accepting this treaty. Either the Government has deceived Parliament or it is in a position to take immediate steps for the abrogation of this treaty.

PRESTON TO THE FRONT

But an old actor appears on the scene, Mr W. T. R. Preston, who had been Canadian Immigration Commissioner in London for many years. During that time a so-called Canadian Labor Bureau was founded in London by one Leopold or Lazurus, and he was permitted to establish his office in the Dominion Government building. Mr. Preston in his official capacity publicly repudiated all connection with or responsibility for this bureau. Secretly and privately he gave it his official sanction and encouragement. This fact was thoroughly established by letters from Preston produced by Alfred Jury another government official, employed in the same department. The Canadian Labor Bureau did a large and profitable business. Jury testified on oath to his belief that Preston was interested in this as well as the North Atlantic Trading Company. We moved in Parliament for Mr. Preston's dismissal. He was not dismissed but suddenly transferred from London to Japan, and his arrival in Japan was followed a few months later by a large influx of Japanese laborers, who are certainly arriving under some organized system. Is it too much to assume that some unknown and undiscovered North Atlantic or North Pacific Trading Company or Canadian Labor Bureau is profiting from the very large number of Japanese laboring men who are thus disembarking upon our shores. This subject will bear investigation later on.

THE SITUATION

Japan is a great nation. The renown of her soldiers as well as her statesmen is world-wide. She is the ally of Great Britain. The violence which has been offered to her subjects peacefully residing in this country under treaty rights, is a matter of deepest regret to every loyal Canadian, and every possible reparation must be made.

The Government has unnecessarily created a difficult situation and they must accept the responsibility. Present conditions deter immigration to your province from European countries, and will end in driving from the Pacific coast all laboring men of European races. And in truth the question is whether or no this great Pacific Province shall be dominated by a Canadian race or by men of oriental descent. If present conditions are permitted to continue, the question does not stop short of this point. The Laurier Government notwithstanding its promises of the past, has created this condition. It did so knowingly and wantonly in face of the warning of its own Commission, and with full understanding of the consequences.

Complete information must have been in possession of the members who represent this great Province in the Commons of Canada. Did they withhold it from the Government? Is that conceivable? Why did every British Columbian representative reserve his protest until it was too late?

VIOLENCE DEPRECATED

Let us have a due sense of Imperial as well as Canadian interests; let us appreciate the sanctity of treaty rights, which must always be observed, and the respect which must be paid to a great nation like Japan, the ally and friend of Great Britain; let us remember the importance of trade relations with both China and Japan, but above all let us never forget that there are considerations greater and higher than those of trade or material progress.

The Conservative party, which brought this splendid province into our great confederation, will ever maintain one supreme consideration to which all material considerations must give way; and it is this; British Columbia must remain a British and Canadian province, inhabited and dominated by men in whose veins runs the blood of those great pioneering races which built up and developed not only Western, but Eastern Canada. And while we recognize our duty to the great Empire whose flag shall always float above us, we respectfully and loyally maintain that Canada in so vital an essential as this must be accorded a freedom of judgment as perfect and unfettered as that exercised not only by the other great dominions of the Empire but by Great Britain herself."

Mr. Borden then went on at great length to analyse the whole conduct of the Government which he considered suspicious, unfair to labour and to Canada. He summed up his remarks in the following resolution, which was voted down by the Laurier Government majority and no substitute or sign of repentance provided in its stead by that Government.

Mr. Borden concludes:

"So. I think it is fitting, Mr. Speaker, in view of what has taken place from 1896 to the present time, that we should place our views before the country. Therefore I move;

That all the words after the word, 'that' be left out and the following substituted therefor;

By order in council of 3rd August, 1895 the Ministry then in office in Canada called attention to the dangers of unrestricted immigration, and declared that Canada's adhesion to the treaty of 1894 with Japan should be accompanied by such a proviso or stipulation as would enable Parliament to control the immigration of labourers and artisans;

That Japan in 1896 consented that such a proviso and stipulation should accompany the adhesion of Canada to the treaty;

That notwithstanding such consent the present Government in 1905, deliberately abandoned any such proviso or stipulation although its great importance was twice called to their attention by the British Government during the course of the negotiations, having entered into the treaty of 1906—which brought into force in Canada the treaty of 1894—and without reserve—the Government secured its ratification by Parliament in 1907.

That the ratification of the said treaty of 1906 was almost immediately followed by a great influx of Japanese labourers into Canada;

That in the opinion of this House, Canada should not enter into or accede to any treaty which deprives Parliament of the control of the immigration into this country;

That this House, while expressing its profound appreciation of the friendly intentions and courteous assurances of the Japanese Government and while declaring its sincere desire for the most cordial relations with the Japanese people, desires nevertheless to record its strong protest against a policy under which our wage earning population cannot be protected from destructive invading competition except by entreating the forbearance and aid of a foreign government."

EDITORIAL NOTES

The cheese boom seems to have gone "off" in a most unexpected way. It will be a nasty set back for the farmers.

The Toronto News of September 2, had a column devoted chiefly to Mr Stratton and "Stratton Conservatives," It is a news item and not an editorial so it may be only "an advertisement." Eh! What!

In this age when by-products result from every branch of industry, it is a singular thing that the power of a powerful smell cannot be made more use of. If it could, the politics of Peterborough east and west under "certain conditions" would provide a source of much energy.

Liberal opposition has developed such strength in the East Riding that the return of an outsider is considered even in Liberal ranks, impossible. This may have an important bearing on the struggle for nomination in the West Riding. Coming events have been casting awkward shadows lately over there. Cold feet was a natural, if humiliating result. Possibly a more cordial welcome might be expected in the west riding. It might be well to try it. At any rate it would decide once for all what sort the people want.

SENTENCED TO THREE YEARS IN KINGSTON PENITENTIARY

John Lasure, Seventeen Year Old Youth of This City, Pleaded Guilty to Stealing Horse and Buggy—Appeared Before Magistrate Holland at Cobourg Yesterday.

John Lasure, the seventeen-year-old youth of this city, who was arrested here on Saturday, charged with stealing a horse and buggy from the Balmoral hotel sheds at Cobourg on Friday evening last, was yesterday sentenced to three years in the Kingston Penitentiary.

Chief Rose came to Peterborough on Monday morning and drove the prisoner back to Cobourg in the stolen outfit. Lasure appeared before Magistrate Holland and pleaded guilty to stealing a horse and buggy, the property of W. J. Johnston, of Grafton.

He also pleaded guilty to a charge of breaking open the trunk of the hostler of the hotel and stealing a pair of opera glasses, a razor and a shirt. For this offence he received a sentence of six months, to run concurrently with the three year imprisonment.

The convicted man belongs to this city and was out on suspended sentence on a charge of theft.

DUCK HUNTERS HAVING GREAT LUCK ON OTONABEE RIVER

Not for many seasons has the duck shooting on the Otonabee river and at Rice Lake been as good as it is at the present time. This is said to be due to the careful attention paid by the Game Warden to the protection of the game during the closed season.

The banks of the Otonabee this week are lined with campers all enjoying the splendid sport of duck shooting and from all reports they are having splendid luck.

Mr. Ernie Mitchell and party are camped at Sunafort bridge. They are certainly getting their share of the coveted game, Mr. Mitchell bagging eighteen the first morning out.

Messrs. R. Tivey and C. James are are also having great sport and are downing a large number of ducks. They are old and experienced huntsmen and they stated that the duck shooting was never better than it is this season.

MONSTER LUNGE CAUGHT AT TWEED

Harry, Martin Pulled in One That Weighed Exactly 35 Pounds

The Tweed News says;—On Wednesday evening, Aug. 19th, while most of us Tweedites were busily engaged in our various callings, one of our citizens, Harvey Martin, and his young fourteen-year-old son, Harry, were out in a frail canoe, on Big Bay, engaged in an exciting contest with what looked to be a fair sized whale.

Harvey is not a timid or weak hearted individual by any means, but no one would have blamed him a great deal if on the occasion referred to he had promptly decided to give up what appeared to be such an unequal combat and made a rapid transit move for land and the company of friends, but no, he stuck to his knitting and after a game struggle for about three-quarters of an hour he succeeded in safely landing into his canoe the thirty-five pound beauty that you see suspended from a pole in the accompanying picture.

When Mr. Martin came up town bearing his prize he was the hero of the hour and the centre of all attraction, from the little 2-year-old tot right on up to the oldest inhabitant of the place.

Oh! if you could only have heard the fish stories then. There was no end to the flowing eloquence that told of the big and bigger fellows that have been landed from time to time. Well, with this big fellow actually before us we could not well doubt their stories and we must admit that we believe a large number of them are actually true.

Mr. Martin's catch was a fine lunge. It weighed exactly 35 lbs. had it been filled with its ordinary evening meal it would undoubtedly have weighed from 8 to 10 pounds more.

THIS LUNGE RECORD BREAKER

Kinmount Man Pulled Out One That Weighed 37 Pound

Mr. Barryfield, of Kinmount, holds the record for the largest fish caught this year, indeed for many years. On Saturday he was down near Sturgeon Point fishing. At this place he succeeded in landing a lunge which weighed 37 pounds and three ounces. If the the weight given is the correct one (and it is given on good authority) it will be some time before another lunge will be pulled out of these waters which will be able to compete with it in size.

RECORD TRIP ON TRENT CANAL

Tug Goes From Lake Simcoe to Healy Falls Without a Mishap

The longest trip of any craft on the Trent Canal waters was accomplished last week by a tug owned by Messrs. Brown and Aylmer, contractors, who have the contract for the section of the canal immediately above the town of Campbellford. Messrs. Brown and Aylmer have recently purchased this tug from a gentleman in the village of Bradford, on the southern portion of Lake Simcoe, and a week ago Saturday it left Bradford, across Lake Simcoe, over the Kirkfield Lift Lock and through the various stretches of navigation that at the present time constitute the Trent Valley Canal, arriving without mishap at Healey's Falls. The tug was then hauled out of the water and skidded around the falls to Crow Bay below. The tug then proceeded on some few miles further to the point where Messrs. Brown and Aylmer are working.

It is estimated that the trip would cover about two hundred miles. Mr. Brown, jr., of Messrs. Brown and Aylmer, was at the wheel.

$100 REWARD, $100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Dredging is Going Ahead Rapidly on Trent Canal — The Reason Why

The Lindsay Warder says:—"Looks like elections soon," remarked a citizen of Fenelon Falls yesterday to a Warder reporter who was in that village, to the dredge, "H. R. Emmerson," which was puffing away, deepening the canal.

The canal is to be deepened to eight feet, and the work has been going on for some time. Now that the elections are at hand, and the Government is desirous of pacifying the people, and is attempting to gain their good will by acceding to some of their wishes.

COMMITTED SUICIDE BY BLOWING HIS BRAINS OUT

Sad Ending of Cousin of Mr. Joseph Crowe, Driver of the Warsaw Stage—No reason given for the Act.

Mr. Joseph Crowe, the popular driver of the Warsaw stage, received the sad intelligence to-day of the death of his cousin, Wm. J. Crowe, of Chesley, who ended his life by blowing his brains out in his own barn yesterday afternoon.

A special despatch from Chesley says:—

Chesley, Sept. 3.—Wm. J. Crowe, a prominent young cattle dealer of this town, committed suicide here some time this afternoon by blowing his brains out in his own barn. The last seen of Crowe in Chesley was last Friday. He has been seen at different neighboring towns since then, and it is supposed he returned home some time last night. Dr. Downing, the coroner, had the remains removed to his own home and will hold an inquest. Crowe leaves a wife and two children. No reason can be given for his act.

JUDGEMENT IN RESTAURANT CASES MAY BE PLACED BEFORE ATTORNEY GENERAL

The judgment of Magistrate Dumble in the cases of the three restaurant keepers, George Thomas, John Fowler, and C. Q. Woo, will likely be placed before the Attorney-General's department. Mr. G. N. Gordon, counsel for Fowler and Thomas, has filed an appeal with Judge Weller against Magistrate Dumble's judgment.

Mr. Dumble, in conversation with Mr Gordon at the police court this morning, stated that when the appeal was to be heard the Attorney-General would likely send a representative. His Worship remarked that it was a strained judgment and it was well for it to be considered. "Had a man gone in and asked for a cup of tea one would not have been so ready to lay an information," said His Worship, "and it would be looked at in this way that one man's taste was for tea, while another one preferred lemon sour." He thought that the point to decide was whether it was given as a necessity or as an act of mercy.

"I am sure it was no act of mercy," said His Worship, pointing to Chief Rossel, "to give that man a lemon sour."

Mr. Gordon stated that Mr. Thomas was not sure whether it was right to sell it on Sundays, but thought when the chief knowing the law, purchased it, it must be all right.

"An information ought to be laid against the chief for buying when he knew the law," said His Worship.

"Well, I would plead not guilty," remarked the chief.

RELIEF DEPARTMENT GLAD OF STAY IN IMMIGRATION

The fact that the immigration to Canada from the Old Country will be light or practically nil this year affords the greatest relief to the local relief departments. They are glad to be relieved of the unrelieved monotony of continually giving relief.

Last year was the worst in this respect in the history of the city and the "hard times" sign was hung up in the households of many families who came here to have their conditions bettered, but it was simply a case in nearly all the instances of out of the frying pan into the fire. As has been announced in the Review many of these will be reported again and while many instances will not be materially improved the frying pan is preferable to the fire at any time.

WAS COUNTING OUT MONEY TO PAY FOR HORSE HE HAD BOUGHT WHEN THE ANIMAL FELL DEAD

This horse kicked the bucket at a critical moment, $110 of the $200 that was to buy him, was being counted out when the animal keeled over dead.

The story runs thus, Mr. George Powell, the veteran turfman was negotiating for the sale of a horse at the Driving Park a couple of days ago. The man who was to buy it was told it could step a mile in 2.25 and the half in 1.10. Mr. Powell to show the truth of his statements put the horse on the track and it did the distances in the time required.

The purchaser was well satisfied and pulled out the money to pay for it. He had just counted $110 when the horse dropped dead. The premature but involuntary action of the horse establishes a precedent as far as the Review's knowledge of horse sale incidents goes.

TRANSPORTATION FACILITIES FOR VISITORS TO THE FAIR

There was a good attendance at the meeting of the directors of the Peterborough Fair at Storey and Simpson's store, Water street, last night. A great volume of work was gone through and final arrangements made in many important matters. It would seem as though the fair will be a greater success than was even anticipated by the directors and an abundance of entries are coming in for all classes. In the absence of President Leary, Vice-president J. H. Garbutt occupied the chair and the directors got down to work at once. They had a formidable bill of business before them but the bulk of it was attended to.

Everything is prepared in connection with bringing visitors from outside points here. A special train will be run from Campbellford, calling at Hastings, Keene, Birdsalls and Drummond's.

Special boat connections have also been arranged for and boats will be run from Rice Lake and Otonabee river points and from Stony Lake calling at Sturgeon Point, Burleigh and other points, and connecting with the trains at Lakefield.

AN INTERESTING INTERVIEW CONCERNING SETON-THOMPSON

A member of the Review staff had the pleasure of an interview last evening with Mrs. Gordon Wright, who resides with her son and daughter in Eastland's terrace, this city. Mrs. Wright is the widow of the late Mr. Gordon Wright, who formerly lived at Carberry, near Brandon, Man. A frequent visitor at their home was Ernest Seton-Thompson, the renowned animal story writer. In fact he lived with them for a considerable period, while prosecuting his quest into animal and bird life in the great west. In those days Mr. Thompson was a poor and busy man but he found time to paint a portrait of Mr. Wright, and also one of the eldest daughter, now deceased, the former in oils the latter in colors. That of Mr. Wright is a lifelike portrait splendidly done. Mr. Thompson often got $100 for his sketches and with this money provided means for his journeys into the wilds. He was a native of Durham County, England, but came to this country with his parents when quite young.

OTONABEE MAN MEETS WITH AN ACCIDENT NEAR WARSAW

Samuel Clydesdale of Otonabee, was badly injured in a runaway accident on the farm of his brother near Warsaw yesterday. Full particulars of the accident have not yet been received, but it is understood that Mr. Clydesdale was driving a team on the binder and the animals became frightened. Mr. Clydesdale was badly cut and word was sent for his wife to come at once.

Mr. Clydesdale is well known in the city and in Otonabee and his unfortunate accident will be greatly regretted. He had gone to Dummer to help his brother at the harvesting and had only been there a short time when the accident happened.

NEW ARRANGEMENTS

Following on the recent deplorable accident in the cleaning room of "My Valet," the proprietor has decided to eliminate all possibility of trouble in the future by having the cleaning of garments done out of the city. Arrangements have been made with the best firm in Montreal, who handle this work for all parts of Canada, and to whom parcels will be expressed each day and promptly returned. Patrons may be assured of every attention and first class work.

The graduating exercises in connection with The Nicholl's Hospital Training School for Nurses will be held in the Conservatory Music Hall on Thursday evening of this week at 8 o'clock. An interesting programme will be presented and the public are cordially invited to attend. d2.

SPORTING

RESERVED SEATS ARE SELLING WELL

There's a good sale of seventy-five cent seats at the Oriental for the wrestling match at Brock street rink tomorrow night and everything points to a monster audience.

Fritz Mohl writes that he never was in better shape in his life and says if he wins the match, which he is confident of doing, the victory will be the best of his career. Rogers, however, is in shape to put up an awful resistance and although he is aware that Mohl is looked upon in local circles as the likely winner is in no way disturbed and is determined to beat the German champion at his own game if he possibly can.

"I don't want to discuss my chances in the match," said Rogers to the Review today in a somewhat brusque but by no means uncourteous manner "I expect to win, but a victory is by no means certain. Mohl writes that he is confident but I think I am just as probable to land the laurels as he is."

HORSE RACES AT THE FAIR WILL BE GOOD

The horse races will be a big feature at the Peterborough Fair. The sport has a fascination for the majority of those who attend and as the biggest financial inducements have been hung up this year for races of any in the history of the exhibition a large and fast field of starters is expected in the different classes.

The programme of the races is given below:

Friday, September 18
Two o'clock

1 Trot or pace—2.50 class. Prize $100. One mile heats. 3 in 5. Entrance, five per cent. and five per cent additional for winners.

2 Trot or pace, 2.20 class. Prize $200. One mile heats, three in five. Entrance five per cent and five per cent additional for winners.

Saturday, September 19

1 Trot or pace, 2.28 class. Prize $150. One mile heats, three in five. Entrance five per cent and five per cent additional for winners.

2 Trot or pace, 2.17 class. Prize $300. One mile heats, three in five. Entrance per cent and five per cent additional for winners.

Horses eligible on 1st September, 1908. No horse entitled to more than one division of prize. Usual weather conditions. Right to change order of races reserved. Hopples allowed. National Trotting Association Rules govern. Trotters allowed four seconds. Five to enter, four to start.

Entries to be made with the Secretary on or before September 16.

All prizes will be divided 50 per cent, 25 per cent, 15 per cent, and 10 per cent.

All the above regulations must be strictly adhered to.

NO SENIOR O.R.F.U. THIS SEASON

W. H. Gledish Succeeds Joe Hay Who Has Resigned From Secretaryship

At a meeting of the Executive Committee of the ORFU, yesterday, W. H. Gladdish, well known in lacrosse circles was appointed Secretary to succeed J. H. Hay, of Peterborough, resigned.

The Ontario Union will not have a senior series this season, but will content itself with intermediate and junior divisions. This union has nothing at issue with the Interprovincial Union, as last year, but has strong following of its own, and anticipates a successful season.

ALLOWED TO PLAY IN I.P.U.

Amateurs Given Sanction to Play With That Body

At a meeting of the governing body of the C.A.A.U., in Toronto last night the question of affiliated athletes playing in the Interprovincial Rugby Football Union came up through an inquiry from the Toronto Amateur Athletic Club, an institution that now has about a thousand members, and will be one of the greatest local factors in athletic sports. It was the feeling of the meeting that whether the Interprovincial Union were in affiliation with the C.A.A.U. or not, so long as it was conducted on strictly amateur principles it was in accord with the policy of the governing body to approve of its progress, the promotion and encouragement of sport on amateur lines being the primary object of the union. The following resolution was adopted:—

"That the application of athletes desirous of competing in the Interprovincial Rugby Football Union be granted, provided that the Interprovincial Union's definition of an amateur be strictly enforced."

In order to clear up a common misunderstanding about the principles of the Interprovincial Union, it was made plain that the amateur definition of the footballers is identical with that of the C.A.A.U., and distinctly prohibits the looseness that is the essential principle of the Federation.

EDMUNDS TO BOX ATTELL

Artie Edmunds, the pocket Hercules, one of the best wrestlers and boxers ever turned out in Canada declares that he will go after the winner of the Abe Attell-Owen Moran battle at San Francisco.

Edmunds has mixed it before with Attell, in New York, and gave the champion a terrific battle. At that time boxing was under the ban in that city and Edmunds did not get made as he should have.

The pair fought in a small ring and the conditions of the bout was fighting with one hand free. The quarters hampered Attell's clever footwork and in the first round Edmunds had Attell all but out. After that the referee ordered clean breaks and the boys fought out the six rounds without either of them being very much punished.

Edmunds is a rushing fighter and just the kind of man who will some day defeat the clever champion. Ever since the New York bout Attell has refused all of Edmunds' overtures for a return battle, but has agreed to give him a chance in a limited round battle in the East in the event of defeating Moran. One of the big New York clubs in all probability the National will stage the Attell-Edmunds bout.

Edmunds is a great favorite around New York where he has fought numerous battles. He has been out of the game for a couple of months on account of a broken thumb, sustained in a bout in Brooklyn. He is in good shape again, however, and will start training immediately. After the Attell argument is settled the Pocket Hercules will go on a theatrical tour doing his famous physical culture act, in which he has made a good impression all over the country.

Rev. James Bracken, pastor of Ferguson avenue Presbyterian church, Hamilton, has resigned.

James Noble, of London, who sustained a concussion of the brain last Saturday, is dead.

SEVEN TEAM BOWLING LEAGUE TO BE FORMED IN PETERBORO

A preliminary meeting of those interested in forming a bowling league was held in the Peterborough Bowling Club a short time ago when the matter of forming a bowling league was discussed. Great interest was taken in the project and another meeting to make definite arrangements will be held in the near future.

In all probability a league consisting of seven teams will be formed. The date of the meeting has not yet been decided upon but will be announced in these columns when it is.

It would appear that bowling will have a flourishing season in Peterborough this year.

No game has ever been taken up locally with greater eagerness than it has. The devotees in this city are many and enthusiastic.

STEPS TAKEN TO ORGANIZE RUGBY LEAGUE IN THE CITY

Committee Appointed Last Night to Get Things Started—Senior and Junior Series Will be Formed if Possible.

Prospects are bright for a city rugby league with a senior and junior series. A committee has been appointed to take the matter up and a meeting will be held next week to get the league organized and the season opened. It is expected that there will be four teams, at least. The Bankers, Rough Riders, CGE, TAS and YMCA, are counted on for teams and it is understood that some of the above have already organized and are anxiously waiting for the season to open. With an abundance of material in the city a fine city league should be formed and do great service in promoting the game here.

A crackerjack of a junior series can be organized. There are boys playing rugby football on every vacant lot in the fall and every season sees a half dozen junior teams at work. If these are grouped in a league and given a little encouragement they would provide some fine sport.

At the meeting of the rugby club last night a committee consisting of Messrs Clark, Craig and MacRae was appointed to look into the matter of organizing a city league and to report at a meeting to be held next week, likely on Thursday night.

Those connected with city league teams are asked to give all the assistance possible in getting things started.

LAST YEAR WAS NOTABLE ONE IN RUGBY HISTORY OF CITY

Interesting Report Presented at Meeting of Rugby Club Last Night—Election of Officers Deferred--Rugby Situation in a Tangle.

The annual meeting of the Peterborough Rugby Club was called for last night but the election of officers and some other business of importance was deferred till a meeting to be held next week. About fifteen enthusiasts turned up and the president, Mr B. F. McWilliams, was in the chair. Owing to the tangled up state of affairs in the ORFU, and Interprovincial union it was impossible to decide where a team should be entered, this matter being left in abeyance till it is seen what turns up.

In the absence of the secretary, the treasurer, Mr. James Clarke, presented the following report:

Owing to the absence of the secretary from the city the duty devolves upon me to present the annual report of the Peterborough Rugby Club.

The season of 1907 will go down in the annals of Rugby in Ontario as a notable one. The Interprovincial Union was formed, comprising the four great senior teams in Ontario and Quebec, Montreal, Ottawa, Argos and Hamilton Tigers. The withdrawal from the Ontario Union of Hamilton and Argos left only Peterborough and Victorias to battle for the western district. Three games were played to settle the matter and Peterborough clearly established their right to the championship in this district. Westmount proved to be the winners in the eastern district and the result of their meeting with Peterborough is one of the bright spots on the records of last season. They came, they saw, but did not conquer and Peterborough had won the championship for the Senior ORFU for 1907.

Ottawa College refused to play Peterborough for the Dominion honors, and the only course for our team to pursue was to play Montreal, the champions of the Interprovincial. This they did and received a sound drubbing.

From a financial point of view the season was a fairly satisfactory one, but had it not been for the final game with Montreal the team would have finished the season with a lovely debt upon its hands. There are many reasons to give for the lack of financial assistance given the club, during the season. We had only two home games and from only one of these was there any revenue gained the balance from the Victoria game being fifteen dollars. The Westmount game was under the management of the ORFU and the gate receipts not covering the visiting teams expenses, we received not a single cent. The game in Lindsay was also a debt incurred, the treasury of the club containing a reduced balance after the game was played.

The sources from which most of the moneys was secured were season tickets, subscriptions, the excursion to Toronto and the Montreal game. With the money obtained from these sources the management were enabled to finance the season, pay off debts left over from the previous season, put in lights, lamps, poles, etc, in the park, and present the members of the team with a handsome picture and have a small balance left in the bank to start the present season with.

The prospects for the coming season are fairly satisfactory. The action of the club in playing Montreal debars Peterborough from the ORFU, and the only league now open to them is the Intermediate Inter-Provincial. We have received assurance from the executive of this League that our application for admission thereto will be favorably considered. It is therefore one of the first duties of this meeting to decide what course shall be pursued during the coming season.

The financial report for the season is attached hereto.

Audited and found correct,
C. G. GRAHAM.

Mr Joe Hay was present and gave some interesting information regarding the ORFU, of which he is secretary. He was undecided whether the union would be in existence this year or not. If the Argos retained their franchise in the Interprovincial there would likely be a senior series in the ORFU as the TCC, and the ICAU, would have teams for the senior series. However, nothing would be known till a meeting of the league was held. President Slee intends calling one in the near future.

After some further discussion it was decided to leave the election of officers till a later meeting.

MAKES 23 BULLS.

Elmitt of Ottawa Does Sensational Shooting—Many Matches Ended.

Ottawa, Sept. 3.—The most interesting event of the Dominion Rifle Association meeting yesterday was the contest for the Gillespie Cup, which is decided by the scores in the Bankers', MacDougall, Walker and Dominion matches.

Considerable excitement prevailed during the Walker match when it was seen that the 90th (Winnipeg), and the G. G. F. G. (Ottawa) were running a neck and neck race. In the end the Winnipeg men won by a single point, the scores being: 90th, 1,296; G. G. F. G., 1,295.

In the Coates' match, for teams of six men, Lieut. Elmitt of Ottawa made 23 consecutive bulls. He scored 98 out of a possible 100. The 43rd (Ottawa) won the team prize, beating the 13th (Hamilton) by 3 points, with the 48th Highlanders only another point behind.

The Harold L. Borden match provided another great victory for the western men, R. W. Fox of Alberta winning with the fine score of 35.

Lieut. L. H. Morris, Bowmanville, led in the Walker match but the team prize went to Hamilton, the Guards of Ottawa being three points behind.

The 13th (Hamilton) had a brilliant victory over the 90th Winnipeg in the Kirkpatrick team match, winning by 4 points. The scores were: 13th, 743; 90th, 739.

RUGBY

As to whether a rugby team for Lindsay can be formed, there is considerable uncertainty prevalent among the promoters of the club. There is no reason whatever why this scheme should be dropped, because the town can put out a good team, and would make a creditable showing in the O.R.F.U. The trouble is that the men will not turn out to practice.

Those who are at the head of the club want to see it go ahead, and are anxious to have the support of all the young men of the town. They are going to make another effort to get a team together before abandoning it.—Lindsay Post.

No trace has yet been found of the Montreal post-office robbers.

Philadelhhia Cricketers Have a Big Lead—Ottawa Man Injured While Playing

Special to the Review.

Ottawa, Sept. 3.—The Philadelphia cricketers are so far ahead of the Ottawas that probably but one innings will be necessary to-day. Mr. F. L. Pereira, clerk to His Excellency the Governor-General, was struck with a ball and so badly while playing that he had to retire from the game. Through Leroy's expert bowling five Ottawa men were laid low and their score in the first innings kept down to 39, while the visitors went over 150, giving them a lead that will not be overcome.

TRAINING TO MEET HASSAN

Hurtubise Will be in Fine Condition When He Wrestles With Terrible Syrian

Gene Hurtubise is getting right into shape for his coming bout with the Syrian wrestler with the mountainous name Hassan Abdallah. Since his bout with Yankee Rogers he has developed considerably in the upper body and strips much better than he did at that time.

Last night he and his sparring partner, Wallace Dickson, had a strenuous workout at Brock street rink and he had a good run to develop his wind. Hurtubise should shape up well against the Balkan mat man.

YANKEE ROGERS BOWLS TO-NIGHT

He and Joe Hay Play Boyd and Hempsted at P. B. C. Alleys at 8.30

Yankee Rogers is quite a bowler. Although he has not done as much at the game recently as was formerly his wont, he trundles a splendid game. He has a score of 277, which is an excellent one.

He did some bowling at the alleys of the P.B.C. yesterday afternoon and to-night at 8.30 will play with Joe Hay against T. Boyd and Hempsted. Boyd has the alley record of 250. A goodly number of local bowling enthusiasts will likely be on hand to see how Yankee performs on the alleys.

RUGBY PRACTICE ON SATURDAY

Every Man Who Wants to Play the Game is Asked to Turn Out

The first rugby practice of the season will be held at Riverside Park on Saturday afternoon at four o'clock. Every man who wants to play the game, whether experienced or not, is asked to turn out and take part in the practice. The field is in fine shape and the weather is just about right for a good stiff workout. A big practice will help a lot towards rousing enthusiasm.

SPORTING COMMENT

The annual meeting of the Interprovincial Rugby Union will take place at Montreal on Saturday, Sept. 12th.

It really sounds like old times to hear Joe Hay give his opinion of the eastern magnates. Joe has as much use for the M.A.A.A. and its merry crew, as certain Hamilton citizens have for one Manager Fred Paige.—Hamilton Spectator.

One of the greatest boons to the youth of this city would be an athletic field. Why not help the Y.M.C.A. to get one? Nearly everybody can do a little towards it, and it would mean a great deal for the well-being of the rising generation.—Belleville Intelligencer.

A Cobourg paper rises to remark that Jimmy Reynolds' proposed trip from Port Hope to Toronto and return in 33 hours, on Sept. 1st, is suicidal. The walking barber and McAulhey, the Toronto runner, appear to be in the one class, fit for the Mansion on the Mountain.—Hamilton Spectator.

The Harriers' club, of Peterborough, is holding an athletic meet on Sept 17th. Bobby Kerr and Longboat will be the chief attractions. Next week Kerr appears at a set of evening games at Scarboro Beach, under the auspices of the West End Y.M.C.A. Baseball Club.—Hamilton Spectator.

J. B. Hay, ex-secretary of the Ontario Rugby Football Union, now of Peterborough is optimistic as to the success of his former charge. Three new junior clubs will be in line this year, Lindsay, Peterborough and the London Medicals. He would not promise a senior series, but he ventured the prediction that the life of the interprovincial would be of short duration basing his prediction on the facts that the eastern clubs are in charge of affairs and also that two teams in Toronto cannot help the situation.—Toronto World.

GOLF

The Lindsay golfers who intend to play against Peterborough should be out on the links to-morrow. A game is being arranged to be played here for Thursday, the 10th, or a week later. Peterborough has defeated Lindsay twice, and it is hoped that the season will close with a victory for the home club.

TWO GOOD PHOTOS

Two excellent photos of Yankee Rogers are on view in the display window of Kingan's Hardware store. One shows the fine chest development of the wrestler and the other is a picture of him in street attire.

WAS NOT SMOKING WHILE WORKING WITH GASOLINE

Inquest into the Death of the Late John Greer Resumed at City Council Chamber Last Evening—Several Witnesses Testified—Adjourned Until Next Wednesday.

The inquest into the death of John Greer, who was so badly burned at the premises of "My Valet," on Charlotte street on Saturday that death followed, was resumed last evening at the City Council Chamber at eight o'clock, before Coroner Dr. Gray. The following jurors answered their names:—Messrs. F. W. Miller, foreman; W. Morrow, W. Metheral, W. Merrill, George E. Elliott, W. J. Devanna, Jas. Browne, C. Clancy, W. Mein, R. Stewart, J. Embury, G. Brault, F. Kelly, T. Glover.

After considerable evidence was taken, Coroner Gray called an adjournment until next Wednesday. Crown Attorney R. E. Wood conducted the prosecution and Mr. G. W. Hatton appeared on behalf of Mr. Rickey.

Mr. Robt. Beach, proprietor of the Peterborough Dye Works, was the first witness called. He said that he had about 24 years experience with gasoline. The direct danger is in using it in a too small and badly ventilated room. If the room was overheated, gasoline is so inflammable that the fumes would take fire. It will explode sometimes without coming in contact with any burning material. He had no accidents from gasoline in his experience. The witness never knew of an explosion resulting from the friction caused by rubbing clothes together.

Mr. Bruce Rickey, joint proprietor of "My Valet," was called. He took over the business on April 11th. Neither he nor his partner had had any experience with gasoline before going into business. The room in which the accident occurred, would be about 18x10 ft. and 8 ft. in height. It is ventilated by a large window and when using gasoline the door was opened. At the time of the accident the window was opened to its full extent. The deceased was alone in the room. Witness said that the deceased's experience with gasoline extended over a period of four months. Smoking was never permitted in that room. He was sure the deceased was not smoking at the time. Before he died he told his mother that he had not been smoking. The largest quantity of gasoline ever kept on the premises was five gallons. It was kept in air tight tins.

Mr. Jas. Greer, father of the deceased, and Mr. Rickey's partner, was called. He was absent from the city at the time of the accident. He had made inquiries but could not arrive at the cause of the accident. Witness did not think it required a life time to know how to use gasoline.

Lou LeBarr, presser at "My Valet," stated that the first he knew of the accident was at 25 minutes to one. He telephoned for a doctor. When witness went into where the injured man was, deceased said, "Hello Lou," but says nothing of the explosion.

Fire Chief Howard stated that he arrived at the fire at 12.40 o'clock. The building was on fire, but the firemen had it under control. He saw the deceased. He had not had any experience with gasoline, but had witnessed a number of accidents resulting from it. It is the gas arising from gasoline that causes the trouble.

Mr. Walter Wesley, a former proprietor of "My Valet," stated that his experience with gasoline extended over a period of fifteen months. As far as the witness could learn from his father, who died as a result of gasoline explosion at "My Valet," before he passed away, that the accident, he thought, was caused by Mr. Greer rubbing his feet on the floor and in doing so he might have ignited a match, causing the flames to flare up. On Friday witness said that he saw the deceased in the yard smoking, but before he went inside the deceased put the pipe in his pocket. Witness had often smoked while working with gasoline and had put lighted pipe right into the gasoline. The danger was with the fumes.

A young girl, employed in the pressroom stated that she last saw the deceased about 11 o'clock on Saturday morning. She had seen him smoke a pipe. Two other lady employes gave similar evidence.

DRINK JOHNS' TEA

ALLEN DOONE IN NEW IRISH PLAY

Allen Doone, who appeared here last season in "A Romance in Ireland," has a new vehicle for the display of his talents this year. It is "Molly Bawn," an Irish comedy drama with several vocal hits that Mr. Doone sings to advantage.

It is sufficient for some people that they drink anything called tea. Others prefer a standard brand like "Salada," which has a reputation for being good. The latter get more enjoyment out of life. In buying tea for the satisfaction you expect to get from its use, it will pay to purchase "Salada." Avoid anything "just as good." Imitations are invariably of poor quality.

WEDDING BELLS

McDONALD—LANDELL

Broadway Tabernacle, Toronto, was the scene yesterday, Wednesday, September 2nd, of the marriage of Mr. Frederick H. McDonald, of the Planet Bicycle Co., to Miss Lillian, only daughter of the late Dalhousie Landell, of Toronto, and formerly a Lieutenant in the Royal Navy. Rev. E. N. Baker performed the ceremony, in the course of which Mr. Robert Gourlay sang "Because God Made Thee Mine." The bride, who was given away by her brother, Mr. Dudley A. Landell, of Toledo, O., wore an empire gown of cream mousseline de soie over taffeta, embroidered with seed pearls, berthe of Honiton point lace, tulle veil and orange blossoms and carried a shower bouquet of white roses and maidenhair fern. The bridesmaid, Miss Jean Pearce, wore a pale blue Rajah silk, a handsome hat with plumes, and carried a bouquet of pink asters. The groom's mother was robed in black peau de soie with bonnet trimmed with mauve flowers. The groomsman was Mr. Horace Curry, and the ushers Messrs. H. V. Tyrrell and Mr. W. Wanless. A reception was held at 237 Markham street, the house being prettily decorated with plumes, ferns and pink asters. The groom's gift to the bride was a sunburst of pearls, to the bridesmaid a gold locket and chain set with opals, to the groomsman a gold signet ring, and to the ushers pins set with pearls. Mr. and Mrs. McDonald left by the afternoon train to spend their honeymoon on the Kawartha Lakes. They will reside at the Grange Apartments. The bride is a granddaughter of the late Alexander McNeil, for many years a citizen of Peterborough, and a niece of Mrs. Wm. Hudson, of Rubidge street.

LAUNCH PARTY STRUCK STUMP

An Accident at Stony Lake--Valuable Bracelet Was Lost

A gasoline launch party had a doleful time near Eel's Creek, Stony Lake, one day this week. There were five in the party, two of them being young ladies, and they started out from Back Rock ascending to explore Eel's Creek. They stopped at Glenora and then continued their journey. At the entrance to the creek they were "stumped" in earnest. The launch ran hard and fast on a big stump and try as they might the occupants could not get it off. Finally the ladies were got into a canoe, but during the transfer one of them dropped a valuable gold bracelet to the bottom of the sea. There was a mournful wail and finally one of the young men, like the German knight of old, attempted to bring it up by diving. He failed, and the bracelet, like McGinty, is still at the bottom.

It took three hours, much hard work and a considerable waste of language stronger than tea, to get the launch off the stump. The accident had a depressing effect upon the spirits of the party.

N.S. TEACHERS MUST DRILL IMPORTANT ANNOUNCEMENT

Order-in-Council Provides Military Instructors for Nova Scotia Schools if Teachers Pass Examination in Drill and Physical Culture.

Toronto, Sept. 4.—The C.P.R. has made a complete surrender to the Brotherhood of Telegraphers. This news has been officially announced. This is the solution of the mystery regarding the delay of the conciliation board in reporting to the Dominion Government its majority finding a month ago that the C.P.R. telegrapher, Monsette of Megantic, had been wrongfully dismissed, and should be reinstated with pay for his lost time.

The company was up against a report to the Dominion Government directly against them. They knew that chief officers were in Montreal of four other railway employes organizations with grievances ready to demand the appointment of arbitration. The C.P.R. officials, rather than see a move tending to a general strike, accompanying that of the machinists, extended the olive branch. The greatest secrecy was imposed on the brotherhood officials, but in the case of the telegraphers, Judge Fortin, Montreal chairman of the telegraphers' conciliation board, has been forced to let the cat out of the bag by reporting the finding of the board. The official report states that the board is making no ruling, as the parties have arrived at an amicable agreement.

The Dominion Government has appointed Henry Holgate, civic engineer, Montreal, as its representative on the board of conciliation to deal with the changes made by the clerks and freight handlers in the Intercolonial.

THE MUTINEERS ARE STRANDED

Russian Emigrants to Canada Starving in London---Can't Go Home.

London, Sept. 4.—Thirty-two mutineers of the battleship Poterkin, who left Roumania for Canada, are stranded, penniless in London. They are now cared for by friends. The men are all of peasant extraction and good agriculturists. About £300 sterling is required to emigrate them. Hanging awaits them if they return to Russia. With them are six women and seven children.

Says He Was Held Up.

Belleville, Sept. 4.—William Babcock and his sister, Alicia Fisher, are under arrest charged with holding-up a Hungarian named Dushaua, who alleges that the woman coaxed him into a house to buy a necktie.

He declares he was paying for it when she snatched his purse, containing $13, whereupon Babcock pointed a revolver at his head, telling him to depart.

Millions to Charity.

Oswego, Sept. 4.—More than $4,000,000 is left to charitable institutions, the Metropolitan Museum of Art and Yale University, by the will of Frederick Cooper Hewitt, one of the wealthiest men in Tioga County, who died at his home here last Sunday. To relatives and friends less than half a million dollars is left.

Killed by M.C.R. Express.

Comber, Sept. 4.—Mrs. Harshaw was killed by an eastbound M.C.R. express yesterday morning. She was walking to the village to work for the day. Noticing a freight train going west she stepped on the eastbound track in front of the fast express. The engineer used the steam whistle repeatedly, but with the noise of the freight train going west she did not hear it.

Prospector Killed.

Nelson, B. C., Sept. 4.—W. F. Edgar, prospector of Ymir, left 10 days ago alone to perform assessment work on a claim. Not returning he was searched for and found on the claim evidently killed by a dynamite explosion. The only known relative is a brother at Corona, Calif.

Sugar Beets in Kent.

Chatham, Sept. 4.—Archibald Blue, chief of the census and stationery department at Ottawa, while in the city yesterday gave out the information that 1,200 Kent farmers are raising sugar beets this years.

Stirling Man's Misfortune.

Cincinnati, Ohio, Sept. 4.—M. D. Boland of Stirling, Ont., was robbed yesterday of his money, baggage and a moving picture paraphernalia at the railway depot here.

Exchanged Shots.

Montreal, Sept. 4.—More shots were exchanged yesterday with a gang of suspicious characters by the Montreal detectives near St. Constant, who are looking for the St. Eustache bank robbers. This time nobody was hurt.

Child Badly Hurt.

Brantford, Sept. 4.—The two-year-old daughter of W. E. Martin of Ohsweken received injuries which are thought to be fatal by being run over by a heavy load of grain on the Indian reserve.

To Collect $700, Cost $700.

Montreal, Sept. 4.—Last year a new income tax was imposed upon the people. It was to the effect that everyone who earned over $1,200 a year should pay an income tax of one per cent. It is found that all the money that had been collected was $700, and that it had cost a little over $700 for collectors. The tax will be abolished.

Company to Administer Fund.

Friedrichshafen, Sept. 4.—Count Zeppelin yesterday announced his intention to establish a company under the Corporation Act, to facilitate the administration of the funds contributed by the German people to aid him in the building of an airship.

To Honor Riflemen.

Hamilton, Sept. 4.—Arrangements are being made for a reception to the Thirteenth Regiment marksmen, who carried off the bulk of the prizes at the D.R.A. meet at Ottawa.

DISASTER ON GRAND TRUNK

The Chicago—New York Express Ditched at Princeton.

Woodstock, Sept. 4.—A broken rail is alleged to have been the cause of the Grand Trunk Chicago-New York express leaving the rails at Princeton about five o'clock yesterday morning.

Though running at fifty miles an hour, the engine and first truck of the first coach and the last coach kept the rails. Seven coaches were "ditched," but remained upright and the passengers got off luckily.

They were all badly shaken up, and half a dozen were slightly injured.

TELEGRAPHIC BRIEFS.

Residents in Addington County are fighting bush fires.

Fire destroyed the old McDougall distillery at Halifax.

Abd-el-Aziz, Sultan of Record, will give up the struggle in Morocco.

Expenditures for new buildings in Windsor, Ont., so far for 1908 amounted to $216,000.

Several paper mills in N. Y. State will re-open next week if the men will agree to a cut in wages.

Shewfel's general store at Armow was robbed on Wednesday morning, the safe being broken open and about $200 secured.

Vast Timber Wealth Lost.

Victoria, B.C., Sept. 4.—The heavy rains of the past few days have worked incalculable good in all but extinguishing the forest fires that have for weeks been raging in the Cowichan district, and thence toward the heart of Vancouver Island.

The cream of the island's most accessible timber wealth has been licked up by fires.

It is estimated that forest fires thus far this season throughout British Columbia have caused losses approximating $25,000,000.

May Be a Murder.

Cornwall, Sept. 4.—Roy Aubry of North Bangor, N.Y., across the river from here, was shot and severely wounded at Dickinson Centre, N. Y., on Tuesday night.

His story is that along with other young men he drove to what he believed to be a dance. Their presence was resented and one of the parties in the house fired on them with a shotgun. Aubry was struck in the abdomen, where he has an ugly wound, evidently caused by a slug.

Doctor's Bill a Fortune.

St. Louis, Sept. 4.—A trifling little difference of $20,000 in a doctor's bill for professional services may possibly result in a law suit against Adolphus Busch, the millionaire brewer.

The widow and the son-in-law of Dr. Luedeking, in settling up the affairs of his estate, discovered that the doctor had not sent Mr. Busch a bill for several years prior to the former's death, so they sent Mr. Busch a bill for $55,000. Busch offers to pay $35,000.

Sultan Fined and to Be Hanged.

Manila, Sept. 4.—The territorial supreme court yesterday decided that the Sultan of Dunaharra must hang for the part he took as leader of the raid on Perang, Island of Mindanao, in January, 1906, wherein J. W. MacDonald of that place was killed by the raiders. Besides being condemned to be hanged the Sultan is ordered by the court to pay to the heirs of MacDonald one thousand pesos.

Jolted From Car.

Windsor, N.S., Sept. 4.—Alex. Ross, while standing on the rear car of a train being backed into Swamp Quarry, was thrown off and killed by the jar of stopping the car. An arm and leg were severed.

Impatient With Government.

Willemstad, Sept. 4.—The feeling is spreading among all classes here that the Netherlands Government has unnecessarily delayed taking action against Venezuela in a matter that vitally concerns Curacao.

Confesses to Murder.

London, Sept. 4.—A well-dressed man, who refused to give his name, appeared at the Bow street Police Court and announced that he was the murderer of Mrs. Charles Luard.

Father Murphy Leaves For Rome.

Ottawa, Sept. 4.—Rev. Father William P. Murphy, principal of Ottawa University, left yesterday for Rome to attend the Oblate Order convention.

IS CAPTURED BY THE POLICE

Harry Barnett Caught in Owen Sound---Has Been Robbing Citizens.

Owen Sound, Sept. 4.—With a bottle of chloroform, a long dirk knife, a diamond ring, pawn tickets, and a lot of bogus telegrams in his possession, a young man who gives his name as Harry Barnett was arrested as he was leaving a local theatre in company with two women last night.

The husband of one of the latter objected and was threatened with the dirk, and the police were informed.

Several of the valuables on Barnett were found to have been stolen. Search of his room revealed tools and other booty.

John D. Has Pedigree.

Albany, N.Y., Sept. 4.—John D. Rockefeller is the offspring of a noble race, according to an announcement made at the annual reunion of the Rockefeller family here yesterday. The announcement followed the report of Dr. Aaron R. Lewis, who last year was commissioned by the Rockefeller family association to trace the family history in Europe.

He reports that several members of the family at one time held the title of baron in southern France.

In Air a Minute.

Washington, Sept. 4.—Orville Wright made a flight in his aeroplane at Fort Myer, Va., last evening. While making the second circle of the drill grounds, Mr. Wright pulled the lever which controls the planes in the wrong direction and he was compelled to descend in order to avoid running into some wires.

The aeroplane was in the air for one minute and fifteen seconds.

More Independent 'Phones.

Simcoe, Sept. 4.—At a meeting last night called by Mayor Carter to consider the telephone service, nearly every business man was present and it was the consensus of the meeting that too high charges were being paid for telephones, and that the rural telephone line should be extended without delay.

A telephone company was formed and directors appointed.

C.P.R. BRIDGE WAS DESTROYED

Fire Destroyed 600 Foot Structure and Washouts Tie up Traffic.

North Bay, Sept. 4.—Passenger traffic on the C.P.R. was completely disorganized yesterday, east and west, by two accidents.

Serious washouts tied up the line west of Fort William, followed by a pitch-in east of Port Arthur Wednesday, when a light engine crashed into the rear end of a freight train, smashing engine, caboose and one car. No one was injured.

Hardly had the tracks been fixed and traffic again moving before an even more serious event occurred in the burning yesterday of the 600-foot bridge between White River and Schreiber, which will take at least three days to rebuild. Bush fires are supposed to have ignited the bridge.

The Imperial Limited express, which left North Bay Wednesday night for Winnipeg, reached White River and will have to return to Sudbury and go over the Soo line via Minneapolis to Winnipeg. Trains from Winnipeg will also have to use the Soo line via Minneapolis until the bridge is repaired.

Detectives Shot by Burglars.

St. Louis, Mo., Sept. 4.—Chief of Detectives Gill of East St. Louis and Patrolman Ransome Paine, were shot early yesterday while trying to trap burglars in the home of Philip Wolff, treasurer of St. Clair County.

Cowboy Commits Suicide.

Liverpool, Sept. 4.—George Price, a cowboy playing with a Wild West show here, committed suicide yesterday. He was to have been married yesterday to a Liverpool waitress.

Indian Stabbed.

Cornwall, Sept. 4.—Louis Peters was stabbed near the heart at Cornwall wharf yesterday by another young Indian, Mitchell Oak, who escaped. Peters' condition is very serious.

Thaw Stays In Jail.

Poughkeepsie, Sept. 4.—Justice Marschauser refused yesterday to grant an order transferring H. K. Thaw from the Duchess County Jail to some other institution.

THE KEYMEN VICTORIOUS THE C. P. R. SURRENDERS

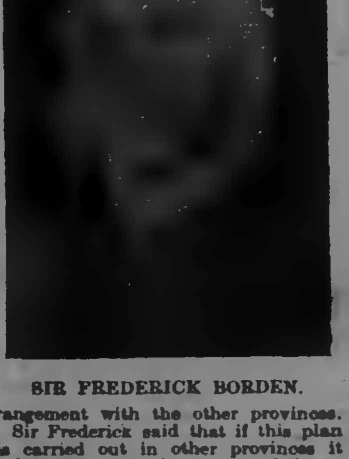
In the Case of Operator Monsette—Judge Fortin, Chairman of Arbitration Board, Appointed to Look Into Grievances, Admits Majority Favored Reinstatement of Employe.

Ottawa, Sept. 4.—At the luncheon given by Col. Sam Hughes, president of the D.R.A., Sir Frederick Borden was the principal speaker.

After defending the increased expenditure on the militia force Sir Frederick Borden turned his attention to cadet shooting and made an important announcement.

He said an order-in-council had been passed embodying an agreement which had been entered into with the Educational Department of Nova Scotia. It sets forth that the Militia Department will furnish free of cost to the schools, instructors in drill and shooting, providing the schools will adopt a regulation to the effect that all teachers be compelled in the future to pass an examination in physical training and drill before receiving a certificate.

A second order-in-council has been adopted giving the Militia Department authority to make a similar arrangement with the other provinces.



SIR FREDERICK BORDEN.

Sir Frederick said that if this plan is carried out in other provinces it will incidentally be a great help to the permanent force, which will provide the staff of instructors.

Conditions generally were exceedingly bad to-day, and consequently the points made were a little below those of last year. However, it is conceded that the marksmanship is much better.

The grand aggregate, like almost all of the matches, provided a close finish, Capt. McVittie, of the 48th Highlanders, just winning by two points over Sergt. Richardson of Vancouver.

By far the most exciting event of the meeting was the finish of the first stage of the Governor-General's competition. It resulted in a tie between Armorer-Sergt. Martin of Calgary, and Lieut. Spittal of Ottawa, with 90. The shoot-off drew a large crowd. They had five shots and then there was another tie of 20 each. They shot again and both made bulls. Once more they fired and this time Spittal made a bull, and Martin a magpie, the Ottawa man thus winning the silver medal.

The Lansdowne aggregate was up to the last shot, in doubt, and, at the end there was only a difference of four points covering the first three teams, the 10th R.G., the Ottawa Guards and the 90th Winnipeg.

The Transvaal Cup was won by a Vancouver war veteran, Capt. Hart McHarg, and the Barlow Cup finds a resting place at Port Hope.

British Columbia marksmen somewhat easily won the London Merchants' Cup. Ontario and Alberta, the next in order, being farther behind the winners than has usually been the case in the week's contests.

Keir Hardie Goes to Galt.

Galt, Sept. 4.—Keir Hardie has been invited and has accepted an invitation from the Trades and Labor Council of Galt to attend the demonstration here on Labor Day.

The British labor leader is in New York and wires that he will return to Canada specially to attend the Galt celebration.

Times Knows Why.

London, Sept. 4.—(C.A.P.)—The Times attributes the allegation of shoddy against British woollens by Canadian Manufacturers' Association to the success which attended the Canadian blanket makers' campaign against cheap blankets in 1905-6.

Would Free "Lord" Barrington.

St. Louis, Sept. 4.—The British Government has taken steps to revive the "Lord" Barrington case on the strength of data apparently pointing to the innocence of the man now serving a life sentence in Jefferson City for killing James P. McCann, the horseman, in St. Louis County in 1903.

Ends Life at 83.

Guelph, Sept. 4.—"Never mind, don't cry for me, I'm all right."

These were the dying words of John McAinsh, lot 3, con. 4, Guelph Township, as he succumbed to the effects of paris green. He was over 83 years of age and well known.

Suspect Arrested.

Hamilton, Sept. 4.—County Constable Springstead of Stony Creek arrested George Raybould Wednesday night on suspicion of being the man who fired his barns on Tuesday night. Deamer identified a horse and carriage in Raybould's possession as his. The prisoner was taken to Smithville for trial.

In on Big Estate.

Hamilton, Sept. 4.—A meeting of the heirs of Isaac Kearns, who lived at Ryckman's Corners, was held yesterday afternoon relative to the disposition of an estate estimated at $50,000,000 left by the late Mr. Kearns' uncle in Germany over 100 years ago.

DISSECTED WIFE'S BODY IS A GRUESOME MURDER

Young Vaudeville Comedian Quarrels With Wife and Kills Her—In Frenzy He Cuts up Body to Conceal His Crime—Cabman Become Suspicious.

Boston, Sept. 4.—The most horrible and brutal crime committed in Greater Boston in several years, was disclosed last night by the discovery of the torso of Mrs. Honorah Jordon, an actress, aged 23 years, of Somerville, in a trunk in a boarding-house at 7 Hancock street, on Beacon Hill this city. Later, the head and bones of the limbs were found in the furnace of the Jordan home at Somerville, and the scalp hair and other gruesome remains were taken from the kitchen range of the house.

Chester Jordan, aged 29 years, an actor, of 509 Medford street, Somerville, is held by the police charged with the murder, and last night, according to the officers, he made a full and complete confession of the crime.

According to Jordan's confession he accidentally killed his wife Tuesday night in a quarrel at their home and becoming desperate over what he had done, went out and bought a butcher knife and hacksaw, cut up the body and placed the torso in a trunk.

He then planned to take the steamer Harvard, which was scheduled to leave Wednesday night for New York, and throw the parts of the body overboard.

The fact that the Harvard was laid off owing to accident disarranged his plans and he was obliged to hire a hackman to take the trunk to a Boston boarding-house to await a more favorable opportunity.

The discovery of the crime was due to the suspicions of the hackman, George Collins, who had in mind the numerous robberies which have taken place in and about Boston recently, and surmising from its weight that the trunk he was carting about contained silverware, notified the police.

ALL FRUIT IS RIPENING MUCH EARLIER THAN USUAL

Ottawa, Sept. 4, 1908

Weather conditions have been favorable for the fruit crop during the month of August. All fruit is ripening earlier than usual.

Apples, Duchess apples have been moving freely from Southern Ontario in good condition. Gravensteins, Colverts and Alexanders have been shipped in small quantities and are yielding a full crop. Indications show a full crop for fall apples and below a medium crop for winter apples. quality good.

Pears—Clapp's and Bartlett's have been exported in small quantities The prospects in Southern Ontario are for a medium to full crop of pears. Everywhere else a light crop is expected, except in British Columbia, where the prospects show a medium crop.

Peaches—Early peaches have proved a medium crop. Yellow St. Johns are now being harvested. Late peaches are reported a light crop.

Plums are light generally, except in British Columbia and small portions of Ontario.

Grapes are reported a full crop, Moore's Early and Champions are now on the market.

Tomatoes are proving a medium crop.

Insect and Fungus diseases are not so prevalent as usual.

The United States crop reports show winter apples about the same as last year.

Pears—A full crop and other fruit good.

Great Britain— The prospects for tree fruits offer less than a medium crop and not as good as last month.

WILL RESIGN FROM QUEEN'S

Prof. Shortt to Move to Ottawa —Civil Service Well Satisfied With Appointment

Special to the Review.

Ottawa, Sept. 4.—Though the appointments made on the Board of Civil Service Commissioners, especially that of Professor Shortt, of Kingston, gives general satisfaction, several members of Parliament were after it, and there are, of course, not wanting those who would sooner have seen the appointments made in other directions. Prof. Shortt will resign from Queen's at once, and will, with his family move to Ottawa. The members of the civic service are well satisfied with the appointment, but are still kicking against the bill. Their main claim is that the new civil service bill only provides more money for those promoted, and this will mean no, or little more, for the most of the 2,500 civil servants here.

There is likely to be a meeting of the Civil Service Association before long when matters of interest to the members will be discussed.

NEW BRIDGE SOON READY FOR TRAFFIC

Forty Men Engaged on Brock St. Bridge—Laying Cement Floor

The bridge under construction at Brock and Aylmer streets will be ready for traffic in the course of a few days. This morning a gang of over forty men are engaged. The work of filling in and laying the cement floor laid has to be completed within forty-eight hours. The reinforcement of concrete is known as the Khan system. The cement is held together by a net work of iron rods.

The cement abutments have been completed for some time. The west abutment is 175 feet long and the east one is 160 feet in length. The bridge is two and a half times the size of the Charlotte street bridge. When finished it will be a great improvement on the old one.

THOMAS HOGAN WAS LUCKY MAN

Nearly Fainted When He Was Handed Two One Hundred Dollar Bills

Kingston, Sept. 3.—On Thursday Thomas Hogan, who lives near Cranberry Lake, up the Rideau, heard cries for help. He rushed to the lake and saw a small gasoline launch caught on a stump and sinking. In the boat were two ladies and a gentleman, New Yorkers, camping in the vicinity. The only craft at hand was an old leaky punt, and into this Mr. Hogan got and pulled out into the lake. He was able to take off only one of the party at a time, but succeeded in rescuing all three before the launch sank. When the three had thanked him for saving tehm, the gentleman put two one-hundred dollar bills into Mr. Hogan's hand.

The farmer had never seen a $100 bill before and nearly fainted. One of the ladies spoke up and said that was only a portion of the reward he would receive for his timely rescue. She took his address and informed him that he would receive something more as a remembrance. Mr. Hogan didn't like to take the money, but was forced to do so.

RUSH WORK ON POWER LINES

Ontario Cabinet Passes Order-in-Council to Start Power Lines at Once.

Toronto, Sept. 4.—An order-in-council authorizing the Hydro-Electric Commission to sign the contract of the F. H. McGuigan Construction Co. for the construction of a high voltage power transmission line through western Ontario to Toronto is the decisive answer of the Ontario Government to those who by writs of injunction and other processes would seek to stay the progress of the march towards cheap power. The order was passed at a meeting of the Cabinet Council yesterday afternoon, presided over by Hon. Mr. Foy, the Acting-Premier, and the way is now clear for the completion of the scheme which has been looked forward to for so long. Once the members of the Hydro-Electric Commission append their signatures to the contract—a formality that will be accomplished without delay—a start will immediately be made with the work of constructing the towers to carry the line, and it is expected by the contractors that within a period of eighteen months the line will be in working order, and ample power will be at the disposal of all who desire it.

Dynamited Canal.

Joliet, Ills., Sept. 4.—Unknown persons dynamited the Illinois bank of the Illinois & Michigan Canal at Channahon, 12 miles southwest of Joliet. The breach made by the explosion is 10 feet long. The district is flooded, the entire section of the canal from Joliet to Channahon is empty of water and factories are closed.

The dynamiting is the result of a fight between the canal commissioners and the state, and the villages of Channahon and Troy.

Tries to Die With Babe.

York, Pa., Sept. 4.—Mrs. Charles Small, aged 25 years, wife of a bank clerk, yesterday committed suicide by gas and shooting herself.

She took her 15-months-old baby with her into a room, intending, it is thought, it should die with her. When discovered the child was still alive, and will recover.

Ill-health is given as the cause of the act.

Japan's Day Is Coming.

London, Sept. 4.—(C.A.P.)—W. T. R. Preston, writing in The National Review on the future of Japan, says that 50 years hence Japan will have a population of 70,000,000, a larger revenue than Great Britain has to-day, and her manufactured products will find market everywhere throughout the world.

The Daily Review

FRIDAY, SEPT. 4, 1908.

THE NEW HYPNOSIS

At a recent inquest in the City of New York, the wife of the murdered man was thrown into a hypnotic state by direction of the authorities. She recited what medical men declare to be the real facts of the case so far as she knew them. They say that lying involves a constant effort of the will which is not present where mental suggestion is not added to hypnotic influence. Once put into the sleep and then left to herself she narrated the facts pretty much as a clock wound up and set going would tick off the seconds. This opens up a surprising view of the field of crime. It removes if true, all misrepresentation from testimony. The witness hereafter, instead of being solemnly sworn will be sent off into the hypnotic state when, "if he knows anything," he will tell it, and if not he will perforce be silent respecting the matter in hand. To be able to make people tell the truth is surely the greatest achievement of science yet recorded. Yet it reduces apparently by another step the world of mind with all its attributes and influences on the moral side to the material state. Matter and motion are the constituents of this new improvement upon the morality of man. In reality, as in all science, it merely removes the source of spirituality and morality a little farther back at which point the inscrutable mystery of God resumes ths overwhelming sway. We may penetrate farther and deeper, but never really deeply. That is why the greatest scientists like Lord Kelvin and Sir Isaac Newton are the humblest worshippers at the feet of faith.

The new process will if true, and there seems to be no reason to doubt it, effect an extraordinary revolution in politics commercial life, the practice of law and physic, the acquirements of education and the consequent communication of knowledge to the world at large. Mental suggestion will have to be guarded against as before. While lying off the patients' own bat, will be impossible, hints from the hypnotist are possible of easy introduction at the time of the actual hypnotization. In every day life the prosy mind succeeds best. It is the commonest vehicle of public needs. It pays strictest attention to business. The playful imaginative mind is at a discount in business. Hypnotism will straighten all this out. The playful mind can be reduced to straight lines in an instant by a wave of the hand. If a man thinks his wife is talking too much about his conduct the night before on his arrival at the street door he can wave his hand in the air and reduce her to silence. It will no longer be necessary to emphasize this act with a piece of delf. The wife can do the same. "Tranquility will reign where all before was chaos. A communicative member of the city council might be put to sleep by a simple wave of Mayor Bush's hand or in time the action might be reduced to a flip of the little finger, although such a gesture is open to misconstruction. A horse about to run away and plunge into the Brock street creek to the no small, if well disguised, delight of the reporter, can be arrested by a telepathic communication of the sort described which will save much screaming, confusion and possible injury. How far this will rebound upon the heads of the inventors in the way of decreased receipts we are unable to say, but doubtless some method of recompense will suggest itself to the most unselfish vocation calling or profession in the world which the medical profession surely is.

TRUE HEROISM

A mad bull dog ran into a group of children at the street side in Chicago. A young jeweller seized the animal to save the children. He was horribly bitten, but attained his object. He has been sent to the Pasteur Institute. Such deeds as this are sublime. There is nothing more homeric in Homer. The dread of a hydrophobic death is justified. To face that dreaded death with a bold heart in defence of defenceless children was true heroism. The age of chivalry is not yet gone.

COLCHESTER

The following "act of decency," marks a strong point in Canadian journalism. There are not so many that we can refrain from quoting this one from the Montreal Witness, Liberal.

"One Bayne, is accused of violating the law in connection with the election of Mr. Stanfield for Colchester, last year. Mr. Stanfield, who entered the contest as a strong advocate of clean politics, declares in the most distinct terms that he had at no time any relations with Bayne, that he at no time did or in any way sanctioned, anything illegal that when he heard rumors of inquiries on both sides of the contest he put them down to the usual criminations which arise at such times and paid no heed to them, and that if it be found that he profited in any way by Bayne's alleged distribution of whiskey in tomato packages he will resign his seat as he is determined to have a clean election or none. There is nothing at all incredible in this statement. There was, if we remember right, a strict understanding on both sides of the Colchester election that it would be cleanly carried on, and it would therefore have been a superlatively base thing if either party to it had departed from the strictest lines, a thing not to be laid to the charge of any person without the fullest evidence. It is well understood that there are people who turn up at every election to prey upon the candidates by rendering them unbidden, and in many cases undesirable, services. We have all known cases of the purest men, even champions of electoral and administrative purity, having to pay bills, or at least accounting themselves as having to pay bills, for things quite contrary to their principles.

There is more or less the same thing everywhere, and possibly Colchester has its share. To undertake to carry on an election purely in many counties, is almost a hopeless undertaking for what is bred in the bones cannot be taken out of the flesh. The best a man can do is to refuse any connivance, with, responsibility for, or profit from, any irregular behavior, and this is what Mr. Stanfield professes to have done. Of course, the Liberal party press, from Dan to Beersheba, will hold the party and the candidate guilty of everything that has been alleged against any one, proved, unproved, or disproved. That is the way they have been treated by the Tory press, and they will give that press their full warrant for such a course by doing the same thing. We do not know what is yet to come out! The investigation may convict others than Mr Bayne. Meantime, however, we shall hold Mr. Stanfield entirely pure. —Montreal Witness.

THE LAURIER CAMPAIGN

Sir Wilfrid Laurier's organ, La Presse, of Montreal, is putting on a full head of steam. In its last issue it tells its readers all about the "furious campaign" The Mail and Empire is conducting against them! One of the insults said to have been addressed to the French-Canadians by The Mail and Empire is in the following language:—

"These ignorant people are under the control of the priests and are enemies of the Empire."

It seems that this journal has not been content with speaking thus of the French-Canadians. It is doing even worse. It is threatening to destroy them. It says:—

"The people of this province—Ontario—are thinking hard just now. They are opening their eyes to the true character of their French neighbours and they are forming convictions that will have their fruition sooner or later in depriving the French-Canadians of the special privileges that were granted them by the Treaty of Paris.

"Unless the British-Canadians of this province are cravens they will not tolerate a condition of subjection to the French-Canadians and if through the ballot-boxes there is no redress they will find other means of emancipating themselves from the dominance of an inferior people that peculiar circumstances have placed in authority in the Dominion."

So that the Mail and Empire, having asserted that the people of Quebec are under the control of the priests and are enemies of the King, threatens that their rights shall be taken from them, if not ballot-box, then by some other means, possibly the Ross rifle. The Mail and Empire further describes the French-Canadian, according to La Presse, as "an inferior people."

It is not necessary to point out that this language attributed to the Mail and Empire is fiction and forgery. La Presse knows that the way to insult the French-Canadians is to attack the clergy, to allege that the people themselves are "an inferior race" and to threaten that they shall be deprived of the right to speak in their own tongue. Acting upon this knowledge, it embodies all these ideas in a few sentences and prints them as the language of this journal. The purpose is to persuade the French-Canadian electors that the English-speaking people are their enemies and that their salvation lies in voting for the Laurier candidates. In other words race antagonism is preached in order that certain politicians may prosper. In view of the relations of Sir Wilfrid Laurier to the organ which is engaged in this nefarious work we would again suggest to him that he put an end to the campaign that paper has entered upon. The person who is conducting it is a civil servant drawing a salary from the Public Treasury. Sir Wilfrid cannot plead that he is not responsible for the action of one of his own officials with whom he is in constant consultation; nor can he expect that the conduct of this officer, who receives the money of all the people, whether French or English, in endeavoring to promote hatreds and discord, will pass unnoticed.—The Mail and Empire.

SANTAL-MIDY

Standard remedy for Gleet, Gonorrhoea and Runnings IN 48 HOURS. Cures Kidney and Bladder Troubles.

MIDY

The Right Hon. G. Gorst observes in an address to the British people that it is the technical schools of Germany that Britain need be afraid of and not the German navy. In Canada he would no doubt cry aloud, "Down with the Woollen Industry," That is, if he were a Laurier Liberal.

An exchange says: Three weeks ago an Owen Sound man taught his dog, a fine, well-bred, well-behaved setter, to chew tobacco. Now the dog never scrapes his feet on the doormat, never goes to church, is careless at meals, gets burrs in his tail, stays outside at night, goes with a low class of dogs, and it is feared he is beginning to take an interest in politics.

LYING ABOUT LIKE CATTLE

Young Men Wish They Had Never Gone West—Over 300 Men Stranded at Brandon

Writing from Brandon on August 28th, to Rev. F. W. Hollinrake, pastor of Zion Tabernacle, Mr. P. J. Rutledge, a member of that church, and a young man, who, with another member, Frank Ouellette, went west for the harvest, says;—

We both wish we had never left Hamilton, because up here work is in a deplorable condition the reason being a slow harvest and thin crops. I do not know whether you hear the correct reports of the west, but this I do know that the reports we had of a splendid harvest and a great number of hands being wanted were altogether false. At Brandon last night, there were 300 men stranded. At Moosejaw men were lying about the fields like cattle begging food to keep themselves alive.

Since we have been up here we have had to rough it awfully, first sleeping in a draughty barn and then out in the open fields. To make matters worse the nights have been bitterly cold and windy. What money we had we had to pay away for food and now we have just about enough left to keep us for a week or two.

It was rumored about that the C. P.R. were going to take back a great number to the east, but since then a report has been in the papers that they will do nothing of the sort.

I am writing this in pencil on the meadow, with, for a desk, my knee. —Hamilton Herald.

$100 REWARD, $100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

SAD DROWNING NEAR DESERONTO

Patrick Kilrain Upset His Boat While Putting Out the Anchor

A very deplorable drowning accident took place in the bay near Deseronto Friday afternoon last, the victim being Mr. Patrick Kilrain, a well-known bartender of that town. It appears that Kilrain, accompanied by his two young sons went out in a rowboat to have a fish. When they arrived at their destination Mr. Kilrain was in the act of throwing the anchor overboard when the rope caught in an oar-pin. The sudden jerk upset the boat, throwing all three of the occupants into the water. Some parties in a rowboat nearby came to the scene as soon as possible. They managed to rescue the two boys, but the father went down and never came up.

BETTER LEGISLATION AS TO CARRYING OF EXPLOSIVES

Special to the Review.

Ottawa, Sept. 3.—The Board of Railway Commissioners yesterday afternoon considered the first steps in what will mean better legislation for carrying explosives. Mr. J. E. Walsh, Toronto, appeared representing the Canadian Manufacturers' Association, which would represent the different manufacturers of gunpowder, dynamite, etc., in Canada; Mr. M. K. Cowan appeared for the G.T.R.; Mr. G. Macdonald for the C.N.R.; Mr. Beatty for the C.P.R. and Mr. Cruikshank for the Michigan Central.

Colonel Dunn, Chief of the Bureau of Explosives of the United States Government, appeared before the Commissioners and handed them a copy of the regulations of the Interstate Commerce of the United States have adopted. He expressed the hope that the new regulations to be drawn up in Canada should be as uniform as possible with those across the line. Probably this will be done as the American rules seem to contain about what is needed in Canada. At present Canadian railway companies are not bound to carry explosives, it being entirely optional with them. The new rules may make it compulsory and will go fully into requirements as to in what way powder must be packed, handled, shipped, etc. In the States the railways are compelled to carry explosives and hence the Government there has set down a code of regulations which will probably materially assist the members of the Dominion Board of Railway Commissioners in the task they have before them. The new legislation is expected to be announced soon.

ROUGH HOUSE AT COUNTRY DANCE AT VICTORIA ROAD

Lindsay Free Press.—The closing scene of a dance at Victoria road, at which a large number of the young and old folks of the community were present, was very exciting, and the culmination of the whole affair was a police court case, where the disturbers were dealt with rather severely.

The house of Mr. Wm. Cassidy was the scene of great merriment, and to the tune of an old fiddle the gay company participated in the square and round dances. While the fun was going on David Finn and John Whalen came along. They had several bottles with them, and after taking the last swig, they went to the barn and hid the liquor, intending to come back between dances and have another go.

They entered the house in the middle of a set down and started right in for the fun. After the dance was over the company were preparing for the quadrille, but Finn and Whalen thought a John Collins would be better and started off for the barn. There they found that their soothing syrup had disappeared and came back to the house on the trot. For some reason or other they blamed McNarey, one of the guests at the dance, and started in to play rough house. The table in the dining room, which had been so tastefully laid with dainty viands, was upset and several pieces of household furniture destroyed before the row was stopped.

The result of the whole affair was a police court case at Victoria Road yesterday, when Whalen and Finn appeared before Magistrate Moore.

On the first charge, that of destroying the household furniture of Wm. Cassidy, both men were found guilty and $2.50 apiece was levied for damages and $1.35 to pay costs of the court.

On the second charge, that of assaulting McNarey, they were both found guilty and fined $5 and costs, amounting to $8.50 each.

DELIVERY WAGON BADLY WRECKED IN A RUNAWAY

As a result of an exciting runaway on Charlotte street this morning about 10 o'clock the waggon of Mr. Fred Jopling, of Bridgenorth, was completely wrecked. The rear wheels were torn off and the vehicle was rendered unfit for further use.

The horse and waggon was standing out in front of Perkins, Ince, wholesale house while Mr. Jopling was making some purchases. An engine was doing some shunting in the Grand Trunk yard when the animal took fright and had got away at a mad gallop before Mr. Jopling had time to come out and stop it. At the freight sheds the waggon hit a telegraph pole and the hind wheels were torn off. Further up the street another post was struck completely rendering the vehicle fit for no further use.

The horse was stopped at George street.

FROM BAD TO VERSE

The Lindsay Free Press publishes a seven verse "Ode to New Ontario," that demands an investigation. The only reason for the publication of the aforesaid ode appears to be an endeavor to show its badness. The metre jumps around like a bullfrog on a marble slab and the rhyme is enough to drive one to drink. Talk about poetic license; The writer of the ode will likely have his license to live cut off if he breaks out any more. For instance, "promise" is made to rhyme with "forests," and "creek" with "treat," "Matheson" with "unison," "clerk" with "dark" and worst of all "perpetual" and "recessional." Ye gods and little fishes. Better not show it to Kipling or he will tear off something worse than the "Absent Minded Beggar."

The ode starts off this way:

Farewell, New Ontario, great land
of promise,
With joy I will sing out your
praises abroad,
Of your towns, and your mines, and
your immense forests,
And the joy of your lakes to the
man with the rod.

New Ontario is no doubt glad to get rid of the bard who must be "a man with a hod."

The next verse has a touch of the "Bells of Shandon," but mind you, it is only a touch. Here it is:

I've travelled through Europe, o'er
Asia and Africa,
I've fought 'gainst the Boer on the
kopje and veldt,
As my thoughts I unravel, never
through all my travels,
Such feelings on parting have ever
I felt.

It gets worse as it goes along. Pause on the next spasm:

There is a strange fascination that
is felt in your mining camps
That's not known in Klondyke or
great Cripple Creek;
The swagger you see as down through
the streets you tramp;
To be saluted as partner or pal is
a treat.

One can almost hear the poetic feet of the bard after reading that. And that "treat" sounds suspicious.

The next verse contains the famous "Unison-Matheson" touch. Here it is:

I've traversed your country from
North Bay to Matheson,
I've slept with the miner, prospector and clerk,
And after our long tramp we all sang
in unison
The world, about thy country, is
still in the dark.

The writer of that stuff might have been allowed to sleep with the miner prospector and clerk, but we'll be blowed if we'll let him get within gunshot of our berth.

Here's the next piece of the outbreak:

Thy vastness of forest, whose paths
none have trodden o'er,
Thy multitudes of hills which no
eye have seen,
Hold in their hidden depths wealth
for a million more—
'Tis a land for the poor man; a
great silver stream.

And the last verse is the piece de resistance of the whole. List to it.

The whole of the province, whose
wealth seems perpetual,
In the midst of prosperity should
not forget,
The grand lesson taught us in Kipling's Recessional,
That the God who hath given all,
we may forget.

That's a boost for our friend Kipling and we hope he will appreciate it. If our readers feel depressed after reading the above they may go and take a bath in "the great silver stream," whatever that means.

HORSE CUT IN TWO AT GARDEN HILL

Peculiar Accident Which Resulted in Loss to Manvers Farmer—Couldn't Stop in Time

A resident of Manvers township by the name of Dean, and two other people living in the same vicinity had an almost miraculous escape from death one day this week at the station at Garden Hill.

It appears that he was driving along the road leading to the station at Garden Hill when he noticed a train coming along down the grade. Thinking that it was a way freight Mr. Dean whipped up his horse with the intention of getting across the crossing before the train approached. Such ideas have entered the heads of many drivers of rigs and serious results have followed.

Mr. Dean thought the train was a way freight and being such, was of the opinion that as they do not travel as fast as passenger trains he would easily cross the crossing before it approached.

When he whipped up his steed there ensued a race between the equine and the fast approaching train, which happened to be the regular passenger train. Mr. Dean was within a suddenly discovered that it would be impossible to get the horse and buggy and occupants across the track, before the train would be upon them. He might possibly get the horse across but the train would surely strike the buggy and the occupants would be killed.

He decided that the best thing he could do would be to try and check the horse in time but this he was unable to do, and the animal was just crossing the track when the train swooped down and struck the unfortunate animal. It was cut completely in two, and the occupants of the rig were thrown in a very dangerous position as the sudden stop of the buggy almost precipitated them under the wheels of the heavy mogul.

The train hands, after stopping the train ran back to the crossing and assisted the occupants of the buggy. They were badly frightened, but were fortunately unhurt.

FATHER CARRICO GIVES TESTIMONY

The New World of Chicago gives the following account of miracles at Ste Anne de Beaupre:

Every Catholic is familiar with accounts of miracles wrought at the world-famous shrines, but to few is it given to be present as actual eye witnesses at a great miracle. To the Rev. James L. Carrico, pastor of Holy Angels' church, Indianapolis, who has just returned from the shrine of St. Anne de Beaupre, near Quebec, Canada, was granted the favor of witnessing a miracle at the noted shrine.

Father Carrico was in the church Sunday morning, July 12th, when a young woman, Mlle. Tegue, who had been for many years an inmate of the hospital for incurables at Montreal, walked away from the church cured. The miracle was performed while the woman knelt at the communion rail which she approached with the aid of the crutches, without which she had not walked for years and only then with difficulty as any movement caused her great pain, her disease being one of the spine, which had been declared hopeless. For four years she had been under the care of the Sisters of the hospital. After receiving communion she was conscious of a peculiar sensation in the region of the spine and rising, she walked away without the aid of her crutches. Father Carrico, who was in the sanctuary at the time saw the discarded crutches lying at the altar rail where they had fallen.

The following day Father Carrico, wishing to assure himself that the cure was complete, went to the hospital, where he saw and talked with Miss Tegue. Her spine was straight and she walked freely about the building. She readily consented to allow Father Carrico to make a snap shot, and walked unaided down the steps to the porch for that purpose.

Father Carrico interviewed the superior of the hospital who stated what the sad condition of the patient had been during the years that she had been under her care.

On the same morning Father Carrico was privileged to witness another miracle. A little child of five years who had never been able to walk on account of an affliction of the foot, was instantly cured while her parents knelt at prayer in the church. Immediately afterward Father Carrico went down to the ecstatic parents and took the little one in his arms. Later in the day she was running in front of the church, overjoyed at her freedom of movement. — Catholic Register.

NEWSY NOTES FROM BETHEL

Rev. Mr. McKenzie Took Service at Mount Pleasant Last Sunday

Special to the Review.

Bethel, Emily, Sept. 3.—Our pastor, Rev. Mr. McKenzie, took charge of the service at Mount Pleasant Presbyterian church last Sunday evening, and Rev. Mr. Parkover, pastor of Mount Pleasant Presbyterian church, and Rev. C. Carew, pastor of the Baptist church, London, Ont., took charge of the service here. The sermon was delivered by Rev. Mr. Carew, and was very beneficial and impressive. A large congregation were present and a most interesting service was conducted.

Mr. and Mrs. G. Switzer, Mr. and Mrs. John Switzer and Mr. and Mrs. M. Ross went on the Gilmour Memorial Baptist Sunday school excursion to Crowe's Landing and reports a very pleasant trip.

Mrs. Walter Moncrief and Miss Annie Henderson left on Tuesday for Toronto.

Miss Purdy of Smith, was the guest of her brother, Mr. W. Purdy, last week.

Mr. Charles Cook of Bobcaygeon, was the guest of Mr. George Calvert, last Sunday.

Mr. Gabriel Switzer has purchased Mr. Albert Henderson's farm. We are sorry that Mr. Henderson is going away but are pleased that Mr. Switzer has purchased his father's old home.

Mr. John Guiry of Ennismore, has leased Mr. John Nurse's old farm. Mr. Richard Fairbairn has been living on the above farm and we are sorry to learn of his departure. However, we will be pleased to have the presence of Mr. Guiry in the vicinity.

NEW STATION FOR OMEMEE

Long Standing Dispute Between Citizens and Grand Trunk is Settled

Ottawa, September 3—The Railway Board has just disposed of the long-standing dispute between the citizens of Omemee and the Grand Trunk Company by ordering the Company to build a station in the village or refund the subsidy given the Midland road.

Pending a decision as to the site for the station trains must stop down town to let passengers on and off.

FIRST OYSTER MONTH HERE

The Sea Clams Will be Good From Now Until May

That popular favorite, the oyster, opened the season of 1908-09 Tuesday and although there are no "three sheets" on dead walls to announce the fact the new leaf of the calendar and the signs of the restaurants proclaim it. The tradition of the relation between the "r" in the spelling of a month and edible quality of this sea food still has its believers. Indeed, oyster dealers count September 1st as the beginning of their year's business, and for the last week in New York their shipments under way for points as far off as San Francisco.

From the seed grounds off Connecticut and Rhode Island down to the fattening beds off Rockaway and in Prince's Bay and Newark Bay oyster growers have, according to a New York despatch been working for months in preparation for the opening when they tear their innocent charges from the cool, salty depths, and introduce them to a cruel but appreciative public.

FATHER OF LOCAL LADY PASSES AWAY

Sudden Death of Mr. John Ronan Father of Mrs. T. W. McDonough of This City—Died at Woodstock

The death occurred suddenly at Woodstock on Wednesday of Mr John Ronan, father of Mrs. T. W. McDonough of this city. The Hamilton Spectator referring to his death says:

The announcement of the sudden death of John Ronan, bursar of the Epileptic hospital at Woodstock, received here yesterday came as a painful surprise to the business community and a very wide circle of personal friends in Hamilton.

Mr. Ronan was apparently in good health yesterday morning and had arranged to go with Dr. Williams, the medical superintendent of the hospital into Woodstock. It had been raining heavily, and about eleven o'clock the weather cleared sufficiently to permit of the trip being made in comfort. Dr. Williams went up stairs to arrange some matters and Mr Ronan sat down on a chair to await the doctor's return. Hardly had Dr. Williams reached the head of the stair when he was recalled as Mr. Ronan had fallen from the chair to the floor and expired almost immediately. Dr. McLay was summoned and after an examination of the body decided that death was due to apoplexy.

Nearly four years ago Mr Ronan left Hamilton to assume the bursarship of the reformatory at Penetanguishene. He remained there for about twenty months and on the completion of the epileptic hospital at Woodstock two years ago last March he was appointed to the bursarship of the institution.

Deceased was born in Ireland and came to Hamilton at an early age and was one of the city's best known and most highly esteemed citizens. For many years he conducted a grocery store at the corner of Cannon and Wellington streets. He also took an active interest in public affairs, and was held in very high esteem because of his genial disposition.

He is survived by nine children: Mrs. Kilgour, Toronto; Mrs. McDonough, Peterborough; Minnie, Hamilton; Josephine, Toronto; Annie and Sadie, Woodstock; Patrick, Niagara Falls; John and Edward, Toronto. A brother, Patrick and one sister, Miss Norah, resides here.

The remains arrived here at two o'clock this afternoon and were taken to the home of his sister on East avenue, north whence the funeral will take place to St. Patrick's church Saturday morning. Interment will take place at Holy Sepulchre

SATURDAY TRIPS

The steamer Otonabee will run the usual trip to Idyl Wyld, Gore's Landing, etc., to-morrow 5th inst. leaving at 1.30 o'clock. The Water Lily will leave for Stony Lake at 2 p.m. Saturday returning same evening. d1

THRESHING IS NOW IN ORDER

Report on Agricultural Conditions in Two Local Townships

The Canadian Dairyman and Farming World contains the following account of agricultural conditions in two local townships:—

Otonabee township—Threshing is now the order of the day, the hum of the machines being heard everywhere. A fairly good crop has been harvested, and the farmers have nothing to complain of. The hay was was excellent in every way both in quality and quantity, many having a yield of over a ton and a half an acre. Grains, with the exception of late oats in some instances, being affected with rust and having to be cut rather green. Roots are looking remarkably well after the recent fine weather and promise an abundant fine crop. Peas have been fairly good except in cases where they have been affected with a small green grub, in which cases they are practically useless.—F. E. B.

Smith Township—Threshing is in full swing. There is every indication of their being a record yield of grain, both coarse and fine. The straw is rather short but that is more than made up in the greater yield. Nearly all the corn grown is cut as it is required until the cold weather sets in. Then it is cut and put in silos for winter use. The dairy cattle are looking fine and if the pastures hold out as there is every indication of them doing so, the milk flow will be well maintained.—D. F.

DR. EASTWOOD ON THE CAMP STAFF

Among the officers taken on the strength of the camp from the 31st ultimo, are Sergt.-Major J. R. McGowan, W.O., as instructor of Signalling, and Sergt. J. Crowley, C.H.S.C., as Sergt.-Instructor of Signalling. Two medical officers, Lieut. A. E. McColl, for 15th Regt., and Lieut. J. H. Eastwood, for the 57th Regt., have also been taken on the strength.—Kingston Standard.

NEW ARRANGEMENTS

Following on the recent deplorable accident in the cleaning room of "My Valet," the proprietor has decided to eliminate all possibility of trouble in the future, by having the cleaning of garments done out of the city. Arrangements have been made with the best firm in Montreal, who handle this work for all parts of Canada, and to whom parcels will be expressed each day and promptly returned. Patrons may be assured of every attention and first class work.

AN ARTICLE OF MUCH INTEREST

Will Appear in To-morrow's Review---By Mr. Barton Earle

HEATHERBLOOM TAFFETA HERE

Demonstration Will be Given at up-to-date Store of J. C. Turnbull Co.

Peterborough ladies are to be congratulated upon having in the J. C. Turnbull Co., up-to-date merchants who are always on the lookout for the very latest and best for their patrons. This time they has secured at great expense, direct from New York leading manufacturers a special demonstration of the famous heatherbloom petticoats.

Heatherbloom taffeta is the product of 20 years untiring research, a labor that was finally crowned by well merited success. Messrs. A. G. Hyde and Sons, of New York, the makers of this unique fabric, had their experts at work for many years on the manufacture of a fabric that would possess the resistancy of steel, the delicate tintings of the petal of a flower, the lustre and sheen of a dew studded lawn, in fact all the characteristic virtues of the richest silk without possessing any of its defects.

The mere fact perhaps that something like thirty-two million heatherbloom petticoats are sold annually will give the thoughtful reader full reflections of the vast popularity of this material. Everybody should go next week to see this remarkable demonstration at the J. C. Turnbull Company.

MANY ATTENDED OPENING OF ROLLER RINK

Over Five Hundred Skated Last Evening---Pastime Will be Popular

The new auditorium roller rink on George street was opened last evening when over five hundred skaters were present in addition to about three hundred spectators. The new auditorium is splendidly equipped and many favorable comments were passed on it. Roller skating promises to be very popular this fall and the new rink will likely draw large crowds each night. The floor is an excellent and spacious one and everything is conducive to spending a pleasant time. The music was provided by the Peterborough band and added much to the enjoyment of the skaters. Prof. Genno, the proprietor of the auditorium was present and did much to insure the pleasure and comfort of his patrons. Prof. Genno is an expert at roller skating and will be on the floor each day to instruct beginners. The Grand March and other special fatures will be introduced every evening.

TO THE LIBERALS OF WEST PETERBOROUGH

The Liberals of West Peterborough about to meet in convention may perhaps pardon a word or two from a Conservative who would gladly see Canada freed from the slavery of corruption. Anything which tends to secure a verdict not in accordance with the freely expressed will of the people is as all members of all parties will admit a serious injury to the people. Buying votes for cash we particularly refer to. There are minor provisions of the Election Act which are protective, rather than punitive, being made to provide against extremes. An instance will suffice. If one party hired all the conveyances available it would tend to thwart the will of the people therefore all hiring for election day is made illegal. If both candidates have equal facilities in this respect the act would be violated in form but not in substance. Therefore it is not to such mild delinquencies that I refer. But buying votes for money has become a curse to Canada. Its ultimate aim is the oppression of the people. It can be stamped out only by determined efforts of both parties and in no other way. It is impossible for the great broad principles making for the general good and benefit to ever obtain headway or for the life of the people to be clean and enjoyable while such a form of coruption is freely practised. That part of the great Liberal party resident in West Peterborough will be in convention tomorrow. A word from it in this respect would help to put this matter right again. The Conservative executive has announced its intention to offer a reward for information leading to the conviction of those who offer to buy votes for money. I would not presume to suggest to Liberals any particular course of action but might I ask if they do not think it opportune to put a minute on the record to a similar effect. In so far as we neglect to exert ourselves in this respect we are "participants in the crime." It is hoped that this will not be interpreted as either farfetched or highfalutin'. It is intended as a plain everyday statement of what ought to be done to abate a crying evil and one that is reducing government in Canada to government by money. The political history of Peterborough, will, I think, justify such a conclusion. A strong desire to see our administrators freed from much that tends to bind them to the grafters' chariot wheels and to enable our representatives to consider with an open mind what will enure to the comfort and well being of the great body of our people, will I hope, excuse this letter.

PROSPECTS BRIGHT FOR VISIT HERE OF SHEFFIELD CHOIR

It is understood that there are good prospects of the famous Sheffield choir visiting Peterborough during their Canadian tour this fall. Several local persons are interested in the matter and are working hard to have the famous English musical organization visit this city. They are not doing it for financial gain, as they intend handing over any money that is made to the Children's Aid Society, that is if the arrangements go through as expected.

The Sheffield choir is coming to Canada, 240 strong and the visit will be one of the outstanding events of the history of music in this country. They would, no doubt, be greeted by a large audience if they came to Peterborough. It is hoped that the efforts of the persons who are trying to bring the choir here will be successful.

AN ENNISMORE MAN HAS BEEN CUTTING UP

Remanded by County Magistrate on Charge of Vagrancy

Thomas Maher is alleged to have been making himself somewhat of a nuisance in Ennismore, and came up before County Police Magistrate Edmison last night on the charge of vagrancy, and was remanded to gaol 'till Saturday afternoon at 3 30 o'clock, the time the witnesses stated would be most convenient for them to appear. The evidence of three of them is to be heard.

Maher by his wild actions had the people of placid Ennismore under the impression that he was crazy, but was really on a protracted drunk.

EXCURSIONS WITHDRAWN

On account of there being an abundance of farm laborers now in Manitoba and the Northwest, farm laborers' excursions via Canadian Pacific Railway on September 11th and 14th are cancelled. Homeseekers' excursions, however, on September 15th and 29th will be run as advertised. Secure from W. McIlroy, C.P.A., 343 George street, and also your Old Country Tickets via Allan, Dominion, White Star, Cunard, or C.P.R. Atlantic Steamship line.

SPORTING NEWS

QUAKERS ARE PREPARING TO DEFEND THE HALL TROPHY

The Quaker Association football team are getting into shape to defend the R. R. Hall trophy which will be their permanent property if they succeed in defeating the aspirants for the silverware at the Peterborough fair. The Quakers won the cup in 1906 and successfully defended it again last fall. They will be called upon to defend it again at the coming exhibition but apparently they have a hard task ahead of them. 'Tis said that Havelock and Warsaw will both make a bid for the honors and as the railroad town and the Dummer centre have fast teams the locals will have no cinch. The Quakers had a good practice last Saturday and will work out again to-morrow at the exhibition grounds. All players are asked to turn out.

The football matches will be one of the features of the Peterborough Industrial Fair, September 17, 18 and 19th. If Havelock and Warsaw both compete the series will be a very interesting one.

This will likely be the last season for the Quakers as an athletic body. The organization has had a most successful career but the players are becoming scattered and next season there will not likely be any quakers.

TO-NIGHT'S BIG PROGRAMME AT THE BROCK ST. RINK

Fit as a fiddle for his bout to-night, Fritz Mohl arrived in the city from Buffalo last night. At Brock street rink to-night he meets Yankee Rogers in Graeco-Roman wrestling, and a great bout is assured. This is Mohl's favorite style of wrestling and he is backing himself heavily to win. On the other hand Rogers is confident. A record crowd will see the match, and interest is at fever heat.

The preliminaries consist of a ten minute bout between Yokome and Long, and a fifteen minute go between Crough and Wilson. In addition to the wrestling events, Mohl will perform the remarkable feat of driving a spike through a two-inch plank, using his hand as a hammer.

The programme starts at 8 o'clock.

CROCKER IN OFFICIAL REPORT IS OF THE OPINION THAT TOM LONGBOAT WAS DOPED

The Canadian Olympic Committee, noting Mr. Crocker's statement that he believed Longboat had taken or been given some stimulating drug during the race, wrote to Mr. Crocker saying this might be construed as a reflection on Longboat's manager, Mr. Flanagan, and asking for a fuller expression of opinion. Mr. Crocker replied as follows:

"All say that Longboat was running well at the 20th mile in second place. He collapsed without any warning and complained of a severe pain in the head.

This with the facts of his condition on arrival at the Stadium forty minutes afterwards, leave me but little doubt that the Indian received an overdose of some stimulant.

"As soon as he was brought in I went over and examined him carefully. A doctor was there and said, "He is better now and will be all right, but he has had a close call.'

"I found a weak pulse,—the respiration very slow—a pin point pupil of the eye and an unconscious condition which was not sleep.

"To all appearance, some one had got anxious and thinking to help the Indian by giving a stimulant, had given an overdose.

"I feel sure he had a narrow escape from death. Rule 4 of the Marathon says, 'No competitor, either at the start or during the progress of the race may take or receive any drug. This breach of this rule will operate in the absolute disqualification of the competitor.'

"A great deal of stimulant of one sort or another was being used at the Stadium, and Mr. Sherring warned our men to keep clear of all dope.

"I do not believe personally that Mr. Flanagan knew anything about this matter. I kept my own counsel regarding this and my chief reason for reporting to you is that the Indian is credited with selling the race by some parties, and by others of being 'yellow' and quitting.

"This does a good runner like Longboat, uneducated as he may be, a great injustice.

"The report that the Indian was drinking the night before is entirely without foundation. We went to Windsor to make the final arrangements and saw him in his room at 10.45 in perfect condition, and Mr. Flanagan was doing everything possible to make him run a successful race."

HASSAN ABDALLAH LEAVES FOR MONTREAL SATURDAY

Hassan Abdallah beat Perelle, the fighting dago, in the Columbia Theatre, Boston on Wednesday night, after a fierce battle. Abdallah went right after his man from the call of time and had him on the defensive most of the time, although for the first fall the clever Italian put up a great resistance and did clever work both in the matter of attack and defence. The Oriental pinned him with a box Nelson, after twenty-seven minutes of very fast work, during which time the audience stood on tip toe and watched the struggle with almost breathless excitement. When the fall was obtained the spectators cheered to the echo and it was unanimously voted that it was one of the most interesting encounters ever seen in Boston.

The Terrible Syrian was angered by Perrelle's resistance and for the second fall rushed at his man like a mad bull and had him on the mat in short time. He roughed it considerably and had his man all in in six minutes, securing the fall by crushing him to the mat with a Graeco-Roman hold.

The Boston Transcript says:—Hassan Abbdallah, the Terrible Syrian, who made his debut at the Columbia Theatre, Boston, a few nights ago, who has showed wonderful form against all comers, leaves Saturday for Montreal for a match with a French-Canadian called Hurtubise.

BOBBY KERR DOES BRAVELY

Equals Canadian Record Under Unfavorable Conditions

Halifax, Sept. 2.—Equalling the Canadian record under very unfavorable conditions "Bobby" Kerr demonstrated his right to be called the fastest sprinter in Canada by doing the hundred yard dash in 9 4-5 seconds at Exhibition track to-night.

Much to the disappointment of his friends, Schaefer, who secured the hundred yards championship on Saturday last, did not compete tonight, claiming that he had difficulty in getting away from his work in the postoffice, where he is employed as a clerk.

It was also a keen disappointment for Kerr, who remained over expressly for the purpose of meeting Schaefer. The Hamilton man's magnificent exhibition left little doubt in the minds of the spectators that he is the fastest sprinter.

Wm. Ross, of the Wanderers, won the mile run in 4 33 3-5, with Pryor, his club-mate, second. Tom Longboat was third. In the five mile run, however, Longboat was the victor, winning the event handily from Goodfield in 26 47.

WHAT FRANK GOTCH DOES IN VAUDEVILLE

Frank Gotch is now an actor with a capital A, and is appearing in vaudeville in a Cleveland theatre. Here is how a paper there describes the wrestler's act;

Frank Gotch as an actor is making that famous Thespian, Jim Corbett, look like the villan in a tank drama. Those who recall the acting of Rube Waddell, say that Frank has it on him too.

Gotch is appearing in a playlet called "All about a Bout."

It was a "go" in Kalamazoo —and it takes a live one to stir up the white light section of that prosperous and enterprising municipality.

The play deals with a wrestling match that is to take place at Madison Square Garden between Atlas Stetzel, champion of Austria, and the American champion. When the curtain goes up it develops that the Yankee wrestler has paralysis of the tongue, or his press agent is dying or at any rate something happens so he can't appear.

The promoters, with heroic abandon, go to Frank Conroy, crack college athlete and a perfect wrestler, persuade him to wrestle Atlas, for the honor of his country. Frank Conroy is none other than Gotch—who as may be easily imagined makes one of the sweetest little college athletes that flunked in Greek.

Conroy is persuaded. In spite of his sweet-faced aunt he appears in the last act in wrestling togs. The part of Atlas is taken by Emil Klank a husky giant. What Conroy does to Atlas is a shame and disgrace.

The Stars and Stripes are triumphant and the playlet closes in a blaze of glory—just like the stuff that has made George Cohan famous.

Gotch wins every night and at all the matches.

TRENTON WAS TRIMMED BY BELLEVILLE

George Lynch of Peterborough Refereed Game in Which One Side Only Had Nine Men

Belleville, Sept. 3. — Belleville lacrosse players, yesterday afternoon, to the tune of 8 to 0, defeated a team from Trenton. The match was a scheduled league game and was played here on the local team's grounds on Pine street. Trenton was handicapped by playing only nine men, whilst the local team had their full complement of players. A goodly number of people witnessed the game. Mr. Geo. Lynch, of Peterborough, was referee.

SPORTING COMMENT

Things are gradually shaping up in local rugby affairs, to the holding of an organization meeting. The weather is getting cooler and more interest is being taken in the game.

One drawback is that until lately none of the local drygoods or sporting stores have been keeping a supply of the paraphernalia necessary for the game. However, this will be rendered, according to the promises of our local merchants at least.

The sport will boom in town if a team is entered in the junior series of the O.R.F.U. with Peterborough and other nearby towns. — Lindsay Warder.

Mr. H. L. Brace, a member of the Peterborough Y.M.C.A. harriers, has entered his name for the ten mile marathon here on Labor Day.—Lindsay Post.

George Robinson, of the Otonabee Athletic Club, will be a starter in the ten-mile road race at Lindsay on Labor Day. He has sent his name into Secretary Primeau and is confident of making a good showing. — Lindsay Warder.

Why should the Tigers favor the Argos, the weaker of the two Queen City teams wanting admission to the interprovincial. Hamilton is anxious to have the best Toronto can produce. Let the Toronto AC. in. —Hamilton Times.

Wonder will the local fair directors establish a class for "blind pigs" in the swine department of the Peterborough Industrial. There might, perhaps, be a fine exhibit.

MR. MAHER SAW TERRIBLE DEATH

Witnessed Fall of Young Man From Sixth Storey Window

Mr. M. J. Maher who was in Toronto on Tuesday was an eye witness of the terrible death of Percy de Mercado who fell from a sixth story window in the Empire building in that city and was dashed to the pavement below.

The sad affair took place at 11.30 in the morning and as the unfortunate man fell he shouted and a couple of men ran forward but were unable to save him.—Lindsay Post.

STIRLING WANTS FIRE BRIGADE

Stirling is seriously considering the question of fire protection. The recent fire has brought them to see that their town is entirely at the mercy of the flames. Last Thursday week Messrs. Micklejohn and Mathers of the Council of that village visited Hastings for the purpose of seeing their fire engine. The fire brigade turned out and gave an exhibition of the working qualities of the engine for their benefit. The engine worked well with three streams, and the visitors seemed well satisfied with what the engine could do. Mr. R. Cameron of the Waterous Co., was with the party.

57th BAND WILL TAKE PART IN THE BIG TATTOO

A Kingston despatch says;

At a meeting of the officers held at headquarters with Col. Gordon, presiding it was decided to hold a military tattoo on Wednesday evening next on the camp grounds; and all the necessary arrangements are now under way for this event which is always looked forward to with great interest each year by the general public. This year's tattoo will be carried out on more elaborate plans, and in addition to all bands in camp the 14th and 57th Regimental bands will take part. The 57th band has not yet arrived but will come this week with a composite regiment from Peterborough.

CHARGES HUSBAND WITH ASSAULT

Ellen Hubble has laid a charge of assault against her husband. Clarence Belmont, on the charge of assault. The case will be tried at Havelock on the 8th of September, by County Police Magistrate Edmison.

ARE HOME FROM THE CONVENTION

The insurance on the loss at the Gunn Langlois fire in Montreal totals $166,500.

SEVEN YEARS IN THE PENETENTIARY

James Baldwin Sentenced by County Magistrate Edmison This Morning--Brutally Assaulted Abraham Aboud, a Syrian Pedler and Robbed Him of $100.

Seven years in the Kingston Penitentiary for assault and two years for robbing his victim, Abiham Arond an Assyrian peddlar, of $100.00 is the sentence that His Worship Magistrate Magistrate Edmison imposed on Jas. Baldwin at the session of the County police court, the sentences to run concurrently. The particulars of the assault which was a particularly brutal one, have appeared at some length in these columns.

Baldwin struck the peddlar three times on the head with a club and took $100 from him. As a result of the vicious blows Aboud was in a serious condition for some time and the physician who is attending him in Norwood where he is living, states that his state of health is still precarious as a result of the shock.

The evidence against Baldwin, who has served some time before was very strong. He was defended by Mr. R. F. McWilliams who appeared in court in his interests this morning, and County Crown Attorney Wood and Mr. D. O'Connell were there for the Crown.

The court met at 11 o'clock and the session was a short one. Very little was said by the counsel for either the defence or Crown as both sides had made a thorough investigation during the trial.

When the sentence was deliverd the prisoner said nothing, with the exception that he would like to stay in the county gaol until he could have an opportunity of seeing his wife. Judge Edmison stated he had no power to act on the request and that it was a matter to be settled by the sheriff and gaoler.

CELEBRATED THEIR 50TH WEDDING ANNIVERSARY

Mr. and Mrs. J. K. Cobb, 351 Aylmer Street Had Happy Event on Wednesday Evening—One Hundred Guests Present.

A very enjoyable event was celebrated on Wednesday evening when Mr. and Mrs. J. H. Cobb 351 Aylmer street had their golden wedding. About one hundred guests were present and the evening was spent most pleasantly. A sumptuous supper was served. Mr. and Mrs. Cobb's only son, A. H. Cobb, and wife and Miss Helen Cobb of Brockville were here for the happy occasion. During the evening Mr. Cobb was presented with a gold headed cane and Mrs. Cobb with a gold headed umbrella. Each was engraved "Golden anniversary, Wednesday, September 2nd, 1858-1908."

Mr. Cobb is 71 years of age and a life long resident of Peterborough. He was married on Wednesday, September 2, 1858 at Rushville, NY. and his wife has been a resident of this city since her marriage. Both Mr and Mrs. Cobb are in excellent health and bear none of the traces of old age or feebleness.

Mr. and Mrs. Cobb were the recipients of hearty congratulations and best wishes for many more years of happy wedded life in which the Review joins.

Mrs. Cobb was presented with a handsome gold brooch from her neighbors.

ORILLIA WILL OBJECT TO NEW LINE GOING THROUGH THE PARK AT THAT PLACE

The Orillia Times says;

A party of surveyors composed of Messrs. H. Killaly, O.B. Phillips, W.J. McAllister, James Hyndman, Geo. A. Browne, A.F. Ramsberger, C.D. Norton and K. M. Evans arrived in Orillia on Friday from Peterborough. They have been busy since surveying along the lake front.

Mr. Killaly is superintendent of the party. Asked as to the object of the survey he replied;

"You would like to get the information I have to give? Well my business is to keep my mouth shut."

It seems a very harmless sort of business to put a man in such a humor. The heat probably had something to do with it. Anyway, Killaly is evidently an excellent servant.

However, it seems that the party is making a final survey of the route from Coldwater to Peterborough. Mr. Darling, Divisional Engineer, was in town last week looking the ground, and this week purchase was made by the C.P.R. of the property alongt heir right of way on this side of the narrows. The surveyed route is through the western end of the park, but the town council has the assurance of the Railway Commission that no part of park can be used for such a purpose. An invitation has been sent this week to the Railway Board, asking that they visit Orillia at an early date.

HOUSE ENTERED NEAR NASSAU

Burglars Stole Large Quantity of Honey Last Night

The residence of Mr. Geo. Harvey, near Nassau, was entered last night and a large quantity of honey was stolen from the cellar. Mr. Harvey and family was away from the house at the time. The entrance was made through a window, the burglar having smashed the pane of glass.

Mr. Harvey has his suspicions who the guilty parties are. The house was ransacked but little besides the honey was taken. Mr. Harvey was in the city to-day and laid the matter before County Constable Cochrane.

Mr. Richard Childs Left for Native Land Last Night

Mr. Richard Childs, local C. P. R. yard engineer, left last night on a trip to the Old Country, where he will visit relatives. It is many years since Mr. Childs saw his native land and his friends there and he was looking forward to the visit with much pleasure.

THE SCOTSMEN ARE NOT COMING

Agriculturists From Auld Scotia Not to Visit Peterborough

The Scottish Agriculturists, who have been touring Ontario, will not visit Peterborough. They have left for the west and will return by a route that will not bring them near this city. Mayor Rush took up the matter of having them visit here with the Department of Agriculture at Ottawa, but it was learned that their route had been mapped out by the department at Ottawa some time ago and it could not be changed.

GRADUATING NURSES WERE HONORED WITH RECEPTION AND GIVEN THEIR DIPLOMAS

Annual Exercises of Graduating Class of Nicholls Hospital Training School—Addresses and Interesting Program —Brilliant Affair at Conservatory Music Hall

GRADUATING CLASS, 1908

Flora McLean Allan,
Helene L. Hay,
Frances E. Boswell,
Matilda M. Dockrill,
Helen M. R. Clendenning.

That interesting annual function in connection with the Nicholls Hospital Training School for Nurses, the graduating exercises, was observed last night in the Conservatory of Music Hall, the members of the class being those whose names appear at the beginning of the column.

The occasion is always a brilliant one and the affair last night was one of the most successful and pleasing in the history of the hospital.

After three years studious application the five young graduates had passed with honor standing in the difficult examinations prepared for them. It was most fitting that their entrance into the active practising of their chosen calling which is a most elevated and noble one, should be marked in a way that bestowed much honor upon them and the evidence of the appreciation and interest that the directors, the medical staff, the speaker chosen to represent the clergymen of Peterborough, to say nothing of the class' numerous personal friends and the others of the audience assembled, must have been gratifying and encouraging to the young ladies who are commencing on the work for which they have been so ably fitted by their study and practice at the Nicholls Hospital Training School. And in speaking of their instruction it would be well to say an appreciative word for Miss F. E. De La Mater, the capable and untiring superintendent. Her efforts on behalf of the class have been indefatigable and well directed and in the reading of the valedictory by Miss F. McL. Allan, the warmest gratitude towards her was voiced.

The windows of the hall and the platform were appropriately adorned for the occasion and the platform looked particularly attractive in a setting of palms.

MR. HALL'S ADDRESS.

Mr. Richard Hall, chairman of the Hospital Board, presided during the evening and was the first speaker.

He thanked the audience for their attendance and stated he did not wish to take up much time in making his remarks.

"Nicholls Hospital," he said, "is growing year by year in the favor of the people, under the superintendency of Miss De La Mater."

Only one thing was lacking, he said, and that was a sufficient number of private wards. These, however, would be had in time. Mr. Hall spoke of the pleasant nature of the occasion and congratulated the graduates.

Miss Helen Davies, Peterborough's gifted soprano, followed with a solo sung in sweet voice and with graceful expression. Mr. John Crane acted as accompanist.

REV. R. A. POGUE.

Rev. R. A. Pogue, pastor of St. Paul's, said he esteemed it a privilege to speak to the graduating classes. He stated that the scriptural mandate, we should "lay hands on no man suddenly," in getting him to give his address this had apparently not been borne in mind. He had come on very short notice, but was much pleased in having the opportunity to say a few words to the graduating nurses. Mr. Pogue's remarks were interspersed with several bright sayings and while the general trend of his address was naturally of a serious character, he kept his listeners cheerful by his ready wit.

He said he had met many trained nurses during his career as pastor and spoke of the Christian character of the work. Hospitals were in a sense the earliest and mellowest fruits of the Christian religion.

By using an effective little story as an illustration the speaker showed that the hand that is most beautiful to God is the hand that ministers to the physical and material needs of those in need. He told of the high nature of the career upon which they were embarking. There were two dangers by which the graduates were confronted. One was the danger of regarding their profession as a means of livelihood rather than of service. The other was the danger of forgetting the things of the spirit.

If there are two classes in the community who ought to be spiritual to the very core of their being they are doctors and nurses, even more so than ministers.

At the conclusion of Mr. Pogue's remarks Miss Katie Leary rendered a piano selection that met with much applause.

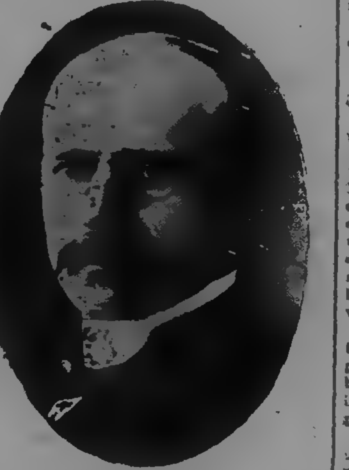
NICHOLLS HOSPITAL
Widely known throughout the Province as a Training School for Nurses

Dr. T. N. Greer, who was the next speaker, said he was very glad to have the opportunity of paying tribute to the nurses of the graduating class. He dwelt on the thoroughness of their training and of their being very competent when they entered upon their life work. Under Miss De La Mater they had received an excellent training. Nicholls' Hospital was one of the best smaller hospitals and training schools in the Province.

Dr. Greer gave some helpful and practical advice on the life work of a nurse. The first duty is to her patient and not to herself. He advocated the proper amount of rest and an essential thing was loyalty to the doctor in charge.

"Always remember that you are a nurse and not a physician."

He spoke at some length and his words were sympathetic and helpful.



DR. T. N. GREER
Who Delivered the Address to Nurses.

Miss Helen Davies again favored the audience, singing in captivating style "Loch Lomond."

BANDAGING AWARD

The prize for the bandaging contest was then given the skilful nurse who showed most proficiency in this department of hospital work, Miss Clendenning. Dr. Malcolm McCulloch made the presentation, preceding it with a few interesting remarks in which he explained the important nature of the work. He told of the virtue of science in a nurse and quoted Sir Wm. Osler's address on this point. He spoke of the splendid work of Nicholls Hospital as a self-supporting institution.

Those present offered their general congratulations to Miss Clendenning by applauding loudly.

Miss Collins and Miss Gladys Seward gave a brilliant piano duet in which both musicians showed brilliancy of technique and excellent gifts of interpretation.

CHARGE TO NURSES.

There was quite an expression of enthusiasm when the five young ladies of the graduating class stood before Dr. Caldwell who was selected to read the "charge to the nurses." More solemn and impressive than anything else during the evening else was the taking of the vow by the nurses to faithfully perform the tasks required of them in the discharge of their duties. Dr. Caldwell read the charge and they repeated it after him.

REV. R. A. POGUE
Who Addressed the Nurses at Graduating Exercises Last Night at Conservatory Music Hall.

The climax of the occasion was reached when the chairman handed each nurse her diploma and medal. As this was done those honored were given a decided ovation by the audience.

MISS DE LA MATER'S SPEECH.

Miss De La Mater, the lady superintendent of Nicholls Hospital expressed her gratitude to the large audience for their presence. She referred to the untiring courtesy and judicious efforts of the physicians and told the nurses of the high objects they should strive for in doing the work of their profession. The superintendent's address was very nicely worded and was greeted with enthusiastic applause in which the nurses who had had much able tuition from her, showed to no small extent.

THE VALEDICTORY.

The valedictory was read by Miss Allan. It was as follows:

Mr. Chairman, Ladies and Gentlemen:

Once more the hour has arrived when the graduating nurses of the Nicholls Hospital have the pleasure of meeting the Board of Managers of the Hospital, the medical staff, the superintendent and her assistant, the sister nurses, and those citizens of Peterborough who have so kindly shown their interest in this well known institution.

We wish to express our thanks to those of you who have watched our progress throughout our training and by your care, foresight and teaching have made our present success possible.

To the Board of Managers we are indebted for their thoughtful kindness which has conduced to our comfort during our course of training. Everything possible has been done to make our surroundings pleasant, and our interests have been closely studied in every way.

The medical and surgical doctors on the staff deserve and are given our heartfelt thanks for their consistent help and guidance, both by precept and example. We have been, indeed, fortunate in having had the privilege of attending a series of lectures which have been of untold value to us in our study of the theory and practice of nursing.

To Miss De La Mater, the lady superintendent of the Hospital, we wish to express our gratitude for the help given us. We have found in her an earnest teacher, a kind adviser and a sympathetic friend. Her enthusiasm and lofty aims have always been a great stimulus to us. We go forth with joy to the work that is before us knowing that we have a firm foundation and that our training has been most complete.

To the late assistant, Miss Helen Coleman and to our present assistant we are indeed grateful for their help and sympathy in times of

To our sister nurses who are left to carry on our work we extend our hearty good wishes for their success in carrying on their various duties.

We appreciate the many friends who have granted us so much indulgence and have expressed their good will toward us in so many ways and who by their co-operation and assistance have done so much to make our work more pleasant.

As for my comrades, we have come to the parting of the ways. Behind us lies our course of training with its varied experiences, its lights and shadows, its periods of depression and exhilaration, of failures and successes. Yet through it all we have made a steady progress and in spite of the many obstacles we have reached the goal tonight. Before us is the dim unknown into which we are stretching our groping hands to clutch the next rung of the ladder of success. Our paths have been side by side for three years but now we are separating, each going her individual way but united in a common bond of deep thankfulness for the influences which have helped us onward and forward during our period of training, and with a strong sense of the sacred nature of our calling and with faith and hope for our success in the future in the cause of God and humanity.

So again we bid good-bye to our Alma Mater and to the many associations that have been most delightful; to relationships that have been cemented in the presence of the fiery trials of suffering and bereavement.

"Like as a plank of driftwood,
Tossed on the watery main
Another plank encounters, meets,
touches, parts again;
So 'tis with us. Forever,
On life's ever restless sea,
We meet, we greet, we sever,
Drifting eternally."

The graduates were then presented with many bouquets of flowers from their friends by little Miss Dorothy Hill. So profuse were the bouquets that they became a veritable bank, each graduate being given several.

"God Save the King," brought the evening to a close.
